

This Academic Affairs Master Calendar outlines the dates of important processes, meetings, and events in Academic Affairs. It is meant to assist the campus in planning for 2011-2012.

Special sections provide information about groups and committees, their compositions, and their meeting days/times/locations. You are welcome to attend open meetings and to contact the convener or facilitator if you have ideas or concerns to share with a group.

Dates for courses, grades, personnel actions, catalog development, and other processes are noted in this calendar; however, because many events and activities are added through the academic year, this booklet is by no means comprehensive. Please check the online Events Calendar and *Campus Report* for updated information and details. Announcements about upcoming events of interest to the campus community are also sent through the Academic Affairs News listserv.

Best wishes for a successful academic year!
