

**SUNY FREDONIA**  
**Proposed 2007-2008 Budget**  
**State University Tuition Reimbursable Account (SUTRA)**

**Overview**

The State University Tuition Reimbursable Account (SUTRA) includes four separate credit-bearing income fund reimbursable types of activities. They include the following:

Summer Session  
Overseas Academic Programs  
Contract Courses  
Academic Year (Fall/Spring/J-Term) Overflow Enrollment

The 2007-2008 SUTRA budget totals \$1,900,000, which is the same total budget as last year. However, individual accounts have been adjusted to more accurately reflect the activity within the SUTRA accounts based on prior years activity. Funds have also been allocated within this area for potential campus tuition over enrollment funds and \$327,000 has been budgeted for scholarships from over enrollment funds. This represents a \$51,500 increase (18.7%) over the 2006-2007 funding for scholarships.
