

## Converting ANGEL Quizzes to Assessments

Starting in version 7.4, ANGEL will no longer support the content item Quizzes. Quizzes are being replaced by a similar and more powerful tool called Assessment. If you would like to continue to use Quizzes created in previous versions they will need to be converted to Assessments. There are two ways to convert Quizzes to Assessments.

|                 |   |

| Quiz Icon       |  |
| Assessment Icon |  |

### Converting Quizzes to Assessments during the Course Copy Procedure

If you copy your course from semester to semester you can have your Quizzes converted at that time.

1. To copy a course, go to the new, empty course
2. Go to the Manage tab and click on the Import Wizard link
3. Click on Copy Course
4. Select the course to make a copy
5. Make sure that Migrate Quizzes to Assessments is checked
6. Press Import
7. Press OK when asked if you would like to create backups of quizzes before migrating to Assessments.

You will see copies of the original quizzes in the new course, but these quizzes will not be usable in ANGEL 7.4. Locate the newly converted Assessments to use in your course.

For more details on Course Copy go to [http://www.fredonia.edu/angel/Guides/Copy\\_Course.pdf](http://www.fredonia.edu/angel/Guides/Copy_Course.pdf)

### Converting Quizzes One at a Time Using the Utilities Menu

1. Locate the Quiz on your Lesson tab.
2. Hover over the Quiz name and then click on the Utilities link
3. In the Utilities menu choose Convert Quiz to Assessment
4. You will then be asked "Copy this quiz to new assessment?" press OK
5. You will see the new assessment at the top of the list on the Lessons tab
