“A Sustainable Taste of Fredonia”

BARKER COMMONS

In collaboration with the Student Radio Station event “Rockin’ the Commons” (which is to raise money for cancer research). The event will feature local and organically grown food, served on fully compostable dinnerware, prepared by local restaurants including: The Brick Room, EBC, Eastside Grill, Hook & Ladder & Rocco’s. This is a 100% “Trash-Free” event. “You Don’t Have to Eat Grass to be Green.”

SPECIAL EVENT

Friday, April 25

“A Night with Ralph Nader”

KING CONCERT HALL
ROCKEFELLER ARTS CENTER

For a self-described “public citizen,” Ralph Nader has achieved a phenomenal level of national prominence. Nader has devoted his life to giving ordinary people the tools they need to defend themselves against corporate negligence and government indifference.

First and foremost an advocate, Nader began his extraordinary 30-year legacy with his battle against the auto industry which resulted in life-saving motor vehicle safety legislation.

Nader helped create the Occupational Safety and Health Administration, the Environmental Protection Agency, and the Consumer Product Safety Commission. Among his victories are seat belts, air bags, crash-worthy cars, better labeling on food, lower levels of lead in the environment, smoking awareness, and healthier eating habits.

Recently the subject of the critically acclaimed documentary, *An Unreasonable Man*, he has also written his introspective book, *The Seventeen Traditions* about the earliest days of his own life, where he revisits seventeen key traditions he absorbed from his parents, his siblings, and the people in his community, and draws from them inspiring lessons for today’s society.

Join us for “A Night with Nader” in which he will present a talk entitled, “Who is Eclipsing Solar Energy and Energy Efficient Technologies and What Can We Do About It?” as a preface to an engaged question and answer period. The night will conclude with a book-signing event to be held in the adjacent Art Gallery Lobby. General admission tickets for this special event are \$15. A limited number of student tickets are available at a reduced cost of \$5.

FREE EVENT

Saturday, April 26
