

Recycling

SUSTAINABILITY WORDS OF WISDOM.....Recycling is everyone's responsibility, so please remember to:

**Reduce
Reuse
Recycle**

FOR MORE INFORMATION VISIT THE GO GREEN WEBSITE
<http://www.fredonia.edu/gogreen>
where you will find data on these topics:

- What Can Be Recycled
- Paper Recycling
- Recycling Conservation
- I'm Only Sleeping
- Personal Carbon Audit
- LEED Certification
- High Efficiency Light

LOOK FOR RECYCLING CENTERS IN LOBBIES, CAFÉ AREAS, AND LOADING DOCKS OF MOST CAMPUS BUILDINGS.

DO YOUR PART TO HELP ACHIEVE A SUSTAINABLE FUTURE.

DID YOU KNOW ????

*To produce each week's Sunday newspapers, 500,000 trees must be cut down.

* If all our newspaper was recycled, we could save about 250,000,000 trees each year!

*By recycling one ton (2,000 lbs.) of paper, we save: 17 trees; 6,953 gallons of water; 463 gallons of oil; 587 pounds of air pollution; 3.06 cubic yards of landfill space and 4,077 Kilowatt hours of energy.

* More than 1.5 billion barrels of oil are used each year just to produce plastic water bottles.

*Americans use 2,500,000 plastic bottles every hour! Most of them are thrown away!

* Plastic bags and other plastic garbage thrown into the ocean kill as many as 1,000,000 sea creatures every year!

*Half of all polyester carpet manufactured in the US is made from recycled soda bottles.

* Once an aluminum can is recycled, it can be part of a new can within six weeks.

*Recycling aluminum saves about 95% of the energy it would take to produce aluminum from its original source, bauxite.
