

Placing an InterLibrary Loan via WorldCat:

Step One: Select WorldCat from the Library's homepage:

The screenshot shows the Daniel A. Reed Library homepage. On the left, a navigation menu lists various services, with 'Interlibrary Loan' highlighted by a red arrow. The main content area features a search box and a yellow box titled 'Search other catalogs:' which lists 'WorldCat', 'SUNY Union Catalog', and 'IDS Libraries'. The right sidebar contains sections for 'NEWS OF NOTE' and 'New Database for your Research:'.

Step Two: Conduct a search for the item you are looking for, or, a topic you are researching:

The screenshot shows the WorldCat search interface. The search criteria are: 'grand design' in the Title field, 'hawking' in the Author field, and an empty field in the Keyword field. The search results are limited to 'No Limit' for language and 'All' for the number of libraries.

Step Three: Click on the title you are interested in placing an InterLibrary loan request for:

The screenshot shows the WorldCat search results page. The first result, 'The grand design /', is highlighted with a red arrow. The results list includes author information, publication details, and the number of libraries worldwide that have the item.

Along with Caltech physicist Mlodinow (*The Drunkard's Walk*), University of Cambridge cosmologist Hawking (*A Brief History of Time*) deftly mix three key questions-- Why is there something rather than nothing? Why do we exist? Why this particular set of laws and not some other?-- and approaching what is called "M-theory," a collection of overlapping theories (including string theory) that fill in many (but not all) the blank spots in
