The SUNY Model European Union (SUNYMEU) is an annual simulation of the European Union organized by the Institute for European Union Studies at SUNY (IEUSS), the host campus (SUNY Fredonia), and the SUNYMEU Council (comprised of representatives from all participating SUNY campuses).

### PURPOSE:

The primary purpose of SUNYMEU is to provide a framework for a simulation of a major EU issue.

It is expected that 150 students, drawn from universities in North America and Europe, will participate in the simulation. All students are assigned roles, including heads and ministers of national EU member state governments, the European Commission, the Council of Ministers, and the press. Students prepare for the simulation at their own universities, with the help of faculty advisers and guidance that is provided through the SUNYMEU website, Angel course management site, and the annual SUNYMEU Manual ("blue book"). Researching the simulation topic and the assigned roles constitutes an important part of all students' preparatory work. The simulations themselves are held over a period of three days, with the venue alternating between the US and Europe.

## Anticipated Costs

Activity	Cost (USD)
Simulation Registration.....	\$125
Includes conference participation, opening and closing banquet, Friday and Saturday lunch, Sunday brunch, snack breaks, and registration materials.	
Lodging (Single/night).....	\$63
