

“Severely time-shortened courses shall require the review and approval of ~~both~~ the Department/Program Curriculum Committee, the Department Chair/Program Coordinator, and the appropriate Dean prior to being taught. This process will include a side-by-side examination of syllabi for the course in its 15-week and proposed time-shortened formats. Once a course is approved for a severely time-shortened format, the Dean will notify the Coordinator of J-Term and the Senate’s Academic Affairs Committee.”
