Information

CollegeSource digital catalogs are derivative works owned and copyrighted by CollegeSource, Inc. and Career Guidance Foundation. Catalog content is owned and copyrighted by the appropriate school.

While CollegeSource, Inc. and Career Guidance Foundation provides information as a service to the public, copyright is retained on all digital catalogs.

This means you may NOT:

- distribute the digital catalog files to others,
- “mirror” or include this material on an Internet (or Intranet) server, or
- modify or re-use digital files without the express written consent of CollegeSource, Inc. and Career Guidance Foundation and the appropriate school.

You may:

- print copies of the information for your own personal use,
- store the files on your own computer for personal use only, or
- reference this material from your own documents.

CollegeSource, Inc. and Career Guidance Foundation reserves the right to revoke such authorization at any time, and any such use shall be discontinued immediately upon written notice from CollegeSource, Inc. and Career Guidance Foundation.

Disclaimer

CollegeSource digital catalogs are converted from either the original printed catalog or electronic media supplied by each school. Although every attempt is made to ensure accurate conversion of data, CollegeSource, Inc. and Career Guidance Foundation and the schools which provide the data do not guarantee that this information is accurate or correct. The information provided should be used only as reference and planning tools. Final decisions should be based and confirmed on data received directly from each school.
SUNY Fredonia Mission Statement

The State University of New York at Fredonia, a comprehensive institution of higher education, declares as its mission:

To offer programs at the baccalaureate and master’s degree levels – within and across the disciplines that comprise the liberal arts and sciences and in certain professional and applied fields – consistent with the university’s existing strengths, its participation in the SUNY system, and the contemporary and future needs of a changing society; and to affirm the centrality, in this enterprise, of a general education in the arts, humanities, and sciences.

To encourage teaching and learning in formal and informal settings on and off campus, as well as through field experiences, student support programs, services and activities, and advising and counseling.

To promote involvement in the scholarly and creative enterprise by recognizing and supporting a broad range of intellectual activity; basic research and artistic creation; understanding, synthesis, and interpretation of existing knowledge and art; sponsored projects; and research that seeks to improve methods of teaching and learning. The university values and supports scholarly activity that directly involves students in the creative process and recognizes that the patterns of knowledge at the frontiers of research increasingly cross disciplinary boundaries.

To contribute to the intellectual, social, and emotional development of students by preserving the quality of campus life beyond the classroom and laboratory, by insuring a rich variety of experiences within a congenial residential atmosphere and an engaging physical environment, and by encouraging a supportive sense of community.

To develop and support service to individuals and organizations beyond the campus by opening the university’s extensive educational, recreational, and cultural facilities to the community; by providing opportunities to attend lectures, athletic, and cultural events, by operating programs and clinics in association with specialized instructional programs, and by encouraging faculty and staff to contribute their expertise to the variety of community-based endeavors for which it may be of value.

To commit the university to education that provides an awareness of global interdependence and cultural diversity through its curricular and co-curricular activities. Through active recruitment of students, faculty, and staff from underrepresented populations and the inclusion of this diversity in its programs, the university seeks to provide its students with the academic and personal richness afforded by exposure to such pluralistic perspectives.

To draw upon and contribute to the academic resources of the State University of New York and, in the context of excellence, to further SUNY’s mission of providing accessible higher education to the diverse citizenry of New York State which the university serves.

Information in this Undergraduate Catalog is accurate as of January 1, 2005. However, all information is subject to change. Updated information may be obtained from the Office of Admissions, State University of New York at Fredonia, Fredonia, NY 14063.

The university reserves the right to cancel any course for which the enrollment is deemed insufficient or for other administrative reasons. The university also reserves the right to change faculty assignments and therefore cannot guarantee students the faculty of their choice.

The State University of New York at Fredonia Undergraduate Catalog is published by the Office of Publication Services. The university also publishes a separate Graduate Catalog.

SUNY Fredonia fully subscribes to the Non-discrimination Policy of the State University of New York.

The State University of New York, in accordance with applicable federal and state laws, does not discriminate on the basis of race, sex, ethnicity, national origin, religion, age, disability, marital status, sexual orientation, and arrest and/or conviction record. Further, in accordance with the Vietnam Era Veterans’ Readjustment Assistance Acts, disabled and Vietnam Era veterans are ensured of non-discriminatory treatment.

Any violations of the university’s non-discrimination policy should be reported to the Director of Affirmative Action, 143 Fenton Hall, (716) 673-3358.

A SUNY-wide grievance procedure is available to all students and employees in cases of discrimination. A person who feels he/she has been a victim of discrimination for any of the above reasons, should feel free to contact the Director. Persons who wish to initiate such a grievance or complaint should also feel free to bring a friend or advisor with them.

Accreditation

The State University of New York at Fredonia is fully accredited by:

The Board of Regents of the State University of New York.

The Commission on Higher Education of the Middle States Association of Colleges and Schools, 3624 Market St., Philadelphia, PA 19124, Tel. (215) 662-5606. The Commission on Higher Education is an institutional accrediting agency recognized by the U.S. Secretary of Education and the Commission on Recognition of Postsecondary Education.

The university’s Accounting and Business Administration programs are accredited by the International Assembly for Collegiate Business Education, P.O. Box 25217, Overland Park, KS 66225, Tel. (913) 631-3009.

The College of Education has received national accreditation from the National Council for Accreditation of Teacher Education (NCATE), 2010 Massachusetts Ave. NW, Suite 500, Washington, D.C. 20036, Tel. (202) 466-7496.

The School of Music has received accreditation from the National Association of Schools of Music, 11250 Roger Bacon Drive, Suite 21, Reston, VA 20190, Tel. (730) 437-0700.
SUNY Fredonia’s graduate program in Speech-Pathology is accredited by the Council on Academic Accreditation of the American Speech-Language-Hearing Association, 10801 Rockville Pike, Rockville, MD, 20852, Tel. (301) 897-5700. They are also licensure qualified by the New York State Education Department.

The university is also on the approved list of the American Chemical Society. Its A.C.S. Approved Track in Chemistry is reviewed annually by the A.C.S. Committee on Professional Training.

The Department of Theatre and Dance is an Accredited Institutional Member of the National Association of Schools of Theatre and adheres to the standards set forth by NAST. The National Association of Schools of Theatre is located at 11250 Roger Bacon Drive, Suite 21, Reston, VA, 20190, Tel. (703) 437-0700.

**Undergraduate Studies**

The next section lists the Undergraduate departments, majors and minors. Students should check the *Course Offerings Bulletin* available during the pre-registration period each semester for an accurate list of proposed course offerings.

Course outlines, including general requirements, format of courses, and grading procedures, are available in department offices.

While the university guarantees each accepted student a full schedule of courses each semester pertinent to his/her academic objectives and in partial fulfillment of degree requirements, it cannot assure a desired time schedule, a preferred instructor, or a given course.
AFRICAN AMERICAN STUDIES

(Interdisciplinary Studies minor only)
Office: 239 Fenton Hall
(716) 673-3128
E-mail: AfricanAmerican.Studies@fredonia.edu
Saundra Liggins, Coordinator

The African American Studies minor provides an interdisciplinary investigation of the origins, experiences, conditions, accomplishments, and contributions of people of African ancestry in the Americas. The program is designed for all students who want to deepen their understanding of African Americans by studying their earlier history in Africa, their transition to the New World, and the diasporic experiences in the Americas. The program also seeks to promote new ways of thinking about race, culture and social representation from different perspectives – notably, historical, literary, sociological, anthropological, psychological and artistic.

Required Course: (3 credit hours)

INDS 220/300/399 Introduction to Ethnicity and Race 3

Core Courses: (9 credit hours)

INDS 106 Introduction to African American Studies 3
HIST 333 African American History to 1877 3
HIST 334 African American History since 1877 3
ENGL 240/242 Intro. to African American Literature and Culture 3

Electives: (6 credit hours - two courses; one in each of two disciplines; must not include a course that has been used for core course credit)

AMST 210 American Popular and Mass Cultures (with approval of coordinator) 3
ANTH 322 Anthropology of Africa 3
ANTH 324 Anthropology of the Caribbean 3

INDS 402 Independent Study: African American Studies 3
INDS 491 Internship: African American Organization 3

AMERICAN INDIAN STUDIES

(Interdisciplinary Studies minor only)
Office: 269 Fenton Hall
(716) 673-3850
E-mail: AmericanIndian.Studies@fredonia.edu
James Stevens, Coordinator

The American Indian Studies minor provides an interdisciplinary study of the anthropological, historical, cultural, educational and political developments that have formed present-day Native America. The program is designed for students with the desire to better understand American Indian and Alaskan Native cultures by studying pre-contact history via oral tradition, post-European contact via biography, and present day “Indian Country” through federal policies, films, and literature. American Indian ethnic identities and stereotypes, as formed by these media, will be studied to promote new ways of thinking about race and culture. The multi-disciplinary nature of the minor allows for participation from students of all backgrounds in developing a new view of American Indian cultures while helping to dispel the Pan-Indian stereotype endemic in the American education system.

Required: 21 credit hours from the following, beginning with Introduction to Ethnicity and Race (HIST 220). Students declaring a minor may use past courses retroactively after consultation with the coordinator.

Required Course: (3 credit hours)

INDS 220/242/300/399 Intro. to Ethnicity and Race 3
HIST 220 Race 3

Core Courses: (9 credit hours)

INDS 105 Introduction to American Indian Studies 3

Minors must take one course in both Literature and History.

Literature:
ENGL 242/299/399 Introduction to African American Topics 3
INDS 242 Indian Literature 3
American Studies is an interdisciplinary field of study that examines the historical development and contemporary status of American cultures, including those of the American hemisphere. The American Studies major and minor programs are designed to provide students with an in-depth understanding of the multiplicity of American cultures and to serve as a useful preparation for careers in such fields as business, advertising, public relations, government service, law, journalism, television, and education. This is an Interdisciplinary Studies major program; for specific degree requirements unique to Interdisciplinary Studies, refer to page 40.

Requirements for the Major in American Studies

1. AMST 202 Introduction to American Studies (3 credit hours)

2. Nine credit hours in exploratory and preparatory courses selected from:

   AMST 210 American Popular and Mass Cultures
   AMST 215 Holidays and American Culture
   AMST 289 Comparative North America
   AMST 296 American Identities
   AMST 338 Nineteenth Century American Culture
   AMST 340 Twentieth Century American Culture
   AMST 347 United States Immigration
   COMM 102 Mass Media and Society
   HIST 105 United States History I & II
   or 106
   HIST 133 American Cultures
   POLI 120 American Politics
   POLI 150 U.S. and World Affairs
   or other courses as advised.

3. Twenty-four credit hours of special topics courses in one of the three concentrations listed below. Courses should come from at least two disciplines, and no more than 12 credit hours can be taken from any one department. Additionally, no more than 9 credit hours may be taken at the 200-level.

4. Three credit hours in capstone project or seminar. Students may choose either AMST 400, AMST 401, or AMST 402 to fulfill this option.

Total Credits in Major: 39

Concentrations for the American Studies Major

A. U.S. Cultures

Students choosing this concentration are encouraged to take at least three courses with an explicitly multi-ethnic focus.

   AMST 399 Special Topics
   ANTH 331 Anthropology of American Utopias
   ART 251 Art and Reality in Nineteenth Century America

- ENGL 240 | African American Literature and Culture
- ENGL 242 | American Indian Literature
- ENGL 340 | Black Women Writers
- ENGL 341 | Harlem Renaissance
- ENGL 342 | African American Autobiography
- ENGL 344 | Contemporary Multicultural Literature
- HIST 220 | Introduction to Race and Ethnicity
- HIST 344 | African American Social Thought
- HIST 356 | The American Indian
- HIST 357 | Indians and Europeans in Early America
- HIST 358 | Twentieth Century American Indian Issues
- IND 105 | Introduction to American Indian Studies
- IND 106 | Introduction to African American Studies
- IND 241 | Introduction to Latino/a Literature and Culture
- IND 304 | Latina Literary and Cultural Studies
- POLI 150 | U.S. and World Affairs
- POLI 356 | U.S. Foreign Policy
- SOC 316 | Minority Groups
- WOST 203 | Chicana Writers/Visual Artists

**C. Self-Directed Study**

In consultation with the coordinator of American Studies, students may choose a special topic for interdisciplinary study that, unlike concentration A and B, is not based on geographical location. For example, a student may select courses organized by specific time periods, such as pre-modern, modern, and postmodern. Students should see the coordinator for a pre-approved list of regularly offered courses.

**Requirements for the Minor in American Studies**

1. AMST 202 | Introduction to American Studies (3 credit hours)
2. An additional 15 credit hours from the following or from an extensive list of other courses, which is available from the program director:
   - AMST 210 | American Popular and Mass Cultures
   - AMST 215 | Holidays and American Culture
   - AMST 289 | Comparative North America

**ARTS ADMINISTRATION**

Office: G-15 Michael C. Rockefeller Arts Center
(716) 673-3217
E-mail: Arts.Administration@fredonia.edu

**Jefferson Westwood, Coordinator**

The world of the performing and visual arts needs not only talented, creative artists; it also needs skilled and perceptive administrators and managers. Seeking to fill this need, the major in Arts Administration prepares students for entry level work with organizations such as symphony orchestras, arts centers and museums as well as opera, theater and dance companies. The major in Arts Administration combines courses from a variety of departments and includes practica and internship experiences that may range from 3 to 15 credit hours. In addition, to ensure an in-depth understanding of at least one arts discipline, each Arts Administration major is strongly encouraged to complete a minor in music, theater, art or dance.

The Arts Administration major is closely allied with the university’s Michael C. Rockefeller Arts Center, a three-theater, two-gallery complex that offers extensive internship and employment opportunities for qualified students. Through a combination of the academic course work, internships and the extracurricular opportunities available on campus, students become qualified to work in such areas as marketing, fund raising, operations, and general arts management. A number of students have also gone on to successfully pursue graduate study in the field. This is an interdisciplinary major program; for specific degree requirements unique to Interdisciplinary Studies, students should refer to page 40.
Courses in the Major:

**Business and Accounting**
- BUAD 161 Information Technology Literacy or 3
- CSIT 104 Introduction to Microcomputer Software or 3
- ACCT 201 Principles of Accounting I 3
- BUAD 235 Business Communication 3
- BUAD 310 Legal Environment of Business or 3
- ACCT 311 Business Law I 3
- BUAD 321 Management/ Organizational Behavior 3

**Statistics**
- any one course in statistics from the following list:
  - BUAD 200 Fundamentals of Statistics for Business and Economics 3
  - SOC 200 Statistics for Sociologists 3
  - PSY 200 Statistics 3

**Communication/Psychology**
- One of the following 9-credit-hour, three course sequences:
  - COMM 101 Fundamentals of Communication 3
  - COMM 221 Interpersonal Communication 3
  - COMM 301 Group Communication or 3
  - PSY 129 Introduction to Psychology 3
  - PSY 245 Social Psychology 3
  - PSY 355 Group Dynamics or 3
  - SOC 116 Introductory Sociology 3
  - SOC 204 Social Psychology 3
  - PSY 355 Group Dynamics 3

**Journalism/Public Relations**
- One of the following 9-credit-hour, three-course sequences:
  - JOUR 270 Intro. to Print and Broadcast Journalism 3
  - JOUR 370 Reporting and Newspaper Writing I 3
  - JOUR 371 Reporting and Newspaper Writing II or 3
  - COMM 222 Principles of Public Relations 3
  - COMM 322 Public Relations Writing 3
  - COMM 344 Public Relations Case Analysis

**Philosophy**
- PHIL 310 Business Ethics 3
- PHIL 270 Philosophy of the Arts or one philosophy course at the 200 level or higher as advised

**Arts Administration**
- AADM 400 Arts Administration Practicum (or ART 472 Gallery Practicum) 3-6
- AADM 490 Arts Administration Internship 0-15
- Total Credits in Major: 42-54

**Requirements for the Minor in Arts Administration**
The minor combines courses from business, accounting, communication, English, philosophy, and arts administration to equip students with some of the basic knowledge and skills they will need for entry-level work with orchestras, theaters, dance companies, and similar organizations. See also the description of the major in Arts Administration. The minor is recommended for students majoring in music, theater, or art who wish to gain a better understanding of the business aspects of their discipline.

Courses in the Minor

**Business and Accounting**
- ACCT 201 Principles of Accounting I 3
- BUAD 161 Information Technology Literacy or 3
- equivalent approved by Arts Administration Coordinator such as
- CSIT 104 Introduction to Microcomputer Software

**Communication/Psychology**
- COMM 235 Business Communication (or BUAD 235 Intro. to Business Communication) 3

**JOURNALISM**
- JOUR 270 Introduction to Print and Broadcast Journalism 3

**Philosophy**
- PHIL 310 Business Ethics 3

**Arts Administration**
- AADM 400 Arts Administration Practicum (or ART 472 Gallery Practicum) 3-6
- AADM 490 Arts Administration Internship 0-15
- Total Credits in the Minor: 18

**BIOCHEMISTRY**

Office: 204 Houghton Hall
(716) 673-3287
E-mail: Matthew.Fountain@fredonia.edu

Matthew A. Fountain, Coordinator

Biochemistry is at the core of modern science, enabling fundamental advances in medicine, agriculture, industry and basic science. Indeed, biochemists conduct some of the most exciting research in science today, and careers in biochemistry rank among the highest on almost every published list of “Best Careers.” Fredonia’s Bachelor of Science degree program in Biochemistry is administered jointly by the departments of Biology and Chemistry. With its emphasis on mastery of technical and analytical skills in biochemistry, Fredonia’s program is designed to prepare students for graduate school, medical school, or careers in biochemical research. It also provides a broad foundation in the liberal arts, enhancing graduates’ abilities to meet challenges in a shifting social climate. Fredonia’s program offers a unique flexibility in that students can choose between two tracks: one with a chemical emphasis for studying molecular structure and function, and one which enables students to apply a biochemical perspective to physiological problems. Course requirements of the degree program are listed below. Although not required, participation in undergraduate research in either biology or chemistry is encouraged.

Students who choose to double major in biology and biochemistry or chemistry and biochemistry must take the chemical track and biological track respectively. In addition, upper level electives cannot be counted for both majors.

For course descriptions, students should see the listings under the appropriate departments; biology, page 9, and chemistry, page 15.

Requirements for the Bachelor of Science Degree in Biochemistry

Core Program:
- BIOL 131 Principles of Biology I & Lab 4
- BIOL 133 Principles of Biology II & Lab 4
- CHEM 115 General Chemistry I and II 8
- CHEM 116 & CHEM 125-126 (Labs) 8
- CHEM 215 Organic Chemistry I and II 8
- CHEM 216 & CHEM 225-226 (Labs) 8
- BIOL 237 Genetics & Lab 4

**BIOLOGY**

(see also Medical Technology, Molecular Genetics, and Pre-Medicine)

**Office:** 203 Jewett Hall  
**Phone:** (716) 673-3282  
**Email:** Biology.Department@fredonia.edu  
**Theodore Lee, Chairperson**

The Department of Biology offers a strong and flexible program designed to meet the career goals of students with widely varied interests. Graduates of the program are well prepared to enter graduate school in many areas of biological science, or professional programs (such as medical, dental, veterinary, physician's assistant, etc.), become research technicians, secondary school teachers, or enter direct employment. To meet these varied interests, the department offers a wide variety of courses ranging from the molecular or physiological aspects of biology to ecology, field and environmental biology. Students interested in pre-medicine, pre-veterinary and pre-dental programs are strongly urged to register with the Biomedical Professions Council for individual advising about specific types of professional schools (see pages 64, 159). The department is also involved with two combined degree programs leading to professional degrees in dentistry and optometry. Further details of these programs are listed under Pre-Medicine (see page 64).

The Department of Biology offers Bachelor of Science degrees in Biology, Molecular Genetics (see page 50), Medical Technology (see page 48) and Biology-Adolescence Education (see page 10), as well as Master of Science degree programs to students who have already obtained a B.S. in Biology. The department also participates in the Biochemistry (see page 8), Cooperative Engineering (see page 28) and the Environmental Sciences (see page 32) programs.

**Adolescence Education**

Students who wish to teach biology may obtain initial certification by completing the Biology Adolescence Education program and the required courses in Professional Education (page 27). New York State mandates that Adolescence Education majors demonstrate competence in a foreign language. This requirement may be satisfied in any one of the following four ways: (1) completion of three years of high school language with a passing Regents score (passing = 65), or (2) completion of course work at the 116 level at Fredonia, or, (3) transfer two successful college semesters, or, (4) scoring at the 50th percentile or higher on the CLEP exam. The College Core Curriculum foreign language requirement differs from the certification requirement and must be satisfied for degree conferral.

The Department of Biology is particularly proud of its undergraduate research opportunities. Undergraduate students work closely with faculty members on original research projects (for example, see BIOL 440). Students annually present their research results at the university-wide Student Research and Creative Endeavors Exposition and at regional and national meetings. Students have been co-authors of papers published in scientific journals. A wide range of research projects is available in molecular or cellular biology, biochemistry, physiology, behavior, aquatic biology and ecology.

Summer Research Fellowships are sponsored in biology each summer. Each sophomore or junior awarded one of these prestigious fellowships will work on a specific project designed in collaboration with a faculty sponsor. These fellowships have been previously supported by the Constantine Barker Memorial Endowment, the Biology Endowment, the Holmberg Foundation, Merck/A.A.A.S. and the McNair Scholars program. Each award provides the student with a generous stipend and a supplies budget. For more information, interested students should contact a faculty sponsor in the department.

*must be approved by coordinator*
Many students also enjoy the activities of the student-run Biology Club that invites all biology students to join. The club organizes many activities including faculty seminars on graduate school applications, careers in the Biological Sciences, and participating in undergraduate research, as well as social activities.

Members of the biology department faculty are among the Fredonia faculty members that are honored recipients of the President’s Award for Excellence in Teaching.

BIOL 421 Biological Conservation 3
BIOL 431 Senior Seminar 1
Plus 9 additional credit hours of biology electives at the 300 to 400 level

Students should refer to the Adolescence Education section in the College of Education program for a description of the education requirements for this degree.

Additional education courses are listed on page 27. Students must also maintain a minimum 2.75 GPA overall and in the major to be admitted into the senior SCED 419 Secondary School Methods and EDU 430 Student Teaching in the Secondary School. Upon completion of this program the student will be recommended for the initial certificate to teach in N.Y. State public schools.

Bachelor of Science Degree in Medical Technology

For information on this program, see page 48.

Bachelor of Science Degree in Molecular Genetics

For information on this program, see page 50.

Requirements for the Minor in Biology

A total of 22 credit hours of biology including Principles of Biology I and II with labs (BIOL 131, 132, 133 and 134); either Biodiversity and General Ecology with labs (BIOL 243, 244, 330, 331) or Genetics and Biochemistry with labs (BIOL 237, 238, 333, 334) and 6 credit hours of biology courses at the 300 or 400 level (not including BIOL 440).

Note: Students electing BIOL 330 must have completed a minimum of 4 credit hours of chemistry, students electing BIOL 333 will be expected to have completed 16 credit hours of prerequisite chemistry courses.

Requirements for Transfer Credit: The degrees offered by the biology department require students complete between 33 and 40 credit hours of biology core and elective courses (Biology and Adolescence Education, 37 credits; Medical Technology, 33 credits; Molecular Genetics, 40 credits) chosen under the careful process of advisement. Students are expected to complete at least half of the biology courses at Fredonia. Additional credit hours transferred may be used as general electives toward graduation. Students wishing to minor in Biology must complete at least 9 credit hours of biology courses at Fredonia. As a rule the department will not accept as equivalent for upper level courses credit earned at two-year colleges.

Graduate programs are available in the department; for more information, see the separate Graduate Catalog or contact the Office of Graduate Studies at (716) 673-3808.

BUSINESS

Office: E336 Thompson Hall
(716) 673-4813
E-mail: Business.School@fredonia.edu
Richard M. Robinson, Director

The School of Business includes the Department of Business Administration and the Department of Economics. The school serves three goals: to prepare students for careers or continued studies requiring a thorough grounding in business and economics; to support the scholarly and research activities of its faculty and students; and to promote the involvement of faculty and students in the work of the university and the world beyond the campus. To meet its teaching obligation, the School of Business offers the following degrees:

B.S. Accounting
B.S. Business Administration
B.S. Business Administration: Finance
B.S. Business Administration: Management
B.S. Business Administration: Management Information Systems
B.S. Business Administration: Marketing
B.A. Economics

Additionally, the School of Business provides courses for students pursuing other majors who wish to further their understanding of business and economics in the contemporary world. Minors in Business Administration and in Economics are available to supplement other majors offered by the university. The school offers
courses as appropriate for completion of the College Core Curriculum. The School of Business participates in the Industrial Management major. This major prepares students for careers in business, industry and government requiring both technical and managerial knowledge. For information on this major, see page 40. The school also participates in the Music Business major (see page 58), the Computer Information Systems Track of the Computer Science major (see page 21), and the Economics and Finance options in the Applied Mathematics major (see page 47). For information on the degree programs offered by the School of Business, interested persons should note the descriptions for Accounting, Business Administration and Economics, below.

**Accounting**

Office: W301 Thompson Hall
(716) 673-3505
E-mail: accounting.program@fredonia.edu
Mojtaba Seyedian, Chairperson

Through its Accounting program, the Department of Business Administration provides the opportunity for students to obtain a quality education and to gain an awareness of their individual strengths and interests in order to make appropriate career decisions. The department offers students a rigorous, up-to-date curriculum that prepares them for imaginative and responsible leadership roles in accounting - domestic and worldwide. While the program is career-oriented, the department realizes that contemporary accounting professionals must bring a broad and varied perspective to their practice. Accordingly, the program requires that prospective graduates take half of the 120 credit hours needed for a degree outside the department, with particular emphasis given to the development of written and oral communicative skills and the acquisition of the ability to think creatively and critically.

Students are urged to declare a major in Accounting as early as possible in their academic career. Students who wish to declare this major after they have earned 90 credit hours will need the permission of the department chairperson and the Dean of the College of Natural and Social Sciences.

The Accounting program offers the degree, B.S. in Accounting, which, combined with the department’s M.S. degree in Accounting (see SUNY Fredonia Graduate Catalog), qualifies graduates to take the Certified Public Accounting (CPA) examination. Additionally, graduates are qualified to sit for the Certified Management Accounting examination. The program is administered by the Department of Business Administration, and Accounting majors are eligible for all awards, honors, and programs sponsored by the department (see page 12 for more information).

The Accounting and Business Administration programs at SUNY Fredonia have been accredited by the International Assembly for Collegiate Business Education. The Department of Business Administration presently has a number of formal and informal agreements with several universities that allow students to matriculate into accelerated B.S./M.B.A. programs (see page 13 under Business Administration for details).

**Career Options**

There are three major sources of employment for Accounting graduates - public accounting, management accounting, and governmental accounting. Public accounting firms provide clients with a wide variety of services, including auditing, tax consulting, and management advisory services. Management accountants are employed by companies in various areas, such as cost accounting, budgeting, general ledger accounting, and internal auditing. Governmental accountants, employed by the federal, state, and local governments, have the responsibility to monitor the use of the taxpayers’ money. In the federal government, the major sources of employment for accountants include the Internal Revenue Service, General Accounting Office, and Defense Contract Audit Agency.

**Student Clubs and Activities**

Students majoring in Accounting can participate in a number of clubs or activities that are designed to supplement classroom work. The student clubs include the Business Club, the Financial Management Association, a collegiate chapter of the American Marketing Association, and the Accounting Society. The Accounting Society engages in many activities, including meetings with accountants from industry, government, and public practice. The society also conducts the Volunteer Income Tax Assistance program (a service provided under the auspices of the IRS) by which student volunteers help to prepare individual personal income tax returns for low-income and elderly persons. The Accounting program also has a number of standing internships with various local firms and organizations.

**Requirements for the Bachelor of Science Degree in Accounting**

1. To earn a B.S. degree in Accounting, a student must complete 60 semester hours in accounting and business administration courses, plus 60 semester hours in liberal arts and science courses, as directed by the State Board for Public Accountancy.

2. Accounting majors must complete the following 60 semester hours in accounting and business administration courses.

Total accounting and business administration

80
3. Students majoring in Accounting must complete the following 60 semester hours in liberal arts and science courses:

- **BUAD** Fundamentals of Statistics for Business and Economics 3
- **ECON 200** Principles of Macroeconomics 3
- **ECON 201** Principles of Microeconomics 3
- **MATH 120** Survey of Calculus I 3
- Electives in liberal arts and sciences 48
- Total liberal arts and sciences 60

4. Accounting majors must obtain a minimum cumulative quality point average of 2.00 in all accounting (ACCT prefix) courses. This requirement is in addition to the university requirements of 2.00 overall and 2.00 in courses required for the major.

5. Accounting majors must complete a minimum of 30 credit hours of SUNY Fredonia 300/400-level business administration and/or accounting courses.

**Requirements for the Minor in Accounting**

The Department of Business Administration offers a minor in Accounting that requires 18 credit hours of courses in accounting, plus their prerequisites. Included within the 18 hours must be ACCT 301 and two other 300/400-level courses in accounting. Business Administration majors wishing to minor in Accounting must take at least 9 credit hours of accounting beyond those used toward their Business Administration major.

A graduate program in Accounting is available in the department; for more information, see the separate Graduate Catalog or contact the Office of Graduate Studies at (716) 673-3808.

**BUSINESS ADMINISTRATION**

Office: W301 Thompson Hall
(716) 673-3505
E-mail: business.administration@fredonia.edu
Mojtaba Seyedian, Chairperson

The mission of the Department of Business Administration is to provide students with the opportunity to obtain a quality education in Business Administration and Accounting and gain an awareness of their individual strengths and vocational interests in order to make appropriate career decisions. The Business Administration program has been accredited by the International Assembly for Collegiate Business Education. The department offers a rigorous, up-to-date curriculum that prepares students for imaginative and responsible citizenship and leadership roles in business and accounting - domestic and worldwide. Responsive to the philosophy of the guidelines of The Association to Advance Collegiate Schools of Business, the curriculum is geared to social, economic, and technological developments and reflects the application of evolving knowledge in economics and the behavioral and quantitative sciences. While the programs offered are career-oriented, the department realizes that contemporary business and accounting professionals must bring a broad and varied perspective to their respective crafts. Accordingly, the department requires that prospective graduates take at least half of the 120 hours needed for a degree outside the department, with particular emphasis given to the development of written and oral communicative skills and the acquisition of the ability to think creatively and critically. Due to the nature of the program, students majoring in Business Administration find themselves prepared for a cross-section of opportunities. Recent graduates have embarked on careers in areas ranging from business and management consulting to financial planning for corporations and government. The banking and investment fields have also interested many of our graduates. Other students have chosen sales management, insurance, or personnel administration as their field. Those wishing to pursue graduate studies have found that the skills acquired through their course work and field experiences have opened doors to major universities.

The department offers six separate undergraduate degrees: Bachelor of Science in Accounting (see page 11), Bachelor of Science in Business Administration – Finance, Bachelor of Science in Business Administration-Management, Bachelor of Science in Business Administration – Management Information Systems, Bachelor of Science in Business Administration – Marketing, and Bachelor of Science in Business Administration – Individualized Specialization. The department also participates in the Cooperative Engineering program (see page 28).

Students are urged to declare a major in Business Administration as early as possible in their academic career. Students who wish to declare this major after they have earned 90 credit hours will need the permission of the department chairperson and the Dean of the College of Natural and Social Sciences.

**Internship Opportunities**

In addition to its regular course offerings, the department has an active internship program. Internships are work-experiences for which students receive academic credit. The department offers a number of internship opportunities with various local and regional firms and organizations such as Key Bank, Buffalo Sabres, Paychex, Inc., Merrill Lynch Co. and Cliffstar Corp.

**Student Clubs and Activities**

As a Business Administration or Accounting major, students can participate in a number of student clubs or activities that are designed to supplement classroom work with extracurricular experiences of a professional nature. These include, but are not limited to, the Business Club; a collegiate chapter of the American Marketing Association; the Accounting Society; and the Financial Management Association. Students may also participate in the Volunteer Income Tax Assistance Program (a service provided under the auspices of the Internal Revenue Service) through which they help to prepare individual income tax returns for low-income and elderly persons living in Chautauqua County, as well as the Students In Free Enterprise program.

**Honors and Awards**

Students who excel in their studies are eligible for recognition through membership in the campus chapters of Delta Mu Delta (a national honor society in business administration) and
the Financial Management Association National Honor Society. Initiation is competitive and highly selective. In addition to these honor societies, individual students can be recognized for outstanding scholastic achievement. Each year the faculty presents eight special awards: the M.R. Poummit Achievement Award to the graduating senior with the highest grade point average; the Wall Street Journal Achievement Award, given to the graduating senior whose overall scholarship and community service best exemplifies the mission of the department; the Financial Executive Institute Award, the John T. Kennedy Memorial Award, and the New York State Society of CPA’s Award, given to outstanding students in accounting; the Donald C. Brandt Memorial Scholarship to an outstanding sophomore or junior; the Students In Free Enterprise Scholarship to an outstanding S.I.F.E. member; and the Alumni Scholarship, given to a junior with an outstanding record of academic achievement.

Accelerated Master of Business Administration Degree
The department has entered into a number of formal and informal agreements with several universities that allow our students to matriculate into accelerated B.S./M.B.A. programs. All such agreements usually reduce by one the number of years it takes a full-time student to complete a B.S. and M.B.A. The department has a 3 plus 2 agreement with the State University at Buffalo that requires three years of study at Fredonia and two years at Buffalo to finish the program. A similar 3 plus 2 agreement exists with SUNY Binghamton. The department also has 4 plus 1 arrangements with Clarkson University, Rochester Institute of Technology, St. Bonaventure University, and the University of Pittsburgh. Students who are interested in any of these accelerated M.B.A. programs should see their academic advisor early in their sophomore year.

Requirements for the Bachelor of Science Degree in Business Administration

ECONOMICS
Office: E366 Thompson Hall
(716) 673-3509
E-mail: Economics.Department@fredonia.edu
Amar K. Parai, Chairperson

Economics provides an understanding of how economic systems function and offers insight into the nature of real-world economic events, issues and problems while teaching the student a way of thinking that is clear, logical, analytical and rigorous. The study of economics encompasses a wide range of human behavior and experiences. Therefore, it has come to be widely recognized as a solid preparation for many professional careers in business, finance, non-profit organizations, and government.

Courses in economics that emphasize the relevance of economic principles to areas in business, finance, quantitative and computer applications, public administration or industrial relations, provide the student with an excellent background for a variety of jobs and professions.

The study of economics also provides an excellent preparation for graduate study in such professional areas as law, industrial relations, business and public administration.

Economics majors have the opportunity to participate in Omicron Delta Epsilon, the International Honor Society in Economics. Annually, the Maytum scholarship ($6,000 for 2003-04) and Hart-Gorman Economic Awards go to the outstanding majors and double majors in Economics.

Economics as Preparation for Master of Business Administration Degree (M.B.A.). Most graduate schools of business prefer their students to have a broad, liberal arts background. Since economics is more closely related to business administration than many other liberal arts areas, it is an ideal preparation for study toward the Master of Business Administration degree. According to a study conducted by the American Assembly of Collegiate Schools of Business (AACSB), graduate business school professors stress economics as the most important undergraduate preparation.

Economics Major as Pre-Law Study. There are no precisely prescribed pre-law programs or undergraduate courses. However, according to the Chronicle of Higher Education, many law schools believe that economics is one of the best preparations for the study of law. It is particularly helpful because it deals with human experience in a variety of fields of study; it develops the student’s analytical skills in problem solving; and it provides the basis for analysis of many legal problems. A recent study found that among the 14 majors that had more than 2,000 students taking the Law School Admission Test (LSAT), Economics majors received the highest average test scores in recent years.

The department offers a major in Economics (B.A. degree) with designed fields in Business and Financial Economics; Data Analysis and Computer Applications; and Public Policy and Economics. Alternatively, with consultation and approval of the faculty advisor, the student may develop his/her own field of specialization. Thirty-six credit hours of course work are required for a major in Economics. A minor, which requires 24 credit hours in Economics, is also available.

As an option to students majoring in Economics, the department issues a letter certifying the completion of International Economic Studies to those who complete 15 hours of designated course work.

Additionally, the economics department offers a specialization in Economic Studies to Social Studies-Adolescence Education students who wish to teach economics in high school.

Students who are contemplating graduate study in economics should consider taking the following courses as part of their specialization field:

<table>
<thead>
<tr>
<th>Core Economics Courses</th>
</tr>
</thead>
<tbody>
<tr>
<td>ECON 400 Econometrics</td>
</tr>
<tr>
<td>MATH 122 University Calculus I</td>
</tr>
<tr>
<td>MATH 123 University Calculus II</td>
</tr>
<tr>
<td>MATH 231 Linear Algebra</td>
</tr>
</tbody>
</table>

The department strongly recommends that Economics majors take additional courses in accounting, computer science and calculus.

Requirements for the Bachelor of Arts Degree in Economics
As an economics major, a student must complete 24 credit hours of core economics and mathematics and 12 credit hours of optional economics courses.

The core economics courses include:
- ECON 200 Fundamentals of Statistics
- ECON 201 Principles of Macroeconomics
- ECON 202 Principles of Microeconomics
- ECON 300 Statistical Analysis
- ECON 305 Intermediate Macroeconomic Theory
- ECON 310 Intermediate Macroeconomic Theory
- ECON 450 Senior Seminar
- MATH 120 Survey of Calculus I or
- MATH 122 University Calculus I

* these courses are also required for accounting and business degrees
** this course is required for Business Administration and recommended for the Accounting degree.

The elective economics courses include any four courses above ECON 300. Popular courses are in the following suggested areas of study:

- Business and Financial Economics
- Public Policy and Economics
- Data Analysis and Computer Applications
- Human Resources
- International Economics
- Environmental and Natural Resource Economics

The Department of Economics participates in the Cooperative Engineering program. Interested persons should refer to the description of this program under Engineering (Cooperative) on page 28.

Requirements for the Minor in Economics
Twenty-four or 25 credit hours are required for a minor. They include:

<table>
<thead>
<tr>

</table>
MATH 122 University Calculus I and 9 additional credit hours of at the 300 level or above.

Requirements for the Certificate in International Economic Studies
As an option to students majoring in economics, the department awards a certificate documenting the completion of International Economic Studies to Economics majors who complete the following 15 credit hours of course work:

Two of the following courses:
ECON 320 International Trade and Finance 3
ECON 345 Comparative Economic Systems 3
ECON 335 Economic Development 3
ECON 395 Comparative Human Resources 3
and 9 credit hours in foreign area study and/or international/comparative study. A maximum of 6 credit hours of a foreign language may be counted for the International Economic Studies option.

Requirements for a Specialization in Economic Studies - Adolescence Education
This option is recommended for Social Studies-Adolescence Education students who are interested in teaching economics in high school. The following is a description of the program requirements:

Social Studies Courses: Introductory
HIST 105 United States History I 3
HIST 106 United States History II 3
HIST 115 Western Civilization I and II -116 or 6
HIST 101 World History I and II -102
POLI 120 American Politics or 3
POLI 150 U.S. and World Affairs 3
SOC 116 Introductory Sociology or 3
ANTH 115 Introductory Anthropology 3
ECON 201 Principles of Macroeconomics 3
ECON 202 Principles of Microeconomics 3

Social Studies Courses: Advanced (300-400 level)
One political science course in American Politics 3
One political science course in non-American or International Studies 3
One course in minority studies: ANTH 321, ANTH 322, HIST 336, HIST 347, HIST 356, HIST 358 or SOC 316 and 9 credit hours in history (one course in U.S. history, and one course in non-western areas: Asia, Africa, Latin America or the Middle East).

Plus either a General Social Studies or Economics Studies option

General Social Studies Option
9 credit hours in history, economics, political science, sociology or anthropology (all courses must be 300 level or above with one course in U.S., one course in non-U.S. and one course in non-western areas: Asia, Africa, Latin America, Middle East)

Economics Studies Option
Recommended for students who have interest in teaching economics in high school in addition to other social studies subjects.

ECON 305 Intermediate Microeconomics Theory 3
ECON 310 Intermediate Macroeconomic Theory 3
and 3 credit hours of economics from ECON 315, ECON 320, ECON 345, ECON 370, or ECON 380 3

Professional Education:
EDU 105/106 Introduction to Adolescent Development and Child Abuse Workshop 3
EDU 224 3
EDU 250/251 Introduction to the Exceptional Learner Foundations of Literacy and Technology 3
EDU 276 Cultural and Linguistic Diversity in the Classroom 3
EDU 349 Educational Psychology and Child Abuse Workshop 3
EDU 419 Secondary Methods 3
EDU 430 Student Teaching in the Secondary School 15

Total: 87 hours

Students in all education programs are required to demonstrate competence in a foreign language. This requirement may be satisfied in any one of the following four ways: (1) completion of course work at the 116 level at Fredonia, or (2) transferring of two successful college semesters, or (3) scoring at the 50th percentile or higher on the CLEP exam, or (4) completion of three years of high school language with a passing Regents score (passing = 65). The College Core Curriculum foreign language requirement differs from the certification requirement and must be satisfied for degree conferral.

Chemistry

The department offers two tracks, each leading to a B.S. in Chemistry degree. Track I, the Standard Major, is often chosen by students having second majors or minors in related disciplines. Track II satisfies the curriculum requirements of the American Chemical Society (A.C.S.) and is recommended for students interested in graduate or professional schools. Each track requires the completion of a Core Program plus additional course work. The departments of Chemistry and Biology jointly administer a major in Biochemistry, see page 8. The department maintains a graduate program leading to a M.S. degree. A five-year program is available to outstanding students which is a combined B.S./M.S. program.

Grading Standards: A minimum C-grade is necessary for all required chemistry courses counted toward the major or minor; a collective minimum 2.00 grade point average is necessary for all required mathematics/computer science, and physics courses.

Prerequisites/Corequisites for Laboratory Courses: Laboratory and lecture courses are separately enrolled and graded. As a result, there are
some general requirements for laboratory courses: (1) CHEM 126 or 130 is a prerequisite for any laboratory course at a higher level; (2) for all laboratory courses the corresponding lecture course is a pre- or corequisite; (3) if a student drops or withdraws from a lecture course, he/she may be required to withdraw from the corresponding laboratory course.

Cooperative Engineering: The chemistry department participates in the Cooperative Engineering program. Refer to the description of this program on page 28.

For the B.S. degree in Geochemistry, an interdisciplinary program with the geosciences department: The course requirements for this curriculum are given on page 35.

Teacher Certification: Students wishing to teach chemistry in the secondary schools can obtain provisional certification by completing either of the tracks described below and the required courses in Professional Education. The procedure to be followed for admission to the professional sequence of courses is described on page 27. Students in all education programs are required to demonstrate competence in a foreign language. This requirement may be satisfied in any one of the following four ways: (1) completion of course work at the 116 level at Fredonia, or (2) transferring of two successful college semesters, or (3) scoring at the 50th percentile or higher on the CLEP exam, or (4) completion of three years of high school language with a passing Regents score (passing = 65 percent).

The College Core Curriculum foreign language requirement differs from the certification requirement and must be satisfied for degree conferral.

A.C.S. Approved Track: The curriculum for the A.C.S. Approved Track is reviewed annually by the A.C.S. Committee on Professional Training. If, because of this review, it becomes necessary to modify the curriculum requirements, revisions will be on file with both the Dean of the College of Natural and Social Sciences, and the Vice President for Academic Affairs. Such revisions would be in effect for students who had completed less than 60 credit hours at the time of the revision.

**Requirements for the Bachelor of Science Degree in Chemistry Core Program (36 credit hours in chemistry; 16 credit hours in related disciplines)**

**Requirements for the Minor in Chemistry**

A minimum of 24 credit hours in chemistry is required including CHEM 115-116, 125 and 126 or 130, and 16 additional hours at the 200 level or above. Of these additional hours: (1) at least 2 hours must be in laboratory courses; (2) at least 6 hours must be from 300 or 400 level courses; and (3) CHEM 300, 302, 305, 371, and 372 cannot be counted.

Graduate programs are available in the department; for more information, see the separate Graduate Catalog or contact the Office of Graduate Studies at (716) 673-3808.
COMMUNICATION

Office: 324 McEwen Hall
(716) 673-3410
E-mail: Communication.Department@fredonia.edu
Ted Schwalbe, Chairperson

Communication relates to how individuals, groups, organizations, societies, and cultures may establish humane and productive relationships in expressing needs, mediating problems, and pursuing goals. It is one of the oldest areas of academic study and, because of the transformation of personal and social life by the growth of media technologies, a central discipline. Students approach processes, practices and distortions involved in human communication from a critical perspective, and integrate application and theory throughout the curriculum.

The Department of Communication offers majors in Audio/Radio Production, Communication Studies, Media Management, Public Relations, and Television and Digital Film Design and Production.

The department also offers a minor in Communication.

Graduates of the program have successful careers in corporate and public settings, and working in media at all levels. Communication students have also continued their education in graduate programs and law schools around the country.

Students are encouraged to supplement their academic work with participation in applied activities, including the Sheldon Multimedia Computer Lab, the campus radio stations (WCVF FM and WDV Cable/FM), the campus television station (WNYF), the Applied Communication Association (ACA), which provides communication services to the community, and off-campus internships.

The department offers several awards and scholarships for entering freshmen, continuing students and graduating seniors, including the Louis C. and S. David Adler Scholarship, the Anne Bernstein Memorial Award, the Edward S. Edelman Scholarship, the Arthur R. Maytum Scholarship, and the Arlie Muller Parks Scholarship.

Internal Transfers: Students seeking to transfer into the Department of Communication from another department must have a 2.5 or above cumulative GPA to be eligible. If the student's GPA is 3.0 or greater, he/she will be automatically admitted. If the GPA is below 3.0 (but 2.5 or higher), the student must successfully complete COMM 101 and at least one other COMM course. Grades in each COMM course must be C- or above and the cumulative GPA in COMM courses must be above 2.5. An internal application form (available from the department office) must be completed and returned to the office in order for the application request to be processed.

Requirements for the Bachelor of Science Degree in Communication

Major Requirements: Students in the department may obtain a B.S. degree in one of the following majors:

- Audio/Radio Production
- Communication Studies
- Media Management
- Public Relations
- Television and Digital Film Design and Production

A major program in the Department of Communication requires 39.5 to 46.5 credit hours of study including 15.5 credit hours of core courses required by every student in the department and 24 to 31 credit hours of courses in the individual specialization. A minimum of 18 communication credit hours, including 12 credit hours within the major, must be taken at Fredonia.

Department of Communication Minimum Standards Policy:

Students in any of the communication majors must earn at least a C- grade in all courses in the major. This includes all courses taken as part of the major, both those in the department core (101, 102, 105, 155, 199, 201) and those additional courses in one of the five majors.

A student who receives a grade below C- in a course may repeat that course only once. If a student does not achieve a C- or better the second time, he/she will be required to change to a major outside of the Department of Communication.

If a course in the major is a prerequisite for another course in the major, the student will not be allowed to enroll in the second course if the grade in the prerequisite was less than a C-.

In addition, students must have, in order to graduate, a least a 2.5 average in the departmental core and in the rest of the courses in their chosen major. This does not include courses taken in the Department of Communication that do not apply to the student's major.

Any student whose cumulative average in the major falls below 2.3 for three consecutive semesters in the department will be required to change to a major outside of the Department of Communication.

Double Major: Any student wishing to take a double major with both majors inside the communication department must take at least 15 additional credit hours in the second major (i.e., credit hours not used in the first major). Students should be aware that they may have to take more than 120 credit hours in order to accumulate the required 66 credit hours outside the department to graduate.

Minor: The department requires all students to declare and complete a minor outside the communication department or a 15 hour semester study abroad. The minor must be officially recognized by the offering department and be chosen in consultation with a Department of Communication advisor. Students electing the study abroad option are required to complete a complementary 3 credit hour course at Fredonia.

Cross-using Courses for Minors: Certain minors include some communication courses that may fulfill course requirements for that minor. Students may use (double-dip) only one COMM course (maximum 4 credit hours) required for the Communication major to fulfill course requirements for the minor.

Students who have dual majors with both majors inside the Department of Communication are still required to have a minor outside the department or to meet the criteria for the study abroad option. A second major outside the communication department will also satisfy the minor requirement.

Substitutions in requirements for majors may be made only by approval of faculty members designated for the specific majors.

Course offerings and requirements for the majors may be changed. Students are urged to see the department for the latest requirements.
**A. Audio/Radio Production Major:**

Development of conceptual, aesthetic, and technical skills in audio production for radio and other media. Focus is on listening and the creative use of sound to engage an audience through the selection and use of voice, music, and ambiance. Applications to commercial and public service announcements, newscasts, documentary, drama, music programming, audio art, and audio for television, theater and film.

**Requirements:**

| COMM 465 Intercultural Communication 3 |

**Communication Core:** 15.5 credit hours

**Comm 400 Broadcast Station Operations 3**

**B. Communication Studies Major:** 39.5 credit hours (including core requirements)

Emphasizes the study of human interaction in both mediated and non-mediated communication. Courses will cover theories and skills regarding relational development, group decision-making, public speaking, communication ethics, research and evaluation, and organizational communication. The goal of the major is to develop the student’s ability to understand and apply theories and skills in communication performance, message construction, and communication analysis and evaluation across social and professional settings.

| Any three of the 1 credit hour computer courses (recommended) | 3 |
E. Television and Digital Film Major: 

45.5 to 46.5 credit hours (including core requirements).

Focuses on the theoretical, technical, and practical issues of television and digital film production. Hands-on project-based major with emphasis on pre-production, production, postproduction, and distribution. Students gain experience in multi-camera studio production, electronic news gathering, field production, documentary, and narrative. Topics covered include: concept development, visualization, writing, aesthetics, ethics, shooting and editing techniques, and sound design.

Requirements: 

Communication Core 15.5

Plus Television and Digital Film Major: 

30 or 31 credit hours - at least 12 at Fredonia

Group A - Major Core - 15 credit hours

- COMM 251 Audio Production I 3
- COMM 255 Television Production I 3
- COMM 354 Video Field Production 3
- COMM 420 Communication Law and Ethics 3
- COMM 200 Electronic Media Writing or 3
- COMM 361 Script Writing for Video, Film and Radio 3

Group B - 3 or 4 credit hours - one of the following

- COMM 312 Multimedia Integrations 3
- COMM 358 Television News 4

Group C - 12 credit hours - one of the following three course sequences - must be taken at Fredonia

- COMM 366 Video Postproduction 4
- COMM 452 Video Documentaries I 4
- COMM 462 Video Documentaries II or

- COMM 366 Video Postproduction
- COMM 454 Video Drama I
- COMM 464 Video Drama II

Requirements for the Minor in Communication

A minor in Communication requires 18 credit hours including COMM 101 and a minimum of 9 credit hours at the 300 level or above. A minimum of 9 credit hours must be taken at Fredonia. Advising with the department is strongly recommended.

COMPUTER AND INFORMATION SCIENCES

Office: 2154 Fenton Hall
(716) 673-4820
E-mail: Computer.Science@fredonia.edu
Khalid J. Siddiqui, Chairperson

The Department of Computer and Information Sciences offers two Bachelor of Science degrees. One degree is in Computer Science with five study options: Computer Theory (CT), Systems Software (SS), Applied Mathematics (AM), Geographic Information Systems (GIS), or a General Majors. The other degree is in Computer Information Systems (CIS). The CIS degree is geared to commercial computer information processing, management and administrative applications. The CS and CIS degrees together with the tracks prepare students for the future by providing a study of the current state of computers and information sciences embedded within a well-rounded liberal arts education. In the following description, Computer Science and Computer Information Systems are both referred to as Computer and Information Systems. As a Computer and Information Systems major at Fredonia, a student may select a program that suits his/her career objectives and academic goals.

The department participates in the SUNY Learning Network program. Over the past several semesters, a number of courses have been offered on the Internet. For additional information, students should call 1-800-875-6269 or check the web site at www.sln.suny.edu/sln.

Scholarships available to students in Computer and Information Systems include the John Beck Scholarship, the Arthur R. Maytum Scholarships, and the MACS Scholarships sponsored by the National Science Foundation. The scholarships are awarded annually on the recommendation of the computer and information sciences faculty.

Degree Programs in Computer and Information Sciences

The Computer and Information Sciences program offers a Bachelor of Science degree in Computer Science with five options (tracks):

- Computer Theory (CT)
- Systems Software (SS)
- Applied Mathematics (AM)
- Geographic Information Systems (GIS)
- General Majors (GM)

All five options contain a common core of fundamental courses in the science of computing, with essential emphasis on theory and practice. Further, courses in the Computer Theory (CT) track prepare graduates for post-graduate education in computer science and careers in the scientific computing sectors. The Systems Software (SS) track prepares graduates for systems level programming, design and networking. The Applied Mathematics (AM) track emphasizes computer applications with interdisciplinary opportunities in applied mathematics, while the Geographic Information Systems (GIS) track emphasizes applications in geographic information systems. The General Majors (GM) track is a general track and allows students more latitude to substitute among 400-level courses in meeting CS requirements. Currently, the primary languages of computer science instruction are C and C++ in the MS Windows and Unix environments.

In addition to the above degrees, the department also offers a minor in Computer Science and a minor in Computer Information Systems. The department also participates in the Cooperative Engineering program; refer to page 28.

For further details about the programs in computer and information sciences, contact Khalid J. Siddiqui, chairperson of the Department of Computer and Information Sciences.
Internships

Experiential learning is encouraged through internships. Recently, students have successfully completed internships at AL Tech Specialty Steel, Chemical Process Corporation, Ultrapak, Buffalo General Hospital, Cummins Engine, M&T Bank, DFT Communications, and Radio Shack. Several internships pay honoraria or minimum wages. Many other opportunities exist on campus for students to earn money as tutors, laboratory proctors, or computer laboratory assistants.

Computer Laboratories and Equipment

The department manages its own laboratory (CSIT Lab) and has class scheduling rights to another laboratory in Fenton Hall. The CSIT Lab is maintained by a systems administrator and a staff of paid student assistants from the Department of Computer and Information Sciences. The main equipment in the lab consists of several SUN workstations running Unix, together with a cluster of 15 Pentium IV workstations running Windows and Linux. A Linux-based cluster of servers connected to a high-speed network provides Internet access. Popular software development tools such as C++, Java, Open GL and other utilities are available, in addition to standard Microsoft software packages such as Office and Visual Studio. The computers in the laboratory are accessible from various locations across the campus, including the residence halls. The other laboratory that is used by the department is primarily an instructional laboratory and houses a network of Intel-based workstations that run under Windows. Both of these facilities are dedicated to supporting instruction in the computer and information sciences programs. There are also several other microcomputer laboratories on campus.

Faculty and Student Research and Scholarship

The Department of Computer and Information Sciences faculty and majors are actively involved in various research activities such as participating in international, national, and regional conferences, workshops and seminars, and publishing their work in well-known journals and proceedings. With the cooperation of the Computer Science Club, the department frequently runs joint faculty and student colloquia. Several students have won research paper competitions, and our teams have successfully competed in regional programming competitions. Current areas of faculty and student research are computer networking, image processing, pattern recognition, knowledge engineering, data compression, theoretical computer science, remote sensing, natural languages, embedded processor applications, and interdisciplinary applications.

I. Requirements for the Bachelor of Science Degree in Computer Science

The Bachelor of Science degree in Computer Science is built on a required core of course work in computer science, plus a calculus sequence, to which is then added the requirements in the student’s selected track.

Computer Science (CS) Core: (25 credit hours)

A. Computer Theory (CT) Track (58 credit hours):

This track is designed for students who intend to pursue graduate education in computer science or who seek careers in scientific computing. The majority of course work in this track is in the area of Theoretical Foundations. The CT track requires the CSIT Core, plus:

<table>
<thead>
<tr>
<th>Course</th>

<td></td>
</tr>
</tbody>
</table>

B. Systems Software (SS) Track (56-58 credit hours):

This track emphasizes computer systems development, design and architecture. It prepares graduates for systems-level programming, and for careers in system design, ensembles, architecture, and networking. The majority of course work is in the area of computer systems software. The SS Track requires the CS Core, plus:

<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>MATH 120</td>
<td>3</td>

<td></td>
</tr>
</tbody>
</table>

C. Applied Mathematics (AM) Track (86 credit hours):

The track is designed for students who have interdisciplinary interests in computer science and mathematical sciences. It prepares students for scientific and mathematical modeling applications. The students in the AM Track complete a minor in Applied Mathematics. Specifically, the AM Track requires the CS Core, plus:

<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>MATH 122</td>
<td>4</td>
</tr>
<tr>

<tr>
<td>CSIT 411, 413, 433, 435, 436, 455, 461, 462, 490, 496, 497, 499.</td>
<td></td>
</tr>
</tbody>
</table>

D. Geographic Information Systems (GIS) Track (70-72 credit hours):

The track is designed for students who have interdisciplinary interests in computer science and geographic information systems. It prepares students for geosciences applications. The students in the GIS track complete a minor in GIS offered by the Department of Geosciences.
Specifically, the GIS Track requires the CS Core, plus:

MATH 120 Survey of Calculus I 3
or
MATH 122 University Calculus I 4
or
MATH 121 Survey of Calculus II 3
or
MATH 123 University Calculus II 4
CIST 425 Software Engineering 3
CIST 431 Introduction to Operating Systems 3
CSIT 455 Relational and Object Databases 3
CSIT 462 Computer Graphics 3
or
CSIT 463 Digital Image Processing and Computer Vision 3

Two additional courses chosen from: * 6

* Only one course numbered 490 or above is allowed.

Minor in Geographic Information Systems (with CSIT 121 substituted for CSIT 106 and CSIT 205 substituted for CSIT 105).

E. General Majors (GM) Track (55-57 credit hours):

The track is designed to provide students with exposure to a significant range of topics within the computer science field, while at the same time ensuring their ability to select those courses that most interest them. Specifically, the GM track requires the CS Core, plus:

MATH 120 Survey of Calculus I 3
or
MATH 122 University Calculus I 4
or
MATH 121 Survey of Calculus II 3
or
MATH 123 University Calculus II 4
CSIT 425 Software Engineering 3
CSIT 431 Introduction to Operating Systems 3
CSIT 455 Relational and Object Databases 3
CSIT 462 Computer Graphics 3
or
CSIT 463 Digital Image Processing and Computer Vision 3

A total of eight courses with at least two courses from each of the following areas are required.

1. Software:

CSIT 431 Introduction to Operating Systems
CSIT 435 Data Communications and Networks
CSIT 436 Advanced Network Programming
CSIT 437 Advanced Operating Systems
CSIT 433 Compiler Construction
CSIT 461 Introduction to AI and Knowledge Engineering

2. Hardware:

CSIT 411 Prog. for Embedded Microcontrollers
CSIT 413 Computer Architecture
PHYS 326 Digital Logic

3. Computer Science Theory:

CSIT 242 Discrete Mathematics for Computer Science II
CSIT 441 Analysis and Design of Algorithms
CSIT 443 Theory of Computation
MATH 325 Numerical Analysis
MATH 337 Combinatorics

4. Computer Applications:

CSIT 425 Software Engineering
CSIT 455 Relational and Object Databases
CSIT 462 Computer Graphics
CSIT 463 Introduction to Digital Image Processing and Computer Vision

Sections of CSIT 490 Seminar on Selected Topics; CSIT 496 Special Topics in Computer Science, CSIT 497 Computer Science Thesis, and CSIT 499 Computer Science Project may be offered as options.

II. Bachelor of Science in Computer Information Systems (CIS) (64 credit hours):

This degree program prepares graduates for careers in information and business systems development, maintenance and management. The majority of course work in this program is in the area of computer information systems, complemented by several required courses in the areas of accounting, economics, mathematics and business administration.

Specifically, the CIS degree requires:

Computer Information Systems (CIS) Core (31 credit hours):

CSIT 121 Computer Science I
CSIT 205 Visual Basic II
CSIT 207 Web Programming II
CSIT 221 Computer Science II
CSIT 241 Discrete Mathematics for Computer Science I
CSIT 312 Computer Structures
CSIT 341 Data Structures
CSIT 351 Business Systems Development
CSIT 425 Software Engineering
CSIT 455 Relational and Object Databases

Mathematics Sequence:

MATH 120 Survey of Calculus I
MATH 121 Survey of Calculus II

CIS Electives: Three additional courses at the 400 level as advised.

Business Administration Core: ACCT 201, ACCT 202, STAT 200 or ECON 200, and ECON 202.

Business Administration Electives: Two courses from BUAD 300, 321, 327, 462.

Requirements for the Minor in Computer Science

MATH 120 Survey of Calculus I 3
or
MATH 122 University Calculus I 4
or
MATH 121 Survey of Calculus II 3
or
MATH 123 University Calculus II 4
CSIT 121 Computer Science I 3
CSIT 221 Computer Science II 3
CSIT 241 Discrete Mathematics for Computer Science I 4
CSIT 311 Assembly Language and Computer Organization 3
CSIT 341 Data Structures 3

Two additional courses selected from: 6
CSIT 205, 225, 231, 321, 351, 411, 413, 425, 431, 433, 435, 436, 441, 443, 455, 456, 461, 462, 463, with at least one of these at the 300-400 level.

Total Hours Required: 28-30

Requirements for the Minor in Computer Information Systems:

MATH 120 Survey of Calculus I 3
MATH 121 Survey of Calculus II 3
CSIT 121 Computer Science I 3
CSIT 221 Computer Science II 3
CSIT 241 Discrete Mathematics for Computer Science I 4
CSIT 312 Computer Structures 3
CSIT 341 Data Structures 3

Two additional courses selected from: 6
CSIT 205, 207, 224, 225, 351, 411, 425, 455, 456, 461, 462, 463, with at least one of these at the 300-400 level.

Total Hours Required: 28

Note: A minimum 12 credit hours counted toward the minor must be taken at Fredonia.

CRIMINAL JUSTICE

Office: W369 Thompson Hall
(716) 673-3421
E-mail: Criminal.Justice@fredonia.edu

Leonard G. Brown, Director

The Bachelor of Arts degree program in Criminal Justice is an interdisciplinary curriculum that offers broad based knowledge of crime and delinquency, criminal law and procedure, police science and security, and the juvenile justice system. The curriculum includes courses in criminal law and procedure, crime theory, human deviant behavior, police science, security, corrections, statistics and research methods. Graduates will be prepared for careers in the field of juvenile justice, court system administration, law enforcement, adult corrections, rehabilitation, crime data analysis and security at the city, county, state and federal level. Internships are highly
recommended. Participating internship sponsors include local police and sheriff departments, the county district attorney’s office, Department of Probation, New York State Department of Corrections, U.S. Customs, and the Chautauqua County Victim/Witness program. In addition to the Core Curriculum and elective requirements listed below, students are strongly urged to include elective courses that will help develop effectiveness in speaking and in writing. Students are required to be computer literate, able to use word processing software, conduct research, access internet data bases and communicate in cyberspace. Familiarity with bibliographic and data search routines is strongly encouraged.

Students are strongly advised to complete a minor in a related discipline given the interdisciplinary characteristics of the Criminal Justice major.

Requirements for the Bachelor of Arts Degree in Criminal Justice

Completion of a minimum of 39 credit hours of course work comprised of 18 credit hours of core requirements, 6 credit hours of a statistics-research methods sequence, and 15 credit hours of elective credit.

**Core Courses include:**

<table>

Policy on Transfer Credit into the Major

Transfer students will be required to complete a minimum of 27 (up to 39) credit hours of course work in the Criminal Justice major. This must include all of the courses required for the major. A maximum of 12 credit hours of course work completed elsewhere that are similar to classes in the major offered at Fredonia will be accepted toward completion of the B.A. degree in Criminal Justice. The student must have completed this course work with a grade of C or better to have it applied to the major.

Requirements for the Minor in Criminal Justice

The minor in Criminal Justice consists of a minimum of 21 credit hours that must include the following:

- CRMJ 100 and at least two of the core courses required for the major.
- In addition, among the 21 credit hours, classes must come from at least two of the disciplines that provide courses to the major. Students may transfer up to 6 credit hours of appropriate course work towards completion of the minor.

(Dance, see Department of Theatre and Dance, page 75.)

(Earth Sciences, see Department of Geosciences, pages 34, 36.)

(Economics, see School of Business, page 14.)

Cynthia Smith, Interim Associate Dean

Important Notification to All Education Majors

All programs and degree options in the College of Education lead to New York State Certification and are subject to the guidelines and mandates established by New York State. Additionally, all programs and degree options are held accountable to the National Council for the Accreditation of Teacher Education (NCATE) standards. As such, any changes made by the New York State Board of Regents or the NCATE review board have the potential to impact the requirements of the program. Undergraduate programs are reviewed each semester to check compliance with state certification and national accreditation requirements. Candidates should meet with their faculty advisors and attend all advisement sessions for up-to-date information on current programs and certification requirements.

National Council for the Accreditation of Teacher Education (NCATE)

NCATE is a partnership of over 30 national professional organizations, representing over three million Americans, who have united to ensure high quality teacher preparation. NCATE ensures that subject matter content, and how to teach it, is the priority. NCATE standards expect the College of Education to base its programs on content and teaching standards set by professional associations in each content area. NCATE also expects candidates to gain a firm foundation in the liberal arts. NCATE endorsement adds credibility and national transportability to SUNY Fredonia certification programs.

Office of Student Support Services
Office: E259 Thompson Hall  
(716) 673-4768

Hours: Monday-Thursday 9 a.m.– 7 p.m., Friday 9 a.m.– 3 p.m.

The Office of Student Support Services provides information for candidates and potential candidates (in all certification programs) in the
areas of advisement, New York State testing requirements, SAVE and fingerprinting requirements, course selection and registration information, professional development opportunities, and more.

Certification Programs
The College of Education offers opportunity for certification in the following areas:

- Early Childhood Education
- Childhood Education
- Middle Childhood Education—Mathematics Specialist
- Adolescence Education

Early Childhood Education: Preparation to teach very young children, birth through age 8 (B.S. in Ed. degree: Certification Birth through Grade 2).

Childhood Education: Preparation to teach elementary school (B.S. in Ed. Degree: Certification Grades 1 to 6).

Middle Childhood Education: Preparation to teach middle school mathematics (B.S. in Ed. Degree: Certification Grades 5 to 9). Core education courses for this degree are taught within both the College of Education and the mathematical sciences department. Candidates in this degree program will be assigned an academic advisor from the mathematical sciences department. For information on this program, students should see the mathematics department degrees and offerings on page 46 of the catalog.

Adolescence Education: Preparation to teach biology, chemistry, earth science, English, French, mathematics, physics, social studies or Spanish (B.A. or B.S. degree: Certification Grades 7 to 12). Core education courses for these degrees are taught within both the College of Education and the academic departments. Candidates in these degree programs will be assigned an academic advisor from the appropriate academic department. For information on any of these programs, students should refer to the appropriate academic department in the catalog.

Program Philosophy and Conceptual Framework for All Certification Programs
The College of Education believes that all children can learn and that they learn best when taught by reflective and responsive educators who carefully assess their instructional competence via reflections upon pupil performance. Responsive educators act upon information gleaned from their professional reflections; they make informed decisions and adjust instruction to enhance pupil progress.

All candidates in the College of Education complete a series of four field-based experiences. Each field-based experience is taught in conjunction with a required education course to better establish the link between theory and practice. Each of the field experiences is highly structured, well supervised, and intended to provide multiple opportunities for candidates to Plan, Instruct, Reflect, and Respond.

Candidates enroll in course work related to child and adolescent development, psychology in the classroom, and pedagogical strategies, as well as liberal arts and discipline-specific content courses. All of the courses strengthen the candidates' Four Pillars of Understanding—Knowledge, Pedagogy, Diversity, and Professionalism—which in turn support the process of effective planning, instructing, reflecting, and responding.

Course work and instruction are rooted in a strong foundation of research-based practices and strategies, contextual factors that influence instruction, and standards for teaching and learning.

Requirements for All Certification Programs
Candidates in the College of Education are regularly monitored and evaluated throughout the program via degree-specific Gated Assessment Models. Each model includes a sequenced series of gates that must be passed through in order for a candidate to remain in good standing in the program. Specific requirements and deadlines, minimal satisfactory performance levels (including grade point average requirements), and remediation plans are detailed in the models. All candidates should obtain a copy of the appropriate Gated Assessment Model from an academic advisor and become familiar with the requirements established therein.

Note: Candidates transferring into a certification program (both internally and externally) must pass through each of the aforementioned gates regardless of the candidate's academic standing at the time of transfer.

Candidate Disposition for All Certification Programs
Candidates in professional education are expected to demonstrate a set of values and attitudes consistent with the highest professional standards. The values and attitudes must be demonstrated in concrete ways in their interactions with members of the faculty, school personnel, and most particularly with students. Candidates may obtain copies of these dispositions from their advisor or from the College of Education Office of Student Support Services.

Inappropriate behaviors may warrant remediation, probation, or dismissal from the program.

Candidate Organizations for All Certification Programs
Within the College of Education, a dynamic and active Teacher Education Club offers activities for majors that enhance opportunities for academic, personal, and professional growth.

The College of Education also houses the Zeta Upsilon Chapter of the International Honor Society in Education, Kappa Delta Pi. This invitation-only, service-orientated organization provides multiple opportunities for professional growth.

International Exchange Program
Upon completion of degree requirements, candidates have the opportunity to experience a cultural and educational exchange with either University of Plymouth in Exmouth, England, or Swansea Institute in Swansea, Wales. This five-week internship includes classroom experience in the United Kingdom, organized cultural excursions, and free travel time for individual development. Candidates earn 3 hours of graduate course credit.

Special Requirements for All Certification Programs
Identification of Child Abuse and Maltreatment
All persons applying for certification on or after January 1, 1991 are required to complete a minimum of two contact hours of course work or training in the identification and reporting of child abuse and maltreatment. This requirement can be met by satisfactory completion of EDU 224, EDU 225 or EDU 349, or by completing a state-approved training workshop.
School Violence Intervention and Prevention
All persons applying for certification on or after February 2, 2001 are required to complete a minimum of two contact hours of course work or training in the warning signs related to violence and policies related to safe climates, and effective classroom management.

Foreign Language Requirement
Candidates in all education programs are required to demonstrate competence in a foreign language. This requirement must be satisfied in any one of the following four ways: (1) completion of course work at the 116 level at SUNY Fredonia, (2) transferring of two successful college semesters, (3) scoring at the 50th percentile or higher on the CLEP exam, or (4) completion of three years of high school language with a passing Regents score (65 or higher).

Fingerprinting and Criminal Background
Legislation effective July 1, 2001, requires that all applicants for initial certification and all new school employees be cleared through FBI fingerprinting and criminal background check. The candidate incurs the costs for the fingerprinting and the background check. Current forms and regulations are available at www.highered.nysed.gov/tcert.ospra.

New York State Certification Examinations
Candidates for Initial teacher certification must successfully complete the New York State Teacher Certification Examinations: Assessment of Teaching Skills-Written, Liberal Arts and Sciences Test, and the Content Specialty Test.

Fredonia/Hamburg Teacher Education Center
The College of Education and the Hamburg Central School District have cooperated in developing an innovative teacher education program for Childhood Education that combines the Professional Methods Semester course work and the student teaching experience during a full year internship at the Fredonia/Hamburg Teacher Education Center. This program received the Distinguished Program Award in 1985 from the National Association of Teacher Educators. Further information concerning this program can be obtained from the Dean of Education and/or the Director of the Office of Field Experiences.

Eligibility for Methods and Student Teaching

Childhood and Early Childhood Education

The Professional Year

The Professional Year is a fall entry program that consists of eight (8) weeks of Methods followed by eight (8) weeks of student teaching in both the fall and the spring semesters. Students are responsible for contacting the Office of Field Experiences during the first week of classes in the spring semester of the year prior to the Professional Year to apply for student teaching. Applications for student teaching must be submitted by the posted deadline. The Office of Field Experiences will evaluate eligibility for professional education majors the spring semester prior to the Professional Year. Students should refer to the Gated Assessment Model for the criteria used to determine eligibility for the Professional Year.

The prerequisite for entering student teaching and remaining in the Professional Year is the successful completion of all methods classes. In order to remain in the Professional Year, candidates must maintain the required cumulative grade point average.
Adolescence Education Course Requirements

English (35 credit hours)
ENGL 101 Introduction to English Education (F)
ENGL 103 Readings and Observations in English Education (F)
ENGL 250 Literacy and Technology (F)
ENGL 355 Literature for Adolescents (F)
EDU 224 Adolescent Development and Child Abuse Workshop
EDU 250 Introduction to the Exceptional Child (F)
EDU 349 Educational Psychology and Child Abuse Workshop
EDU 419 Adolescence (Secondary) Methods Fall Semester Only (F)
EDU 430 Student Teaching in the Secondary School Spring Semester Only

Biology, Chemistry, Earth Science, Physics (39 credit hours)
SCED 105 Nature of Science and Science Education (F)
EDU 224 Adolescent Development and Child Abuse Workshop
EDU 250 Introduction to the Exceptional Child (F)
SCED 276 Literacy and Technology for Science and Math.
SCED 303 Assessment of Inquiry-Based Science (F)
SCED 305 Diversity in the Teaching of Science and Math. (F)
EDU 349 Educational Psychology and Child Abuse Workshop
SCED 419 Adolescence Science Methods (F)
EDU 430 Student Teaching in the Secondary School Spring Semester Only

French, Spanish, Social Studies (36 credit hours)
EDU 105 Introduction to Contemporary Education (F)
EDU 224 Adolescent Development and Child Abuse Workshop

EDU 349 Educational Psychology and Child Abuse Workshop
EDU 419 Adolescence (Secondary) Methods Fall Semester Only (F)
EDU 430 Student Teaching in the Secondary School Spring Semester Only

Note: (F) indicates Early Field Experiences

Mathematics (36 credit hours)
MAED 105 Introduction to Contemporary Education (F)
EDU 224 Adolescent Development and Child Abuse Workshop
EDU 250 Introduction to the Exceptional Child (F)
MAED 276 Foundations of Literature and Technology in the Elementary School
MAED 305 Cultural and Linguistic Diversity in the Classroom (F)
EDU 349 Educational Psychology and Child Abuse Workshop
EDU 419 Adolescence (Secondary) Methods Fall Semester Only (F)
EDU 430 Student Teaching in the Secondary School Spring Semester Only

Note: (F) indicates Early Field Experiences

Entrance into Adolescence Education Certification Program
Adolescence Education students are majors in the department of their certification area. Students are encouraged to declare their intent in an adolescence certification curriculum upon entering the university. However, this may be done later by meeting with the department chair. It is recommended that this change be made no later than Nov. 1 of the year in which the student will have earned 60 credit hours. However, declaration of an adolescence curriculum code does not guarantee admission to methods and student teaching.

Eligibility for Methods and Student Teaching Adolescence Education
Students are responsible for contacting the Office of Field Experiences during the first week of classes in the spring semester of the year prior to the Professional Year, to apply for student teaching. Applications for student teaching must be submitted by the deadline. Students should refer to the departmental Gated Assessment Model for specific criteria regarding entrance into student teaching.

Honors and Awards

Academic Excellence in Childhood and Early Childhood Education

Eligibility: (1) acceptance to the Professional Year program, (2) an overall GPA of 3.2 or higher, (3) a minimum of a B+ in each education course taken during the freshman, sophomore, and junior years, and (4) a minimum of 12 credits in education courses taken at SUNY Fredonia.

Selection process: final decision as to the actual recipients rests with the College of Education Honors and Awards Committee. If needed, input may be requested from the faculty of the College of Education.

Honors in Childhood and Early Childhood Education Methods

Eligibility: the candidate must receive an A in each methods course taken during the Professional Year program.

Selection process: final recipients will be decided by a vote of the Professional Year faculty based upon evidence of exceptional work done by the candidate during methods courses.

Excellence in Student Teaching

Eligibility: (1) the candidate must be nominated as showing “exceptional promise” across all student teaching experiences, and (2) the candidate must be nominated as being an “exceptional beginning teacher” during the spring semester student teaching experience.

Selection process: (1) in the fall the university supervisors will submit nominations of student teachers whom they consider to have shown “exceptional promise” of continued growth as future classroom teachers, (2) in the spring, the university supervisor, using the nomination checklist supplied by the Office of Field Experiences, will submit nominations of student teachers whom they consider to be “exceptional beginning teachers, and (3) all nominees will be reviewed by the Professional Year faculty and listed under the categories “definite” or “marginal.” Their recommendations will be given to the Honors and Awards Committee who will make the decision as to the final recipients of the award.
Tuition Remission Awards in Childhood and Early Childhood Education

Eligibility: candidates who have received Academic Excellence in Childhood Education Award or Early Childhood Education Award and/or who are on the fall list for Honors in Childhood Education Methods or Early Childhood Education Methods.

Selection process: (1) the Professional Year faculty will submit the list of candidates under consideration for Honors in Childhood Education Methods or Early Childhood Education Methods to the Honors and Awards Committee, (2) notification of eligible candidates by mail will be made within the following week, (3) eligible candidates will be told for which award they are being considered and requested to write a one-page letter justifying their selection, and (4) the Honors and Awards Committee will make its decision as to the award recipients and notify the Fredonia College Foundation. The following awards are included in this category:

- Anthony M. Deiulio Memorial Scholarship
- Helen Kelly Lillie Award
- Floyd and Mabel Melvin Scholarship Fund
- Byron and Carrie Record Scholarship
- Marjorie E. Woods Scholarship

Cash Awards in Childhood and Early Childhood Education

Eligibility: candidates who have received Academic Excellence in Childhood Education Award and/or who have received Honors in Childhood Education Methods.

Selection process: (1) at the end of the second semester methods classes of the Professional Year program, faculty will submit to the committee the names of those candidates who are under consideration for Honors in Childhood Education Methods, and (2) the Honors and Awards Committee, taking into consideration the specific requirements of the individual awards, will decide the recipients. The following awards are included in this category:

- Fanny Bartlett Award (Alumni Association)
- Louis E. Raths Award (Early Childhood Education, even years)
- Helen Buderkin Award (Early Childhood Education, odd years)
- Carol Scrace Pierce Award (Exceptional Education).

College of Education Awards for Adolescence Student Teaching

Eligibility: each academic department having an Adolescence Education program is eligible to submit the name of one candidate for the award in their discipline (English, French, Spanish, Biology, Earth Science, Chemistry, Physics, Mathematics, Social Studies).

Selection process: nominees will be judged on criteria established by their individual departments to include performance in content and methods classes, as well as student teaching. The winning name from each department will be given to the Honors and Awards Committee for presentation.

Junior Year, Tuition Remission Special Education Awards

Eligibility: the criteria for this award are currently under review.

- Gustave and Geraldine Werner Foundation Scholarship

Adolescence Education in Social Studies Awards

Included in this category is:

- Terry L. Wolfenden Scholarship Fund

Graduate and advanced certificate programs are available in the College of Education; for more information, see the separate Graduate Catalog or contact the Office of Graduate Studies at (716) 673-3808.

ENGINEERING (COOPERATIVE)

Office: 121 Houghton Hall (716) 673-3302
E-mail: Cooperative.Engineering@fredonia.edu
Michael Grady, Director

The Cooperative Engineering program takes its name from the academic cooperative agreements between SUNY Fredonia and its affiliated engineering schools. The intent is to combine liberal arts and sciences at Fredonia with engineering at another school, thereby maximizing the student’s potential as a member of society and as an employer or employee. The agreements facilitate student transfer and mutual recognition of general education requirements. SUNY Fredonia is currently affiliated in a Cooperative Engineering program with the following institutions:

- Case Western Reserve University (1)
- Clarkson University (2)
- Columbia University (3)
- Cornell University* (4)
- Louisiana Tech University (5)
- New York State College of Ceramics at Alfred (6)
- Ohio State University (7)
- Penn State Erie (8)
- Rensselaer Polytechnic Institute (9)
- Rochester Institute of Technology (10)
- State University of New York at Binghamton (11)
- State University of New York at Buffalo (12)
- Syracuse University (13)
- Tri-State University (14)

*Affiliation under review – not currently active.

The following is a list of the diverse program options available at the engineering colleges, under the Fredonia Cooperative Engineering program, identified by the institution code number given above. As institutions are continually revising and updating their offerings, students are advised to consult with the catalogs of affiliated schools for recent additions and changes.

- Aeronautical (2), (9)
- Aerospace (1), (4), (12), (13)
- Aerospace and Aviation (7)
- Applied and Engineering Physics (4)
- Applied Physics (3), (4)
- Bioengineering (13)
- Biological (4)
- Biomedical (1), (3), (4), (5), (7), (9)
- Biomedical Materials Eng. Science (6)
- Ceramic (6), (7)
- Chemical (1), (2), (3), (4), (5), (7), (9), (12), (13), (14)
- Civil (1), (2), (3), (4), (5), (9), (12), (13), (14)
- Civil and Environmental (7), (13)
- Computer (1), (2), (3), (4), (8), (10), (13), (14)
- Computer and Systems (9)
- Earth and Atmospheric Sciences (4)
briefly, a student in the 3-2 option takes a minimum of 90 credit hours for the three-year Fredonia component. However, it is to the student's advantage to choose the second institution and the area of engineering as soon as possible. To transfer, the student first consults with the Cooperative Engineering director and then applies to one of the affiliated engineering colleges or to any other engineering college of his/her choice. Usually, a favorable letter of recommendation from the director is forwarded for highly motivated students with satisfactory academic records. At the affiliated engineering institution, a SUNY Fredonia student application is given special consideration. However, it should be noted that for Case Western Reserve and Columbia, admission is guaranteed to students with an overall average of B+ (3.3).

Since there are more than 60 baccalaureate programs with numerous concentrations available at the affiliated institutions, and since these curricula are frequently updated, it is mandatory that all students registered in Cooperative Engineering meet the director or authorized designee for advisement each and every semester.

For students interested in transferring to the Cooperative Engineering program either from other Fredonia majors or from other colleges, the following applies:

1. The student should have completed sufficient background courses to insure timely completion of the three-year Fredonia component.

2. The student should have a cumulative GPA of approximately 2.5 or higher. Students should be aware that engineering schools will not accept students with less than outstanding academic records.

A student organization, the Fredonia Engineering and Physics Society, provides a lecture series given by engineers invited from industry as well as from the affiliated institutions, who speak about their work and about engineering careers. The society also provides other extracurricular activities including design projects. Recent projects include the design and construction of a magnetically levitated train, an optical holography table, and a small robot.

A large number of engineering and engineering-related courses comprising most courses typically taught in the first two years at engineering schools are offered at
Fredonia. These include Engineering Mechanics I and II (PHYS 321-322), Circuit Analysis I and II (PHYS 323-324), Thermodynamics (PHYS 330), and Optics w/lab (PHYS 340, 341).

Students should contact the director of the Cooperative Engineering program for additional details for the following awards:

- Herbert P. Carlyon Scholarship
- Cooperative Engineering Scholarship Award

### ENGLISH

**Office:** 277 Fenton Hall  
(716) 673-3125  
E-mail: English.Department@fredonia.edu  
**Jeanette McVicker, Chairperson**

The Department of English offers a broad education in the literature of our own and other times and places, emphasizing critical reading and thoughtful writing. Traditional literary and historical analysis of fiction, poetry, and drama is basic to our discipline, but that study may be extended in many ways. Options include film, cultural studies, language study, pedagogy, and creative writing.

Our graduates work for journals, publishers, business firms, arts organizations, and schools; some may also go on to graduate programs in English, education, American studies, journalism, law, and social work. Others choose to pursue our Master of Arts degree in English or our Master of Science in (English) Education degree.

**For the English major**, the department offers a varied exposure to literature and criticism through a core of required courses. Internships in English-related fields are also available.

**For the English minor**, the department offers courses that can easily be organized to complement any major or pre-professional study.

### Awards and Scholarships

The department awards several scholarships and prizes recognizing both financial need and superior achievement:

#### Fall Awards

- Laura D. Foster/Florence Jeanetta Dick Literature Award
- Mary Louise White Book Awards for First-Year Students

#### Spring Awards

- John and Eleanor Courts Memorial Scholarship
- Crescent Ehmke Graham Scholarship
- The Howard Herkimer and Hildegard Maytum Strong Scholarship
- Henry F. Salerno Scholarship for a Graduating Senior
- Undergraduate Writing Beyond First Year Award
- Graduate Writing Award
- Mary Louise White Poetry Award
- Mary Louise White Fiction Award
- Mary Louise White Creative Writing Award

### Requirements for the Bachelor of Arts Degree in English 323 liberal arts)

The major in English requires a minimum of 36 credit hours of courses selected according to the outline given below. It also requires the completion of a reflective portfolio. In special circumstances, a particular course requirement may be waived and another course substituted with written approval of the chairperson. Students seeking a waiver of a particular course requirement should consult their advisors; approval for such waivers is granted by the Department of English chairperson or his/her designee.

No more than 6 credit hours earned in any combination of internships and independent studies may be counted toward the major.

Majors in English must complete at least 75 credit hours outside the major in order to graduate. Credit earned for ENGL 100 (English Composition) does not count as part of the major.

All students are required to complete a separate minor in another discipline or one of the interdisciplinary programs. Double majors are exempt from the minor requirement.

### Program Outline:

I. 15 hours from the following core courses:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>ENGL 205</td>
<td>Epic and Romance</td>
<td>3</td>
</tr>
<tr>
<td>ENGL 207</td>
<td>Drama and Film</td>
<td>3</td>
</tr>
<tr>
<td>ENGL 209</td>
<td>Novels and Tales</td>
<td>3</td>
</tr>
<tr>
<td>ENGL 211</td>
<td>World Poetry</td>
<td>3</td>
</tr>
</tbody>
</table>

II. 21 credit hours of electives

The required 21 additional credit hours in Department of English courses must include one course in a literary period and one course on a major author. Students are encouraged to take no more than 6 elective credit hours at the 200-level.

### English-Adolescence Education (120, secondary education)

Candidates in English-Adolescence Education are required to earn at least a C+ in each required English course and in EDU 419, and to maintain an overall GPA of 2.75. In addition to the English courses listed below, English-Adolescence Education majors must also take the following courses, achieving an average of 2.5: EDU 224, EDU 250, EDU 251, EDU 349, EDU 430, and HLTH 300. Also, candidates in Adolescence Education programs are required to demonstrate competence in a foreign language. This requirement must be satisfied in one of the following four ways: (1) completion of course work at the 116 level or above at Fredonia; (2) transferring of two successful college semesters; (3) scoring at the 50th percentile or higher on the CLEP exam; (4) completion of three years of high school language with a passing Regents score (passing = 65). The College Core Curriculum foreign language requirement differs from the certification requirement and must be satisfied for degree conferral.

Acceptance into student teaching is contingent upon: (1) completion of all course work for the major before the student-teaching semester; (2) an overall minimum GPA of 2.75; and (3) a satisfactory personal interview with English-Adolescence Education
Program Outline:

I. 24 credit hours from the following core courses:
   A. Required Core:
      Three of the following core courses (9 credit hours):
      - ENGL 205 Epic and Romance
      - ENGL 207 Drama and Film
      - ENGL 209 Novels and Tales
      - ENGL 211 World Poetry
      Plus: Five courses as follows (15 credit hours):
      - Literary period course
      - Major author course
      - Three English electives
      Students are encouraged to take no more than 6 elective credit hours at the 200-level.

   B. Portfolio Completion
      ENGL 401 Portfolio Completion

II. The following English pedagogy courses (17 credit hours):
    Candidates in the English-Adolescence Education program may count the following courses as part of the 75 credit hours outside their major discipline: ENGL 250, ENGL 355, ENGL 356, ENGL 357, ENGL 450.

    ENGL 101 Introduction to English-Adolescence Education (for first-year students)

    ENGL 103 Readings and Observations in English-Adolescence Education (for third-year students)

    ENGL 224 Adolescent Development and Child Abuse Workshop

    ENGL 250 Literacy and Technology

    ENGL 255 Adolescent Literature

    ENGL 356 Teaching Writing in the Secondary School

    ENGL 357 Literacy, Language, and Learning Theory

    ENGL 450 Seminar for Teachers of English (seniors only)

III. The following education and health courses (28 credit hours):

    EDU 224 Adolescent Development and Child Abuse Workshop

    EDU 250 Introduction to the Exceptional Learner

    EDU 349 Educational Psychology and Child Abuse Workshop

    EDU 419 Secondary School Methods

    EDU 430 Student Teaching Grades 7-12

    HLTH 300 Education in Drugs/Alcohol/Tobacco

Requirements for Transfer Credit
The Department of English at Fredonia requires majors in English to complete at Fredonia a minimum of 24 credit hours of courses applied to the major. Thus, students transferring to Fredonia should normally expect no more than 12 credit hours earned elsewhere to apply to the major in English. Additional hours earned in English may be used as general electives or may be applied, under prescribed conditions, to the College Core Curriculum.

As a rule, the department will not accept credits earned at two-year colleges as equivalents for upper-level courses.

Requirements for the Minor in English
The minor in English requires a minimum of 21 credit hours of courses, no more than 9 credit hours at the 200-level and at least 12 credit hours in courses numbered 300 and above. One of the 200-level courses must be selected from the world literature core, i.e., 205 (Epic and Romance), 207 (Drama and Film), 209 (Novels and Tales), 211 (World Poetry). One of the 300-level or above courses must be a criticism/theory course.

Before beginning work on the thesis, the student should identify a faculty member who will be willing to serve as the thesis director. The completed thesis should be read by the director and one other reader, who will usually be a member of the English department but who can, if the topic so requires, be from another department.

Requirements for the Minor in English

ENGLISH 31
ENGL 100 may not be counted as part of the minor. A maximum of 9 credit hours may be transferred from other institutions toward the minor in English. A maximum of 3 credit hours earned in internships and independent study may be counted toward the minor. A maximum of 6 credit hours may be applied to the minor from the student's major program.

Advising
An assigned faculty advisor will aid each student majoring in English or English-Adolescence Education in completing his or her portfolio. Advisors also help both major and minor advisees in preparing course schedules, understanding requirements, making broad educational decisions, and solving other academic problems. As a further aid, the department regularly publishes a pre-registration Course Description Booklet that contains details not found in this Undergraduate Catalog – required readings, papers, exams – about courses scheduled each semester.

Course Numbering:
All courses are open to majors and non-majors alike (except for specialized prerequisites or core courses as indicated); however, allowing for correction through advisement and the Course Description Booklet, the student may generally assume the following:

100  level courses are introductory;
200  level courses are survey-introductory;
300  level courses focus on education, theory, literary history, and writing;
400  level courses are specialized studies of major authors, works and advanced writing;
500  level courses are open to undergraduate majors with senior standing (89 credit hours of academic course work) and with permission of the instructor and the chairperson.

Graduate programs are available in the department; for more information, see the separate Graduate Catalog or contact the Office of Graduate Studies at (716) 673-3808.

ENVIRONMENTAL SCIENCES
Office: 130 Jewett Hall
(716) 673-3817
E-mail: Alicia.Perez-Fuentetaja@fredonia.edu
Alicia Perez-Fuentetaja, Coordinator

Human population growth and economic development require large quantities of natural resources, often resulting in environmental degradation. As a result, there is an increasing demand for scientists with a background in environmental science to address the environmental challenges we face in this century. The major in Environmental Sciences integrates the principles of the natural sciences to study human resource utilization and evaluate the options to mitigate impacts to natural ecosystems and resources. In this major, an assessment approach is taken in the study of topics such as species diversity, point and non-point source pollution, fate and transport of hazardous substances, geological resources, hydrological patterns, etc. In the process, students study scientific phenomena and are trained in applications to field and laboratory work, data analysis and modeling. Many of the courses in this major have field components where students collect environmental samples, analyze them, and produce comprehensive interpretations of the data. Students draw on the strengths of SUNY Fredonia's programs in biology, chemistry, geosciences, geographic information systems, and environmental science courses specifically designed for this major. As seniors, students demonstrate their ability to conduct independent work in the environmental sciences through an internship with local conservation departments, industries and municipalities, or through research with a Fredonia faculty member.

Possible careers after completion of this major include: graduate school, environmental consulting, resource management, conservation scientist, aquatic and fishery research/management, wildlife management, conservation officer, environmental and community planning, etc.

Requirements for the Bachelor of Science/Interdisciplinary Studies
Major in Environmental Sciences

A: Core Requirements: Hrs.
1. Environmental Sciences (13 credit hours) 3
   ESCH 105 Global Environmental Issues
   ESCH 310 Methods in Environmental Analysis
   ESCH 410 Environmental Assessment
   ESCH 440 Environmental Science Seminar
   ESCH 490 Environmental Science Practicum

2. Mathematics (3 credit hours)
   STAT 250 Statistics for Scientists

3. Biology (8 credit hours)
   BIOL 131/132 Principles of Biology I & Lab
   BIOL 243/244 Biodiversity & Lab

4. Geosciences (4 credit hours)
   GEO 165 Geology I
   GEO 169 General Geology Lab

5. Geographic Information Systems (3 credit hours)
   GIS 201 Geographic Information Systems I

6. Chemistry (12 credit hours)
   CHEM 116/120 General Chemistry I & Lab
   CHEM 116/126 General Chemistry II & Lab
   CHEM 215/225 Organic Chemistry I & Lab

B. Tracks. Two tracks must be chosen from the following three tracks. All three tracks can be chosen, if desired.

1. Biology Track (7 credit hours)
   BIOL 330/331 General Ecology & Lab
   BIOL 426 Current Environmental Topics

2. Geosciences Track (8 credit hours)
   GEO 330 Geomorphology
   GEO 450 Hydrogeology

3. Chemistry Track (12-14 credit hours)
   MATH 120 Survey of Calculus I or
   MATH 121 Survey of Calculus II (recommended)
   MATH 122 University Calculus II (recommended)
   MATH 123 University Calculus II
   CHEM 317 Analytical Chemistry I
   CHEM 473 Environmental Chemistry

C. Recommended Electives (26 credit hours) – to be chosen during consultation with faculty advisor based on future plans and interests of the
student. Electives could include courses in the track that the student is not currently taking and courses required to complete minors in compatible areas, such as Biology minor, Geographic Information Systems minor, Geology minor, Chemistry minor, Public Health minor, etc. Other course options include:

- BIOL 421 Biological Conservation
- BIOL 424 Aquatic Biology
- BIOL 427 Fisheries Science
- BIOL 333 Biochemistry
- CHEM 216 Organic Chemistry II
- CHEM 318 Analytical Chemistry II
- CSIT 104 Introduction to Microcomputer Software
- CSIT 106 Scientific Programming using C++
- ECON 201 Principles of Macroeconomics
- ECON 202 Principles of Microeconomics
- ECON 380 Environmental/Natural Resource Economics
- GIS 301 Geographic Information Systems II
- GIS 370 Earth Systems Science
- GEO 311 Global Climate
- POLI 276 Law and Society
- POLI 277 Introduction to Law
- POLI 387 Environmental Policy

**Notes:** No more than four (4) courses may be taken in any one discipline.

To determine if a course not listed above will satisfy requirements for the Film Studies minor, students should contact the Film Studies office.

(Foreign Languages, see Department of Modern Languages and Literatures, page 49.)

(French, see Department of Modern Languages and Literatures, page 49.)

**FRESHMAN SEMINAR**

Office: 2148 Fenton Hall  
E-mail: Vivian.Conover@fredonia.edu  
Vivian Garcia Conover, Associate Dean and Director of Academic Advising

Freshman Seminar is a 1-credit hour course that is intended to help incoming freshmen succeed at SUNY Fredonia and become lifelong learners. The course introduces first year students to the academic and social aspects of university life, and is designed to empower students to become successful learners at the collegiate level. Freshman Seminar provides both an introduction to the nature of college education and a general orientation to the functions and resources of the university as a whole. It thus helps first year students adjust to the university, develop a better understanding of the learning process, and acquire basic academic survival skills.

**GEOGRAPHIC INFORMATION SYSTEMS**

(Interdisciplinary Studies minor only)  
Office: 114 Houghton Hall  
(716) 673-3884  
E-mail: GeographicInformation.Systems@fredonia.edu  
Ann K. Deakin, Coordinator

The objective of the Geographic Information Systems minor is to provide an interdisciplinary educational experience that prepares undergraduate students to use Geographic Information Systems (GIS) within their chosen fields of study. A GIS is a computer-based system, comprised of both hardware and software that enables the collection, integration, analysis, and graphic display of geographically referenced data.
data. It is estimated that as much as 85 percent of a government agency's data is geographic, including, at a minimum, street addresses, political boundaries, postal codes, and latitude and longitude coordinates. Private sector organizations also work with an overwhelming amount of similar kinds of data in their day-to-day operations. With so much geographically based information, GIS has become essential to the effective operation of both public and private organizations.

The minor will prepare students for careers or graduate study in virtually all areas of the public or private sector where GIS is increasingly in use and critical for efficient management, thorough policy analysis, cost-effective decision making, and GIS display and processing.

The curriculum in this minor is multidisciplinary in content and interdisciplinary in approach, drawing on a variety of disciplines and departments.

Students are required to take 24-25 credit hours (a minimum of 15 credit hours outside of their major) from among the following courses:

A. GIS Core Courses: 12-13 credit hours required

- CSIT 105 Visual BASIC Programming 3
- CSIT 106 Scientific Programming Using C++ 3
- CSIT 121 Computer Science I 3
- GIS 201 Geographic Information Systems I 3
- GIS 301 Geographic Information Systems II 3
- GEO 301 Cartography 4
- GIS 350 Remote Sensing/Image Processing 3

B. GIS Elective Courses: 6 credit hours required

- Two courses from the following:
  - GIS 350 Remote Sensing/Image Processing 3
  - GIS 360 Mapping the Social World 3
  - GIS 401 Special Topics in GIS 3
  - GEO 301 Cartography 3
  - CSIT 107 Internet and Web Programming 3

C. Interdisciplinary Elective: 3 credit hours required

- One course required from the following:
  - BIOL 330 General Ecology 3
  - BUAD 261 Management Information Systems 3
  - CSIT 205 Visual BASIC Applications 3
  - CSIT 207 WWW Design and Programming 3
  - CSIT 221 Computer Science II 3
  - ECON 335 Economic Development 3
  - ECON 340 Urban and Regional Economics 3
  - ECON 380 Environmental/Natural Resource Economics 3
  - ESCI 410 Environmental Assessment 3
  - GEO 330 Geomorphology 4
  - MATH 231 Linear Algebra 3
  - POLI 380 Policy Evaluation 3
  - PSY 373 Human Factors 3
  - SOC 215 Introduction to Public Health 3
  - SOC 362 Criminology 3

D. Practicum: 3 credit hours required

- GIS 450 Directed Study 3
- GIS 480 Independent Study 3
- GIS 490 Internship 3-6

*GEO 301 may not be used both for a GIS required course and a GIS elective course.

**GIS 350 may not be used both for a GIS required course and a GIS elective course.

GEOSCIENCES

Office: 121 Houghton Hall
(716) 673-3303
E-mail: Geosciences.Department@fredonia.edu

John L. Berkley, Chairperson

The Department of Geosciences offers five degree programs.

The B.S. degree program in Geology is intended primarily for students planning to undertake employment or graduate study in geology or who desire a liberal arts education with an emphasis in geology. Most geologists are employed by private industry in petroleum, mining, cement, ceramic, sand and gravel, and in environmental and engineering firms. Many work for various federal agencies and the 50 state geological surveys, or are self-employed, often working as consultants. Colleges and universities offer teaching and/or research positions.

The B.S. degree program in Geochemistry, an interdisciplinary program with the Department of Chemistry, prepares the student to undertake employment or graduate study in this field. Geochemists are employed in the mineral resource industries, earth and space sciences, environmental sciences, and several branches of chemical science and technology. In addition to careers in industry, geochemists are employed by consulting firms, academic institutions, and the federal government.

The B.S. degree program in Geophysics, a joint program with the Department of Physics, is intended primarily for students interested in pursuing a graduate program or employment in geophysics (or geology). Career opportunities exist within industries, engineering consulting firms, and the federal government dealing with subjects as diverse as energy, waste management, the environment, natural resources availability, weather forecasting, the prediction of climate change, earthquakes, volcanic eruptions, and planetary science. Academic institutions provide teaching and research opportunities.

The B.A. degree program in Earth Sciences is intended primarily for students who want a liberal arts education with a broad emphasis in the several sub-disciplines that constitute the earth sciences. It is useful to those who have career goals in production, technical services, information systems/processing, marketing/sales, administration and/or finance, rather than goals of becoming professional scientists.

The B.S. degree program in Adolescence Education is intended for those students who plan to teach earth science in secondary schools. It includes the fundamental courses in geology, meteorology, astronomy, and oceanography, which constitute the "content" of earth science, and the necessary professional education courses.

Students planning to pursue a career in the earth sciences as professional scientists should earn one of the B.S. degrees in Geology, Geochemistry, and Geophysics rather than the B.A. or B.S. degrees in Earth Sciences, because the former require a more rigorous background in physics and mathematics which is needed to pursue graduate studies in the geosciences or employment as professional scientists.

Teacher Certification: Students who desire to teach earth science in secondary schools may obtain initial certification by completing the B.S.
degree program in Earth Sciences with its required professional courses in education (EDU 224, 250, 349, 430 and SCED 105, 276, 305, 419). Students in all education programs are required to demonstrate competence in a foreign language. This requirement may be satisfied in any one of the following ways: (1) completion of course work at the 116 level at Fredonia, or (2) transferring of two successful college semesters, or (3) scoring at the 50th percentile or higher on the CLEP exam, or (4) completion of three years of high school language with a passing Regents score (passing = 65). The College Core Curriculum foreign language requirement differs from the certification requirement and must be satisfied for degree conferral. Students are screened by the department chairperson before entering EDU 419.

Students are encouraged to participate in the activities of the Geology Club and Geophysics Society.

The department awards textbook scholarships for academic achievement each semester and annually presents the MacDiarmid Award to the department’s outstanding graduating senior, the Paul D. Willette Scholarship to the outstanding junior, the Walther M. Barnard Geosciences Scholarship to the outstanding sophomore, and the Mark D. and April Hoefner Orgren Scholarship to the outstanding freshman. The Susan Mara Scholarship is awarded by the department to students deserving of special recognition.

Explanation of geosciences (GEO) course numbers: 100-level courses are introductory courses without prerequisites; 200-level courses are general service courses with prerequisites; 300-level courses are upper-level Core College Curriculum courses, and electives and required courses for geosciences majors; and 400-level courses include required and elective courses for majors, generally with high-level or multiple prerequisites.

Laboratory credit: 1 credit hour of laboratory work includes three clock hours in the laboratory per week. Four-credit hour courses in geosciences include 1 credit hour of laboratory work.

**Requirements for the Bachelor of Science Degree in Geology**

Core Program (39 credit hours in geosciences; 25-29 credit hours in related disciplines):

- GEO 165 Geology I 3
- GEO 169 General Geology Lab 1
- GEO 210 Geology II 3
- GEO 370 Structural Geology 4
- GEO 411 Mineralogy 4
- GEO 421 Petrology 4
- GEO 459 Seminar in Geosciences 1
- GEO 461 Field Geology 3
- GEO 3XX/4XX Elective courses (excludes 16 Internship, Lab Supervision, and more than 2 credit hours of Directed Study; may include up to 4 credit hours in Geographic Information Systems courses)

MATH 120-121 Survey of Calculus I & II 6 or University Calculus I & II 8
MATH 122-123 General Chemistry I & II 8 and CHEM 125-126 (Labs) 8
PHYS 121/123 College Physics I & II and PHYS 122/124 (Labs) 8
PHYS 230/231 University Physics I & II and PHYS 232-233 (Labs) 10

A course in Statistics at the 200 level or higher.

**Requirements for the Bachelor of Science Degree in Geochemistry**

Core Program (23 to 24 credit hours in geosciences; 19 to 20 credit hours in physics; 26 credit hours in related disciplines):

- GEO 165 Geology I 3
- GEO 169 General Geology Laboratory 1
- GEO 215 Minerals and Rocks 4
- GEO 335 Geophysics 4
- GEO 370 Structural Geology 4
- GEO 459 Seminar in Geosciences or Geosciences Honors Track Includes B.S in Geology core program described above, but with the following stipulations for GEO 3XX/4XX electives: 16 credit hours to include GEO 471 Senior Thesis and STAT 250 Statistics for the Sciences. Recommended courses are GEO 445 Internship (up to 4 credit hours) and GIS courses (up to 6 credit hours).

A course in Statistics at the 200 level or higher.

**Requirements for the Bachelor of Science Degree in Earth Sciences**

Core Program (31 to 34 credit hours in geosciences; 25 to 29 credit hours in related disciplines):

- GEO 165 Geology I 3
- GEO 169 General Geology Laboratory 1
- GEO 215 Geology II 3
- GEO 305 Geophysics 4
- GEO 459 Seminar in Geosciences or
- CHEM 495 Seminar: Recent Advances in Chemistry Geology electives 1

CHEM 115 General Chemistry I & II and CHEM 125-126 (Labs) 8
CHEM 215 Organic Chemistry I & II and CHEM 225-226 (Labs) 8
CHEM 395 Introduction to Research (recommended) 1
CHEM 315 Physical Chemistry -325 (Lecture and Lab) 4
CHEM 317 Analytical Chemistry I & II and CHEM 327-328 (Labs) 9
PHYS 230/231 University Physics I & II and PHYS 232-233 (Labs) 10
MATH 122-123 University Calculus I & II 8

A course in scientific writing, (completion of CHEM 225, 226, and 395 Introduction to Research fulfills requirement).

A course in computer science.

**Requirements for the Bachelor of Science Degree in Geophysics**

Core Program (23 to 24 credit hours in geosciences; 19 to 20 credit hours in physics; 26 credit hours in related disciplines):

- GEO 165 Geology I 3
- GEO 169 General Geology Laboratory 1
- GEO 215 Minerals and Rocks 4
- GEO 335 Geophysics 4
- GEO 370 Structural Geology 4
- GEO 459 Seminar in Geosciences or

PHYS 122/124 (Labs) 8
PHYS 230 University Physics I & II 8 and PHYS 232-233 (Labs) 10

A course in Statistics at the 200 level or higher.

**Requirements for the Bachelor of Arts Degree in Earth Sciences**

Core Program (31 to 34 credit hours in geosciences; 25 to 29 credit hours in related disciplines):

- GEO 165 Geology I 3
- GEO 169 General Geology Laboratory 1
- GEO 215 Geology II 3
- GEO 215 Minerals and Rocks 4
- GEO 305 Geophysics 4
**Requirements for the Bachelor of Science Degree in Adolescence Education Earth Sciences**

Core Program (34-36 credit hours in geosciences; 36 credit hours in education; 26 to 30 credit hours in related disciplines):

- GEO 150 Moons and Planets 3
- GEO 160 Oceanography 3
- GEO 165 Geology I 3
- GEO 169 General Geology Laboratory 1
- GEO 210 Geology II 3
- GEO 215* Minerals and Rocks 4
- GEO 311 Global Climate 3
- GEO 330* Geomorphology 4
- GEO 459 Seminar in Geosciences 1

Two GEO 3XX/4XX electives, as advised 6-8

*Writing-intensive course.

Also, an additional writing-intensive course from the following: GEO 335 Geophysics (4); GEO 400 Stratigraphy (4); GEO 370 Structural Geology (4). Note: The two upper-level electives (3XX/4XX) above cannot be used to meet this requirement.

- SCED 105/106 Nature of Science and Science Education 3
- EDU 224 Adolescent Development and CAW 3
- EDU 250/251 Introduction to the Exceptional Learner 3
- SCED 276 Literacy and Technology for Science and Mathematics 3
- SCED 305/313 Diversity in the Teaching of Science and Mathematics 3
- EDU 349 Educational Psychology 3
- SCED 419 Adolescence Science Methods 3
- EDU 430 Student Teaching in Secondary School 15

And a course in computer science 3

Two upper-level electives (3XX/4XX) above 6-7

**Requirements for the Minor in Geological Sciences**

Twenty-three credit hours in geosciences, including GEO 165, 169, 210, and four 4-credit hour courses, as advised, from the 200-300-400 levels.

**Requirements for the Minor in Earth Sciences**

Twenty-four credit hours in geosciences, including GEO 165, 169, 150, 160, 210, 215, 311, and one 4-credit hour course from the 300-400 levels.

**Geographic Information Systems**

This program is sponsored jointly by the departments of Geosciences and Political Science. Interested persons should refer to page 33 for a description of the minor.

**INTRAMURALS AND RECREATION**

Office: 154 Dods Hall
Phone: (716) 673-3590
E-mail: Geoff.Braun@fredonia.edu

Geoff Braun, Coordinator

The Department of Health, Wellness, and Recreation offers academic classes that enhance lifetime wellness, personal health, and well-being, drug prevention courses for Childhood Education majors, intramural and recreational programs for students, and an interdisciplinary minor in Sport and Exercise Studies. Wellness courses are offered to enhance the quality of life of students and to develop skills in physical activities that can be continued for a lifetime. Health enhancement courses such as Stress Management, Fitness and Nutrition, and Wellness and Health Promotion encourage students to take an active responsibility in managing their health.

Intramurals and Recreation offers many sports and recreational activities to meet the needs of its student, faculty and staff participants. The department’s goal is to provide a variety of quality programs in order to foster an interest in a healthy and interactive lifestyle. Intramurals provide a fun way to meet new people, get exercise, and have friendly competitions. The university employs 30 students to serve as field supervisors as well as referees. It also offers one- to two-day tournaments, and leagues that run four to seven weeks. Women’s, men’s, and co-ed leagues are available for each sport that is offered. In the fall semester the department typically offers sand volleyball, flag football, outdoor soccer, broomball, a 3-on-3 basketball tournament, indoor volleyball, indoor soccer, euchre tournament, and ultimate frisbee. The spring semester brings about basketball, floor hockey, wallyball, roller hockey, volleyball, softball, racquetball, and broomball.

Health, Wellness, and Recreation offers: the Blue Devils Fitness Center, two gymnasiums, four racquetball courts, indoor and outdoor track, natatorium, four outdoor basketball courts, and eight tennis courts.

**Blue Devils Fitness Center**

The Blue Devils Fitness Center is located in Dods Hall and consists of 5,200 square feet of activity space. The fitness center is one of the largest and best-equipped centers in the SUNY educational system. The fitness
center offers strength training equipment, power lifting equipment, progressive resistance equipment and cardiovascular training equipment which meets the exercise needs of a variety of recreational as well as highly trained students and athletes. The Dods Hall gymnasium is adjacent to the fitness center and consists of over 9,000 square feet of space in which the department conducts aerobics and step aerobics classes and a variety of recreational, intramural and athletic activities. The space can accommodate large fitness classes of over 100 students per class. The department’s facility schedule can be accessed through the Fredonia homepage at www.fredonia.edu.

Steele Hall Fieldhouse

The fieldhouse measures 155 feet x 130 feet (19,500) and is capable of seating 3,500 people. The Steele Hall Fieldhouse houses one varsity basketball court, two intramural/recreational courts, four competitive volleyball courts, a four lane all weather indoor track, and a walking aerobic exercise area for students, faculty and staff. This area is also used for special events, Commencement ceremonies, and concerts.

Outdoor Tennis and Basketball Facilities

Eight outdoor lighted tennis courts were constructed in 2000. There are two outdoor basketball courts adjacent to the new tennis courts. These additions to the university’s facilities allow the department to offer beginning and advanced tennis, recreational and intramural programs and intercollegiate tennis for men and women.

Steele Hall Ice Rink

The Steele Hall Ice Rink measures 200 feet x 85 feet. The rink hosts many student activities including beginning, intermediate and advanced skating classes, figure skating classes, and student club sports such as figure skating and club hockey. Recreational skating is offered to students at no charge on Monday, Friday, Saturday and Sunday evenings.

Natatorium

The natatorium, which officially opened in the fall of 2001, consists of an eight lane competitive swimming pool and separate diving area which houses two 1-meter and one 3-meter diving boards. The permanent pool deck has a special extra wide teaching area. Space is available for on-deck fitness equipment for the training of competitive swimmers. A separate area is available for the SCUBA cascade system that will allow the university to offer both beginning and advanced SCUBA classes. The natatorium programs consist of intercollegiate swimming and diving, beginning, intermediate and advanced swimming classes, fitness through swim classes, aqua-robics, water polo and water basketball, recreational swim and learn to swim classes. A large meeting-special event room exists adjacent to the natatorium and is available for meetings and special events.

Interdisciplinary Minor in Sport and Exercise Studies

Please refer to the sections of this catalog dealing with the Interdisciplinary Studies major and minor programs on pages 41 and 71 to view a full listing of course requirements.

Basic, intermediate and advanced Wellness Activity courses:

Coed 100 level Wellness courses:

Basic: For individuals having little or no knowledge or skill in the activity. Emphasis is on the development of basic skills and knowledge of the activity.

Intermediate or Advanced: For students who have developed the basic skills and knowledge of the activity. Emphasis in advanced classes is placed on the development of advanced skills and strategies. A student may elect to enroll in 100-level wellness courses with a maximum of 4 credit hours to be used as elective credit toward a degree. Some activity courses at the 100-level may be repeated for credit by students within the maximum 4 hours of elective credits. The following courses are not repeatable: PHED 102, 103, 104, 105, 106, 107, 109, 120, 128, 134, and 138. The following courses are repeatable one time: PHED 121, 129, and 135.

Students may participate in additional 100-level courses over the allowable maximum (4) elective credit hours. However, all 100-level courses beyond the first 4 credit hours will be in excess of the normal 120 hours required for a degree.
History or Social Studies major who has attained junior rank. The department also annually recognizes an Outstanding History major, an Outstanding History student, and an Outstanding History paper. Phi Alpha Theta, the history honor society, recognizes academic excellence (see page 73).

Requirements for the Bachelor of Arts Degree in History

Thirty-nine credit hours in history, at least 18 hours of which must be at the 300-level or above, with the exception that follows. Of those 18 hours, 6 hours may be taken from among the 200-level surveys in African, Asian, Latin American, and Middle Eastern history. Before taking 300- or 400-level courses, students should have completed HIST 201 (Doing History). Selected students will have the opportunity to participate in HIST 499 (Honors Research Seminar), offered in the fall semester; other students must take HIST 495 (Capstone Seminar). The program must include the following:

A. HIST 105-106; 3 additional credit hours from American/U.S. history at the 300-level or above
B. HIST 116; 3 additional credit hours from European history at the 300-level or above
C. Three courses from the history of Africa, Asia, Middle East, Latin America, and/or Global
D. Two additional history courses as advised
E. HIST 201 Doing History (should be taken in the sophomore year)
F. Capstone course: HIST 499 or HIST 495 (should be taken in the junior or senior year)

Total: 39

Requirements for Transfer Credit:

Students transferring credit to Fredonia should normally expect no more than 21 credit hours earned elsewhere to apply to the major in History. As a rule, the department will not accept as equivalents of upper-level courses (above HIST 299) credits earned at two-year colleges. HIST 201 and the capstone requirement (HIST 499 or HIST 495) must be completed at Fredonia.

Other Requirements: Majors must fulfill all testing and assessment requirements set by the department. Students whose objectives require a different program may, upon petition to the department chairperson, seek approval for a program of their own design.

Requirements for the Bachelor of Arts Degree in Social Studies

Responsibility for the B.A. in Social Studies Adolescence Education is shared by the College of Education and the Department of History. Students are encouraged to double major in History (or another field) in order to enhance their understanding of the discipline and their future employment opportunities.

Requirements beyond those of the College Core Curriculum include:

I. Professional Education Courses

<table>

</tr>
</tbody>
</table>

Group IV: Building Knowledge, Connections, and Arguments (15 credit hours)

A. Three courses in History at the 300-level or above: one with focus on the American/U.S. experience; one on Europe; one on global or non-Western cultures.

B. Two courses at the 300-level or above in history, political science, economics, sociology, psychology, and/or anthropology. The courses must be in different departments. Students seeking to
double major in Social Studies and History should take one history course in this category.

III. Foreign Language  
(0-6 credit hours)

Students in all education programs are required to demonstrate competence in a foreign language. This requirement may be satisfied in any one of the following four ways:  (1) completion of course work at the 116 level at Fredonia, or (2) transferring the equivalent of two successful college semesters (116 level), or (3) scoring at the 50th percentile or higher on the CLEP exam, or (4) completion of three years of high school language with a Regents score of 85.

Double Major  
To achieve the double major in History with the addition of only one history course, the student must select a history course for the American minorities requirement and for one of the Part IV B courses in the Building Knowledge group.

Requirements for Transfer Credit:  
Students transferring credits to Fredonia should normally expect no more than 27 credit hours earned elsewhere to apply to the Social Studies course requirements. (Special consideration can be given students who have earned a B.A. degree in one of the social sciences.) As a rule, the department will not accept as equivalents to advanced social studies courses credits earned at two-year colleges. All requirements for EDU 419 and EDU 430 must be completed under Fredonia supervision. To be applied to the requirements of the Social Studies Adolescence Education program, transferred courses must have been completed with a grade of C+ or better.

Other Requirements: All majors must fulfill all testing and assessment requirements set by the Department of History. At present, these include gated assessment requirements. Grades must be C+ or better in all required courses in the Social Studies program. The Written Communication requirement under the College Core Curriculum must be passed with a C or better. Students are encouraged to complete one course in statistics as part of the College Core Curriculum.

Enrolled students and transfer students wishing to declare the Social Studies Adolescence Education major must have an overall GPA of 2.75. The grade point requirements for entering the student teaching semester are: overall GPA of 2.75, in Professional Education courses 2.75, and in the Social Studies component 2.75. Acceptance into the senior, professional year is also contingent upon a personal interview and review by the Social Studies screening committee composed of Department of History faculty and area social studies teachers. A copy of the criteria used by the screening committee may be obtained in the history department. Acceptance into student teaching also requires approval by the director of the College of Education, see page 27.

EDU 419 can be taken only in the fall semester of the senior year. EDU 430 requires the entire spring semester as a full course load.

Students are strongly advised to pursue a second major in History or one of the other social science disciplines (economics, political science, or sociology/anthropology) and may count appropriate courses taken for the Social Studies Adolescence Education major and the College Core Curriculum requirements towards such a second major.

Requirements for a Minor in History  
Eighteen credit hours of course work in history, including 9 credit hours at the 300-level or above. The department suggests the following concentrations:

Global Studies: HIST 101-102, HIST 386 and three additional courses in global or non-Western history.

American Society and Culture: HIST 105-106, and four additional courses in American history.

North American Studies: HIST 105-106, and four additional courses on the history of Mexico, Canada, and the United States.

Middle East/Asian Studies: HIST 101-102, and four of the following courses: HIST 261, 264, 265, 266, 268, 361, 366, 367, 368.

European Studies: HIST 115-116, and four additional courses in European history.

Other concentrations are also possible. The program must be prepared in consultation with a department faculty member and receive department approval. No more than 9 credit hours of history credit earned prior to the declaration of the minor may be credited toward the program.

A graduate program is available in the department; for more information, see the separate Graduate Catalog or contact the Office of Graduate Studies at (716) 673-3808.
INDUSTRIAL MANAGEMENT

Office: 121 Houghton Hall
(716) 673-3302
E-mail: Industrial.Management@fredonia.edu
Michael Grady, Director

There is a well-recognized need for scientifically and technologically educated managers in the industrial and Research and Development (R & D) communities. The Industrial Management program at Fredonia is designed to serve this need by providing the necessary foundation in applied physics, business, economics, and mathematics. It is similar to many engineering and management programs. The curriculum is structured to prepare students for careers either in industry, governmental facilities or other organizations that address the present and future technological needs of our society. Graduates can also pursue advanced studies at graduate institutions.

The Industrial Management program is an integrated multidisciplinary curriculum combining courses from applied physics (27/29 credit hours), business/economics (24 credit hours), mathematics/computer science (24 credit hours), and social sciences/humanities and a sufficient number of supporting elective courses to enhance career objectives. Additionally, the foundation of oral and written communication is developed early in the program and consistently used throughout. A college-approved internship experience is required following the completion of either the sophomore or junior year.

Required Core Program: (87-90 hours)

In addition, completion of an appropriate summer industrial work experience is required prior to entering the senior year.

Faculty members are listed under the Department of Physics.

Interdisciplinary Studies

The Interdisciplinary Studies degree program provides students with the greatest possible flexibility in meeting their educational goals by offering the opportunity to design creative and individualized interdisciplinary majors and minors.

Students in the Interdisciplinary Studies programs are committed to exploring innovative connections and emerging relationships drawn from the traditional disciplines and those developing areas of overlap and interface. These students are typically explorers and creative problem solvers, and many Interdisciplinary Studies students construct their own topics of study (for either major or minor) using analytical approaches and tools from several fields. Students may also choose to pursue one of the major programs (see chart). The degree program constitutes a student’s major; the interdisciplinary minors may be taken by students majoring in any program in the university.

Students who opt for a truly individualized degree program must develop their own program under the guidance of two faculty members and with the approval of the Associate Vice President. The necessary form and guidelines for submitting a formal individualized major proposal are available from the Associate Vice President for Academic Affairs. Both the individualized degree program and a model major program will lead to the degree of Bachelor of Arts or Bachelor of Science (B.A. or B.S.).

Students interested in declaring an interdisciplinary major or minor should consult with the coordinator from the appropriate area. Major and minor programs and coordinators are listed on the chart. Majors and minors must be formally declared through the Office of the Registrar.

Requirements for Majors in Interdisciplinary Studies Degree Programs

1. Each student who chooses a major program (see list) is advised by the program coordinator or a member of the cadre of faculty from the lead department for each major.

2. For students who pursue an individualized major, formal completion and submission of the degree plan proposal must be approved by the
Associate Vice President for Academic Affairs.

3. All students in these major programs must complete the university’s requirements for the College Core Curriculum and earn the number of credit hours required outside of the major.

4. A maximum of 45 credit hours in any one discipline may count toward the 120 credit hours total required for the baccalaureate.

5. The proposed major must constitute at least 36 credit hours of which no more than 15 credit hours may come from one discipline. At least 24 of those 36 credit hours must be at the 300-400 level.

6. A minimum of 36 credit hours of 300-400 level courses must be included overall in the 120 hours required for graduation.

Requirements for the Minor in Interdisciplinary Studies
An Interdisciplinary Studies minor is a group of six to nine courses centering on a topic or problem studied from many different points of view. Each minor may be studied in combination with any major. At present, interdisciplinary minors are available in African American Studies, American Studies, American Indian Studies, Arts Administration, Film Studies, Geographic Information Systems, International Studies, Journalism, Latino Studies, Legal Studies, Multi-ethnic Studies, Public Health, Sport and Exercise Studies, and Women’s Studies. Individualized minors may be created under advisement. Minors must be formally declared through the Office of the Registrar.

Graduate programs are available; for more information, see the separate Graduate Catalog or contact the Office of Graduate Studies at (716) 673-3808.
The International Studies major has been designed to prepare students for international leadership roles in the twenty-first century. The program encourages its majors to think both globally and across disciplines as they seek to understand the dynamics of a global society. The International Studies major has been designed to prepare students for careers in the most dynamic sectors of global governance, society, and economy. The vitality behind this program comes from faculty in several disciplinary fields who offer courses and act as a steering committee for the program.

Students take a core of interdisciplinary courses, select a specialization, and complete a minor. The core courses in International Studies provide all students with a basis on which to build their individualized programs through one of six thematic specializations. Core courses ensure students will be introduced to international relations, global history, cultural issues, and the concerns and challenges facing developing and developed countries. Students also select a minor that complements the thematic specializations. The specializations offer students the opportunity for more individualized training within the framework of international studies. The six specializations are International Political Economy, Peace and Conflict, European Cultural Studies, Cultural Studies of the Americas, Advanced Industrial Societies, and the Developing World. The International Political Economy specialization prepares students for careers or graduate study in the area of economic and political analysis and policy-making. The Peace and Conflict specialization would be of interest to students who wish to pursue careers in diplomacy or national security. With the proliferation of international governmental and non-governmental organizations dedicated to cultural exchange and dialogue and the globalization of the entertainment industry, the European Cultural Studies and the Cultural Studies of the Americas specializations prepare students to seek careers in fields such as arts administration, global communication, and the championing of human rights. Advanced Industrial Societies and the Developing World lay the foundation for students to pursue regional specializations in international job settings or in graduate-level training. Proficiency must be demonstrated in a foreign language equivalent to a two-year course of study. More advanced study of a foreign language is strongly encouraged. Students must gain international experience through a study program abroad or an international internship. This is an interdisciplinary major program; for specific degree requirements unique to Interdisciplinary Studies, refer to page 40.

II. Foreign Language (3 to 12 credit hours)

1. Completion of course work through the 216 level (second-semester intermediate). This requirement may be satisfied by a student attaining a satisfactory score on the Foreign Language Placement test or a score of 4 or 5 on the Advanced Placement Educational Testing Service Examination.
2. Students must take a minimum of one course (3 credit hours) at the college level. Students may complete this requirement at Fredonia, in a program at an approved institution in the U.S., or in a foreign country.
3. Foreign language training at the 300- and 400-levels is strongly recommended.

III. International Experience (6 credit hours)

Students must take 6 credit hours of an international experience that has been approved by the International Studies Curriculum Committee. An experience in a foreign country is mandatory. This requirement can be fulfilled via enrollment in a short- or long-term study abroad program or completion of an internship with an international agency.

IV. Specializations (21 credit hours)

A. Students select one of the six specializations listed below:
   - International Political Economy
   - Advanced Industrial Societies
   - Cultural Studies of the Americas
   - The Developing World
   - European Cultural Studies
   - Peace and Conflict

B. International Studies Specializations Guidelines:
   1. Students select one specialization.
   2. No more than 9 credit hours may be taken in the same discipline. (Exception: International Political Economy specialization.)
   3. A student must select a minor from the list provided for each of the specializations.

International Political Economy (21 credit hours)

Minors: Economics or Political Science, which may include some prerequisites below.

From courses below, students take seven courses, distributed as follows:

a. One course from each area: economics, political science, history (total of three courses).

b. Three courses from the field in which one does not minor (POLI or ECON).

c. One course from ECON, POLI or HIST (excluding non-minor field).

the National Security State
HIST 361 Modern Middle East
HIST 368 Modern Japan
POLI 354 Politics of the Middle East
POLI 356 U.S. Foreign Policy
POLI 361 Modern Political Theory
POLI 363 Game Theory

be satisfied by a student attaining a
satisfactory score on the Foreign
Language Placement test or a score of
4 or 5 on the Advanced Placement
Educational Testing Service
Examination. However, students must
take a minimum of one course (3
credit hours) at the college level.
Students may complete this
requirement at SUNY Fredonia, or in a
program at an approved institution in
the U.S. or in a foreign country.

International Experience Requirement
All international studies minors require
an international experience chosen
from one of the following two options:

Option One: (9 credit hours)
A 9-credit hour International
Experience Course Sequence

Option Two: (9 credit hours)
A one-semester study abroad program
at an approved institution, with a
minimum of 9 credit hours in courses
recognized as the equivalent of 300+
level.

JOURNALISM
(Interdisciplinary Studies minor only)
Office: 232 Fenton Hall
(716) 673-3852
E-mail: Journalism.Program@fredonia.edu
Jeanette McVicker, Coordinator

The Journalism minor prepares
students for careers in journalism and
provides a solid background for related
positions in the private sector and
public affairs. The minor program
features a strong core in news
gathering, research, writing, and
critical analysis while also providing
multidisciplinary perspectives on the
political, ethical and legal implications
of media in society. Students will gain
valuable hands-on experience putting
their course work into practice by
availing themselves of the opportunity
to become active members of the
campus print and broadcast media
and by pursuing internships with
professional media. Students are
strongly encouraged to select their
College Core Curriculum (CCC)
courses in interdisciplinary areas such as
American, ethnic and women's
studies as well as international and
intercultural communication;
complementary electives in United
States history, politics, economics and
culture are further encouraged.
Advising sheets are available from the
coordinator and from the program
website.

Students are required to take 21 hours
consisting of the following courses:

Journalism Core: (15 credit hours)
JOUR 366 Opinion in Journalism 3
JOUR 370 Reporting and
Newswriting I 3
JOUR 371 Reporting and
Newswriting II 3
POLI 326 Media and Politics 3
COMM 420 Communication Law and
Ethics 3

Journalism Practice: (6 credit hours)
JOUR 470 Campus Media Practicum or
more 3
JOUR 471 The Leader Editors
Seminar 3
JOUR 465 Internship 3

Students may count no more than 3
credit hours from their major program
toward the minor in Journalism.
Students may transfer up to 6 credit
hours from another institution toward
the minor in Journalism at Fredonia.
Students may use past courses
retroactively after approval by the
coordinator. Learning Contracts must
be completed for all internships and
signed by the Journalism coordinator.

LATINO STUDIES
(Interdisciplinary Studies minor only)
Office: E317 Thompson Hall
(716) 673-3880
E-mail: Latino.Studies@fredonia.edu
Lisa Edwards, Coordinator

Requirements for the Minor in
Latino Studies
The Latino Studies minor provides
interdisciplinary study of the historical,
political, social, educational, economic,
and cultural developments that affect
Latinos of the Americas. “Latino” has
been defined broadly to include not
only Spanish-speaking minorities in
the United States, but the indigenous
and Latin American (including
Portuguese-speaking Brazilians)
background of Latinos and Latinas in
the United States.

Requirements may differ according to
date of enrollment. Current students
should check their Undergraduate
Catalog.

Required: 21 credit hours from the
following. Students declaring the
Latino Studies minor may use past
courses retroactively after consultation
with the coordinator.
Required Course (3 credit hours):

<table>
<thead>
<tr>

LEGAL STUDIES

Office: E386 Thompson Hall
(716) 673-3885
E-mail: Legal.Studies@fredonia.edu

Kevin McMahon, Coordinator

Legal Studies is designed to provide students with a broad background of interdisciplinary courses focusing on the development and structure of the law. It provides a blended, specialized curriculum that retains the strengths of a liberal arts and sciences education while providing an excellent preparation for advanced study in the field of law. Students will be provided with an interdisciplinary approach to the study of the American judiciary with integral layers of ethics, social sciences and analytical skills. An internship in a legal setting is one of the key components. The program is especially helpful for those seeking a more complete understanding of the legal system and the interaction of law in society, and those preparing for the Law School Admission Test. A pre-law advisory committee exists to provide students with career counseling.

This is an Interdisciplinary Studies major program; for specific degree requirements unique to Interdisciplinary Studies, refer to page 40.

**VII. Legal Internship (Optional)**

*prerequisite required

Students in other programs may enroll in the 21-credit hour Legal Studies Minor.
Most professions require effectiveness in writing and speaking. This is certainly true of the legal profession. Students are advised to choose courses which will help them develop these skills; e.g. COMM 105 for speaking and upper division courses as electives for writing.

Students should also acquire knowledge of standard computer software including word processing, spreadsheet and database programs. Familiarity with bibliographic and data search routines including the Internet and World Wide Web are strongly encouraged.

**MATHEMATICAL SCIENCES**

Office: 223 Fenton Hall  
(716) 673-3243  
E-mail: Mathematics.Department@fredonia.edu  
Nancy J. Boynton, Chairperson

The goal of the programs in mathematics is to prepare students for the lifelong study and use of mathematics. The application of mathematics has made possible many of the technological advances now taken for granted. Conversely, problems in business, science and engineering, when formulated mathematically, often spur advances in mathematics. This interplay between mathematics and other disciplines has been growing and now includes many more areas than would have been thought possible only a few years ago.

The Department of Mathematical Sciences offers several undergraduate program options within mathematics. The Liberal Arts track is recommended for those who plan to pursue graduate study in mathematics or seek general employment following graduation. Students who plan a mathematics-related career in business, industry, or science may wish to follow the Applied Mathematics track. For students planning a career in teaching, the department offers two program options: Adolescence Education – Mathematics, to prepare high school mathematics teachers (grades 7 through 12), and Middle Childhood Education – Mathematics Specialist, to prepare mathematics teachers for middle school (grades 5 through 9). Both teacher preparation programs lead to recommendation for Initial Certification in New York State.

The department offers a Master of Science in Education degree program to provide middle and high school mathematics teachers the opportunity to work towards Professional Certification. The department also offers minors in Mathematics and Applied Mathematics and, in collaboration with the Department of Physics, a degree program in Mathematics-Physics; see page 47. It also participates in the Cooperative Engineering program; see page 28.

Upon recommendation of the faculty, qualified students are invited to join the Honors Program in Mathematics. The objectives of the program are to: (1) deepen a student’s understanding and appreciation of mathematics; (2) provide the student with the opportunity to conduct research on a selected topic with guidance from a faculty member; and (3) enhance the student’s preparation for graduate study in mathematics. The program consists of three special courses: MATH 290 Sophomore Honors Mathematics; MATH 390 Honors Special Topics; and MATH 490 Honors Thesis.

Generally, MATH 290 and 390 are taken in the spring semester of the student’s sophomore and junior years, respectively, while MATH 490 is taken in the senior year. The department also offers MATH 190 Honors Problem Solving each spring to a select group of freshmen who have been recommended by their calculus instructors. Although not a formal part of the Honors Program, MATH 190 is a good course for freshmen who like working on nontrivial problems and wish to further develop their analytical thinking skills.

Many mathematics students participate in the activities of the Mathematics Club (Chi Tau Omega), a Student Chapter of the Mathematical Association of America. The club holds academic and social activities, and helps sponsor trips to professional meetings. In addition, Fredonia has a chapter of Pi Mu Epsilon, a national honorary society devoted to the promotion of scholarly activity in mathematics by students.

Several scholarships are awarded annually to mathematics majors based on academic performance and faculty recommendations: the Frank R. Olson Scholarships in Mathematics and the Earl G. Mathewson Scholarship in Mathematics Education.

For further details about the programs in mathematics contact Dr. Nancy Boynton, chairperson of the Department of Mathematical Sciences. Interested persons should see page 19 for the programs offered in Computer Sciences and Computer Information Systems.

EDU 429 Student Teaching in Middle Childhood Education – Mathematics Specialist 15

Total Hours in Middle Childhood Education – Mathematics Specialist 81

Students in all certification programs are required to demonstrate competence in a foreign language. This requirement may be satisfied either by (1) completion of three or more years of study of a foreign language in high school, with a grade of 65 or higher on the Regents Examination, or (2) completion of foreign language course work at the 116-level at Fredonia, or equivalent. The College Core Curriculum foreign language requirement differs from the
certification requirement and must be satisfied for degree conferral. All mathematics majors must complete a science course and its laboratory selected from the following:

Chemistry: CHEM 115 and CHEM 125

Physics: PHYS 230 and PHYS 232

(Majors in the Middle Childhood Mathematics Specialist Track may satisfy this requirement by taking SCI 301, 302, and 303.) Mathematics majors are encouraged to take additional courses in computer science consistent with their career and educational goals.

Total hours required: 25–27

A student may not minor in both Mathematics and Applied Mathematics.

Graduate programs are available in the department; for more information, see the separate Graduate Catalog or contact the Office of Graduate Studies at (716) 673-3808.

(Media Arts, see Department of Visual Arts and New Media, page 77.)

**MEDICAL TECHNOLOGY/BIOLOGICAL RESEARCH TECHNOLOGY**

(see also Biology)

Office: 112 Jewett Hall
(716) 673-3283
E-mail: Medical.Technology@fredonia.edu

**Patricia Smith Astry, Director**

The multi-faceted educational approach of this program prepares students for careers in several high demand areas of science. Recent program graduates are employed as clinical scientists in hospital laboratories, industrial and biotechnology laboratories, and biomedical research facilities; and as sales representatives for pharmaceutical, medical instrumentation and computer corporations. Students interested in applying to medical school should refer to the Pre-Medicine section on page 64.

The innovative combination of a traditional program track in Medical Technology with a unique track in Biomedical Research Technology gives the graduate of the SUNY Fredonia program unique advantages in gaining employment in the aforementioned areas.

The first two years of the program include core courses in biology, chemistry, physics and mathematics that are required of all MT/BMRT majors. During the latter part of the sophomore year, students are encouraged to select one of the following program tracks:

**Track I:** This program is accredited by the National Accrediting Agency for Clinical Laboratory Sciences (NAACLS) and the American Medical Association Council on Health Education. It is recommended for students wishing to prepare for careers in hospital laboratories, the biomedical industry, pharmaceutical and instrumental sales. The curriculum requires the student to study three years at SUNY Fredonia and one year in an accredited clinical hospital program. Contracted agreements with three hospitals ensure internship placement for qualified students who have successfully completed university requirements. Entrance to the clinical program is highly competitive and based on a minimum 3.0 GPA and letters of recommendation. The clinical year consists of study in a hospital laboratory where students are supervised and instructed by medical technologists and physicians. After successful completion of the internship, students receive clinical certification from the hospital, 30 university credits, and the Bachelor of Science degree in Medical Technology from SUNY Fredonia. Students are then eligible to take national certification examinations for medical technology, such as the National Registry Examination given by the American Society of Clinical Pathologists.

The percentage of Fredonia Medical Technology students passing this Registry Examination on the first attempt has been 99 percent over the past 10 years, compared to a national passage rate of only 68 percent.

Under affiliation agreements entered into by the university, the training of students takes place under the direction of the persons at the following hospitals:

Nancy Mitchell, M.S., MT (ASCP), Program Director, School of Medical Technology, Rochester General Hospital, Rochester, N.Y.

Stephen Johnson, M.S., MT (ASCP), Program Director, Medical Technology Program, St. Vincent’s Hospital, Erie, Pa.

Michele Harms, M.S., MT (ASCP), Program Director, Medical Technology Program, WCA Hospital, Jamestown, N.Y.

Students wishing to apply to other accredited internship programs may do so upon advisement.

**Track II:** This option is recommended for students interested in graduate school and for medical laboratory technicians (A.A.S.) wishing to complete a B.S. degree program. The student must complete the course work required in Track I, as well as a concentration of 23 credit hours. Required courses in the concentration include: CSIT 104 or CSIT 105, CHEM 317, 327, 318, 328; and 12 credit hours of upper level biology electives chosen by advisement. Students are encouraged to take one semester of undergraduate research (BIOL 440, 441) to fulfill part of this requirement.

**Track III:** This option combines the requirements of Tracks I and II, enabling the student to be well qualified for all clinical, research, industrial, and sales opportunities mentioned earlier. After four years of study completing requirements and concentration courses at Fredonia, the qualified student may complete a clinical year of study at a hospital as
described under Track I. Upon successful completion of Track III, the B.S. degree is awarded.

Requirements for the Bachelor of Science Degree in Medical Technology

**Required Biology Courses:**

- BIOL 131-132: Principles of Biology I & Lab 4
- BIOL 133-134: Principles of Biology II & Lab 4
- BIOL 221: Human Anatomy 3
- BIOL 237-238: Genetics & Lab 4
- BIOL 256: Intro. to Clinical Sciences 1
- BIOL 333-334: Biochemistry & Lab 4
- BIOL 336-337: Mammalian Physiology & Lab 4
- BIOL 338: Microbiology 3
- BIOL 344: Parasitology 1
- BIOL 431: Senior Seminar 1
- BIOL 453: Basic Hematology 1
- BIOL 461: Immunology and Serology 3

Clinical Internship or Biomedical Research Concentration 22

**Required Supporting Courses:**

- CHEM 115-116: General Chemistry I & II 8
- CHEM 215-216: Organic Chemistry I & II 8
- STAT 250: Statistics for Scientists 3
- PHYS 121-122: College Physics I & II and PHYS 123-124 (Labs) 8
- PHYS 230-231: University Physics I & II and PHYS 232-233 (Labs) 10

Chemistry and mathematics courses should be completed by the end of the sophomore year, physics courses by the end of the junior year.

**Clinical Hospital Courses**

Each hospital uses slightly different names in categorizing areas of study. The basic categories are as follows:

**Clinical Chemistry:** Lecture and laboratory sequence involving the study and detection of biochemical components in body fluids. Methodology, theory, disease states, and instrumentation are stressed.

**Clinical Microbiology:** Lecture and laboratory rotation in which bacteria, fungi, parasites and viruses are studied, the emphasis being on bacteria. Biochemical, morphological and serological properties are emphasized.

**HEMATOLOGY/COAGULATION:** Lecture and laboratory sequence concerned with the study of blood. Theory and techniques dealing with cellular components and coagulation mechanisms of normal and abnormal blood are major topics.

**IMMUNOHEMATOLOGY** (Blood Bank): Lecture and laboratory rotation dealing with the immunological properties of the blood, especially concerning the various blood groups and transfusion therapy. (Other theories and techniques of basic immunology may be included here or in another category.)

**URINALYSIS:** Lecture and laboratory presentation of normal and abnormal physical, chemical, and cellular properties of urine.

**MODERN LANGUAGES AND LITERATURES**

Office: 2111 Fenton Hall
(716) 673-3380
E-mail: Modern.Languages@fredonia.edu
French.Language@fredonia.edu
Spanish.Language@fredonia.edu

Howard B. Wescott, Interim Chairperson

Students preparing for work in the modern language field should strive toward language competence and, in addition, should build a background in a variety of subjects, particularly those relating to the cultural heritage of the foreign country whose language they are studying. Language instruction is offered in French, German, Italian or Spanish. A major may be earned in French or Spanish, or a double major in these two languages. Other individually designed programs of combination majors are encouraged. See the chairperson for assistance.

 Majors, minors and modern language concentration students are encouraged to travel, if at all possible, to a foreign country (France, Spain, or a country in Latin America) for one or two semesters of study abroad in their junior year. This foreign travel and study at such schools as the University of Salamanca in Spain, or the Institut de Touraine in France, has proven enormously enriching for students who have participated in these overseas programs. Equally enriching have been the international study programs in Mexico and in the French-speaking province of Quebec. International Education programs are not restricted to language majors. They are available to any SUNY Fredonia student in virtually every department who wishes to pursue their studies at foreign institutions of distinction. The department sponsors the French Club and the Spanish Club, and has affiliation with two national honor societies: Pi Delta Phi in French and Sigma Delta Pi in Spanish.

The Robert Rie Foreign Language Scholarships are awarded each year to a number of upper level undergraduate modern language majors who demonstrate outstanding academic ability, commitment to the field of study, and are recommended by the language faculty to the chairperson of the department. Application information may be obtained from the department.

Childhood and Early Childhood Education majors may earn a concentration in French or Spanish. Consult the College of Education’s catalog description or the course requirements for these programs.

Students who desire to teach French or Spanish in the secondary schools may obtain provisional certification by completing the program described above and the required courses in
Professional Education. The procedure to be followed for admission to the professional sequence of courses is as follows:

Students wishing to enter the program must inform the department chairperson by October 15 of the year before their participation in Secondary (Adolescence) School Methods. The department will recommend those students who demonstrate superior competency (a minimum GPA of “B” in their major language courses), responsibility, dependability, maturity, and a clear grasp of the realities of the teaching profession. The coordinator will decide on a student teaching assignment for each student favorably recommended. The Secondary School Methods course will be taken in the fall semester immediately preceding student teaching. Admission is limited to those students planning to follow the course with a semester of student teaching. In order to proceed in this manner, students must earn a minimum grade of “C+” in Secondary School Methods. During the first weeks of student teaching, students will enter into an individually designed written agreement with the university supervisor and cooperating teacher, concerning their work in the assignment.

Requirements for the Minor in French or Spanish

A student may qualify for a minor in any one of the two major languages offered by the department. The minor requires 18 credit hours beyond the 116-level chosen under advisement and with departmental approval.

Requirements for Transfer Credit

For a major, a limit of 12 transfer credits may be counted toward those required, i.e., a minimum of 24 credit hours must be taken in the department at SUNY Fredonia.

For a minor, a limit of 9 transfer credits may be counted toward the 18 required, i.e.; a minimum of 9 credit hours must be taken in the department at SUNY Fredonia.

Notes:

1. Ordinarily one year of high school preparation in foreign language serves as the equivalent of one semester of college language. At the discretion of the language instructor, students may be placed in a more or less advanced section of a language course than their high school credits would indicate, dependent upon the intensity of their preparation.

2. Unless otherwise specified, all courses are conducted principally in the appropriate foreign language.

3. The department encourages students to participate in overseas programs in France, Germany, Spain, and other countries. Plans therefore should be initiated before the junior year, when students normally take advantage of this opportunity.

MOLECULAR GENETICS
(also see Biology)
Office: 203 Jewett Hall
(716) 673-3282
E-mail: Molecular.Genetics@fredonia.edu
Theodore Lee, Chairperson
Department of Biology

Virtually all areas of the life sciences are being affected by the application of Molecular Genetics in solving biological problems. A strong background in molecular genetics will allow students to address problems in medicine, agriculture, environmental science, industry, forensics and basic biology. Indeed, Molecular Genetics is playing a central role in virtually all aspects of modern biological research.

SUNY Fredonia’s program in Molecular Genetics, the first of its type in New York State, provides students with the necessary background, skills and training to enter these exciting areas of molecular biology and biotechnology. Students enrolled in the program will gain experience in DNA cloning, nucleic acid hybridization, gel transfers, forensic DNA analysis, bioinformatics, polymerase chain reaction, and DNA sequencing, which form the basis of the Human Genome project and of other molecular genetic research. The B.S. degree in Molecular Genetics also combines an educational experience in the liberal arts with broad coverage of fundamental aspects of the biological sciences. Graduates in Molecular Genetics are well prepared for graduate work in molecular biology, genetic counseling or forensic science as well as entrance to a medical program, or employment as a research technician.

The first two years of the program consist of a core of courses taken by most students interested in the biological sciences. In addition, a laboratory course in Molecular Genetics provides the student with a sequence of experiments in a research project setting that includes a comprehensive selection of the techniques employed in modern genetics research.

Chemistry and mathematics courses should be completed by the end of the sophomore year, physics courses by the end of the junior year. Course descriptions for the major are listed on pages 86 to 89.

### The Molecular Genetics major

The Molecular Genetics major provides an opportunity to study the histories and cultures of ethnic minority groups in North America and their relationships to each other as well as to the dominant culture. The program is designed for students who desire a broader focus than that offered by the existing minors - African American, American Indian and Latino Studies. The Multi-ethnic Studies minor will merge facets of all three minors - for example, history, literature, language, anthropology, music, etc. - to give a broad-based understanding of those ethnic groups who have been marginalized or excluded from full participation in society.

This minor, with its wide scope, will appeal to students interested in learning more about the expressions and perspectives of North American minority groups and how the inter-relationships of race, ethnicity, gender, and class define our society.

Requirements may differ according to date of enrollment. Current students should check their Undergraduate Catalog.

**Required:** 21 credit hours from the following. Students declaring a Multi-ethnic Studies minor may use past courses retroactively after consultation with the coordinator.

Susan Royal, Woodwinds
Harry P. Jacobson, String
Marc J. Guy, Brass
Julie Newell and Patricia J. Corron, Voice

The SUNY Fredonia School of Music is internationally recognized for its programs at the undergraduate and graduate professional level. It provides the foundation of outstanding musicianship for all music majors and enriches the cultural life of the campus and community. Its mission is to provide the resources and guidance necessary to motivate students to seek excellence in their individual careers in music education, performance, composition, music theatre, music therapy and sound recording. In an environment oriented to the individual, it endeavors to create musicians who will assume vigorous roles as leaders and participants in significant musical experiences. An audition is required for admission to a Music program. Although accepted students are admitted directly into a Music major curriculum, many first-year students are uncertain about the specific major in Music they wish to pursue. Therefore, all first-year students have essentially the same course work. In the first semester, all freshmen meet once each week in Music Freshman Seminar, a 1-credit hour course that explores the music program, presents professional options after graduation, and introduces world music. Guests include faculty, alumni, and other professional musicians who talk about their lives and jobs. During the second semester, after they have had opportunities to attend general orientation sessions, speak privately about their musical aspirations with advisors, have their abilities assessed by their teachers, and experience the demands made of Music majors, freshman Music students must review the declaration of a major.

The next section describes a Core Curriculum of required studies common to every Music degree program, followed by lists of the specific requirements for each degree program as accredited by the National Association of Schools of Music.

Core Curriculum: 35 credit hours

One major ensemble for each semester of enrollment in applied music 35

A. For a Major in Music, Instrumental (49 credit hours):

General Requirements 45

MUS 400  Recital Seminar 0
MUS 405-406*  Applied Music 4

Graduation Recital 0

*see Note under Core Curriculum

B. For a Major in Music, Voice (51 credit hours):

General Requirements 45

MUS 003  Opera Production Practicum 0

(one semester required participation during the freshman year)

MUS 137-140  Diction for Singers 2
MUS 400  Recital Seminar 0
MUS 405-406*  Applied Music 4

Graduation Recital 0

*see Note under Core Curriculum

Note: Voice students in the Music degree program are strongly encouraged to complete the same language requirement as performance majors (see page 55), thus utilizing foreign language offerings to partially complete the required 75 hours outside the major area.

Bachelor of Fine Arts with a Major in Musical Theatre

For program description and requirements, see page 57.

Bachelor of Music Programs in Music Education

For the Major in Music Education (Mus.B. degree, certification to teach music in the public schools):

The Music Education degree program provides the means for students to acquire and demonstrate the required competencies for certification to teach music in the elementary and secondary schools. The New York State Education Department also requires a standardized test of both general and professional knowledge
(the Liberal Arts and Sciences Test—LAST, and the Assessment of Teaching Skills-Written Test—ATS—W), fingerprinting and designated state workshops for all students recommended for teaching certification in music.

**General Requirements:**

Core Curriculum 35
MUS 200  Recital Seminar 0
MUS 217-  Piano Class 2
MUS 225-226*  Applied Music 4
MUS 231-232  Conducting I & II 4
MUS 300  Recital Seminar 0
MUS 325-326*  Applied Music 4
MUED 150  Introduction to Public School Music 0
MUED 250-251  Foundations of Music Educ. I & II 4
MUED 255-256  Practicum 0
MUED 291  Technology in Music I 2
MUED 300  Foundations of Music Educ. III 3
MUED 355-356  Practicum 0
MUED 400  Professional Semester 14
Twelve ensemble participations 0
Graduation Recital 0
* see Note under Core Curriculum

Each student must declare a General/Choral or Instrumental concentration.

**General/Choral Concentration requirements are:**

For Non-Piano/Non-Voice Students: MUS 317-318, 417, MUED 203-204, 210-211, 301, 302, 391-392. Music Education electives by advisement, including brass, woodwinds, string and percussion secondary instruments. A minimum of six of the 12 ensemble participations must be in choral ensembles.

For Keyboard Students: MUS 415-416, MUED 203-204, 210-211, 301, 302, 391-392. Music Education electives by advisement, including brass, woodwinds, string and percussion secondary instruments. A minimum of six of the 12 ensemble participations must be in choral ensembles.

For Voice Students: MUS 033 (one semester in Freshman year), MUS 137-138, 139-140, 317-318, 417, MUED 210-211, 301, 302, 391-392. Music Education electives by advisement, including brass, woodwinds, string and percussion secondary instruments. A minimum of six of the 12 ensemble participations must be in choral ensembles.

Institutional Concentration requirements are:

For Keyboard or Voice Students (this option only by permission of the Area Chair for Music Education): MUS 315-316 (additional permission required), MUED 161-164, 171-175, 185-187, 221-222, 260-264, 271-275, 285-287, 301 or 302, 304-305, and 393-394. Successful completion of competency examinations on specified secondary instruments. Music Education electives by advisement. A minimum of four of the 12 ensemble participations must be in instrumental ensembles and two in choral ensembles. A minimum of two semesters Secondary Applied (MUS 315/316) or other approved private study on an orchestral instrument (woodwind, brass, string, or percussion).

Students who can demonstrate the competencies and any additional requirements associated with any course will be excused from taking the course. However, since there is no upper limit in skill development, it is recommended that students use the time thus saved to complete a like amount of advanced course work from the area(s) in question. Students are encouraged to elect as much additional course work as possible in their concentration, in music education, or in performance, theory, history and literature in consultation with their academic advisor and/or the Chair for Music Education.

Students must complete at least 120 total credit hours of course work in order to meet the minimum university requirements for the awarding of a degree.

Professional Standing is the recognition that students have successfully completed all requirements to enter junior level Music Education course work. At the end of sophomore year, each student will submit a formal application for Professional Standing and must demonstrate the following:

1. 2.75 overall GPA (no MUED class lower than C)
2. Music Theory completed (MUS 222 and 224)
3. MUED 150, 250 and 251 completed
4. Two practica completed
5. Secondary Instrument Competencies: vocal (MUS 317, MUED 204); instrumental (four playing classes, four proficiencies, MUS 113, MUS 218)

Any student not meeting all standards will be denied acceptance into Professional Standing and will not be admitted into junior level Music Education course work. Music Education courses may be retaken only once.

**Student Teaching**

(Student teaching and associated special seminar classes held irregularly during student teaching.) The student must have:

1. An overall 2.75 GPA;
2. An average of 2.5 in all MUED required courses and no less than a C in any single MUED course;
3. A 2.0 average in MUS required courses, with no grade less than D+
4. Satisfactorily completed all stated prerequisite competencies for performance, musicianship, and music education (most competencies must be completed prior to student teaching either through course completion or special examination; some will be determined during student teaching).
5. The recommendation of the Music Education professional staff, based on contact with the student in the Foundations in Music Education sequence of courses and the Methods Course sequence (viz., MUED150, 250, 251, 300, 301, 302, 304, 305, 391, 392, 393, 394). Criteria are (1) attitude toward teaching music including realism and accuracy in understanding the profession, (2) commitment, responsibility, and dedication to professional growth (i.e. "professionalism"), (3) ability to function under pressure, personal stability, (4) communication with
professor(s) and peers, suitability of social adjustment and relations.

6. Completed and submitted student teaching application, personal data forms, and portfolio by the announced due dates.

Other Activities during the Professional Semester

Because of the time involved and the importance of student teaching in the preparation of a teacher:

1. Students may not participate in any university courses or formal (School of Music sponsored) extracurricular activities during the professional semester;

2. Students may not perform recitals, opera roles, concerto during the professional semester;

3. Students are urged to avoid other regular obligations, such as jobs, during the professional semester; student teachers often must stay after school for rehearsals and return evenings for rehearsals and concerts.

Bachelor of Music Program in Composition

The major in Composition requires 95 credit hours in music, including the following:

One course by advisement to be selected from the following three:

- MUS 361 Jazz Improv.
- MUS 404 Choral Arranging
- MUS 291 Technology in Music I

MUS 401 Orchestration
MUS 403 Twentieth Century Counterpoint
MUS 440 Comp. in Electronic Media I or
MUS 441 Comp. in Electronic Media II or equivalent electronic media courses
MUS 491 Senior Project in Composition

One ensemble for each semester of enrollment, including at least two vocal ensembles.

Four participations in contemporary performance ensembles

Senior composition recital

Completion of twentieth century repertoire examination

* see Note under Core Curriculum

Note: Composition students should consult the Composition Program Chair for a list of recommended electives and Core College Curriculum/General College Program courses which complement their program curriculum.

MUS 417-418  Piano Class 2

(or successful completion of one semester of accompanying work under the supervision of the MUS 418 Class Piano teacher)

Music theory elective 3
Music history or literature elective 3

Fourteen participations in ensembles including four in Opera Production Practicum*

A minimum of two semesters of German language and a minimum of two semesters of one of the Romance languages (French, Italian or Spanish).

*All voice performance majors are required to have earned a minimum of four semesters Practicum credit by the time they graduate. The required freshman year participation in Practicum may count as one of the required semesters.

The Opera Production-Practicum may be earned in one of two ways:
1. By working on a set, costume, lighting, or running crew for one School of Music stage production during the semester that would require two to three evenings attendance a week for a period of approximately five weeks.
2. By performing a leading or secondary role or singing in the chorus of a university musical stage production during the semester.

Bachelor of Science Program in Music Therapy

The program is approved by the American Music Therapy Association and the National Association of Schools of Music, and is designed to provide academic, clinical, and professional preparation necessary for entry-level music therapists. Students earn the Bachelor of Science in Music Therapy degree by completing an intense four-year program plus a clinical internship of at least six months. Upon completion of all degree requirements, students are eligible for professional membership in the American Music Therapy Association (AMTA), to sit for the Certification Board for Music Therapists (CBMT), and to become a Board Certified Music Therapist (MT-BC). All music therapy students are advised to minor in psychology.

Music Therapy majors must achieve a minimum grade of B- in all courses designated with the prefix MUTY.

Core Curriculum 35
MUS 019  Harp Class 1
MUS 042  African Drumming 0
MUS 119  Free Improv. 1
MUS 200  Recital Seminar 0

Related Programs

Concentration in Jazz Studies:
16 credit hours

This program is designed for students to pursue jazz through performance, historical context, and theoretical background. Developing skills in instrumental or vocal performance as well as the knowledge base for understanding this important musical medium is reflected in the required course work. Course work and ensemble participation beyond the minimum requirements is possible and encouraged.

The concentration in Jazz Studies is available to all music majors as a concentration within their major (Performance, Music Education, Music Therapy, Sound Recording Technology, or B.A. Music). It should be noted that the concentration in Jazz Studies is in addition to, and does not supersede nor replace, requirements for the student’s declared major. Also, Music Education majors wishing to complete a concentration in Jazz Studies will do so in addition to their concentration in either Vocal/General or Instrumental music education.

Required Course Work for Concentration in Jazz Studies
6 credit hours in Music History per advisement (i.e., African American Music, History of Jazz, American Music). Three (3) of the 6 credit hours can also serve as Music History credits within the student’s major.

4 credit hours in Music Theory per advisement (i.e., Aural Skills IV and Music Theory IV). These 4 hours can also serve as music theory credits within the student’s major.

2 credit hours in Jazz Theory
2 credit hours in Jazz Pedagogy
2 credit hours in Jazz Improvisation
2 semesters participation in Jazz Combo (0 credit hours)
2 semesters participation in Jazz Ensemble (0 credit hours)

Requirements for the Minor in Music
Thirty (30) credit hours: MUS 121-122, 123-124 (or 101-102), 263, 264; four semesters of MUS 104; four participations in ensembles; and 12 credit hours of music electives in theory, history, literature or music education, at least 6 of which must be from upper division courses (300-400 level).

Music Concentration of the B.S. in Elementary Education (32 hours)
MUS 121-122  Aural Skills  4
MUS 123-124  Music Theory  4
choose any four Music History courses  12
MUED 315  Music, Play and Self  3
MUS 450-451  Directed Studies  4
choose any three Piano Class courses (beginning with MUS 119)  3
choose either Guitar Classes (MUED 210-211) or Social Instruments (MUTY 270)  2

Requirements for the Minor in Jazz
This program is for non-music majors: 30-32 credit hours
MUS 104  Applied Music Class  4
Non-Majors (four semesters)
MUS 117-118  Piano Class, Elementary  2
MUS 121-122  Aural Skills I & II  4
MUS 123-124  Music Theory I & II  4
MUS 131-132  Applied Musicianship I & II  2
MUS 264  Topics in Music History  or  3
MUS 115  Music Appreciation  3
MUS 265  History of Jazz  2
MUS 361  Jazz Improvisation  2
MUS 021-050 (four ensembles)  0
Music Electives  6-8 hours
Total: 30-32 hours

COURSES FOR NON-MUSIC MAJORS

The following courses have been designed especially for students who are not music majors. The School of Music will admit non-major students to certain music courses for which they have the interest and ability and for which they have met the course prerequisites. Exceptions to this policy are in studio classes (private instruction), where non-major students must audition and are then assigned on a space-available basis, and in MUS 121-124, where permission must be obtained from the School of Music.

MUS 104  Applied Music Class for Non-Majors
MUS 115  Music Appreciation
MUS 262  American Music
MUS 265  History of Jazz
MUS 267  African American Music
MUS 269  Music Criticism
MUS 333  Musics of the World
MUS 334  Latin American Music
MUED 315  Music, Play, and Self

Non-music majors are encouraged to perform in the All-College Band and/or the University Chorus (MUS 021, 025), for which no audition is required. Non-major students may also audition to perform in all other School of Music ensembles (MUS 022-050).

Approved Music Theory Electives for Majors
MUS 237-238  Composition Seminar
MUS 403  Twentieth Century Counterpoint
MUS 337-338  Composition Seminar
MUS 354  Form and Analysis
MUS 361  Jazz Improvisation
MUS 372-379  Special Topics in Music
MUS 401  Orchestration
MUS 404  Choral Arranging
MUS 437, 438, 439  Composition Seminar
MUS 440-441  Composition in Electronic Media I & II

Approved Music History Electives for Majors
MUS 262  American Music
MUS 265  History of Jazz
MUS 267  African American Music
MUS 333  Musics of the World
MUS 334  Music of Latin America

MUS 383  French Song
MUS 387  German Song
MUS 408  History and Literature of the Wind Band
MUS 409  History and Literature of the Guitar
MUS 420  Piano Literature
MUS 424  History of Opera
MUS 433  Romanticism and Music
MUS 453  Baroque Period in Music
MUS 454  Classical Period in Music
MUS 455  Romantic Period in Music
MUS 456  Modern Period in Music

Music Business
Harry.Jacobson@fredonia.edu

For description of this interdisciplinary program, students should see page 58.

Graduate programs are available in the School of Music; for more information, see the separate Graduate Catalog or contact the Office of Graduate Studies at (716) 673-3808.
Students on academic probation will not be permitted to participate in public performances.

Students select a specific track (Theatre, Dance or Music) upon entering the program.

Musical Theatre majors are required to complete Theatre Practice obligations every semester, which are practical extensions of the classroom. Theatre Practice credits do not count toward the total number of credits required in the B.F.A. major. Musical Theatre majors must successfully complete a minimum of 30 upper level credit hours.

Degree Requirements:

Theatre Track: 92 credit hours
THEA 100 Theatre Majors Seminar 1
THEA 101-102 Theatre Practice* 2
THEA 121 Intro. to Technical Theatre 3
THEA 131 Acting Studio: Improvisation 3
THEA 132 Acting Studio: Character Study 3
THEA 140 Stage Dialects 3
THEA 201-202 Theatre Practice* 2
THEA 220 Makeup 3
THEA 231-232 Acting Studio: Scene Study I & II 3
THEA 242-243 Acting Studio: Introduction to Voice and Movement I & II 6
THEA 301-302 Theatre Practice* 2
THEA 331 Acting Studio: Styles 3
THEA 333 Acting Studio: Audition Techniques 3
THEA 353 History of Musical Theatre 3
THEA 401-402 Theatre Practice* 2
THEA 432 Acting Studio: Musical Theatre Styles 3
DANC 110 Dance Productions (four semesters) 0
DANC 111 Modern Technique I 2
DANC 121 Beginning Tap Dance 2
DANC 131 Beginning Jazz Dance 2
DANC 132 Jazz Dance II 2
DANC 122 Tap Dance II 2
DANC 211 Modern Technique II 2
DANC 221 Beginning Ballet 2
DANC 222-223 Ballet II & III 4
DANC 311 Modern Technique III 2
DANC 321 Dance for Musical Theatre 3
DANC 363-364 Choreography I & II 6
MUS 100 Recital Seminar 0
MUS 117-118 Piano Class 2
MUS 101-102 Musical Theatre Voice 6
MUS 125-126 MUS 235-236 Musical Theatre Voice 6
MUS 131 Piano Class 2
MUS 132 Diction for Singers 2
MUS 137-140 Recital Seminar 0
MUS 200 Musical Theatre Voice 6
MUS 217-218 Piano Class 2

*Cannot be applied to the hours for the B.F.A. degree.

Degree Requirements:

Dance Track: 92 credit hours
THEA 100 Theatre Majors Seminar 1
THEA 101-102 Theatre Practice* 2
THEA 121 Intro. to Technical Theatre 3
THEA 131 Acting Studio: Improvisation 3
THEA 132 Acting Studio: Character Study 3
THEA 201-202 Theatre Practice* 2
THEA 220 Makeup 3
THEA 231-232 Acting Studio: Scene Study I & II 6
THEA 301-302 Theatre Practice* 2
THEA 333 Acting Studio: Audition Techniques 3
THEA 353 History of Musical Theatre 3
THEA 401-402 Theatre Practice* 2
THEA 432 Acting Studio: Musical Theatre Styles 3
DANC 110 Dance Productions (four semesters) 0
DANC 111 Modern Technique I 2
DANC 121 Beginning Tap Dance 2
DANC 131 Beginning Jazz Dance 2
DANC 132 Jazz Dance II 2
DANC 122 Tap Dance II 2
DANC 211 Modern Technique II 2
DANC 221 Beginning Ballet 2
DANC 222-223 Ballet II & III 4
DANC 311 Modern Technique III 2
DANC 321 Dance for Musical Theatre 3
DANC 363-364 Choreography I & II 6
MUS 100 Recital Seminar 0
MUS 117-118 Piano Class 2
MUS 101-102 Musical Theatre Voice 6
MUS 125-126 Applied Voice 4
MUS 131 Applied Musicianship I 1
MUS 137-140 Diction for Singers 2
MUS 200 Recital Seminar 0
MUS 217-218 Piano Class 2
MUS 235-236 Musical Theatre Voice 6
MUS 300 Recital Seminar 0
MUS 335-336 Musical Theatre Voice 6

Additional Requirements:

In addition to the specific and individual courses, periodic reviews of achievement are conducted for all candidates with the purpose of determining advancement or retention. The Musical Theatre program requires a vocal- and acting jury at the conclusion of each semester. Dance juries are held at the end of the first year and each succeeding semester. A Vocal/Acting/Dance jury is conducted at the conclusion of the fourth semester to determine continuance in the program. A public senior recital is presented in the fourth year. The recital includes performance in acting, dancing and singing, and must be 25 minutes in length.
### Degree Requirements:

### **MUSIC BUSINESS**

Office: 1145 Mason Hall (716) 673-3248 E-mail: Music.Business@fredonia.edu

**Harry P. Jacobson, Coordinator**

The Music Business curriculum serves students interested in a wide range of educational objectives and vocational fields through an interdisciplinary program emphasizing a balance of music, business, and relative elective subjects.

Students might consider majoring in programs such as Communication, Music, or Business Administration with carefully selected electives as alternatives to the Music Business curriculum.

This is an interdisciplinary major program; for specific degree requirements unique to Interdisciplinary Studies, refer to page 40.

The Music Business curriculum requires a minimum of 67 hours of interdisciplinary course work. All majors are required to take the Business Core, one of the two tracks in the Music Core, and a concentration.

**Within the Music Core Tracks:**

Students choosing the Music Track must pass an audition in the School of Music.

Although no audition is required for the Business Track majors, they should have a performance medium and background in music sufficient for success in the core curriculum.

It is highly recommended that majors include an internship for credit within the concentration.

**Requirements leading to the B.S. Degree in Interdisciplinary Studies – Music Business:**

#### I. Music Core (19 credit hours):

**Music Track:** (audition required)

Philosophy Department Honors

Philosophy department honors will be earned by those graduating majors who fulfill the following: (1) an overall GPA of at least 3.3; (2) a GPA in philosophy courses of at least 3.50; (3) completion of at least two 400-level courses with grades of “A-“ or higher.

Philosophy department high honors will be earned by those graduating majors who fulfill the following: (1) an overall GPA of at least 3.3; (2) a GPA in philosophy courses of at least 3.70; (3) completion of at least two 400-level courses with grades of “A”; (4) completion of a 3-credit-hour, independent study thesis, PHIL 485, with a grade of “A” or higher.

PHYSICS

Office: 121 Houghton Hall
(716) 673-3301
E-mail: Physics.Department@fredonia.edu

Michael Grady, Chairperson

The discipline of physics is basic among the sciences and focuses on the study of natural phenomena. In the process, the student is provided with a broad-based liberal education. The Department of Physics offers a major with several different concentrations including pre-law and pre-med in addition to more traditional programs, a minor, a major through the 3-2 Cooperative Engineering program, an initial certification to teach physics in secondary school, interdisciplinary majors in Geophysics and Mathematics-Physics (with the Geosciences and Mathematical Sciences departments, respectively), a major in Industrial Management, and courses to complement majors in other areas.

Student Honors and Awards

Student honors and awards presented by the Department of Physics include the Hack Arroe Memorial Scholarship Award, the John J. Connelly Physics Scholarship Incentive Award, the John J. Connelly Physics Peer Recognition Award, and the Physics Department Scholarship Award. Students should contact the Department of Physics chairperson for additional details on these awards. Specific awards for Cooperative Engineering students are also available (see page 30).

To meet the requirements for a Bachelor of Science in Physics, students must complete the core courses listed below as well as one of the tracks I-VI. To receive a Bachelor of Science in Philosophy, students must complete the requirements below.

**Requirements for the Bachelor of Arts Degree in Philosophy**

Thirty credit hours in philosophy, at least 18 credit hours of which are in courses numbered 300 or above.

1. Students are required to take a logic course:
   - PHIL 116 Intro. to Deductive Logic or PHIL 301 Intermediate Deductive Logic

2. and a history of philosophy course:
   - PHIL 222 The Greek Way or PHIL 224 Medieval Thought
   - PHIL 226 The Age of Reason and Its Legacy or PHIL 432 The Age of Analysis

A Model Program would include:
- PHIL 115 Philosophical Inquiry or PHIL 218 Intro. to Ethics
- PHIL 265 Social and Political Thought
- PHIL 345 The Meaning of Life or PHIL 441 Philosophy of Language and Semantics
- PHIL 430 Philosophy of Mind or PHIL 351 Metaphysics
- PHIL 353 Theory of Knowledge
- PHIL 446-449 Selected Problems in Philosophy
- PHIL 460-469 Major Philosophers

Seniors are strongly urged to take a seminar:
- PHIL 446-449 Selected Problems in Philosophy
- PHIL 460-469 Major Philosophers

Students should consult the department for current offerings in the above areas. All waivers of requirements must be approved by the chairperson.

**Requirements for the Minor in Philosophy**

Eighteen credit hours in philosophy with at least 9 credit hours in courses numbered 300 or above, as advised.

The philosophy department participates in the Cooperative Engineering and Women’s Studies programs. Refer to descriptions of these programs on pages 28 and 79, respectively.
of Science in Physics Adolescence Education, students must complete the core courses and Track VII.

**Physics Core:**

- PHYS 230-231 University Physics I & II and PHYS 232-233 (Labs) 10 Hrs.
- PHYS 234 Modern Physics 4
- PHYS 330 Thermodynamics 3
- PHYS 400 Undergraduate Seminar 1
- PHYS 425 Mathematical Physics I 3
- PHYS 431 Intro. to Quantum Mechanics 3

and supporting math courses:

- MATH 122-123 University Calculus I, II & III 12
- MATH 224 Differential Equations 3

**Track I – Theoretical Emphasis**

- PHYS 331 Theoretical Mechanics 3
- PHYS 333 Electricity and Magnetism 3
- PHYS 426 Mathematical Physics II 3
- PHYS 340/341 Optics & Lab 4

**Track II – Experimental Emphasis**

- PHYS 333 Electricity and Magnetism 3
- PHYS 426 Mathematical Physics II 3
- PHYS 340/341 Optics & Lab 4

**Track III – Computational Emphasis**

- PHYS 331 Theoretical Mechanics 3
- PHYS 333 Electricity and Magnetism 3
- PHYS 426 Mathematical Physics II 3
- Computational Physics Project (independent study or tutorial) 1
- Plus 4 additional credit hours of physics from 321-479, 490 4

**Track IV – Physics with Cooperative Engineering**

- PHYS 321 Engineering Mechanics I 4 Hrs.
- PHYS 426 Mathematical Physics II 3
- PHYS 331 Theoretical Mechanics 3
- PHYS 333 Electricity and Magnetism 3
- PHYS 323 Circuit Analysis I 3
- PHYS 325/327 Digital Logic & Lab 3-4
- PHYS 326/328 Electronics & Lab 3

Plus 15 additional credit hours of science, mathematics, computer science, engineering, or education, including CSIT 106 or 121. Recommended courses include MATH 231 and CHEM 115-116 (with 125-126).

**Track V – Physics with Pre-law**

This track is excellent preparation for the expanding field of patent and intellectual property law, which requires substantial technical and mathematical knowledge in order to sit for the required licensing exam.

- PHYS 340 Optics & Lab 3-4
- Plus 9 additional credit hours of physics from 321-479 9

**Track VI – Physics with Pre-mid/Biophysics**

Physics majors are highly sought by medical schools, because mathematical and problem-solving abilities stressed in physics are more than ever needed in today’s medical fields. Due to their relative rarity, physics majors stand out in the applicant pool. Sufficient time is allotted to take the biology and chemistry courses required by most medical schools and needed to prepare for the MCAT exam. This program may also be followed by students preparing for graduate school in biophysics or related fields.

- PHYS 340 Optics & Lab 3-4
- PHYS 325 Electronics & Lab 3-27
- CHEM 215 Organic Chemistry & Labs 8
- CHEM 225-226 8

**Track VII – Physics Adolescence (Secondary) Education**

In fulfilling College Core Curriculum requirements, students are advised to take an English course in addition to ENGL 100, and also PSY 129. If time permits, BIOL 333 Biochemistry and BIOL 338 Microbiology are also recommended.

- PHYS 331 Theoretical Mechanics 3
- PHYS 333 Electricity and Magnetism 3
- PHYS 340 Optics & Lab 3-4
- Plus 6 additional credit hours of physics from 311, 321-479, 490 6

**Track VIII – Physics Adolescence (Secondary) Education**

- PHYS 370 Constitutional Law and CHEM 115-116 (w/125-126) are recommended.

In fulfilling College Core Curriculum requirements, students are advised to take ECON 201 or 202 and PSY 129.

- MATH 122-123 University Calculus I, II & III 12
- MATH 224 Differential Equations 3
- MATH 325 Numerical Analysis 3
- MATH 331 Scientific Programming using C++ 3
- MATH 342 Computer Science I 3
- SCED 105/106 Nature of Science and Science Education 3
EDU 224  Adolescent Development and Child Abuse Workshop 3
EDU 250/251  Intro. to Exceptional Child 3
SCED 276  Literacy and Technology for Science and Mathematics 3
SCED 303  Assessment for Inquiry-Based Science 3
SCED 305/313  Diversity in the Teaching of Science and Mathematics 3
EDU 349  Educational Psychology 3
SCED 419  Adolescence Science Methods 3
HLTH 300  Education in Drugs/Alcohol/Tobacco 1
EDU 430  Student Teaching in the Secondary School 15

Please refer to the Adolescence Education section in the College of Education program for a description of the Education requirements.

The procedure to be followed for admission to the professional sequence of courses is described on page 27. Students in all education programs are required to demonstrate competence in a foreign language. This requirement may be satisfied in any one of the following four ways: (1) completion of course work at the 116 level at Fredonia, or (2) transferring of two successful college semesters, or (3) scoring at the 50th percentile or higher on the CLEP exam, or (4) completion of three years of high school language with a passing Regents score (passing = 65). The College Core Curriculum foreign language requirement differs from the certification requirement and must be satisfied for degree conferral.

Note: Tracks I-VI will result in a Bachelor of Science degree in Physics, Track VII a Bachelor of Science degree in Physics Adolescence Education. A 2.0 GPA in the set of all physics courses used to satisfy the major plus the four required math courses is required for graduation. Physics Adolescence Education must satisfy additional grade and portfolio requirements for graduation. Interested students should contact the chair of the physics department for current requirements.

Requirements for the Bachelor of Science Degree in Geophysics

Students interested in this joint major should contact the chairperson of the department of Physics or Geosciences.

Core Program (23 to 24 credit hours in geosciences; 19 to 21 credit hours in physics; 26 credit hours in related disciplines).

GEO 165 Geology I
GEO 169 General Geology Laboratory
GEO 215 Minerals and Rocks
GEO 335 Geophysics
GEO 370 Structural Geology
GEO 459 Seminar in Geosciences or
PHYS 400 Undergraduate Seminar
PHYS 461 Field Geology
PHYS XXX Electives from PHYS 321 through 479, 490

One course (3-4 hours) from:
PHYS 321 Engineering Mechanics I or
PHYS 330 Thermodynamics or
PHYS 331 Theoretical Mechanics or
PHYS 333 Electricity and Magnetism or
PHYS XXX Electives from PHYS 321 through PHYS 479

MATH 122-123-223
MATH 224 Differential Equations
CSIT XXX Any course (preferably C++ or Microcomputer Software)
CHEM 115 General Chemistry I & II and CHEM 125-126 (Labs)

GEO 330 Geomorphology is strongly recommended.

Graduating seniors who complete the requirements for the joint major also complete the requirements for one of the above options. Students interested in one of these options must declare it by the end of the junior year.

Requirements for the Bachelor of Science Degree in Mathematics-Physics

Core Program (32 credit hours in mathematics/computer science; 29 credit hours in physics; 9 credit hours in supporting courses).

CSIT 106 Scientific Programming using C++ or
CSIT 121 Computer Science I

Plus 29 hours in mathematics including:
MATH 122-123-223 University Calculus I, II & III
MATH 210 Discrete Mathematics
MATH 224 Differential Equations
MATH 231 Linear Algebra

Plus two courses at the 300 level or higher: MATH 323 and MATH 420, or MATH 323 and PHYS 425, or PHYS 425 and PHYS 426.

PHYS 230 University Physics I & II
PHYS 231 through 479, 490
PHYS 233 Electricity and Magnetism

One course (3 credit hours) from:
PHYS 330 Thermodynamics
PHYS 331 Theoretical Mechanics
PHYS 333 Electricity and Magnetism

Plus 9 additional credit hours from:

PHYS 231 through 479, 490

Note: Minimum cumulative GPA of 2.0 required in above courses for graduation.

Requirements for the Minor in Physics

A minimum of 23 credit hours in physics, including PHYS 230, 231, 232, 233, and 234 and 9 additional credit hours in physics courses numbered 311, 321 through 479, 490 as advised by a physics department faculty member and approved by the department. Additionally, 15 credit hours in mathematics - MATH 122, 123, 223 and 224 are required.

Note: Minimum cumulative GPA of 2.0 required in above courses for graduation.

The Department of Physics participates in the Cooperative Engineering program (see page 28) and administers the interdisciplinary degree program in Industrial Management (see page 40).

POLITICAL SCIENCE

Office: E368 Thompson Hall
(716) 673-3207
E-mail: Richard.Jankowski@fredonia.edu
Richard Jankowski, Chairperson

Political science is a liberal arts discipline designed to prepare students as informed citizens and leaders in contemporary society. A major in Political Science must take a minimum of 33 credit hours within the discipline. These credit hours are divided into required core courses, upper-division courses selected from different subject areas, and the capstone seminar. In addition, there is an optional concentration that entails 6 credit hours, and optional Honors program.

Fredonia graduates hold responsible positions in businesses and corporations as well as in federal, state, and local governments. Following completion of university, some of our students continue their studies in graduate or law school. The latter become attorneys in the public and private sectors. The department has regular advisory meetings on
careers for its majors and sponsors a variety of internships. Each year the department selects students to spend a semester in Washington, D.C. Selectees may be either majors or non-majors, but must be juniors or seniors at the time they go to Washington. Fifteen credit hours are granted for participation in the program.

Similar in structure to the Washington Semester Program but with residence in Albany, the Albany Semester Program provides an internship with a state agency or the New York State Legislature. It earns 15 credit hours.

The Department of Political Science also offers a number of internships in local government and local law-related agencies.

**Awards**

The department is a member of Pi Sigma Alpha, the national Political Science Honor Society. Outstanding undergraduates majoring in Political Science are admitted to membership.

The Department of Political Science gives at least three scholarships to entering freshmen, good for two years, based on merit: the Political Science Alumni Scholarship, the Political Science Department Faculty Scholarship and a J.R. Soukup Freshmen Award.

The Department of Political Science annually gives the Erna G. and J. Murdoch Dawley Award to the outstanding graduating senior in Political Science. This endowed award is given at the conclusion of the spring term.

A J.R. Soukup Pi Sigma Alpha Award is given annually to the outstanding junior who not only demonstrates scholarship but is pursuing studies and/or a career in some form of private or public community service. This will be awarded in the spring term.

The department awards the John R. Quatroche Jr. Award to a Political Science student who demonstrates an outstanding record of involvement in extracurricular affairs, campus service and leadership.

The department provides advice to students interested in law school and law-related careers. It maintains an up-to-date collection of law school catalogs which are available in the Erna G. and J. Murdoch Dawley Reading Room (E369 Thompson Hall). The department’s pre-law advisors provide assistance in evaluating the results of the Law School Admission Test (LSAT).

Students interested in majoring or minoring in Legal Studies (Pre-Law) should consult page 45. The Legal Studies program is administered through the Department of Political Science.

Political Science majors can belong to the student Political Science Association, which organizes a variety of activities. These include trips to Washington, D.C., career days, election year debates, voter registration projects, parties, and others. Political Science majors may also participate in the Mock Trial program and competitions and in the annual simulation of European Union policy deliberations, in which many U.S. and European colleges and universities participate.

Political Science majors are encouraged to satisfy College Core Curriculum distribution requirements with courses in history and economics where possible. They are also advised to consider these departments in their selection of electives.

Students wishing to teach political science in the secondary schools may obtain provisional certification by completing the Social Studies Adolescence Education program (see page 38). Students in all education programs are required to demonstrate competence in a foreign language. This requirement may be satisfied in any one of the following four ways: (1) completion of course work at the 116 level at Fredonia, or (2) transferring of two successful college semesters, or (3) scoring at the 50th percentile or higher on the CLEP exam, or (4) completion of three years of high school language with a passing Regents score (passing = 65). The College Core Curriculum foreign language requirement differs from the certification requirement and must be satisfied for degree conferral. The procedure to be followed for admission to the professional sequence of courses is described on page 27. For updated information on the department, its programs and faculty, consult the department web site at: http://www.fredonia.edu/department/polisci/

**Requirements for the Bachelor of Arts Degree in Political Science**

Minimum required: 33 credit hours

1. **Required Core Courses (12 credit hours)**
   - POLI 120 American Politics
   - POLI 150 U.S. and World Affairs
   - POLI 200 Statistics
   - POLI 210 Research Methods

2. Students must take the following number of courses in the following areas:
   - A. American Politics and Government (1 course)
   - B. Public Law and Policy (1 course)
   - C. Comparative Politics (2 courses – one of these two courses must be in a non-western area)
   - D. International Relations (1 course)
   - E. Political Theory (1 course)

3. Each major must take the capstone seminar (POLI 450) in their senior year.

4. **Areas of Study**

A. **American Politics and Government**

   **Institutions Courses:**
   - POLI 311 Fundamentals of Public Administration
   - POLI 322 New York Government
   - POLI 324 President and Congress
   - POLI 397 Topics in American Politics
   - POLI 370 American Constitutional Law

   **Politics and Processes Courses:**
   - POLI 321 Political Parties and Interest Groups
   - POLI 323 Elections in America
   - POLI 325 Public Opinion and Participation
   - POLI 326 Media and Politics
   - POLI 329 Topics in American Politics

B. **Public Law and Policy**

   **Law Courses:**
   - POLI 371 Civil Rights and Liberties
   - POLI 379 Topics in Public Law
   - POLI 383 Courts and Social Policy

   **Policy Courses:**
   - POLI 381 Urban Politics and Planning
   - POLI 382 Social Welfare Systems
   - POLI 387 Environmental Policy
   - POLI 380 Policy Evaluation
   - POLI 389 Topics in Public Policy
C. Comparative Politics

Western Courses:
POLI 330  Western European Politics
POLI 331  Canadian Politics
POLI 332  Russian Politics
POLI 344  Comparative Public Policy
POLI 348  The European Union
POLI 349  Topics in Comparative Politics

Non-Western Courses:
POLI 334  African Politics
POLI 341  Political Economy of Development
POLI 345  Film and Politics
POLI 346  East Asian Political Economy: Japan, China and Korea
POLI 354  Middle East in World Affairs

D. International Relations

POLI 352  World Political Geography
POLI 355  International Political Economy
POLI 356  U.S. Foreign Policy
POLI 359  Topics in International Politics

E. Political Theory

POLI 360  Classical Political Theory
POLI 361  Modern Political Theory
POLI 363  Game Theory
POLI 365  American Political Thought
POLI 369  Topics in Political Theory

Optional Programs

In addition to the 33 credits for a Political Science major, students may also choose to concentrate in one of the following areas by fulfilling the requirements defined below. Students who choose to concentrate in one of the following areas will need to take an additional 6 credit hours for a total of 39 credit hours.

Concentrations

Law Concentration
Students wishing to concentrate in Law must take POLI 370 to fulfill the requirement under Area A and one of the Law courses under Area B. In addition, students must take either POLI 276 or POLI 277 and an additional Law course from the Area B list.

Campaigns and Elections Concentration
Students wishing to concentrate in Campaigns and Elections must take POLI 324 to fulfill the requirement under Area A and two additional Politics and Process courses from the Area A list.

Public Administration and Policy Concentration
Students wishing to concentrate in Public Administration and Policy must take POLI 311 to fulfill the requirement under Area A and one of the Policy courses under Area B to fulfill the Section B requirement. In addition, students must take two additional Policy courses from the Area B list.

Civic Education Concentration
Students wishing to concentrate in Civic Education must take two additional courses from the following list: POLI 348 (and participate in EuroSim); POLI 287; Internship (of any variety from the Political Science Internships – must be 3 credits or more).

Comparative Politics Concentration
Students wishing to concentrate in Comparative Politics must take two additional courses from the Area C list.

Government and Political Organization Concentration
Students must take either the Washington or Albany internship. In addition, they must take one of the following: POLI 311, 321, 322, 324.

Political Economy Concentration
Students must take both ECON 201 and 202. In addition, they must take two courses from the set: POLI 341, 344, 346, 355, 387. Lastly, they must take one course from the set: ECON 220, 335, 345, 355, 380, 405.

International Relations Concentration
Students wishing to concentrate in International Relations must take two additional courses from the Area D list.

Political Theory Concentration
Students wishing to concentrate in Political Theory must take two additional courses from the Area E list.

Note: The Political Economy concentration requires 45 credit hours.

Honors Program

Students may also obtain Honors in Political Science. Students may nominate themselves, but the department will select students for admission to the Honors Program. If accepted into the Honors program, the student must take POLI 495 and POLI 496. These are taken in the place of the Capstone Seminar (POLI 450).

Requirements for the Minor in Political Science

At least 21 credit hours in political science, including 12 credit hours of 300 level courses. Students who wish to be officially certified as a Political Science minor should plan a program with a departmental advisor. They should see an advisor at least once each semester thereafter. As a minor in Political Science, students may select either a wide cross section of courses from the various fields within the discipline or a group of courses focusing on one of the following specializations:

- Political Law and Policy
- American Politics
- International Politics
- Comparative Politics
- Political Theory

For a listing of courses in each minor, students should see an advisor or the department chairperson.

Geographic Information Systems

This program is sponsored jointly by the departments of Political Science and Geosciences. Interested persons should refer to page 33 for a description of the concentration.

Certificate in International Political Economy

A certificate program in International Political Economy is available. The program is open only to Business Administration and Economics majors. The certificate is awarded by the political science department following successful completion of the following:

1. POLI 150 U.S. and World Affairs 3
2. Nine credit hours from among the following:
   - POLI 334 African Politics 3
   - POLI 341 Political Economy of Development 3
   - POLI 344 Public Policies in Advanced Industrial Democracies 3
   - POLI 346 East Asian Political Economy: Japan, China and Korea 3
   - POLI 354 Middle East in World Affairs 3
   - POLI 355 International Political Economy 3

Special Programs

Internships: No more than 3 credit hours of internship credit may count toward the Political Science major or minor.

The department participates in various Interdisciplinary Studies majors and minors such as Legal Studies and International Studies.
The Department of Political Science also participates in the Cooperative Engineering program. Refer to the description of this program on page 28.

**PRE-MEDICINE AND ALLIED AREAS**

Office: 203 Jewett Hall  
(716) 673-3282  
E-mail: Pre-Medicine.Program@fredonia.edu  
Wayne Yunghans, Coordinator

Fredonia graduates have enjoyed considerable success in gaining entry to medical, veterinary, osteopathic, optometry, dental and other professional health programs. The Biomedical Professions Council closely advises and assists each pre-medical student and prepares a committee letter on his/her behalf. The complete credentials file is assembled by the biology department and submitted in a timely manner on behalf of each applicant.

While no medical schools stipulate a particular major program of undergraduate study, they do require that students have minimum preparation in a number of areas including biology, chemistry, English, and physics. Most of our students find the Fredonia Biology major meets all the requirements for American medical schools and choose it as the most appropriate undergraduate pre-med program. The American Association of Medical Colleges advises that students may major in any area, but their own (AAMC) admissions data show that the majority of successful applicants to American medical schools have majored in the biological sciences. Students who choose to major in an area outside of biology should register with the council as freshmen to ensure appropriate advice and assistance (register at the Department of Biology Office in Jewett Hall).

Any student who is seriously considering a medical, veterinary or dental career should seek appropriate summer employment/internship opportunities early in their undergraduate experience.

The book, Medical School Admissions Requirements (AAMC, Washington, D.C.) is essential reading for any undergraduate who is seriously considering medical school.

Candidates to dentistry, veterinary, and podiatric medicine should also avail themselves of the advising services of the Biomedical Professions Council.

**Combined Degree Program with University at Buffalo School of Dental Medicine**

The Combined Degree Program is a seven-year dentistry program developed between the State University of New York at Fredonia and the State University of New York at Buffalo, School of Dental Medicine. This program allows participating students the opportunity to receive a baccalaureate degree in either biology or chemistry and a doctoral degree in dentistry. The first three years of the program are completed at SUNY Fredonia and the last four years are completed at SUNY at Buffalo, School of Dental Medicine. Admission into the program is competitive and dependent on a number of factors in addition to the usual admission policies at SUNY Fredonia. Students interested in this program should contact either the Department of Biology or the Admissions Office for further details.

**Combined Degree Program with SUNY College of Optometry**

This Combined Degree (3/4) Program is a seven-year program developed between the State University of New York at Fredonia and the State University of New York State College of Optometry. This program allows participating students the opportunity to receive a baccalaureate (B.S.) degree in Biology and a Doctor of Optometry (O.D.) degree in optometry. The first three years of the program are completed at SUNY Fredonia and the last four years are completed at SUNY State College of Optometry. Admission is competitive and requirements are in addition to the usual admission policies at SUNY Fredonia. Accepted students are admitted into Fredonia’s Biology major and simultaneously admitted to candidacy to the SUNY College of Optometry’s professional program of study. Students interested in this program should contact either the Department of Biology or the Admissions Office for further details.

**PSYCHOLOGY**

Office: W357 Thompson Hall  
(716) 673-3129  
E-mail: Psychology.Department@fredonia.edu  
Jack Croxton, Chairperson

The psychology department has several objectives:

To provide the student with a basic knowledge of a broad range of psychological concepts and theories, and an understanding of the methods used by psychologists in the study of human behavior; to contribute to the building of an integrated liberal education, designed to equip the student for postgraduate employment or further specialized education; and to demonstrate the relevance of psychological analysis to current social problems and provide students with the knowledge to better understand themselves and others. A liberal arts education with a major in psychology is good preparation for a wide variety of jobs including human services, sales, and management. Some jobs in psychology and related mental health are available at the bachelor’s degree level; others may require an advanced degree. Many of our majors continue in graduate school in fields of study including school psychology, social work, counselor education, cognitive psychology, counseling psychology, and law.

To meet all of these objectives the department offers courses spanning the entire field of psychology. Internships and independent study opportunities are also available. It recognizes superior student performance with the Psychology Merit Award and Donald John Lehr Endowment, and it supports the Psychology Club and a local chapter of Psi Chi, the national honor society for psychology. Interested persons should see the department chairperson for additional information.

**Requirements for the Bachelor of Arts Degree in Psychology**

I. Courses in Psychology:

<table>
<thead>
<tr>
<th>Core Group - all required</th>
</tr>
</thead>
<tbody>
<tr>
<td>Hrs.</td>
</tr>
<tr>
<td>PSY 129  Introduction to Psychology</td>
</tr>
<tr>
<td>PSY 130  Psychology Laboratory</td>
</tr>
<tr>
<td>PSY 200  Statistics</td>
</tr>
<tr>
<td>PSY 210  Research Methods</td>
</tr>
</tbody>
</table>

The above courses are to be completed by the end of the junior year.

One course from the  

**Psychophysiology Area:**

| Hrs. |  |
| PSY 342  Perception | 3 |
| PSY 351  Physiological Psychology |  |
PSY 361  Cognitive Neuroscience
One course from the Cognitive Area: 3
PSY 244  Cognitive Psychology
PSY 344  Psychology of Language
PSY 364  Cognitive Development
One course from the Social Area: 3
PSY 245  Social Psychology
PSY 246  Personality
PSY 365  Social Development
One course from the Clinical/Counseling Area: 3
PSY 356  Abnormal Psychology
PSY 379  Child Psychopathology
PSY 447  Introduction to Counseling
One Theoretical Thinking course: 3
PSY 429  History and Systems of Psychology
PSY 430  Theories of Psychology
PSY 439  Senior Honors Seminar
PSY 445  Seminar in Social Psychology
PSY 454  Theories of Memory

Also required: One course of a developmental focus. PSY 364, PSY 365 or PSY 379 may count here as well as in the groupings above. PSY 349 (Child Psychology) also meets this requirement. Students choosing to take PSY 364, PSY 365 or PSY 379 to meet both requirements must take an additional psychology elective in order to fulfill the requirement that they have 35 hours of psychology courses.

Psychology electives:
Core Courses: 12 credit hours
PSY 129  Introduction to Psychology
PSY 200  Statistics
PSY 317  Tests and Measurements
PSY 347  Industrial-Organizational Psychology
Two courses from the following: 6 credit hours
PSY 227  Applied Psychology
PSY 245  Social Psychology
PSY 355  Group Dynamics
PSY 373  Human Factors
PSY 447  Introduction to Counseling
One course from the following: 3 credit hours
BUAD 330  Human Resource Management
SOC 325  Complex Organizations

Requirements for Transfer Credit
For a transfer course to be counted toward the minimum hours required for a major or a minor, the course must be evaluated as equivalent to a course taught in the Department of Psychology.

For a major, a limit of 12 transfer credits may be counted towards the 35 required, i.e., a minimum of 23 credit hours must be taken in the department at SUNY Fredonia.

For a minor, a minimum of 9 hours must be taken in the department at SUNY Fredonia.

The psychology department participates in the Cooperative Engineering program (see page 28).

PUBLIC HEALTH
(Interdisciplinary Studies minor only)
Office: W393 Thompson Hall
(716) 673-3469
E-mail: PublicHealth.Minor@fredonia.edu
Linda Dorsten, Coordinator

Public health incorporates nearly every aspect of health and perhaps is best defined by its mission: maximum health for all, via the prevention of disease, disability and unhealthful environmental conditions. The focus of public health is on the conditions of people in a community; in contrast, medicine focuses on the health conditions of the individual.

The interdisciplinary minor in Public Health offers students the opportunity to acquire knowledge and skills in the broad field of public health, incorporating emergent issues (new public health topics such as bioterrorism) along with more traditional topics such as: infectious...
and chronic diseases; maternal and child health; injuries; psychosocial issues and tobacco; mental health, substance abuse and social violence; and air, water and solid hazardous waste. The minor will facilitate private or public sector careers addressing physical, mental and/or environmental health concerns of communities and populations at risk for disease/injury, and graduate study in public health. The minor requires successful completion of 19 credit hours.

Six credit hours must be from 300-400 level courses.

Only 6 credit hours may be taken in a student’s major.

SOC 215 should be completed early, preferably during the sophomore year, and as soon as possible after declaring the minor. Enrolling in SOC 415 requires completion of 15 credit hours of public health courses, including SOC 215.

**Required Courses:** (10 credit hours)

**SOCIAL WORK**

The Bachelor of Science in Social Work is one of several major degree programs offered by the Department of Sociology, Anthropology, Social Work, and Criminal Justice. The program is accredited by the Council on Social Work Education, the profession’s educational accreditation organization. The Social Work program seeks to:

1. Prepare generalist social workers who integrate knowledge, values, and skills for competent entry-level professional practice and/or graduate education.
2. Prepare generalist social workers educated to maintain and improve the social functioning of individuals, families, groups, organizations and communities by helping people solve problems, accomplish tasks, prevent and alleviate distress, and create and use resources.
3. Prepare generalist social workers who understand and actively participate in their social environment, in particular through planning, formulation and implementation of social policies, services, resources, and programs, to help people meet basic human needs and to improve the quality of life for all.
4. Prepare generalist social workers who use themselves, their knowledge, their problem-solving capabilities and other social systems to advocate for populations-at-risk and to promote socially and economically just communities and society.
5. Prepare generalist social workers who understand their obligations as practitioner-researchers to develop and test knowledge and skills to strengthen the profession’s purpose of enhancing human well-being and alleviating poverty and oppression.
6. Prepare generalist social workers who practice ethnic and culturally sensitive social work practice with diverse populations and who fight to eliminate social injustice experienced by oppressed populations.
Mission Statement
The SUNY Fredonia Bachelor of Science degree in Social Work program strives to be a trusted partner in the missions of its home department, the Department of Sociology, Anthropology, Social Work, and Criminal Justice; the university; the academic community-at-large; and the social community-at-large. Through committed, quality teaching-learning activities and reciprocal learning relationships with the local community-at-large, the program prepares critical thinking, generalist social workers who are prepared to enter employment as entry level professionals in urban or rural agency settings and/or are prepared to continue their education at the graduate level. The program intends that the teaching-learning, research, and service activities will have a meaningful, positive influence on the well-being of each student, the university, and the community-at-large as it embraces the larger mission of social work to prevent and alleviate conditions arising from social problems and unmet human needs.

Program Overview
All program activities are designed to meet its mission and goals. The curriculum is designed to provide the professional foundation that gives students specific social work theory, knowledge and skills. It is built upon a liberal arts base and provides individualized opportunities for personal and professional growth. Students work with their advisors to choose elective courses to develop their specific interests. The Social Work Club plans student-directed activities that increase opportunities to explore the nature of the profession. Through their academic experiences, students become more well-rounded, responsible individuals who possess a spirit of inquiry, critical thinking and helping skills, and have the ability to use the self appropriately in relationships with others.

Social work academic offerings and program activities are continually assessed to help keep the program vibrant and relevant. Student achievement results from each required social work course, portfolio learning, and performance in the Field Practicum are compiled and used to analyze the curriculum. In addition, various kinds of surveys are conducted with graduating seniors, alumni, and community practitioners to help understand the program's performance. Each of these assessment strategies measures some or all of the program's following objectives:

Graduates of the SUNY Fredonia Social Work program will
1. Apply critical thinking skills within the context of professional social work practice
2. Understand the value base of the profession and its ethical standards and principles, and practice accordingly
3. Practice without discrimination and with respect, knowledge, and skills related to clients' age, class, color, culture, disability, ethnicity, family structure, gender, marital status, national origin, race, religion, sex, and sexual orientation
4. Understand the forms and mechanisms of oppression and discrimination and apply strategies of advocacy and social change that advance social and economic justice
5. Understand and interpret the history of the social work profession and its contemporary structures and issues
6. Apply the knowledge and skills of generalist social work practice with systems of all sizes
7. Use theoretical frameworks supported by empirical evidence to understand individual development and behavior across the life span and the interactions among individuals and between individuals and families, groups, organizations, and communities
8. Analyze, formulate and influence social policies
9. Evaluate research studies, apply research findings to practice, and evaluate their own practice interventions
10. Use communication skills differentially across client populations, colleagues, and communities
11. Use supervision and consultation appropriate to social work practice
12. Function within the structure of organizations and service delivery systems and seek necessary organizational change (The above are taken directly from the Council on Social Work Education Handbook of Accreditation Standards and Procedures, 5 th ed., pp. 33-34.)
13. Demonstrate the professional use of self, and
14. Will utilize the knowledge base as successful preparation for graduate work and/or continued education for competence

Advancement into the Professional Methods Sequence
Students who indicate their desire to major in Social Work and who meet the university acceptance requirements are designated official majors at the time of their acceptance. However, in the second semester of the sophomore year, all majors who wish to continue in the program and take upper level social work methods courses must successfully complete the Advancement process. An application with supporting documents must be filed by a mid-March deadline date (varies every year). Supporting documents include a written response to questions posed on the application, transcripts, and three letters of recommendation. Students may be required to complete an interview process with social work faculty. Transcripts must document that students have met the following advancement requirements:

1. A 2.5 average for the following prerequisite courses:
   SOC 116 Introduction to Sociology
   PSY 129 Introduction to Psychology
   BIOL 110 Human Biology
   SOC 200 Statistics for Sociologists
   (or any other introduction to statistics course)
   SOC 218 Introduction to Social Work
   SOC 272 Exploring Community-Based Social Work

2. A cumulative grade point average of 2.5 or higher, and

3. A grade of “B-” or better in SOC 218 Introduction to Social Work and SOC 272 Exploring Community-Based Social Work

The application materials with complete instructions can be obtained by contacting the department and/or the Program Director.

Students will not be allowed into the Methods Sequence if they have not successfully completed this process. Once accepted into the advanced coursework, students are identified as having “Advanced Status” and must
follow the required sequence of courses. This sequence is based upon the developmental design of the curriculum. All foundation area practice methods courses build upon the knowledge of the course that precedes it. Because of this, students who anticipate any need for part-time study or who wish to study abroad should talk with their advisors as soon as possible to plan their progress through the curriculum. Students must also achieve a minimum grade of “C” in their required social work courses to continue in sequence.

Transfer Students

The Social Work program welcomes transfer students. The curriculum was designed to facilitate a successful transition from other institutions. Incoming freshmen and sophomore students are given intensive advising to prepare for advancement and to promote success in all academic pursuits. Incoming juniors who transfer with an A.A./A.S. degree or who have 60 credit hours are also given intensive advisement but they must meet all the advancement criteria prior to transfer. When applying for advancement into the junior year course work, these students must file their application with supporting documents and they must:

1. Be formally accepted into SUNY Fredonia for the fall semester
2. Document the completion of 60 credit hours (or submit their plan to complete at least 60 hours before they start the fall semester)
3. Establish equivalency for courses transferring as Introduction to Social Work (Introduction to Human Services), Exploring Community-Based Social Work (Human Services Internship), and Human Biology

To establish equivalency, students must submit a syllabus for the course in question to the Social Work Program Director who must determine that the purpose, content, and scope of the course is the same or similar enough to the SUNY Fredonia course that it can stand in the place of the SUNY Fredonia course. The Program Director may contact the college/university to gather more information to make a determination. If approved, a Transfer Credit Approval form must be filed with the SUNY Fredonia Registrar.

Social work courses transferred from a Council on Social Work Education Accredited program will be approved for credit but may not be judged equivalent to the SUNY Fredonia social work courses. This occurs because of differences in curriculum and course sequencing among programs. Transfer students from an accredited program will need to meet with the Program Director to determine equivalency. No equivalency will be granted for the Field Practicum unless placed by the program in an international placement. Students earning a B.S. degree in Social Work from SUNY Fredonia must complete their 500 practicum hours through the SUNY Fredonia program.

Field Practicum

In the senior year, students must complete a 500 hour professionally supervised placement in a social service agency. Conceived as one experience spread over two semesters, the student must complete a minimum of 250 hours of activities during each of the fall and spring semesters. Students begin the application process for their Field Practicum placement in the fall semester of the junior year. Students must have completed all prerequisite courses prior to entering their field work. They must also have a 2.0 cumulative G.P.A. and a 2.5 average in all the required social work courses. Field practicum policies and procedures can be found in the Field Manual available to the students during the application-to-the-field process in the spring semester.

Program Policies

The social work profession has been a leader in the cause of fighting prejudice, discrimination, and oppression against all people in society. Admission and advancement in the program is based upon the published criteria. Race, color, religion, creed, gender, ethnic or national origin, disability, age, political orientation, or sexual orientation play no role in the program decisions. Social work is also a professional field with expectations of professional behavior. Students who meet the published criteria but who have evidenced a pattern of unprofessional, unsuitable behavior may be denied advancement and/or dismissed from the program. Students may also be dismissed from the program for academic reasons. Students must earn a grade of “C” or better in their required social work courses to continue in the major. More specific expectations and policies are detailed in the student Handbook.

Requirements for the Bachelor of Science Degree in Social Work

Degree candidates in Social Work must (a) complete the College Core Curriculum (CCC); (b) complete prerequisite courses; (c) successfully complete the Advancement process in the second semester of their sophomore year; (d) complete required social work courses (45 hours); (e) complete 6 credit hours of course work with diversity content from an approved list of CCC courses (taken as part of the CCC); (f) maintain and complete a portfolio, (g) complete enough general elective hours and/or a minor to earn 120 credit hours, and (h) consistently demonstrate professional behavior.

Six credit hours of Approved Social Work Electives | 45
Sociology

Sociology provides valuable insights into the human experience and assists in the understanding of human behavior. Sociologists are interested in understanding how people live and interact, in learning how human groups of all kinds (families, sports teams, religious groups, crowds, large bureaucratic organizations, etc.) operate in a wide variety of situations, and in assessing and evaluating how societies work. Sociology explores assumptions about people, their groups, and their societies. It carefully analyzes problem areas and evaluates possible solutions.

Requirements for the Bachelor of Arts Degree in Sociology
39 credit hours

Required Courses: 21 credit hours
ANTH 115 Introductory Anthropology 3
SOC 116 Introductory Sociology 3
SOC 200 (or equivalent) 3
SOC 202 Social Analysis 3
SOC 300 Research Methods 3
SOC 308 Foundations of Sociological Theory 3
SOC 309 Contemporary Sociological Theory 3

Elective Courses in sociology: 18 credit hours

Requirements for the Minor in Sociology
Eighteen credit hours in sociology including SOC 116 (required). The remaining 15 credit hours are free electives and may be taken from any of the department’s sociology offerings. At least 9 credit hours must be at the 300 level or above.

Anthropology

Anthropology investigates human origins and diversity. Anthropologists attempt to understand human existence, both past and present, from a worldwide perspective. Their discipline has been called the most humanistic of the sciences and the most scientific of the humanities. Anthropology is an integrating academic discipline, consisting of four major divisions: physical anthropology, archaeology, linguistics, and cultural anthropology. Majors in Sociology with a Concentration in Anthropology develop skills in evaluating and conducting research through courses in theory, methods, statistics, and many specific content areas. Those skills and that knowledge can be applied in a wide variety of occupations and professions. Majors have the opportunity to prepare for graduate education in sociology, anthropology, law, social work, and related fields as well as careers in various social and human service areas. Students are encouraged to undertake faculty-aided projects in areas of their own interest.

Requirements for the Bachelor of Arts Degree in Sociology with a Concentration in Anthropology
42 credit hours

Required Courses: 27 credit hours
ANTH 115 Introductory Anthropology 3
ANTH 210 Physical Anthropology 3
ANTH 211 Archaeology 3
ANTH 219 Cultural Anthropology 3
SOC 116 Introductory Sociology 3
SOC 200 Statistics for Sociologists (or equivalent) 3
SOC 202 Social Analysis 3
SOC 300 Research Methods 3
SOC 308 Foundations of Sociological Theory 3

Elective Courses: 9 additional credit hours in anthropology plus 6 credit hours in related fields as advised.

Requirements for an Anthropology Minor
Eighteen hours in Anthropology. ANTH 115 Introductory Anthropology (required), plus 15 additional credit hours in anthropology, At least 9 credit hours must be at the 300 or 400 level.

### SPEECH PATHOLOGY AND AUDILOGY

Office: W123 Thompson Hall  
(716) 673-3202  
E-mail: SpeechPathology.Audiology@fredonia.edu  
Kim L. Tillery, Chairperson

### Important Notification to All Speech Pathology Majors

All programs and degree options are held accountable to national standards of the American Speech-Language-Hearing Association (ASHA) with the Council on Academic Accreditation (CAA) in Speech-Language Pathology and Audiology. New requirements for the Certificate of Clinical Competence in Speech-Language Pathology (CCC-SLP) are effective January 1, 2005. Any student who graduates after this date must fulfill the new requirements.

Any changes made by New York State Board of Regents and ASHA have the potential to impact the requirements of the program. Undergraduate programs are under review for such changes.

The Department of Speech Pathology and Audiology seeks to combine professional preparation with a solid grounding in general and liberal education. To this end, the department offers two degree options; the Bachelor of Science in Education (B.S. Ed.), leading to Initial Certification as a Teacher of the Speech and Language Disabilities, and the Bachelor of Arts in Communication Disorders and Sciences (B.A.), a pre-professional non-certification option.

Individuals qualified as Speech-Language Pathologists are in demand in a variety of educational and therapeutic settings. Those qualified at the bachelor’s level readily obtain employment in school or pre-school settings. Upon completion of a master’s degree, the graduate may elect to continue working in school settings or may seek employment in hospitals, medical practice groups, nursing homes, and rehabilitation agencies or in private practice.

At SUNY Fredonia, the Bachelor of Science in Education, Speech and Language Disabilities (housed in the Henry C. Youngerman Center for Communication Disorders) includes clinical practice and student teaching in schools.

The Bachelor of Arts degree option includes all the academic courses for the B.S.Ed., but in place of the practicum and student teaching courses, a two to three course sequence in two different academic departments is required. Choices and options are facilitated through advisement. Junior transfers and second baccalaureate degree students are advised into the B.A. program to facilitate timely completion of academic and degree requirements. Students desiring to obtain a terminal degree in audiology are advised into the B.A. program to enable them to receive audiology clinic and course work that would prepare them for admission to a Clinical Doctorate in Audiology (AuD.) program.

Upon completion of either degree option, students may elect to continue graduate studies in the same field. This major also provides a basis or impetus for specializations in education of the deaf, special education, linguistics, counseling and a variety of other professions.

The graduate program at Fredonia in Speech-Pathology and Audiology is accredited by the Council on Academic Accreditation (CAA) of the American Speech-Language-Hearing Association (ASHA) and are license qualified by the State Education Department.

### Scholarships

The following scholarships are awarded by the Department of Speech Pathology and Audiology: the Essau A. and Susan S. Sam Scholarship, the Schaffer Family Scholarship, the Rebecca Snyder Memorial Scholarship, the Lt. Gen. Louis E. Woods Scholarship, the Henry C. and Ida H. Youngerman Scholarship, Gustave and Geraldine Werner Foundation scholarships, and the Constantine Barker Endowment.

### Requirements for all Academic Majors

Students during their fifth semester, or the semester in which 75 credit hours will be earned, must normally meet the following requirements before being permitted to take further courses in the Department of Speech Pathology and Audiology.

1. a minimum overall GPA of 2.75 (or decision based on the chairperson’s discretion)
2. a minimum overall GPA of 2.75 in all speech pathology and audiology courses completed
3. additional requirements as specified elsewhere

The New York State Education Department requires a Child Abuse Seminar as well as a Violence Prevention Seminar for all students being recommended for teaching certification; Childhood Education, Early Childhood Education, Adolescence Education, and Speech Pathology/Audiology. These students must successfully complete the New York State Teacher Examination Program. Students are required to demonstrate competence in a foreign language. This requirement may be satisfied in any one of the following four ways: (1) completion of course work at the 116 level at Fredonia, or (2) transferring of two successful college semesters, or (3) scoring at the 50th percentile or higher on the CLEP exam, or (4) completion of three years of high school language with a passing score on the Regent’s examination (passing = 65). The College Core Curriculum (CCC) foreign language requirement differs from the certification requirements and must be satisfied for degree conferral.

SPORT AND EXERCISE STUDIES

(Interdisciplinary Studies minor only)

Coordinators:

Dr. Charles Davis, Chairperson
Health, Wellness and Recreation
Office: 123 Dods Hall
(716) 673-3101
E-mail: Charles.Davis@fredonia.edu

Dr. Bruce Klonsky, Professor,
Psychology Department
Office: W339 Thompson Hall
(716) 673-3892
E-mail: Bruce.Klonsky@fredonia.edu

The Sport and Exercise Studies interdisciplinary minor has three options. The Athletic Coaching Certification Track (18 credit hours), the Sports Administration and Communications Track (23 credit hours) and the Sport and Exercise Sciences Track (at least 22 credit hours). Each track will include some required courses, and areas of concentration/specialization where there will be a choice of electives. For each track, the electing of an applied outside experience (i.e., practicum/internship or independent study) will be encouraged.

The Athletic Coaching Track prepares students to meet the New York State established criteria to qualify to coach in elementary and secondary schools and in youth recreation programs. Students can organize 18 credit hours needed for graduation to meet the state mandate for strenuous/contact activities and non-strenuous/non-contact activities. Core courses relate to philosophy, principles and organization of athletics in education; health sciences applied to coaching (e.g. First Aid, Psychology of Coaching, and Adult CPR); and techniques of coaching.

The Sports Administration and Communication Track will expose students to (a) the behavioral dimensions of sport; (b) general management and organizational skills and issues; (c) sport-specific management principles, strategies, and issues; (d) marketing, finance, and legal issues; and (e) communication and ethical issues.

The course categories included in this track were strongly influenced by the Sport Management Program Standards established by the National Association for Sport and Physical Education and the North American Society for Sport Management. The
track will aid in the preparation and viability of students for jobs and graduate work in sports management, marketing, and public relations.

The Sport and Exercise Sciences Track will expose students to scientific principles and issues related to sport and exercise. The contributions of the behavioral, social and physical sciences (psychology, sociology and physiology) will be emphasized. The core courses for this track include Sport Psychology, the Sociology of Sport, and the Physiology of Exercise and Sport. Students will also be required to choose one course in each of the following concentration areas: (a) physiological bases, (b) group and organizational contexts, (c) developmental and educational issues and principles, and (d) personality, assessment, and counseling issues.

The course categories utilized in this track are strongly influenced by the criteria that the Association for the Advancement of Applied Sport Psychology requires for the certification of doctoral-level professional sport consultants. The track will aid in the preparation of students for graduate work dealing with sport and exercise behavior within their discipline (e.g. psychology, sociology, kinesiology, and exercise science). It will also provide important information about sport and exercise behavior for those planning to be coaches, fitness specialists, physical therapists, and athletic trainers.

A maximum of 12 credit hours may be taken in the Sport and Exercise Sciences track from any one department in fulfilling the requirements of this minor.

THEATRE AND DANCE

Office: 212 Rockefeller Arts Center
(716) 673-3596
E-mail: Theatre.Arts@fredonia.edu

James Ivey, Chairperson

It is the mission of the Department of Theatre and Dance to provide training for professional, community, and academic theatres within the framework of the liberal arts education.

The Department of Theatre and Dance offers the Bachelor of Arts and the Bachelor of Fine Arts degrees. The Bachelor of Arts degree is a General Theatre Studies program. The Bachelor of Fine Arts degrees program is limited to those students who demonstrate excellence or the potential for excellence in performance and/or production and design. It is designed for those students who enter the university with a firm idea of their professional goals.

In conjunction with the School of Music, the department offers study leading to the Bachelor of Fine Arts in Musical Theatre degree. Minors in Theatre and Dance are available as
well, allowing the pursuit of a secondary interest in theatre or dance as support for a major area or for personal growth and satisfaction.

Theatre students may participate in the Walter Gloor Mainstage Series of departmental productions and the Performing Arts Company (PAC), a student-run theatre group at the university. PAC presents two productions each semester and sponsors workshops and experimental theatre productions. The department presents five productions each year. Juniors and seniors who contribute significantly to the theatre program and who attain a grade point average of 3.25 in their major may be eligible for Alpha Psi Omega, the national honorary dramatic society.

Admission to the Department

Bachelor of Arts - General Theatre Studies

All students who indicate Theatre as their first major preference and are academically accepted by the university are automatically admitted to the Bachelor of Arts General Theatre Studies program.

Bachelor of Fine Arts - Acting

In addition to admittance to the university, students must audition during the year prior to entering Fredonia at one of the designated audition dates. Audition information and application forms are available from the Department of Theatre and Dance office or on the departmental website.

Transfer students should audition for the B.F.A. Acting program during the semester before transferring. The B.F.A. Acting degree requires four years for completion.

Bachelor of Fine Arts - Musical Theatre

For admission and degree requirements see page 57.

Bachelor of Fine Arts - Production Design

In addition to admittance to the university, prospective students must interview with the design faculty prior to acceptance into the program. This may be done during the year prior to attending Fredonia or B.A. General Theatre Studies' students may be admitted during their first year in residence. Students who are accepted into the B.F.A. Production Design program select a specific track of study from the following options: Costume Design, Lighting Design, Technical Production or Scenic Design. Each track of study is outlined below.

Dance

For information on programs and courses in Dance, see pages 75 and 100.

Additional Requirements

Transfer students admitted into B.F.A. degree programs should expect to spend a minimum of three years on the SUNY Fredonia campus.

In addition to the specific and individual courses, periodic reviews of achievement/improvement are conducted for the B.F.A. Acting and Production Design student with the purpose of determining advancement/retention. At the conclusion of the fourth semester, the performance or design faculty reviews the student and a determination made as to permission for continuance in the program. Students with unfavorable evaluations will not be permitted to continue study in the B.F.A. but may continue in the B.A. General Theatre program.

Students in the B.F.A. Acting program must present acting juries at the conclusion of each semester, and must perform a senior recital or a leading role in a departmental production during their fourth year. B.F.A. Acting and Musical Theatre majors are required to audition for all Department of Theatre and Dance productions.

B.F.A. Production Design students, prior to graduation, must formally present portfolios and participate in the senior design exhibit.

All Theatre majors and minors are required to complete Theatre Practice obligations that are practical extensions of the classroom and vary in accordance with the specific programs. The Theatre Practice commitment requires approximately 10 clock hours per week and may, in special cases, require significantly more time. *Theatre Practice credit does not count toward the total number of credits required in the B.F.A. Musical Theatre degree program.*

All departmental majors must successfully complete a minimum of 30 upper-level credit hours and appropriate supporting courses as determined by faculty advisement.

Students who are on academic probation will not be permitted to perform in public performances nor will major technical crew assignments be permitted.

Transfer students in the B.A. General Theatre Studies degree program must complete at least 60 percent (27 credit hours) of their major at Fredonia.

DANCE
(minor only)
Office: 147 Dods Hall
(716) 673-3107
E-mail: Dance.Program@fredonia.edu

The Dance minor combines technique training in movement with training in music and rhythm. Creativity is stressed in two courses of choreography and students have the opportunity to create dances for concerts. Students are welcome to participate in the dance club, Orchesis, which sponsors many activities throughout the year, including master classes and workshops with professional companies and teachers. The Dance minor is especially recommended for students in art, communication, education, music, theatre, and musical theatre.

Requirements for the Minor in Dance

A. 13 credit hours
DANC 105 Folk Dance 1
DANC 110 Dance Productions (four semesters) 0
DANC 111 Modern Technique I 2
DANC 211 Modern Technique II 2
DANC 311 Modern Technique III 2
DANC 363 Choreography I 3
DANC 364 Choreography II 3

B. 3 credit hours:
MUS 101 Music Theory/Non-Majors (may be waived by advisor for those with extensive music background.)

C. 8 credit hours: to be selected from the following:
DANC 106 Square Dance 1
DANC 121 Beginning Tap 2
DANC 122 Tap Dance II 2
DANC 131 Beginning Jazz 2
DANC 132 Jazz Dance II 2
DANC 221 Beginning Ballet 2
DANC 222 Ballet II 2
DANC 223 Ballet III 2
DANC 231 Afro-Caribbean Dance 2
DANC 241 Improvisation 2
DANC 321 Dance for the Musical Theatre 2-3
DANC 341 Selected Topics in Dance 1-3
DANC 461-462 Practicum in Dance or 6
DANC 561-562 Practicum in Dance (senior or graduate student - by audition only)

VISUAL ARTS AND NEW MEDIA

Office: 216 Rockefeller Arts Center
(716) 673-3537
E-mail: visualarts.newmedia@fredonia.edu
Elizabeth Lee, Chairperson

The Department of Visual Arts and New Media provides a balanced, comprehensive undergraduate program in the practice, theory, and history of the visual arts and new media. The department offers both majors and elective students an opportunity to experience the arts as an important and enriching facet of a liberal arts education. Whether the goal is a career or advanced study in the arts and new media, or simply a greater understanding of art and technology’s cultural impact, the curriculum offers a dynamic mix of studios, lectures, and seminars. The program provides a comprehensive foundation of design skills and conceptual approaches to visual expression. Visual Arts and New Media majors study an interdisciplinary curriculum emphasizing the concepts, theories, design, aesthetics and skills that inform all visual arts, including those involving electronic mediated expression. Content consists of traditional methods and materials, emerging technologies, and the ideas inherent in art making and art awareness.

Our graduates possess a unique set of hybrid skills that provide a critical edge for leadership positions in the competitive and evolving marketplace. Our graduates have successful careers in corporate and public settings as art directors, working artists and designers, teachers, creative freelancers, and owners of pottery studios, photo studios and design firms. Others work as photographer’s assistants, web designers, gallery directors, exhibition curators, and in the special effects industry for film and entertainment. Many Visual Arts and New Media graduates have also been accepted into some of the country’s best graduate schools for advanced study.

Degree Programs

The department offers Visual Arts and New Media majors multiple opportunities for professional education in studio specialties and art history through various degree options. Students may receive a Bachelor of Arts degree in Art History or in Visual Arts and New Media* or a Bachelor of Fine Arts degree is available with majors in Ceramics, Drawing, Graphic Design, Media Arts, Painting, Photography or Sculpture.

The Bachelor of Arts (B.A.) degree in Art History offers a wide variety of courses ranging from ancient times to the 20th century. The Bachelor of Arts (B.A.) in Visual Arts and New Media * degree is a balanced, comprehensive overview of the range of creative and career possibilities in different media, with the added benefit of incorporating an interdisciplinary pedagogy within a traditional liberal arts curriculum. Both of these degree options, more general than the Bachelor of Fine Art (B.F.A.), provide an excellent grounding for students interested in dual majors or graduate studies in areas such as secondary education, art therapy, imaging technologies in the visual arts, advertising and marketing, public relations or arts administration.

The Bachelor of Fine Art (B.F.A.) in specific majors emphasizes the range of skills, theories and media necessary for the development of the designer or creative artist. The creative process, from inception to presentation, is emphasized. This degree option fosters intellectual and creative curiosity, critical aesthetic thinking, encourages fusion between different artistic disciplines, and extensive use and evaluation of current technologies. Visual design is of great importance, but equal consideration is given to the concept and context. The historical relationship between an extensive range of media, and the impact of interaction on those media, are thoroughly explored. Critical awareness, and the ability for self-evaluation, is encouraged and developed. Visual Arts and New Media students may apply after completing a minimum of 27 credit hours in the Visual Arts and New Media courses for a Bachelor of Fine Arts degree in a specialized major.

Students from other departments may also receive a Visual Arts and New Media minor to complement their major field of study. Minors consult with a department advisor in choosing either a variety of arts and media arts courses or specific area of study.

Admission to the Program

Admission to the department requires the submission of an acceptable portfolio and transcript evaluation for both freshman and internal and external transfer students. Prospective students are required to submit documentation of their work, or they may schedule an in-person review; all accepted students must have examples of their work as slides, CD or DVD-ROMs or other approved media in their departmental file. In-person reviews are recommended for transfer students. Transfer students are advised that it may take more than two years at Fredonia to complete degree requirements, depending on their chosen major. It is recommended that all prospective students contact the Department of Visual Arts and New Media for additional information concerning portfolios and admission requirements.

Visiting Artist Program (VAP)

All Visual Arts and New Media majors are required to participate in the Visiting Artist Program each semester. This program provides an enrichment opportunity for exposure to a variety of artists, historians and professionals from around the country.

24-Hour Review

The 24-Hour Review takes place after students have completed, or are in the process of completing, 24 credit hours in visual arts and new media courses (reviews take place in the spring semester). The purpose of the 24-Hour Review is to evaluate student performance, offer constructive criticism and advice, and to help the student assess their career goals. This review is a mandatory departmental requirement. Any student failing to participate in the 24-Hour Review process they will be suspended from taking further courses in the Department of Visual Arts and New Media.

Bachelor of Fine Arts (B.F.A.) Program

Students wanting to apply for the B.F.A. degree may do so after completing a minimum of 27 credit hours in Visual Arts and New Media courses. In order to apply for B.F.A. degree status, applicants must have attained at least a 3.0 average in all Visual Art and New Media courses, including Art History, with a 2.0 required for courses taken outside the department to qualify for review. Students native to Fredonia must apply for B.F.A. status before completing six semesters of Fredonia course work; transfer students must apply before completing four semesters of Fredonia course work. In areas heavily impacted by enrollment, only a limited number of students may be admitted to the B.F.A. program.
Students with a 3.25 or higher GPA in all Visual Arts and New Media courses and 3.0 or higher cumulative GPA and a score of 3.5 or greater during the 24-Hour Review may gain advanced acceptance to B.F.A. without committee review. Students waived out of the review requirement must still receive major area approval and complete a Change of Major form for admittance to the B.F.A. program. All B.F.A. students are required to participate in Senior Exhibition.

**Graduation Requirements and Senior Seminar**

All Visual Art and New Media students must maintain a 2.0 average in the Visual Arts and New Media Foundation Program. B.A. students must maintain a 2.0 in all Visual Arts and New Media courses to remain in the program, B.F.A. students must maintain a 2.0 in all Visual Arts and New Media courses and a 3.0 in all major courses to remain in their B.F.A. major. Students may repeat courses to improve their class standing. All Visual Arts and New Media students (B.A. and B.F.A.) must submit an exit portfolio documenting their senior work and complete a senior assessment report to remain on file in the department. B.F.A. students will submit the required material during ART 460: Senior Seminar. B.A. students are required to submit this material to their advisors prior to graduation approval. The material must be in their file to receive final approval to apply for their degree.

In their final semester at Fredonia, all B.F.A. students are required to enroll in ART 460: Senior Seminar to present an exhibition of their work. B.A. students are also encouraged to enroll in the course to exhibit their work, but participating is not a graduation requirement. Most B.F.A. students will exhibit their work in the Senior Exhibition held in the Michael C. Rockefeller Arts Center Gallery, although some students may choose to exhibit in another venue for course credit.

**Awards and Enrichment**

Visual Arts and New Media students have departmental as well as campus wide scholarship possibilities. The Alford Bjurlin Scholarship, the George W. Booth Scholarship, the Marano-Gnirke Scholarship, the Robert W. Marvel Scholarship, the Chautauqua Craft Alliance Scholarship and Fredonia Potters Co-op Awards are given to exceptional Visual Arts and New Media majors. Additional scholarships are often available through portfolio competitions on a regional or national level.

The studio and classroom experience is enriched by participation in the student clubs Art Forum, Media Arts Club and AIGA. Student members of these clubs have visited major art museums and studios in New York, Toronto, Pittsburgh and Cleveland and have attended photography, sculpture, ceramic and design conferences and workshops around the country.

Internships are available and encouraged for students who want practical experience in addition to course work in their chosen major. The department, as well as the Office of International Education and Internships, will assist students in arranging internships either in the United States or abroad.

**Bachelor of Arts in Art History Degree Requirements**

</tbody>
</table>

The Visual Arts and New Media minor can easily be organized to complement any major. The minor may take a variety of visual and media arts courses or the courses may be in a specific area of study. However, due to enrollment demands, a minor may find it difficult to register for some studios, so flexibility is important. Students should consult with a department advisor in planning a course of study as a Visual Arts and New Media minor.

* At the time of catalog production, the Bachelor of Arts in Visual Arts and New Media degree was pending state approval. Until approval, students will be granted either a Bachelor of Arts in Visual Arts or Media Arts depending on course work concentration.
WOMEN’S STUDIES

(Interdisciplinary Studies minor only)
Office: 258 Fenton Hall
(716) 673-3851
Adrienne McCormick, Director

Women’s Studies Program Office
Office: 279 Fenton Hall
(716) 673-3125
E-mail: Women.Studies@fredonia.edu

Women’s Studies is the study and recognition of the social construction of gender and its grouping with class, race, age, ethnicity, nationality and sexual identity. Women’s Studies is a recognized and vibrant curricular field, whose academic function is to analyze society’s changing definitions of women and their roles and to offer analyses exploring why and how these changes came about.

The academic core of the Women’s Studies program focuses on:

- an interdisciplinary, multiperspectival approach to the concept of gender as a social construct;
- a critical and cultural analysis of the female experience through work in feminist theory;
- race, ethnicity, nationality, class, age and sexual identity as central categories of analysis.

Student Organizations and Activities

The Women’s Student Union (WSU) provides opportunities for students to program special events, participate in relevant off-campus activities, and sponsor activities to raise awareness of women’s and gender issues on campus and in the community.

Women’s History Month, co-sponsored by WSU and Women’s Studies, brings a diverse array of speakers and performers to campus in March to celebrate women’s contributions and discuss contemporary issues facing both women and men. An annual Women’s Studies Fall Gathering showcases recent scholarship in women’s studies by affiliate faculty.

An annual Undergraduate Conference on Women and Gender celebrates student research in women’s studies and gender-related areas. Student winners present summaries of their work in a recognition ceremony. An Annual Women’s Studies Symposium features presentations of research completed by Women’s Studies minors in the capstone course (Feminist Practice).

Departmental Awards

The Dean’s Award for Excellence in Research on Gender, a cash award, is presented during the undergraduate conference for the outstanding research of the entries submitted.

Requirements for the Minor

Completion of the interdisciplinary minor requires a minimum of 21 credit hours. Up to 6 credit hours of transfer credit may be applied to the minor, based on approval by the director. No more than 9 credit hours should be used to fulfill the requirements of the student’s major. Students declaring the Women’s Studies minor may use past courses retroactively after consultation with the director.

Required Courses: (12 credit hours)

(Other courses as they are offered, after consultation with director.)
State University of New York at Fredonia’s History

SUNY Fredonia joined the newly-formed State University of New York System in 1948 as one of the 11 teacher’s colleges within the university and in 1961 became the State University of New York at Fredonia with an expanded mission. Its history dates back to its roots as the Fredonia Academy, established in 1826 by the citizens of Fredonia. In 1867 it was named one of the new State Normal Schools.

The Campus

The 249-acre campus of SUNY Fredonia is striking in its beauty. A traditional brick perimeter encloses a modern sculptured core. Well-kept lawns and wooded areas enhance the beauty of the campus. Facilities on the university campus reflect its diversity and reputation for excellence.

There are 13 residence halls on the SUNY Fredonia campus, including corridor and suite-style, as well as apartments. In addition, several lifestyle options are available including residence halls with a Wellness Center and an Aerobics Center, computer labs in some residence halls, and Ethernet access in every room. In addition, all residence halls have electronic entry access for added safety and security. Hendrix Hall is also the site of the student-operated television station, WNYF-TV. Residence life offers the added advantage of activities planned by students. Cranston Hall and Erie Hall are the main dining facilities, supplemented by the Williams Center food services, and cafes in selected buildings. The University Commons project, begun in Fall 2004, will combine Cranston with a new residence hall, bookstore, café, and convenience store.

Gregory Hall, the first residence hall on the present campus, was named in honor of former university president Dr. Leslie R. Gregory, and also is the home of the Office of Residence Life, the Faculty Student Association, Career Development Office, and University Police.

The Williams Center, a circular building appropriately situated at the center of campus, houses the office of Campus Life and the Student Association, and several major student organizations including the student newspaper, The Leader. It also contains a variety of dining options, the campus bookstore, meeting, activity and recreation spaces, a lounge, and the Central Ticket Office.

Dods Hall, one of two athletic facilities, contains classrooms, gymnasium, the Blue Devil Fitness Center, a dance studio, and racquetball courts. Outside are lighted tennis and basketball courts. Adjacent to Dods is Steele Hall, which contains an indoor ice skating rink, track/basketball arena, and the university’s new natatorium/swimming and diving facility that opened in Spring 2002.

Enhancing student and community life is the Michael C. Rockefeller Arts Center, a magnificent performing and visual arts facility. In addition to classrooms, the facility contains the 1,200-seat King Concert Hall, the 400-seat Marvel Theatre, and Bartlett Theatre, and two art galleries.

LoGrasso Hall is the home of the Student Health Center, the Counseling Center, Internship Programs, and the Office of International Education. McEwen Hall includes lecture halls, classrooms, a television studio and Fredonia Radio Systems. Reed Library, named in honor of Daniel A. Reed, the “Father of Public School Music in America.” The new 500-seat Juliet J. Rosch Recital Hall opened in 2004.

Located about 12 miles from the campus, the Herbert C. Mackie Memorial Camp, the location of the Center for Outdoor Education, provides opportunities for year-round educational and recreational activities. A sleeping lodge was completed in 1989.

Hours when academic buildings are open are published separately.
Certification Requirement Changes

The American Speech-Language-Hearing Association, along with the Council on Academic Accreditation in Speech-Language Pathology and Audiology, are changing the requirements for the Certificate of Clinical Competence in Speech-Language Pathology. The new requirements will go into effect on January 1, 2005. This means that any student who graduates after December 2004, and/or who applies for certification after January 1, 2005, must fulfill the new requirements.
In the course descriptions, below each course name is a capital letter indicating how often the particular course is offered. The key to course frequency codes is as follows:

A – Course offered every semester
B – Course offered every year
C – Course offered every other year
D – Course offered on occasion

AADM400 Arts Administration Practicum
Frequency: A
Supervised direct working experience serving on the support staff of the Michael C. Rockefeller Arts Center. Individual or team assignments may include front-of-house management, usher corps coordination, public relations, publicity, marketing research, database management, and project planning and implementation.
Credits: 1-3

AADM490 Arts Administration Internship
Frequency: A
Upper level experiential learning opportunity through on-campus or off-campus placements. Nature of work will vary from placement to placement. This course is generally reserved for majors and students are responsible for finding and negotiating their own placement. Course requires students to complete a Learning Contract in accordance with university guidelines before the start of the internship.
Credits: 1-15

Accounting
ACCT201 Principles of Accounting I
Frequency: A
A study of the nature and purpose of accounting in modern business organizations with emphasis on business income and financial position measurement. The completion of a practice set is required in this course. At least sophomore standing required for enrollment.
Credits: 3

ACCT202 Principles of Accounting II
Frequency: A
A continuation of ACCT 201, the study of the nature and purpose of accounting in modern business organizations with emphasis on valuation of equity, planning and control through accounting systems. The completion of a practice set is required in this course.
Prerequisite(s): ACCT 201
Credits: 3

ACCT301 Intermediate Accounting I
Frequency: B
An in-depth study of the theory and application of generally accepted accounting principles. Emphasis is given to the environment of financial accounting including the standard setting process and the conceptual framework. Specific topics include the time value of money, receivables, inventories, long-term assets, and current liabilities, intangibles, and contingencies.
Prerequisite(s): ACCT 202
Co-requisite(s): ACCT 321
Credits: 3

ACCT302 Intermediate Accounting II
Frequency: B
A challenging course including the rigorous study of theory and application of generally accepted accounting principles to complex accounting topics including stockholders’ equity, revenue recognition, earnings per share, pensions, leases, accounting for taxes, accounting changes and error analysis, and cash flows.
Prerequisite(s): ACCT 301
Co-requisite(s): ACCT 322
Credits: 3

ACCT303 Cost Management
Frequency: B
A study of the concepts and techniques of management and cost accounting including cost-volume-profit analysis, various product costing methods, cost behavior and allocation, and other internal accounting information needs for management decision-making. Computer software is used in solving application problems.
Prerequisite(s): ACCT 202
Credits: 3

ACCT304 Taxation I
Frequency: B
An in-depth study of U.S. taxation of individuals including tax policy considerations and the historical development of tax law. The provisions of the Internal Revenue Code and related regulations will be used extensively.
Prerequisite(s): ACCT 202
Credits: 3

ACCT305 Taxation II
Frequency: B
An in-depth discussion of federal income taxation of multi-national corporations and partnerships. Tax issues connected to formation, operation, distributions, liquidation will be examined. Other topics discussed include: special tax assessments like the alternative minimum tax, the personal holding company tax, and the accumulated earnings tax. S corporations, taxation of international transactions, and tax research.
Prerequisite(s): ACCT 304
Credits: 3

ACCT311 Business Law I
Frequency: B
A general study of the functions and procedures of law. Included will be a detailed analysis of legal principles governing contracts, torts, agency and business organizations. This course represents the first half of the Business Law sequence. It is designed to provide accounting students with the required knowledge and theory for the CPA examination, by paying particular attention to practical business law problems involving the application of legal principles.
Prerequisite(s): ENGL 100
Credits: 3

ACCT312 Business Law II
Frequency: B
A continuation of the study of law begun in ACCT 311. Topics covered include Uniform Commercial Code subjects such as commercial paper, secured transactions, and sales, and other areas of law including bankruptcy, debtor/creditor relations, product liability, estate and trust law, and property, accountant liability and international law. Continuing attention is given to particular issues involving application of the principles discussed.
Prerequisite(s): ACCT 311
Credits: 3

ACCT321 Accounting Processes
Frequency: B
A mini-course to be taken with ACCT 301 that examines accounting processes, and the related methodology for recording transactions and preparing financial statements.
Prerequisite(s): ACCT 202
Co-requisite(s): ACCT 301
Credits: 1

ACCT322 Accounting Practice
Frequency: B
A mini-course to be taken with ACCT 302 which provides lab instruction to accompany topics under study in ACCT 302.
Prerequisite(s): ACCT 301
Co-requisite(s): ACCT 302
Credits: 1

ACCT401 Advanced Accounting
Frequency: B
Extension of financial accounting to the study of additional accounting entities such as partnerships and consolidated and multi-national firms. Topics include accounting for mergers and acquisitions, consolidated financial statements, international transactions, and an introduction to fund accounting.
Prerequisite(s): ACCT 301
Co-requisite(s): ACCT 421
Credits: 3

ACCT402 Governmental Accounting
Frequency: C
Study of accounting for governmental entities including: budgets, general funds, capital project funds, debt service funds, trust and agency funds, fixed assets, capital expenditures, property tax accounting, and interfund relationships. Also includes accounting standards for voluntary health and welfare organizations, colleges, hospitals, and other types of not-for-profit organizations.
Prerequisite(s): ACCT 301
Credits: 3

ACCT405 Auditing
Frequency: B
A study of the standards, procedures, strategies, and reporting used in the financial audit process. The environment in which the auditor functions is considered, including regulatory requirements, professional ethics, legal liability, and the business entity. The completion of a computerized audit case is required in this course.
Prerequisite(s): ACCT 302
Credits: 3

ACCT421 Accounting Cycles
Frequency: B
A mini course to be taken with ACCT 401 that emphasizes accounting cycles and the interrelationships of the accounts.
Prerequisite(s): ACCT 301
Co-requisite(s): ACCT 401
Credits: 1

ACCT430 Independent Study
Frequency: A
A course for highly motivated students to undertake, under guidance, special studies of areas of accounting which are not normally covered in other courses. Permission of instructor.
Credits: 1-3

COURSE DESCRIPTIONS 81
**American Studies**

**AMST202 Introduction to American Studies**
Frequency: B
An introduction to the interdisciplinary study of American cultures, their historical development and contemporary status. Focusing on literary and cultural representations of specific aspects of the American experience, the course will examine the constructed nature of American self-perceptions and of U.S. history. The course contextualizes U.S. cultures within the Americas and the global arena. Particular course emphasis is selected by the instructor.
Credits: 3

**AMST210 American Popular and Mass Cultures**
Frequency: C
An introduction to the methodologies of studying American cultures, with a special focus on popular and mass cultures. Particular course emphasis will be determined by the individual instructor, but topics will stress the multiplicity of American cultures. While literary works will make up the majority of class texts, the course will utilize an interdisciplinary approach integrating materials from fields such as history, anthropology, women's studies, ethnic studies, geography, sociology, music, art, and among others.
Credits: 3

**AMST215 Holidays and American Cultures**
Frequency: B
This course will examine the invention, celebration, and meanings of American holidays from the colonial era to the present. Issues to be considered include the ways in which holidays have shaped cultural values and American identity and vice versa; the ways in which holidays have both reflected and shaped views of gender, race, class, and ethnicity; and the relationships between holidays and religious belief, nationalism, consumer culture and political ideology. The course will take a multicultural and interdisciplinary approach.
Credits: 3

**AMST289 Comparative North America**
Frequency: C
A survey of North American history that employs the methodology of comparative history to interpret the histories of the United States, Canada, and Mexico within a conceptual framework sensitive to continental similarities and differences. The course takes a thematic approach, and special attention is given to the political institutions and economic structures that have fostered transnational cooperation and continental integration. The social and cultural dimensions of discord and conflict are also examined.
Credits: 3

**AMST296 American Identities**
Frequency: A
An exploration of the historical construction of American gender, ethnicity/race, and class, their present status, and their literary and cultural representations. Focusing on intersections between these categories of identity, the course will utilize an interdisciplinary approach, integrating materials from fields such as literary studies, history, women's studies, ethnic studies, geography, sociology, music, and art.
Credits: 3

**AMST338 19th Century American Culture**
Frequency: C
Examines how social, political, and economic changes have affected American culture and Americans' lives. Topics include consumption patterns; recreational activities; architectural styles; high and popular culture; holidays; family life; and social and cultural rituals.
Prerequisite(s): HIST 105
Credits: 3

**AMST340 20th Century American Culture**
Frequency: C
Examines how social, political, and economic changes have affected American culture and Americans' lives. Topics include consumption patterns; recreational activities; architectural styles; high and popular culture; holidays; family life; and social and cultural rituals.
Prerequisite(s): HIST 106
Credits: 3

**AMST347 United States Immigration**
Frequency: C
Immigration to the U.S., with an emphasis on comparing the experiences of European, African, Latin American, and Asian immigrants. Topics will include immigrants' lives, work, and communities; assimilation and cultural persistence; and the development of U.S. immigration policy.
Prerequisite(s): HIST 105 or HIST 106
Credits: 3

**AMST399 Special Topics**
Frequency: D
Variable-content course. Consult Course Offerings Bulletin and program notices for specific topic covered each semester.
Credits: 3

**AMST400 Concepts/Methods of American Studies**
Frequency: B
Development of American Studies as a discipline; current splits in concepts and methods of American Studies; practice in making imaginative connections among elements in American culture and testing these connections by appropriate methods.
Prerequisite(s): AMST 202
Credits: 3

**AMST401 Independent Study**
Frequency: D
Intensive individual study of some aspect of American Studies involving production of paper or project. Request for enrollment must be made prior to registration in the form of a written proposal, signed by the supervising faculty member, and forwarded to the Coordinator of American Studies.
Prerequisite(s): AMST 202
Credits: 3

**AMST420 Senior Project**
Frequency: D
Clearly defined independent project utilizing methods and materials of American Studies, culminating in complete written report and analysis. Variable credit to allow internships, study abroad, and similar field projects. Before registration, student must submit detailed description of proposed project, approved by the faculty member(s) who will supervise it, to American Studies Coordinator with request for specific number of credit hours.
Prerequisite(s): AMST 202
Credits: 3-15

**Anthropology**

**ANTH115 Introductory Anthropology**
Frequency: A
An introduction to the basic concepts and findings of anthropology's four major subdivisions: physical anthropology, archaeology, linguistics, and cultural anthropology. Traces human biological and cultural evolution. Discusses and analyzes various cultural systems.
Credits: 3

**ANTH210 Physical Anthropology**
Frequency: C
Anthropological view of human origins, the primate fossil record, biological aspects of humanity, non-human primates, and human biological diversity, and the interplay between culture and biology.
Prerequisite(s): ANTH 115
Credits: 3

**ANTH211 Archaeology**
Frequency: B
Survey of archaeology, including major theories and methods. Emphasis upon interpretation of major findings, both prehistoric and historic.
Prerequisite(s): ANTH 115
Credits: 3

**ANTH219 Cultural Anthropology**
Frequency: C
The acquisition, nature, and impact of culture. An examination and comparison of a variety of cultural systems.
Prerequisite(s): ANTH 115
Credits: 3

**ANTH300 Sex and Gender**
Frequency: A
Description and analysis of sex and gender roles and relationships from a variety of societies at different levels of socio-cultural complexity. Note: Also listed as SOC 306 and WOST 302.
Prerequisite(s): ANTH 115 or SOC 116
Credits: 3

**ANTH301 Plagues And Peoples**
Frequency: B
Explores the impact of disease on human populations in terms of demographic, cultural and social changes. The rise of health care delivery systems as a response to epidemics. Examples include the bubonic plague of the 14th and 17th centuries, cholera, influenza, polio and AIDS. Note: Also listed as SOC 312.
Prerequisite(s): ANTH 115 or SOC 116
Credits: 3
ANTH311 Anthropology of the Supernatural
Frequency: C
Survey of various belief systems. Topics include: cults, sacred beings, rituals, shamanism, witchcraft, and magic.
Prerequisite(s): ANTH 115
Credits: 3

ANTH321 Anthropology of Indian America
Frequency: C
Survey of past and present Amerindian peoples and cultures of North America. Both aboriginal cultures and responses to European presence are emphasized for each region.
Prerequisite(s): ANTH 115
Credits: 3

ANTH322 Anthropology of Africa
Frequency: B
Survey course dealing with evolution of culture in Africa. Examination of range of variation of traditional African cultures and factors currently modifying them.
Prerequisite(s): ANTH 115
Credits: 3

ANTH324 Anthropology of the Caribbean
Frequency: B
Survey of the prehistory, history, and present day nature of the various cultures of the Caribbean region. Special emphasis placed upon: economic life, family patterns, political movements, and expressive culture.
Prerequisite(s): ANTH 115
Credits: 3

ANTH331 Anthropology of American Utopias
Frequency: B
An examination of the background conditions producing utopias and an ethnographic/historical analysis of selected utopian ventures (e.g., Amish, Shakers, Counterculture Communes).
Prerequisite(s): ANTH 115 or SOC 116 or HIST 105 or HIST 106
Credits: 3

ANTH350 Special Topics
Frequency: D
Special topics in anthropology not covered in detail by regular courses. Topic announced in Course Offerings Bulletin.
Credits: 1-3

ANTH370 Seminar in Anthropology
Frequency: D
Focuses on particular methodological, theoretical, topical, or area concerns within the field of anthropology. Orientation lectures, review of literature, seminar discussions.
Prerequisite(s): ANTH 115
Credits: 3

ART100 Visual Concepts
Frequency: D
Introductory course on the theory and practice of art in a post-modern world.
Credits: 3

ART115 Art in Culture from Prehistory to 1400
Frequency: C
A chronological survey of art from prehistory to the end of the Middle Ages (c. 1400), with an emphasis on art in the western tradition. The course will focus on the dynamic relationship between artistic form and cultural context.
Credits: 3

ART116 Art in Culture from 1400 to the Present
Frequency: B
A chronological survey of art from the Renaissance (c. 1400) to the present, with emphasis on the western tradition. The course will focus on the dynamic relationship between artistic form and cultural context.
Credits: 3

ART221 Art of the 20th and 21st Centuries
Frequency: B
A survey of 18th and 19th century western art including such major movements as rococo, classicism, romanticism, realism, impressionism and post-impressionism.
Credits: 3

ART229 American Indian Art
Frequency: B
Designed for the non-major with little or no art background. Survey course dealing with the development of Native American art. Course comprised of lecture and studio projects.
Credits: 3

ART251 Art/Reality - 19th Century America
Frequency: D
Painting and sculpture between 1820 and 1920 - when it evolved from objective realism to modernist abstraction - is explored in the context of changing artistic and cultural values. Permission of the department.
Prerequisite(s): ART 115 or ART 116
Credits: 3

ART255 Introduction to Photography
Frequency: A
A practical introduction to the theory and application of 35 mm camera controls and black and white darkroom techniques. An emphasis will be placed on the technical skills required to visually express oneself through the photographic medium. Lectures, darkroom laboratory, and field experience. Students must have a 35mm camera.
Credits: 3

ART275 Sculptural Form and Content
Frequency: A
An introductory course that explores basic design considerations, materials, and techniques relating to three-dimensional expression. Classroom discussion and studio projects stress an individual interpretive approach to concept development. Slide lectures and assigned reading expose students to a contemporary perspective of 3-D expression both past and present.
Credits: 3

ART285 Figure Modeling
Frequency: A
A beginning course in methods and materials appropriate for sculptural expression of the human form. Clay, plaster, mold making, and casting techniques are covered. Technical and conceptual development of form is stressed. Theory and practice of the human form in art is introduced through lecture and research requirements.
Credits: 3

ART299 Graphic Design I
Frequency: B
Introduction and orientation to concepts and skills necessary for visual communication. Fundamentals of language and principles of graphic design structure with an emphasis on media for development of ideas and imagery.
Prerequisite(s): ART 155 and ART 151
Credits: 3
ART260 Graphic Design II
Frequency: B
Continued application of organizational methods, concept development, structure and graphic translation in design practice. Introduction to fundamentals and language of typography.
Prerequisite(s): ART 259
Credits: 3

ART263 Relief Printing
Frequency: B
An introduction to the various techniques of linocuts. Students learn traditional techniques as well as monoprints, mixed media experimentation and reduction prints. The development of individual expression is stressed.
Prerequisite(s): ART 150
Credits: 3

ART273 Handforming Clay
Frequency: A
The elements and principles of 3-D design are explored through introduction to basic techniques for the construction of ceramic objects without the use of the potters wheel. Projects in terra cotta clay explore the relationship of form and surface unique to the ceramic medium.
Credits: 3

ART274 Pottery on the Wheel
Frequency: A
The rudiments of wheel forming pottery lead to the creation of bowls, vases, jars, and teapots in ceramics. Glazing and firing techniques for Stoneware clay are covered.
Prerequisite(s): ART 273
Credits: 3

ART285 Painting I
Frequency: A
Basic exercises in fundamental techniques with an emphasis in color theory and formal compositional elements.
Credits: 3

ART286 Painting II
Frequency: A
Begin professional preparation in becoming a painter by learning to create stretcher bars, stretch and prime canvas, build frames while continuing to further explore the foundations in art. Acrylic paint is primarily medium used in this class.
Prerequisite(s): ART 285
Credits: 3

ART305 Black and White Technique
Frequency: B
An exploration of more advanced techniques of exposure, development and printing of black and white film and print materials, with special emphasis on tonal control. Increased emphasis is also placed on aspects of composition, perception, content and presentation in black and white photography. Students must have a 35mm camera.
Prerequisite(s): ART 255
Credits: 3

ART310 Digital Imaging
Frequency: B
Theoretical and practical introduction to electronic imaging as a creative medium. Understanding of the principals, methods, techniques and vocabulary of the most widely used digital imaging processes with an emphasis on personal expression. Topics explored will include photographic manipulation, collage, fabrication and experimental media as forms of visual expression. Lectures, laboratory work and individual and collaborative projects. Students with Macintosh imaging experience may enroll without the prerequisite with permission of the instructor.
Prerequisite(s): ART 355
Credits: 3

ART315 Readings in Art History
Frequency: D
The nature of art history, the themes and ideas it investigates, and readings in some key classic authors, are the main topics of the course.
Prerequisite(s): ART 115 or ART 116
Credits: 3

ART321 Art Since 1945
Frequency: C
An in-depth examination of art and related concepts and theories since the mid-20th century.
Prerequisite(s): ART 116 or ART 221
Credits: 3

ART323 Ancient Art
Frequency: D
A thematic or topical course on the art of the Mediterranean basin between 3,000 BC and 300 AD. Specific course contents will vary and may include Egyptian funerary monuments, Greek and Roman sculpture, and topics such as ritual/magical uses of images, gender and sexuality in representations of the body, and the continuing legacy of the Classical tradition.
Prerequisite(s): ART 115
Credits: 3

ART324 Medieval Art
Frequency: D
A thematic or topical course in European art between 300 and 1400 AD: specific course contents will vary and may include medieval manuscripts, Byzantine icons, Gothic cathedrals, and topics such as the cult of the saints, the lives of medieval women, and interactions with the Islamic world.
Prerequisite(s): ART 115
Credits: 3

ART325 Renaissance Art
Frequency: D
A thematic or topical course on European art in the fifteenth and sixteenth centuries. Specific course contents will vary and may include early Netherlandish painting, Italian painting and sculpture, early print-making, and topics such as the changing social status of the artist, the impact of European exploration and conquest, and the lives of Renaissance women.
Prerequisite(s): ART 116
Credits: 3

ART327 Baroque Art
Frequency: D
Art and architecture of Baroque and Rococo Europe during the 17th and 18th centuries, with a focus on Italy, France, the Netherlands, and England.
Prerequisite(s): ART 115 or ART 116
Credits: 3

ART330 History of Architecture
Frequency: D
A study of the evolution of form, style, structure and meaning in Western architecture from the Middle Ages through c. 1800.
Credits: 3

ART340 Colonial American Architecture
Frequency: D
A survey of American architecture between 1610 and 1800, focusing on major stylistic trends and architects in New England, the South, and the Southwest. European antecedents will also be explored.
Credits: 3

ART345 20th Century American Architecture
Frequency: D
An in-depth examination of art and related concepts and theories since the mid-20th century.
Prerequisite(s): ART 115 or ART 116
Credits: 3

ART347 20th Century American Art
Frequency: D
The nature of art history, the themes and ideas it investigates, and readings in some key classic authors, are the main topics of the course.
Prerequisite(s): ART 115 or ART 116
Credits: 3

ART350 Drawing III
Frequency: D
Advanced studio course dealing in experimentation with media and styles. Alternatives to traditional drawing approaches are explored and thematic development is stressed.
Prerequisite(s): ART 150 and ART 151
Credits: 3

ART351 Special Topics: Art History
Frequency: D
Selected areas of history of art supplementing the regular program.
Prerequisite(s): ART 115 or ART 116
Credits: 1-3

ART352 Special Topics: Studio Art
Frequency: D
Selected studio media and techniques. Permission of the department.
Credits: 1-3

ART353 History of Graphic Design
Frequency: C
Graphic design from the nineteenth century to the present with emphasis on European and American sources. Discussion of illustration, photography and the impact of technology in design. Examination of events, ideas, movements, designers and other individuals that have historical significance and influence on contemporary graphic design.
Credits: 3

ART355 Color Photography
Frequency: B
Explores aesthetics and technical knowledge necessary to master the art of color photography and digital techniques. While emphasis is placed on the technical uses of negative and reversal films and print materials, as well as basic color digital imaging and photographic manipulation, this course primarily addresses aspects of color theory, perception and aesthetics and the use of color in photographic and digital image creation.
Prerequisite(s): ART 255
Credits: 3

ART357 3-D Methods and Materials
Frequency: A
This course offers an opportunity to investigate both traditional and innovative approaches to object making. Materials and processes may include hot and cold casting, welding, papermaking, and hand formed cement, among others. Cross-media explorations are encouraged. Technical exploration, craftsmanship, and underlying intent is scrutinized and fostered through class critique, peer review, and required research.
Prerequisite(s): ART 258 or ART 257
Credits: 3
ART359 Graphic Design III
Frequency: B
Methods and processes of graphic design problem solving with an emphasis on symbols and images. Tailoring communication to audiences and acknowledging the role of context in the interpretation of form. Prerequisite(s): ART 260
Credits: 3

ART360 Graphic Design IV
Frequency: B
Development and preparation of design concepts for application in print media. Students analyze relationships between imagery, typography, sequence and content. Prerequisite(s): ART 359
Credits: 3

ART361 Typography I
Frequency: B
Principles of typographic composition, structure and hierarchy. Terminology, typographic history, technical issues related to typography. Typography as a medium of visual communication. Student exercises focus on the relationship between visual and verbal language and technical details of typographic specification and computer layout. Advanced placement review; or permission of instructor; ART 260.
Credits: 3

ART362 Typography II
Frequency: B
Exploration of design using text type and typographic technology. Students investigate narrative and expressive use of typographic form and format/informational organization problems. Prerequisite(s): ART 361
Credits: 3

ART368 Monotypes
Frequency: B
An introduction to monotypes and collagraphs. Students are directed to experiment with a wide range of approaches to the two techniques. Prerequisite(s): ART 263
Credits: 3

ART370 Drawing IV
Frequency: A
Advanced studio course that stresses critical thinking as a means of self appraisal and the refinement of thematic approaches within traditional and non-traditional drawing mediums. Prerequisite(s): ART 350
Credits: 3

ART373 Ceramic Form and Function
Frequency: A
Ongoing development of skills on the wheel focus on solving the design requirements of effectively functioning pottery. Emphasis is placed upon complexity and subtlety of in both form and glaze treatment. Students are involved in both glaze development and kiln firing. Techniques suitable for Porcelain and Raku clay are presented. Prerequisite(s): ART 274
Credits: 3

ART374 Vessels as Sculpture
Frequency: A
Handbuilding or wheel forming procedures are utilized to explore a variety of sculptural approaches to the ceramic vessel with a continued emphasis on the search for appropriate surface treatment and firing techniques. Students are guided toward the identification and expression of personal ideas in the medium. Prerequisite(s): ART 274
Credits: 3

ART378 Figure Modeling II
Frequency: B
Continuation of ART 258 - Figure Modeling; increased emphasis on technique and expressive content. Prerequisite(s): ART 258
Credits: 3

ART380 Illustration I
Frequency: B
Emphasis on research as it pertains to editorial assignments, including series of drawings and notes before final presentations. Most work will be black and white format. Prerequisite(s): ART 150 and ART 151 and ART 155 and ART 252
Credits: 3

ART381 Illustration II
Frequency: B
Emphasis continues on research for editorial assignments with more attention given to color comps, drawings, and final presentations. Prerequisite(s): ART 252 and ART 380
Credits: 3

ART385 Painting III
Frequency: A
Professional preparation continues by learning more about intellectual and historic perspectives related to painting while learning to prepare student’s promotional support materials (slides, resumes, artist statements, etc.). Oil paint and its use in individual directions are encouraged at this level. Prerequisite(s): ART 286
Credits: 3

ART386 Painting IV
Frequency: A
Professional development is amplified by further study into elements discussed earlier in sequence. More personal and intellectual interpretation of work is encouraged. Prerequisite(s): ART 385
Credits: 3

ART401 Graphic Design V
Frequency: B
Emphasis on visual identity systems, conceptualization and development of entire programs, including two-dimensional and three-dimensional applications. Integration of corporate identity and environmental graphics and the formulation of design standards are addressed. Prerequisite(s): ART 360
Credits: 3

ART402 Graphic Design VI
Frequency: B
Advanced problem solving in independent and investigative concepts. Exploration of actual, theoretical and conceptual concerns of visual communication. Professional practices and portfolio preparation are addressed, explored. Prerequisite(s): ART 401
Credits: 3

ART405 Photographic Inquiry
Frequency: B
Personal exploration in image development. Refinement of individual conceptual concerns and development of the professional portfolio. Issues will include professional practice, critical analysis and hybrid media. Students explore theoretical and critical concepts through relevant and interrelated readings, lectures, discussions, presentations along with individual and group critiques. Prerequisite(s): ART 305 and ART 310 and ART 355
Credits: 3

ART420 Illustration III
Frequency: B
Projects will be addressed as they correspond to individual styles with assignments from outside sources within the university and community. Prerequisite(s): ART 381
Credits: 3

ART421 Illustration IV
Frequency: B
Advanced projects working closely with faculty in publication and graphics. Portfolio review and preparation. Prerequisite(s): ART 420
Credits: 3

ART422 Visual Culture
Frequency: D
An in-depth examination of 20th and 21st century visual culture and related concepts and theories. The specific period and thematic emphasis of this art history course may vary and include the study of one or more artistic forms such as painting, sculpture, architecture, photography, film, and design. Prerequisite(s): ART 116 or ART 221
Credits: 3

ART430 Architecture
Frequency: D
This course allows the student to receive credit for professional experiences related to some aspect of their field of study. Enrollment is to be arranged with an appropriate instructor. Credits: 1-15

ART441 Directed Studio Projects
Frequency: A
Directed studio work in all media. Student meets with designated faculty member on a regular basis throughout the semester. Sound background in area of investigation required. Student must file acceptable plan for proposed project. Credits: 1-3

ART442 Directed Study: Art History
Frequency: A
Directed research in specific areas of art history, stressing depth of inquiry. Subject of study chosen in consultation with department. Credits: 1-3

ART451 Modern Architecture
Frequency: D
A study of architecture in Europe and America from c. 1800 to the present. Both general trends and the careers of major architects (such as Le Corbusier, Gropius, and Frank Lloyd Wright) will be explored. Prerequisite(s): ART 115 or ART 116
Credits: 3

ART452 Typography III
Frequency: B
Typographic theory exploring traditional and nontraditional forms, both historical and contemporary typographic achievements. Analysis of expressive characteristics and experimental uses of letter forms and text. Prerequisite(s): ART 362
Credits: 3

ART457 3-D Expression and Craft
Frequency: A
An advanced sculpture course that allows students to define and develop a personal body of work representing a serious exploration in their chosen mediums. Emphasis is placed on the continued development of technical craft and the refinement of thematic concerns. Appropriate information pertaining to theory and practice is provided. Professional practices including portfolio preparation, resumes, and artist statements are discussed. Prerequisite(s): ART 357 and ART 257 or ART 258
Credits: 3
ART460 Senior Seminar  
Frequency: A  
A formal and technical preparation for senior exhibits. Career development includes a writing component to aid the student in developing a resume, cover letter and artist statement.  
Credits: 1

ART462 Design Realities/Professional Practice  
Frequency: B  
Comprehensive investigation and research into topics of production and practice in design. Content directed in three primary areas: pre-press preparation and materials, legal affairs, and the professional studio. Issues to be addressed include electronic file management, paper specification, supplier relationships, copyright and plagiarism, business contracts, ethics, studio ownership, management and record keeping. Requires compilation of individual journal and written research/analysis of specific course topic.  
Prerequisite(s): ART 401 or ART 420  
Credits: 1-3

ART472 Gallery Practicum  
Frequency: D  
This course allows the student first hand knowledge of the duties involved in operating a gallery. Such duties may include but are not limited to assisting the director in picking a schedule, contacting artists, creating the advertising and mounting the exhibitions.  
Credits: 1-3

ART480 Workshops  
Frequency: D  
Workshops offered in specialized areas, such as ceramics or painting, primarily during the summer to give students an opportunity for intensive study in one aspect of a larger field.  
Credits: 3

ART494 Independent Study: Art History  
Frequency: A  
Independent research in specific areas of art history, stressing depth of inquiry and development of topic. Subject of study chosen in consultation with department.  
Credits: 1-3

ART495 Independent Studio Projects  
Frequency: A  
Independent studio work in all media. Sound background in area of investigation required. Student must file acceptable plan or proposed project.  
Credits: 1-3

ART496 Teaching Assistant  
Frequency: A  
This course is designed for students to become familiar with the instructing process. The student will assist the instructor of an individual studio or art history course in the classroom throughout the semester. Course work includes attendance of all scheduled classes for the course, assisting students during lab or study sessions as well as taking an active role in classroom critiques, discussions and studio maintenance. Permission of the instructor of the accompanying course is required.  
Credits: 3

Biology  

BIOL100 Studying for Success-Biology  
Frequency: B  
This one-credit course is designed to provide science students with time-management and study skills as they make the transition to the college level learning environment. Properly implemented, these methods will provide freshmen with the opportunity to succeed and potentially excel in college science courses. Many of these skills will likely be applicable to other courses. The strategies introduced include: time-management, daily and weekly study plans, methods of reading text, how to effectively study for a test, and test taking strategies. Students will also be introduced to some to the basic concepts in biology.  
Credits: 1

BIOL105 Freshman Seminar on Sexual Concerns  
Frequency: B  
Introductory course intended exclusively for freshmen of all majors. The course will include an overview of basic biological concepts related to human sexuality. Major topics of presentation will include information about the male and female reproductive systems, microbiology, immunology, pregnancy, sexually transmitted diseases, and a variety of approaches to protect against disease and unwanted pregnancy.  
Credits: 1

BIOL110 Human Biology  
Frequency: A  
Overview of biological aspects of human nature. Survey of basic human physiology, reproduction, and development. Introduction to genetics and the record of human evolution provides starting point for discussion of adaptive significance of human intelligence and social organization.  
Credits: 3

BIOL111 Introduction to Biology  
Frequency: A  
Introductory course for non-science majors only. Intended to develop an understanding of the operation of biological systems and an acquaintance with basic biological concepts and principles.  
Credits: 3

BIOL115 Environmental Biology  
Frequency: A  
Study of basic relationships between the environment and humans. Discussion of constraints and relationships in nature from points of view of the physical and life sciences and investigation of how people make decisions to utilize the environment as a resource from the viewpoint of the social sciences. Attempts to link natural and social sciences for awareness of multifaceted nature of environmental problems.  
Credits: 3

BIOL131 Principles of Biology I  
Frequency: B  
This course will introduce first semester life science majors to the main themes used to study biology. Three main themes that extend through the curriculum include a detailed investigation of the scientific method, evolutionary theory and the diversity of life. The course will also examine the concepts of ecology and nutrient cycles.  
Credits: 3

BIOL132 Principles of Biology I Laboratory  
Frequency: B  
Principles of Biology I laboratory is designed to complement the Principles of Biology I lecture course. The lab exercises are designed to expose students to the main themes that are discussed in the lecture portion of the course: the scientific method and the diversity of life.  
Credits: 1

BIOL133 Principles of Biology II  
Frequency: B  
The course will provide an introduction to cell biology. Students are expected to learn the basic concepts of cellular chemistry, types of cells, cell division, and the central dogma of molecular biology. Students should also learn how cell biology is related to the fields of biochemistry, genetics, and molecular biology.  
Credits: 3

BIOL134 Principles of Biology II Laboratory  
Frequency: B  
The laboratory section for the lecture course. The experiments are designed to introduce students to techniques and procedures for studying cells. Students will perform basic skills and techniques that lead to proficiency for more advanced techniques in later courses. Emphasis is placed on students actually doing the procedures and performing the tasks to generate results.  
Credits: 1

BIOL144 Animal Biology and Evolution  
Frequency: B  
An evolutionary survey of the animal kingdom emphasizing adaptive aspects of comparative zoological forms and functions. Population genetics and evolutionary theory are considered in detail.  
Prerequisite(s): CHEM 115  
Credits: 3

BIOL145 Animal Biology/Evolution Lab  
Frequency: B  
A survey of animal types from Protozoa to Chordata with emphasis on the evolution of animal structure and function.  
Credits: 1

BIOL221 Human Anatomy  
Frequency: B  
Integrated survey of gross and microscopic anatomy of human body. Lectures correlated with laboratory exercises which present dissections, microscope slides, charts and models. Two lectures, one laboratory.  
Credits: 3

BIOL237 Genetics  
Frequency: B  
The principles of genetic analysis and the nature of the gene. The course will cover Mendelian and molecular genetics. Key concepts covered will include the chromosomal and molecular basis of inheritance and replication, mutation and expression of genetic information.  
Prerequisite(s): BIOL 133 and CHEM 116  
Credits: 3

BIOL238 Genetics Laboratory  
Frequency: B  
Exercises will focus on the analysis of the inheritance of genes. DNA isolation and manipulation experiments will be performed. Students will perform experiments in classical and molecular genetics.  
Prerequisite(s): BIOL 133 and CHEM 116  
Credits: 1
BIOL241 Introductory Cell Biology
Frequency: B
Introduction to central concepts of cell biology. Includes biologically important macromolecules, basic metabolic processes, cell structure/function, and cell cycle.
Prerequisite(s): BIOL 144 and BIOL 145 and CHEM 115
Credits: 3

BIOL242 Introductory Cell Biology Lab
Frequency: B
A laboratory course emphasizing the methods and techniques used in cellular and molecular biology. Laboratory exercises focus on cell processes and stresses quantitative and computer skills.
Credits: 1

BIOL243 Biodiversity
Frequency: B
The goal of this course is to develop an expanded knowledge of evolution illustrated through a discussion of biodiversity. Course content deals with organic evolution, Mendelian and population genetics, evolutionary mechanisms, and taxonomy. This course will also provide a survey of life: viruses, bacteria, archaea, protists, fungi, plants, and animals as well as comparative anatomies and physiologies explained within an evolutionary context.
Prerequisite(s): BIOL 131 and BIOL 133 and CHEM 116
Credits: 3

BIOL244 Biodiversity Laboratory
Frequency: B
A laboratory course emphasizing a survey of the diversity of life including protists, plants, and animals. Further development of knowledge regarding hypothesis testing, evolution, use of taxonomic keys and constructing phylogenies.
Prerequisite(s): BIOL 131 and BIOL 133 and CHEM 116
Credits: 1

BIOL250 Basic Concepts in Biology
Frequency: D
Examination of selected areas of general biology for interested lower division major or non-major. Emphasis on developing basic background in such areas as botany, zoology, and the relationships between these fields and human society. Examples of courses offered include Field Natural History and Fungal Pathogens. Course may not be used as Biology major elective. Topics are determined by student interests.
Prerequisite(s): BIOL 111 or BIOL 131
Credits: 1-6

BIOL251 Basic Concepts in Biology
Frequency: D
Examination of selected areas of general biology for interested lower division major or non-major. Emphasis on developing basic background in such areas as botany, zoology, and the relationships between these fields and human society. Examples of courses offered include Field Natural History and Fungal Pathogens. Course may not be used as Biology major elective. Topics are determined by student interests.
Prerequisite(s): BIOL 111 or BIOL 131
Credits: 1-3

BIOL256 Introduction to Clinical Science
Frequency: A
A course designed to acquaint sophomores with various career opportunities available in medical technology. Educational requirements and professional responsibilities are also discussed. Small group discussions of clinical literature, and a tour of a hospital lab are featured.
Credits: 1

BIOL310 The Human Genome
Frequency: B
This course will focus on human genes, their inheritance and the Human Genome Project. The broad subject area of genetics will be covered including studies of genes and genomes in other species to facilitate a better understanding of human genetics.
Prerequisite(s): BIOL 110 or BIOL 111
Credits: 3

BIOL330 General Ecology
Frequency: B
Introduction to ecology emphasizing general principles at individual, population, and community levels. Examples of various approaches (observation and experimentation, field and laboratory studies, and modeling and computer simulations) are considered.
Prerequisite(s): BIOL 243 and BIOL 144
Credits: 3

BIOL331 General Ecology Laboratory
Frequency: B
Laboratories designed to give a diversity of experience, building upon principles of individual, population, and community ecology. A quantitative approach to the study of ecology is emphasized. Labs include plant and animal studies and field and laboratory experiments, as well as long- and short-term studies.
Credits: 1

BIOL332 Biochemistry
Frequency: B
The structure and function of proteins and the regulation of metabolic pathways will be the central concepts presented in the course. Students should gain an understanding of the fundamental principles of the biology of protein molecules. BIOL 335 Genetics is recommended as a prerequisite.
Prerequisite(s): CHEM 216 and CHEM 226
Credits: 3

BIOL333 Biochemistry Laboratory
Frequency: B
Introduction to laboratory practice using biochemical techniques to isolate and characterize proteins. Enzyme kinetics and bioinformatics are also covered.
Credits: 1

BIOL336 Mammalian Physiology
Frequency: B
An integrative approach to systems physiology. After an initial discussion on mechanisms of cellular regulation of homeostasis, individual physiological systems, e.g. respiratory, cardiovascular, are examined. Organ and system action are related to demonstrate integration of function within the body. Major emphasis will be on normal human functions.
Prerequisite(s): BIOL 241 and CHEM 215
Credits: 3

BIOL337 Mammalian Physiology Lab
Frequency: B
A laboratory course designed to complement BIOL 336 Mammalian Physiology. Laboratory exercises examine, through experimentation, the integrative functions of organs and systems within the body. Labs include excitable cell physiology, cardiovascular, excretory and exercise physiology. Wherever possible, human models are utilized.
Co-requisite(s): BIOL 336
Credits: 1

BIOL338 Microbiology
Frequency: B
The course includes a basic study of microbial taxonomy, morphology, biochemistry, and reproduction. Great emphasis is placed on medical microbiology, infectious diseases, microbial genetic regulation, and the application of microorganisms in recombinant gene technology. Laboratory includes identification of microbes by colonial and microscopic features, biochemical properties, and antibiotic sensitivities. Two lectures, one laboratory.
Prerequisite(s): BIOL 333 and BIOL 237
Credits: 3

BIOL340 Cell and Subcellular Biology
Frequency: B
Cell structure and function at cellular and molecular level using animal, plant, and microbial cells to illustrate common and divergent tenets. Physical and chemical organization of cells, analysis of the cell concept, emphasis on biochemical, physiological, and ultrastructural properties.
Laboratory exercises dealing with isolation and characterization of cell fractions. Two lectures, one laboratory.
Prerequisite(s): BIOL 333 and MATH 120
Credits: 3

BIOL343 Conservation
Frequency: B
Study of relationships of people with nature; extensive treatment of world and national problems related to use of natural resources. Basic approach is ecological, but impact of economic, sociological, political, and ethical concepts on human ecology examined. Note: Students in any Biology degree program may earn elective credit for only one of BIOL 343, 345 or 360.
Prerequisite(s): BIOL 111
Credits: 3

BIOL344 Parasitology
Frequency: B
A survey of the more important protozoan and helminth parasites of humans. Special emphasis is given to epidemiology, pathogenesis, diagnosis, and treatment of common parasitic diseases.
Prerequisite(s): BIOL 144
Credits: 1

BIOL345 Emerging Infectious Diseases
Frequency: B
This course will examine infectious diseases whose incidence in humans has increased within the past two decades. The course will focus on the etiological agents, infectious disease process, epidemiology, and the factors associated with the emergence and reemergence of these infectious diseases.
Credits: 3
BIOL360 AIDS and STDs
Frequency: B
Discussion of the many ways AIDS and STDs (sexually transmitted diseases) have affected people and the societies in which they live. The course includes information about human physiology, immune defense mechanisms, and microbiology. Detailed biological discussions focus on the transmission of AIDS and STDs, disease symptoms, treatment, and prevention, as well as information on the historical accounts, global and regional impact, ethical, legal and public policy considerations, economic impact of AIDS and STDs, and the psychosocial impact on the individual, family and community. Note: Students in any Biology degree program may earn elective credit for only one of BIOL 310, 360, or 421. Prerequisite(s): BIOL 111 or BIOL 131
Credits: 3

BIOL397 Biochemistry Seminar I
Frequency: B
Current biochemical research papers are analyzed in a journal club (open discussion) format. This course will help students to develop critical reading skills and underscore how an array of biochemical techniques are applied to address a research problem. Faculty from both biology and chemistry participate in this seminar.
Credits: 1

BIOL410 Tropical Biology
Frequency: C
A lecture and field course on the natural history and ecology of the neotropics. Students examine several terrestrial and marine tropical ecosystems, including lowland rainforests, elfin forests, mangrove communities, and coral reefs. Each student completes a field project and journal. One lecture per week during the semester followed by a two-week field experience in Costa Rica during winter break. Students are responsible for travel expenses.
Credits: 3

BIOL417 Comparative Animal Physiology
Frequency: C
How animals maintain homeostasis in a non-homeostatic world. After a general introduction to mechanisms of cellular regulation and energetics the class will discuss specific physiological systems (respiratory, cardiovascular, osmoregulatory, etc.) and compare the modes and strategies employed by different animal groups in responding to changes in external environment. Particular attention directed to adaptations to marginal habitats, e.g., marine intertidal, deep sea hydrothermal vents, hot desert. Prerequisite(s): BIOL 336
Credits: 3

BIOL419 Genes and Genomes
Frequency: C
The course will focus on the study of DNA and genes from the paper by Watson and Crick to the Human Genome Project. The genetic and molecular approaches used to identify genes and the impact of genome study on society and current scientific research will be discussed. Prerequisite(s): BIOL 333 and BIOL 237
Credits: 3

BIOL420 Population/Community Ecology
Frequency: C
Reading and discussion of primary literature relating to population and community ecology. Topics include population growth, life history patterns, competition, plant-animal interactions, and community organization. Prerequisite(s): BIOL 330
Credits: 3

BIOL421 Biological Conservation
Frequency: B
An examination of species diversity with an emphasis on human activities which affect these patterns. Major topics will include the effects of land use practices, habitat fragmentation, invasive species and pollution on the current distribution and extinction patterns of plants and animals. Prerequisite(s): BIOL 330
Credits: 3

BIOL422 Physiological Ecology
Frequency: C
Reading and discussion of primary literature relating to animal interactions with the environment. Examination of potential effects of specific habitats (e.g., deserts, deep sea) and the physiological responses of various animals to these environmental challenges. Prerequisite(s): BIOL 330
Credits: 3

BIOL424 Aquatic Biology
Frequency: C
Classification and biology of major groups of organisms that inhabit freshwater environments, characteristics of aquatic habitats, pollution of aquatic environments, and the role of physical and chemical factors in aquatic ecosystems. Prerequisite(s): BIOL 330
Credits: 3

BIOL426 Current Environmental Topics
Frequency: B
The focus of this course is on global environmental issues. The issues examined have been making the news during the last year and at the time the course is taught. Changes in climate, overpopulation, pollution, conservation, development, genetically modified organisms, invasive species, illegal species trade, etc. are some of the ongoing issues that are covered in the course. The format of the course invites participation, discussion and critical thinking. Prerequisite(s): BIOL 330
Credits: 3

BIOL427 Fisheries Science
Frequency: C
This course is an overview of ichthyology, Fisheries Biology, and Fisheries Conservation. Students will be introduced to the taxonomic diversity of fish, fish adaptations, techniques and models used in the study of fish populations, community interactions, and issues concerning fisheries conservation and management. Special emphasis will be placed on understanding Great Lakes Fisheries. Prerequisite(s): BIOL 144
Credits: 3

BIOL429 Field Biology
Frequency: D
A field-oriented course with emphasis on developing and testing scientific hypotheses. Activities include identification of local flora and fauna, using a wide variety of field techniques, statistical analysis, and writing scientific reports. Some Saturday field trips required. Prerequisite(s): BIOL 330
Credits: 3

BIOL431 Senior Seminar
Frequency: A
Reading, discussion, and analysis of current topics of biological significance using original source material from primary biological periodicals. Students prepare and present a seminar based on an extensive review of the available literature.
Credits: 1

BIOL435 Developmental Biology
Frequency: B
A study of animal development integrating descriptive, experimental, cellular, and molecular studies of gametogenesis, fertilization, cleavage, gastrulation, induction, and maturation. Labs examine development from an historical perspective including: descriptive, experimental and molecular embryology incorporating hypothesis testing through the use of micromanipulation, cell culture and immunohistochemistry. Two lectures, one laboratory.
Credits: 3

BIOL436 Molecular Biology
Frequency: B
Students will study the basic principles of molecular biology including DNA replication, transcription, and translation. Specific attention will be given to the molecular interactions between protein, DNA, and RNA molecules. Students should gain an understanding of the role of molecular interactions in the basic processes required for the flow of information in cells. Prerequisite(s): BIOL 237 and BIOL 334
Credits: 3

BIOL437 Molecular Genetics Laboratory
Frequency: B
Basic molecular genetics techniques are taught within a research project in which students isolate, characterize, and sequence a gene. Other experiments include the identification of organisms based on DNA sequences and the typing of human DNA. Prerequisite(s): BIOL 237 and BIOL 334
Credits: 2

BIOL440-441 Undergraduate Research
Frequency: A
Independent study and research of mutual interest with faculty member in such areas as morphology, physiology, evolution, development, population dynamics, genetics, biochemistry, cell and subcellular biology, microbiology, ecology, behavior and conservation. Course may be repeated; maximum of 12 credits count toward the B.S. degree, only 3 of which may be included in a Biology major. Note: Students may earn Biology elective credit for only one of BIOL 440/1 or 458. Credits: 1-3

BIOL443 Plant Physiology
Frequency: C
Study of the life processes and responses of plants, including water relations and transport, photosynthesis and general metabolism, mineral and organic nutrition, photoperiodic responses and rhythms, growth and differentiation, and plant relationships with the environment. Prerequisite(s): BIOL 241
Credits: 3

BIOL446 Animal Behavior
Frequency: B
Survey of theories and practices in study of animal behavior; emphasis on phylogeny and adaptive significance of behavioral patterns. Research techniques and physiological mechanisms considered in detail. Prerequisite(s): BIOL 241
Credits: 3
BIOL447 Evolution  
Frequency: B  
Consideration of the theoretical framework of evolutionary biology and the mechanisms of evolution. Special topics include microevolution, macroevolution, and coevolution.  
Prerequisite(s): BIOL 330 and BIOL 237  
Credits: 3

BIOL450-451 Modern Concepts in Biology  
Frequency: A  
An in-depth examination of selected areas of biology for interested upper-division students. Topics are determined by faculty and student interests and emphasize methods and recent research developments. Examples of topics currently offered on a rotating basis include: Biomembranes, Hormone Mechanisms, Molecular Biology, Cell/Hybridoma Culture, and Biology of Terrestrial Vertebrates.  
Credits: 1-3

BIOL453 Basic Hematology  
Frequency: B  
Introduction to the study of blood, its cellular components, and various blood diseases. Laboratory exercises include a variety of manual techniques involved with blood cell counts and determinations.  
Prerequisite(s): BIOL 336  
Credits: 1

BIOL456 Advanced Immunochemistry  
Frequency: B  
Study of the mechanisms of the immune response including cellular basis of immunity and molecular basis of antigen-antibody reactions. Regulation of antibody production and cell-mediated reactivity examined. Current clinical applicability considered in discussion of tumor, transplantation, allergy-related, and autoimmune immunobiology. Several laboratory exercises included involving serological/immunological determinations detecting antigen-antibody interactions.  
Three lectures.  
Prerequisite(s): BIOL 333 and BIOL 237  
Credits: 3

BIOL457 Biostatistics  
Frequency: C  
A review of statistical tests frequently used in the biological sciences. Emphasis is placed on understanding experimental design and what statistics can and cannot do. Uses of computer statistical packages are also considered.  
Credits: 3

BIOL458 Lab Supervision in Biology  
Frequency: A  
A supervisory experience in teaching of the biology department’s laboratories under the guidance of a faculty member. Student experiences may include; preparing materials for the lab, and demonstrating procedures and techniques to students. Note: Students may earn Biology elective credit for only one of BIOL 440/1 or 458.  
Credits: 1

BIOL460 Recombinant Gene Technology  
Frequency: B  
Basic molecular biology techniques are taught within a research project in which students isolate and characterize and sequence a gene from a DNA library. Other experiments include the identification of organisms based on DNA sequences and typing of human DNA. One lecture, two laboratories.  
Prerequisite(s): BIOL 333 and BIOL 334 and BIOL 237  
Credits: 3

BIOL461 Immunology and Serology  
Frequency: B  
Study of the mechanisms of the immune response including cellular basis of immunity and molecular basis of antigen-antibody reactions. Regulation of antibody production and cell-mediated reactivity examined. Current clinical applicability considered in discussion of tumor, transplantation, allergy-related, and autoimmune immunobiology. Several laboratory exercises included involving serological/immunological determinations detecting antigen-antibody interactions.  
Three lectures.  
Prerequisite(s): BIOL 333 and BIOL 237  
Credits: 3

BIOL465 Advanced Experimental Biochemistry  
Frequency: B  
State-of-the-art biochemical and molecular techniques are taught within this hands-on, laboratory-based course. Potential topics include the polymerase chain reaction (PCR), oligonucleotide synthesis, DNA/protein sequencing and analysis (BLAST, DNASIS), pulse-field gel electrophoresis, gas chromatography-mass spectrometry (GC-MS), nuclear magnetic resonance (NMR) spectroscopy, high performance liquid chromatography (HPLC), immunohemochromatin, and/or other contemporary techniques.  
Prerequisite(s): BIOL 334  
Credits: 2

BIOL466 Current Issues in Developmental Biology  
Frequency: B  
Course focuses on recent developments in the rapidly expanding field of developmental biology. With the advent of the tools available to molecular biologists, the course will study recent advances in the genetic understanding of various aspects of embryological development and regeneration. The course will present a variety of topics including fertilization, gastrulation, maternal effect genes, pattern formation, and evolutionary aspects of development.  
Prerequisite: Junior standing in major.  
Credits: 3

BIOL468 Biomembranes  
Frequency: C  
The objectives of this course include: identification of different types of membranes based upon composition, morphology and cellular functions, and examination of experiments which have provided understanding of how membranes function in cells and organisms. Topics include membrane composition, electron microscope techniques, membrane transport, membrane proteins and enzymes, receptors, hormone interaction, cell recognition, secretion, and biogenesis of membranes.  
BIOL 333 or equivalent, or permission required.  
Prerequisite(s): BIOL 333  
Credits: 3

BIOL469 Eukaryotic Gene Regulation  
Frequency: C  
In-depth examination of the ways in which eukaryotic cells regulate their protein composition at the levels of genome replication, transcription, post-transcriptional modifications, and translations. Topics include chromatin structure, transcription factors, and DNA sequence elements, several cell-type specific transcriptional events and how these are regulated, as well as how transcriptional regulation gone awry can cause cancer.  
Prerequisite(s): BIOL 241 and BIOL 237  
Credits: 3

BIOL470 Hormone Mechanisms  
Frequency: C  
Course will examine the basic physiological, cellular and molecular pathways which regulate metabolism, growth, and neurological activities of organisms, especially mammals. Discussions will follow text information and general models will be supported with primary research literature to show developments from recent experiments.  
Prerequisite(s): BIOL 333  
Credits: 3

BIOL472 Microbial Pathogenesis  
Frequency: D  
The course focuses on the molecular basis of microbial pathogenesis. Through the application of molecular techniques to the study of the microbe-host interaction, scientists are gaining a fundamental understanding of the virulence mechanisms of microbial pathogens. Using primary literature the course will illustrate how the integration of the molecular basis of virulence mechanisms with the clinical aspects of disease has enhanced our understanding of the pathogenesis of infectious diseases.  
Credits: 3

BIOL475 Advanced Biochemistry  
Frequency: B  
A continuation of BIOL 333, this course explores biochemical concepts and pathways with an emphasis on problem solving. Cellular control and coordination of biochemical pathways is emphasized in light of an advanced understanding of protein biochemistry. Lecture only.  
Prerequisite(s): BIOL 333  
Credits: 3

BIOL497 Biochemistry Seminar II  
Frequency: B  
Students prepare oral presentations based on an assessment of current biochemical research papers. The course will help students to further develop critical reading and scientific communication skills. Faculty from both biology and chemistry participate in the seminar.  
Credits: 1

Business Administration  
BUAD100 Freshman Seminar  
Frequency: D  
A one-credit course intended to help incoming freshman succeed in Business Administration and Accounting at SUNY Fredonia. The course provides an introduction to the nature of college education and an orientation to the functions and resources of the Business Administration department and the university as a whole.  
Credits: 1

BUAD101 Understanding Business  
Frequency: D  
An introduction to the art and science of mobilizing, in pursuit of profit, scarce resources in order to satisfy customers’ demand for quality products and services. Topics such as evolution of American business enterprises, social responsibility, production management, human resource management, marketing, accounting, and international business will be introduced. This course is designed primarily for non-majors, although open to Business Administration freshmen/sophomore students.  
Credits: 3
BUAD161 Information Technology Literacy
Frequency: A
Course examines the selection and use of basic hardware/software technologies for personal productivity in everyday business settings. Students are introduced to how common informational business productivity software such as electronic mail, desktop publishing, presentation, electronic spreadsheets, file management and web browsers are used to gather, store, analyze and report information. Lab instruction is used to complement the course by providing student with hands-on experience with a set of the above-mentioned applications.
Credits: 3

BUAD200 Fundamentals of Statistics for Business and Economics
Frequency: A
An introductory study of statistical methods as applied to business and economic problems. Topics covered include: frequency distributions, measures of central tendency, measures of dispersion, probability, probability distributions, sampling distributions, estimation, statistical inference, and simple linear regression. Emphasis on the use and purpose of statistics. Note: Credit for at most one of the following courses may be applied towards a student’s requirements for graduation: BUAD 200, ECON 200, EDU 200, POLI 200, SOC 200, and STAT 200.
Credits: 3

BUAD235 Introduction to Business Communication
Frequency: B
This highly practical course focuses on the critical communication skills involved in effective written and oral communication while emphasizing applications of communication concepts in the world of business. Students will be able to engage in application exercises, build their exploratory skills, and confront problems of diversity. The course is cross listed with COMM 235.
Prerequisite(s): ENGL 100
Credits: 3

BUAD261 Management Information Systems
Frequency: A
Course provides an overview of strategic, tactical and operational systems used in business, and how these systems are used for decision support in organizations. The course discusses the concepts of IS for competitive advantage, data as a resource, IS and IT planning and implementation. Topics include systems theory and concepts, information technology and quality, decision theory, systems analysis, database management, network and telecommunication management, electronic commerce and social and ethical issues related to information systems. Lab instruction in developing databases and decision support systems using an office software suite complements the course.
Prerequisite(s): BUAD 161 or permission of department.
Credits: 3

BUAD266 Business Application Development
Frequency: B
Course covers the development of computer software for business information processing. Topics include flowcharting, pseudocode, algorithm development, data and file structures and representation and programming. The course also introduces students to basic software management practices for application development. Lab instruction in visual programming language-supporting objects is used to complement the course material.
Prerequisite(s): BUAD 161 and MATH 120
Credits: 3

BUAD300 Statistical Analysis
Frequency: B
Continuation of BUAD 200. A study of the techniques and tools used in analyzing business and economic data with equal emphasis on interpretation of results while concentrating on estimation techniques. Simple and multiple linear regression, non-parametric tests, analysis of variance, time series, and surveying are discussed, although topics will vary depending upon students’ needs. Use of SPSS/SAS computer software packages.
Prerequisite(s): BUAD 200
Credits: 3

BUAD310 Legal Environment of Business
Frequency: B
A one semester survey course of legal issues affecting individuals and businesses. Topics covered include dispute resolution, contract law, torts, agency law, and laws governing the creation, operation, and termination of business organizations. Various public law topics will be examined, as well as principles of international law, and theoretical considerations.
Prerequisite(s): ENGL 100
Credits: 3

BUAD313 Health Law
Frequency: C
An introduction to the major legal issues and principles in the health care field and in administration of health care services, including federal and state legislation and regulations on private and public insurance programs, and on operation of hospitals, and other health care facilities. Other issues examined include medical malpractice, patients rights, confidentiality, living wills, and patient designation of a representative or proxy to act on their behalf.
Credits: 3

BUAD315 Principles of Business Finance
Frequency: A
An examination of the conceptual and institutional framework within which the financial manager operates. Topics cover management and valuation of assets, including management of funds and working capital, financial planning and capital budgeting in a national and global environment.
Prerequisite(s): ACCT 201 and ECON 200 and ECON 201 and ECON 202
Credits: 3

BUAD317 Corporate Finance I
Frequency: B
An examination of problems related to the investment, acquisition, and distribution of financial resources. Stress is placed upon integrating these areas into one system to facilitate and evaluate the operation of the finance function. Topics include cash flows, risk analysis, capital budgeting and structure, and international financial management.
Prerequisite(s): BUAD 315
Credits: 3

BUAD319 Health Care Finance
Frequency: C
An introductory course on the application of financial management techniques in the health care industry. Particular emphasis is placed on understanding the unique problems facing the industry in the financial relationships among hospitals, patients, physicians and other providers, insurance, capital suppliers and governmental agencies.
Prerequisite(s): BUAD 315
Credits: 3

BUAD321 Management and Organizational Behavior
Frequency: B
An in-depth study of the theories and processes of management focusing on organizational behavior, hierarchical versus network organizational structure, and organizational culture. Issues within the organization such as motivation and leadership, diversity and group dynamics, and external environmental influences including technology, ethics, diversity and global considerations, are examined.
Credits: 3

BUAD325 Principles of Marketing
Frequency: A
An introduction to the field of marketing and marketing management. Emphasis on the marketing function of pricing, promotion, distribution, and product design both domestically and internationally. Students will learn to employ state-of-the-art information to plan, price, distribute, advertise, and promote products and services in the 21st century global economy as symbolic analysts and knowledge workers. The course will focus on how skilled marketers apply their knowledge and creative ideas to assure competitive success and market position and to fuel the high-tech information society.
Prerequisite(s): ECON 201 and ECON 202
Credits: 3

BUAD327 Production and Operations Management I
Frequency: A
A fundamental course in the concepts of production and operations management (P/OM), and the use of quantitative methods and computer applications related to effective control of products and operative systems. Topics include P/OM strategy and international competition issues, decision-making tools, linear programming, waiting line models, process strategies, work measurement techniques, and purchasing management and Just-In-Time strategies.
Prerequisite(s): ECON 200 and MATH 120
Credits: 3
BUAD330 Human Resource Management  
Frequency: C  
A study of the Human Resource function. Topics covered include recruitment, selection, hiring, performance evaluation, compensation, motivation, training and development, legal environment such as OSHA, EEOC and sexual harassment issues, and industrial relations. Emphasis on how managers can deal with and use the Human Resources function. Prerequisite(s): BUAD 321  
Credits: 3

BUAD340 Marketing Research  
Frequency: D  
A specialized marketing course that examines modern methodologies needed to effectively use new information technologies to meet the world’s growing demand for competitively priced quality products and services. The nature and scope of computer-aided marketing research, research design and data collection methods, including sampling and focus groups, are reviewed. Individual and group field projects will be reported in oral and written presentations. Prerequisite(s): BUAD 161 and BUAD 325 and BUAD 300  
Credits: 3

BUAD342 Consumer Behavior  
Frequency: B  
An integrative marketing course that examines individual psychological and social environments in which consumers attempt to satisfy felt needs and wants. Both marketing and personal perspectives are explored in class resulting in greater student appreciation and understanding of the complexity of human behavior in the new high-tech cross-cultural setting around the world. Prerequisite(s): BUAD 325  
Credits: 3

BUAD350 Special Topics  
Frequency: D  
Special topics in Business Administration not covered in detail by regular courses and not offered on a regular basis. Topic announced in Course Offerings Bulletin each semester.  
Credits: 1-3

BUAD361 Networks, Distributed Systems, Telecommunications  
Frequency: B  
Course provides an in-depth knowledge of data communications and networking requirements including networking and telecommunications technologies, hardware, and software. Emphasis is upon the analysis and design of networking applications in organizations. Management of telecommunications networks, cost-benefit analysis, and evaluation of connectivity options are also covered. Topics include communications protocols, local area networks (LAN), wide area networks (WAN), distributed systems, client-server systems, telephone service and internetting. Lab instruction in administering a LAN complements the course. Prerequisite(s): BUAD 261 and MATH 120  
Credits: 3

BUAD363 Systems Analysis and Design  
Frequency: B  
Course provides an introduction to the analysis and logical design of computer-based information systems (IS) in business settings. This course is a survey of modern systems development practices and methods such as systems development life cycle, rapid applications development and prototyping. Topics include techniques for studying business information flows, defining information requirements, designing and implementing computer-based solutions, the roles of systems analysts and designers; and global and ethical concerns in systems development. The system analysis and design techniques and tools introduced in the course are integrated with lab instruction using Computer Aided Software Engineering (CASE) tools. Prerequisite(s): BUAD 261 and MATH 120  
Credits: 3

BUAD366 Database Management Systems  
Frequency: B  
This course introduces the technologies used to develop and implement database applications for business. All major database management systems (DBMS), including hierarchical, network, relational and post-relational (object-relational and object-oriented) are covered, with relational database systems as the main focus. Special emphasis is placed on data modeling (entity-relationship and semantic-object), database design and normalization, and relational database querying through SQL (Structured Query Language) and QBF (Query-By-Form). Lab instruction in desktop and high-end DBMS using SQL complements the course. Prerequisite(s): BUAD 363  
Credits: 3

BUAD376 Business and Culture  
Frequency: B  
A survey of various aspects of culture and their impact on doing business in the international arena. Topics include verbal and non-verbal communication, negotiation, foreign exchange, and country-specific research. Emphasis on cultural awareness and understanding in business.  
Credits: 3

BUAD411 Marketing Management  
Frequency: D  
A challenging course employing the Harvard Case Method in which students will develop an ability to make critical marketing decisions, support those decisions with appropriate analysis, and incorporate ideas both orally and in writing. The goal of the course is to help develop students’ critical reasoning powers using real-life examples of marketing problems encountered by both domestic and multi-national companies and comparing student recommendations with actual results. Prerequisite(s): BUAD 325  
Credits: 3

BUAD416 Investment Analysis  
Frequency: B  
A study of investment objectives; basic determinations of investment values; securities market organization; approaches to investment analysis; evaluation of valuation theories and procedures and individual and institution portfolio policies.  
Prerequisite(s): BUAD 315  
Credits: 3

BUAD418 Corporate Finance II  
Frequency: D  
A continuation of the study of problems related to the management of financial resources. Topics such as capital budgeting and cost of capital are covered in greater depth. Other topics such as leasing and mergers which are not covered in prior courses are introduced. Prerequisite(s): BUAD 317  
Credits: 3

BUAD427 Production and Operations Management II  
Frequency: B  
Continuation of BUAD 327 with emphasis on the nature of the production, operations, and material functions and their inter-relationship with quality. Discussions, problems, computer applications, and case studies of qualitative and quantitative methods of analysis currently available (e.g., material requirement planning, MRP I) to manage production operations functions. In-depth coverage of management science/operations research models to optimize resource utilization and management control in a production environment: capacity planning, reliability sampling, PERT/CPM scheduling and project management systems, transportation and location strategies, aggregate planning tactics, inventory management and Just-In-Time tactics, and materials resource planning (MRP II). Prerequisite(s): BUAD 327  
Credits: 3

BUAD430 Independent Study  
Frequency: C  
A course for highly motivated students to undertake, under faculty guidance, special studies in areas of business which are not normally covered in other courses.  
Credits: 1-6

BUAD440 Advanced Human Resource Management  
Frequency: D  
The application of Human Resource Management concepts to specific business problems through case analysis relating to the Human Resource Management topics covered in BUAD 330. Prerequisite(s): BUAD 330  
Credits: 3

BUAD445 Integrated Marketing Communications  
Frequency: B  
This advanced marketing course analyzes the components of integrated marketing communications which includes all communication functions, both internal and external, of an organization employing new information technologies. Class discussions will explore determining domestic and international consumer needs and wants, creating advertising and promotional messages, media strategy, and message strategy. Students will gain practical experience in developing a comprehensive marketing plan. Prerequisite(s): BUAD 325  
Credits: 3
BUAD446 Sales Management
Frequency: B
This advanced marketing course of study includes how modern sales managers employ state-of-the-art technology to identify, process, and solve sales management problems. Class assignments and discussions reveal contradictory perspectives to complex marketing problems. The course will also cover sales force structure in new lean-management organizations, determining needed characteristics and recruiting of new sales representatives, and processing, hiring, training, and ethically managing a multi-national sales force in the 21st century. Individual and group presentations, both written and oral, will be required. Prerequisite(s): BUAD 361
Credits: 3

BUAD450 Senior Seminar
Frequency: D
Seminar dealing with contemporary problems that is designed so that students may utilize what they have learned. This seminar also serves to introduce students to interdisciplinary approaches in problem solving and lead to possible areas of graduate or professional work. Topics will vary from semester to semester. Permission of instructor or senior standing.
Credits: 1-3

BUAD462 Electronic Commerce
Frequency: D
Course provides more in-depth knowledge of current and emerging e-commerce technologies using the Internet introduced in earlier MIS courses. Topics include Internet technology for business advantage, managing e-commerce funds transfers, business opportunities in e-commerce, Web site design, social, political and ethical issues associated with e-commerce, and business plans for technology ventures. The purpose of this course is to educate managers, planners, analysts, and programmers of the realities and potential for e-commerce. Lab instruction in modern Internet application development complements the course. Prerequisite(s): BUAD 261
Credits: 3

BUAD463 Information Technology Project Management
Frequency: B
A survey of general management processes for planning, managing and controlling IT projects. Both technical and behavioral aspects of project management are discussed. The focus is on management of development for enterprise-level systems. Topics include defining project scope, cost and resource management, scheduling using PERT/CPM, quality management, risk management and project integration management. Lab instruction in a modern project management software tool complements the course. Prerequisite(s): BUAD 363
Credits: 3

BUAD466 Business Object-Oriented Modeling
Frequency: B
Course covers physical design, programming, testing and implementation of object-oriented and client-server business information systems. Students learn how to define business objects and how to use them in creating a component-based application. Lab instruction using visual programming language supporting objects is used to complement the course material. Prerequisite(s): BUAD 361 and BUAD 366
Credits: 3

BUAD480 Internship
Frequency: A
This course provides credit to students for professional experiences which are closely related to their field of study. Enrollment is to be arranged with an appropriate instructor. Permission of departmental internship coordinator and junior standing.
Credits: 1-6

BUAD499 Strategic Management
Frequency: A
A capstone course emphasizing top multi-national management issues through utilization of knowledge and skills developed in previous courses. Problem analysis and decision-making in case studies and group projects simulate the process of strategy formulation in the firm. Prerequisite(s): BUAD 315 and BUAD 321 and BUAD 325
Credits: 3

Chemistry

CHEM105 Food Chemistry
Frequency: D
Introductory course for non-science majors only. Chemical aspects of the collection, preparation, storage, cooking, and consumption of food. Not applicable toward a major or minor in Chemistry.
Credits: 3

CHEM107 Chemistry for Consumers
Frequency: A
Introductory course for non-science majors; emphasis in practical aspects of chemistry in everyday life. Topics include nuclear chemistry, foods, gardening, pest control, health chemistry, and home products. Not applicable toward a major or minor in Chemistry.
Credits: 3

CHEM113 Chemistry and the Environment
Frequency: C
Basic chemical principles presented. Emphasis on their relationship to environmental problems of our society. Study of chemical nature of substances and their transformations from environmental point of view. Not applicable toward a major or minor in Chemistry.
Credits: 3

CHEM114 Introduction to Chemistry
Frequency: D
An introduction to chemical principles, emphasizing formulas, equations, bonding, atomic structure, nomenclature, periodic properties, and chemical calculations. Intended for students who have not taken chemistry in high school and/or who plan to take CHEM 115-116 but feel unprepared to do so. Not applicable toward a major or minor in Chemistry.
Credits: 3

CHEM115 General Chemistry Lecture I
Frequency: A
Nuclear, electronic, and molecular composition and structure and principles of chemical bonding used to describe nature and reactivity of atoms, ions, and molecules. Includes laws governing behavior of gases, liquids, and solids with consideration of oxidation-reduction, equilibria, free energy, entropy, electrochemistry, and rates of chemical reactions.
Prerequisite(s): MATH 105 or MATH 106 or MATH 120 or MATH 122
Credits: 3

CHEM116 General Chemistry Lecture II
Frequency: A
Nuclear, electronic, and molecular composition and structure and principles of chemical bonding used to describe nature and reactivity of atoms, ions, and molecules. Includes laws governing behavior of gases, liquids, and solids with consideration of oxidation-reduction, equilibria, free energy, entropy, electrochemistry, and rates of chemical reactions.
Prerequisite(s): CHEM 115
Credits: 3

CHEM125 General Chemistry Laboratory I
Frequency: A
Some fundamental principles in experimental investigation of chemical substances and phenomena. Includes consideration of chemical and physical properties and typical reactions of inorganic and organic compounds. Equilibria, thermodynamics, oxidation-reduction, rates of chemical reactions, and volumetric, gravimetric, and qualitative analysis investigated. One laboratory period per week.
Credits: 1

CHEM126 General Chemistry Laboratory II
Frequency: A
Some fundamental principles in experimental investigation of chemical substances and phenomena. Includes consideration of chemical and physical properties reactions of inorganic and organic compounds. Equilibria, thermodynamics, oxidation-reduction, rates of chemical reactions, and volumetric, gravimetric, and qualitative analysis investigated. One laboratory period per week.
Credits: 1

CHEM130 Honors General Chemistry Laboratory
Frequency: B
Directed studies designed to foster independence of thought and improve laboratory technique. Emphasis on quantitative determinations by acid-base, complexation, and spectroscopic methods. Open to Chemistry majors and others by permission of department. One laboratory period per week.
Prerequisite(s): CHEM 115 and CHEM 125
Credits: 1

CHEM170 Scientific Revolutions
Frequency: B
Examines the role of science in Western European culture from roughly 1540-1905. Focuses mainly on the lives and the scientific and cultural contributions of six revolutionary figures of science: Copernicus, Galileo, Newton, Lavoisier, Darwin, and Einstein.
Credits: 3

CHEM215 Organic Chemistry Lecture I
Frequency: B
Structure and reactions of the most important classes of organic compounds: hydrocarbons and principal functional groups of the compounds of carbon. Structure, occurrence, properties of organic compounds of biological significance.
Prerequisite(s): CHEM 116
Credits: 3
CHEM216 Organic Chemistry
Lecture II
Frequency: B
Structure and reactions of the most important classes of organic compounds: hydrocarbons and principal functional groups of the compounds of carbon. Structure, occurrence, properties of organic compounds of biological significance.
Prerequisite(s): CHEM 116
Credits: 3

CHEM225 Organic Chemistry Laboratory I
Frequency: B
Techniques for determination of physical and chemical properties, synthesis, and isolation from natural sources, of organic compounds. Nuclear magnetic resonance and infrared spectroscopy incorporated in experiments. One laboratory period per week.
Credits: 1

CHEM226 Organic Chemistry Laboratory II
Frequency: B
Techniques for determination of physical and chemical properties, synthesis, and isolation from natural sources, of organic compounds. Nuclear magnetic resonance and infrared spectroscopy incorporated in experiments. One laboratory period per week.
Credits: 1

CHEM230 Advanced Organic Laboratory
Frequency: B
The utilization of instrumental methods and advanced laboratory techniques in organic chemistry. Includes hands-on use of various instrumental methods including infrared, nuclear magnetic resonance, and gas chromatography. One three-hour laboratory period per week.
Prerequisite(s): CHEM 225
Credits: 1

CHEM300 The Nature of Science
Frequency: B
For non-science majors only. Acquaints students with the principles and methods of science using examples taken mainly from chemistry. Relationships of science to the activities of non-scientists. Not applicable toward a major or minor in Chemistry.
Credits: 3

CHEM302 Chemistry in Today's Society
Frequency: D
For non-majors only. Discussion of chemistry topics of major relevance to society, including some useful industrial processes, pollution, energy sources, and the detection of hazardous materials, especially those of local concern. Not applicable toward a major or minor in Chemistry.
Credits: 3

CHEM305 Laboratory Supervision in Chemistry
Lecture
Frequency: A
Students enrolling in this course serve as laboratory assistants under supervision of a faculty member. Students selected by department after completing application form (available from chairperson). Four hours of work per week expected for each hour of credit elected; may be taken more than once. Does not count toward major requirements.
Credits: 1-2

CHEM314 Principles of Physical Chemistry
Frequency: D
A one semester introduction to physical chemistry intended primarily for biology and biochemistry majors. It emphasizes thermodynamics and kinetics, especially as applied to biological phenomena. Also included will be discussions of transport processes, solutions and electrolytes. Quantum chemistry will be briefly discussed. The course is only for biochemistry majors pursuing the biological emphasis track.
Prerequisite(s): MATH 121 or MATH 123 and CHEM 116
Credits: 3

CHEM315 Physical Chemistry Lecture I
Frequency: B
Application of the laws of kinetics, thermodynamics, quantum mechanics, and statistical thermodynamics to chemical systems. Theories relating to spectroscopy and molecular structure.
Prerequisite(s): CHEM 116 and MATH 123 and PHYS 213 and PHYS 223
Credits: 3

CHEM316 Physical Chemistry Lecture II
Frequency: B
Application of the laws of kinetics, thermodynamics, quantum mechanics, and statistical thermodynamics to chemical systems. Theories relating to spectroscopy and molecular structure.
Prerequisite(s): CHEM 116 and MATH 123 and PHYS 213 and PHYS 223
Credits: 3

CHEM317 Analytical Chemistry I Lecture
Frequency: B
Prerequisite(s): CHEM 116
Credits: 3

CHEM318 Analytical Chemistry II Lecture
Frequency: B
Continuation of CHEM 317. Application of instrumental methods to quantitative chemical analysis, including spectroscopy, coulometry, potentiometry, polarography, chromatography, nuclear and chemical methods.
Prerequisite(s): CHEM 317
Credits: 3

CHEM325 Physical Chemistry Laboratory I
Frequency: B
Laboratory experiments designed to accompany CHEM 315. One laboratory period per week.
Credits: 1

CHEM326 Physical Chemistry Laboratory II
Frequency: B
Laboratory experiments designed to accompany CHEM 316. One laboratory period per week.
Credits: 1

CHEM327 Analytical Chemistry I Laboratory
Frequency: B
Laboratory experiments designed to accompany CHEM 317.
Credits: 1

CHEM328 Analytical Chemistry II Laboratory
Frequency: B
Laboratory experiments designed to accompany CHEM 318.
Credits: 2

CHEM333 Biochemistry
Frequency: B
The structure and function of proteins and the regulation of metabolic pathways will be the central concepts presented in the course. Students should gain an understanding of the fundamental principles of the biology of protein molecules. BIOL 335 Genetics recommended as prerequisite.
Prerequisite(s): CHEM 216 and CHEM 226
Credits: 3

CHEM334 Biochemistry Laboratory
Frequency: B
Introduction to laboratory practice using biochemical techniques to isolate and characterize proteins. Enzyme kinetics and bioinformatics are also covered.
Credits: 1

CHEM371-372 Internship in Chemistry
Frequency: A
Approved practical experience in industrial, environmental, commercial, forensic, or other laboratories. Internships may accompany paid working time arrangements.
Credits: 1-3

CHEM391-392 Independent Lab Research
Frequency: A
For students having junior standing. See CHEM 491-492 for list of study and research areas.
Credits: 1-3

CHEM395 Introduction to Research
Frequency: B
Prepares the student to carry out independent research. Topics include the philosophy of research, descriptions of current faculty research interests, research records, laboratory safety, use of the chemical literature, technical writing, and research tools and methodology. One lecture per week.
Prerequisite(s): CHEM 216
Credits: 1

CHEM397 Biochemistry Seminar I
Frequency: B
Current biochemical research papers are analyzed in a journal club (open discussions) format. The course helps students to develop critical reading skills and underscore how an array of biochemical techniques are applied to address a research problem. Faculty from both departments participate in the seminar.
Credits: 1

CHEM405 Industrial Chemistry
Frequency: D
Application of chemical principles to chemical and environmental processes. Topics include mass and energy balances over complex systems, reaction kinetics and thermodynamics, combustion, behavior of real gases, and waste minimization. Directed toward students with career interests in industry and/or chemical or environmental engineering.
Prerequisite(s): CHEM 315
Credits: 3

CHEM407 Organometallics
Frequency: C
Introduction to the chemistry of transition metal organometallics. Descriptions of the bonding, synthesis, structures, and reactions of major classes of organometallic compounds, as well as their role in organic synthesis and catalysis.
Prerequisite(s): CHEM 216
Credits: 3

CHEM412 Advanced Organic Chemistry
Frequency: C
Chemistry of major classes of organic compounds and their applications. The focus will be on the transition of organic chemistry to chemical biology.
Prerequisite(s): CHEM 216
Credits: 3

CHEM446 Advanced Organic Chemistry
Frequency: C
Applications of organic chemistry to biological chemistry. Topics will include the chemistry of carbohydrates, nucleic acids, and proteins.
Prerequisite(s): CHEM 216
Credits: 3
CHEM174 Polymer Chemistry
Frequency: C
An overview of polymers, with an emphasis on their chemistry, properties, and significance. Focus on the synthesis, characterization, and fabrication, and physical chemistry of polymers.
Prerequisite(s): CHEM 216 and CHEM 315
Credits: 3

CHEM462 Inorganic Chemistry
Frequency: B
Topics include introduction to molecular symmetry and group theory. Discussions of electronic structure of atoms and their periodic properties followed by detailed considerations of ionic and covalent bonding. Acid-base theories presented in addition to general chemistry of the elements with emphasis on transition metals. Introduction to organometallic chemistry and bio-inorganic chemistry included.
Prerequisite(s): CHEM 315
Credits: 3

CHEM465 Advanced Experimental Biochemistry
Frequency: B
State-of-the-art biochemical and molecular techniques are taught within this hands-on, laboratory-based course. Potential topics include the polymerase chain reaction (PCR), oligonucleotide synthesis, DNA/protein sequencing and analysis (BLAST, DNASIS), pulse-field gel electrophoresis, gas chromatography-mass spectroscopy (GC-MS), nuclear magnetic resonance (NMR) spectroscopy, high performance liquid chromatography (HPLC), immunochemistry, and/or other contemporary techniques. Minimum of 2 credits of this course.
Prerequisite(s): BIOL 334
Credits: 2

CHEM472 Inorganic Chemistry Laboratory
Frequency: B
Laboratory studies of inorganic and organometallic compounds and ions. Synthetic experiments require inert atmosphere (vacuum line, dry box, and Schlenk) techniques; characterization by spectral, solid-state, and electrochemical methods. One laboratory period per week.
Prerequisite(s): CHEM 315 and CHEM 325
Credits: 1

CHEM473 Environmental Chemistry
Frequency: C
Interrelationships of chemistry with the environment. Topics include water quality and chemistry, waste disposal, atmospheric chemistry, and the chemistry of energy and power production. Class activities will include discussions of technical papers drawn from the contemporary scientific literature and simulation of environmental problems through computer models.
Prerequisite(s): CHEM 315 or CHEM 317
Credits: 3

CHEM475 Advanced Biochemistry
Frequency: B
A continuation of BIOL 333, the course explores biochemical concepts and pathways with an emphasis on problem solving. Cellular control and coordination of biochemical pathways is emphasized in light of an advanced understanding of protein biochemistry. Lecture only.
Prerequisite(s): BIOL 333
Credits: 3

CHEM481 Special Topics in Chemistry
Frequency: B
Topics of special or current interest offered periodically.
Credits: 1-3

CHEM490 Independent Study
Frequency: A
Topics of special interest. Non-laboratory work in association with faculty supervisor. May require course prerequisites as determined by instructor.
Credits: 1-3

CHEM491-492 Independent Laboratory Research
Frequency: A
For students having senior standing. Study and research areas include analytical, inorganic, organic, physical, and polymer chemistry. Prerequisites depend upon areas of study and research.
Prerequisite(s): CHEM 395
Credits: 1-3

CHEM495-496 Seminar: Advances in Chemistry
Frequency: A
Topics of current research interest; presentations by seniors, graduate students, faculty, and visitors. Every student is required to present one seminar during one of the two semesters. Emphasis on detailed knowledge of subject matter, techniques for searching the professional literature, and procedures for the preparation and presentation of a professional seminar.
Credits: 1

CHEM497 Biochemistry Seminar II
Frequency: B
Students prepare oral presentations based on an assessment of current biochemical research papers. The course will help students to further develop critical reading and scientific communication skills. Faculty from both biology and chemistry participate in the seminar.
Credits: 1

CHEM499 Senior Thesis
Frequency: B
Preparation of an extensive written account of the student’s original laboratory research including an in-depth literature survey, background discussion, presentation of data and results, and conclusions. Open to majors only.
Credits: 1

Communication
COMM101 Fundamentals of Communication
Frequency: A
The course provides a broad introduction to the field of communication focusing on both interpersonal and mediated communication. The course goal is to help one think critically about everyday interactions and to “discover” the degree in which the content and forms of communication contribute to creating meaning, and shaping personal and social realities. The process of meaning making will be examined to help one become a more effective communicator, especially in situations where communicators experience “difference” with others within and across cultures.
Credits: 3

COMM102 Mass Media and Society
Frequency: B
An introductory course dealing, humanistically, with the process and effects of mass communication. Topics include: (1) a description of the industries of mass communication based on their mutual dependence; (2) related media industries; advertising, public relations, news services; and (3) the influence and results of mass communication studying mass media research. Consideration of the ethical standards for the media.
Credits: 3

COMM105 Public Speaking
Frequency: A
Basic principles involved in public communication. Emphasis on the techniques involved in audience analysis, critical thinking and argumentation, listening, ethics, and message structure and delivery for public presentations.
Credits: 3

COMM110 Desktop Presentation
Frequency: A
Five week mini-course dealing with skills and concepts involved in preparing desktop presentations. Students will be introduced to Macintosh desktop and related software and presentation software including PowerPoint and Photoshop, and associated computer input and output devices.
Credits: 1

COMM111 Web Design
Frequency: A
Five week mini-course dealing with the skills and concepts involved in creating and publishing pages on the World Wide Web. Emphasis is placed on learning Adobe Dreamweaver, one of the most commonly used HTML editors. Students will also become familiar with techniques to incorporate other media into a web page.
Credits: 1

COMM112 Desktop Video
Frequency: A
Five week mini-course dealing with skills and concepts involved in preparing video for computer multimedia presentation. Digitizing, non-linear editing of video and sound, effects and transitions, incorporation of computer graphics, and computer animation.
Credits: 1

COMM114 Electronic Darkroom
Frequency: A
Five week mini-course covering the basics of computer imaging, retouching, and color painting. Emphasis is placed on learning the powerful features of Adobe Photoshop for manipulating images and ways to integrate image editing into multimedia applications.
Credits: 1

COMM116 Desktop Publishing
Frequency: A
Five week mini-course introducing the use of desktop computers to prepare and produce print and electronic publications such as newsletters, brochures, charts, magazines, and books. Material covered includes page design and layout, typography, integrating graphics and text software, pre-press, and professional publishing practices.
Credits: 1

COMM118 Desktop Audio
Frequency: A
Learn to create and edit audio on a Macintosh computer. Work with the latest audio software and hardware for hard disc recording and CD production techniques in a desktop computer environment.
Credits: 1
COMM120 WCVF/WDVL, WNYF, ACA Operations
Frequency: A
Extracurricular participation in the staffing of the university's radio station, WCVF, and WDVL; television station, WNYF; or department societies.
Credits: 0

COMM155 Rhetoric of Vision and Sound
Frequency: A
A foundational course for communication majors. Explores the ways the elements of production (lighting, color, framing, sound) are used in media to shape the meaning of the content and communicate ideas and emotions.
Credits: 3

COMM199 Communication Orientation
Frequency: B
A course designed to introduce new majors to the department, and faculty, and to suggest areas of study and activity.
Credits: 5

COMM200 Electronic Media Writing
Frequency: A
Writing for the ear and writing in relation to visual images. Weekly writing exercises and discussions relative to audio and video news, documentary, sports, advertising and other non-fiction formats.
Prerequisite(s): ENGL 100
Credits: 3

COMM201 Rhetoric and Criticism
Frequency: A
Study of human discourse (oral and mediated) as a rhetorical communication process from an historical perspective. Developments in rhetorical and western intellectual thought will be examined for their influence and contributions to rhetorical theory. The main goal of the course is to develop knowledge of and ability to apply rhetorical thought in the analysis of messages.
Prerequisite(s): COMM 101
Credits: 3

COMM221 Interpersonal Communication
Frequency: A
This course focuses on the description, explanation and analysis of communicative behavior related to interpersonal relations. As a skills-based course, the students will apply the course concepts to aid in comprehension and appreciation of how communication works in relationship development, maintenance, and termination.
Prerequisite(s): COMM 101
Credits: 3

COMM222 Principles of Public Relations
Frequency: A
Students learn the basic theories, history, ethical codes, and practices of public relations; how to write according to Associated Press style; and also how to prepare basic written documents such as news releases and news advisories.
Prerequisite(s): COMM 101
Credits: 3

COMM235 Introduction to Business Communication
Frequency: A
This highly practical course focuses on the critical communication skills involved in effective written and oral communication while emphasizing applications of communication concepts in the world of business. Students will be able to engage in application exercises, build their exploratory skills, and confront problems of diversity. The course is cross-listed with BUAD 235.
Credits: 3

COMM251 Audio Production I
Frequency: A
Introduction to audio production equipment and its operation. Focus on listening skills; sound design; developing an ability to understand and use sound effectively and the ethical use of persuasive techniques. Principles of writing for the ear examined and practiced; editing, announcing, and interviewing introduced.
Prerequisite(s): COMM 155
Credits: 3

COMM255 Television Production I
Frequency: A
Basic skills in studio production techniques: lighting, camera work, shading, film-chain operation, audio setup and monitoring, videotape recorder operation, floor management, and technical directing. Final projects require students to work in teams to produce and direct their own programs.
Prerequisite(s): COMM 155
Credits: 3

COMM295 Communication Research and Survey Methods
Frequency: B
Study of both qualitative and quantitative approaches to inquiry and their applications in theoretic and applied communication research. Emphasis will be devoted to basic statistical analysis and interview and survey methods as they apply to evaluating communication practices and assessing communication needs.
Prerequisite(s): COMM 101
Credits: 3

COMM301 Group Communication
Frequency: B
This course will study communication in the small task group emphasizing communication in decision-making and problem solving. Course instruction will review theories that explain the role of communication in group maintenance, cohesion, conflict management, leadership, socialization, and personality management. Attention will be given to the communication practices for conducting meetings, idea generation, goal setting, project analysis and group discussion formats. The goal of the course is to develop proficiency in assessing group situations by applying communication theory and practices to maximize group effectiveness, productivity, and member satisfaction.
Prerequisite(s): COMM 221
Credits: 3

COMM312 Multimedia Integration
Frequency: A
Course concentrates on authoring multimedia projects which integrate graphics, animation, digital video, and audio. It combines both multimedia theory and production. Students will learn how to structure information, anticipate user experience and create transparent interfaces.
Prerequisite(s): COMM 112 or COMM 114 or COMM 116 or COMM 354 or COMM 351 or MEDA 120
Credits: 3

COMM314 Multimedia Supervision
Frequency: A
Course trains students to be producers in the Sheldon Lab. Through class workshops students will become familiar with the basics of the MAC operating system and with all of the software applications in the Sheldon Lab. Students will gain experience in supervising a computer lab. Must be taken concurrently with COMM 475, Section 7, Communication Studio Supervision. At least one of the prerequisite courses listed or consent of instructor.
Prerequisite(s): COMM 110 or COMM 112 or COMM 114 or COMM 116 or COMM 118
Credits: 1

COMM320 WCVF/WDVL, WNYF, ACA Management
Frequency: A
Extracurricular participation as a manager on the elected board of directors of the university's radio stations, television station, or Applied Communication Association.
Credits: 0

COMM322 Public Relations Writing
Frequency: B
Students learn basic research and planning principles associated with public relations writing and how to prepare an assortment of public relations documents. AP style is reinforced and students learn how to construct news releases, media advisories, fact sheets, position statements, features and fliers. Students will begin portfolio building.
Prerequisite(s): COMM 101 and COMM 222
Credits: 3

COMM344 Public Relations Cases Analysis
Frequency: A
Analysis of classic and contemporary public relations cases in industry, labor, education, government, social welfare and trade associations.
Prerequisite(s): COMM 222
Credits: 3

COMM350 Telecommunication Technology
Frequency: C
Examination of the historical, technical, economic and regulatory status of communications technologies such as cable television, satellites, telephone, and computer communications. Discussion of general communication systems theory of video, audio and data communication including analog and digital signal transmission.
Prerequisite(s): COMM 102
Credits: 3

COMM351 Intermediate Radio Production
Frequency: A
Refining skills and techniques acquired in COMM 251; more emphasis on announcing and interviewing; understanding the ethical and legal perspectives of broadcast material; introduction to the design, scripting, production and promotion of programs.
Prerequisite(s): COMM 251
Credits: 3

COMM354 Video Field Production
Frequency: A
Basic skills and techniques acquired in COMM 251; more emphasis on arranging and interviewing; understanding the ethical and legal perspectives of broadcast material; introduction to the design, scripting, production and promotion of programs.
Prerequisite(s): COMM 255
Credits: 3

COMM358 Television News
Frequency: B
Electronic news gathering and studio news techniques in the context of a weekly news program. Legal and ethical issues in news gathering.
Prerequisite(s): COMM 354
Credits: 4
COMM359 Special Topics in Media
Frequency: D
In-depth investigation of some area of media not fully covered in other courses.
Credits: 1-3

COMM361 Script Writing Video/Film/Radio
Frequency: A
Techniques of developing concepts, treatments, outlines and scripts for dramatic fictions in the media of video, film and radio. Emphasis on traditional, modern and post-modern dramatic structure with units on character, dialogue, setting, visual narration, etc.
Prerequisite(s): COMM 251 or COMM 255 or ENGL 260 or THEA 121 or THEA 123 or THEA 220
Credits: 3

COMM366 Postproduction
Frequency: A
A balance between editing concepts such as continuity, pacing, dramatic focus, etc. and editing skills such as AIB SMPTE code, signal monitoring, and digitized non-linear techniques. Students will learn the rules and methods by which an editor constructs fiction or a representation of actual events. Applicable to video or digital film. Weekly editing assignments. Lab required.
Prerequisite(s): COMM 354
Credits: 4

COMM373 Gender and Communication
Frequency: D
Using a variety of theoretical models and critical approaches, students examine everyday communication practices to identify how gender, communication and culture create a complex and dynamic web of meaning with significant implications for individuals and society.
Prerequisite(s): COMM 101 or WOST 201
Credits: 3

COMM375 Media Criticism
Frequency: D
Study of selected theories and methods of criticism relevant to the evaluation of mediated message genres from a communication perspective. Emphasis is placed on applying critical perspectives to the criticism of print and electronic media, especially in film, radio and TV.
Prerequisite(s): COMM 102 and COMM 155 and COMM 201
Credits: 3

COMM379 Persuasion
Frequency: B
Examination of a wide body of humanistic, and social scientific literature concerning persuasion and persuasive techniques. Emphasizes evaluation and proposal of application of persuasion theory in communicative transactions.
Prerequisite(s): COMM 101 and COMM 201
Credits: 3

COMM385 International Media
Frequency: B
An introduction to the study of international and domestic media systems around the world. Students will understand and appreciate how different countries and cultures use the media in unique ways and learn of different systems of ownership, financing, regulation, and programming. Key international media issues will also be discussed. Media examples (primarily films) will be used to show how cultures are portrayed by their media.
Credits: 3

COMM386 International Films
Frequency: B
Students will view, discuss, and critique a variety of contemporary films from a variety of countries. Emphasis will be placed on examining how contemporary cultures are portrayed through film. Films will be compared and contrasted.
Credits: 3

COMM395 Radio News
Frequency: C
Theories and practice of radio journalism including writing and reporting news and journalism law and ethics. Students produce weekly radio newscasts during the second half of the semester.
Prerequisite(s): COMM 351
Credits: 4

COMM400 Broadcast Station Operation
Frequency: C
Analysis of the various techniques and problems involved in management of radio and television stations. Topics examined include general theories of management, audience research, programming, sales, business and station ethics.
Prerequisite(s): COMM 102
Credits: 3

COMM420 Communication Law and Ethics
Frequency: A
Assessment of the regulatory framework and major legal issues of the mass media. Examination of ethical issues in the media as well as principles and concepts of ethical theory.
Prerequisite(s): COMM 102
Credits: 3

COMM422 Public Relations Management
Frequency: B
Public Relations courses designed to teach management and planning skills. In this course students will develop a campaign proposal from conception (or RFP) through development of materials and presentation to the client.
Prerequisite(s): COMM 322 and COMM 344
Credits: 3

COMM430 Communication Theory
Frequency: B
Provides a comprehensive investigation into various theoretical and meta-theoretical perspectives which currently direct theory building and research in communication. Emphasis on critical thinking as literacy in the field is investigated and evaluated in light of accepted scientific criteria.
Prerequisite(s): COMM 105
Credits: 3

COMM441 Multitrack Radio Production
Frequency: C
Examination and practice of advanced sound design, production with ancillary equipment, and multitrack recording techniques for broadcast applications.
Prerequisite(s): COMM 351
Credits: 3

COMM444 Special Topics in Public Relations
Frequency: B
An in-depth seminar on advanced topics in public relations that are not fully-covered, or covered at all, in other courses.
Prerequisite(s): COMM 222 and COMM 322 and COMM 344
Credits: 1-3

COMM451 Radio Documentaries
Frequency: C
Exploration and execution of steps involved in writing and producing a documentary: preliminary research, program concept, aesthetic and ethical issues, target audience, outline, research interviews, treatment, script, and production.
Prerequisite(s): COMM 351
Credits: 4

COMM452 Video/Film Documentaries I
Frequency: B
This is the first semester of a two-semester capstone course that introduces students to the theoretical, technical and practical issues in non-fiction video production. It may be taken as a stand-alone course for students interested in historical development and critical theories of the documentary genre. Students produce short documentaries in response to the readings and films screened in class and write a treatment for a larger project.
Prerequisite(s): COMM 366
Credits: 4

COMM454 Fiction Video/Film I
Frequency: B
A production oriented critical course. Script analysis, analysis of films and videos representing several dramatic genres from both traditional critical and production analysis point of view. Unit on directing actors. Script research, visualization and planning for future productions.
Prerequisite(s): COMM 361 and COMM 366
Credits: 4

COMM456 Radio Programming/Production
Frequency: C
Theory and practice of programming and promoting a radio station: formats, sources, techniques; and development and production of a weekly radio series.
Prerequisite(s): COMM 351
Credits: 4

COMM457 Television Apprenticeship
Frequency: A
Provides a variety of experience in both studio and field production. Simulation of actual work situation with weekly assignments. Requires commitment to responsibilities and substantial production skills.
Prerequisite(s): COMM 255
Credits: 1-3

COMM458 Special Topics in Human Communication
Frequency: D
An in-depth seminar on an advanced topic in human communication. Topic announced in Course Offerings Bulletin each semester.
Credits: 1-3

COMM459 Special Topics in Media Production
Frequency: D
Individual and/or small group learning; experience in-depth of some area of radio-television production not fully covered in other courses. Special attention to innovative and creative utilization of production techniques.
Credits: 1-3

COMM460 Organizational Communication
Frequency: B
An advanced study of communication patterns in social organizations. In particular, communication environments within business and industry are analyzed. Application of procedures commonly used to evaluate and improve communication in organizations.
Prerequisite(s): COMM 101
Credits: 3
COMM462 Video/Film Documentaries I
Frequency: B
Second semester of a two-semester capstone course. In small groups, students produce well-crafted documentaries incorporating the theoretical, technical and practical skills learned in COMM 452. Must be taken consecutively with COMM 452.
Prerequisite(s): COMM 366 and COMM 452
Credits: 4

COMM464 Fiction Video/Film II
Frequency: B
Production, editing and distribution of fiction digital films in COMM 454. Emphasis on single camera, multiple take methods. Students all learn one or more production roles for a complex digital film with high production values. Must be taken consecutively with COMM 454.
Prerequisite(s): COMM 366 and COMM 454
Credits: 4

COMM465 Intercultural Communication
Frequency: B
This course focuses on assisting students in interacting effectively and appropriately with people from various cultural backgrounds and on understanding dimensions of intercultural communication related to domestic and international contexts. Students will explore the formation of their own cultural identity and examine the complex relationship between culture, communication, context and power in intercultural communication.
Prerequisite(s): COMM 221
Credits: 3

COMM475 Comm/Studio Supervision
Frequency: A
Advanced students are given opportunities to demonstrate knowledge of and practice application of skills in educational setting or specific subjects.
Credits: 1-3

COMM480 Communication Internship
Frequency: A
Participation in off-campus professional, subject-related experience. Requires a Learning Contract proposal prepared in consultation with agency representative and with faculty sponsor describing experience, its relationship to course of study, and how it will be monitored and evaluated. Internships are graded satisfactory/unsatisfactory.
Proposal must be approved in advance by internship coordinator in communication department. Appropriate courses in specialization are required.
Credits: 1-15

COMM490 Independent Study
Frequency: A
Approved study of particular aspect of communication, or participation in approved project not otherwise available through course work. A lab fee may be assessed if project is using department equipment.
Credits: 1-15

Criminal Justice

CRMJ100 Introduction to Criminal Justice
Frequency: B
An introduction to the organization and activities of the U.S. criminal justice system. Topics will include: criminal law, policing, courts, and corrections.
Credits: 3

CRMJ120 Law Enforcement Policy and Practice
Frequency: B
An examination of the structure and functioning of police and police organizations in the United States. Topics covered include patrol, police discretion, ethics, police community relations and police accountability.
Prerequisite(s): CRMJ 100
Credits: 3

CRMJ320 Crime and Crime Theory
Frequency: B
This course will examine the types of criminal behavior and crime patterns, the social and organizational context of crime, statistical information about crime and various theories of crime.
Prerequisite(s): SOC 116 and CRMJ 100
Credits: 3

CRMJ321 Race and the Criminal Justice System
Frequency: B
This course will examine some of the literature dealing with race and justice. The political and social realities of race will be explored. An attempt will be made to discover the characteristics of racism in our body politic.
Exploration of alternatives to the liberal/conservative dialogue that currently inform racial stereotypes, and approaches to social engineering to eliminate racism, will be considered.
Credits: 3

CRMJ330 Criminal Law
Frequency: B
This course will consist of a general approach to legal principles of criminal law applicable in all United States jurisdictions. Students will learn the elements of criminal offenses including mens rea,actus reus,concurrency, causation and proximity. Students will study statutory definitions of crimes, (e.g. murder, sexual assault, burglary, and robbery). Incidents, crimes and defenses will also be considered.
Prerequisite(s): CRMJ 100
Credits: 3

CRMJ331 Criminal Procedure
Frequency: B
This course studies the criminal law processes necessary for successful criminal investigation including physical and testimonial evidence gathering, arrest, and presentation of an accused to court for trial proceedings. Students are required to apply contemporary U.S. Supreme Court decisions relevant to such topics as arrest, search and seizure, and interrogations.
Prerequisite(s): CRMJ 100
Credits: 3

CRMJ332 Homeland Security
Frequency: B
This course involves the study of homeland security, mission and composition. Students will examine the various methods and institutions implicated in the quest to increase security and defend against terrorism. Consideration of the methods and practices for border security in the United States will be included.
Prerequisite(s): CRMJ 100
Credits: 3

CRMJ333 Criminal Investigations
Frequency: B
This course involves the study of crime scene investigations. The course will not involve students in actual investigations (and therefore does not require a science background) but rather the procedural structure and strategic steps to be taken in securing the crime scene in developing a checklist of factors to be considered in a comprehensive investigation.
Prerequisite(s): CRMJ 100
Credits: 3

CRMJ340 Introduction to Corrections
Frequency: C
A study of societal reactions to crime from an historical, socio-political, social psychological and economic perspective. The functions of retribution, rehabilitation, incapacitation and deterrence are examined.
Prerequisite(s): SOC 116
Credits: 3

CRMJ350 Special Topics
Frequency: D
Special topics in Criminal Justice not covered in detail by regular courses.
Prerequisite(s): CRMJ 100
Credits: 3

CRMJ360 Criminal Justice Ethics
Frequency: B
This course will consider ethics as it relates to the criminal law. The definition of justice and the application of the definition will be discussed. Honor, integrity, and individual responsibility will be considered as these concepts relate to policy formulation and application of laws in the criminal justice system.
Prerequisite(s): CRMJ 100
Credits: 3

CRMJ400 Senior Seminar
Frequency: B
A capstone course in which students will do readings, discussions and analysis of current topics of interest in the field of criminal justice. Using primary sources, students will prepare and present in-depth examinations of specific issues.
Prerequisite: Senior standing in the major
Credits: 3

CRMJ470 Criminal Justice Internship
Frequency: A
Supervised placement in legal and/or criminal justice work setting. On a limited basis, opportunity to observe and engage in various facets of criminal justice system. Permission of instructor.
Credits: 3-15

Computer Science and Information Technology

CSIT100 Freshman Seminar
Frequency: B
Introduction to computing environments available on campus; email, internet access and web; campus computing policies; computing and information technology ethics; other campus resources and their effective use; building a support network with faculty, staff and peers; improving study skills inside and outside the classroom.
Corequisite: Freshman Standing.
Credits: 3

CSIT104 Introduction to Microcomputer Software
Frequency: A
Introduction to microcomputers; overview of MS-Windows; elementary concepts and operations of spreadsheets and database management systems; analysis of a variety of problems, their design, and implementation; solutions using commercially available window-based software. Three units of high school mathematics required.
Credits: 3

CSIT105 Visual BASIC I
Frequency: A
Object-oriented and event-driven programming, concepts using Visual Basic (VB); VB development environment; intrinsic controls and programming structures: data types, declarations, input/output, decision-making and loops; formatting; functions and subroutines. Three units of high school mathematics required.
Credits: 3
CSIT106 Scientific Programming Using C/C++
Frequency: B
Scientific problem solving; structured program development; simple algorithm design, arithmetic operations, data types and their declarations; control statements; loops, input and output including text files; arrays, functions, mathematical functions and round off error estimation. Applications to engineering, sciences and mathematics.
Prerequisite(s): MATH 120 or MATH 122
Credits: 3

CSIT107 Web Programming I
Frequency: A
An introductory course in client-side web technologies: HTML, cascading style sheets and JavaScript; designing and publishing a web site. Other topics include history of the Internet and world-wide-web, HTML editors, and graphics.
Credits: 3

CSIT120 Computer Science Overview
Frequency: B
A comprehensive overview of the scope and dynamics of computer science. Survey of the field of computer science. Topics include: history of computing, computer organization and components, operating systems, programming languages, introduction to programming and program development, data structures, problem solving, software engineering, computer ethics, and computer applications. NYS Regents Course III required.
Credits: 3

CSIT121 Computer Science I
Frequency: A
This course is given in a computer laboratory to provide students hands-on exposure to the major topics: Problem solving, algorithm design and development, structured programming; top-down design and functional decomposition; elementary data types; expressions, I/O functions including text files; control structures; functions: scope rules, pass by value, pass by reference; built-in functions; arrays; strings; structures; elementary sort and search algorithms.
Prerequisite(s): N.Y.S. Course B or Regents Course III or Math 104.
Credits: 3

CSIT205 Visual BASIC II
Frequency: B
Advanced visual BASIC programming techniques: Active X controls, multiple forms, file I/O, interacting with databases, and error handling; Windows API calls and Windows registry functions; and advanced event-driven business applications.
Prerequisite(s): CSIT 105 or CSIT 121
Credits: 3

CSIT207 Web Programming II
Frequency: A
An advanced course in server-side web programming. Topics include: cookies, file and database access, portals and web applications; server side scripting. Knowledge of HTML, and of C++, Java, or Visual Basic are required.
Prerequisite(s): CSIT 105 or CSIT 107 or CSIT 121
Credits: 3

CSIT221 Computer Science II
Frequency: A
This course is required to have a computer laboratory component to provide students hands-on exposure to major topics. Topics include file I/O, abstract data types; static and dynamic data structures; recursion; recursive programming; class concepts; linked lists; doubly linked lists; stacks, queues and their implementations and applications; binary trees; binary search trees; and tree traversals.
Prerequisite(s): CSIT 121
Credits: 3

CSIT223 COBOL Programming
Frequency: D
Introduction to the use of computers in business applications; file processing and updating; sorting and data management and reporting; use of external storage; input-output techniques; introduction to COBOL; elements of structured programming using COBOL; programming with business applications.
Prerequisite(s): CSIT 121
Credits: 3

CSIT224 Problem Solving Using Objects
Frequency: A
Object-oriented design methodologies; object-oriented programming; class concepts, encapsulation; polymorphism, composition and inheritance; virtual functions; delayed binding; class-interfaces and message passing; generics/templates; function overloading; and exception handling.
Prerequisite(s): CSIT 221
Credits: 3

CSIT225 Java Programming
Frequency: B
Basic programming constructs: primitive types, expressions, and statements; class hierarchies; elementary predefined classes such as String and Math; object-oriented programming; packages and interfaces; exception handling; I/O and file access; graphics; applets; studio processing and other applications.
Prerequisite(s): CSIT 221
Credits: 3

CSIT231 Systems Programming
Frequency: A
UNIX commands, shells, utilities, editors; file types and modes; shell scripts; make-files; memory and storage management; C programming tools; processes, IPC (signals, sockets, pipes); development tools; streams; networking; other topics including system administration, UNIX internals and X-windows may be covered as time permits.
Prerequisite(s): CSIT 221
Credits: 3

CSIT241 Discrete Mathematics for Computer Science I
Frequency: A
Study of mathematical topics needed for further study of computer science at the advanced undergraduate level, including: logic, sets, proof techniques, matrices, basic number theory, modular arithmetic, functions, linear transformations, relations, basic combinatorics. Credit will not be given for both CSIT 241 and MATH 210.
Prerequisite(s): (MATH 121 or MATH 123) and CSIT 121
Credits: 4

CSIT242 Discrete Mathematics for Computer Science II
Frequency: B
A continuation of CSIT 241. Topics include combinatories, digraphs, and trees; recurrence relations; switching circuits and logic gates; automata, grammars and languages; other topics as time permits.
Prerequisite(s): (CSIT 241 or MATH 210) and CSIT 221
Credits: 4

CSIT300 Internship in Computer Science
Frequency: A
Participation in an approved professional experience in the area of computer science. Students must submit a proposal describing the work experience, its relationship to subject matter in computer science, and how it will be monitored and evaluated. Permission of the department required.
Credits: 3-12

CSIT305 Computer Laboratory Assistantship
Frequency: A
Non-credit course for students interested in performing computer-related services for the Computer and Information Sciences program. Duties include: proctoring in computing laboratories; assisting with the labs in CSIT 121 or CSIT 221; helping the faculty director and/or systems manager with basic laboratory maintenance. Grading is on an S/U basis. Permission of the department required.
Credits: 0

CSIT311 Assembly Language and Computer Organizations
Frequency: A
Introduction to the basic concepts of computer organization, digital logic, data representation, and machine instructions repertoire; memory access and storage; instruction execution; assembly language; computer organization; levels of computer structures; data representation and translation; digital arithmetic; memory structure and addressing methods; cache; secondary memory structure and organization; computer and information systems manager with basic computer science, and how it will be monitored and evaluated. Permission of the department required.
Prerequisite(s): CSIT 121
Credits: 3

CSIT312 Computer Structures
Frequency: A
Introduction to basic concepts of computer system and architecture; internal and external memories, I/O and operating system support; instruction execution; computer structure, organization and functions; digital arithmetic; memory structure and addressing methods; cache; secondary memory structure and organization; system software structure; purpose and functions of system programs; file systems; process and resource management. For Computer Information Systems majors; Computer Science majors may not count this course to meet major requirements.
Prerequisite(s): CSIT 121
Credits: 3

CSIT321 Paradigms of Programming Languages
Frequency: A
Brief history of programming languages; language design issues; syntax and translation; data types; sequence control; the procedural paradigm; the object-oriented paradigm; the functional paradigm; the logical paradigm
Prerequisite(s): CSIT 224
Credits: 3

CSIT341 Data Structures
Frequency: A
Review of object-oriented programming; introduction to algorithmic complexities; sorting; generalized lists and list processing; priority queues; trees: (m-ary trees, heaps, balanced trees, tries); hashing; graphs and graph algorithms; memory management; applications of above data structures.
Prerequisite(s): CSIT 221 and CSIT 241
Credits: 3
CSIT351 Business Systems Development
Frequency: B
Review of business programming language principles and techniques; interfacing with computing environment; sorting, table handling, indexing and searching; preparation and handling of data; file organization, and file update; business system analysis, design and implementation; introduction to business information systems.
Prerequisite(s): CSIT 205
Credits: 3

CSIT390 Directed Study
Frequency: D
An intensive project-oriented course utilizing emerging technologies.
Prerequisite(s): CSIT 341
Credits: 1-3

CSIT400 Directed Independent Study
Frequency: D
Independent study of a selected list of readings approved by a faculty advisor. Permission of the department required.
Credits: 1-3

CSIT411 Programming for Embedded Microcontrollers
Frequency: C
Programming and development for embedded microcontrollers. Embedded architecture, programming considerations related to embedded systems development. Memory utilization, I/O, synchronous and asynchronous serial communication. Utilization of timers, and interrupts. Development considerations for comparators, A/D converters, USARTs and other on-board peripheral devices. Debugging, and utilization of test equipment such as multimeters and oscilloscopes. Students will build a series of embedded projects of increasing complexity. Some very basic electronic design principles are also included.
Prerequisite(s): CSIT 221
Credits: 3

CSIT413 Computer Architecture
Frequency: B
Review of computer organization and digital logic principles; system buses and peripherals, main and cache memory overview; pipelined processing; RISC and CISC concepts; Superscalar and IA-64 architecture; performance evaluation; microarchitecture level and the control unit. Term projects in digital system design are emphasized.
Prerequisite(s): CSIT 311
Credits: 3

CSIT425 Software Engineering
Frequency: B
Basic concepts and major issues of software engineering; current tools and techniques providing a basis for analysis, design, development, maintenance, and evaluation of the system; structured walkthrough, testing; verification and validation; technical, administrative, and operating issues; privacy, security, and legal issues; developing a team project using software engineering principles.
Prerequisite(s): CSIT 341
Credits: 3

CSIT431 Introduction to Operating Systems
Frequency: A
System software organization, purpose and functions of computer operating systems, batch processing systems; translation, loading and execution; serial and parallel I/O processing; spooling; interrupt facilities; memory protection and management; file systems; multi-access and special-purpose systems; process scheduling; accounting procedures and resource management; classical and popular operating systems.
Prerequisite(s): CSIT 311 and CSIT 341 and CSIT 231
Credits: 3

CSIT433 Compiler Construction
Frequency: C
Finite automata; languages and grammars; review of language structure, translation, linking, loading, execution; run-time storage organization; compilation of simple structures; compiler design principles, organization and implementation; lexical analysis; symbol tables; parsers and semantic analysis; code generation and optimization; error diagnostics.
Prerequisite(s): CSIT 311 and CSIT 341
Credits: 3

CSIT435 Data Communication and Networks
Frequency: B
Data communication system components; network protocol stack layers, network applications and related protocols, Transport, network and data link layers; line utilization, switching and error handling; routing and flow control; point-to-point, broadcasting and local networks theory and current practices; Modern network management protocols, reliability and security, encryption and compression; network programming. Term projects are emphasized for network application design.
Prerequisite(s): CSIT 311
Credits: 3

CSIT436 Advanced Network Programming
Frequency: D
Designing client-server applications with sockets; traffic analysis; building concurrent and multi-service servers; designing network protocols; and measuring and analyzing performance of protocols. Students will complete a number of programming and network analysis experiments during the semester.
Prerequisite(s): CSIT 435
Credits: 3

CSIT437 Advanced Operating Systems
Frequency: B
Review of contemporary operating systems, OS design principles and strategies; examination of communication and synchronization protocols; concurrent processes and process scheduling including their statistical analysis; distributed operating systems; client-server computing model; distributed resource management; multiprocessor OS; failure recovery and fault tolerance; data security; applications.
Prerequisite(s): CSIT 431
Credits: 3

CSIT441 Analysis and Design of Algorithms
Frequency: C
Introduction to design and analysis of algorithms: time and space complexity, verification of correctness; advanced algorithm design strategies: iterative, divide and conquer, greedy method, dynamic programming, branch and bound, etc.; specific examples drawn from sorting, searching, string searching, graph problems, matrices, polynomial arithmetic, cryptography; hard problems and approximation algorithms: Knapsack, bin packing, and graph coloring problems, etc.
Prerequisite(s): CSIT 242 and CSIT 341
Credits: 3

CSIT443 Theory of Computation
Frequency: C
Regular expressions and finite automata; context-free grammars and pushdown automata; pumping arguments; closure properties; decision algorithm; Turing machines; computability and decidability; halting problem; and elementary complexity theory.
Prerequisite(s): CSIT 242 and CSIT 341
Credits: 3

CSIT444 Information and Decision Support Systems
Frequency: C
Information and computer information systems; information hierarchy; decisions and decision-making; functional components of a decision support system; intelligent/knowledge-based decision-making and knowledge management; architecture of decision systems; distributed group decision-making; executive information systems; expert and fuzzy systems; reasoning and explanation; knowledge elicitation and representation; logistics and long-term decision-making.
Prerequisite(s): CSIT 341 and CSIT 351
Credits: 3

CSIT451 Introduction to Files and Databases
Frequency: D
Large scale information organization; basic concepts and terminologies of file management techniques; storage hierarchies, external storage devices; mass storage systems; common file structures and organization methods; physical file organization; list, inverted, and tree structured file organization methods; file systems; concepts of data modeling; data languages; search, retrieval and processing methods; introduction to relational databases and database management systems.
Prerequisite(s): CSIT 341
Credits: 3

CSIT455 Relational and Object Databases
Frequency: B
Review of data modeling and databases; entity/relationship and relational models; relational algebra; relational databases; database architecture; data integrity; SQL design; SQL and QBE languages; functional dependencies; normalization; data protection and SQL concurrency; data and database security; object-oriented databases; distributed and client/server systems; other advanced topics.
Prerequisite(s): CSIT 341 and CSIT 451
Credits: 3

CSIT456 Information and Decision Support Systems
Frequency: C
Information and computer information systems; information hierarchy; decisions and decision-making; functional components of a decision support system; intelligent/knowledge-based decision-making and knowledge management; architecture of decision systems; distributed group decision-making; executive information systems; expert and fuzzy systems; reasoning and explanation; knowledge elicitation and representation; logistics and long-term decision-making.
Prerequisite(s): CSIT 341 and CSIT 351
Credits: 3

CSIT461 Business Information Systems and Database Management
Frequency: C
An intensive project-oriented course utilizing emerging technologies.
Prerequisite(s): CSIT 341
Credits: 1-3

CSIT462 Database Management Systems
Frequency: B
Review of data modeling and databases; entity/relationship and relational models; relational algebra; relational databases; database architecture; data integrity; SQL design; SQL and QBE languages; functional dependencies; normalization; data protection and SQL concurrency; data and database security; object-oriented databases; distributed and client/server systems; other advanced topics.
Prerequisite(s): CSIT 341 and CSIT 451
Credits: 3
CSIT461 Introduction to AI and Knowledge Engineering  
**Frequency:** C  
Overview of artificial intelligence tools and techniques; searching methods; applications of AI: game playing, expert systems and knowledge-based systems; components of a knowledge-based system; knowledge acquisition, representation, and formalization; numerical and symbolic processing; information theoretic and decision theoretic algorithms; inference engine; machine learning; reasoning and explanation; basic concepts and major issues of knowledge engineering; current tools and techniques for analysis, design, development of the knowledge based systems; applications in robotics, medical diagnosis, smart decision systems, etc.  
Prerequisite(s): CSIT 341  
Credits: 3

CSIT462 Computer Graphics  
**Frequency:** B  
Introduction to Computer Graphics; display memory: generation of points, vectors, shapes, objects, etc.; raster and geometric graphics; interactive and passive graphics; graphics peripherals; analog and digital images and analog/digital conversion; mathematics of 2-D and 3-D transformations; applications in animation, computer aided design and instruction; hypertext and multimedia; dialog design; user interface.  
Prerequisite(s): CSIT 341 and CSIT 242  
Credits: 3

CSIT463 Introduction to Digital Image Processing and Computer Vision  
**Frequency:** C  
Introduction to digital image and signal processing, computer vision and pattern recognition; image acquisition, registry and display; elementary image processing algorithms: sampling, preprocessing, smoothing, segmentation, and sharpening; transformations; filtering; image coding and restoration; analog and digital images and image processing systems; feature extraction and selection; elementary pattern classification and vision systems; robotics; machine learning.  
Prerequisite(s): CSIT 341  
Credits: 3

CSIT490 Seminar on Selected Topics  
**Frequency:** D  
Studies, discussions, workshops and seminars on selected topics in computer science. Written reports and a formal presentation are required.  
Prerequisite(s): CSIT 341  
Credits: 1-3

CSIT497 Computer Science Thesis  
**Frequency:** D  
Faculty-supervised research on a computer and information sciences topic of interest to the faculty member and student. Minimum of 80 hours of productive work required. A thesis documenting problem statement, approach, methodology, and results will be submitted upon completion. Permission of the department required.  
Prerequisite(s): CSIT 431  
Credits: 3

CSIT499 Computer Science Project  
**Frequency:** D  
Faculty-directed work on a computer and information sciences project of interest to the faculty member and student. Minimum of 80 clock hours of productive work required. A report of presentation discussing approach, methodology, and results will be submitted upon completion. CSIT 431 and permission of the department required.  
Prerequisite(s): CSIT 431  
Credits: 3

**Dance**

DANC105 Folk Dance  
**Frequency:** B  
Designed to cover the basics of folk dancing in many countries of the world.  
Credits: 1

DANC106 Square Dance  
**Frequency:** B  
An introductory course for the beginning square dancer. Emphasis is on modern square dancing, although other forms are covered.  
Credits: 1

DANC110 Dance Productions  
**Frequency:** A  
Designed to give practical experience in all aspects of dance productions including technique classes, rehearsals, lighting and costume designs, crew work, and stage management.  
Credits: 0

DANC111 Modern Technique I  
**Frequency:** B  
Introductory course in modern dance for the novice, covering various techniques. Attendance at all dance concerts on campus required.  
Credits: 2

DANC121 Beginning Tap Dance  
**Frequency:** B  
An introductory course in tap dance.  
Credits: 2

DANC122 Tap Dance II  
**Frequency:** B  
A continuation of DANC 121. Emphasis will be on artistic execution of dance combinations. Tap shoes and attendance at all dance concerts on campus required.  
Prerequisite(s): DANC 121  
Credits: 2

DANC131 Beginning Jazz Dance  
**Frequency:** B  
An introductory course in jazz dance. Attendance at all dance concerts on campus required.  
Prerequisite(s): DANC 111  
Credits: 2

DANC132 Jazz Dance II  
**Frequency:** B  
A continuation of DANC 131 with emphasis placed on artistic performance. Attendance at all dance concerts on campus required.  
Prerequisite(s): DANC 131  
Credits: 2

DANC211 Modern Technique II  
**Frequency:** B  
Modern dance technique class for the student who has had DANC 111 or permission of instructor. Martha Graham technique emphasized. Outside practice strongly recommended. Attendance at all dance concerts on campus required.  
Prerequisite(s): DANC 211  
Credits: 2

DANC231 African-Caribbean Dance  
**Frequency:** C  
An introductory course in the structure and design of African and Caribbean dance techniques. This course will illustrate the linkage between African and Afro-American dance, music, and rhythmic styles.  
Credits: 2

DANC241 Dance Improvisation  
**Frequency:** D  
This course involves creative movement problem-solving through the study of basic elements in dance and choreography. The class will perform studies ranging from human emotion to abstract shape and design. Attendance at some campus productions is required.  
Prerequisite(s): DANC 111  
Credits: 2

DANC311 Modern Technique III  
**Frequency:** B  
Continuation of DANC 211 for intermediate dancer. Humphrey-Weidman, Limon and Luigi jazz techniques covered. Outside practice strongly recommended. Attendance at all dance concerts on campus required.  
Prerequisite(s): DANC 211  
Credits: 2

DANC321 Dance for the Musical Theatre  
**Frequency:** C  
Designed to familiarize the intermediate dancer with the techniques of musical theatre ballroom dance for the stage; jazz and tap techniques are also covered. Films and video tapes will be utilized. Dances for musicals will be taught.  
Prerequisite(s): DANC 121 and DANC 211  
Credits: 2-3

DANC341 Selected Topics in Dance  
**Frequency:** A  
Independent Study in dance-related topics.  
Credits: 1-3

DANC533 Dance History  
**Frequency:** D  
The history and philosophy of dance from ancient times until the present. Also some examination into the criticism and evaluation of dance. Attendance at all dance concerts on campus required.  
Credits: 3

DANC636 Choreography I  
**Frequency:** B  
Introductory course in dance composition covering such topics as space, design, rhythm, dynamics, sensation, and form. Attendance at all dance concerts on campus required.  
Prerequisite(s): DANC 211  
Credits: 3
COURSE DESCRIPTIONS

DANC364 Choreography II
Frequency: C
Continuation of Choreography I. Covers pre-classic dance forms, as well as primitive, archaic, medieval, introspective, jazz, Americana, cerebralistic, and impressionistic dance forms. Attendance at all dance concerts on campus required. Prerequisite(s): DANC 363
Credits: 3

DANC461-462 Practicum in Dance
Frequency: A
Teaching Beginning Technique class. By audition only. Credits: 3

Economics

ECON101 Introductory Economics
Frequency: D
An introductory study of the workings of economic society. Provides an overview of the conditions and problems of the American and other economic systems. Encompasses both microeconomics (e.g., supply and demand, cost and profit, competition and monopoly) and macroeconomics (e.g., unemployment and inflation, fiscal and monetary policies). Emphasis is on basic economic concepts, institutions, and broad historical sweep. Credits: 3

ECON102 Current Economic Issues
Frequency: D
An introduction to current economic problems and public policy issues and the techniques used by economists to address these issues. The topics covered in a semester may vary, but will include issues such as: environmental quality and pollution control, poverty and welfare reform, big business and government regulation, labor market discrimination, health care reform, taxation, government spending, and the national debt; international trade policy; inflation and unemployment. Credits: 3

ECON200 Fundamentals of Statistics for Business Administration and Economics
Frequency: A
An introductory study of statistical methods as applied to business and economic problems. Topics covered include: frequency distributions, measures of central tendency, measures of dispersion, probability, probability distributions, sampling distributions, estimation, statistical inference, and simple linear regression. Emphasis on the use and abuse of statistics. Note: Credit for at most one of the following courses may be applied towards a student’s requirements for graduation: BUAD 200, ECON 200, EDU 200, POLI 200, SOC 200, and STAT 200. Credits: 3

ECON201 Principles of Macroeconomics
Frequency: A
Study of the organization and functioning of the contemporary American economic system with emphasis on the twin problems of unemployment and inflation. Topics covered include aggregate income and employment, money and banking, monetary and fiscal policies, and international trade and finance. Credits: 3

ECON202 Principles of Microeconomics
Frequency: A
Study of the organization and functioning of the contemporary American economic system with emphasis on the problems of resource allocation. Topics covered include supply and demand, elasticity, price and output determination in various market situations, competition and public policy, income distribution, and alternative economic systems. Credits: 3

ECON300 Statistical Analysis
Frequency: A
Continuation of ECON 200. A study of the techniques and tools used in analyzing business and economic data with equal emphasis on interpretation of results while concentrating on estimation techniques. Simple and multiple linear regression, non-parametric tests, analysis of variance, time series, and surveying are discussed, although topics will vary depending upon students’ needs. Use of SPSS/SAS computer software packages. Prerequisite(s): ECON 200
Credits: 3

ECON305 Intermediate Microeconomic Theory
Frequency: B
Analysis of economic behavior of consumers, producers, and markets. Major topics include utility and production theories, market structures (pure competition, monopoly, monopolistic competition, and oligopoly) and theories of factors of production, income distribution, resource allocation, and economic efficiency. Prerequisite(s): ECON 201 and ECON 202 and MATH 120
Credits: 3

ECON310 Intermediate Macroeconomic Theory
Frequency: B
Study of the overall performance of an economy. A theoretical analysis of the determinants of employment, income, consumption, investment, the role of government, the general price level, wage rates and interest rates. An analysis of the impact of monetary and fiscal policies, within the framework of various contemporary aggregate models of the open economies, on economic activity. Prerequisite(s): ECON 201 and ECON 202
Credits: 3

ECON312 Women in the Economy
Frequency: D
Exploration of the economic status of women in the United States. Studies the changing role of women in the American economy from colonial times to the present. Emphasis is placed on women’s labor market experiences and how these experiences are explained by economic theory. A major part of the course stresses current economic issues and policies specifically aimed at women including poverty, welfare, labor market mobility, and the status of the family. Prerequisite(s): ECON 101 or ECON 202
Credits: 3

ECON315 Money/Banking/Monetary Economics
Frequency: B
Study of money and the financial system. In particular, the operation, functions, structure and regulations of the banking system, and organization and functions of central banking. Special emphasis given to the study of monetary theories, monetary management, and the effectiveness of monetary policy. Prerequisite(s): ECON 201 and ECON 202
Credits: 3

ECON320 International Trade/Finance
Frequency: B
Study of international economic relations and international finance - determination of trade patterns and competitiveness, tariff and nontariff barriers, economic integration, multinational corporations, exchange rates, balance of payments problems and policies, and international monetary system. Prerequisite(s): ECON 201 and ECON 202
Credits: 3

ECON321 Multinational Corporations
Frequency: D
Economic analysis of the operations of multinational corporations and the implications of global production, resource allocation, and distribution of goods and services. Emphasis on capital and technology transfer, intercontinental flow of information, transaction costs, transfer pricing and tax policies. Prerequisite(s): ECON 201
Credits: 3

ECON325 Labor and Employment
Frequency: C
Study of the public policy and theoretical bases of employer/employee relationships. Focus is on the economic behavior of employers and employees in response to the general incentives of wages, prices, profits, and working conditions, and on the legislative and policy treatments of this relationship in both unionized and non-unionized environments in both the public and private sectors of the economy. Prerequisite(s): ECON 202
Credits: 3

ECON330 Public Sector Economics
Frequency: D
(formerly Public Finance) Analysis of governmental policies involving taxes and expenditures and how effectively these policies attain their objectives. Government investment decision criteria and public choice theory are discussed. Prerequisite(s): ECON 201 and ECON 202
Credits: 3

ECON335 Economic Development
Frequency: D
Problems of economic growth and development of less developed countries with emphasis on economic and non-economic obstacles to growth and development, financing of development, strategy of development policy, development planning and project evaluation, industrial and agricultural development, and the role of international trade in growth and development. Prerequisite(s): ECON 201 and ECON 202
Credits: 3

ECON340 Urban and Regional Economics
Frequency: D
Study of the economics of urban and regional development. Emphasis on principles of regional analysis, location theories, population movements, urban base, problems of urban renewal, economics of power, transportation, pollution, and housing. Prerequisite(s): ECON 202
Credits: 3
ECON 202 Comparative Economic Systems
Frequency: C
Comparative study of organization, operation and performance of some important economic systems. Emphasis on the socio-cultural and political environment, and on the institutional factors explaining the differences in the performance of various systems. Prerequisite(s): ECON 101 or ECON 102 or ECON 201 or ECON 202 Credits: 3

ECON 350 Managerial Economics
Frequency: B
Microeconomic analysis applicable to the problems of businesses with emphasis on the determination of prices, outputs and inputs. Other topics include demand and cost measurements, forecasting, and cash flow analysis. The course utilizes different constrained optimization and quantitative techniques. Prerequisite(s): ECON 202 and MATH 120 Credits: 3

ECON 360 Health Care Economics
Frequency: D
Application of economic analysis to the health care industry. Emphasis on the demand and supply of health care services, and private and group health insurance (HMO, PPO, Medical Care, Medicaid). Analysis of for-profit and non-profit production of health care services under different market structures. Other topics include problems of allocation of medical care resources and analysis of health care policies. Prerequisite(s): ECON 201 and ECON 202 Credits: 3

ECON 370 Evolution of Economic Thought
Frequency: D
Study of the historical development of those ideas intended to provide a deeper understanding of present economic realities. Emphasis is placed on fundamental areas such as the economist’s methodology, value and distribution theory, free trade, economic growth, and macroeconomics, and how these topics have been addressed by major thinkers in the field of economics. Prerequisite(s): ECON 201 and ECON 202 Credits: 3

ECON 380 Environmental/Natural Resource Economics
Frequency: C
Economic analysis of natural resource and environmental issues and policies. Social cost-benefit analysis, theories of externalities and intertemporal resource allocation and their application to renewable and exhaustible natural resources are emphasized. Topics include pollution control, efficient and equitable resource management, energy issues, ecological and environmental quality, and global sustainability. Prerequisite(s): ECON 202 Credits: 3

ECON 381 Special Topics in Economics
Frequency: D
Examination of topics in economic issues, problems, theory and policy not covered in any other course offered by the department. Prerequisite(s): ECON 201 and ECON 202 Credits: 1-3

ECON 395 Comparative Human Resources
Frequency: D
Comparative study of labor market characteristics among U.S., Canada, Mexico, Japan, OECD countries and a selection of emerging market economies. Emphasis on those factors that enhance economic integration and influence human resource policies. Comparative policy analysis of medical care, immigration, employment training, minimum wages, work standards, unemployment insurance, retirement systems and collective bargaining. Prerequisite(s): ECON 201 or ECON 202 Credits: 3

ECON 400 Econometrics and Business Applications
Frequency: C
Analysis and application of regression covering topics on econometric problems and techniques of estimation (both single and multi-equation models). The course is designed to run concurrently with practical tutoring, candidates need to apply to and be accepted by College Tutoring Services. Acceptance is based on transcript, faculty evaluation and interviews and takes place during the semester prior to that during which the course is taken. In order to earn 2 credit hours, students must attend a series of 5 workshops with planned activities and discussion designed to lead to greater cultural self-awareness and therefore awareness of other people's cultural selves. Credits: 1-2

ECON 401 Mathematical Economics
Frequency: C
This course will introduce students to mathematical techniques used in modern economic theory - equilibrium models, optimization problems and comparative statics. Prerequisite(s): ECON 305 and ECON 310 and (MATH 120 or MATH 122) Credits: 3

ECON 425 Financial Markets/Institutions
Frequency: D
Study of the operation of the capital and money markets, determinants and structure of interest rates. Broad analysis of financial intermediaries, and regulation of the financial systems. Prerequisite(s): ECON 315 Credits: 3

ECON 430 Independent Study
Frequency: A
Individualized study under the supervision of a faculty member. Credits: 1-3

ECON 450 Senior Seminar
Frequency: B
Application of research and writing skills to the critical analysis of selected broad current economic problems and issues, integrating several areas of study in economics and other disciplines. Prerequisite(s): ECON 305 or ECON 310 Credits: 3

ECON 480-481 Internship
Frequency: A
Provides students the opportunity to earn credits for professional experience gained through learning-by-doing techniques. Credits: 1-6

EDU 100 Tutoring Theory Practice
Frequency: A
This course is designed to lead practicing tutors into an examination, through readings and discussion of what tutoring is, why and how it works and what tutoring can and cannot accomplish in a college setting. The course is designed to run concurrently with practical tutoring, candidates need to apply to and be accepted by College Tutoring Services. Acceptance is based on transcript, faculty evaluation and interviews and takes place during the semester prior to that during which the course is taken. In order to earn 2 credit hours, students must attend a series of 5 workshops with planned activities and discussion designed to lead to greater cultural self-awareness and therefore awareness of other people's cultural selves. Credits: 1-2

EDU 105 Introduction to Contemporary Education
Frequency: D
Secondary Education majors are introduced to teaching by enrolling in a 25-hour observation participation experience. Credits: 0

EDU 110 Tutoring Theory
Frequency: A
Introduction to childhood and early childhood education, its principles and practices. Organization of elementary schools, planning, teaching styles, classroom management, and instructional materials are among the topics considered. Direct experiences with children are an integral part of the course. Co-requisite(s): EDU 106 Credits: 3

EDU 116 Contemporary Education Field Experience
Frequency: A
Provides participants an opportunity to observe classroom operations, observe and describe the role of the teacher, conduct focused observations and interviews, work with individual and small groups of candidates on a teaching project. Co-requisite(s): EDU 105 Credits: 0

EDU 118 Education Literature/Composition
Frequency: D
An integration of how one writes and how one can effectively teach writing to students. Using the writing workshop approach, the course examines principles, teaching methodologies, and techniques pertaining to the writing process from both the perspective of writer and teacher of writing. Credits: 3
EDU200 Statistics
Frequency: D
Elements of probability theory; fundamental concepts and techniques of statistics with application. May not be repeated for credit. Note: Credit for at most one of the following courses may be applied towards a student’s requirements for graduation: BUAD 200, ECON 200, EDU 200, POLI 200, SOC 200, and STAT 200.
Credits: 3

EDU214 Introduction to Children’s Literature
Frequency: D
Designed to assist students in becoming widely acquainted with the great wealth of trade (library) books and media available for today’s children, preschool through middle school. Course content includes all literary types.
Credits: 3

EDU215 Education in American Society
Frequency: D
Foundations course in the study of education. Introduction to social, historical, and philosophical foundations of education and the relationship between school and society.
Credits: 3

EDU218 Children’s Literature in Literacy Instruction
Frequency: D
This course is an introduction to Children’s Literature in Reading and includes a study of genre as well as discussion of literacy acquisition, reading instruction and use of children’s literature for evaluation and remediation of reading difficulties.
Credits: 3

EDU220 Child Development
Frequency: D
Development of the child from beginning of life: prenatal development through age 12. Study of physical, cognitive, social, emotional, and moral development of the child. Credit will not be given for both EDU 220 and EDU 225.
Credits: 3

EDU221 Introduction to Early Childhood Education Curriculum
Frequency: D
A history and philosophy of early childhood education. Theoretical perspectives influencing early childhood program models. Emphasis on observing, recording, and interpreting the behavior of young children in a variety of child care settings (Infant-Preschool).
Credits: 3

EDU224 Adolescent Development
Frequency: A
Physical, mental, and emotional influences on the human growth periods in terms of habits, interests, and social adjustment. Factors in home and school that influence adolescent behavior and personality. CAW-Child Abuse Workshop discusses means for identifying and reporting suspected child abuse and maltreatment in accordance with the requirements of section 3004 of the Education Law.
Credits: 3

EDU225 Developmental Psychology
Frequency: A
Orderly sequence of human growth and development. Principles of physical, intellectual, and personality changes emphasized along with procedures for evaluating relevant research. CAW-Child Abuse Workshop discusses means for identifying and reporting suspected child abuse and maltreatment in accordance with the requirements of section 3004 of the Education Law.
Credits: 3

EDU227 The Electronic Classroom
Frequency: D
An introduction to computer managed instruction, computer based instruction, and the design and use of multimedia resources in the classroom.
Credits: 3

EDU250 Introduction to the Exceptional Learner
Frequency: A
Introductory survey of nature, needs, and education of children who are exceptional because of intelligence, behavioral disorders, and/or physical development.
Co-requisite(s): EDU 251
Credits: 3

EDU251 Exceptional Learner Field Experience
Frequency: A
Candidates work directly with pupils with learning difficulties in area schools and agencies.
Co-requisite(s): EDU 250
Credits: 0

EDU275 Introduction to the Teaching of Reading in the Elementary School
Frequency: D
Introduction to techniques, activities, and materials employed in teaching elementary school candidates how to read. Focuses on traditional texts and reading materials, as well as hands-on experience in applying microcomputers in the teaching of reading. The use of writing as a technique in the teaching of reading will also be employed. Specifically designed to prepare students for participation in elementary school classrooms.
Credits: 3

EDU276 Literacy and Technology in Elementary School
Frequency: B
Overview of the processes involved in literacy acquisition and the instructional approaches that acknowledge current thinking. Relationship of reading and writing, and aspects of writing development and writing process appropriate to each stage of reading development. Topics: models of reading and writing conceptual and methodological issues related to instruction and acquisition of reading, the role and use of technology in literacy instruction, assessment of candidates’ reading and writing, diversity in reading acquisition - the role of technology in facilitating reading and writing for diverse learners.
Credits: 3

EDU305 Cultural and Linguistic Diversity in the Classroom
Frequency: A
An introduction to basic concepts, theories, and issues involving multicultural education, cultural diversity, and the educational system. Emphasis is on the development of a sound theoretical framework from which practical application to classroom situations will evolve. Candidates will teach, interact with, and/or observe children and youth from diverse cultural and linguistic backgrounds and employ a variety of teaching strategies.
Co-requisite(s): EDU 313
Credits: 3

EDU312 Infant and Toddler Care and Education
Frequency: D
This course examines learning environments for children ages birth to three with particular emphasis on center based settings. Topics include a review of infant/toddler development, characteristics of quality education, developmentally appropriate curriculum in developmental areas, guidance based on observation and family dynamics and relations affecting infant development and growth, and parenting/teaching strategies.
Prerequisite(s): EDU 105 and EDU 220
Credits: 3

EDU313 Cultural and Linguistic Diversity Field Experience
Frequency: D
Required for students enrolled in EDU 305 Cultural and Linguistic Diversity. Students spend 7-8 weeks in elementary and secondary classrooms, in traditional and/or non-traditional settings. Students will be paired to enable peer coaching and peer assisted learning to occur. Students will teach several lessons, for small groups or entire class, and incorporate multicultural concepts, including culture awareness; tolerance and acceptance; cooperative learning; multiple intelligence theory; and multicultural literature, among others.
Co-requisite(s): EDU 305
Credits: 0

EDU314 Developmental Learning
Frequency: D
This course is designed to familiarize the beginning teacher with various developmental and learning theories, instructional implications relating to each theory, and classroom application of relevant principles.
Credits: 3

EDU315 Early Childhood Curriculum II
Frequency: D
Emphasis on integrated curriculum planning to meet the developmental needs of the young learner (preschool-age 8). Candidates plan and implement teaching strategies and activities in any early childhood classroom setting. Field experience required.
Prerequisite(s): EDU 221
Credits: 3

EDU321 Teaching in the Middle School
Frequency: B
Principles, materials, curriculum, and methods for teaching in the middle school. Required for certificate extension to middle school grades.
Credits: 3

EDU326 Elements of Public School Law
Frequency: D
Basic study of school law as applied to the organization of education from the federal and state perspective. Special attention is focused on the teacher and the law with respect to tort liability, due process, rights and responsibilities of teachers, students and parents. Impact of court decisions on the school.
Credits: 3

EDU349 Educational Psychology
Frequency: A
Areas of psychology utilized in the teaching and learning processes. Analyzing and interpreting scientific data related to individual differences, growth, learning, group processes, and evaluation.
Credits: 3
EDU351 Classroom Management and Learning Principles  
Frequency: D  
Examination of significant research in areas of human learning and motivation as they relate to effective instructional strategies. An investigation into how teachers can translate theories and research from such areas as achievement motivation, learner cognitive style, emotional climate of the classroom, concept learning, creativity, and problem-solving into constructivist classroom action. 
Prerequisite(s): EDU 349  
Credits: 3

EDU355 Learning and Behavior Disorders of Children  
Frequency: D  
Critical examination of the etiology of learning and behavioral disorders, and a review of effective treatments of management procedures. Etiological factors covered include the role of biology, the family, and the school. Disorders reviewed include hyperactivity, attention deficit disorders, aggressiveness and depression. Emphasis is placed on implications for the potential classroom teacher. 
Credits: 3

EDU360 Developmental Disabilities  
Frequency: D  
An examination of the etiology, characteristics, and psychological development associated with developmental disabilities. While focusing largely on mental retardation, the course is non-categorical in orientation. Particular attention is paid to techniques and strategies for integration of developmentally disabled children into the mainstream of education. 
Prerequisite(s): EDU 250  
Credits: 3

EDU380 Teacher Opportunity Corps: Teaching at-risk Youth  
Frequency: C  
This seminar is intended for members of the Teacher Opportunity Corps. Critical issues regarding teaching at-risk youth, particularly in urban schools, will be addressed, and related instructional strategies will be explored. Prerequisite(s): Teacher Opportunity Corps participant or permission of instructor. 
Credits: 1

EDU390 Special Topics in Education  
Frequency: D  
Study of special areas in education not covered by existing courses. Content varies from semester to semester. Consult the appropriate Course Offerings Bulletin and department notices. 
Credits: 1-3

EDU402 Teaching Mathematics in the Elementary School  
Frequency: B  
Curriculum, materials, and procedures in teaching mathematics in the elementary school based on the National Council of Teachers of Mathematics (NCTM) recommendations and standards. 
Prerequisite(s): MAED 303  
Credits: 1-5-3

EDU403 Teaching Science in the Elementary School  
Frequency: B  
Materials and procedures in a process-centered science curriculum. Investigation of new curricula and discovery approach to teaching sciences. 
Credits: 1-5-3

EDU404 Teaching Social Studies in the Elementary School  
Frequency: B  
Curriculum, materials, and procedures in teaching social studies in the elementary school. 
Credits: 1-5-3

EDU405 Literacy I  
Frequency: B  
Curriculum, materials and procedures in literacy instruction in the elementary school. 
Prerequisite: Admission into the Professional Year. 
Credits: 1-5-3

EDU406 Literacy II  
Frequency: B  
Curriculum, materials and procedures in literacy instruction in the elementary school. 
Prerequisite: Admission into the Professional Year. 
Credits: 1-5-3

EDU412 Integrated Methods for Early Childhood Education  
Frequency: D  
Prepares students to teach in early childhood classrooms. Information on the national and state learning standards in science, social studies, and the creative arts. Topics include constructivist curriculum planning, preparing the teaching/learning environment, the anti-bias curriculum, project work, authentic assessment, and the role of play in the early childhood classroom. 
Prerequisite(s): EDU 105 and EDU 220 and EDU 250 and EDU 314 and EDU 276  
Credits: 3-6

EDU416 Capstone Seminar - Advanced Study in Classroom Organization, Management, and Instruction  
Frequency: A  
Focus on extending candidates' knowledge and skills in classroom management and organizational methods, as well as instructional strategies and content. 
Credits: 1-5-3

EDU417 Middle School (Grades 5-9) Methods in Mathematics  
Frequency: B  
Curriculum, materials, and methods for teaching middle school (grades 5-9) mathematics. The course serves as the primary methods course for students pursuing initial certification in Middle Childhood Education - Mathematics Specialist. 
Prerequisites:  
Credits: 3

EDU419 Secondary School (Adolescence) Methods  
Frequency: B  
Principles, materials, and methods for teaching English, foreign languages, mathematics, science, or social studies in the secondary school. Assignment to sections according to subject matter. Note: must be taken before senior student teaching. Required for Adolescence Education. 
Credits: 3

EDU420 Student Teaching in the Elementary School - Primary  
Frequency: A  
A field assignment to teach in Childhood Education. Assignments provided in grades 1 - 3; arrangements made by the Office of Field Experiences. 
Pre-requisites: Enrollment and satisfactory progress in Professional Year courses; ongoing recommendation of the College of Education. 
Credits: 6

EDU421 Student Teaching in Early Childhood Education  
Frequency: A  
A field assignment to teach in Childhood Education. Assignments provided in grades 1 - 3; arrangements made by the Office of Field Experiences. 
Pre-requisites: Enrollment and satisfactory progress in Professional Year courses; ongoing recommendation of the College of Education. 
Credits: 6

EDU422 Student Teaching in the Elementary School - Intermediate  
Frequency: A  
A field assignment to teach in Childhood Education. Assignments provided in grades 4-6; arrangements made by the Office of Field Experiences. 
Pre-requisites: Enrollment and satisfactory progress in Professional Year courses; ongoing recommendation of the College of Education. 
Credits: 6

EDU424 Student Teaching in the Elementary School - Primary (Hamburg)  
Frequency: D  
A field assignment to teach on the primary level in the elementary school. Open only to candidates accepted into the Fredonia-Hamburg Program. 
Pre-requisites: Enrollment and satisfactory progress in Professional Year courses; ongoing recommendation of the College of Education. 
Credits: 3

EDU426 Student Teaching in the Elementary School - Intermediate (Hamburg)  
Frequency: D  
A field experience assignment to teach in the intermediate level in the elementary school. Open only to candidates accepted into the Fredonia-Hamburg Program. 
Pre-requisites: Enrollment and satisfactory progress in Professional Year courses; ongoing recommendation of the College of Education. 
Credits: 3

EDU429 Student Teaching in Middle Childhood Education - Mathematics Specialist  
Frequency: B  
A field assignment to teach middle school mathematics. Assignments provided in grades five through nine; arrangements made by Office of Field Experiences. 
Open only to candidates accepted into SUNY Fredonia's Middle Childhood Education - Mathematics Specialist Program. 
Prerequisite(s): EDU 417  
Credits: 15

EDU430 Student Teaching in the Secondary School  
Frequency: B  
A field assignment to teach in secondary education. Assignments provided by subject area in grades seven through 12; arrangements made by Office of Field Experiences. 
Open only to students accepted in Adolescence Education Certification Program. 
Prerequisite(s): EDU 419  
Credits: 15

EDU432 Home/School Partnerships in a Diverse Society  
Frequency: B  
Prepares the preservice teacher with strategies for facilitating family involvement in the education process. This course will place emphasis on the skills of communication (both personal and written). Topics covered include: parent conferences, volunteers in the classroom, barriers to parent involvement and one-way and two-way communication strategies. 
Co-requisite(s): EDU 402 or EDU 406  
Credits: 1.5-3

EDU442 College of Education.
ENGL100 English Composition
Frequency: A
An experiential, student-based writing-workshop course in which students understand and practice various stages of the writing process; compose essays using narration, description, persuasion, exposition, and explanation; and use writing and discussion as a means of situating themselves in a world of ideas. Emphasis as well on reading critically.
Credits: 3

ENGL101 Introduction to English-Applied Education
Frequency: B
English-Applied Education majors are introduced to teaching in this course which combines 25 hours of classroom observation with reading, writing, and discussion about the principles and practices of English-Applied Education. Teaching strategies, learning styles, classroom management, socioeconomics, and the structure and history of language are among the topics considered.
Credits: 1

ENGL103 Readings and Observation in English-Applied Education
Frequency: B
Students participate in 25 hours of classroom observation in the secondary schools and write a detailed report about advanced issues in English pedagogy.
Prerequisite(s): ENGL 101
Credits: 1

ENGL104 English Online
Frequency: D
To develop in students knowledge of the basic sources of information, their location, as well as how to access and manipulate them. Emphasizes the evaluation and assessment of the quality of the information found, not just the mastery of certain technical skills.
Credits: 0

ENGL200 Introduction to American Studies
Frequency: B
An introduction to the interdisciplinary study of American cultures, their historical development and contemporary status. Focusing on literary and cultural representations of specific aspects of the American experience, the course will examine the constructed nature of American self-perceptions and of U.S. history. The course contextualizes U.S. cultures within the Americas and the global arena. Particular course emphasis is selected by the instructor. Cross-listed as AMST 202.
Credits: 3

ENGL204 Survey of English Literature
Frequency: D
The study of major texts from origins to the present in British literature. Will include divergent approaches to texts; the historical development of the literatures, and the relationships between literature and other disciplines.
Credits: 3

ENGL206 Survey of American Literature
Frequency: D
The study of major texts from origins to the present in American literature. Will include divergent approaches to texts, the historical development of the literatures, and the relationships between literature and other disciplines.
Credits: 3

ENGL207 Drama and Film
Frequency: A
Study of plays and some films from different times and places, their possible interrelations and ways they reflect their various cultures.
Credits: 3

ENGL208 American Popular and Mass Cultures
Frequency: C
An introduction to the methodologies of studying American cultures, with a special focus on popular and mass cultures. Particular course emphasis will be determined by the individual instructor, but topics will stress the multiplicity of American cultures. While literary works will make up the majority of the class texts, the course will utilize an interdisciplinary approach integrating materials from fields such as history, anthropology, women's studies, ethnic studies, geography, sociology, music, and art.
Credits: 3

ENGL209 Novels and Tales
Frequency: A
Study of long and short fiction of several kinds, including myth, fable, and realistic narrative, from a variety of places and times, and their relation to their different cultures.
Credits: 3

ENGL211 World Poetry
Frequency: A
Study of lyric poetry from different times and places showing similarities and differences in themes and poetic methods.
Credits: 3

ENGL214 American Fiction
Frequency: D
Readings from among various fiction genres, intended to reflect the growth of and influences in American fiction from its beginnings to the present; specific focus is chosen by the instructor.
Credits: 3

ENGL215 Detective Fiction
Frequency: D
A survey of mystery writers from Edgar Allan Poe to P.D. James, exploring their techniques with the genre and the methods of their detectives.
Credits: 3

ENGL216 Science Fiction
Frequency: B
Historical and generic survey of science fiction through representative works and major authors; examination of its relationships with other types of literature.
Credits: 3

ENGL240 Introduction to African American Literature and Culture
Frequency: C
An examination of major works by African American novelists, poets, dramatists, filmmakers, musicians, and essayists in terms of the intellectual and political concerns of their periods and locations. Cross-listed with INDS 240.
Credits: 3

ENGL241 Introduction to Latino Literature
Frequency: C
Study of works by and about Latinos, including poetry, novels, film, drama, music, and essays. Focus on culture of people of Hispanic descent living in the United States, including Chicanos, Puerto Ricans, Dominicans, African Americans, and Cuban Americans, with some consideration of the ongoing relations between U.S. Latinos and Latin America. Cross-listed as INDS 241.
Credits: 3

ENGL242 American Indian Literature
Frequency: C
Study of a variety of works, including traditional tales, novels, poems and memoirs, produced by American Indians from historical beginnings to the present. Cross-listed with INDS 242.
Credits: 3

ENGL250 Literacy and Technology
Frequency: B
Designed primarily for English Education majors, this course explores the theoretical and practical implications of technology for the nature of literacy. The course presents approaches to helping secondary students improve their literacy through the use of technology.
Credits: 3
ENGL260 Introduction to Creative Writing
Frequency: A
First in the sequence of creative writing courses, the prerequisite for all higher level creative writing. Conducted in an informal workshop format, the course provides practical experience in the writing and evaluation of poetry and short fiction. Basic forms, prosodies, techniques, genres, and the problems they pose are considered through study of historical and contemporary examples, and through writing assignments.
Credits: 3

ENGL270 Issues in Journalism
Frequency: C
This course introduces students to critical media literacy and provides practice in basic news and feature reporting and writing. Ethical and legal issues are introduced and discussed. Cross-listed as JOUR 270.
Credits: 3

ENGL280 Introduction to Film
Frequency: C
Study of ways to approach and understand film as a medium of art and communication. Emphasis on building a working vocabulary of basic film terms through screening, discussion, and analysis of feature and shorter films.
Credits: 3

ENGL291 The Bible as Literature
Frequency: D
Examination of sections of Old and New Testaments as works of literature, history and religious thought. Emphasis on major themes, motifs, and critical techniques.
Credits: 3

ENGL296 American Identities
Frequency: B
An exploration of the historical construction of American gender, ethnicity/race, and class; their present status; and their literary and cultural representations. Focusing on intersections between these categories of identity, the course will utilize an interdisciplinary approach, integrating materials from fields such as literary studies, history, women's studies, ethnic studies, geography, sociology, music, and art. Required course for American Studies minor.
Credits: 3

ENGL299 Special Topics
Frequency: D
Variable-content course; topic announced in Course Offerings Bulletin each semester.
Credits: 3

ENGL304 Latina Literature and Cultural Studies
Frequency: D
An examination of contemporary Latina literary productions in the context of representations of Latinas in mainstream U.S. society. The focus of the course is on women of Hispanic descent living and writing in the United States, including work by and about Chicanas, Puerto Ricans, Dominicans, Americans, and Cuban Americans. Previous coursework in Latina/Latino literature not required, but some previous coursework related to African American or other ethnic literature, women's literature/feminism, and/or film studies is strongly recommended.
Credits: 3

ENGL310 Medieval Literature
Frequency: C
Study of selected texts representative of the literature flourishing in Western Europe between 600 and 1500.
Credits: 3

ENGL312 The Age of Elizabeth
Frequency: C
Study of the literature of the Renaissance in England and elsewhere in Western Europe, culminating in the reign of Elizabeth I.
Credits: 3

ENGL314 Major Women Novelists
Frequency: C
An in-depth study of novels by women ranging from Jane Austen and Emily Bronte to Doris Lessing and Joyce Carol Oates. Emphasis is upon the female writers as distinct from the male in subjects and themes. The course seeks to explore their differences but also to place them in the context of the culture as a whole.
Credits: 3

ENGL316 The Early Seventeenth Century
Frequency: D
Study of the metaphysical and neo-classic traditions in the poetry of Donne and Jonson, Herrick, Crashaw, and Marvell; study of a variety of emerging prose styles in works by Raleigh, Bacon, Donne, Browne, Burton, and Bunyan.
Credits: 3

ENGL318 Studies in Poetry
Frequency: B
Study of poetry; introduction to various critical approaches; background study of poetic techniques; independent work on one poet.
Credits: 3

ENGL319 Dramatic Literature
Frequency: C
A study of dramatic literature that focuses on understanding the dramatic form and its relation to society. The course will explore meaning beyond the page by considering the textual ramifications of staging.
Credits: 3

ENGL320 The Restoration and 18th Century
Frequency: C
Critical study of major literary forms within historical context of period. Swift, Pope, and Johnson among the authors considered.
Credits: 3

ENGL322 The Romantic Age
Frequency: C
Romantic movement in England, 1790 to 1835, as exemplified in writings of Blake, Wordsworth, Coleridge, Lamb, Byron, the Shelleys, Keats, Wollstonecraft, DeQuincey, Hazlitt, and others.
Credits: 3

ENGL324 Myth and Symbol in Literature
Frequency: D
Examination of symbolic forms of literary expression and their interrelationships in selected works.
Credits: 3

ENGL326 Victorian/Early Modern Literature
Frequency: C
Study of major British fiction, poetry, and drama, 1800 to the present. Topics include the Irish national movement, romantic/realist attitudes toward war, the roots of modernism, the dissolution of Empire. Authors range from Yeats, Synge, Joyce, and Lawrence to Amis and Fowles. Approach is varied but tends to emphasize social-historical backgrounds.
Credits: 3

ENGL330 The Contemporary Novel
Frequency: C
Study of the novel in Britain and America, 1948 to the present. Emphasis on variety of forms, styles, and techniques in the genre and on contrasts between British and American novels of the period reflective of long-established, quite separate traditions.
Credits: 3

ENGL331 American Literary Roots
Frequency: C
Study of American literary and cultural roots in the 17th and 18th centuries; special attention to the emergence of myths and realities concerning the American hero and the American dream, including specific issues such as the rise of slavery, the role of women, the treatment of the Indian, the power of the Puritans, and the rhetoric of the Revolution.
Credits: 3

ENGL332 American Romanticism in Literature
Frequency: C
Study of Romanticism in terms of influence, development, and characteristics within the context of American culture, including textual examples ranging from indigenous native sources to those of Europe and the East.
Credits: 3

ENGL333 Environmental Literature
Frequency: D
Survey of American nature writing, chiefly over the past half century. Focuses on the art of seeing natural places. Includes field trips, direct study of nature.
Credits: 3

ENGL334 Realism/Naturalism in American Literature
Frequency: C
Study of Realism and Naturalism in terms of influence, development, and characteristics within the context of American culture, including influences from Europe and from the emerging voices of American women and African American slaves.
Credits: 3

ENGL335 Modern American Poetry
Frequency: C
Study of American poetry of the first half of the 20th century. Focuses on tradition and innovation, distinctive voices, the cultural and historical context.
Credits: 3

ENGL336 Modernism in American Literature
Frequency: C
Study of modernism in terms of influence, development, and characteristics within the context of American culture; might include such figures as Faulkner and Hemingway, and such movements as the Harlem Renaissance.
Credits: 3

ENGL338 Contemporary American Literature
Frequency: B
Study of contemporary directions, including those suggested by the works of Hispanic, Native American, African American, and other ethnic groups that contribute to the meaning of the American identity today.
Credits: 3
ENGL390 Jewish Literature
Frequency: D
A study of major Jewish writers from the Bible to the present. Emphasis will be on the literature and on the varieties of Jewish culture that it represents. Credits: 3

ENGL391 Romanticism in World Literature
Frequency: D
An exploration of basic themes commonly associated with the concept of Romanticism as identified in literature from eastern and western cultures. Credits: 3

ENGL392 Asian Literature
Frequency: D
A study of selected works from the Chinese, Japanese, Indian, and Middle Eastern cultures, emphasizing those that make up their canon and which are recognized as having had a significant influence on Western culture. Credits: 3

ENGL393 Asian-U.S. Confrontations
Frequency: D
Comparative study of texts and cultural events involved in moments of confrontation; variable emphasis from offering to offering; includes Islamic, Indian, Chinese, and Japanese works. Credits: 3

ENGL394 Japanese Literature
Frequency: D
Study of selected works from the Japanese culture, emphasizing those that make up their canon and which are recognized as having had a significant international influence, especially on the U.S.; this course also examines cultural assumptions in the works and in ourselves, and looks closely at the problem of language in translation and cultural contexts. Credits: 3

ENGL395 Third World Literature
Frequency: C
Examination of works by women and men from countries that, by various definitions, are considered to be part of the Third World. Focus on cultural relativism and competing ideologies. Credits: 3

ENGL396 Russian Literature
Frequency: C
Intensive reading of important works of Russian fiction to understand each writer’s vision of the potentialities, complexities, and essential conditions of human nature, within the intellectual and cultural context perceived or created by the writer. Significant attention to political and cultural history of Russia. Credits: 3

ENGL399 Special Topics
Frequency: D
Variable-content course; topic announced in Course Offerings Bulletin each semester that the course is offered. Credits: 3-4

ENGL400 Senior Seminar
Frequency: A
Study of and practice in writing of many kinds, including a significant critical paper, with an emphasis on metacognitive awareness of the writing process and of the student’s development as an English major. Portfolio completion is one integral feature of the course. Prerequisite(s): ENGL 401 Credits: 3

ENGL401 Portfolio Completion
Frequency: A
Required for all English and English Education majors. Gives recognition for thoughtful completion of all elements of the reflective portfolio except the exit paper. Credits: 0

ENGL408 Arthurian Literature
Frequency: C
Study of the many works about King Arthur and his knights of the Round Table, extending from the 8th century to the present. Credits: 3

ENGL410 Chaucer
Frequency: C
Study of The Canterbury Tales and Troilus and Criseyde. Introduction to Middle English language and period and to significant Chaucerian scholarship. Credits: 3

ENGL412 Early Shakespeare
Frequency: B
Study of Shakespeare’s works to 1600; emphasis on his growth as a dramatist. Credits: 3

ENGL414 Later Shakespeare
Frequency: B
Study of Shakespeare’s works from 1600 to end of his career. Credits: 3

ENGL416 Elizabethan Drama
Frequency: D
The development of the English drama in the late 16th and early 17th centuries. The growth of drama from the medieval mystery, miracle, and morality plays through the works of Shakespeare’s contemporaries. The plays in their cultural, historical, and artistic climates. Credits: 3

ENGL418 Restoration/18th Century Drama
Frequency: D
Study of the drama and theatre of Jonson, Dryden, Wycherley, Congreve, and Sheridan, with extension of their influence through the works of Wilde; focus on the major changes which the tenets of classicism brought to the English stage after Shakespeare. Credits: 3

ENGL420 Milton
Frequency: C
Milton’s thought and art as expressed in Paradise Lost, Paradise Regained, Samson Agonistes, and selections from the minor poems and the prose. Credits: 3

ENGL422 English Novel I
Frequency: D
Study of representative novels of 18th and early 19th centuries. Particular attention to human and literary concerns which contribute to development of the novel. Writers include Richardson, Fielding, Sterne, and Austen. Credits: 3

ENGL424 English Novel II
Frequency: D
Study of such 19th and 20th century novelists as Dickens, Eliot, Hardy, Conrad, Lawrence, and Woolf. Special attention to form of the novel used to portray each writer’s vision. Credits: 3

ENGL425 Yeats and Company
Frequency: C
An intensive reading of certain major works of William Butler Yeats and of his contemporaries of successors. Considerable attention to the mythologies, history, and politics of Ireland. Credits: 3

ENGL427 Major Writers
Frequency: B
Study of the works of up to three major writers. A variable content course. May be taken more than once with departmental approval. Credits: 3

ENGL446 Contemporary Literary Theory
Frequency: C
A study of the most recent American and international literary critical thinking, emphasizing both theory and practice. Prerequisite(s): ENGL 346 or ENGL 348 Credits: 3

ENGL450 Seminar for Teachers of English
Frequency: B
Workshop designed to immerse students in the processes of preparing high-school students to read drama, fiction, and poetry. Emphasis on pre-reading activities, construction of discussion questions and classroom activities, development of a three-week unit for teaching literature, and participation in a micro-teaching activity. Permission of instructor. Credits: 3

ENGL455 Writing Tutors
Frequency: B
An eight-week training program preparing students to tutor writing in the university Learning Center for a minimum of four hours per week. Permission of instructor. Credits: 3

ENGL456 ESL Tutoring
Frequency: B
Focus on tutoring students whose first language is not English. Credits: 1

ENGL460 Advanced Creative Writing: Poetry
Frequency: B
Intensive critical discussion of student work. Readings in contemporary poetry. The orientation of the course is professional, and the students are expected to submit their work to periodicals for publication. Oral presentation of student work. Prerequisite courses or permission of instructor. Prerequisite(s): ENGL 260 and ENGL 360 Credits: 3

ENGL461 Advanced Creative Writing: Fiction
Frequency: D
Intensive critical discussion of student fiction. Readings in contemporary fiction. The orientation of the course is professional, and students are expected to submit their work to periodicals for publication. Prerequisite courses or permission of instructor. Prerequisite(s): ENGL 260 and ENGL 360 Credits: 3

ENGL465 English Internships
Frequency: A
English internships. Interns work four hours per week for 1 credit hour. Enrollment requires a completed learning contract and permission of the department. Credits: 1-3

ENGL472 News Writing Internship
Frequency: D
Internship in newswriting in area newspapers by individual arrangements. Credits: 3
ENGL490 Independent Study
Frequency: A
Study of a particular author, topic, or work. Periodic meetings with instructor and writing a substantial paper.
Credits: 1-3

ENGL499 Special Topics
Frequency: D
A variable-content course on topic announced in Course Offerings Bulletin.
Credits: 3

Environmental Sciences

ESCI105 Global Environmental Issues
Frequency: B
This course’s objective is to increase student awareness of the environmental issues that affect different parts of the world and the planet as a whole. This course will explore the historical roots of these problems and how different societies deal with environmental degradation. Topics will include overpopulation, food production, water scarcity, pollution and global climate change, among others. The format of the course invites participation, discussion and critical thinking.
Credits: 3

ESCI310 Methods in Environmental Analysis
Frequency: C
Methods common to environmental sciences emphasizing laboratory and field measurement techniques. In the laboratory, wet chemical and electrochemical techniques; methods of trace pollutant analysis; biosassays; BOD measurements, etc. will be studied. Field studies will include classical techniques such as dissolved oxygen and Secchi disk measurements, as well as more recent assessment methods such as terrain conductivity and macroinvertebrate studies. Combination lecture/laboratory.
Credits: 3

ESCI440 Environmental Sciences Seminar
Frequency: B
Each student will present a seminar on a current topic of environmental sciences research during the spring semester of their senior year. Emphasis on detailed knowledge of the subject matter, techniques for searching the professional literature, and procedures for the preparation and presentation of a professional seminar.
Credits: 1

ESCI490 Environmental Sciences Practicum
Frequency: A
independent study, or internship under the direction of a participating faculty advisor.
Credits: 3

Film Studies

FILM399 Special Topics
Frequency: C
A variable-content course. The topic will be announced in the Course Offering Bulletin when the course is offered. Permission of instructor required.
Credits: 3

FILM401 Independent Study
Frequency: C
This course allows students to design and pursue independent, directed projects in film studies. As a rule, these studies will examine in greater depth or breadth topics that are explored in current course offerings or are not available in current offerings. Permission of the coordinator of Film Studies required.
Credits: 1-3

FILM470 Senior Film Seminar
Frequency: B
The capstone experience for the Film Studies Minor. Content varies according to instructor and student interest, but could involve work on a cooperative project such as a spring semester film festival, or take a more traditional approach with advanced readings in film or a research project. Prerequisites: 18 credits of film courses or consent of instructor.
Credits: 3

French

FREN115 Elementary French I
Frequency: A
A first-semester introduction to elementary French with a focus on communication, skill-building and culture. Study of fundamental speech patterns. Initial stress on listening comprehension and oral ability. Progressively greater emphasis on reading and writing skills.
Credits: 3

FREN116 Elementary French II
Frequency: A
Continuation of FREN 115. Further introduction to fundamental speech patterns. For students with one semester of college-level French or equivalent. Stress on listening comprehension, oral ability, reading, and writing skills.
Credits: 3

FREN215 Intermediate French I
Frequency: B
Continues the work required for increasing performance levels in the four skills of reading, writing, speaking, and understanding of the language. Regular language laboratory work for further reinforcement and drill. Prerequisite(s): FREN 116
Credits: 3

FREN216 Intermediate French II
Frequency: B
Brings student to a level of competence in the language allowing them entry into upper level courses. Regular integrated language laboratory drills and tests. Adult reading materials, adult speaking levels. Prerequisite(s): FREN 215
Credits: 3

FREN305 French for Business I
Frequency: D
Designed to reinforce student’s language skills so as to permit him/her to use French meaningfully in the business world. Introduction to basic geography of France and French social institutions as they affect economic life of the nation. Study of commercial vocabulary, introduction to business correspondence and business practices.
Credits: 3

FREN306 French for Business II
Frequency: D
Continues the work of FREN 305 in reinforcing the student’s language skills in the context of the business world, as well as exploring the impact of various areas of French culture in the economic life of the country.
Credits: 3

FREN310 The Literature/Culture of Quebec
Frequency: D
An exploration of Quebec’s cultural uniqueness through the literature that has played a central role in defining it. The historical and political events that have influenced the development of Quebec literature and culture will also be examined. Review of separatist movement included.
Credits: 3

FREN315 French Masterpieces
Frequency: B
A study of the three literary genres: fiction, theatre, and poetry. Selections are from a wide variety of authors and time periods, from the Renaissance to the 20th century. Primary focus is stylistic but considerable time will also be devoted to literary movements and to French history and culture. Different types of assessment will include oral presentations by the individual student and groups, papers, quizzes, discussions, and exams which will all be in French. Prerequisite(s): FREN 216
Credits: 3

FREN316 French Plays and Prose
Frequency: B
This course introduces the student to a number of excellent examples of French drama and other genres in poetry or prose for the purpose of becoming acquainted with the general characteristics of French literature and the analysis thereof. Classwork in French. Prerequisite(s): FREN 216
Credits: 3

FREN317 French Conversation
Frequency: B
Oral-aural drills, conversational exercises; practice in understanding and speaking French. Prerequisite(s): FREN 216
Credits: 3

FREN318 French Composition
Frequency: B
Syntactical patterns of French, vocabulary building, translation, and free composition. Useful techniques of composition, problems of translation and questions of style discussed. Prerequisite(s): FREN 216
Credits: 3

FREN319 Survey of French Literature I
Frequency: B
History of principal movements and writers, from the beginning through the 17th century, studied in light of historical and social backgrounds. Discussion and lectures in French. Student reports. Prerequisite(s): FREN 316
Credits: 3

FREN320 Survey of French Literature II
Frequency: B
History of principal movements and writers, from the 17th century to the present, studied in light of historical and social backgrounds. Discussion and lectures in French. Student reports. Prerequisite(s): FREN 316
Credits: 3

FREN401 Independent Study
Frequency: C
Independent research, under the direction of a professor. Prerequisite: 300-level French or French studies experience.
Credits: 3

FREN450 Special Topics
Frequency: C
A variable-content course. The topic will be announced in the Course Offering Bulletin when the course is offered. Permission of instructor required.
Credits: 3

FREN470 Senior Film Seminar
Frequency: D
The capstone experience for the Film Studies Minor. Content varies according to instructor and student interest, but could involve work on a cooperative project such as a spring semester film festival, or take a more traditional approach with advanced readings in film or a research project. Prerequisites: 18 credits of film courses or consent of instructor.
Credits: 3

ESCI440 Environmental Sciences Seminar
Frequency: B
Each student will present a seminar on a current topic of environmental sciences research during the spring semester of their senior year. Emphasis on detailed knowledge of the subject matter, techniques for searching the professional literature, and procedures for the preparation and presentation of a professional seminar.
Credits: 1

ESCI490 Environmental Sciences Practicum
Frequency: A
independent study, or internship under the direction of a participating faculty advisor.
Credits: 3

FREN115 Elementary French I
Frequency: A
A first-semester introduction to elementary French with a focus on communication, skill-building and culture. Study of fundamental speech patterns. Initial stress on listening comprehension and oral ability. Progressively greater emphasis on reading and writing skills.
Credits: 3

FREN116 Elementary French II
Frequency: A
Continuation of FREN 115. Further introduction to fundamental speech patterns. For students with one semester of college-level French or equivalent. Stress on listening comprehension, oral ability, reading, and writing skills.
Credits: 3

FREN215 Intermediate French I
Frequency: B
Continues the work required for increasing performance levels in the four skills of reading, writing, speaking, and understanding of the language. Regular language laboratory work for further reinforcement and drill. Prerequisite(s): FREN 116
Credits: 3

FREN216 Intermediate French II
Frequency: B
Brings student to a level of competence in the language allowing them entry into upper level courses. Regular integrated language laboratory drills and tests. Adult reading materials, adult speaking levels. Prerequisite(s): FREN 215
Credits: 3

FREN305 French for Business I
Frequency: D
Designed to reinforce student’s language skills so as to permit him/her to use French meaningfully in the business world. Introduction to basic geography of France and French social institutions as they affect economic life of the nation. Study of commercial vocabulary, introduction to business correspondence and business practices.
Credits: 3

FREN306 French for Business II
Frequency: D
Continues the work of FREN 305 in reinforcing the student’s language skills in the context of the business world, as well as exploring the impact of various areas of French culture in the economic life of the country.
Credits: 3

FREN310 The Literature/Culture of Quebec
Frequency: D
An exploration of Quebec’s cultural uniqueness through the literature that has played a central role in defining it. The historical and political events that have influenced the development of Quebec literature and culture will also be examined. Review of separatist movement included.
Credits: 3

FREN315 French Masterpieces
Frequency: B
A study of the three literary genres: fiction, theatre, and poetry. Selections are from a wide variety of authors and time periods, from the Renaissance to the 20th century. Credits: 3

FREN318 French Composition
Frequency: B
Syntactical patterns of French, vocabulary building, translation, and free composition. Useful techniques of composition, problems of translation and questions of style discussed. Prerequisite(s): FREN 216
Credits: 3

FREN319 Survey of French Literature I
Frequency: B
History of principal movements and writers, from the beginning through the 17th century, studied in light of historical and social backgrounds. Discussion and lectures in French. Student reports. Prerequisite(s): FREN 316
Credits: 3

FREN320 Survey of French Literature II
Frequency: B
History of principal movements and writers, from the 17th century to the present, studied in light of historical and social backgrounds. Discussion and lectures in French. Student reports. Prerequisite(s): FREN 316
Credits: 3
FREN323 France Today
Frequency: D
France today is a country struggling with the tensions of social and economic modernization. The subject matter, therefore, will be actual and current in an effort to understand the broad sweep of social, economic, political, and cultural changes in post-war France. Credits: 3

FREN341 Le Grand Siecle
Frequency: D
Detailed study of 17th century French classicism, its formation, flowering. Student reports, discussions. Prerequisite(s): FREN 316 Credits: 3

FREN351 The Enlightenment
Frequency: D
Major works of 18th century French literature; emphasis on Montesquieu, Voltaire, Diderot, Rousseau, Marivaux, and Beaumarchais. Classwork in French. Prerequisite(s): FREN 316 Credits: 3

FREN361 Contemporary French Literature
Frequency: D

FREN400 Special Topics in French
Frequency: D
Special areas in French language, literature, or culture not covered by regular courses. Credits: 1-3

FREN410 Directed Study
Frequency: D
Individual directed study of a particular area or topic in French language or literature. Periodic meetings with instructor, writing of a substantial paper. Credits: 1-3

FREN417 Romanticism and Realism
Frequency: D
Detailed study of literary movements and major writers of 19th century. Prerequisite(s): FREN 316 Credits: 3

FREN421 Advanced French Pronunciation/Diction
Frequency: B
Study of phonetics. Intensive drill in intonation and articulation. Prerequisite(s): FREN 215 or FREN 216 Credits: 3

FREN422 Advanced French Conversation
Frequency: D
Intensive practice in spoken French and listening comprehension at an advanced level. Prerequisite(s): FREN 317 and FREN 421 Credits: 3

FREN423 Senior Seminar
Frequency: B
In-depth study of a century or genre selected by instructor. Rotating topics. Intensive reading, major research paper or project. Credits: 3

FREN424 Stylistics
Frequency: B
To give feeling for French style, shades of meaning, and mastery of stylistic difficulties not taken up in more elementary courses. Study of classic French prose; translations and free composition. Prerequisite(s): FREN 318 Credits: 3

Geosciences

GEO121 Landform Geography
Frequency: B
An introduction to the field of geography, with particular emphasis on the driving physical forces and processes that shape the earth's surface. The impact on human activities and patterns will be examined. A spatial approach will be used to study the nature and character of physical space including measurements, relations, locations, and the distribution of phenomena. The course will meet twice a week in a traditional classroom setting and once a week in a laboratory setting, which will include occasional field trips to explore the local area in an effort to observe how landforms, vegetation and microclimate vary over short distances. Credits: 3

GEO140 Catastrophic Weather
Frequency: A
Examines the development of severe and unusual weather phenomena including floods, tornadoes, thunderstorms, hurricanes and other tropical storms, blizzards, and electrical storms. The frequency and geographic occurrence of these events is considered in terms of current climatic models. Credits: 1

GEO141 Age of Dinosaurs
Frequency: A
This course centers on life in the Mesozoic era of geological time, when dinosaurs rule the earth. In addition to discussing the different types of dinosaurs and their ecological roles, the role of climatic and catastrophic extinction in shaping this unique time in geologic history is explored. Topics also include the evolution of dinosaurs and their relationship to modern birds, the controversy over "warm-blooded" versus "cold-blooded" metabolism, and the ultimate extinction of the dinosaurs leading to the age of mammals. Credits: 1

GEO142 Drifting Continents
Frequency: A
A review of modern ideas of crustal movement, the origin of volcanoes and earthquakes, the continents and their history of breakup, drifting and collisions to create mountain belts, and the ocean basins and their formation by seafloor spreading. This course covers the evolution in thought of the theories of continental drift and plate tectonics. Credits: 1

GEO145 Geology of New York State
Frequency: A
Much of earth history can be explored by the study of New York State geology. This course explores—among other things—the evolution of life in vast marine basins, the uplift of lofty mountains during the Appalachian Orogeny, followed by the more recent advance of Pleistocene ice sheets that covered the state until about 10 thousand years ago. Students should come away with a better understanding and appreciation for the rich geological history of their home state. Credits: 1

GEO148 Trembling Earth
Frequency: B
A mini-course that examines earthquakes as an example of natural hazards. Topics include history of earthquake science, quake causes, prediction, risk assessment, engineering response, and response of culture such as artistic renderings of quakes. Credits: 1

GEO149 Volcanoes
Frequency: A
This course deals with the science of volcanology. Topics include the types of magmas (molten rock) and rocks that produce the different kinds of volcanoes, physical and chemical controls on eruptions, and hazards and benefits of volcanoes. Scientific study and the effect of volcanism on human beings are discussed in the context of major historical eruptions. Credits: 1

GEO150 Moons and Planets
Frequency: B
A review of modern ideas of solar system structure and composition, the formation of the planets, and the development of astronomical thought from ancient times to the flowering of modern concepts of planetary origins and evolution. Problem sets deal with analysis of celestial objects and understanding the development of astronomical theory. Credits: 3

GEO160 Oceanography
Frequency: B
Origin of the oceans, chemical and physical properties of seawater, circulation of the oceans, waves, tides, shoreline processes, marine biology, and the productivity of the ocean. Credits: 3

GEO165 Geology I
Frequency: A
Introduction to earth materials (minerals, rocks, soils); Earth's interior structure; geological processes in operation on and beneath the surface of the earth and their effects (weathering, erosion, deformation and geologic structures, earthquakes, plate tectonics, ocean basins, running water, ground water, glaciers, winds and deserts, coasts and shorelines); techniques of dating geological events. Lectures, group discussion. High school background in earth sciences not required. Geosciences majors and non-majors, including Childhood Education Science/Geoscience Concentration majors, should take GEO 165 General Geology Lab as a corequisite. Credits: 3

GEO169 General Geology Lab
Frequency: A
Laboratory introduction to topographic and geologic maps, and earth materials (minerals, rocks and fossils). Exercises include use of these tools to recognize and interpret geological processes, history and structure. Prerequisite(s): GEO 165 Credits: 1

GEO175 Thirsty Planet
Frequency: B
This course investigates ancient and modern water supplies, studies surface and underground watersheds, evaluates risks to water quantity, quality and distribution systems, reviews water law and regulations, and reflects on the role of water resources in war and terror, food and transport, scenery and beauty. Credits: 3

GEO180 Weather and Climate
Frequency: B
Introduction to the transitory and long-term physical, chemical, and dynamic states of the atmosphere, measurement of weather factors, weather forecasting, regional climates, climatic change, weather and climate modification, and practical aspects and applications of weather and climate. Credits: 3

GEO210 Geology II
Frequency: B
Physical history of the earth in relationship to orderly development of life throughout geological time. Lecture format. Prerequisite(s): GEO 165 Credits: 3
GEO215 Minerals and Rocks
Frequency: C
Theory, geological occurrence, and identification of the common minerals and rocks. A well-written report, critiqued and returned for revision, is required. Laboratory work includes a brief introduction to the petrographic microscope, but mostly emphasizes hand specimen identification. Two-day field trip to the Thousand Islands/Laurentian lowlands of New York State, or to Bancroft, Ontario mineral localities. Prerequisite(s): GEO 165 Credits: 4

GEO301 Cartography
Frequency: B
Comprehensive treatment of maps and map making. Includes the history of maps and their construction from ancient times to present, including affect on history and politics. Also entails essential elements of maps, their construction by hand and computer means, and how they are used to express information. Lecture and lab. Can be taken as GIS elective. Credits: 4

GEO311 Global Climate
Frequency: B
Introduction to short and long term physical, chemical and dynamic states of the atmosphere, measurement of meteorological parameters, weather systems and forecasting. Special emphasis is placed on regional climates, climatic change and potential societal economic effects of climatic change. Prerequisite: Any introductory science course. Credits: 3

GEO329 Regional Field Geology
Frequency: C
Participants are exposed to issues of regional Historical Geology during a seven-day field trip (Summer I). Students observe the record of multiple mountain-building episodes and basin evolution through a series of roadcut, stream, and quarry exposures. Aspects of the geologic record including cross-cutting relationships, biostratigraphy and paleoenvironmental inference are used at stops to reconstruct the regional geology puzzle. Knowledge of structural geology is recommended but is not essential. This course applies principles learned in GEO 210, but it also supplements information in GEO 345, GEO 370, and GEO 400. Students attend several orientation classes during the spring semester in preparation for the field course. During the course, students keep notes and prepare a field diary containing information from field stops. The course grade is based on the notebook turned in upon completion of the course. Offered in years when GEO 461 is not offered. Prerequisite(s): GEO 210 Credits: 2

GEO330 Geomorphology
Frequency: B
Study of geomorphic processes, resulting topographic features to underlying rocks and structures and to processes of erosion, deposition, and earth movements. Lectures and laboratory supplemented by field work. Library research leads to a written term paper. Prerequisite(s): GEO 165 and GEO 169
Credits: 4

GEO331 Restless Earth
Frequency: D
This course links the many time frames and events of geodynamics ranging from continental drift to earthquake hazards. The subject is presented from several viewpoints, including the history of science, spatial and temporal distribution of hazards and resources, and impacts on culture. Learning activities include small group discussions, computer manipulation of spatial data, reading from historical writings of scholars such as Lyell and Darwin, and a review of cultural impacts through paintings and films. Prerequisite: Any introductory science course. Prerequisite(s): GEO 165 Credits: 3

GEO335 Geophysics
Frequency: C
Emphasis on how problems dealing with the shape, mass, structure, composition, and tectonic history of the Earth can be resolved using such methods of geophysics as gravity, magnetics, and seismology. Lectures, laboratory, and field work lead to several written papers. Prerequisite(s): GEO 165 and GEO 169 Credits: 4

GEO341 Stars and Galaxies
Frequency: D
An introduction to stellar astronomy with emphasis on what is currently known about the life history of stars, the structure of galaxies - with emphasis on our own Milky Way Galaxy - and nebulae, and black holes and quasars, and dark matter. Included a historical overview of the study of stellar astronomy as well as considerations of the origin and ultimate fate of the universe, and the origin of the life in the universe. Must have completed the Natural Science category of the CCC. Credits: 3

GEO345 Paleontology
Frequency: C
Principles of paleontology; biologic relationships of fossil organisms, particularly ancient invertebrates. Emphasizes evolutionary principles and trends. Field work supplements lecture and laboratory. Prerequisite(s): GEO 210 Credits: 4

GEO359 Vanishing Earth Resources
Frequency: C
An interdisciplinary synthesis of perspectives on the Earth’s resources. A broad range of resources will be discussed in the context of population growth, the global commons, resource management, sustainable development, and environmental policy. The course will focus on the measurement, analysis, and evaluation of resources such as minerals, vegetation, animals, soils and landforms, atmosphere and climate, and water. Prerequisite(s): GEO 121 or GEO 165
Credits: 3

GEO370 Structural Geology
Frequency: B
Theoretical aspects of stress and strain as applied to natural rock systems; description and origin of rock structures in Earth’s crust. Laboratory work stresses structural interpretation of geologic maps. Field work supplements lectures and laboratory. Students are required to complete a paper on some aspect of structural geology; part of the revision processes will include peer review. Prerequisite(s): GEO 165 and GEO 169 Credits: 4

GEO400 Stratigraphy
Frequency: B
Principles of stratigraphy with examples of stratigraphic successions from various sedimentary basins around the world. Course emphasizes techniques of basin analysis and methods of basin formation. The writing and peer review of abstracts are stressed in the course. In addition, students are required to submit a written report describing their results of a field stratigraphic study of the Devonian section of western New York. Prerequisite(s): GEO 165 and GEO 169 and GEO 210
Credits: 4

GEO410 Directed Study
Frequency: A
Independent study and research in areas beyond formal courses. Permission of department. Credits: 1-3

GEO411 Mineralogy
Frequency: C
An introduction to descriptive crystallography and to chemical, physical, determinative and descriptive mineralogy. Areas covered include: crystal symmetry, classification, morphology, crystal chemistry, physical properties, geologic occurrence, significance, and characteristic properties of minerals. Lectures and laboratory supplemented with field trip. Prerequisite(s): CHEM 115 and GEO 165
Credits: 4

GEO421 Petrology
Frequency: C
Lecture emphasis on problems and hypotheses evolved with the origin of rocks. Laboratory stresses use of the petrographic microscope for identification, description, and analysis of rock materials. A well-written research paper, which may include computer, lab, and library research, is required. Course includes a one-week trip to study classic rock terrains in the Adirondack Mountains. Prerequisite(s): GEO 411 Credits: 4

GEO431 Geochemistry
Frequency: A
Scope, literature, and history of geochemistry. Principles and applications of geochemistry, including the elements; isotopes; geology; thermodynamics; water chemistry; crystal chemistry; organic geochemistry; geochemistry of sedimentary, igneous and metamorphic rocks. Lab work emphasizes instrumental methods of analysis. Prerequisite(s): GEO 411 Credits: 4

GEO445 Geosciences Internship
Frequency: A
Approved work-training experience with state or federal agency, museum, or industrial firm. Permission of department. Credits: 1-15

GEO450 Hydrogeology
Frequency: B
Hydrologic problems are analyzed by organizing information into a water budget and then quantifying the variables in the water budget equation. Common hydrologic variables include precipitation, evaporation, transpiration, stream flow, infiltration and groundwater. Groundwater is emphasized. Lectures supplemented by field work, lab measurements, and computer modeling. Prerequisite(s): GEO 165 and GEO 330 and GEO 169
Credits: 4

GEO455 Laboratory Supervision in Geosciences
Frequency: A
Students serve as laboratory assistants under supervision of faculty member. Four hours of work per week expected for each hour of credit elected; may be taken more than once. Does not count toward major requirements. Permission of the chairperson. Credits: 1

GEO459 Seminar in Geosciences
Frequency: A
Individual student presentation of two 20-minute seminars pertaining to the geology and geologic evolution of different provinces of the North American continent. Students are required to prepare an abstract and bibliography of their presentations. Permission of department. Credits: 1
German

GERM115 Elementary German I
Frequency: A
Continuation of GERM 115. Further introduction to fundamental speech patterns of spoken German. Increasing stress on listening comprehension, oral ability, reading, and writing skills. Credits: 3

GERM116 Elementary German II
Frequency: A
For students with no previous preparation. Study of fundamental speech patterns. Initial stress on listening comprehension and oral ability. Progressively greater emphasis on reading and writing skills. Prerequisite(s): GERM 115 Credits: 3

GERM215 Intermediate German I
Frequency: D
Continuation of oral and aural training; broadens reading and listening experience. Prerequisite(s): GERM 116 Credits: 3

GERM216 Intermediate German II
Frequency: D
Increases student’s ability to read, write, understand, and speak German through written analysis and discussion of German literary and expository works. Prerequisite(s): GERM 215 Credits: 3

GERM317 German Conversation
Frequency: D
Conversational exercises: reports, discussions. Readings from newspapers and cultural texts stressing contemporary colloquial German. Emphasis on idioms. Prerequisite(s): GERM 215 Credits: 3

GERM318 German Composition
Frequency: D
Practice in writing colloquial and formal German. Emphasis on idioms; style and structure in dialogue, descriptive and critical writing. Prerequisite(s): GERM 215 Credits: 3

GERM323 Germany Since 1918
Frequency: D
Cultural aspects of the Weimar Republic, the Third Reich, and contemporary Germany. Guest lecturers, readings, and films. In English. Credits: 3

GERM387 German Songs
Frequency: D
Literary background and analysis of selected Lieder. Co-requisite: MUS 387 Credits: 1

GERM400 Special Topics in German
Frequency: D
Special areas in German language, literature, or culture and civilization not covered by regular courses. Credits: 1-3

GERM410 Directed Study
Frequency: D
Individual directed study of a particular area or topic in German language or literature. Periodic meetings with instructor, writing of a substantial paper. Credits: 1-3

Geographic Information Systems

GIS201 Geographic Information Systems I
Frequency: B
The essential theory, components, and applications of Geographic Information Systems, including data structures, database management, spatial analysis, and automated mapping technology. The lab work will introduce students to commercially available Geographic Information Systems software. Credits: 3

GIS201 Geographic Information Systems II
Frequency: B
The expanded theory, components and applications of Geographic Information Systems. This course builds on topics presented in GI 201 Geographic Information Systems I, and introduces students to additional commercially available Geographic Information Systems software. Prerequisite(s): GIS 201 Credits: 3

GIS301 Geographic Information Systems III
Frequency: B
Provides opportunities for testing concepts and applications presented in the classroom. Interns have found opportunities in both the public and private sector. Credits: 3-6

GIS350 Remote Sensing/Image Processing
Frequency: C
Study of the conditions and/or state of remotely sensed objects and scenes. Application to many real world problems including harvest prediction, forest mapping, resource delivery, and extraterrestrial exploration. Image processing, pattern recognition, and geographic information systems (GIS). Prerequisite(s): GIS 201 Credits: 3

GIS360 Mapping the Social World
Frequency: C
Representation and analysis of the spatial structure of the social world using geographic information systems (GIS). Exploration of how such technology is used to exploit and commercialize the social world in ways that serve the interests of those who control the technology and how it could provide opportunities to reframe boundaries and identify new social spaces. Prerequisite(s): GIS 201 Credits: 3

GIS401 Special Topics in Geographic Information Systems
Frequency: D
In-depth examination of GIS topics introduced in GIS 201 or GIS 301. May be taken more than once as topics vary. Prerequisite(s): GIS 301 Credits: 3

GIS450 Directed Study
Frequency: A
Participation in GIS-related faculty research. Credits: 3

GIS460 Teaching Assistant
Frequency: A
Students have the opportunity to assist the instructor in the laboratory components of GIS 201 and GIS 301. Credits: 1-3

GIS480 Independent Study
Frequency: A
Individualized study under the close supervision of a faculty member. Students should have specific topics or projects in mind before approaching an instructor. Credits: 3

GIS490 Internship
Frequency: A
Provides opportunities for testing concepts and applications presented in the classroom. Credits: 3-6

HIST100 History Freshmen Seminar
Frequency: B
A one-credit course designed to help incoming freshmen - especially prospective history majors, minors, and social studies majors - to succeed at SUNY Fredonia. The course will introduce first year students to the academic, social, and citizenship aspects of college life. Further, it will introduce prospective History majors/minors and social studies majors to Departmental personnel, expectations, and career opportunities in History and associated disciplines. The course will also increase student awareness of the special techniques appropriate to the successful study and enjoyment of History and related disciplines. Finally, the seminar will introduce the student to the wide range of university resources, functions, and extra-curricular opportunities available to the Fredonia student. Credits: 1

HIST101 World History I
Frequency: A
Survey of the human experience from the Neolithic Revolution to the linking of the world (3500 B.C.E. - 1500 C.E.). Credits: 3

HIST102 World History II
Frequency: A
Survey of the human experience from the linking of the world to the present (1500 C.E. - 2000 C.E.). Credits: 3

HIST105 United States History I
Frequency: A
Survey from colonial times to 1877 of political, economic, social, and cultural development of America, including examples from New York State. Credits: 3

HIST106 United States History II
Frequency: A
Survey from 1877 of political, economic, social, and cultural development of America, including examples from New York State. Credits: 3

HIST107 Themes from American History
Frequency: D
Exploration in depth of single themes from the history of America. Specific themes vary from semester to semester. Course may have co-requisite. Credits: 1-3
HIST115 Western Civilization I
Frequency: A
A survey of the major ideas, events, cultural trends, experiences, traditions and achievements of the West. The class will follow the ebb and flow of progress and failures that have framed the Western World from the birth of civilization to the Age of Exploration.
Credits: 3

HIST116 Western Civilization II
Frequency: A
A survey of the major ideas, events, cultural trends, experiences, traditions and achievements of the West. The class will follow the ebb and flow of progress and failures that have framed the Western World from the rise of the nation state to the present day.
Credits: 3

HIST118 Themes from Western Civilization
Frequency: D
Exploration in depth of single themes from history of the Western world and its antecedent civilizations. Specific themes, which vary from semester to semester.
Credits: 1-3

HIST133 American Cultures
Frequency: A
An overview of American History from the colonial era to the present.
Credits: 3

HIST134 Western Cultures
Frequency: A
A topical and/or thematic examination of selected major ideas, events, cultural trends, experiences, traditions, and achievements of the West. The class will examine key elements of the Western World ranging from the birth of Western Civilization to the rise of the nation state and on to the present day.
Credits: 3

HIST135 World Cultures
Frequency: A
An overview of world cultures with topics ranging from the origin of humanity to the present.
Credits: 3

HIST201 Doing History
Frequency: A
Format varies depending on instructor, but all sections include intensive instruction in methods of historical reading, research, analysis, and writing. About 20 to 30 pages of required written work each semester. History and Social Studies majors should take the course in the sophomore year. Sophomore standing required.
Credits: 3

HIST202 Applied History
Frequency: D
Introduces students to applied historical research. Focus varies with semesters, e.g., creation of historical documentaries; local history archives and research.
Credits: 3

HIST203 History Through Films
Frequency: D
Examination of life, values, and beliefs of various cultures, countries, and epochs as exhibited in films. Film images compared with historical writing. Course may have co-requisite.
Credits: 1-3

HIST212 History of the Holocaust
Frequency: B
The Nazi murder of six million Jews and perhaps 10 million other people during World War II, for the sole purpose of eliminating undesirable people, may be the seminal event of the 20th century. This introductory, multimedia course surveys the Nazi programs of mass murder, explores their historical roots, and examines their consequences for our world today.
Credits: 3

HIST215 Holidays and American Culture
Frequency: C
This course will examine the invention, celebration, and meanings of American holidays from the colonial era to the present. Issues to be considered include the ways in which holidays have shaped cultural values and American identity and vice versa; the ways in which holidays have both reflected and shaped views of gender, race, class, and ethnicity; and the relationships between holidays and religious belief, nationalism, consumer culture and political ideology. The course will take a multicultural and interdisciplinary approach.
Credits: 3

HIST220 Introduction to Ethnicity/Race
Frequency: A
Interdisciplinary approach to race and ethnicity in the United States and other contemporary multietnic/multiracial societies.
Credits: 3

HIST225 Introduction to Latino History and Culture
Frequency: C
An interdisciplinary approach to historicizing the Latino experience in U.S. history. The course examines the political and cultural dynamics of Puerto Ricans, Mexicanos, Cubans, and Dominicans within an historical context sensitive to changes and continuities in American history.
Credits: 3

HIST261 Islamic Civilization
Frequency: C
The political, religious and social development of the Islamic Empire from pre-Islamic to Napoleonic era.
Credits: 3

HIST264 East Asian Civilizations
Frequency: B
Introduction to the history and cultures of East Asia from the Neolithic Revolution to the nineteenth century. The course focuses primarily on the domestic economic and political developments of China and Japan, but, where appropriate, it also includes aspects of the history of Central Asia, Korea and Southeast Asia. Similarity and diversity of these civilizations, cultural interrelation and regional interaction, and contact with the West, are among the topics to be covered.
Credits: 3

HIST265 Premodern East Asia
Frequency: D
The development of East Asian civilization from the Neolithic Revolution to the end of the 16th century, with emphasis on the classical philosophers, the growth of states and national economies, cultural exchange, and scientific and technological achievements.
Credits: 3

HIST266 Modern East Asia
Frequency: D
The history of East Asia from 1700 to the present. Covers domestic economic and political developments, interaction between the cultures and nations of the region, interaction with the West, and the revolutions of the 19th and 20th centuries.
Credits: 3

HIST268 The Atlantic World, 1500-1820
Frequency: C
Introduces the concept of the Atlantic World as a focus for study. Integrating and comparing the histories of Europe, the Americas, and Africa, this course will consider key interpretive themes, including European exploration and expansion; imperialism and colonialism; the emergence of an Atlantic economy; intercultural interaction and exchange; and the establishment of the African slave trade and the plantation economy.
Credits: 3

HIST272 Africa to 1800
Frequency: B
This course is a survey in African History from the 9th to the 19th centuries. Topically, it focuses on the relationship between major economic activities, including long-distance trade, and political transformations, such as the building of empires, and how they contributed to the spread of world religions such as Islam and Christianity. Examples will be drawn from four major regions: Northwest Africa (the Maghrib and Sahel), the East African (Swahili) coast, Southern Africa (the Zambezi basin and the Cape), and West Africa (Gulf of Guinea to the Congo).
Credits: 3

HIST273 Africa Since 1880
Frequency: B
A survey covering African History from the imposition of colonization to the liquidation. A comparative and multiple-delivery approach, examining layers of the encounter between different European powers and Africans and addressing questions of power and power relations.
Credits: 3

HIST282 Pre-Columbian and Colonial Latin America
Frequency: C
An introductory survey of the history of early Latin America, from antiquity to the European conquest to the wars for independence in the early 19th century. Special attention is given to indigenous and African influences in the shaping of society and culture. No pre-requisites.
Credits: 3

HIST283 Latin America: Revolution and Reform
Frequency: C
An introductory survey of the history of modern Latin America, from the wars for independence in the early nineteenth century to nation-state building, reform movements, violent revolutions, and democratization in the twentieth century. Special attention is given to Native American influences in the shaping of modern society. The contested role of the United States in Latin American domestic policy also is considered.
Credits: 3

HIST288 The Atlantic World, 1500-1820
Frequency: C
Introduces the concept of the Atlantic World as a focus for study. Integrating and comparing the histories of Europe, the Americas, and Africa, this course will consider key interpretive themes, including European exploration and expansion; imperialism and colonialism; the emergence of an Atlantic economy; intercultural interaction and exchange; and the establishment of the African slave trade and the plantation economy.
Credits: 3

HIST289 Comparative North America
Frequency: C
A survey of North American history that employs the methodology of comparative history to interpret the histories of the United States, Canada, and Mexico within a conceptual framework sensitive to continental similarities and differences. The course takes a thematic approach, and special attention is given to the political institutions and economic structures that have fostered transnational cooperation and continental integration. The social and cultural dimensions of discord and conflict also are examined.
Credits: 3
HIST299 Experimental Course in History
Frequency: D
Varies in content from semester to semester. Consult Course Offerings Bulletin and department notices for specific subject covered each semester.
Credits: 1-3

HIST301 Greek World: Classical Greece
Frequency: C
Evolution of Greek society from Minoan and Mycenaean culture to empire of Alexander the Great and his successors. Includes world of Homer, dark ages, the tyrants, colonial period, age of Fencles, rise of Macedonia, and the Hellenistic age. The legacy of Greece.
Prerequisite(s): HIST 101 or HIST 115
Credits: 3

HIST302 Republican/Imperial Rome
Frequency: C
Legends and stories of Rome’s foundation, early republic, absorption of Italy, Punic wars, conquest of Mediterranean world, conflicts of late republic. Augustus and the empire, the Pax Romana, time of troubles, decline and fall of the empire. The legacy of Rome.
Prerequisite(s): HIST 101 or HIST 115
Credits: 3

HIST303 Medieval History I
Frequency: C
History from legalization of Christianity by Constantine to Renaissance of 12th century. Includes Germanic invasions, Charlemagne, feudalism, the Crusades, birth of Europe, and first clashes of church and state.
Prerequisite(s): HIST 101 or HIST 115
Credits: 3

HIST304 Medieval History II
Frequency: C
History from high Middle Ages to c. 1500. Includes decline of feudalism and serfdom, great disputes on religion and society, world of new cities and trade, the new national spirit, and end of medieval unity.
Prerequisite(s): HIST 101 or HIST 115
Credits: 3

HIST305 The Renaissance
Frequency: D
General study of European development during Renaissance. Major emphasis on social and cultural development. Slides, tapes, and films utilized.
Prerequisite(s): HIST 101 or HIST 115
Credits: 3

HIST306 The Age of Reformation
Frequency: D
Origins of Protestant and Catholic reformation will contribute to an understanding of the persistence of conflict. Intellectual issues of the age presented in light of social, cultural, economic and political conditions.
Prerequisite(s): HIST 101 or HIST 115
Credits: 3

HIST309 The Modernization of Europe
Frequency: C
The major social, political, economic and cultural trends that have laid the foundations for the contemporary world: nationalisms; scientific, technological and industrial revolutions; modern ideologies, especially Marxism; modern militarism; imperialism; revolutions of 1789, 1830, 1848, 1905; modernization of society, life styles and values.
Prerequisite(s): HIST 102 or HIST 116
Credits: 3

HIST310 World Environmental History
Frequency: B
An introduction to the relationship between the natural environment and human development in the twentieth century. Much of the history of humanity’s interaction with the environment is one of catastrophes, but the course also investigates important and instructive examples of reform, reconstruction, and co-existence.
Prerequisite(s): HIST 102 or HIST 116
Credits: 3

HIST311 Europe in the Modern World
Frequency: C
The major transition of European society from World War I, when Europe ruled the world, to its present status, newly liberated from the superpowers of the Cold War, perhaps to be united as a super power. Special attention to international tensions, fascism, and the Nazi and Soviet experiences.
Prerequisite(s): HIST 102 or HIST 116
Credits: 3

HIST312 Modern Germany
Frequency: C
Germany from its modern unification in 1870 to its recent reunification. Emphasis will vary: nationalism and the impact of industrialization, imperialism; World War I and the revolution; problems of Weimar Republic; the Nazi experience, World War II, Holocaust; Cold War divisions, role in European unification and end of Cold War.
Prerequisite(s): HIST 102 or HIST 116
Credits: 3

HIST313 Medieval Russia, 860 - 1700
Frequency: C
An investigation of the Russian people, state and culture, with emphasis on the major social, institutional and ideological changes from the inception of the first Russian state - Kiev Russia - in the 9th century C.E., through the rise of Moscow, to the founding of the Russian Empire in the 18th century.
Prerequisite(s): HIST 101 or HIST 115
Credits: 3

HIST314 Imperial Russia
Frequency: C
The rise of Russia from Kievan times through the growth of autocracy and territorial expansion under Ivan the Terrible and Peter the Great, “Westernization,” and the development of radicalism, populism and Marxism from Catherine the Great through the Russian Revolution of 1917.
Prerequisite(s): HIST 102 or HIST 116
Credits: 3

HIST315 The Formation of France
Frequency: D
The social, political, economic and cultural history of France from 1200 to 1789. Emphasis on the rise of the monarchy, religious disension, popular culture, the age of Louis XIV, the growth of Enlightenment thought and the origins of the French Revolution.
Prerequisite(s): HIST 115
Credits: 3

HIST316 Twentieth Century Russia
Frequency: C
A political, intellectual and social examination of Russia in the 20th century. Topics include the causes of the decline of the Czardist regime, World Wars I and II, the Stalin dictatorship, and the rise and fall of the Soviet Union as a military superpower.
Prerequisite(s): HIST 102 or HIST 116
Credits: 3

HIST317 Modern France
Frequency: D
The leading social, economic and political events since the revolution of 1789. The major theme is the transformation of a rural and agrarian society in conflict with an urban nucleus of heavy industry into a modern technological community in which the schisms of 1789 are no longer relevant.
Prerequisite(s): HIST 116
Credits: 3

HIST321 The Dutch Republic, 1500 -1800
Frequency: D
Survey of the history of the Dutch Republic from the Burgundian and Habsburg periods to the Napoleonic Era, 1500-1800.
Prerequisite(s): HIST 102 or HIST 115 or HIST 116
Credits: 3

HIST322 French Revolution and Napoleon
Frequency: D
A major turning point in the ideological, social, and constitutional evolution of the modern West. Far-reaching change during a decade of revolutionary turmoil, followed by the dazzling career of Napoleon, who introduced the ideas and institutions of the Revolution to Europe and at the same time provided the substance of modern tyranny.
Prerequisite(s): HIST 116
Credits: 3

HIST323 Victorian Britain
Frequency: C
The transformation of Great Britain from an agrarian country governed by landed patricians to a nation directed by a commercial middle-class. The rise of democracy, an industrial economy, an urban society, public opinion, and a populist monarchy.
Prerequisite(s): HIST 102 or HIST 116
Credits: 3

HIST325 Colonial America
Frequency: C
North American history from European settlement through the mid-18th century. Topics will include exploration and early contact; settlement; and social, political, economic, and cultural development. Focus will be on the lives and perceptions of ordinary men and women.
Prerequisite(s): HIST 105
Credits: 3

HIST326 Twentieth Century Britain
Frequency: C
This course is intended to explore the history of Britain during the twentieth century. A range of political, social and economic developments will be examined, e.g. emergence of the welfare state, movements for political reform, imperial changes and the impact of two world wars.
Prerequisite(s): HIST 102 or HIST 116
Credits: 3

HIST327 Antebellum United States, 1820-1861
Frequency: C
Territorial expansion and resistance, the rise of the factory system and labor unions, political and cultural democratization, social reform, immigration and nativism, religious revivalism, slavery, and the causes of the Civil War.
Prerequisite(s): HIST 105
Credits: 3
COURSE DESCRIPTIONS 115

HIST328 Civil War Era
Frequency: C
The roots of the Civil War in antebellum northern and southern societies, war-time military, political, and social developments in the North and South, the Reconstruction experiment, the retreat from Reconstruction and the legacy of the war in the immediate post-war era and today. Prerequisite(s): HIST 105 Credits: 3

HIST330 Industrial America, 1890-1920
Frequency: C
The transformation of the U.S. from a rural/agrarian to an urban/industrial society. Topics include the process of industrialization and social upheavals that resulted; the development of the New South and New West; the emergence of the U.S. as a world power; the challenge of ethnic/cultural diversification; and the social and political reform movements of the era. Prerequisite(s): HIST 106 Credits: 3

HIST331 The Inter-War Years, 1919-1945
Frequency: D
The domestic scene in America from end of World War I to end of World War II, including discussion of business dominated 1920s, economic crisis and the New Deal of the 1930s, second World War, and other major trends, events, and figures. Prerequisite(s): HIST 106 Credits: 3

HIST332 United States History: 1945-Present
Frequency: B
The multi-cultural, economic, and political developments since World War II, including discussion of World War II, Cold War, counterculture, Civil Rights movement, the Reagan era. Prerequisite(s): HIST 106 Credits: 3

HIST333 African American History to 1877
Frequency: B
Survey of the historical forces, within the African American community and elsewhere, which have shaped the African American experience. The course explores the cultural, social, and political development of African Americans from their origins through Reconstruction. Credits: 3

HIST334 African American History since 1877
Frequency: B
Survey of the historical forces, within the African American community and elsewhere, which have shaped the African American experience. The course explores the cultural, social, and political development of African Americans from Reconstruction to the present. Credits: 3

HIST335 African American Women
Frequency: C
A survey of women's history from colonial times to present with emphasis on the changing status and definition of women's roles, race and ethnicity, and women's writings. Prerequisite(s): HIST 106 Credits: 3

HIST336 African American Black Women's History
Frequency: C
Explores the history of African descent in the Americas, with a particular focus on the United States. Covers black women's experiences from their African origins, through the Middle Passage, in enslavement, and in freedom. Issues addressed include labor, the black family, cultural expression, and racial identity (in comparative perspective). Prerequisite(s): HIST 333 or HIST 334 or ENGL 240 or ENGL 340 Credits: 3

HIST338 19th Century American Culture
Frequency: C
Examines how social, political, and economic changes have affected American culture and Americans' lives. Topics include consumption patterns; recreational activities; architectural styles; high and popular culture; family life; and social and cultural rituals. Prerequisite(s): HIST 105 Credits: 3

HIST339 20th Century American Culture
Frequency: C
Examines how social, political, and economic changes have affected American culture and Americans' lives. Topics include consumption patterns; recreational activities; architectural styles; high and popular culture; family life; and social and cultural rituals. Prerequisite(s): HIST 106 Credits: 3

HIST340 The Westward Movement
Frequency: D
The importance of the frontier and the expanding West to the development of the U.S., its history, institutions, beliefs, values, and national character. The West as myth and reality, from colonial times to facing confronting the 20th century trans-Mississippi West. Prerequisite(s): HIST 105 or HIST 106 Credits: 3

HIST341 From Revolution to Republic
Frequency: C
The roots of the American Revolution, the political military, economic and social developments associated with the War for Independence and the first decade of the Early Republic, and the legacy of the American Revolution. Prerequisite(s): HIST 105 Credits: 3

HIST342 The American Century
Frequency: C
The major issues in American foreign policy in the 20th century. The focus is on America's economic ascendancy and the effect of this prominence on 20th century world order. Prerequisite(s): HIST 106 Credits: 3

HIST344 African American Social Thought
Frequency: C
Critical reading of primary texts authored by African American social thinkers beginning in the 19th century up to the present day. Special emphasis on placing these writings within the scholarly debates about the paradigmatic theories of race relations-integrationism, accommodationism, and separatism/nationalism. Prerequisite(s): HIST 333 or HIST 334 Credits: 3

HIST345 Asian American History
Frequency: C
This course explores the experiences of Asian Americans from the mid-19th century to the present. Topics will include Asian diasporas in the United States; immigration and settlement issues; work and labor systems; racial ideologies and anti-Asian movements; gender, family and community formation; Asian Americans in American popular culture; Asian American cultural expressions and social organization; and American nationalism and debates over American citizenship. Credits: 3

HIST347 U.S. Immigration
Frequency: C
Immigration to the U.S., with an emphasis on comparing the experiences of European, African, Latin American, and Asian immigrants. Topics will include immigrants' lives, work, and communities; assimilation and cultural persistence; and the development of U.S. immigration policy. Prerequisite(s): HIST 105 or HIST 106 Credits: 3

HIST349 U.S. Military History
Frequency: D
The development of American military strategy and tactics. Focus on Civil War, World War I, and World War II. Prerequisite(s): HIST 105 or HIST 106 Credits: 3

HIST350 Vietnam/National Security State
Frequency: C
American foreign policy from F.D.R. to Nixon and its effects on Vietnam. American domestic policy and the growth of the National Security State. Prerequisite(s): HIST 106 Credits: 3

HIST351 Defining America
Frequency: D
Examines how private citizens, writers, politicians, business, the media and popular culture have defined America since 1776, how these definitions have changed over time, and the impact of race, ethnicity, gender, and class on these definitions. Prerequisite(s): HIST 106 Credits: 3

HIST352 U.S. Consumer Culture
Frequency: C
Examines the historical development of a consumer culture and its effects. Topics include the roots of consumer culture; the role of the industrial revolution; the development of marketing; and how consumption altered American life and culture in the twentieth century. Prerequisite(s): HIST 106 Credits: 3

HIST354 History of Globalization in Mexico
Frequency: D
Examines the complexities and nuances of modern Mexico society within an historical context sensitive to structural changes in both the global economy and Mexico's political culture. The course historicizes contemporary political, social, and economic phenomena by evaluating changes and continuities in the Mexican experience since the late nineteenth century. Credits: 3

HIST355 American Religious History
Frequency: D
American religion from the Puritans to the present as set in the larger social, economic and cultural context. Prerequisite(s): HIST 105 or HIST 106 Credits: 3

HIST356 American Indian History
Frequency: C
A survey of the history of North America from the perspective of American Indians, covering topics from the period before contact through the present. Possible topics may include precontact history and societies, the challenges of contact and colonization, Indian Removal, and continuing questions of sovereignty and treaty rights. Prerequisite(s): HIST 105 or HIST 106 Credits: 3

HIST357 Indians and Europeans in Early America
Frequency: D
Introduces the major topics and themes in the ethnohistory of early America from the earliest contacts between Native Americans and Europeans to the early 18th century through a comparative study of British, French, and Spanish interactions with Indigenous peoples. Prerequisite(s): HIST 102 or HIST 105 or HIST 115 Credits: 3
HIST358 20th Century American Indian Issues  
Frequency: D  
American Indian peoples in the twentieth century. Emphasis on federal policy development, the growth of political pan-Indian movements, the Indian image in popular culture, and current issues raised in the writings of contemporary authors representing a diversity of Indian nations.  
Prerequisite(s): HIST 264  
Credits: 3

HIST361 Modern Middle East  
Frequency: C  
History of the Modern Middle East (18th-20th century) with emphasis on the social, political and economic repercussions of the Western presence in the region.  
Prerequisite(s): HIST 261  
Credits: 3

HIST363 Chinese Culture Through Films  
Frequency: C  
Examines Chinese culture using a selection of literary texts and films. Thematic concerns include: aesthetic form and socio-political contents, gender relations, re-writing and re-presenting history, national and transnational identity through words and images. Ten or eleven screenings each semester.  
Prerequisite(s): HIST 264 or HIST 265 or HIST 266  
Credits: 4

HIST366 Late Imperial China  
Frequency: C  
From the late Ming dynasty to the fall of the Manchu Qing dynasty in 1912. Covers the rise of the Manchus, political and cultural developments in the Qing empire, and the Western impact in the 19th century.  
Prerequisite(s): HIST 264  
Credits: 3

HIST370 20th Century China  
Frequency: B  
From the fall of the Manchus (1912) to the present. Covers political and cultural developments, including nationalist and Communist revolutions, the Anti-Japanese War, and the People’s Republic through the post-Mao reforms.  
Prerequisite(s): HIST 264  
Credits: 3

HIST368 Modern Japan  
Frequency: D  
Japanese history from the founding of the Tokugawa shogunate to the present. Covers political and cultural developments during the shogunate, the Meiji Restoration, domestic political and cultural developments, and Japan’s interactions with the West and other East Asian nations in the 19th and 20th centuries.  
Prerequisite(s): HIST 264  
Credits: 3

HIST371 Russia After Stalin  
Frequency: C  
A thematic approach to recent Russian history. The course identifies Russia’s most critical immediate problems and places them in their historical context. Major themes include: political structures and practices; the economy; the military; domestic security; international relations; minorities; culture and society.  
Prerequisite(s): HIST 102 or HIST 116  
Credits: 3

HIST372 Africa in the 19th Century  
Frequency: C  
The course deals with five case studies of political and economic transformation in the nineteenth century. The case studies are drawn from three different parts of sub-Saharan Africa: Sokoto (Nigeria) and Ashanti (Ghana) in the West; the Zulu (Republic of South Africa) and Sotho (Lesotho) in the South; and Buganda (Uganda) in the East.  
Prerequisite(s): HIST 102 or HIST 272  
Credits: 3

HIST375 History of Authority  
Frequency: D  
Interdisciplinary analysis of the methods of domination and control employed in major Western cultures since the 17th century. Focus on 19th and 20th century United States, Prison, schooling, the market system, hegemony, the welfare state, narrative and the media.  
Credits: 3

HIST376 Film and American Culture  
Frequency: D  
Examines the links between film and American culture and society from the silent era to the present, with some emphasis on the Great Depression, the post-World War II years, and the 1980s. Thematic concerns include race and ethnicity, sexuality and gender, class, identity, postmodernism, voyeurism, and the new age. Ten or 11 screenings each semester.  
Prerequisite(s): HIST 106  
Credits: 3

HIST378 Canada and the Canadians  
Frequency: C  
Contemporary Canada: history, geography, population, parliamentary government, economic structure, free trade, Quebec nationalism and the British legacy.  
Credits: 3

HIST380 Pre-Columbian/Colonial Mexico  
Frequency: C  
Comprehensive examination of the early history of Mexico, including the political, economic, social, and cultural complexities of antiquity, the violence of the Conquest, and the structural transformations that took place in Indian Mexico after the arrival of the Spanish. Special attention is given to the cultural and political legacies of the Spanish influence in Mexico, with an eye toward assessing the domestic and global trajectories that pushed the colony to declare its independence from Spain in 1810.  
Credits: 3

HIST381 Mexico in the Modern World  
Frequency: C  
Comprehensive examination of the political, economic, and cultural history of Modern Mexico from the end of the colonial period through the nineteenth and twentieth centuries, a time-line marked by foreign invasions, dictatorships, modernization, social revolution and democratization. The course also evaluates the historical processes that have transformed Mexico into a strategic ally of the United States, as well as the tensions and discord that have often characterized the political and social relationship between the two countries.  
Credits: 3

HIST385 International Communication  
Frequency: D  
An examination of the media in a global context. Attention is focused on public and private management, regulatory mandates, and programming and publishing philosophy in the global village. Topics include cultural exchange and interaction between the media and consumers.  
Credits: 3

HIST386 Global Studies  
Frequency: C  
Study of cross-cultural encounters based on case studies from Africa, Asia, and the Americas (e.g. Spanish and Aztecs in Mexico; Dutch and Mughals in India; British and Zulus in South Africa).  
Prerequisite(s): HIST 101 or HIST 102  
Credits: 3

HIST387 Comparative Slave Societies  
Frequency: D  
The development, effects, and elimination of slavery in different societies and in various eras. Includes historians’ debates on slavery and its impact.  
Credits: 3

HIST389 Religion in Western Tradition  
Frequency: C  
Historical development of three great monotheistic faiths: Judaism, Christianity, Islam. Comparison of these creeds with earlier religions. The development of monotheistic faiths and their divergent branches and heresies into modern times. Changing religious ideals, values and practices over time.  
Prerequisite(s): HIST 101 or HIST 102 or HIST 115 or HIST 116  
Credits: 3

HIST390 Interpreting the Global Past  
Frequency: D  
Introduction to recent world history scholarship, exploring interpretations and understandings of certain topics and time periods from the age of transregional nomadic empires to the present (e.g. dependency and world systems analysis, the “rise of the West” and the “decline of the East,” “New or High” Imperialism).  
Credits: 3

HIST395 Topics in World Regional Civilizations  
Frequency: D  
Surveys of world regional civilizations (East Asia, South Asia, Africa, Latin America, the Middle East, and others). Area covered varies with the instructor. Open only to Early Childhood and Childhood Education majors concentrating in Social Studies.  
Prerequisite(s): (HIST 102 and HIST 115) or (HIST 101 and HIST 116)  
Credits: 3

HIST399 Experimental Course in History  
Frequency: D  
Varies in content from semester to semester. Consult Course Offerings Bulletin and department notices for specific subject covered each semester.  
Credits: 1-3

HIST400 Directed Study  
Frequency: A  
In-depth exploration of an historical topic under the direction of a department member. Student must have instructor’s approval before registering for course. Students should have specific topics in mind before approaching an instructor.  
Credits: 1-3

HIST409 Topics in Modern/Contemporary Europe  
Frequency: D  
Subject matter and credit hours will vary by semester and by instructor.  
Credits: 1-3

HIST432 Topics in 20th Century U.S. History  
Frequency: D  
Subject matter and credit hours will vary by semester and by instructor.  
Prerequisite(s): HIST 106  
Credits: 1-3
HIST490 Public History Internship
Frequency: A
Students interested in a career in public history may receive credit for an internship with an historical society, museum, archive, or other public history venue. Enrollment is to be arranged with an appropriate faculty sponsor.
Credits: 1-6

HIST495 Capstone Seminar
Frequency: A
The capstone course focuses on the in-depth study of an historical topic. Emphasis is on historiography, analysis of secondary literature and primary sources, and research methodology. Course is writing and speaking intensive. Format and topic varies depending on instructor.
Credits: 3

HIST499 Honors Research Seminar
Frequency: B
Focus is on historiography and research methodology through preparation of a research paper based on primary sources. By invitation only.
Prerequisite(s): HIST 201
Credits: 3

Health Education
HLTH115 First Aid Skills and Knowledge
Frequency: A
Prepares student, through knowledge and skills, to meet the needs of most emergency situations when first aid care is required and medical attention is not readily available. Personal safety and accident-prevention information incorporated to acquaint individuals with causes of many accidents, so that action may be taken to eliminate or minimize such causes. This course meets the coaching first aid requirements of the New York State Coaching Mandate.
Credits: 2

HLTH215 Personal and Community Health
Frequency: B
To develop positive attitudes toward health and optimum living and to influence formation of good habits affecting one’s physical, mental, and social well being. Emphasis will be on proper health behavior as it relates to the disease process. Brief consideration is given to the role of health agencies in assessing community health needs and coordinating activities to meet these needs.
Credits: 3

HLTH300 Education in Drugs/Alcohol/Tobacco
Frequency: A
Knowledge and methods in dealing with the problems of use of drugs, alcohol, and tobacco in elementary and secondary schools. Meets requirements for Education Law, Section 804, 804a, and 805. Limited to Education majors only.
Credits: 1

HLTH302 Stress Management
Frequency: A
Identifies the mechanisms that generate the human stress response and their physical and psychological effects on the body and mind. The course also introduces the student to developing personal strategies for effective stress management.
Credits: 1

HLTH303 Fitness and Nutrition
Frequency: A
The development of knowledge and skills necessary to become personally responsible for fitness and nutrition. Contents will be used as a basis for assessment of personal fitness and nutritional status and necessary personal behavior modification. Investigation of basic fitness and nutritional facts, energy balance, obesity, dieting, nutrition as related to disease, for personal goal setting.
Credits: 2

HLTH343 Drugs and Behavior
Frequency: B
The course provides students with a basic understanding of the effects of legal and illegal drugs on physiological and psychological functioning, and how drugs influence personal and social behavior.
Credits: 3

HLTH386 Wellness and Health Promotion
Frequency: A
The course emphasizes wellness as a positive approach to health promotion. The course explores ways of establishing effective health strategies that affect the physical, emotional and social self, use the mind constructively, channel stress energies positively, express emotions effectively, and enable the individual to interact with others.
Credits: 3

HLTH400 Internship
Frequency: A
Work under supervision in a community setting. Students are expected to complete 40 clock hours of direct service to individuals, groups, or organizations for each credit hour awarded. The internship will emphasize theory, knowledge and skills needed when working with and within groups and organizations. A learning contract encompassing job requirements, learning objectives and methods will be utilized to evaluate the intern.
Credits: 1-6

HLTH499 Independent Study
Frequency: A
The study of a particular topic related to Health and Wellness. Periodic meetings with an appropriate instructor will be scheduled. The topic may encompass individual research or a practical experience.
Credits: 1-3

Honors
HONR201-230
Frequency: A
Honors program course that will fulfill the College Core Curriculum and the Honors Program. Subjects of discussion range from current events to campus activities to metaphysical speculations.
Credits: 1

HONR300 Honors Colloquium
Frequency: A
A discussion course for students in the Honors Program. Subjects of discussion range from current events to campus activities to metaphysical speculations.
Credits: 1

HONR400-401 Honors Thesis
Frequency: D
Directed research leading to the preparation of a thesis.
Credits: 3

Interdisciplinary Studies
INDS105 Introduction to American Indian Studies
Frequency: D
An interdisciplinary approach to the study of American Indians. The first part of the course will examine the historical relationships between American Indians and the U.S. government. Emphasis will be placed on changes in federal policies, and the importance of law in shaping American Indian geography. Part two of the course examines the politics of “Indian Country”, the environment, changing Indian demographics and economic development. Part three will focus upon cultural politics and will examine American Indian ethnic identity, representations of Indians in movies and literature, and Indian self-expression through literature and other expressive forms.
Credits: 3

INDS106 Introduction to African American Studies
Frequency: B
Study of the intellectual and social origins of the discipline known as African American Studies. Key concepts, themes, and theories of the discipline will be discussed in the class.
Credits: 3

INDS110 EuroSim: Freshman
Frequency: B
This course meets weekly for 50 minutes, culminating in participation in a four-day intercollegiate, international simulation of the European Union (EuroSim) with participation of approximately 200 European and American students. EuroSim is organized and sponsored by the Institute for European Union Studies at the State University of New York and the Transatlantic Consortium for European Union Studies and Simulations. The simulation takes place at a university campus in New York State in odd years (spring semester) and at a European university in even years (winter break/January). Students are assigned alter egos (roles) and work on country teams.
Credits: 2

INDS210 EuroSim: Sophomore
Frequency: B
This course meets weekly for 50 minutes, culminating in participation in a four-day intercollegiate, international simulation of the European Union (EuroSim) with participation of approximately 200 European and American students. EuroSim is organized and sponsored by the Institute for European Union Studies at the State University of New York and the Transatlantic Consortium for European Union Studies and Simulations. The simulation takes place at a university campus in New York State in odd years (spring semester) and at a European university in even years (winter break/January). Students are assigned alter egos (roles) and work on country teams.
Credits: 2

INDS220 Introduction to Ethnicity/Race
Frequency: B
Interdisciplinary beginning course on race and ethnicity in the United States and other contemporary multithnic/multiracial societies.
Credits: 3

INDS225 Introduction to Latino History and Culture
Frequency: B
An interdisciplinary approach to historical and Latino experiences in U.S. history. The course examines the political and cultural dynamics of Puerto Ricans, Mexicans, Cubans, and Dominicans within a historical context sensitive to changes and continuities in American history.
Credits: 3
INDS240 African American Literature and Culture
Frequency: B
An examination of major works by African American novelists, poets, dramatists, filmmakers, musicians, and essayists in terms of the intellectual and political concerns of their periods and locations. Crosslisted with ENGL 240
Credits: 3

INDS241 Introduction to Latino Literature and Culture
Frequency: B
Examinations of literature by Latinas in the U.S. including poems, short stories, novels, plays, and essays but will also consider music, mass media representations, performance art, film and at least one documentary in order to give students a better picture of the cultures of U.S. Latinos (Chicanos, Puerto Ricans, Cuban Americans, Dominican Americans, etc.). Designed for students with no previous knowledge of U.S. Latino cultures or Spanish. Not a complete historical survey, but will introduce students to key issues for understanding U.S. Latino literature with texts from conquest to contemporary.
Credits: 3

INDS242 African American Literature
Frequency: B
Study of a variety of works, including traditional tales and lyrics, tale cycles, novels, poems, and memoirs, produced by Native Americans from historical beginnings to the present. Cross-listed with ENGL 242
Credits: 3

INDS285 Mock Trial I
Frequency: B
Preparation of case materials for participation in the trial competition sponsored by the American Mock Trial Association. Competition includes both civil and criminal litigation.
Credits: 0

INDS287 Mock Trial II
Frequency: B
Preparation of case materials for participation in the trial competition sponsored by the American Mock Trial Association. Competition includes both civil and criminal litigation.
Prerequisite(s): IND 285 or POLI 285
Credits: 3

INDS304 Latina Literature and Cultural Studies
Frequency: B
Study of contemporary Latina representations through the examination of literature, film, mass media, music, ethography. Focus of course is on U.S. Latina and transnational Latina identities.
Credits: 3

INDS310 EuroSim: Junior
Frequency: B
This course meets weekly for 50 minutes, culminating in participation in a four-day intercollegiate, international simulation of the European Union (EuroSim) with participation of approximately 200 European and American students. EuroSim is organized and sponsored by the Institute for European Union Studies at the State University of New York and the Transatlantic Consortium for European Union Studies and Simulations. The simulation takes place at a university campus in New York State in odd years (spring semester) and at a European university in even years (winter break/january). Students are assigned alter egos (roles) and work on country teams.
Credits: 3

INDS315 Italian American Experience
Frequency: D
This course examines the experience of Italians in the United States from an interdisciplinary perspective. It explores the push and pull factors during the peak years of Italian emigration, the culture, society, economy, and government they left behind, and the new world they entered.
Credits: 3

INDS400 Independent Study
Frequency: D
Intensive individual study of some aspect of multicultural studies involving a paper or project.
Credits: 3

INDS401 International Studies: Senior Colloquium
Frequency: D
Approved and supervised work training experience in a multietnic organization. Results to be communicated to faculty and students in a public forum.
Credits: 1

INDS402 African American Independent Study
Frequency: B
The capstone experience for the African American Studies minor. Selected interdisciplinary reading, research, discussions and reports on current issues in African American Studies.
Credits: 3

INDS403 Latino Studies Capstone
Frequency: B
The capstone experience for the Latino Studies minor. Selected interdisciplinary reading, research, discussions, and reports on current issues in Latino Studies.
Credits: 3

INDS404 Native American Capstone
Frequency: B
The capstone experience for the Native American Studies minor. Selected interdisciplinary reading, research, discussions, and reports on current issues in Native American Studies.
Credits: 3

INDS410 EuroSim: Senior
Frequency: B
This course meets weekly for 50 minutes, culminating in participation in a four-day intercollegiate, international simulation of the European Union (EuroSim) with participation of approximately 200 European and American students. EuroSim is organized and sponsored by the Institute for European Union Studies at the State University of New York and the Transatlantic Consortium for European Union Studies and Simulations. The simulation takes place at a university campus in New York State in odd years (spring semester) and at a European university in even years (winter break/january). Students are assigned alter egos (roles) and work on country teams.
Credits: 3

INDS480 Independent Study
Frequency: D
Open only to Interdisciplinary American Studies majors. Proposed independent studies must be described in the student’s approved Interdisciplinary Studies proposal.
Credits: 1-6

INDS489 Special Topics
Frequency: B
Topics of special or current interest offered periodically and taught from an interdisciplinary perspective.
Credits: 1-3

INDS490 Internship
Frequency: D
Open only to Interdisciplinary Studies majors. Students proposing internships must have an approved Interdisciplinary Studies proposal which includes the internship. Additionally, they must have completed the application required by the campus Office of Internships.
Credits: 0-6

INDS491 African American Studies Internship
Frequency: D
Open only to African American Studies minors. Students proposing internships must have an approved Interdisciplinary Studies proposal which includes the internship. Additionally, they must have completed the application required by the campus Office of Internships.
Credits: 0-6

INDS492 American Indian Studies Internship
Frequency: D
Open only to American Indian Studies minors. Students proposing internships must have an approved Interdisciplinary Studies proposal which includes the internship. Additionally, they must have completed the application required by the campus Office of Internships.
Credits: 0-6

INDS493 Latino Studies Internship
Frequency: D
Open only to Latino Studies minors. Students proposing internships must have an approved Interdisciplinary Studies proposal which includes the internship. Additionally, they must have completed the application required by the campus Office of Internships.
Credits: 0-6

International Education

INED400 Study Abroad
Frequency: A
Opportunities for study abroad as arranged through the Office of International Education.
Credits: 1-20

INED450 International Internship
Frequency: A
Opportunities for international internships as arranged through the Office of International Education.
Credits: 1-15

INED451 Study Abroad - Washington
Frequency: A
Prior selection required.
Credits: 1-15
International Studies
INTL101 Colloquium
Frequency: D
Explores the basic concepts and views of International Studies as well as offering an introduction to each area of specialization.
Credits: 1

INTL302 Russia after Stalin
Frequency: C
A thematic approach to recent Russian history. The course identifies Russia’s most critical immediate problems and places them in their historical context. Major themes include: political structures and practices; the economy; the military; domestic security; international relations; minorities; culture and society.
Prerequisite(s): HIST 102 and HIST 116
Credits: 3

INTL303 History of Globalization in Mexico
Frequency: D
Examines the complexities and nuances of modern Mexican society within a historical context sensitive to structural changes in both the global economy and Mexico’s political culture. The course historicizes contemporary political, social, and economic phenomena by evaluating changes and continuities in the Mexican experience since the late nineteenth century
Credits: 3

INTL305 Transitions in Bulgaria
Frequency: D
The goal of this course is to learn about Bulgarian history, culture, politics, economics, geography, and language with an emphasis on contemporary Bulgaria and the transition from Communism to democracy and capitalism. It is designed for students with no knowledge of Slavic languages. Comparison and contrasts with other Eastern/Central European countries will be made.
Credits: 3

INTL400 Overseas Study - Special Topics
Frequency: D
This course provides students with an international experience studying the history and politics of foreign countries. Course subject varies based on student and faculty interest.
Credits: 3-6

INTL404 Study Abroad: Margarita Island
Frequency: D
This course explores Margarita Island as a microcosm of Venezuela. Participants will explore the rich culture, traditions, tourism and eco-tourism capabilities of the island as well as its agricultural and fishing industrial potential. The finance district, international freeport as well as the Oceanic Studies Institute and various museums will provide participants with rich resources to study during their course
Credits: 3

INTL405 Bulgaria Study Tour
Frequency: D
A two-three week study/travel tour of Bulgaria. First week in Sofia includes lectures and visits to various government business and social organizations. Following would be travel to key cities and historical sites around Bulgaria. Possible side trip to Istanbul.
Prerequisite(s): INTL 305 or LANG 315
Credits: 3

Italian
ITAL115 Elementary Italian I
Frequency: A
For students with no previous preparation. Study of fundamental speech patterns. Initial stress on listening comprehension and oral ability. Progressively greater emphasis on reading and writing skills. Discussion of selected cultural aspects.
Credits: 3

ITAL116 Elementary Italian II
Frequency: A
Continuation of ITAL 115. Further introduction to fundamental speech patterns. For students with one semester of college-level Italian or equivalent. Stress on listening comprehension, oral ability, reading and writing skills. Discussion of selected cultural aspects.
Prerequisite(s): ITAL 115
Credits: 3

Japanese
JAPN115 Elementary Japanese I
Frequency: B
For students with no previous preparation. Study of fundamental vocabulary and speech patterns. Initial stress in listening comprehension and oral ability. Progressively greater emphasis on reading and writing skills.
Credits: 3

JAPN116 Elementary Japanese II
Frequency: D
For students with previous preparation. Continued study of fundamental vocabulary and speech patterns. Initial stress on listening comprehension and oral ability. Progressively greater emphasis on reading and writing skills.
Prerequisite(s): JAPN 115
Credits: 3

Journlism
JOUR270 Issues in Journalism
Frequency: A
The basic course in journalism focuses on how the print media function in our society and provides practice in writing for such media. Major ethical and legal issues are introduced and discussed.
Credits: 3

JOUR366 Opinion in Journalism
Frequency: C
This core course focuses on the issues surrounding “fact” vs. “opinion” in journalism, including discussion of concepts such as objectivity, truth, and the importance of background, context and balance. Students will gain experience with techniques appropriate to presentation of opinion and critical commentary such as columns, editorials, cartoons and critical reviews of the arts as well as learning how to thoughtfully critique such work.
Cross-listed as ENGL 366.
Prerequisite(s): (JOUR 270 or ENGL 270) and MEDA 101 and COMM 102
Credits: 3

JOUR370 Reporting and Newswriting I
Frequency: B
This core course emphasizes the development of reporting skills and gathering of information for news and features through interviews and public record research. Peer and small group editing, and discussion of contemporary ethical issues in journalism are fundamental to the course.
Credits: 3

JOUR371 Reporting and Newswriting II
Frequency: B
This core course reviews and expands reporting and in-depth interviewing skills, including study of the differences between interviewing for print and broadcast media. A focus on peer editing and critique, revision, and a continued examination of ethical and legal questions in addition to the changing role of print, broadcast and electronic media in society are fundamental to the course.
Prerequisite(s): JOUR 370
Credits: 3

JOUR465 Internship
Frequency: A
Journalism internships. Interns work four hours per week for one credit hour. Permission of journalism coordinator required prior to registration. Students must complete the campus Learning Contract in order to receive credit. Journalism minors only.
Prerequisite(s): JOUR 370
Credits: 1-3

JOUR470 Campus Media Practicum
Frequency: A
On-campus media practice in order to help students build their portfolios and gain hands-on experience. Students enrolled must be approved as staff writers/members of WNYF, Fredonia Radio Systems or The Leader and must provide a letter of recommendation from the appropriate station manager/news editor/managing editor verifying their position on the staff; additionally, students must submit a portfolio of work completed during the semester in which they are enrolled in the course to the journalism coordinator in order to receive credit. Permission of journalism coordinator required prior to registration. Journalism minors only.
Prerequisite(s): JOUR 366 or JOUR 370
Credits: 3

JOUR471 Leader Editors Seminar
Frequency: A
Students must be assistant desk editors, desk editors or senior editors at The Leader during the semester in which they are enrolled in the course. Students not only fulfill all the duties of their position but also meet with the newspaper’s faculty advisor several times during the semester to discuss together ways to improve the paper. Permission of journalism coordinator required prior to registration.
Credits: 3

JOUR480 Independent Study
Frequency: A
Independent Study of issues in Journalism. Periodic meetings with instructor are required; writing assignments to be determined by student in consultation with instructor. Permission of journalism coordinator required prior to registration. Journalism minors only.
Prerequisite(s): JOUR 366 or JOUR 370
Credits: 1-3
Foreign Languages

LANG315 Transitions in Bulgaria
Frequency: D
The goal of this course is to learn about Bulgarian history, culture, politics, economics, geography, and language with an emphasis on contemporary Bulgaria and the transition from Communism to democracy and capitalism. It is designed for students with no knowledge of Slavic languages. Comparison and contrasts with other Eastern/Central European countries will be made.
Credits: 3

LANG322 French Civilization/Culture
Frequency: B
Introduction to the political development of France and issues of community, family, gender and class in determining French national identity. Topics include Gothic cathedrals, Joan of Arc, the chateaux of the Loire, the Sun King and Versailles, Le Louvre, the age of reason, Napoleon and the establishment of the Republic.
Credits: 3

LANG323 Germany Since 1918
Frequency: D
Cultural aspects of the Weimar Republic, the Third Reich, and contemporary Germany. Guest lecturers, readings, and films in English.
Credits: 3

LANG327 Sex/Magic in Latin American Literature
Frequency: D
(Spanish majors will read the Spanish originals). A study of 20th century Spanish American thought and culture through reading and discussing works of fiction and popular song lyrics, and interviews with writers. Some of the central issues will involve attitudes toward sex and sexual roles as well as the peculiarly Latin American brand of literature known as Magical Realism.
Credits: 3

LANG328 Don Juan and Don Quixote
Frequency: D
(Spanish majors will work with original texts). A defining characteristic of Spanish literature is the creation of supremely powerful personalities. The purpose of the course is to introduce the student to the development of two of these archetypes: Don Juan and Don Quixote. Discussion of the chronological development of these figures from the earliest representation to the present day, and discussion of those aspects which mark the works to be studied as products of particular cultures at specific historical moments.
Credits: 3

LANG371 Canadian Writers
Frequency: D
An introduction to some of Canada’s most significant writers, both anglophone and francophone. Although this is primarily a literature course, considerable attention will be devoted to Canadian history and politics, and to the notion of the Canadian identity.
Credits: 3

LANG378 Canada Today
Frequency: B
A look at the history, politics, culture, and geography of Canada and an analysis of contemporary issues affecting Canada and its neighbors.
Credits: 3

LANG385 German Film
Frequency: D
This course will address contemporary civilization in Germany in that it will examine its artistic expression in drama and film. The works of major directors such as Fritz Lang, Leni Riefenstahl, Werner Herzog, and Wim Wenders will be examined. Short examples of Fassbinder, Schindlendorf and vonTrotta will be shown to contrast their work and style.
Credits: 3

LANG388 Spanish Civilization/Culture
Frequency: D
A comprehensive introduction to aspects of Spanish civilization and culture: geography, history, social customs, political movements, literature and art. In English.
Credits: 3

LANG398 The Holocaust in Literature
Frequency: D
An interdisciplinary attempt to make sense of the Holocaust through a variety of literary, philosophical, religious, historical, and allegorical formulations.
Credits: 3

LANG400 Special Topics in Foreign Language
Frequency: D
Special areas in foreign languages and literatures not covered by regular courses.
Credits: .5-3

LANG406 Women in French Literature
Frequency: B
An examination of how texts about women written by Francophone males have through history described women, defined their lives and destinies in keeping with the needs and requirements of these writers.
Credits: 3

LANG410 Directed Study
Frequency: D
Individual supervised study of a particular area or topic in any of the department’s language or literature offerings. Periodic meetings with instructor; writing of a substantial paper.
Credits: 1-3

LANG415 Bulgaria Study Tour
Frequency: D
A two-three week study/travel tour of Bulgaria. First week in Sofia includes lectures and visits to various government business and social organizations. Following would be travel to key cities and historical sites around Bulgaria. Possible side trip to Istanbul. Prerequisite(s): LANG 315 or INTL 305
Credits: 3

Liberal Arts

LART151 Liberal Arts Freshmen Explore for Major
Frequency: B
Second-semester Liberal Arts freshmen who have not yet chosen a major are required to attend 15 of 17 class meetings offered during the first-half of the spring semester. This part of The Liberal Arts Freshman Year Experience provides students with a survey of the variety of major offerings. Presentations are made by faculty, chairpersons, students and deans from departments and divisions across campus. In addition to answering any questions students may have, these discussions explain the requirements for each discipline as well as the career paths students have taken with these majors, whether or not graduate school is indicated, what remuneration can be expected and more. Grading is done on a Satisfactory/Unsatisfactory basis determined by attendance.
Credits: 1

Mathematics Education

MAED105 Introduction to Contemporary Education
Frequency: A
Introduction to middle and secondary mathematics education, its principles and practices. Organization of schools, planning, teaching styles, classroom management, and instructional materials in mathematics education are among the topics considered. Direct experiences with middle and secondary school students are an integral part of the course.
Co-requisite(s): MAED 106
Credits: 3

MAED106 Contemporary Education - Field Experience
Frequency: A
Provides participants an opportunity to observe classroom operations, observe and describe the role of the teacher, conduct focused observations and interview, work with individual and small groups of candidates on a teaching project.
Co-requisite(s): MAED 105
Credits: 0
MAED207 Mathematics Tutoring in the Community
Frequency: A
This course is designed for students working as Math and Science Partnership mathematics tutors in the local community. Students eligible for the work-study program or working as volunteers, tutor in area schools or after-school programs. The course examines issues such as getting children interested in mathematics, how to explain various topics, working with groups vs. individuals, and cultural differences. Problems encountered in the tutoring experience will be discussed. Students must apply through the Mathematics Department. Credits: 1

MAED276 Literacy and Technology for Science and Mathematics
Frequency: A
This course provides an overview of the processes involved in literacy acquisition and instructional technologies available to enhance teaching in science and mathematics. The relationship of reading and writing, and aspects of writing development and writing process appropriate to each stage of reading development will be presented. Topics: conceptual and methodological issues related to instruction and acquisition of reading, the role and use of technology in literacy instruction, assessment of candidate’s reading and writing, diversity in reading acquisition, use of computers, graphing calculators and other multimedia applications.
Credits: 3

MAED301 Mathematics for School Teachers I
Frequency: A
Meaning, development and communication of number ideas and logical structure of base ten number systems (as well as other bases); the concepts and procedures related to the basic algorithms of arithmetic, problem solving and mathematical modeling within the whole number system and positive rational number system. Course open only to students seeking certification to teach at the early childhood, childhood, or middle childhood level. Sophomore standing required.
Credits: 3

MAED302 Mathematics for School Teachers II
Frequency: A
Meaning, development and communication in the real number system; problem solving and mathematical modeling within this system; including proportional reasoning; algebra, statistics, probability, properties of geometric shapes and measurement in 2 and 3-dimensions. Course open only to students who are seeking certification to teach at the early childhood, childhood or middle childhood level.
Prerequisite(s): MAED 301
Credits: 3

MAED303 Mathematics for School Teachers III
Frequency: A
Further development of geometry concepts; including triangle congruence and similarity; coordinate geometry and transformations; advanced problem solving using algebraic models, geometric models and other modeling techniques; emphasis on the framework provided by the National Council of Teachers of Mathematics for elementary/middle school mathematics; investigation of concepts teachers must know in order to build and refine mathematical ideas and connections in K-8.
Prerequisite(s): MAED 302
Credits: 3

MAED305 Diversity in the Teaching of Science and Mathematics
Frequency: A
This course provides a theoretical framework for exploring and developing a culturally responsive approach to the teaching of mathematics and science. In exploring different instructional formats, this course allows candidates to develop approaches that prepare them for an ever-increasing population of students that reflect diverse backgrounds and abilities. The field experience is a co-requisite that allows the candidates the opportunity to apply their knowledge on the issues presented in the coursework to a diverse population.
Co-requisite(s): MAED 313
Credits: 3

MAED310 Reading and Writing Mathematics
Frequency: A
This course will use the vehicle of problem solving to help students develop their abilities in reading and writing mathematics. It will also focus on how reading and writing exercises can be used to enhance the teaching and learning of mathematics, and how reading and writing mathematics can be used to enhance the teaching of literacy. This course will include discussions of reading mathematics, writing mathematics, oral presentation of mathematics, and problem solving techniques. “Communication” is one of the standards from Principles and Standards for School Mathematics of the National Council of Teachers of Mathematics. Students will read and discuss material from the NCTM and other sources related to this standard.
Prerequisite(s): MATH 210 and (EDU 276 or MAED 276)
Credits: 3

MAED313 Diversity in the Teaching of Science and Mathematics Field Experience
Frequency: A
This course is the field component to MAED 305. Candidates will use different instructional formats to develop effective approaches for teaching science to students with different backgrounds and abilities in diverse educational learning environments.
Co-requisite(s): MAED 305
Credits: 0

MAED325 Software for Mathematics Education
Frequency: A
Introduction to software packages appropriate for use by mathematics educators. Topics selected from, but not limited to: web page design, programming scientific word processors, spreadsheet applications, computer algebra systems, and specialized packages such as Geometer’s Sketchpad.
Prerequisite(s): MATH 121 or MATH 123
Credits: 3

MAED410 Seminar: Mathematics for High School Teachers
Frequency: B
This course is intended for future teachers of high school mathematics to help them develop a deeper knowledge of some key topics in the high school curriculum. Topics will be chosen from the following: Complex numbers, functions including logarithmic, exponential and trigonometric functions, curve-fitting, transformations, equations, inequalities and algebraic expressions. Students must have senior standing in the Mathematics/Adolescence Education major.
Credits: 3

MAED417 Middle School (Grades 5-9) Methods in Mathematics
Frequency: B
Principles, materials, and methods for teaching middle school (grades 5-9) mathematics. The course serves as the primary methods course for students pursuing initial certification in Middle Childhood Education - Mathematics Specialist.
Credits: 3

MAED419 Secondary School (Grades 7-12) Methods in Mathematics
Frequency: B
Principles, materials, and methods for teaching secondary school (grades 7-12) mathematics. The course serves as the primary methods course for students pursuing initial certification in Adolescence Education - Mathematics. Note: must be successfully completed before student teaching.
Credits: 3

Mathematics
MATH100 Freshman Seminar
Frequency: B
This course seeks to help students utilize campus resources effectively, learn useful academic skills, especially those relevant to mathematics, develop a support network, become more self-aware, promote personal health and wellness, and appreciate diversity. This course will also give some emphasis to applications of calculus and to the communication of mathematics.
Co-requisite(s): MATH 122
Credits: 1

MATH104 Elementary Mathematics
Frequency: B
Sequences and difference equations; models of growth, including linear, quadratic, geometric, and logistic growth models; linear regression; other growth and regression models and an introduction to chaos as time permits. The course uses elementary mathematical models as a vehicle for developing the students' algebraic, geometric, and problem-solving abilities. N.Y.S. Regents Course II or equivalent required.
Credits: 3

MATH104 Elementary Mathematical Models
Frequency: B
Sequences and difference equations; models of growth, including linear, quadratic, geometric, and logistic growth models; linear regression; other growth and regression models and an introduction to chaos as time permits. The course uses elementary mathematical models as a vehicle for developing the students' algebraic, geometric, and problem-solving abilities. N.Y.S. Regents Course II or equivalent required.
Credits: 3

MATH104 Elementary Mathematical Models
Frequency: B
Sequences and difference equations; models of growth, including linear, quadratic, geometric, and logistic growth models; linear regression; other growth and regression models and an introduction to chaos as time permits. The course uses elementary mathematical models as a vehicle for developing the students' algebraic, geometric, and problem-solving abilities. N.Y.S. Regents Course II or equivalent required.
Credits: 3

MATH104 Elementary Mathematical Models
Frequency: B
Sequences and difference equations; models of growth, including linear, quadratic, geometric, and logistic growth models; linear regression; other growth and regression models and an introduction to chaos as time permits. The course uses elementary mathematical models as a vehicle for developing the students' algebraic, geometric, and problem-solving abilities. N.Y.S. Regents Course II or equivalent required.
Credits: 3

MATH104 Elementary Mathematical Models
Frequency: B
Sequences and difference equations; models of growth, including linear, quadratic, geometric, and logistic growth models; linear regression; other growth and regression models and an introduction to chaos as time permits. The course uses elementary mathematical models as a vehicle for developing the students' algebraic, geometric, and problem-solving abilities. N.Y.S. Regents Course II or equivalent required.
Credits: 3

MATH104 Elementary Mathematical Models
Frequency: B
Sequences and difference equations; models of growth, including linear, quadratic, geometric, and logistic growth models; linear regression; other growth and regression models and an introduction to chaos as time permits. The course uses elementary mathematical models as a vehicle for developing the students' algebraic, geometric, and problem-solving abilities. N.Y.S. Regents Course II or equivalent required.
Credits: 3

MATH104 Elementary Mathematical Models
Frequency: B
Sequences and difference equations; models of growth, including linear, quadratic, geometric, and logistic growth models; linear regression; other growth and regression models and an introduction to chaos as time permits. The course uses elementary mathematical models as a vehicle for developing the students' algebraic, geometric, and problem-solving abilities. N.Y.S. Regents Course II or equivalent required.
Credits: 3

MATH104 Elementary Mathematical Models
Frequency: B
Sequences and difference equations; models of growth, including linear, quadratic, geometric, and logistic growth models; linear regression; other growth and regression models and an introduction to chaos as time permits. The course uses elementary mathematical models as a vehicle for developing the students' algebraic, geometric, and problem-solving abilities. N.Y.S. Regents Course II or equivalent required.
Credits: 3

MATH104 Elementary Mathematical Models
Frequency: B
Sequences and difference equations; models of growth, including linear, quadratic, geometric, and logistic growth models; linear regression; other growth and regression models and an introduction to chaos as time permits. The course uses elementary mathematical models as a vehicle for developing the students' algebraic, geometric, and problem-solving abilities. N.Y.S. Regents Course II or equivalent required.
Credits: 3
MATH105 Survey of Precalculus  
Frequency: A  
This course is designed to prepare students to take Survey of Calculus (MATH 120) and emphasizes multi-step problem solving. Topics include algebraic, exponential and logarithmic functions and their graphs, transformations and combinations of functions, a review of algebra and geometry, solving inequalities and systems of equations, and computational technology. (This course is not open to students who have completed MATH 106 with a grade of C- or better or who have completed a calculus course.) Prerequisites: N.Y.S. Regents Course II or N.Y.S. Regents Math B  
Credits: 3

MATH106 University Precalculus  
Frequency: A  
This course is designed to prepare students to take University Calculus (MATH 122) and emphasizes multi-step problem solving. Topics include a review of algebra, solving inequalities, algebraic and transcendental functions, trigonometry, analytic geometry, applications and computational technology. (Not open to students who have completed a calculus course with a grade of C- or better.) Prerequisites: N.Y.S. Regents Course III or N.Y.S. Regents Math B  
Credits: 3

MATH108 Mathematics for the Management, Life, and Social Sciences  
Frequency: B  
Introduction to concepts in mathematics considered essential in business, biology, and the social and behavioral sciences. Topics are selected from linear models, matrices, linear programming, nonlinear models, probabilistic models. Includes applications to biology, business, economics and the mathematics of finance. MATH 104 or N.Y.S. Regents Math B required.  
Credits: 3

MATH110 Mathematics in Action  
Frequency: A  
Emphasizes the real-world significance of mathematics and the applications of several areas of mathematics. Some topics: design of street networks, planning and scheduling, weighted voting systems, fair division and apportionment, measuring populations and the universe, and statistics. MATH 104 or N.Y.S. Regents Math B is required.  
Credits: 3

MATH117 Why Mathematics?  
Frequency: A  
Introduces the liberal arts student to the nature of mathematics and what mathematicians can do. An emphasis on presenting ideas and mathematical concepts rather than on attaining computational skills. Ideas from algebra, geometry, number theory, set theory and topology are presented with emphasis on their history and relevance to other disciplines. MATH 104 or N.Y.S. Regents Math B required.  
Credits: 3

MATH120 Survey of Calculus I  
Frequency: A  
Introduction to differential calculus for functions of a single variable, with applications to the behavioral, management and social sciences. Not open to students majoring in Mathematics, Physics or Chemistry. Credit will not be given for both MATH 120 and MATH 122. Prerequisite: MATH 105 or four years of college preparatory mathematics.  
Credits: 3

MATH121 Survey of Calculus II  
Frequency: A  
Introduction to integral calculus for functions of a single variable and to the calculus of functions of several variables. Included are techniques of integration and differentiation, and applications of these techniques to the behavioral, management and social sciences. Not open to students majoring in Mathematics, Physics or Chemistry. Credit will not be given for both MATH 121 and MATH 123. Prerequisite(s): MATH 120  
Credits: 3

MATH122 University Calculus I  
Frequency: A  
Functions, inverse functions, limits, continuity, derivatives, indeterminate forms, antiderivatives; applications to rectilinear motion, graphing, maxima-minima, related rates; computational technology. Credit will not be given for both MATH 120 and MATH 122. Prerequisite: MATH 106 or four years of college preparatory mathematics.  
Credits: 4

MATH123 University Calculus II  
Frequency: A  
Definite integrals, the fundamental theorem of calculus, techniques of integration, applications of the definite integral in the physical sciences and geometry, improper integrals, differential equations, sequences and series. Credit will not be given for both MATH 120 and MATH 123. Prerequisite(s): MATH 122  
Credits: 4

MATH124 Survey of Calculus III  
Frequency: B  
Calculus of the trigonometric and inverse trigonometric functions; linear approximations and differentials; L'Hospital's rule; additional techniques and applications of integration; volumes; techniques of integration; arc length; surface area; infinite series; key examples from the physical sciences. Not open to students who have completed MATH 123 or equivalent. Prerequisite(s): MATH 121  
Credits: 3

MATH190 Honors Problem Solving  
Frequency: B  
Designed to engage promising mathematics students in solving problems related to calculus and its applications. Students are partitioned into small groups and given interesting and nontrivial problems to work on together. Students present solutions in class and are required to record their work in notebooks. Prerequisite(s): MATH 123  
Credits: 2

MATH210 Discrete Mathematics  
Frequency: A  
Careful study of the foundations of mathematics needed for study of mathematics at the advanced undergraduate level. Topics from logic, set theory, elementary number theory, mathematical induction, functions, relations, basic combinatorics. Credit will not be given for both MATH 210 and CSIT 241. Prerequisite(s): MATH 121 or MATH 123  
Credits: 3

MATH223 University Calculus III  
Frequency: A  
Parametric equations, polar, cylindrical, and spherical coordinates, vector algebra, equations of lines, planes, quadratic surfaces, vector functions and space curves, calculus of functions of several variables including multiple integration; applications to the physical sciences and geometry; computational technology. Prerequisite(s): MATH 123 or MATH 124  
Credits: 4

MATH231 Linear Algebra  
Frequency: A  
Thorough treatment of linear algebraic systems, matrix algebra; determinants; vector spaces; linear independence; basis and dimension; inner product spaces; least squares approximation; eigenvalues and eigenvectors; diagonalization. Selected applications to physics, economics, geometry, statistics, and differential equations. MATH 210 recommended. Prerequisite(s): MATH 121 or MATH 123  
Credits: 4

MATH290 Sophomore Honors Mathematics  
Frequency: B  
Mathematics majors who excels in calculus and/or discrete mathematics may be invited to join the Honors Program in Mathematics. MATH 290 is the first course in the Honors Program. It looks at advanced topics from calculus, discrete mathematics, and linear algebra, with emphasis on reading and writing mathematical proofs. Prerequisite(s): MATH 210  
Co-requisite(s): MATH 231  
Credits: 3

MATH307 Math and Music  
Frequency: C  
Explores how mathematical ideas have been used to understand and create music, and how musical ideas have influenced math and science. Topics selected from the history of tuning and alternative tuning, the Music of the Spheres doctrine, historical theories of consonance, contributions to music theory by mathematicians, mathematical analysis of sound, philosophical and cognitive connections between math and music, and math in music composition and instrument design. An ability to read music is recommended. This course is not intended for math majors.  
Credits: 3

MATH315 Theory of Equations  
Frequency: D  
Study of the theory of polynomial equations. Rational, real and complex roots of algebraic equations, the Remainder and Factor theorems, Fundamental Theorem of Algebra, solutions of cubic and bi-quadratic equations and approximation of roots. Prerequisite(s): MATH 210  
Credits: 4

MATH322 Partial Differential Equations  
Frequency: C  
A first course with emphasis on boundary value problems encountered in mathematical physics. Fourier series; separation of variables; D'Alembert's solution; the heat, wave and potential equations. Additional topics such as Sturm-Liouville problems or Laplace transforms as time permits. Prerequisite(s): MATH 224  
Credits: 3
MATH323 Intermediate Real Analysis
Frequency: B
Careful presentation of the ideas of calculus that are developed intuitively in the usual freshman-sophomore calculus courses. Techniques of proof in analysis; countable sets and cardinality; the real line as a complete ordered field; some topology of the real line; sequences and their limits; continuous functions and their properties; other topics as time permits.
Prerequisite(s): MATH 210 and MATH 223
Credits: 3

MATH325 Numerical Analysis
Frequency: C
Prerequisite(s): MATH 210 and Study of integers and theirFrequency: C
Prerequisite(s): MATH 331
Switching networks, and applications to geometric groups, rings, and fields, with Continuation of the study of
presented.

MATH331 Abstract Algebra I
Frequency: B
An introduction to the development of mathematical models to solve various applied and industrial problems. Topics will include one and multivariable optimization, Lagrange multipliers, sensitivity analysis in optimization models, analysis and simulation of discrete and continuous dynamic models.
Prerequisite(s): MATH 223 and MATH 231
Credits: 3

MATH332 Abstract Algebra II
Frequency: C
Continuation of the study of groups, rings, and fields, with applications to geometric symmetry, crystallography, switching networks, and error-correcting codes.
Prerequisite(s): MATH 331
Credits: 3

MATH335 Number Theory
Frequency: C
Study of integers and their properties; divisibility; primes; congruencies; multiplicative functions; quadratic residues; quadratic reciprocity; Diophantine equations.
Prerequisite(s): MATH 210 and MATH 231
Credits: 3

MATH337 Combinatorics
Frequency: C
The addition, multiplication and permutation principles; Permutations and combinations, partitions and distributions; the binomial and multinomial theorems. Generating functions; recurrence relations; principle of inclusion-exclusion; combinatorial algorithms or designs as time permits.
Prerequisite(s): MATH 210 and MATH 231
Credits: 3

MATH341 Geometry
Frequency: B
Study of Euclidean geometry from both a synthetic and analytic viewpoint. Axioms for geometries; transformations; triangles and other basic shapes; constructions. Some consideration given to finite, neutral, and non-Euclidean geometries. Use of software such as Geometer’s Sketchpad.
Prerequisite(s): MATH 210
Credits: 3

MATH359 Probability Models in Operations Research
Frequency: C
Topics chosen from stochastic processes; birth-death processes; queueing theory; inventory theory; reliability; decision analysis; simulation.
Prerequisite(s): STAT 350 and MATH 231
Credits: 3

MATH365 Financial Mathematics
Frequency: C
A rigorous treatment of the mathematical theory associated with financial transactions, including simple and compound interest, annuities, bonds, yield rates, amortization schedules and sinking funds, option pricing, capital asset pricing models, and portfolio risk analysis.
Prerequisite(s): MATH 223, 224 and STAT 350
Credits: 3

MATH375 Deterministic Models in Operations Research
Frequency: C
Topics chosen from linear programming and applications; network analysis; game theory; dynamic, integer and nonlinear programming.
Prerequisite(s): MATH 231
Credits: 3

MATH381 History of Mathematics
Frequency: B
Chronological study of the development of mathematics. Emphasis on the solution of selected mathematical problems associated with historical periods.
Prerequisite(s): MATH 210
Credits: 3

MATH390 Honors Special Topics
Frequency: B
This course, the second in the Honors Program in Mathematics, will focus on a topic reflecting the interest of the instructor. Examples include combinatorial topology, nonlinear dynamic systems, graph theory, complex analysis, and the theory of partitions.
Prerequisite(s): MATH 290
Credits: 2

MATH400 Independent Study
Frequency: A
Independent study of a selected list of readings approved by a faculty advisor. Permission of department required.
Credits: 1-3

MATH405 Senior Seminar
Frequency: A
Studies from selected areas of mathematics. Written reports and formal presentations will be required. Senior standing or permission of instructor required.
Credits: 1

MATH408 Special Topics Seminar
Frequency: D
Selected readings, discussions, and reports on topics in mathematics. Permission of department required.
Credits: 1-3

MATH420 Advanced Calculus
Frequency: B
Vector calculus; Jacobian matrices and their determinants; differentiation and integration of differential forms and applications to physics; generalizations of the fundamental theorem of calculus, including Greens theorem, the divergence theorem, Gauss theorem, and Stokes theorem; potential theory.
Prerequisite(s): MATH 231 and MATH 323
Credits: 3

MATH423 Topics in Analysis
Frequency: D
Topics vary, depending on the instructor, but may include measure and integration, basic functional analysis, complex analysis, residue theory, and special functions.
Prerequisite(s): MATH 231 and MATH 323
Credits: 3

MATH427 Graph Theory
Frequency: D
Introduction to graph theory. Topics chosen from: connectivity, trees, eulerian and hamiltonian graphs, matchings, factorizations, and colorings. Applications chosen from: the shortest path problem, communication networks, the traveling salesman problem, the optimal assignment problem, and scheduling algorithms.
Prerequisite(s): MATH 210 and MATH 231
Credits: 3

MATH490 Honors Thesis
Frequency: B
This is the capstone course in the Honors Program in Mathematics. Each student will conduct research under the mentorship of a faculty member, culminating in a written thesis and an oral presentation.
Prerequisite(s): MATH 390
Credits: 3

Media Arts

MEDIA100 Media Arts Seminar
Frequency: B
An introduction to interdisciplinary learning with a focus on the elements of desktop multimedia design, production and critique. Media Arts faculty, as well as guest lecturers from on and off campus will discuss their areas of expertise. An overview of related campus resources will be presented.
Credits: 3

MEDIA101 Media Literacy
Frequency: B
The course facilitates baseline literacy with regard to our increasingly mediated society. Explores the many ways people “consume” the media. Discussion of the devices and strategies used by media makers to produce effective visual and audio messages across television, radio, film, graphic design, the Web, photography, typography, informational graphics and other forms of mediated and interactive communication.
Credits: 3

MEDIA105 Computers and Society
Frequency: B
Introduction to the role of modern microcomputers in personal, entertainment and corporate communications. Discussion of the role computers have played in social change and how this is reflected in popular culture. Also addresses the use of computers in the creative environment including digital audio, video, multimedia production, the Internet and the World-Wide Web.
Credits: 3

MEDIA120 Multimedia Applications
Frequency: D
The course introduces students to the core applications used in creating multimedia content. The applications range from Microsoft applications to the Adobe suite of programs for video and graphics production. Alternative software will also be explored as the course will attempt to remain current with market and industry standards for personal and business use.
Credits: 3
MEDA152 Introduction to Experimental Video Art
Frequency: B
An introductory level studio course for students interested in working with time based mediums such as video, sound, computer animation and the web. Utilizing a number of unique image and sound processing tools, students will produce projects that emphasize creative connections between sound, image, animation, computer music, and time. Works by video artists are viewed and discussed. Projects may take a variety of forms including videotapes, DVDs, video installation, web animations, and performance.
Prerequisite(s): ART 155
Credits: 3

MEDA200 Systems/Languages/Protocols
Frequency: B
The course is designed to look at some of the more common computer systems, languages and protocols used by today's personal computer systems. Students will learn the fundamentals of operating systems, scripting languages, protocols which allow computers to talk to each other, and the various terms involved with computer hardware and software issues.
Credits: 3

MEDA205 Introduction to 2D Animation
Frequency: D
An introduction to fundamental principles of motion through exercises utilizing traditional 2D animation techniques. Examination of concepts, characters, and storyboards for basic animation production. Emphasis will be placed on creating movement, expression and narrative utilizing traditional and/or electronically generated image sequences.
Prerequisite(s): ART 150 and ART 155 and ART 151
Credits: 3

MEDA215 Interactive Art
Frequency: B
A studio production course that offers the opportunity to investigate interactive art production methods with particular attention to time, narrative structure and sound, in addition to image-making. Emphasizes the conceptual and creative potential of sequence and motion and the relationships between interactive forms.
Prerequisite(s): MEDA 101
Credits: 3

MEDA220 Sight, Sound and Motion
Frequency: B
The course continues the work in understanding the aesthetic underpinnings of concepts in sight, sound and motion including the perceptual process at work as audiences interact with mediated messages. The course is especially attenuated towards extending traditional understandings of new media including contemporary applications in creative computing.
Prerequisite(s): MEDA 215
Credits: 3

MEDA240 Computers in Corporate Communications
Frequency: D
Introduction to the role of the modern micro-computers in personal, entertainment, and corporate communications. Topics range from differences in popular computer platforms to the use of specific types of hardware and software used in electronic communication. Addresses the use of computers in the creative environment including digital audio, video, multimedia production, the Internet, and the World Wide Web.
Credits: 3

MEDA250 Web Page Design
Frequency: D
Course is designed to introduce to the student the basic principles of designing web pages for the World Wide Web. Mixing traditional design concepts with web-based tools, students will learn how to code pages for the web across platforms. Students will also gain practice in the use of HTML, Java and CGI/Perl scripting.
Prerequisite(s): MEDA 120
Credits: 3

MEDA260 Drawing for New Media
Frequency: D
The class is offered as an introduction to electronic equivalents of traditional drawing and painting techniques. Students will become proficient in software applications such as Painter and Photoshop, and learn to capture drawings/paintings created with traditional studio techniques using scanners, digital cameras, film recorder and direct input (electronic drawing tablet). The course also recognizes that good technology will not save a bad idea. Consequently, students will use drawing to stimulate visual thinking that discovers, clarifies, creatively amplifies and manipulates the development of ideas and concepts.
Prerequisite(s): ART 151
Credits: 3

MEDA265 Interactivity for the Web
Frequency: B
A studio production course that offers the opportunity to investigate web art production methods with particular attention to interactivity, navigation, sequence and audience participation. Emphasizes the conceptual and creative potential of the web and the effects of virtual interactivity on the user.
Prerequisite(s): MEDA 215
Credits: 3

MEDA300 Video Production for Media Arts
Frequency: D
An introduction to the concepts and tools involved in digital video production. This includes analog to digital conversion, production related aspects of compression and storage, and computer-based video editing.
Prerequisite(s): MEDA 120
Credits: 3

MEDA301 Media Performance I
Frequency: B
Course is designed to introduce students to the elements of live performance within a multimedia environment. Elements of live artistic performance (such as music, theatre, poetry, etc.) will be combined with computer-mediated elements to achieve a new style of interactive performance.
Prerequisite(s): MEDA 215 and MEDA 152
Credits: 3

MEDA305 Introduction to 3D Animation
Frequency: D
An exploration of the basic principles of animation using three-dimensional computer-generated animation. Students will gain a working knowledge of modeling, texturing and rendering 3D characters and environments. Emphasis will also be placed on motion and narrative.
Prerequisite(s): MEDA 205
Credits: 3

MEDA310 Media Criticism
Frequency: B
The study of selected theories and methods of criticism relevant to the evaluation of mediated message genres from a communication perspective. Emphasis is placed on applying critical perspectives to the criticism of film and electronic media.
Credits: 3

MEDA311 Video for Media Arts
Frequency: D
Students will learn about concepts and techniques for production and editing of video which is to be used on the Web or on CD-ROMS. At the current state of the technology, this is an area very distinct from older forms of video production and requires a different aesthetic and different production and post production skills. The course will focus on those differences and the development of those aesthetic concepts and skills.
Credits: 3

MEDA320 Audio and Desktop Multimedia
Frequency: D
A course designed for students with a strong interest and background in composition, multimedia, audio and MIDI. A project-oriented course focusing on audio design, analysis, and integration as it applies to multimedia authoring, motion video, and web content creation.
Prerequisite(s): MEDA 120
Credits: 3

MEDA330 Special Topics in Media Arts
Frequency: D
Selected areas of Media Arts supplementing the regular program offerings.
Credits: 1-3

MEDA350 Media Performance II
Frequency: B
Course is a continuation of Media Performance I and is designed to develop and create a major piece of interactive performance. Students will further refine and develop their production skills in interactive performance by developing new performance works or adapting other styles of performance (such as dance or theatre) to new media production.
Prerequisite(s): MEDA 301
Credits: 3

MEDA352 Experimental Video Art
Frequency: B
An intermediate level studio course dedicated to working with video as a creative medium. The course allows students to explore methods of ‘real time’ image processing and digital compositing, which can be used in combination to develop unique works of art. The course will explore a wide range of theories and traditions including, but are not limited to: digital image processing, computer editing, video installation, lighting, scripting, and a variety of other experimental approaches.
Prerequisite(s): MEDA 152
Credits: 3
MEDA355 Advanced Interactivity
Frequency: B
Allows students time to expand upon the knowledge learned in Interactive Art and Interactivity for the Web. Independent projects will be produced to solidify knowledge of interactive art, web development, and multimedia production.
Prerequisite(s): MEDA 265
Credits: 3

MEDA360 Film and Special Effects
Frequency: B
Course examines both traditional and contemporary visual effects techniques including the creative and planning processes required for the execution of various types of effects, such as models and miniatures, mattes, composite effects, computer animation, and process projection. Course also provides a forum on the creative problem-solving and planning techniques used by effects makers, including a wide range of kinds of equipment and uses.
Credits: 3

MEDA365 Sound Studio I
Frequency: B
This course introduces the student to the MIDI computer language and technology. Using MIDI, students will learn about electronic music production and how MIDI uses digital technology to create music.
Credits: 3

MEDA370 Sound Studio II
Frequency: B
This studio course deals with the techniques of digital sound editing. Using appropriate software and hardware, students will engage in a number of projects designed to give them skills in digital sound editing and multitrack recording. Individual and group projects will be a part of the course work. Students will work with both music and sound effects to create multi-layered soundscapes.
Prerequisite(s): MEDA 365
Credits: 3

MEDA405 Advanced 3D Animation
Frequency: D
Emphasizes the principles of designing and producing three-dimensional computer-generated images through the creation of advanced projects. Assignments focus on developing higher-level skills in model building, character development, animation and lighting.
Prerequisite(s): MEDA 305
Credits: 3

MEDA410 Advanced Experimental Video Art
Frequency: B
The convergence of video and computer technologies has resulted in a new generation of video editing tools with an unprecedented ability to structure and restructure images and sound. This course provides students the opportunity to explore “real time” image processing and digital computer imaging. Using digital image processing, computer editing, and video installation on an advanced level.
Prerequisite(s): MEDA 352
Credits: 3

MEDA440 Directed Study in Media Arts
Frequency: A
Directed work in specific areas of Media Arts, stressing depth of inquiry. Student meets with designated faculty member on a regular basis throughout the semester after filing an acceptable plan for the proposed project.
Credits: 1-3

MEDA441 Media Arts Practicum
Frequency: B
The course is team-taught by instructors in the Media Arts program and is designed as a preparatory course for MEDA 495 Media Arts Capstone Practicum. Students will function in teams selected from the various tracks in Media Arts, with each team creating three multimedia projects for faculty and peer review. Projects could be defined by each team or assigned by faculty. The assigned projects will be designed to serve either the university community or be for a local charity, outside business or group, either commercial, artistic, or not-for-profit.
Credits: 3

MEDA480 New Media Writing
Frequency: B
Course will study writing for media projects. Course will also provide insight into common constructs and approaches used in writing and producing media projects including audio, video, film, Web and CD-based interactive projects. Designed first to look at various structures and approaches, and second to move students from the idea phase of a project through writing, storyboardting and preproduction (everything ready to actually go into production). Projects may subsequently be produced in Media Arts Capstone.
Credits: 3

MEDA495 Capstone Practicum
Frequency: B
Students work either in teams or individually on comprehensive multimedia projects. The project must employ the full range of skills and ideas reflected through the course of study in the major.
Prerequisite(s): MEDA 441
Credits: 3

MEDA499 Media Arts Internship
Frequency: A
This course is for students who wish to pursue internship opportunities with companies in the media production field. Students must coordinate their internships with the university’s Internship Office.
Credits: 1-15

Medical Technology
MEDT490 Clinical Internship
Frequency: B
A full year program of study conducted at a N.A.A.C.L.S.-approved hospital medical technology program, typically one of the three programs with which Fredonia is affiliated. Students attend lectures and perform lab tests under the instruction and supervision of certified lab scientists and physicians. Upon successful completion of the internship, students receive certification as a medical technologist, and are eligible to take the board exams offered by the American Society of Clinical Pathologist and are eligible to work as medical technologists in a variety of laboratory settings.
Credits: 15

MEDT491 Clinical Internship
Frequency: A
A full year program of study conducted at a N.A.A.C.L.S.-approved hospital medical technology program, typically one of the three programs with which Fredonia is affiliated. Students attend lectures and perform lab tests under the instruction and supervision of certified lab scientists and physicians. Upon successful completion of the internship, students receive certification as a medical technologist, and are eligible to take the board exams offered by the American Society of Clinical Pathologist and are eligible to work as medical technologists in a variety of laboratory settings.
Credits: 15

Music Education
MUED128 Secondary Chamber Ensemble
Frequency: A
For students who would like to achieve proficiency on an instrument besides their major instrument. Students will participate in chamber ensembles, assigned by instructor, in which they will learn to coach ensembles, as well as perform at a higher level on their secondary instrument. Elective course for any Music Education major. Demonstrated playing proficiency on selected instrument through NYSSMA Level II.
Credits: 1

MUED150 Introduction to Public School Music
Frequency: B
The preliminary course for the Foundations of Music Education sequence combines an introduction to and exploration of the purposes and premises of music education. Class sessions seek to broaden students’ perspectives of the profession and of the potential for a rewarding career in music education.
Credits: 0

MUED161 Beginning Trumpet
Frequency: A
Group applied instruction on the trumpet designed to develop a playing competence sufficient to teach beginning students through NYSSMA Level II. Required course for Music Education majors with an instrumental concentration. Students who already possess playing competence may examine out of the requirement and substitute another brass or woodwind instrument in its place.
Credits: 1

MUED162 Beginning Trombone
Frequency: A
Group applied instruction on the trombone designed to develop a playing competence sufficient to teach beginning students through NYSSMA Level II. Required course for Music Education majors with an instrumental concentration. Students who already possess playing competence may examine out of the requirement and substitute another brass or woodwind instrument in its place.
Credits: 1

MUED163 Beginning French Horn
Frequency: A
Group applied instruction on the French horn designed to develop a playing competence sufficient to teach beginning students through NYSSMA Level II. Required course for Music Education majors with an instrumental concentration. Students who already possess playing competence may examine out of the requirement and substitute another brass or woodwind instrument in its place.
Credits: 1
MUED164 Beginning Tuba/Euphonium
Frequency: A
Group applied instruction on the tuba/euphonium designed to develop a playing competence sufficient to teach beginning students through NYSSMA Level II. Required course for Music Education majors with an instrumental concentration. Students who already possess playing competence may examine out of the requirement and substitute another brass or woodwind instrument in its place. Credits: 1

MUED171 Beginning Clarinet
Frequency: A
Group applied instruction on the clarinet designed to develop a playing competence sufficient to teach beginning students through NYSSMA Level II. Required course for Music Education majors with an instrumental concentration. Students who already possess playing competence may examine out of the requirement and substitute another brass or woodwind instrument in its place. Credits: 1

MUED172 Beginning Flute
Frequency: A
Group applied instruction on the flute designed to develop a playing competence sufficient to teach beginning students through NYSSMA Level II. Required course for Music Education majors with an instrumental concentration. Students who already possess playing competence may examine out of the requirement and substitute another brass or woodwind instrument in its place. Credits: 1

MUED173 Beginning Oboe
Frequency: A
Group applied instruction on the oboe designed to develop a playing competence sufficient to teach beginning students through NYSSMA Level II. Required course for Music Education majors with an instrumental concentration. Students who already possess playing competence may examine out of the requirement and substitute another brass or woodwind instrument in its place. Credits: 1

MUED174 Beginning Bassoon
Frequency: A
Group applied instruction on the bassoon designed to develop a playing competence sufficient to teach beginning students through NYSSMA Level II. Required course for Music Education majors with an instrumental concentration. Students who already possess playing competence may examine out of the requirement and substitute another brass or woodwind instrument in its place. Credits: 1

MUED175 Beginning Saxophone
Frequency: A
Group applied instruction on the saxophone designed to develop a playing competence sufficient to teach beginning students through NYSSMA Level II. Required course for Music Education majors with an instrumental concentration. Students who already possess playing competence may examine out of the requirement and substitute another brass or woodwind instrument in its place. Credits: 1

MUED185 Beginning Violin/Viola
Frequency: A
Group applied instruction on the violin/viola designed to develop a playing competence sufficient to teach beginning students through NYSSMA Level II. Required course for Music Education majors with an instrumental concentration. Students who already possess playing competence may examine out of the requirement and substitute another string instrument in its place. Credits: 1

MUED186 Beginning Cello
Frequency: A
Group applied instruction on the cello designed to develop a playing competence sufficient to teach beginning students through NYSSMA Level II. Required course for Music Education majors with an instrumental concentration. Students who already possess playing competence may examine out of the requirement and substitute another string instrument in its place. Credits: 1

MUED187 Beginning String Bass
Frequency: A
Group applied instruction on the string bass designed to develop a playing competence sufficient to teach beginning students through NYSSMA Level II. Required course for Music Education majors with an instrumental concentration. Students who already possess playing competence may examine out of the requirement and substitute another string instrument in its place. Credits: 1

MUED204 Advanced Voice Class
Frequency: B
Applied group instruction in voice for non-voice general choral music education majors. Emphasis on methods of developing and building singing voices. Student further develops performing ability and enhances his/her repertoire. Introduction to International Phonetic Alphabet and its application to correct diction. Prerequisite(s): MUED 203 Credits: 1.5

MUED210 Guitar Class
Frequency: A
Continuation of ME 210. Includes use of I, IV, V7 chords in the keys of G, C, D, E; simple strumming and finger picking; and single line melodies. Credits: 1

MUED221 Guitar Class
Frequency: A
Designed to enable students to accompany themselves and to lead others in the singing of simple folk and popular songs. Includes use of I, IV, V7 chords in the keys of A, F, G, B; secondary dominants; more advanced accompaniment patterns. Prerequisite(s): MUED 210 Credits: 1

MUED222 Percussion Class
Frequency: A
Group applied instruction and pedagogical approaches on percussion designed to develop a playing competence sufficient to teach beginning students through NYSSMA Level II. Required course for Music Education majors with an instrumental concentration. Students who already possess playing and teaching competence may examine out of the requirement and substitute another percussion course in its place. Credits: 2

MUED223 Advanced Percussion
Frequency: B
Group applied instruction on cymbals, drum set, and field drums and accessories. Designed to develop a playing competence sufficient to teach advanced percussion to public school students. Demonstrated playing proficiency on basic percussion and MUED 221. Credits: 1

MUED250 Found of Mus Educ I - CAW
Frequency: A
Emphasis is on growth characteristics typical of public school students K-6 with special regard for their ability to process and respond to and with music: perceptual, psychomotor, and cognitive abilities; affectivity; brain development and function; creativity. Students are expected to develop a knowledge base sufficient to demonstrate competence in working effectively with students in music classes at the elementary level of public school. Child Abuse Workshop training will be conducted. Co-requisite(s): MUED 255 Credits: 2

MUED251 Foundations of Music Education II
Frequency: A
For Music Education students to develop an understanding of basic principles of educational psychology and educational sociology, with specific application to teaching of music to adolescents in the public schools. The course will cover theories, methods, principles and current issues within educational psychology and sociology. Included will be a seminar in alcohol, tobacco and drug abuse. Co-requisite(s): MUED 256 Credits: 2

MUED255 Foundations I Practicum - Elementary
Frequency: A
Students act as music teachers or teacher aides for approximately 40 contact hours. This requirement may be completed during the January recess, in May/June or by several other alternatives approved by the chair for Music Education/Music Therapy. S/U Grade. Credits: 0

MUED256 Foundations II Practicum - Middle School
Frequency: A
Students act as music teachers or teacher aides for approximately 40 contact hours. This requirement may be completed during the January recess, in May/June or by several other alternatives approved by the area chair for Music Education/Music Therapy. S/U Grade. Credits: 0

MUED260 Brass Pedagogy
Frequency: A
Covers instructional materials and pedagogical methods common to beginning instruction in public schools on brass instruments. Student must be enrolled simultaneously in one or more brass instrument playing classes, or should already have completed the competency requirements for trumpet and trombone. Credits: 1
MUED261 Advanced Trumpet
Frequency: B
Group applied instruction and pedagogical approaches on the trumpet designed to develop a playing competence sufficient to teach beginning students through NYSSMA Level IV. Required course for Music Education majors with an instrumental concentration. Students who already possess playing competence may examine out of the requirement and substitute another brass instrument in its place. Demonstrated playing proficiency on a contrasting brass instrument through NYSSMA Level II.
Credits: 1

MUED262 Advanced Trombone
Frequency: B
Group applied instruction and pedagogical approaches on the trombone designed to develop a playing competence sufficient to teach beginning students through NYSSMA Level IV. Required course for Music Education majors with an instrumental concentration. Students who already possess playing competence may examine out of the requirement and substitute another brass instrument in its place. Demonstrated playing proficiency on a contrasting brass instrument through NYSSMA Level II.
Credits: 1

MUED263 Advanced French Horn
Frequency: B
Group applied instruction and pedagogical approaches on the French horn designed to develop a playing competence sufficient to teach beginning students through NYSSMA Level IV. Required course for Music Education majors with an instrumental concentration. Students who already possess playing competence may examine out of the requirement and substitute another brass instrument in its place. Demonstrated playing proficiency on a contrasting brass instrument through NYSSMA Level II.
Credits: 1

MUED264 Advanced Tuba/Euphonium
Frequency: B
Group applied instruction and pedagogical approaches on the tuba/euphonium designed to develop a playing competence sufficient to teach beginning students through NYSSMA Level IV. Required course for Music Education majors with an instrumental concentration. Students who already possess playing competence may examine out of the requirement and substitute another brass instrument in its place. Demonstrated playing proficiency on a contrasting brass instrument through NYSSMA Level II.
Credits: 1

MUED271 Advanced Clarinet
Frequency: B
Group applied instruction and pedagogical approaches on the clarinet designed to develop a playing competence sufficient to teach beginning students through NYSSMA Level IV. Required course for Music Education majors with an instrumental concentration. Students who already possess playing competence may examine out of the requirement and substitute another woodwind instrument in its place. Demonstrated playing proficiency on a contrasting woodwind instrument through NYSSMA Level II.
Credits: 1

MUED272 Advanced Flute
Frequency: B
Group applied instruction and pedagogical approaches on the flute designed to develop a playing competence sufficient to teach beginning students through NYSSMA Level IV. Required course for Music Education majors with an instrumental concentration. Students who already possess playing competence may examine out of the requirement and substitute another woodwind instrument in its place. Demonstrated playing proficiency on a contrasting woodwind instrument through NYSSMA Level II.
Credits: 2

MUED273 Advanced Oboe
Frequency: B
Group applied instruction and pedagogical approaches on the oboe designed to develop a playing competence sufficient to teach beginning students through NYSSMA Level IV. Required course for Music Education majors with an instrumental concentration. Students who already possess playing competence may examine out of the requirement and substitute another woodwind instrument in its place. Demonstrated playing proficiency on a contrasting woodwind instrument through NYSSMA Level II.
Credits: 2

MUED274 Advanced Bassoon
Frequency: B
Group applied instruction and pedagogical approaches on the bassoon designed to develop a playing competence sufficient to teach beginning students through NYSSMA Level IV. Required course for Music Education majors with an instrumental concentration. Students who already possess playing competence may examine out of the requirement and substitute another woodwind instrument in its place. Demonstrated playing proficiency on a contrasting woodwind instrument through NYSSMA Level II.
Credits: 2

MUED275 Advanced Saxophone
Frequency: B
Group applied instruction and pedagogical approaches on the saxophone designed to develop a playing competence sufficient to teach beginning students through NYSSMA Level IV. Required course for Music Education majors with an instrumental concentration. Students who already possess playing competence may examine out of the requirement and substitute another woodwind instrument in its place. Demonstrated playing proficiency on a contrasting woodwind instrument through NYSSMA Level II.
Credits: 1

MUED285 Advanced Violin/Viola
Frequency: B
Group applied instruction and pedagogical approaches on the violin or viola designed to develop a playing competence sufficient to teach beginning students through NYSSMA Level IV. Required course for Music Education majors with an instrumental concentration. Students who already possess playing competence may examine out of the requirement and substitute another advanced string instrument in its place. Demonstrated playing proficiency on cello/string bass through NYSSMA Level II.
Credits: 2

MUED286 Advanced Cello/String Bass
Frequency: B
Group applied instruction and pedagogical approaches on the cello or string bass designed to develop a playing competence sufficient to teach beginning students through NYSSMA Level IV. Required course for Music Education majors with an instrumental concentration. Students who already possess playing competence may examine out of the requirement and substitute another advanced string instrument in its place. Demonstrated playing proficiency on violin/viola through NYSSMA Level II.
Credits: 2

MUED291 Technology in Music I
Frequency: A
Co-requisite(s): MUS 124
Credits: 2

MUED292 Technology in Music II
Frequency: B
Co-requisite(s): MUS 124
Credits: 2

MUED300 Foundations in Music Education III
Frequency: A
Foundations in Music Education III is the final foundations course in the music education sequence. It is a reading intensive course in the history of educational thought and practices in music education in the United States from the Colonial Period to current times. Students will study the philosophical bases and historical foundations for music education practice. The course moves chronologically from the roots of Philosophy in Ancient Greece to today, but most emphasis is placed on twentieth century thought and movements in American music education. Professional Standing required.
Credits: 3

MUED301 General Music in Elementary School
Frequency: A
Specific competencies are developed for implementing general music activities and programs in grades K through six. Intern teaching with students in elementary school classrooms. Professional Standing required.
Prerequisite(s): MUED 300
Co-requisite(s): MUED 356
Credits: 2

MUED302 General Music in Secondary School
Frequency: A
Specific competencies are developed for implementing general music activities and programs in middle school through high school. Intern teaching with students in middle school or high school. Professional Standing required.
Prerequisite(s): MUED 300
Co-requisite(s): MUED 356
Credits: 3

MUED304 Instrumental Music in Elementary School
Frequency: A
Covers various strategies and techniques employed in elementary and middle school lessons, small and large ensembles, various instructional models, methods, and materials. Emphasis on developing new skills and strategies to plan, deliver, and assess meaningful educational experiences in elementary and middle school settings. Intern teaching with students in elementary and middle school classrooms. Professional standing.
Co-requisite(s): MUED 393
Credits: 2
MUED305 Instrumental Music in Secondary School
Frequency: A
Covers various strategies and techniques employed in high school lessons, small and large ensembles, various instructional models, methods and materials. Emphasis on developing new skills and strategies to plan, deliver and assess meaningful educational experiences in a high school setting. Intern teaching with high school students. Professional standing. Co-requisite(s): MUED 394 Credits: 2

MUED310 Guitar Class
Frequency: A
Designed to enable students to accompany themselves and to lead others in the singing of simple folk and popular songs. Includes use of transposition and capo, more advanced melodic patterns, and melody and accompaniment combinations. Prerequisite(s): MUED 211 Credits: 1

MUED311 Guitar Class
Frequency: A
Continuation of MUED 310; includes pedagogy of guitar for individuals in public schools, music therapy, and private instruction. Credits: 1

MUED315 Music, Play, and Self
Frequency: A
A course primarily for students with little or no previous musical knowledge or skill. Examines the relationships among music, play and self, especially with regard to children. Emphasizes activity, creativity and personal expression. Credits: 3

MUED331 Marching Band Techniques
Frequency: D
Technical and organizational considerations for the public school marching band program. Topics include parade, field and show marching, rehearsal techniques, drill and show design, festivals and competitions, auxiliary and support units. Individual and class projects include field-based instruction. Credits: 2

MUED335 Foundations III Practicum - Secondary
Frequency: A
Continuation of previous practicum. S/U Grade. Prerequisite(s): MUED 256 Credits: 0

MUED356 Methods Practicum - Elective
Frequency: A
Continuation of previous practicum. S/U Grade. Prerequisite(s): MUED 355 Credits: 0

MUED391 Elementary School Choral Rehearsal Techniques
Frequency: B
Course covers a conducting review, child's voice, music selection, and rehearsal techniques such as pacing, chunking, sequencing, warm-ups, and teaching the National Standards in a performing ensemble. Taught in a laboratory setting with students rehearsing each other. Prerequisite(s): MUS 232 Credits: 3

MUED392 Secondary School Choral Rehearsal Techniques
Frequency: B
Course covers audition procedures, score preparation, music selection, conducting, changing voices, teaching sight reading, recruitment, assessment, pop ensembles, and the development of a choral curriculum. Taught in a laboratory setting with students rehearsing each other. Prerequisite(s): MUS 232 Credits: 3

MUED393 Elementary School Instrumental Rehearsal Techniques
Frequency: A
Implements methods and strategies studied in MUED 304 in a laboratory rehearsal experience. Score study, rehearsal planning, assessment, conducting, and rehearsal techniques appropriate to elementary and middle school levels. Professional standing. Co-requisite(s): MUED 304 Credits: 2

MUED394 Secondary School Instrumental Rehearsal Techniques
Frequency: A
Implements methods and strategies studied in MUED 305 in a laboratory rehearsal experience. Score study, rehearsal planning, assessment, conducting, and rehearsal techniques appropriate to high school level. Professional standing. Co-requisite(s): MUED 305 Credits: 2

MUED400 Professional Semester
Frequency: A
Student teaching in selected public schools in western New York State under the supervision of university music education faculty and cooperating teachers. With music education faculty advisement, students typically seek placements that provide experience and credentials in the musical specialties, and at the public school levels, in which they expect to seek professional positions. Credits: 14

MUED450-451 Directed Study in Music Education
Frequency: A
Projects related to music education but not otherwise a part of regular course offerings. Requires a formal Learning Contract approved by a faculty sponsor and the chair for Music Education/Music Therapy. Credits: 1-3

MUED470-479 Special Topics in Music Education
Frequency: D
Studies of area supplementing, not replacing, regular course offerings. Credits: 1-3

MUED485 Advanced Instrument Pedagogy
Frequency: A
For instrument majors to learn advanced techniques for teaching their instrument. Course involves teaching beginning instrument classes with guidance and instruction from faculty. Prerequisite(s): MUS 325 and MUED 304 and MUED 393 Credits: 2

Music

MUS001 Music Freshmen Seminar
Frequency: B
An introduction to music designed to acquaint first semester music majors with the basics of the field. Topics include studying music and using the library; an outline of the curriculum majors enrolled in private applied lessons. Audition and are open to non-music majors. Credits: 0

MUS021-048 Music Ensembles
Frequency: A
All music students participate in the university music ensembles, the required number of participations varying among the several music curricula. Participation in any ensemble is open to students in other departments of the university by audition and consent of the conductor and/or Director of the School of Music.

MUS021 University Chorus
MUS022 College Choir
MUS023 Chamber Singers
MUS025 Women's Chorus
MUS025 All-College Band
MUS026 Concert Band
MUS027 Wind Symphony
MUS048 Special Ensemble
MUS029 Symphony Orchestra
MUS030 Chamber Orchestra
MUS041 Percussion Ensemble
MUS045 Guitar Ensemble
MUS047 Special Ensemble
MUS048 Special Ensemble
MUS049 African Drumming Ensemble
MUS043 Guitar Chamber Ensemble
MUS044 Guitar Chamber Ensemble
MUS045 Guitar Ensemble
MUS046 Special Ensemble
MUS047 Special Ensemble
MUS048 Special Ensemble
*Ensembles that do not require an audition and are open to non-music majors. Credits: 0

MUS100 Recital-Seminar
Frequency: A
Required of all freshman music majors enrolled in private applied music instruction or composition. Students perform or critique musical performance or composition of colleagues, including one recital-seminar each week. Recital schedule rotated: one week, another next week, area; following, school recitals. Credits: 0

MUS101 Beginning Music Theory I
Frequency: B
For students with little or no background in music. Course deals with beginning and rudimentary aspects of music including clefs, scales, chords, key signatures, melody, harmony, ear training, and aural perception. Credits: 3
MUS102 Beginning Music Theory II
Frequency: B
For students with little or no background in music. Course deals with beginning and rudimentary aspects of music including clefs, scales, chords, key signatures, melody, harmony, ear training, and aural perception. Credits: 3

MUS103 Beginning Piano Class for Non-Majors
Frequency: D
A one-semester beginning piano class for non-majors. Credits: 1

MUS104 Applied Music Class Non-Music Majors
Frequency: D
Group instruction in voice, keyboard, and orchestral instruments for students not majoring in music. Previous experience in performance medium required. Enables student to enhance performance ability in performance area. May involve rental of instrument. Course may be repeated for credit. Credits: 1

MUS105 Applied Music Major Frequency: A
Weekly half-hour private applied instruction for music majors in Bachelor of Arts and Bachelor of Science degree programs. See MUS 125-126 for further information about the requirements of specific studios. Credits: 2

MUS106 Applied Music Major Frequency: A
Weekly half-hour private applied instruction for music majors in Bachelor of Arts and Bachelor of Science degree programs. See MUS 125-126 for further information about the requirements of specific studios. Credits: 2

MUS107 Double Reed Class I
Frequency: B
(Required for all freshman oboe and bassoon majors.) The beginning fundamentals of reed making are covered including formation of blank and rudimentary scraping skills. Credits: 5

MUS108 Double Reed Class II
Frequency: B
(Required for all freshman oboe and bassoon majors.) A continuation of Class I. The course covers shaping, gouging and refinement of scraping skills. Prerequisite(s): MUS 107 Credits: 5

MUS109 Harp Class, Elementary
Frequency: A
An introductory course for beginners on the harp. Hand position, finger exercises, and tone production. Credits: 1

MUS110 Harp Class, Intermediate
Frequency: B
Continuing development of tone and technique: elementary harp repertoire. Prerequisite(s): MUS 109 Credits: 1

MUS113 Voice Class
Frequency: A
One-semester course in basic vocal skills. Primary objective is to develop vocal technique for demonstration as instrumental or vocal conductor, and for choral participation. Credits: 1

MUS115 Music Appreciation
Frequency: A
Introduction to music in Western civilization: materials of music (melody, harmony, rhythm, tempo, dynamics, musical structure and design, and musical style); various performance media. Major composers of each musical epoch discussed, musical examples listened to in class. Covers 19th century Romanticism; 18th century classicism; medieval, renaissance, and baroque music; the 20th century, and the American scene. Credits: 3

MUS117-118 Piano Class, Elementary
Frequency: A
For students with little or no piano background. Development of beginning technique through major and minor scales and arpeggios, chord study, harmonization, transposition, sight reading, pedal usage, and improvisation. Prerequisite(s): MUS 117 Credits: 1

MUS119 Free Improvisation
Frequency: A
This course is an exploration of the art of music improvisation for self-expression. It is taught in a supportive, safe environment of no-judgment, in order to give students the freedom needed to create music spontaneously. The voice is considered the primary instrument. Drums, and other World Music instruments will be provided. Other instruments—primary, secondary, or otherwise may be used in the class. Credits: 1

MUS120 Concert Attendance
Frequency: A
Attendance at a minimum of eight approved concerts (including faculty solo and ensemble recitals, W.N.Y. Chamber Orchestra, visiting artists, and major student ensembles) each semester. Credits: 0

MUS121 Aural Skills I
Frequency: A
Course deals with various aspects of ear training including melodic, harmonic, and formal perception as well as sight-singing skills. Credits: 2

MUS122 Aural Skills II
Frequency: A
A continuation of MUS 121 dealing with various aspects of ear training including melodic, harmonic, and formal perceptions as well as sight-singing skills. Prerequisite(s): MUS 121 Credits: 2

MUS123 Music Theory I
Frequency: A
Course deals with the rudimentary aspects of harmony, melody, form, and style analysis. Prerequisite(s): MUS 123 Credits: 2

MUS124 Music Theory II
Frequency: A
A continuation of MUS 122 dealing with more advanced aspects of harmony, melody, form, and style analysis. Prerequisite(s): MUS 123 Credits: 2

MUS125-126 Applied Music Major Frequency: A
Weekly hour private applied instruction for music majors in Bachelor of Music in Performance and Bachelor of Music in Music Education degree programs. Credits: 2

MUS127-128 Applied Music (Composition)
Frequency: A
Weekly half-hour private applied instruction for music majors in Bachelor of Music Composition degree program. Credits: 1

MUS131 Applied Musicianship I
Frequency: A
Study of solfège and conducting as basic tools of musicianship. Credits: 1

MUS132 Applied Musicianship II
Frequency: A
Study of solfège and conducting as basic tools of musicianship. Credits: 1

MUS137-140 Diction for Singers
Frequency: B
A two-semester sequence intended to give singers an understanding of the International Phonetic Alphabet (IPA) and a thorough application of IPA symbols to the sounds of Italian, German, French, Latin and English diction. The course is designed for voice students in all music curricula, and may be taken by students from other majors as well. Credits: 5

MUS200 Recital Seminar
Frequency: A
A continuation of development of functional piano skills through technique studies, harmonization, part-reading, transcription, improvisation and accompanying. Piano Standards barrier exam at end of course. Prerequisite(s): MUS 217 Credits: 1

MUS205 Applied Music Major Frequency: A
Weekly half-hour private applied instruction for music majors in Bachelor of Arts, Bachelor of Science and Bachelor of Music in Composition degree programs. See MUS 225-226 for further information about the requirements of specific studios. Prerequisite(s): MUS 106 Credits: 2

MUS206 Applied Music Major
Frequency: A
Weekly half-hour private applied instruction for music majors in Bachelor of Arts, Bachelor of Science and Bachelor of Music in Composition degree programs. See MUS 225-226 for further information about the requirements of specific studios. Prerequisite(s): MUS 205 Credits: 2

MUS208 Harp Class, Advanced
Frequency: D
Advanced training in technique: scales, arpeggios, harmonies, pedal studies, chords, octaves, glissandi, and finger exercises in velocity. Prerequisite(s): MUS 110 Credits: 1

MUS217 Piano Class, Intermediate
Frequency: A
An intermediate course in functional piano playing of major, minor, modal scales, arpeggios, harmonization using primary and secondary chords, seventh chords, and secondary dominants; transposition, improvisation, sight reading, and repertoire. Prerequisite(s): MUS 118 Credits: 1

MUS218 Piano Class, Intermediate
Frequency: A
A continuation of development of functional piano skills through technique studies, harmonization, part-reading, transcription, improvisation and accompanying. Piano Standards barrier exam at end of course. Prerequisite(s): MUS 217 Credits: 1

MUS221 Aural Skills III
Frequency: A
A continuation of MUS 123 dealing with more advanced aspects of ear training including melodic, harmonic, and formal perception as well as sight-singing skills. Prerequisite(s): MUS 122 Credits: 2

MUS222 Aural Skills IV
Frequency: A
A continuation of MUS 221 dealing with the more advanced aspects of ear training including melodic, harmonic, and formal perception as well as sight-singing skills. Prerequisite(s): MUS 221 Credits: 2
MUS223 Music Theory III
Frequency: A
A continuation of MUS 124 dealing with more advanced aspects of harmony, form, and style analysis.
Prerequisite(s): MUS 124
Credits: 2

MUS224 Music Theory IV
Frequency: A
A continuation of MUS 223 dealing with advanced harmony, form, and style analysis.
Prerequisite(s): MUS 223
Credits: 2

MUS225 Applied Music Major
Frequency: A
Bassoon, Violin, Voice.
Frequency: B
Flute, French Horn, Harp, Oboe, Percussion, Piano, Saxophone, Trombone, Trumpet, Tuba, Violin, Voice.
Prerequisite(s): MUS 225
Credits: 2

MUS226 Applied Music Major
Frequency: A
Bassoon, Violin, Voice.
Frequency: B
Flute, French Horn, Harp, Oboe, Percussion, Piano, Saxophone, Trombone, Trumpet, Tuba, Violin, Voice.
Prerequisite(s): MUS 226
Credits: 2

MUS231 Conducting I
Frequency: B
Basic conducting technique with special emphasis on score reading and improved aural skills, rehearsal planning and efficient use of time, conducting leadership style, and ability to communicate effectively with an ensemble.
Prerequisite(s): MUS 132
Credits: 2

MUS232 Conducting II
Frequency: B
Continuation of skills developed in MUS 231. Special emphasis on interpretation within definable parameters, aural refinements in overcoming difficulties, diction (chorus/articulation (instrumental)), balance, and blend.
Prerequisite(s): MUS 232
Credits: 2

MUS235 Musical Theatre Voice
Frequency: A
Continuation of fundamentals of vocal technique. Emphasis upon German literature and literature from the Broadway stage. Continued study of contemporary vocal literature as well as introduction to operatic and oratorio repertoire.
Prerequisite(s): MUS 126
Credits: 3

MUS236 Musical Theatre Voice
Frequency: A
Continuation of fundamentals of vocal technique. Emphasis upon German literature and literature from the Broadway stage. Continued study of contemporary vocal literature as well as introduction to operatic and oratorio repertoire.
Prerequisite(s): MUS 235
Credits: 3

MUS237 Composition Seminar
Frequency: B
First semester: introduction to free composition concentrating on creative musical inclinations of individual student. Second semester: continuation of first, increased attention to preparing student compositions for performance.
Prerequisite(s): MUS 122 and MUS 123 and MUS 124
Credits: 2

MUS238 Composition Seminar
Frequency: B
First semester: introduction to free composition concentrating on creative musical inclinations of individual student. Second semester: continuation of first, increased attention to preparing student compositions for performance.
Prerequisite(s): MUS 237
Credits: 2

MUS245 Performance Major
Frequency: A
Bassoon, Violin, Voice.
Frequency: B
Flute, French Horn, Harp, Oboe, Percussion, Piano, Saxophone, Trombone, Trumpet, Tuba, Violin, Voice.
Prerequisite(s): MUS 245
Credits: 2

MUS246 Performance Major
Frequency: A
Bassoon, Violin, Voice.
Frequency: B
Flute, French Horn, Harp, Oboe, Percussion, Piano, Saxophone, Trombone, Trumpet, Tuba, Violin, Voice.
Prerequisite(s): MUS 246
Credits: 4

MUS261 American Music
Frequency: C
Survey of U.S. music, Colonial times to present. Such American developments studied as music of first New England School, vernacular and black music of 19th century, jazz, and mixed media music of 20th century American music which parallels and absorbs European developments and distinctly American contributions to Western music, such as music of Ives, Gershwin, and Copland included.
Credits: 3

MUS262 American Music
Frequency: C
Survey of U.S. music, Colonial times to present. Such American developments studied as music of first New England School, vernacular and black music of 19th century, jazz, and mixed media music of 20th century American music which parallels and absorbs European developments and distinctly American contributions to Western music, such as music of Ives, Gershwin, and Copland included.
Credits: 3

MUS263 Music History in Western Civilization I
Frequency: B
Survey of Western art music from the medieval era to the classical period, focusing on primary composers and their works, and major style periods. Through readings and listening assignments the course will construct a basic historical narrative of music as an evolving art form and as an integral part of society.
Credits: 3

MUS264 Music History in Western Civilization II
Frequency: B
Survey of Western art music from the classical period to today, focusing on primary composers and their works, and major style periods. Through readings and listening assignments the course will construct a basic historical narrative of music as an evolving art form and as an integral part of society.
Prerequisite(s): MUS 263
Credits: 3

MUS265 History of Jazz
Frequency: B
For majors and non-majors. History of jazz, early African American origins through 1970s. Survey of principal movements and personalities in jazz and sociological and cultural influences on these movements.
Prerequisite(s): MUS 265
Credits: 3

MUS267 African American Music
Frequency: B
A chronological history of African American music from its African roots through American forms of work songs, cries, holless, spirituals, blues, ragtime, jazz, rhythm and blues, rock and roll, soul, gospel, rap, and music written by 20th century Black composers.
Prerequisite(s): MUS 267
Credits: 4

MUS269 Music Criticism
Frequency: B
Development of method and vocabulary for critiquing musical works and performances. Extensive in-class listening and discussion. Reading assignments survey the history of music criticism and compare reviews of various musical genres and the other arts. Writing assignments include reviews of concerts and recordings. Non-music majors should have taken a college-level music course or have significant experience in music activities.
Prerequisite(s): ENGL 100
Credits: 3

MUS270 The History of American Popular Music, 1900-1963
Frequency: D
A non-technical survey of the twentieth-century American popular music genres, beginning with ragtime and ending at the time of the emergence of the new British rock. Among the subjects covered will be vaudeville, blues, country music, the Big Band era, Broadway and Hollywood, pop vocalists, rhythm and blues, early rock ‘n’ roll, and ethnic and regional popular music. Classes will consist of listening and discussion. Written assignments will be based on required and supplemental listening and recommended readings.
Prerequisite(s): ENGL 100
Credits: 3

MUS285 Music Copyright
Frequency: C
An exploration of copyright purpose, history, use and challenges. Students will learn about copyright ownership and registration, and how copyright is used to manage royalties, publication, project development, and dissemination of the intellectual property through the various media, including the internet.
Prerequisite(s): MUS 285
Credits: 3

MUS300 Recital Seminar
Frequency: A
Weekly half-hour private applied instruction for music majors in Western Civilization degree programs. See MUS 126 for further information about the requirements of specific studios.
Prerequisite(s): MUS 206
Credits: 2

MUS305 Applied Music Major
Frequency: A
Weekly half-hour private applied instruction for music majors in Bachelor of Arts and Bachelor of Music in Composition degree programs. See MUS 305 for further information about the requirements of specific studios.
Prerequisite(s): MUS 305
Credits: 2

MUS306 Applied Music Major
Frequency: A
Weekly half-hour private applied instruction for music majors in Bachelor of Arts and Bachelor of Music in Composition degree programs. See MUS 306 for further information about the requirements of specific studios.
Prerequisite(s): MUS 306
Credits: 2
MUS315-316 Secondary Applied Study
Frequency: A
Weekly one-half hour private instruction on an instrument other than a student's principal applied instrument, and for which the student has already had the appropriate secondary applied group instruction in a playing class.
Credits: 1

MUS317 Piano Class
Frequency: A
More advanced class for non-keyboard major with emphasis on technique development, sight reading, ensemble playing and repertoire such as Bach, Two-Part Invention; Chopin, Prelude in B minor, and Sonatinas by Clementi; Kuhlau.
Prerequisite(s): MUS 218
Credits: 1

MUS318 Piano Class
Frequency: A
More advanced class with emphasis on performance of solo piano literature, accomplishment of vocal and instrumental solos and choral accompaniments.
Prerequisite(s): MUS 317
Credits: 1

MUS325-326 Applied Music Major
Frequency: A
Prerequisite(s): MUS 226
Credits: 2

MUS330 Advanced Instrumental Conducting
Frequency: A
Develop proficiency in manual and aural skills with special emphasis on rehearsal techniques. Studies and practices aimed toward improved clarity and musicality of basic conducting technique. Practical exploration of rehearsal techniques with an emphasis on efficiency of solving problems of balance, ensemble, intonation and phrasing.
Prerequisite(s): MUS 231 and MUS 232 and MUS 222 and MUS 224
Credits: 2

MUS333 Musics of the World
Frequency: B
Non-technical introduction to ethnomusicology. Survey of musical styles from around the world emphasizing how music reflects and influences society.
Credits: 3

MUS334 Music of Latin America
Frequency: D
Survey of the Concert Music of Latin America from colonial times to the present. Special emphasis will be placed on the unique culture of this region and its relationship to the compositional characteristics of its music. Students will become familiar with the geography, history, and distinctive elements which make up the major regions (Rio de la Plata, Caribbean, Andean, etc.). Although there are no prerequisites, a reading knowledge of Spanish would be desirable.
Credits: 3

MUS335-336 Musical Theatre Voice
Frequency: A
Continuation of the study of vocal techniques. Possible inclusion of the French repertoire. Continuation of the study of literature of the Broadway stage, opera and oratorio.
Prerequisite(s): MUS 236
Credits: 3

MUS337 Composition Seminar
Frequency: B
Original work in composition accompanied by study and analysis of past and contemporary musical compositions and creative concepts.
Prerequisite(s): MUS 222 and MUS 223 and MUS 224
Credits: 2

MUS338 Composition Seminar
Frequency: B
Original work in composition accompanied by study and analysis of past and contemporary musical compositions and creative concepts.
Prerequisite(s): MUS 337
Credits: 2

MUS340 Piano Pedagogy
Frequency: C
Study of the various methods and literature for the elementary student. Lectures and discussions. Observation of private and class lessons. Supervised teaching.
Prerequisite(s): MUS 226
Credits: 2

MUS344 Vocal Pedagogy
Frequency: B
Introduction to the objective study of the art of singing. Students will develop a working knowledge of the anatomy and physiology of the vocal mechanism as it relates to posture, respiration, phonation, resonance and articulation in singing. Findings from other sciences are applied to problems of vocal development, voice disorders and vocal hygiene. Students are expected to develop a knowledge base in these areas sufficient to demonstrate competence in working with voices of all ages in a voice studio setting.
Prerequisite(s): MUS 206 and MUS 226 and MUS 246
Credits: 3

MUS345-346 Performance Major
Frequency: A
Prerequisite(s): MUS 246
Credits: 4

MUS347-348 Applied Music Recitation
Frequency: A
Student prepares Junior Performance Recital while enrolled in MUS 347-348. Recitations scheduled concurrently with appropriate semesters of Applied Music (MUS 345, 347, and 346, 348).
Credits: 1

MUS349 Vocal Pedagogy Practicum
Frequency: A
Students act as voice instructors for approximately 15 contact hours per semester teaching studio voice lessons. One 2 hour weekly seminar concentrates on methods of building voices, assessing and assigning vocal literature, building recital programs, choice and use of exercises and vocalizes.
Prerequisite(s): MUS 344
Credits: 1

MUS350 Special Topics in Music History
Frequency: D
A course to permit music history instructors to initiate special studies in specialized subjects.
Credits: 3

MUS351 Independent Study Music History
Frequency: D
An opportunity for a student to pursue a limited study under supervision. The study will usually result in a research-based term paper.
Credits: 1

MUS354 Form and Analysis
Frequency: C
Development of skills for analysis of musical form, from small song forms to large symphonic works.
Prerequisite(s): MUS 222 and MUS 223 and MUS 224
Credits: 3

MUS355-356 Performance Practicum
Frequency: A
Music Performance majors in orchestral instruments tutoring secondary or non-major applied music classes under supervision of applied studio faculty.
Credits: 0

MUS358 Governments and the Avant Garde
Frequency: D
Interdisciplinary course begins with a section on arts and governments of former times, and in socialist countries, to provide an historical context for systems current in the U.S. and Canada. Then the arts-funding institutions of the U.S. and Canada will be studied. The actual interactions of U.S. and Canadian governments and artists will be compared.
Credits: 3

MUS361 Jazz Improvisation
Frequency: B
A performance lab and study of various theoretical foundations of improvised jazz. Mainstream style is emphasized.
Prerequisite(s): MUS 122 and MUS 124
Credits: 2

MUS362 Jazz Theory
Frequency: B
A study of jazz harmony; chord symbols, melody, harmonization, chord extensions and substitutions in various jazz styles. Ear training in jazz style will also be included.
Credits: 3

MUS371 Woodwind Repair
Frequency: C
Introduction to common repair problems, preventative maintenance, adjustments necessary to maintain good playing condition, and emergency repairs on the woodwind instruments. Replacement of pads, springs, corks and felts.
Prerequisite(s): MUED 271 and MUED 272
Credits: 2

MUS372-379 Special Topics in Music
Frequency: D
Study of music areas supplementing but not replacing regular courses. Topics, credit hours, and instructor determined by school.
Credits: 1-3

MUS380 The Business of Music
Frequency: C
A comprehensive exploration of the various facets of the music business including careers in music, music publishing (copyrights, licensing, music books, exploitation of catalogue), the record business (recording, artist management, licensing, record distribution), tour management, self-employment business basics and ethics in the music business.
Credits: 3
**MUS381 Survey of Song Literature**  
Frequency: C  
A survey of representative composers and associated poets from their origins to the present in the English, French, and German language art song traditions. Discussions will include divergent approaches to style and text setting, historical development of the genre and associated musical characteristics. Music studied through scores, recordings and student performances.  
Prerequisite(s): MUS 246  
Credits: 3

**MUS383 French Song**  
Frequency: D  
A study of selected 19th and 20th century French vocal literature in its literary and musical context, to acquaint singers and pianists with composers and poets from the viewpoint of intellectual history and literary movements.  
Prerequisite(s): MUS 137 and MUS 138 and MUS 139 and MUS 140  
Credits: 2

**MUS385 Music Contracts**  
Frequency: C  
The music business engages musicians with detailed contracts that establish terms of management, marketing, producing, licensing, recording, distribution, and the like. The student will learn about standard language and the principles of contract negotiations.  
Prerequisite(s): MUS 285  
Credits: 3

**MUS387 German Song**  
Frequency: D  
A study of selected German vocal literature in its literary and musical context, to acquaint singers and pianists with authors and their background from the viewpoint of intellectual history and literary movements.  
Prerequisite(s): MUS 222 and MUS 223 and MUS 224  
Credits: 2

**MUS395 Career/Business Management for Musicians**  
Frequency: C  
Business and marketing skills for the professional performing musician and private studio teacher. Career and financial planning, accounting and record-keeping, taxes and insurance, contracts and booking, promotion and marketing, etc. Junior standing in Music or permission of instructor required.  
Credits: 3

**MUS400 Recital Seminar**  
Frequency: A  
Required of all senior-level Music majors enrolled in private applied music instruction or composition. Students perform or critique performance or composition of colleagues during one recital-seminar each week. Recital schedule rotated: one week studio, the next week area, and following week, school recitals.  
Credits: 0

**MUS401 Orchestration**  
Frequency: C  
Fundamentals of scoring for orchestra with particular attention to range, color, transposition, and technical possibilities of individual instruments. Special characteristics of the various choirs and appropriate scoring for different styles of compositions. Student papers projected on screen for class performance and evaluation.  
Prerequisite(s): MUS 122 and MUS 123 and MUS 124  
Credits: 3

**MUS403 20th Century Counterpoint**  
Frequency: C  
A study of the art of counterpoint as practiced from its beginning in western musical history to the present, concentrating on analysis of important examples and some compositional exercises based thereon.  
Prerequisite(s): MUS 222 and MUS 224  
Credits: 3

**MUS404 Choral Arranging**  
Frequency: B  
Fundamental techniques of arranging for a cappella and accompanied choral groups. Deals primarily with problems of public school-aged choral ensembles, their specific characteristics and limitations, including ranges, voice combinations, and suitable material. Includes consideration of use of special choral devices and treatments.  
Prerequisite(s): MUS 222 and MUS 223 and MUS 224  
Credits: 2

**MUS405-406 Applied Music Major**  
Frequency: A  
Weekly half-hour private applied instruction for Music majors in Bachelor of Arts in Applied Music degree program. See MUS 425-426 for further information about the requirements of specific studios.  
Prerequisite(s): MUS 306  
Credits: 2

**MUS408 History and Literature of the Wind Band**  
Frequency: D  
Survey of various influences (political, social, musical, etc.) upon the development of the Wind Band and its repertoire. Extensive listening, analysis and discussion with individual projects including bibliography and discography development.  
Credits: 3

**MUS409 History and Literature of the Guitar**  
Frequency: D  
For majors and non-majors. A survey of guitar history from the years 1487 to the present. Primary attention will be devoted to guitar composers/performers and their musical works examined in historical, aesthetic and social contexts. These include: musical form and genre; compositional practices and procedures; aspects of the composer’s biography and/or historical events that shaped his or her attitudes; general intellectual trends that helped to shape musical practices; and the original venues and circumstances in which the musical works were created and heard.  
Credits: 3

**MUS415 Piano Class for Keyboard Majors**  
Frequency: B  
Introductory course in functional piano for keyboard majors. Technical study of modal scales, harmonization using primary and secondary chords, secondary dominant chords, and seventh chords in folk, pop and beginning jazz style, transposition, part-reading, ensemble playing, playing by ear, sight reading, improvisation, transposing instrument parts and reading clefs.  
Prerequisite(s): MUS 317 and MUS 318  
Credits: 1

**MUS416 Piano Class for Non-Keyboard Majors**  
Frequency: A  
Continuation of development of functional piano skills of harmonization, part-reading, transposition, sight reading, and improvisation; playing and improvising rags, and writing or arranging a piano duet. Piano standards barrier exam at end of course.  
Prerequisite(s): MUS 415  
Credits: 1

**MUS417 Piano Class for Keyboard Majors**  
Frequency: A  
Continuation of development of functional piano skills of harmonization, part-reading, transposition, sight reading, and improvisation; playing and improvising rags, and writing or arranging a piano duet. Piano standards barrier exam at end of course.  
Prerequisite(s): MUS 317 and MUS 318  
Credits: 1

**MUS418 Piano Improvisation for Non-Keyboard Majors**  
Frequency: A  
Emphasis on harmonization of lead sheets with jazz voicings, chord substitution, creative harmonization, tri-tone substitution; improvisation of 12 bar blues and boogie.  
Prerequisite(s): MUS 317 and MUS 318  
Credits: 1

**MUS420 Piano Literature**  
Frequency: C  
Prerequisite(s): MUS 221 and MUS 222 and MUS 223  
Credits: 3

**MUS424 The History of Opera**  
Frequency: D  
Technical study of opera emphasizing its musical and dramatic development, relating it to social, cultural, and intellectual forces influencing it.  
Prerequisite(s): MUS 122 and MUS 123 and MUS 124  
Credits: 3

**MUS425-426 Applied Major**  
Frequency: A  
Prerequisite(s): MUS 326  
Credits: 2

**MUS433 Romanticism and Music**  
Frequency: D  
Investigation of aesthetic and philosophical concepts of Romanticism in art, literature, and philosophy; search for those conceptual characteristics in history of musical style.  
Credits: 3

**MUS435-436 Musical Theatre Voice**  
Frequency: A  
Preparation of the B.F.A. in Musical Theatre recital which includes dance technique, acting technique and the culmination of the three previous years of vocal study.  
Prerequisite(s): MUS 336  
Credits: 3

**MUS437 Composition Seminar**  
Frequency: B  
Free composition in seminar and semi-private consultations.  
Prerequisite(s): MUS 338  
Credits: 2

**MUS438 Composition Seminar**  
Frequency: B  
Free composition in seminar and semi-private consultations.  
Prerequisite(s): MUS 437  
Credits: 2

**MUS439 Composition Seminar**  
Frequency: A  
Continuation of free composition with detailed study of 20th century compositional techniques.  
Credits: 3
MUS440 Composition for Electronic Media I
Frequency: B
Basic compositional and technical skills necessary for realization of electronic music. Emphasis on proper recording, editing, mixing, and synthesis techniques as they relate to the composer. Analog synthesis is stressed. An introduction to digital synthesis (MIDI, FM, computer-assisted composition) also included. Brief historical survey of medium presented.
Prerequisite(s): MUS 122 and MUS 123 and MUS 124
Credits: 3

MUS441 Composition for Electronic Media II
Frequency: B
Electronic music composed and realized using a variety of computer-related techniques. Covers digital recording and synthesis using MIDI and other digital audio hardware/software. Emphasis on MIDI and audio sequencing. Related topics include electronic orchestration, computer assisted software and algorithms, and literature.
Prerequisite(s): MUS 122 and MUS 123 and MUS 124 and MUS 440
Credits: 3

MUS445-446 Performance Major
Frequency: A
Prerequisite(s): MUS 346
Credits: 4

MUS447-448 Applied Music Recitation
Frequency: A
Student prepares Senior Performance Recital while enrolled in MUS 447-448.
Recitations scheduled concurrently with appropriate semesters of Applied Music (445, 447; and 446, 448).
Credits: 1

MUS450 Directed Studies
Frequency: A
Directed Studies in music. Designed exclusively for Childhood Education majors with a concentration in music. Includes voice proficiency, vocal instruction, observation of elementary music classrooms, and conducting.
Credits: 2

MUS451 Directed Studies
Frequency: A
Directed Studies in music. Designed exclusively for Childhood Education majors with a concentration in music. Includes voice proficiency, vocal instruction, observation of elementary music classrooms, and conducting.
Credits: 2

MUS453 The Baroque Period in Music
Frequency: D
Detailed study of styles, trends, and developments in music in 17th and 18th centuries through preclassical era. Music studied through scores, recordings, and performance. Review of important historical and theoretical developments.
Credits: 3

MUS454 The Classical Period in Music
Frequency: D
Credits: 3

MUS455 The Romantic Period in Music
Frequency: D
Music composers, and theorists of 19th and 20th centuries, from after Beethoven through impressionists. Emphasis on developments in the music through study of scores and performance. Parallels between musical romanticism and romanticism in other arts.
Credits: 3

MUS456 The Modern Period in Music
Frequency: D
Detailed historical study of 20th century composers, musical trends, and developments. Variety of contemporary styles, experimentation, and performance practice in recent music emphasized. Recorded examples.
Credits: 3

MUS457 Seminar in Popular Music
Frequency: D
This seminar examines the ways in which contemporary popular music both reflects and influences contemporary society. A brief history of American popular music and its styles will be followed by discussions based on topics such as cover tunes, music videos, cross-over artists, and the music business. Junior standing required.
Credits: 3

MUS458 Cult of Elizabeth/Patronage in Arts
Frequency: D
For upper-level non-music majors. Course deals with understanding of the purposes of the Cult of Elizabeth in Renaissance England and to assess its effect on music and other arts of the age. With the Elizabethan patronage model as a foundation for understanding the relationships between governments and the arts, the present system of support for the arts will be assessed, debated and critiqued.
Credits: 3

MUS460-461 Independent Study
Frequency: A
Maximum of 6 hours of independent study in music or music education exclusive of applied music. Projects selected from subject areas not available in regularly scheduled course offerings. Well in advance of registration for either regular or summer session, student must complete independent study request form (in triplicate) available in the School of Music office.
Credits: 1-3

MUS465 Music Business Internship
Frequency: A
This course provides credit for professional experiences in the music business for music business majors. Enrollment is to be arranged with an appropriate instructor.
Credits: 1-15

MUS470-471 Special Topics Workshop
Frequency: D
Usually summer or other short-term workshops/institutes dealing with specific music literature, topics, problems, or teaching approaches and techniques.
Credits: 1-6

MUS476 Audio and Desktop Multimedia
Frequency: B
Course designed for Media Arts and MIDI. A project-oriented course that introduces the student to the field of multimedia authoring, motion video, and web content creation.
Prerequisite(s): MUED 291
Credits: 3

MUS485 Multimedia for Musicians
Frequency: B
A course designed for musicians and music educators focusing on the preparation and integration of various elements (text, graphics, video, music) with the goal of producing interactive or self-running computer-based presentations. Related topics include: design and content issues, music and authoring software, media preparation and creation, and final delivery.
Prerequisite(s): MUED 291
Credits: 3

MUTY115 Introduction to Music Therapy
Frequency: B
A basic orientation and general introduction to music therapy as a creative arts discipline. Lectures, classroom discussion, films and classroom demonstrations are used to introduce students to the target populations/disabilities.
Credits: 2

MUTY240 Music for Children with Disabilities
Frequency: B
A basic introduction to the child with disabilities, state and federal guidelines applicable to music in special education and how music can be used as a teaching method. Lecture, discussion, class demonstration.
Credits: 2

MUTY270 Social Instruments
Frequency: A
Group applied instruction on a variety of social/recreational non-traditional instruments (e.g. autoharp, dulcimer, recorder, ukulele, percussion instruments, tone bells). Designed to develop a playing competence sufficient to accompany general music classes/music therapy clinical sessions.
Credits: 2

MUTY300 Orientation Clinic Practicum
Frequency: B
An introduction to the clinical experience as a beginning process toward becoming a music therapist. Designed to develop skills in observation, behavioral objectives and therapeutic techniques. A look at the professional aspect of music therapy, i.e., Code of Ethics, Standards of Clinical Practice, etc. Assigned observations, development of music skills and readings are part of class requirements.
Prerequisite(s): MUTY 115
Credits: 1

Music Therapy
MUTY301 Seminar in Music Therapy
Frequency: A
Designed to support the clinical practicum experience. Fall semester seminars correspond to clinical population; spring semester seminars cover medical music therapy, clinical improvisation and senior music therapy competency audit.
Prerequisite(s): MUTY 115 and MUTY 300
Credits: 1

MUTY302 Practicum in Music Therapy
Frequency: A
Designed to provide structured experience in a clinical setting under the supervision of a music therapist. Students work two hours per week, on a two-semester basis, with children, adolescents, adults, and elderly in area clinical facilities. Written monthly and semester reports are part of the clinical requirements.
Credits: 0

MUTY345 Foundations of Music Therapy
Frequency: B
The development of foundational knowledge and repertoire of music therapy experiences in singing, playing instruments, movement, listening, and creating.
Credits: 3

MUTY401 Principles of Music Therapy
Frequency: B
A synthesis of all previous classroom and clinical experiences in the form of the senior portfolio. Students develop a major work designed to produce administrative/management skills required for entry level music therapists. Development in scheduling, budgeting, treatment programs, assessment, evaluation, etc. are major areas of concern.
Credits: 3

MUTY414 Psychology of Music
Frequency: C
Science of psychology related to fundamentals of musical talent. The musical mind, sensory capacities, individual differences and psychology of listening. An introduction to musical acoustics.
Credits: 3

MUTY415 Methods/Materials for Music Therapy
Frequency: B
Available materials for music therapy application in all target populations. A look at different methods used in music therapy practice, i.e., Orff Schulwerk, Nordoff-Robbins, Improvisation, etc. Students prepare their own resource materials as part of class requirements.
Prerequisite(s): MUTY 115
Credits: 2

MUTY422 Psychological Research in Music
Frequency: C
Students propose, carry out, and write an experimental study in the area of music therapy or music education. Class and individual presentations are required.
Credits: 3

MUTY450 Internship in Music Therapy
Frequency: A
Six- to nine-month clinical internship in AMTA-approved facility.
Credits: 0

PHED100 Champs/Lifeskills
Frequency: D
This course is based on the National Collegiate Athletic Association (NCAA) CHAMPS/Lifeskills Program. It is designed to assist first year student athletes with a variety of life skills components, including commitment, personal development, career development, service commitment and academics.
Credits: 2

PHED101 Aqua-Aerobics
Frequency: A
Course introduces a sequence of water exercises that enhances the student’s aerobic fitness.
Credits: 1

PHED102 Learn to Swim
Frequency: A
Course emphasizes the basic skills needed to learn to swim. Course is designed for non-swimmers.
Credits: 1

PHED103 Intermediate Swimming
Frequency: A
Course emphasizes the intermediate skills needed to develop individual strokes.
Credits: 1

PHED104 Advanced Swimming
Frequency: A
Course emphasizes advanced stroke development and training techniques involved in advanced swimming.
Credits: 1

PHED105 Swimming and Conditioning
Frequency: A
Course educates students about how to use the swimming pool to develop and maintain a sensible level of physical fitness. Water exercises and technique is taught.
Credits: 1

PHED106 Lifeguard Training
Frequency: B
Course emphasizes the skills and techniques needed to gain lifeguard certification. Lifeguard certification is possible at the end of this course.
Credits: 2

PHED107 WSI-Water Safety Instructor
Frequency: B
Course follows the Red Cross guidelines to train Water Safety instructors. WSI is possible at the completion of this course.
Credits: 2

PHED108 Basic Scuba Diving
Frequency: A
Course emphasizes the basic skills involved in learning how to SCUBA dive. Classroom sessions and open water dives are planned as part of this class.
Credits: 2

PHED110 Advanced Scuba Diving
Frequency: A
Course introduces the advanced techniques of SCUBA diving needed for open water diving. Prerequisite(s): PHED 108
Credits: 1

PHED111 Basic Bowling
Frequency: D
Course introduces the student to the skills and rules needed to develop introductory golf proficiency.
Credits: 1

PHED112 Running and Conditioning
Frequency: A
Course teaches the student the basics of aerobic conditioning as a means of developing physical fitness.
Credits: 1

PHED113 Basic Bowling
Frequency: A
Course teaches the student the skills and rules needed to develop introductory golf proficiency.
Credits: 1

PHED116 Golf - Basic
Frequency: B
Course introduces the student to the skills and rules needed to develop introductory golf proficiency.
Credits: 1

PHED120 Ice Skating - Basic
Frequency: C
Student will learn the basic skills needed to begin ice skating. Balance, footwork, turning and stopping are emphasized in this course.
Credits: 1

PHED121 Ice Skating - Intermediate
Frequency: A
Course emphasizes in-depth skills that were introduced in basic ice skating.
Credits: 1

PHED122 Figure Skating
Frequency: A
Introduces the intermediate skater to the basics of figure skating, power crossovers; movement forward and backwards, 3 turns, mojohawks, single jumps and spins. Course will also provide the advanced figure skater an opportunity to continue training in double and triple jumps, combination spins and connecting footwork.
Prerequisite(s): PHED 120
Credits: 1

PHED124 Basic Aerobics
Frequency: A
Course is designed to introduce the student to low and high impact aerobic exercise.
Credits: 2

PHED125 Step Aerobics
Frequency: A
Course introduces the student to aerobic exercise through a step aerobics technique.
Credits: 2

PHED126 Body Sculpting (Women)
Frequency: A
Course introduces the student to strength training, body toning and the basics of aerobic exercise. The development of individual programs will be directed at the fitness needs of women.
Credits: 2

PHED127 Yoga
Frequency: A
An introduction to “Hatha” yoga. Students will learn basic postures (asanas) as well as breathing techniques (pranayama) and beginning meditation practices. Students will work to increase flexibility, develop balance and deepen respiration and mind-body awareness.
Credits: 2

PHED128 Racquetball - Basic
Frequency: D
The basic skills, rules and techniques of scoring are taught in this course.
Credits: 1

PHED129 Racquetball - Intermediate
Frequency: D
Strategies of singles and doubles play are emphasized in this course.
Credits: 1

PHED131 Self-Defense
Frequency: A
Course emphasizes the basic techniques needed to defend oneself. Stances and defensive strategies are emphasized.
Credits: 1

PHED132 Skiing
Frequency: A
The basic techniques needed to ski are taught. This course is designed to meet the needs of beginners as well as intermediate and advanced skiers.
Credits: 1

PHED134 Tennis - Basic
Frequency: A
Course emphasizes the rules, grips, stance and elementary stroke development for the beginning player.
Credits: 1

PHED135 Tennis - Intermediate
Frequency: A
Course introduces in-depth tennis skills and advanced techniques and strategies for singles and doubles play.
Credits: 1
PHED138 Volleyball
Frequency: A
Course introduces basic volleyball skills necessary for the student interested in intramural or recreational play. Credits: 1

PHED139 Weight Training
Frequency: A
Course introduces the student to basic techniques of weight training and body toning. Emphasis is placed on learning specific exercises and training techniques necessary for establishing an effective weight training program. Credits: 2

PHED180 Assistant Scuba Instructor
Frequency: A
This course will educate people who have basic aquatic skills and basic scuba certification to teach basic skills associated with scuba diving. The skills taught include skin diving skills, pool safety, equipment inspection, buddy systems, air emergencies, communications, and open water diving. Permission of instructor. Prerequisite(s): PHED 108 Credits: 2

PHED199 Special Topics
Frequency: A
Special topics in wellness. Credits: 1-6

PHED200 Physiology of Sport/Exercise
Frequency: D
A comprehensive overview of the field without being overwhelming. It provides a solid foundation of basic physiology from which to better interpret and understand sport and exercise physiology. It reviews the major body systems and examines the body’s acute response to exercise and its chronic response to training. Students will learn how the environment affects these responses. The course examines various approaches used to optimize performance and focuses on unique concerns of special populations involved in physical activity. It also examines the importance of physical activity to lifelong health. Credits: 3

PHED210 Philosophy/Principles and Organization of Athletics in Education
Frequency: A
The philosophy, principles and organization of interscholastic athletics are presented in this course. Credits: 3

PHED311 The Psychology of Coaching
Frequency: B
A course for understanding the application of basic psychological principles to the coaching of the individual athlete, or teams, in the competitive environment. One of several courses designed to meet state mandate for interscholastic coaching. Credits: 2

PHED315 Prevention and Care of Athletic Injuries
Frequency: A
Study of prevention and recognition of injuries commonly associated with athletic competition. Includes the study of anatomy and physiology involved in injuries. One of several courses designed to meet state mandate for interscholastic coaching. Prerequisite(s): HLTH 115 Credits: 3

PHED316 Athletic Training Internship
Frequency: A
Develops the basic competencies of students interested in athletic training. Areas included in the internship will include preventive taping, injury prevention, the basics of rehabilitation, coverage of home events, and basic functioning of a training room. Athletic Trainer required. Prerequisite(s): PHED 315 Credits: 3

PHED321 Coaching Techniques
Frequency: A
A course designed to introduce the prospective coach to the basic skills, strategies and coaching techniques required in organizing a particular sport. While this course is one of several courses designed to meet state mandates for interscholastic coaching, the student is expected to have completed all other courses in the mandate before enrolling in PHED 321 or attain the permission of the instructor. Credits: 2

PHED400 Sports Studies Internship
Frequency: A
Working under supervision in a community setting. The internship will emphasize theory, knowledge and skills needed when working with and within groups and organizations. Student will be expected to complete 40 clock hours of direct service to individuals, groups or organizations for each credit hour awarded. A learning contract encompassing job requirements, learning objectives and methods will be utilized in student’s evaluation. Credits: 1-6

PHED499 Independent Study
Frequency: A
The study of a particular topic related to Physical Education and Recreation. Periodic meetings with an appropriate instructor will be scheduled. The topic may encompass individual research or a practical experience. Credits: 1-3

Philosophy

PHIL105 Philosophical Ideas
Frequency: B
Introduction to the central ideas of prominent Western philosophers, earliest times to present. Lecture class. Credits: 3

PHIL106 Critical Thinking
Frequency: C
This course concerns the study and practice of critical thinking. Through analysis of dramatic examples of the critical thinking skills necessary for effective deliberation, it hones analytic skills and encourages careful thought. The primary feature of the course is the consideration of an abundance of exercises, examples, and applications from everyday life, ranging from the courtroom to political debate and from advertising to current social issues. Credits: 3

PHIL115 Philosophical Inquiry
Frequency: C
A course for understanding the nature of reality, knowledge, the origin and cause of the world. Areas included in the course are the study of prevention and recognition of injuries commonly associated with athletic competition, the nature of the Supreme Being; the connection between theology and art, politics, and metaphysics; and the relationship between faith and reason; the nature of the Supreme Being; the connection between theology and art, politics, and metaphysics; and the origin and cause of the world. Credits: 3

PHIL218 Introduction to Ethics
Frequency: C
Ethics is the study of morality. It is central to issues relating to what a person should believe and how they should act. The investigation of morality occurs via an analysis of metaethics (the fundamental status of moral judgments), normative ethics (the nature of a right action and the nature of a virtuous person), and applied ethics (the application of normative ethics to particular moral issues). These areas are explored through the discussion of such issues as: Is morality relative to culture? Is morality independent of religion? Do the ends of one’s action justify the means? What does it mean to be a virtuous person? Credits: 3

PHIL222 The Greek Way
Frequency: C
Introduces students to classical Greek philosophy in the context of the historical, cultural, social, and political conditions of ancient Greece. Part of the course is devoted to a careful examination of the social context of ancient Greece and to the sources and manifestations of Greek values: mythological, religious, literary, educational, and aesthetic. Credits: 3

PHIL224 Medieval Thought
Frequency: C
Islamic, Judaic, and Latin-Christian thought of the Middle Ages, particularly the 11th to 13th centuries. The course examines the significance of the Greco-Roman tradition to medieval hopes and fears and addresses problems prevalent in all three cultures: the relationship between faith and reason; the nature of the Supreme Being; the connection between theology and art, politics, and metaphysics; and the origin and cause of the world. Credits: 3

PHIL226 The Age of Reason and Its Legacy
Frequency: C
The nature of reality, knowledge, and experience as portrayed by thinkers such as the Rationalists (Descartes, Leibniz, and Spinoza), the Empiricists (Locke, Berkeley, and Hume), Kant, and Reid. The legacy of these thinkers as reflected in standard notions of causality, truth, proof, and argument will be explored in relation to contemporary thinkers. Credits: 3
PHYS232 University Physics I Lab
Frequency: B
One three-hour laboratory session per week treating topics covered in PHYS 230.
Co-requisite(s): PHYS 230
Credits: 1

PHYS233 University Physics II Lab
Frequency: B
One three-hour laboratory session per week treating topics covered in PHYS 231.
Co-requisite(s): PHYS 231
Credits: 1

PHYS234 Modern Physics
Frequency: B
Special relativity, wave motion, basic concepts of quantum mechanics, atomic structure, solid state, and nuclear physics, including a weekly three hour lab.
Prerequisite(s): PHYS 231
Credits: 4

PHYS311 Acoustics I
Frequency: B
Elements of physics bearing directly on production and assimilation of musical tones, wave motion, resonance, complex waves, physiology of hearing, musical scales, simple acoustical models of musical instruments.
Prerequisite(s): PHYS 121 or PHYS 230
Credits: 3

PHYS312 Acoustics II
Frequency: D
Psychoacoustics and architectural acoustics. A study of the mechanics and neurological foundations of the perception of pitch, loudness, timbre, and direction, followed by a contrasting study of the behavior, measurement, and evaluation of sound and music in a variety of environments, utilizing both objective techniques and the psychoacoustical insights gained from the first part of the course.
Prerequisite(s): PHYS 311
Credits: 3

PHYS318 Basic Electronics
Frequency: B
Introduction to electronic circuits, devices, and systems with practical applications to recording engineering and biomedical instrumentation. Non-majors only.
Prerequisite(s): (MATH 120 or MATH 122) and (PHYS 122 or PHYS 231)
Credits: 3

PHYS321 Engineering Mechanics I
Frequency: B
A calculus treatment of applied mechanics including fundamentals of mechanics, vector algebra, equivalent force/moment systems, distributed forces: centroids and center of gravity, equilibrium of particles and rigid bodies, trusses, frames, internal forces in structural members, Coulomb friction, second moments of area and moment of inertia, method of virtual work, and kinematics of particles and rigid bodies.
Prerequisite(s): PHYS 230
Credits: 4

PHYS322 Engineering Mechanics II
Frequency: B
Continuation of PHYS 321 including stress and strain tensors, mechanical properties of solids, multidimensional stress-strain relations, section forces in beams, stresses in beams, deflection of beams, torsion, stresses and strain relations at a point, Mohr’s circle, energy methods, elastic stability, and vibrations.
Prerequisite(s): PHYS 321
Credits: 4

PHYS323 Circuit Analysis I
Frequency: B
A development of network analysis including Ohm’s and Kirchhoff’s laws, operational amplifiers, nodal analysis, network theorems, trees and links, energy-storage elements, RC and RL circuits, and second order circuits.
Prerequisite(s): PHYS 231
Credits: 3

PHYS324 Circuit Analysis II
Frequency: B
Continuation of PHYS 323 including sinusoidal excitation andphasors, AC steady state analysis, three-phase circuits, complex frequency and network functions, frequency response, transformers, Fourier and Laplace transforms.
Prerequisite(s): PHYS 323
Credits: 3

PHYS325 Electronics
Frequency: C
Co-requisite(s): PHYS 327
Credits: 3

PHYS326 Digital Logic
Frequency: B
TTL characteristics, Boolean algebra, logic functions, and minimization procedures. Logic gates and implementation. Design of combinational and sequential circuits. Flipflops, counters, shift registers, and arithmetic circuits.
Analog to digital and digital to analog conversion. Solid state memories and simple processors.
Co-requisite(s): PHYS 328
Credits: 3

PHYS327 Electronics Lab
Frequency: C
Laboratory to accompany and supplement PHYS 325.
Co-requisite(s): PHYS 328
Credits: 1

PHYS328 Digital Lab
Frequency: B
Laboratory to accompany and supplement PHYS 326.
Co-requisite(s): PHYS 326
Credits: 1

PHYS330 Thermodynamics
Frequency: B
Concepts of temperature, laws of thermodynamics, entropy, thermodynamic relations and potentials, processes, properties and cycles, applications to physical systems, introduction to statistical mechanics. MATH 223 is recommended (may be taken concurrently).
Prerequisite(s): PHYS 230
Credits: 3

PHYS331 Theoretical Mechanics
Frequency: B
Vector-tensor approach to classical mechanics including kinematics, dynamics, oscillations, Lagrange’s and Hamilton’s equations, transformations, central force, and rigid body motion.
Prerequisite(s): MATH 224 and PHYS 230
Credits: 3

PHYS332 Electricity and Magnetism
Frequency: B
Mathematical theory of electrostatics and electromagnetism employing vector calculus. Applications of Maxwell’s equations.
Prerequisite(s): PHYS 231 and (PHYS 425 or MATH 420)
Credits: 3

PHYS340 Optics
Frequency: C
An introduction to geometrical, physical, and modern optics.
Prerequisite(s): PHYS 231
Co-requisite(s): PHYS 341
Credits: 3

PHYS341 Optics Laboratory
Frequency: C
Laboratory to accompany and supplement PHYS 340.
Co-requisite(s): PHYS 340
Credits: 1

PHYS400 Undergraduate Seminar
Frequency: B
Presentations by students discussing topics in physics. Counted once for the physics credit hour requirements.
Credits: 1

PHYS401 Special Relativity
Frequency: D
Tensor calculus approach to relativistic kinematics, dynamics, optics, electrodynamics, and selected applied topics.
Prerequisite(s): PHYS 234
Credits: 3

PHYS425 Mathematical Physics I
Frequency: B
Applied methods including cartesian and noncartesian vector and tensor analysis, eigenvectors and eigenvalues, infinite series, complex functions.
Prerequisite(s): MATH 224
Credits: 3

PHYS426 Mathematical Physics II
Frequency: B
Prerequisite(s): PHYS 425
Credits: 3

PHYS431 Introduction to Quantum Mechanics
Frequency: B
Concept of wave-particle duality, Schroedinger’s wave equation with applications to potential problems, to the hydrogen atom, and to atomic spectra; perturbation theory, and spin-orbit interaction.
Prerequisite(s): PHYS 234
Co-requisite(s): PHYS 425
Credits: 3

PHYS434 Solid State Physics
Frequency: D
Crystal structure, conduction theory, binding and energy levels and other properties of conductors, semiconductors, dielectrics, and magnets.
Prerequisite(s): PHYS 431
Credits: 3
PHYS440 Seminar: Wave Motion in Physics  
Frequency: D  
This course will be devoted to the study of waves and its applications in different fields of physics. The principal objective is to develop an understanding of basic wave concepts and of their relations with one another. Readings and discussions on topics such as free and forced oscillations, superposition principle, traveling and standing waves, modulations, pulses, wave packets, bandwidth, coherence time and polarization, will serve to reach the proposed goal. Applications of different physical systems as water waves, sound waves, light waves, transmission lines, quantum waves, etc. will be illustrated through interesting examples.  
Prerequisite(s): PHYS 234  
Credits: 1  

PHYS442 Computational Physics and Engineering  
Frequency: D  
Numerical and computational techniques for solving a wide variety of problems in physics and engineering. Various methods for solving ordinary and partial differential equations describing mechanical oscillators (both periodic and chaotic), electrical and magnetic fields, and quantum mechanical wave functions will be explored. Students will be introduced to MATLAB, and some projects will be run in EXCEL. Familiarity with the physical systems involved is not a prerequisite. If time permits, Monte-Carlo methods will also be explored.  
Prerequisite(s): MATH 223 and PHYS 230  
Credits: 1  

PHYS444 Seminar: Quantum Information and Measurement  
Frequency: D  
Readings and discussion on the measurement process in quantum mechanics. Entangled states, Einstein-Podolsky-Rosen paradox, Bell's inequality, quantum encryption and quantum computation. Experimental techniques. Philosophical issues raised by quantum theory.  
Prerequisite(s): PHYS 431  
Credits: 1  

PHYS450 Advanced Laboratory  
Frequency: C  
Students explore advanced experimental techniques progressing through introductory stages to applications, devoting two to four weeks to each chosen topic. Student interest accommodated in topics (and respective applications) such as Nuclear Magnetic Resonance (Magnetic Resonance Imaging (MRI)), X-Ray Techniques (crystallography/elemental analysis/medical imaging), Hall effect and related techniques (semiconductor characterization/Giant Magnetoresistive computer disc readers, etc.), and Magnetization measurements (data storage/electrical and mechanical power conversion/geological surveying/bird and insect navigation, etc.)  
Prerequisite(s): PHYS 234  
Credits: 1  

PHYS468 Independent Study  
Frequency: D  
Independent work on a theoretical or experimental topic under the supervision of a faculty member.  
Credits: 1-3  

PHYS469 Directed Research  
Frequency: D  
Theoretical or experimental research under the supervision of a faculty member.  
Credits: 1-3  

PHYS470-479 Special Topics  
Frequency: A  
Area not covered in regular courses. Broad range of topics consistent with teaching and research interests of department.  
Credits: 1-3  

PHYS480 Laboratory Supervision in Physics  
Frequency: A  
Students enrolled serve as laboratory assistants under faculty supervision. Approval to register must be obtained from department. Three hours of work per week are expected for each hour of credit elected. Course may be repeated for a maximum of 6 hours credit applicable toward fulfillment of physics or mathematics-physics major’s supporting course requirements. (A major in physics or mathematics-physics is not a prerequisite.)  
Credits: 1-3  

PHYS490 Honors Thesis  
Frequency: B  
Research project culminating in a thesis. In most cases a full year of work will be required to complete both project and thesis.  
Credits: 3  

Political Science  

POLI100 Freshman Seminar  
Frequency: D  
The Freshman Seminar in Political Science introduces students to some central aspects of thriving and surviving at Fredonia in academic and social terms and to what is going on in Political Science. It is an opportunity for freshmen in Political Science to get to know one another, since students will be sharing classes and learning for the next four years. It is also an opportunity for students and Political Science faculty to get to know one another, their interests, and fields. It is a modest effort to ensure that some fundamental ideas about learning at college are offered to students.  
Credits: 1  

POLI120 American Politics  
Frequency: A  
Critical examination of key aspects of the American political system. What are the major institutions of political power? How is power obtained? Which groups or social classes tend to possess more power in these institutions and why? How does the political system manage change?  
Credits: 3  

POLI121 American Public Policy  
Frequency: A  
Introduction to the political economy of policy formulation. Emphasis is placed upon the questions of why government intervention in the economy is necessary and the cost-benefit evaluation of the intervention. Political failure is contrasted with market failure in evaluating government public policies. Substantive policy areas such as health care and education policies will be analyzed.  
Prerequisite(s): POLI 120  
Credits: 3  

POLI150 U.S. and World Affairs  
Frequency: B  
Studies key reasons for how and why countries behave as they do in international politics. Emphasis upon the changing sources of international power, colonialism, the Cold War and U.S.-U.S.R. struggle for power, and contemporary issues such as the arms race, Middle East conflicts, and struggle for economic power between rich and poor countries. Close study of the usefulness and morality of U.S. interventions abroad from the Gulf War to Panama, Haiti, and Bosnia.  
Credits: 3  

POLI200 Statistics  
Frequency: B  
Introduction to the substantive and technological methodology used in study of politics commonly employed by government and business offices. Attendance required. Note: Credit for at most one of the following courses may be applied towards a student’s requirements for graduation: BUAD 200, ECON 200, EDO 200, POLI 200, SOC 200, and STAT 200.  
Credits: 3  

POLI210 Research Methods  
Frequency: C  
Introduction to the variety of methods of analysis employed in the empirical study of politics. Consideration of the debates concerning the character of social science. A discussion of normative and positive methods of analysis and evaluation of topics suited for quantitative and non-quantitative treatments. Research design, data analysis, and reporting of results.  
Credits: 3  

POLI240 Urbanization and Environmental Challenges  
Frequency: D  
Focuses on the dilemmas posed by urbanization in developing countries, where the relentless process of city growth is challenging governments and placing an enormous burden on societies. The course addresses a key question underlying the studies on development and urbanization: how can cities develop economically, and at the same time preserve the quality of the urban space? This interdisciplinary course relies on concepts and theories drawn from the disciplines of political science, sociology and history, and from the subfields of international political economy, public policy, urban planning and environmental studies. It may be taught abroad with a fieldwork component directed by the instructor.  
Credits: 3  

POLI276 Law and Society  
Frequency: A  
Introductory examination of law as instrument of social control; philosophies regarding appropriate operations and functions of law and courts; and controversies surrounding questions of proper relationships between law, morals, and governmental policy.  
Credits: 3  

POLI276 Law and Society  
Frequency: A  
Introductory examination of law as instrument of social control; philosophies regarding appropriate operations and functions of law and courts; and controversies surrounding questions of proper relationships between law, morals, and governmental policy.  
Credits: 3
POLI335 Germany and Europe
Frequency: D
This course seeks, through an analysis of post-war developments in an occupied, then divided, Germany, to trace the origins of the 'German Question' and its impact on Germany within the broader context of East-West relations in Europe. The course then seeks to analyze the changing nature of inter-German relations and the factors leading to the dramatic events of 1989/90 and to consider the implications for Germany and Europe.
Prerequisite(s): POLI 120 or POLI 150 or HIST 116
Credits: 3

POLI341 Political Economy of Development
Frequency: C
Examines the ways political-economic factors and relationships condition the patterns of economic development and political change. The course explores: how do economies develop? does class power, domestic and international determine economic growth patterns and which social groups benefit? Contrasting Marxist and non-Marxist analyses are used. Contemporary and historical studies of development in Europe, the Middle East, Latin America, and Africa are used.
Prerequisite(s): POLI 120 or POLI 150
Credits: 3

POLI344 Comparative Public Policy
Frequency: C
Survey and comparative analysis of public policies in advanced industrial democracies, with emphasis on the U.S., Western Europe, Japan, and Canada. Special emphasis on government-business relations, labor relations, regional trading blocs, industrial planning, public ownership of economic enterprises, privatization, tax policy, and government-delivered health care systems.
Prerequisite(s): POLI 120
Credits: 3

POLI345 Film and Politics
Frequency: C
This course uses film to explore major aspects of political life and the cultural creation of meaning about social and political power, values, and activities. Films are studied as social and political products and to enhance understanding of political phenomena in the American and other cultures. These phenomena include social/political movements, war, law, and race, gender, and class differences and conflicts. Major feature films are used.
Credits: 4

POLI346 East Asian Political Economy
Frequency: C
This course focuses on the political, social and economic institutions that have driven the economic development of these East Asian countries which are increasingly creating competitive problems for the United States. Extensive discussion of the role of government planning and group structures such as the keiretsu and chaebol. Also analyzed are the determinants and extent of the development of democratic government in Confucian societies.
Prerequisite(s): POLI 120 or POLI 150
Credits: 3

POLI348 The European Union
Frequency: C
Study and analysis of the politics of the European Union (EU). Topics include: theories of international organization and functional integration; the EU institutions (e.g., EU Commission, Parliament, Council of Ministers, European Council); and the treaties and substantive policies. Students may participate in a EU at SUNY Fredonia or in Europe in alternate years. Taught on-line only (SUNY Learning Network).
Credits: 3

POLI349 Topics in Comparative Politics
Frequency: D
Examination in depth of current topics in comparative politics not falling within any other comparative politics course. May be taken more than once as topics change.
Prerequisite(s): POLI 120 or POLI 150
Credits: 3

POLI352 World Political Geography
Frequency: B
Examination of the ways humans have arranged the territory of the Earth’s surface, including how personal space, territoriality, and perception inform an understanding of politics; the analysis of countries within a geopolitical framework; case studies of how geography has impacted empires, civil divisions, and international relations; comparison of distribution of major political systems and their applications to territory.
Prerequisite(s): POLI 150 and HIST 102
Credits: 3

POLI354 Politics of the Middle East
Frequency: C
Analysis of Middle East politics, society, and international conflicts. Covers the historical and cultural background of Middle East states, the rise of Arab, Israeli, and other nationalisms, and the contemporary politics and political economy of major Middle East states. Assesses three entangled dimensions of conflict: inter-Arab struggles, the Arab-Israeli conflict, and the contest for influence by external powers.
Prerequisite(s): POLI 120 or POLI 150
Credits: 3

POLI355 International Political Economy
Frequency: C
Study of the dynamics of the international economy, economic policies and problems of major states, postwar international institutions, and trade and monetary systems. Considers theories and practices of the role of major powers and multinational corporations in the international economy. Interested in the dramatic changes in the division of world productive power, impact of globalization of capital and products upon the waging of countries and outbreak of crises, and developing country struggles to change their economic relationships with the world economy.
ECON 202 recommended.
Prerequisite(s): POLI 150 and ECON 201
Credits: 3

POLI356 U.S. Foreign Policy
Frequency: C
Analysis of U.S. foreign policy in the post-World War II period. Assesses the corporate ideological, institutional, and strategic influences in policy-making. Studies patterns of U.S. relations with the U.S.S.R., Europe, Latin America, and the Third World up to the present in the context of the Cold War, the arms race, Third World struggles, U.S. responses to revolutionary change, and U.S. efforts to maintain a world order.
Prerequisite(s): POLI 150
Credits: 3

POLI357 U.S. Foreign Policy
Frequency: C
Analytical treatment of main problems of political theory by examination of the writings of Plato and Aristotle. Discussion of contending theories of justice, equality, and political obligation.
Prerequisite(s): POLI 120 or POLI 150 or POLI 276 or POLI 277
Credits: 3

POLI361 Modern Political Theory
Frequency: C
Analytical treatment of main problems of political theory by examination of the writings of Machiavelli, Hobbes, Locke, Rousseau, Marx, Mill, and Rawls. Discussion of contending theories of individual rights and obligations, as well as the justification and limits of the state.
Prerequisite(s): POLI 120 or POLI 150 or POLI 276 or POLI 277
Credits: 3

POLI363 Game Theory
Frequency: D
The course will use rational choice theory to analyze how individuals and groups make decisions in strategic and non-strategic situations. Strategic situations are the result of the interdependent decisions of several individuals, e.g., nuclear deterrence or business competition. Problems covered include how computers beat humans at chess to the evolution processes of society. How do group norms arise where individual competition is the usual course of action? A low level of mathematical background is required.
Prerequisite(s): POLI 200
Credits: 3

POLI365 American Political Thought
Frequency: C
Critical examination of the development of American political thought, Colonial period to the present. Discussion of questions regarding the status of rights, the limits of the state, equality, and social justice. Includes analysis of the role in American politics of such ideologies as liberalism, conservatism, communitarianism, and socialism.
Prerequisite(s): POLI 120
Credits: 3

POLI369 Topics in Political Theory
Frequency: D
Examination in depth of topics in political theory not falling within any other political theory course. May be taken more than once as topics change.
Prerequisite(s): POLI 120 or POLI 150 or POLI 276 or POLI 277
Credits: 3
POLI370 American Constitutional Law
Frequency: B
Study the nature and limitations of judicial review and Supreme Court decisions regarding distribution of powers among national and state governments, division of powers between president and Congress, and limitations upon congressional and presidential powers.
Prerequisite(s): POLI 120 or POLI 276
Credits: 3

POLI371 Civil Rights and Liberties
Frequency: B
Study of judicial cases involving safeguarding of individual civil and property rights, special emphasis upon recent developments in interpretation of the due process and equal protection of the law clauses and First Amendment of the U.S. Constitution.
Prerequisite(s): POLI 120 or POLI 276
Credits: 3

POLI379 Topics in Public Law
Frequency: D
Examination in depth of topics in public law not falling within any other public law course. May be taken more than once as topics vary.
Prerequisite(s): POLI 120 or POLI 150 or POLI 276 or POLI 277
Credits: 3

POLI380 Policy Evaluation
Frequency: C
In-depth examination of the methods and techniques used to assess the success/failure of public policies. Students learn how to evaluate, acquiring skills that could be applied to any policy area. Topics include choice of goals, identification of measures, collection of data, interpretation of data and use of an appropriate yardstick of success. Familiarity with statistics not required.
Student learning reinforced by use of several case studies of specific evaluations.
Prerequisite(s): POLI 120
Credits: 3

POLI381 Urban Politics and Policy
Frequency: C
Investigation of the events and processes that have shaped the development and decline of U.S. cities. Topics include the evolution of cities, urban form and design, theories of urban planning, urban politics and governance, urban policy and economics, racial and socioeconomic isolation, urban unrest, and the impact of technology.
Prerequisite(s): (POLI 120 or POLI 121) and (ECON 201 or ECON 202)
Credits: 3

POLI382 Social Welfare Policy
Frequency: B
Examination of the politics and operation of the social welfare system in the United States. Emphasis on a policy analysis of current social welfare issues such as the Social Security crisis, welfare reform, the relationship between welfare and national economic policy, the functions of public welfare versus private charity, and the connections between direct service and social reform.
Prerequisite(s): POLI 120 or POLI 121
Credits: 3

POLI383 Courts and Social Policy
Frequency: C
Examines role of the Supreme Court and other courts in the shaping of public policies in such areas as school systems in desegregation cases, mental hospitals, prisons, and nursing homes. The course will choose from current cases involving major social policy issues such as abortion, prayer in public schools, affirmative action, and capital punishment in order to illustrate the dramatic and controversial role of the courts, especially the Supreme Court, in the shaping of policies in America.
Prerequisite(s): POLI 276
Credits: 3

POLI387 Environmental Policy
Frequency: C
A synthesis of the political, ecological, economic, historical and cultural events and issues shaping U.S. and international environmental policy. A broad range of topics are covered, including environmental history, population growth, the global commons, environmental justice, natural hazards, nuclear war, the role of business, and regulations governing endangered species and habitats, waste disposal, water and air.
Prerequisite(s): ECON 101 or ECON 102 or ECON 201 or ECON 202 or BIOI 111 or BIOI 115 or CHEM 107 or CHEM 113 or CHEM 114 or CHEM 115 or GEO 140 or GEO 141 or GEO 142 or GEO 145 or GEO 148 or GEO 149 or GEO 160 or GEO 165 or GEO 180 or PHYS 101 or PHYS 111 or PHYS 121 or PHYS 230
Credits: 3

POLI389 Topics in Public Policy
Frequency: D
Examination in depth of topics in public policy not falling within any other public policy course. May be taken more than once as topics vary.
Prerequisite(s): POLI 120 or POLI 121 or POLI 150
Credits: 3

POLI401 Washington Seminar
Frequency: A
Prior selection required.
Credits: 3

POLI402 Washington Internship
Frequency: A
Prior selection required.
Credits: 3-12

POLI403 Independent Study (Washington)
Frequency: A
Prior selection required.
Credits: 3

POLI405 Independent Study (Albany)
Frequency: A
Prior selection required.
Credits: 3

POLI406 Seminar in State Politics - Albany
Frequency: A
Prior selection required.
Credits: 3

POLI407 Albany Internship
Frequency: A
Prior selection required.
Credits: 3-12

POLI419 Directed Study: Public Administration
Frequency: D
Directed Studies courses are taken for individual work not available in regular courses, according to the field to be studied. Topics determined through prior consultation with instructor.
Prerequisite(s): POLI 120 and POLI 311
Credits: 1-3

POLI429 Directed Study: American Politics
Frequency: D
Directed Studies courses are taken for individual work not available in regular courses, according to the field to be studied. Topics determined through prior consultation with instructor.
Prerequisite(s): POLI 121 and (POLI 311 or POLI 313 or POLI 321 or POLI 322 or POLI 323 or POLI 324)
Credits: 1-3

POLI439 Directed Study: Comparative Politics
Frequency: D
Directed Studies courses are taken for individual work not available in regular courses, according to the field to be studied. Topics determined through prior consultation with instructor.
Prerequisite(s): POLI 120 and POLI 150 and (POLI 330 or POLI 331 or POLI 332 or POLI 334 or POLI 346 or POLI 352 or POLI 354 or POLI 355 or POLI 356)
Credits: 1-3

POLI449 Directed Study: Political Economy
Frequency: D
Directed Studies courses are taken for individual work not available in regular courses, according to the field to be studied. Topics determined through prior consultation with instructor.
Prerequisite(s): POLI 120 and POLI 150 and (POLI 334 or POLI 341 or POLI 344 or POLI 346 or POLI 354)
Credits: 1-3

POLI450 Senior Seminar
Frequency: B
A capstone seminar requiring political science majors to integrate the theoretical, empirical and methodological skills developed by previous course work in the major. Students will complete a research project and present it to the class. This seminar will emphasize the student's research and presentation skills. This course is required of all political science majors.
Credits: 3

POLI459 Directed Study: International Politics
Frequency: D
Directed Studies courses are taken for individual work not available in regular courses, according to the field to be studied. Topics determined through prior consultation with instructor.
Prerequisite(s): POLI 120 and POLI 150 and (POLI 341 or POLI 346 or POLI 354 or POLI 355 or POLI 356)
Credits: 1-3

POLI469 Directed Study: Political Theory
Frequency: D
Directed Studies courses are taken for individual work not available in regular courses, according to the field to be studied. Topics determined through prior consultation with instructor.
Prerequisite(s): POLI 120 and POLI 150 and (POLI 360 or POLI 361 or POLI 363 or POLI 365)
Credits: 1-3

POLI479 Directed Study: Law
Frequency: D
Directed Studies courses are taken for individual work not available in regular courses, according to the field to be studied. Topics determined through prior consultation with instructor.
Prerequisite(s): POLI 120 and (POLI 276 or POLI 277 or POLI 370 or POLI 371 or POLI 393)
Credits: 1-3

POLI489 Directed Study: Public Policy
Frequency: D
Directed Studies courses are taken for individual work not available in regular courses, according to the field to be studied. Topics determined through prior consultation with instructor.
Prerequisite(s): POLI 121 and (POLI 380 or POLI 381 or POLI 382 or POLI 383 or POLI 387)
Credits: 1-3
POLI490 Internship in Local Politics and Government
Frequency: A
Assignment to office of county, city, or village administrative official, public service agency, legislator, political party, judge, or attorney. Provides opportunities for testing theories and concepts developed in classroom. Involves full-time work during part of semester.
Credits: 3-9

POLI491 Seminar in Local Politics and Government
Frequency: A
Discussion and reporting on selected readings and experiences encountered in internships at local government level, including assessment of roles and/or power position of particular agencies, offices, or departments to which interns are assigned. Also involves writing research paper.
Prerequisite(s): POLI 490
Credits: 3

POLI492 Legal Intern
Frequency: B
Assignment to law-related office. Provides opportunities for testing theories and concepts developed in classroom. Involves full-time work during part of semester.
Credits: 3-6

POLI494 Legal Internship Seminar
Frequency: D
Discussion and reporting on selected readings and experiences encountered in legal internships. Also involves writing research paper.
Prerequisite(s): POLI 492
Credits: 3

POLI495 Political Science Honors Thesis I
Frequency: B
To be taken in the spring semester of a student's senior year. The course will allow the student the time to complete the writing of the major research paper. The requirement for the course will be an oral presentation of the student's research presented at a joint student-faculty reception, and a major research paper. The length of the research paper will be at least 45 pages for an analytical or case study, and at least 25 pages for a quantitative research paper. Only students admitted by the department to the honors sequence are eligible.
Prerequisite(s): POLI 495
Credits: 3

POLI496 Political Science Honors Thesis II
Frequency: B
To be taken in the spring semester of a student's senior year. The course will allow the student the time to complete the writing of the major research paper. The requirement for the course will be an oral presentation of the student's research presented at a joint student-faculty reception, and a major research paper. The length of the research paper will be at least 45 pages for an analytical or case study, and at least 25 pages for a quantitative research paper. Only students admitted by the department to the honors sequence are eligible.
Prerequisite(s): POLI 495
Credits: 3

PSY100 Freshman Seminar
Frequency: B
New Psychology majors will learn about the department and what it has to offer. Course options will be explored and students will be introduced to the faculty. Students also will be made aware of campus resources and taught appropriate study skills.
Credits: 1

PSY129 Introduction to Psychology
Frequency: A
Basic concepts, methods, and points of view in psychology. Specific topics span the range from biological to personal to social determinants of behavior.
Credits: 3

PSY130 Psychology Laboratory
Frequency: A
A series of computer-based laboratories to give the student hands on experience with a variety of phenomena in psychology. After the computer exercise, students discuss findings, implications, and applications in small groups. Attendance is required.
Prerequisite(s): PSY 129
Credits: 1

PSY200 Statistics
Frequency: A
Investigation of basic principles of descriptive and inferential statistics used in the social sciences. A sample of the topics covered includes probability, hypothesis testing (e.g., t-tests, analysis of variance, non-parametrics), correlation and regression. Both raw score formulas and computer software are employed for computational purposes.
Credits: 3

PSY203 Computer Applications in Psychology
Frequency: C
This course introduces students to the core applications used in the discipline of Psychology. A wide variety of currently available applications will be explored. The goal of this course is to teach students how to implement relevant aspects of the applications. For example, how to use MS Word to format a document in APA style, how to use MS Excel to create a graph, or how to create a verbal or poster presentation in MS PowerPoint. Students will also be taught how to access and use on-line help systems, search and utilize the web as well as create their own web pages.
Prerequisite(s): PSY 129
Credits: 3

PSY210 Research Methods
Frequency: A
Investigation of basic principles of descriptive and inferential statistics used in the social sciences. A sample of the topics covered includes probability, hypothesis testing (e.g., t-tests, analysis of variance, non-parametrics), correlation and regression. Both raw score formulas and computer software are employed for computational purposes.
Credits: 3

PSY227 Applied Psychology
Frequency: C
Discussion of emerging areas in psychology and the application of psychological principles to real-world settings. Focus on relationship between psychology and various other areas, such as law, medicine, business, and mental health.
Prerequisite(s): PSY 129
Credits: 3

PSY237 Sport Psychology
Frequency: C
An introduction to the basic concepts, principles, and techniques employed in the field of sport psychology. Major topics include research methods, behavioral principles, personality and assessment, the social psychology of sport, the coach, exercise psychology, youth sport, the female athlete, the minority athlete and ethical issues.
Prerequisite(s): PSY 129
Credits: 3

PSY244 Cognitive Psychology
Frequency: A
Examines the mental operations involved in information processing at the conceptual level. Topics include pattern recognition and attention, memory structures and processes, imagery, the interaction of language and thought, the basic thought processes of problem-solving, reasoning and decision-making, and cognitive development.
Prerequisite(s): PSY 129
Credits: 3

PSY245 Social Psychology
Frequency: A
Introduction to interpersonal behavior. Topics include attraction, prejudice and discrimination, attitudes, social influence, aggression, social perception, and group behavior.
Prerequisite(s): PSY 129
Credits: 3

PSY246 Personality
Frequency: A
Biological and social determinants of personality and its development. Methods of studying personality.
Prerequisite(s): PSY 129
Credits: 3

PSY247 Health Psychology
Frequency: B
Explores the role of psychological factors in the prevention of illness and maintenance of good health, the treatment of already existing illness, and the recovery from or adjustment to ongoing illness.
Prerequisite(s): PSY 129
Credits: 3

PSY255 Psychology of Women
Frequency: C
An examination of the biological, psychological and sociological factors that shape women's lives. Attention to the intersection of gender with ethnicity, sexual orientation, and social class. Specific topics include theories of gender development, images of women in the media, work, childbirth and motherhood, violence, physical and mental health.
Prerequisite(s): PSY 129 or WOST 201
Credits: 3

PSY273 States of Consciousness
Frequency: B
Scientific overview of ordinary consciousness and other states of consciousness including sleep and dreaming, meditation, biofeedback, hypnosis, drug-induced states, and parapsychology. The potentials, limitations, and dangers of these various states of consciousness are considered.
Credits: 3
PSY276 Human Sexuality
Frequency: C
Introduction to theoretical explanations of empirical evidence regarding human sexual behavior. Consideration of reproductive anatomy and physiology; sexually transmitted diseases; sexual attitudes and behaviors throughout the life cycle; contraception; social issues related to sexuality; sexual dysfunctions; and communication in intimate relationships.
Prerequisite(s): PSY 129
Credits: 3

PSY280 Special Topics
Frequency: D
Special topics in Psychology not covered in detail by regular courses and not offered on a regular basis.
Prerequisite(s): PSY 129
Credits: 3

PSY286 Gender Differences
Frequency: D
Survey of physical, social-emotional, and cognitive sex differences revealed in research data and manifested in cultural stereotypes. Theoretical explanations for origins of these differences. Emphasis throughout on critical analysis of the data.
Prerequisite(s): PSY 129
Credits: 3

PSY288 Lifespan Human Development
Frequency: C
Survey of human life cycle, covering physical, mental, and social development taking place during different periods (infancy, childhood, adolescence, adulthood). Attention to developmental issues and particular processes operating within and between specific periods (e.g., marriage, parenthood, career, death, and bereavement).
Prerequisite(s): PSY 129
Credits: 3

PSY300 Intermediate Statistics
Frequency: D
Application of statistical concepts to experimental design in psychological research.
Prerequisite(s): PSY 200
Credits: 3

PSY317 Tests and Measurements
Frequency: C
Introduction to the principles of testing including reliability and validity. The nature and application of different types of tests (measures of achievement, aptitude, intelligence, personality, and interests) are discussed. Both occupational and educational testing are covered.
Prerequisite(s): PSY 129 and PSY 200
Credits: 3

PSY342 Perception
Frequency: A
An investigation of the mental operations involved in the process of obtaining information from one’s everyday environment and constructing the psychological representations that form the basis of the capacity to adapt to that environment. Topics include the perception of space, motion, and form; perceptual constancies; perceptual organization; attention and search; learning and development.
Prerequisite(s): PSY 129
Credits: 3

PSY344 Psychology of Language
Frequency: C
The study of human language and thought processes. The course covers the following topics: speech perception, the role of memory systems in processing sentences and storing knowledge, the development of the language rule system in children, the influence of mother’s language on the acquisition process, and second language acquisition.
Prerequisite(s): PSY 129
Credits: 3

PSY347 Industrial/Organizational Psychology
Frequency: B
Examination of the dynamic nature of interpersonal behavior within an organizational context. Topics include motivation, group processes, leadership, stress, decision-making, and communication. Personnel matters including selection, training, and appraisal are discussed.
Prerequisite(s): PSY 129
Credits: 3

PSY349 Child Psychology
Frequency: B
A review of research findings and normative data pertaining to children in such areas as perception, learning, cognition, and personality.
Prerequisite(s): PSY 129
Credits: 3

PSY351 Physiological Psychology
Frequency: A
Study of physiological basis of behavior.
Prerequisite(s): PSY 129
Credits: 3

PSY355 Group Dynamics
Frequency: B
Analysis and evaluation of concepts, hypotheses, techniques, and research in group dynamics.
Prerequisite(s): PSY 245 or SOC 204
Credits: 3

PSY356 Abnormal Psychology
Frequency: B
Introduction to psychological disorders, focusing on theoretical approaches to conceptualizing abnormal behavior and current research regarding the symptomatology, etiology, and treatment of disorders. Methods of assessment and diagnosis of mental disorders will also be examined.
Prerequisite(s): PSY 129
Credits: 3

PSY358 Psychology and the Law
Frequency: B
An examination of the legal system through the use of psychological concepts, methods, and research results. Controversial legal issues will be examined. Topics will include theories of crime, forensic assessment, the insanity defense, the trial process, and the impact of gender and ethnicity. Influential cases will be analyzed from a psychological perspective.
Prerequisite(s): PSY 129
Credits: 3

PSY361 Cognitive Neuroscience
Frequency: B
Cognitive neuroscience is the study of the biology of the mind. The disciplines of cognitive psychology, behavioral neurology, and neurosciences, have combined to form this relatively new field. This course will address the neural bases of cognition including topics such as perception, attention, memory, language, cerebral lateralization and specialization, motor control and development.
Prerequisite(s): PSY 129
Credits: 3

PSY364 Cognitive Development
Frequency: B
A study of the conceptual changes which occur during childhood. Topics include theories of cognitive development, infant perceptual capabilities, the evolution of representations, memory systems, language acquisition, and reasoning. Focus is on current research and theory.
Prerequisite(s): PSY 129
Credits: 3

PSY365 Social Development
Frequency: B
Explores the process of socialization. Theories and research relating to social development in areas such as achievement, self-concept, aggression, altruism, and gender roles are covered. Emphasis on the impact of and linkage between various socialization agents (e.g., parents, peers, and school). Social issues (e.g., divorce, drug abuse, etc.) and intervention programs will be considered.
Prerequisite(s): PSY 129
Credits: 3

PSY366 Psychology of Adulthood
Frequency: D
Examination of data and theory having to do with psychological issues of importance in adult development (perception, cognition, identity, intimacy, socialization, life phases, etc.), and implications of these for adults and those working with them.
Prerequisite(s): PSY 129
Credits: 3

PSY370 Cross-Cultural Psychology
Frequency: B
An introduction to psychological theory and research from the perspective of other cultures. Investigates the origins of psychological thought and overviews the development of the discipline in various historical and political contexts. Focus will vary from semester to semester depending upon instructor.
Prerequisite(s): PSY 129
Credits: 3

PSY373 Human Factors
Frequency: B
The study of how humans perceive, think about, and interact with technology and machines. Includes evaluating human performance with technological systems, and designing such systems for reducing human error.
Prerequisite(s): PSY 129 and PSY 356
Credits: 3

PSY379 Child Psychopathology
Frequency: C
An introduction to the assessment, diagnosis, and treatment of abnormal behavior in children and adolescents, with consideration of variability in symptomatology and treatment as a function of developmental status.
Prerequisite(s): PSY 129 and PSY 356
Credits: 3

PSY380 Special Topics
Frequency: D
Special topics in Psychology not covered in detail by regular courses and not offered on a regular basis.
Prerequisite(s): PSY 129
Credits: 3

PSY429 History and Systems of Psychology
Frequency: B
Historical study of psychology focusing on successive schools of thought that have had major influence on the discipline.
Prerequisite(s): PSY 210
Credits: 3
PSY430 Theories of Psychology
Frequency: B
A discussion of the principles, assumptions, construction, and application of various theories of human behavior. The specific theories covered will vary with the instructor, e.g., Anderson's cognitive theory, Bandura's social learning theory, Freud's psychanalytic theory, Piaget's theory of development, Skinner's theory of learning.
Prerequisite(s): PSY 210
Credits: 3

PSY439 Senior Honors Seminar
Frequency: B
In-depth analysis of selected topics.
Prerequisite(s): PSY 210
Credits: 3

PSY445 Seminar in Social Psychology
Frequency: C
In-depth exploration of a specific topic in Social Psychology. Topics covered will vary with the instructor, e.g., Psychology of Ethnicity, Leadership and Achievement, Social Cognition and Attribution Processes, Intimate Relationships, Prejudice and Discrimination.
Prerequisite(s): PSY 210 and PSY 245
Credits: 3

PSY447 Introduction to Counseling
Frequency: A
Provides an overview to the fields of counseling and clinical psychology, focusing on current theoretical approaches to conducting psychotherapy and counseling, assessment tools and techniques used in the fields of clinical and counseling psychology, and the basic skills (e.g., interviewing, problem-solving, active listening) used in counseling interventions with clients. Abnormal Psychology is a recommended prerequisite.
Prerequisite(s): PSY 129
Credits: 3

PSY454 Theories of Memory
Frequency: B
In-depth exploration of several theoretical approaches to the study of human memory. Past, present, and future implications of the theories will be evaluated and discussed.
Prerequisite(s): PSY 210 and (PSY 244 or PSY 364)
Credits: 3

PSY458 Practicum in Teaching
Frequency: A
With supervision, teaching assistants (TAs) experience various aspects of teaching including class preparation, leading discussions, and student evaluation. Each TA is responsible for sections of PSY 130 Psychology Laboratory.
Prerequisite(s): PSY 210
Credits: 3

PSY479 Internship in Psychology
Frequency: A
A number of internships are available to psychology students. These vary in setting but all involve work under supervision in a community setting. Students should see the department internship director for a description of internships available.
Credits: 3-6

PSY489 Independent Study
Frequency: A
Individual student research conducted under guidance of selected instructors, with permission of instructor.
Credits: 1-3

Russian
RUS515 Elementary Russian I
Frequency: D
For students with no previous preparation. Study of fundamental speech patterns. Initial stress on listening comprehension and oral ability. Progressively greater emphasis on reading and writing skills.
Credits: 3

RUS516 Elementary Russian II
Frequency: D
Continuation of RUS 115. Further introduction to fundamental speech patterns. For students with one semester of college level Russian or equivalent. Stress on listening comprehension, oral ability, reading, and writing skills.
Prerequisite(s): RUS 115
Credits: 3

Science Education
SCE605 Nature of Science Education Field Experience
Frequency: B
This course is the field component to SCE 105 and provides candidates the opportunity to gain experience teaching the nature of science in 7-12 classroom.
Co-require(s): SCE 105
Credits: 0

SCE276 Literacy and Technology for Science and Mathematics
Frequency: B
This course provides an overview of the processes involved in literacy acquisition and instructional technologies available to enhance teaching in science and mathematics. The relationship of reading and writing, and aspects of writing development and writing process appropriate to each stage of reading development will be presented. Topics: conceptual and methodological issues related to instruction and acquisition of reading, the role and use of technology in literacy instruction, assessment of candidate’s reading and writing, diversity in reading acquisition, use of computers, graphing calculators and other multimedia applications.
Credits: 3

SCI301 Science for Elementary Educators I
Frequency: A
In-depth focus on key concepts in the areas of chemistry and physics. Application of these concepts to real world situations and to topics in the elementary science curriculum are emphasized.
Credits: 3

SCI302 Science for Elementary Educators Lab
Frequency: A
Designed for childhood education majors, this laboratory engages students in experiments from biology, chemistry, geology and physics. Most of the experiments are interdisciplinary in nature. The students will plan and execute experiments and then evaluate their data and document their conclusions. Evaluation will be based on laboratory notebook, written lab reports and oral presentation of experimental results.
Credits: 1

SCI303 Science for Elementary Educators II
Frequency: A
In-depth focus on key concepts in the areas of biology and geology. Applications of these concepts to real world situations and to topics in the elementary science curriculum are emphasized.
Credits: 3

SCE613 Diversity in Teaching Math and Science Field Experience
Frequency: B
This course is the field component to SCE 305. Candidates will use different instructional formats to develop effective approaches for teaching science to students with different backgrounds and abilities in diverse educational learning environments.
Co-require(s): SCE 305
Credits: 0

SCI419 Adolescence Science Methods
Frequency: B
This course is an active inquiry into how and why we teach science, considering from what science is, how science literacy could be achieved, what “learning” entails, and what kinds of curricula and teaching best enable science learning.
Credits: 3

Science, Interdisciplinary
SCI325 Science Teaching Assistantship
Frequency: A
This course is designed to provide science education majors with science teaching experience guided by science faculty. Students will assist in curriculum development, preparation and instruction for lectures, interactive activities and laboratory experiments in the areas of biology, chemistry, earth science and physics. The students will be teaching assistants for SCI 301, 302, and/or 303. Prerequisite(s): SCI 301 and SCI 302 and SCI 303 Credits: 1

SCI491 Special Topics in Science Education
Frequency: B Courses on topics of special or current interest or, experimental courses in science education. Credits: 1-6

Time Shortened Degree
SDEG100 Humanities
Frequency: B Advanced English 12 class taken by students in the 3-1-3 Program. This is a year-long writing intensive course that provides a survey of western literary texts. Credits: 3-6

SDEG102 Chemistry
Frequency: B Students from specific area high schools earn general education credits for fourth year high school Chemistry. Students must pass the Regents or earn a C or better if non-Regents. For specific course description, contact 3-1-3 Program (4th Floor- Reed Library 716-673-3550). Credits: 3-6

Seneca
SEN115 Elementary Seneca I
Frequency: D For students with no previous preparation. Study of fundamentals of speech patterns. Initial stress on listening comprehension and oral ability. Progressively greater emphasis on reading and writing skills. Credits: 3

Sociology
SOC116 Introductory Sociology
Frequency: A The methods, insights, and perspectives of sociology; how sociologists do their work; how individuals are influenced by society and culture; how people learn to become members of society (the socialization process), and how people interact with others in it. Review of major topics of sociological interest and concern. Credits: 3

SOC160 Special Topics
Frequency: D A course covering material not covered by existing courses. Offered on an occasional basis. Credits: 3

SOC200 Statistics for Sociologists
Frequency: A An introduction to the place of statistics in the research process; develops understanding of statistics as a valuable tool in analyzing data. Deals with probability, sampling, tables, graphs, averages, measure of variation, measures of association, tests of significance, and multivariate statistics. Special emphasis given to analysis of survey data using computers. Note: Credit for at most one of the following courses may be applied towards a student’s requirements for graduation: BUAD 200, ECON 200, EDU 200, POLI 200, SOC 200, and STAT 200. Prerequisite(s): SOC 116 Credits: 3

SOC201 Social Problems
Frequency: B Review of the causes, nature, dynamics, and modes of alleviating some major social problems in contemporary U.S. Among the problems which may be reviewed are poverty, deviance, crime and delinquency, discrimination (racism, sexism, ageism), ecological-environmental threats, over-population, as well as problems of vital institutions (familial, medical, political, economic). Prerequisite(s): SOC 116 Credits: 3

SOC202 Social Analysis
Frequency: A Seeks to orient students sociologically toward a broad range of social phenomena in such a way that they can begin systematically to question, analyze, and articulate a sociological point of view on any topic of sociological interest. Prerequisite(s): SOC 116 Credits: 3

SOC204 Social Psychology
Frequency: B The forms of social interaction that relate people to each other in everyday life and the consequences for individuals of their social experiences. Theoretical models applied and evaluated for their explanatory power in illuminating such issues as socialization into roles, attitude formation, development of self concept, conflict resolution, etc. Prerequisite(s): SOC 116 Credits: 3

SOC215 Introduction to Public Health
Frequency: B Public Health is an interdisciplinary field concerned with the physical, mental and environmental health concerns of communities and populations at risk for disease and injury. Topics examined in this course include "traditional public health" issues: infectious and chronic diseases, injuries, diet, maternal/child health and threats to the natural environment. This course will also examine "newer public health" concerns including bioterrorism/superterrorism, human-generated and natural disasters, risk communication, and public health hoaxes. Credits: 3

SOC218 Introduction to Social Work
Frequency: D Introduction to theoretical and practical foundations of social work. Examination of values, knowledge, and skills underlying a generalist approach to social work. Analysis of role of social workers in such settings as hospitals, schools, mental health agencies, and family and child welfare agencies. Prerequisite(s): SOC 116 Credits: 3

SOC240 Health and Society
Frequency: D Examines the social psychology of health and illness, social epidemiology and the social correlates of illness, and the organization of health care, including the doctor-patient relationship, the health professionals, and health institutions. Prerequisite(s): SOC 116 Credits: 3

SOC245 Applied Sociology
Frequency: B An introduction to the application of sociological theories, concepts, and research strategies to help people, organizations, agencies, and communities identify, analyze, and solve problems and to evaluate the success of problem solving efforts. A variety of sociological approaches are linked to problem definition and resolution strategies routinely used in numerous professional settings, including needs assessment, program evaluation, program outcomes and impact assessment, social indicators development, and management information systems. The course includes a lab component that will provide beginning level skills in using several software packages widely employed in applied work. Prerequisite(s): SOC 116 Credits: 3

SOC272 Exploring Community-Based Social Work
Frequency: B Explores how communities and the social work profession respond to social problems. Traditional classroom-based learning is combined with service learning activities to increase student knowledge of the social service delivery system. Prerequisite(s): SOC 218 Credits: 3

SOC300 Research Methods
Frequency: A A course concerned with knowing; emphasis is placed on the evaluation of information and the research process: conceptualization, design, measurement, and data collections methods of survey, experiment and observation are discussed. Prerequisite(s): SOC 116 and SOC 200 Credits: 3

SOC303 Social Class and Inequality
Frequency: B Examines the sources, forms, and consequences of social inequality, with major emphasis on social stratification in the United States. Emphasis on social class, but also includes racial and ethnic stratification, and gender inequality. Also analyses on debate over the inevitability of inequality, and examines related issues in social policy. Prerequisite(s): SOC 116 Credits: 3

SOC306 Sex and Gender
Frequency: A Description and analysis of sex and gender roles and relationships from a variety of societies at different levels of socio-cultural complexity. Note: Also listed as ANTH 300 and WOST 302. Prerequisite(s): SOC 116 or ANTH 115 Credits: 3

SOC308 Foundations of Sociological Theory
Frequency: B Critical examination of the modern grounding of sociological theory in the works of Durkheim, Marx, Weber and Simmel. Examines linkages of past with present in contemporary sociological enterprise. Considers developments through 1920. Prerequisite(s): SOC 116 and SOC 202 Credits: 3
SOC309 Contemporary Sociological Theory
Frequency: B
Examines contemporary claims concerning what human beings are like, what society is, and what we can know about the two. The modern foundations of sociological theory are traced from functionalist, Marxist, and symbolic interactionist traditions through contemporary approaches grounded in phenomenological, critical, feminist, structuration and postmodern theories.
Prerequisite(s): SOC 116 and SOC 202
Credits: 3

SOC310 Sociology of Deviant Behavior
Frequency: D
Covers theoretical and empirical issues in the sociological understanding of deviant behavior. Research studies of several forms of human deviance are analyzed and critiqued: suicide, skid row, addiction, prostitution, homosexuality, mental illness, physical handicaps.
Prerequisite(s): SOC 116
Credits: 3

SOC311 Sociology of Addiction
Frequency: C
Examination of all that behavior which has come to be identified as addiction including tobacco smoking, alcoholism, substance abuse, eating disorders and gambling. An analysis of competing theories of addiction and treatment. The political, economic and social ramifications of addiction control.
Prerequisite(s): SOC 116
Credits: 3

SOC312 Plagues and Peoples
Frequency: B
This course explores the impact of disease on human populations in terms of demographic, cultural and social changes. The rise of health care delivery systems is addressed as a response to epidemics. Examples include the bubonic plague of the 14th and 17th centuries, cholera, influenza, polio and AIDS. Note: Also listed as ANTH 301.
Prerequisite(s): SOC 116 or ANTH 115
Credits: 3

SOC316 Minority Groups
Frequency: A
Study of discrimination against ethnic groups (race, religion, national origins); major groupings within the U.S. such as blacks, Jews, Native Americans, Hispanics, and Asian Americans. Ethnic relations in countries throughout the world, with an emphasis on the impact of colonialism on ethnic relations.
Prerequisite(s): SOC 116
Credits: 3

SOC320 Family Sociology
Frequency: B
Overview of sociological perspectives on the family: emphasis on current state of the family in society. Topics include premarital sexual behavior and attitudes; dynamics of mate selection; marriage as an institution; marriage and sex roles; family dynamics (parenthood, childhood, family politics, influence in the family, divorce, etc.); marriage and the family as a subjective reality; alternative family forms; and the future of the family. Relationship between family and other social institutions.
Prerequisite(s): SOC 116
Credits: 3

SOC321 Population and Society
Frequency: B
An introduction to social demography, this course provides an overview of the three basic demographic processes: fertility, mortality, and migration. It evaluates the relationships among these population processes and their interaction with population structures and characteristics, such as age, sex, marital status, race/ethnicity, social class and religion. It also examines contemporary social issues associated with the population processes, including equality, aging, urbanization, women and household structure, economic development and environmental concerns.
Prerequisite(s): SOC 116
Credits: 3

SOC325 Complex Organizations
Frequency: D
Social structure and social processes of formal organizations. Behavior within organizations. Comparison of major types of organizations: educational, military, business-industrial, hospital, and governmental.
Prerequisite(s): SOC 116
Credits: 3

SOC327 Understanding People
Frequency: D
Using biographies, explores how key sociological factors such as age, gender, race, marital status, socio-economic status, occupation, religion and health affect the everyday life of people, their life choices and life styles, their perspectives on themselves and on their world, their values and their beliefs.
Prerequisite(s): SOC 116
Credits: 3

SOC335 Sociology of Sport
Frequency: D
Introduction to sport as a social institution; social function of sport; sport and culture, schools, and socialization; sport and women, race, and ethnic groups; sport and mass media; sport and stratification and social change.
Prerequisite(s): SOC 116
Credits: 3

SOC337 Sociology of Aging
Frequency: D
In-depth overview of social gerontology, focusing on aging in modern societies. How major institutional changes affect the aged. Review of major problems: status as a minority, retirement adjustment, income, social attitudes, ageism, kinship and other roles.
Prerequisite(s): SOC 116
Credits: 3

SOC338 Sociology of Death and Dying
Frequency: C
Examines the growing body of sociological and social psychological literature on humankind's last major status passage. Institutions which structure death are considered and the processes accompanying dying are investigated.
Cross-cultural as well as American death phenomena are included.
Prerequisite(s): SOC 116
Credits: 3

SOC345 Women, Health and Society
Frequency: B
Examines ways in which health and illness for women are defined and managed. Topics include the medicalization of pregnancy and birth, adolescence and sexuality, addiction, mental health, menopause, body image, and, women as health care providers.
Prerequisite(s): SOC 116
Credits: 3

SOC350 Special Topics
Frequency: D
Special topics in sociology not covered in detail by regular courses and not offered on a regular basis.
Prerequisite(s): SOC 116
Credits: 3

SOC360 Criminal Justice System
Frequency: D
Comprehensive study of structure and functioning of the criminal justice system; its historical, philosophical, and political origins; comprehensive review of the system including the law, police, courts, and corrections.
Prerequisite(s): SOC 116
Credits: 3

SOC361 Law in the World
Frequency: C
Comprises criminal law and justice systems of a variety of contemporary societies. Details characteristics of common law, civil law, and socialist law legal systems as contexts to explore the practices of specific countries. Examines crime patterns across countries.
Prerequisite(s): SOC 116
Credits: 3

SOC362 Criminology
Frequency: D
An investigation of the nature and causes of crime. Issues covered include: the police, criminal law, criminal court system, epidemiology of crime, and criminal behavior.
Prerequisite(s): SOC 116
Credits: 3

SOC363 Victimology
Frequency: D
Introduction to the study of victim-criminal relationships. Issues of conceptual and empirical interest covered include: history of the status of victims of crime in Western criminal justice systems; sociological characteristics of victims; victim-risk; victim-precipitated crimes; and victim compensation programs.
Prerequisite(s): SOC 116
Credits: 3

SOC364 Juvenile Delinquency
Frequency: B
An examination of delinquent behavior and its distribution in society. Topical issues discussed include the juvenile justice system, theories of delinquency, and methods of social control of this behavior.
Prerequisite(s): SOC 116
Credits: 3

SOC365 Family Violence
Frequency: D
The variety of forms of family violence-child abuse, partner abuse, elder abuse are examined with regard to its range and scope as well as legal and cultural issues. Explanations of and societal responses to these phenomena are detailed and evaluated.
Prerequisite - SOC 116 and Junior Standing
Credits: 3

SOC400 Seminar in Sociology
Frequency: B
A capstone course for selected sociology majors that encourages the integration and critical appraisal of sociological and social issues to promote reflection on the field of sociology as a whole and its relation to other fields of knowledge. While subject matter varies from year to year, the seminar involves in-depth study and critical examination of major social issues and important and enduring sociological concerns. The seminar also involves a collective project in which students focus on developing strategies to help resolve these issues and concerns. Permission of instructor.
Prerequisite(s): SOC 116
Credits: 3
SOC415 Seminar in Public Health
Frequency: C
In-depth exploration of selected topics in public health. Major focus varies from semester to semester depending on interests of students and instructor. The general goal is to help students (a) integrate topics and themes of completed courses from disciplines comprising the public health minor, and (b) use this information to explore jobs, graduate education and careers in public health. Students must have completed 15 hours of course work in the public health minor, including Intro. to Public Health.
Credits: 1

SOC442 Criminal Justice Seminar
Frequency: D
Designed for those students doing criminal justice internships. Selected readings and group discussions to assist students in organizing their field experiences and interpreting them in relation to major conceptual issues in criminal justice. Permission of instructor.
Credits: 1

SOC470 Directed Study
Frequency: A
One to 3 credit hours of credit for individualized study under guidance of a member of the faculty. Permission of instructor.
Credits: 1-3

SOC472 Sociology Internship
Frequency: A
Supervised placement with a public or private organization. A limited number of opportunities to observe and participate in sociology-related endeavors in the workplace. Permission of instructor.
Prerequisite(s): SOC 116
Credits: 1-15

Social Work

SOCW249 Social Welfare Institutions
Frequency: B
Introduces students to the basic public and private sector mechanisms of social welfare policy and services through the lens of history. The importance of values/attitudes/beliefs in the political process and the concept of social justice are analyzed. The development of the social work profession is featured. SOC 116, SOC 218, or permission of instructor.
Credits: 3

SOCW315 Child Welfare
Frequency: C
A survey of the child welfare field of practice. Emphasis is on services provided to children and their families and the local, national, and state policies that guide them. Prerequisite(s): SOCW 218
Credits: 3

SOCW325 Social Work Practice Methods I
Frequency: B
The first of four sequenced social work practice courses in which students learn generalist social work practice theory and method. In-depth presentation and study of the foundation layers of knowledge needed to implement generalist problem-solving within and between micro, mezzo and macro systems. Advanced status required.
Credits: 3

SOCW340 Human Behavior in Social Environment I
Frequency: B
Introduces theory and knowledge used in the person-in-environment perspective to prepare a foundation on which to build generalist practice skills. A focus on systems theory approach will lead to an understanding of how the biological, psychological, and social systems are interrelated and affect human development throughout the lifespan. Advanced status required.
Prerequisite(s): BIOL 110
Credits: 3

SOCW341 Human Behavior in Social Environment II
Frequency: B
Builds on the knowledge and theory learned in Human Behavior in Social Environment I. A combination of social systems and life span theoretical frameworks will continue to be utilized to provide a foundation for understanding human behavior from middle adulthood through late adulthood.
Prerequisite(s): SOCW 340
Credits: 3

SOCW370 Social Work Practice Methods II
Frequency: B
Second course in the social work course practice sequence builds on SOCW 325. Focus is on the skills needed to implement the generalist problem solving method within and between micro, mezzo and macro systems.
Prerequisite(s): SOCW 325
Credits: 3

SOCW390 Social Work Practice Methods III
Frequency: B
The third practice methods course challenges the students to increase their generalist problem-solving, communication, assessment, and intervention skills with multiple systems. The Monitoring and Evaluation stage of generalist problem solving is highlighted.
Prerequisite(s): POLI 382 and SOC 300 and SOCW 249 and SOCW 370
Co-requisite(s): SOCW 480 or SOCW 485
Credits: 3

SOCW399 Selected Topics
Frequency: A
Variable-content course; topic will be announced in the Course Offering Bulletin each semester offered.
Credits: 3

SOCW400 Social Work Practice Methods IV
Frequency: B
The final course in the practice sequence is an integrations course asking students to analyze all aspects of generalist social work practice. This is a student-led class which covers all CSWE content areas through discussion, role play, simulation and major analytical writing assignments. Professional critical thinking is a primary focus. Field Practicum students only.
Credits: 3

SOCW470 Directed Study
Frequency: A
Individualized study with a social work faculty member. Permission of instructor.
Credits: 1-3

SOCW485 Field Practicum I with Seminar
Frequency: B
An extension of SOCW 480: Field Practicum I allowing for the sectioning of practicum students into small peer groups for weekly group meetings. Students are divided into sections and assigned faculty field liaisons who assist students develop and implement an individualized professional learning contract for their practicum placements. Weekly meetings are held to analyze issues discovered through the practicum experience. Faculty liaisons monitor and evaluate student performance for the entire practicum experience (SOCW 480 and 485).
Prerequisite(s): SOCW 325 and SOCW 370 and SOC 300 and POLI 382
Co-requisite(s): SOCW 390 and SOCW 400 or SOCW 480
Credits: 3

SOCW490 Field Practicum II
Frequency: B
The continuation of the students experiential learning at the same agency in which the student was placed in during SOCW 480. Students need to complete 250 or more hours of direct service practice and/or other duties expected of the beginning level social worker.
Prerequisite(s): SOCW 480 and SOCW 485 and SOCW 390
Co-requisite(s): SOCW 495
Credits: 3

SOCW495 Field Practicum II with Seminar
Frequency: B
An extension of SOCW 490: Field Practicum II which allows for the sectioning of practicum students into small peer groups for weekly group meetings. Expectations for student performance increase and new learning contracts are constructed and implemented. Weekly meetings focus on the critical assessment of the student’s use of skill, knowledge, and theory in their practicum placement. Faculty field liaisons facilitate group meetings and monitor the practicum experience, evaluating student performance for both SOCW 490 and 495.
Prerequisite(s): SOCW 480 and SOCW 485
Co-requisite(s): SOCW 490
Credits: 3
**Speech Pathology and Audiology**

SPA100 Freshman Seminar in Speech Language Pathology
Frequency: B
Freshmen Seminar in Speech Pathology is a one-credit course that is intended to help incoming Speech Pathology freshmen succeed at SUNY Fredonia and become lifelong learners. The course introduces first year students to the academic and social aspects of college life, and is designed to empower students to become successful learners at the collegiate level. Freshmen Seminar in Speech Pathology provides both an introduction to the nature of college education and a general orientation to the functions and resources of the university as a whole.
Credits: 1

SPA115 Introduction to Sign Language
Frequency: B
Introduces the student to three major areas of learning to use a signed language. First, deaf culture is explored. Second, manual communications as a language is surveyed. Third, the practical application of sign language as a method of communication is stressed and practiced. In class and out of class practice is emphasized.
Credits: 3

SPA150 Introduction to Communicative Disorders
Frequency: B
Introduction to and overview of the field of communicative disorders (speech, language and hearing). Interactions with related disciplines in the humanities, and in the behavioral, biological and physical sciences, as well as study of the normal communication processes.
Credits: 3

SPA201 Voice/Articulation/Resonance
Frequency: D
Survey of voice and speech production. Introduction to International Phonetic Alphabet. Techniques of analysis and improvement of simple deviations of voice, articulation, and resonance. Vocal hygiene is stressed.
Credits: 3

SPA206 Fundamentals of Acoustics
Frequency: B
This course is designed to introduce Speech Pathology students to the fundamental concepts of general acoustics. The nature of sound waves, simple harmonic motion, relative measure of power, complex waves, Fourier analysis, resonance and filtering distortion and sound transmission will be covered. Emphasis will be placed on the analysis and measurement of speech production and perception. High school physics and/or PHYS 120 is recommended.
Credits: 3

SPA208 Geriatric Communication Disorders
Frequency: D
Provides students in related programs with information about the communication problems and disorders associated with aging. Focuses on the normal communication process, speech, language and hearing disorders of the aged and the psychosocial consequences of disordered communication. Management approaches, services available and the evolving role of the health professional are discussed.
Credits: 2

SPA215 Intermediate Sign Language
Frequency: B
Prior completion of an introductory course in sign language required. Intermediate Sign Language extends the three major areas introduced in Introduction to Sign Language. First, deaf culture is analyzed by reviewing selected literary works. Second, manual communications as a language is critically analyzed. Third, the practical application of sign language as a method of communication is stressed and practiced. The course emphasizes a transition from signing English to American Sign Language.
Prerequisite(s): SPA 115
Credits: 3

SPA250 Speech and Language Development
Frequency: B
Introduction to normal language and speech development in children. Provides theoretical and practical frame of reference for students entering child-centered professions. Foundations of language and speech acquisition, developmental processes requisite to normal speech and language, and means of facilitating normal communicative abilities.
Credits: 3

SPA268 Phonetics
Frequency: B
Study of general articulatory phonetics, introduction to acoustic phonetics and phonology. Students transcribe English and non-English sounds following International Phonetic Alphabet (IPA).
Credits: 3

SPA280 Introduction to Speech Language Pathology
Frequency: B
An in-depth introduction to the field of speech-language pathology. Disorders related to articulation, fluency, voice, child language, neurogenic language, cleft lip and palate, dysarthria, and dysphagia. Related topics of language sampling testing statistics, cultural and age-related issues of communication, English grammar, and goal-writing.
Prerequisite(s): SPA 250 and SPA 268 and SPA 310
Credits: 3

SPA310 Speech and Hearing Mechanism
Frequency: B
Examines the anatomical and physiological characteristics of the speech and hearing mechanisms. Specific focus on the integration of the respiratory, pharyngeal, supraglottal and hearing systems as they relate to speech production and perception.
Credits: 3

SPA316 Speech Science
Frequency: B
Study of the interrelationships between acoustic, physiological, and aerodynamic factors influencing voice and speech production, including study of processes of respiration, phonation, resonance, articulation, and their interrelationships.
Prerequisite(s): SPA 310 and SPA 268
Credits: 3

SPA322 Hearing Problems and Tests
Frequency: B
Introduction to acoustics, anatomy, physiology and pathology of the auditory system. Study and performance of audiology as applied in clinical environments. Emphasis on theoretical and applied research to differentiate normal from abnormal audition.
Prerequisite(s): SPA 310
Credits: 3

SPA323 Phonological/Language Disorders
Frequency: B
Assessment and intervention principles and practices appropriate for working with articulation and language problems of children.
Prerequisite(s): SPA 250
Credits: 3

SPA328 Clinical Methods
Frequency: B
Study of diagnostic and therapeutic methodologies for management of the communicatively impaired. Students will complete 25 hours in clinical observation.
Prerequisite(s): SPA 250 and SPA 268 and SPA 310
Credits: 3

SPA329 Clinical Practice: Communication Disorders
Frequency: A
Application of the student’s knowledge from the classroom to a clinical situation. Student interns assigned to university clinic or off campus school sites provide speech/language testing and therapy to clients under faculty supervision. Required attendance at weekly staff meetings for case reviews and presentation of diagnostic and remedial materials. No less than a C grade in SPA 328 Clinical Methods, and a 2.75 GPA.
Prerequisite(s): SPA 250 and SPA 268 and SPA 310 and SPA 328
Co-requisite(s): SPA 331
Credits: 3

SPA330 Clinical Practice
Frequency: D
As required.
Credits: 3

SPA331 Clinical Practice: Lecture and Staffing
Frequency: A
Weekly meeting with Clinic Coordinator for lectures on tests and procedures appropriate to the current clinical environment.
Co-requisite(s): SPA 329
Credits: 1

SPA400 Foundations of Speech Language Pathology in Educational Settings
Frequency: B
Study of the legal bases, common practices, principles, and issues related to the effective delivery of speech and language services in educational settings.
Credits: 3

SPA418 Stuttering and Voice Problems
Frequency: B
Study and analysis of normal and pathological voice production, etiology, and clinical management. Historical aspects and present-day concepts, definitions, descriptions, causes, development, and remediation of stuttering.
Prerequisite(s): SPA 310
Credits: 3
SPA419 Aural Habilitation and Rehabilitation
Frequency: B
Application of therapeutic measures and strategies to optimize the communication ability of the hearing impaired. Emphasis on peripheral development, genetics, psychosocial and counseling issues, amplification, visual and auditory training and third part reimbursement. A speaking intensive course bridging learned material in SPA 322 with a provided case study.
Prerequisite(s): SPA 322
Credits: 3

SPA420 Advanced Speech Pathology
Frequency: D
Seminar devoted to assigned readings and to approved individual research. Strengthens student knowledge in specific areas in preparation for more advanced studies.
Prerequisite(s): SPA 280 and SPA 418
Credits: 3

SPA432 Student Teaching
Frequency: A
Field-based practicum at public schools. BOCES facilities or community-based programs. Cooperating clinicians supervise students engaged in the provision of testing and therapy services to the speech/language and hearing impaired.
Prerequisite(s): SPA 329
Credits: 10

SPA490 Independent Study
Frequency: A
Study of a particular problem in speech pathology and audiology. Periodic meetings with instructor; writing a substantial paper.
Credits: 1-3

SPA495 Seminar in Speech-Language Pathology/Audiology
Frequency: C
Detailed study of selected topics in speech pathology or audiology. Content will change from semester to semester but will focus on a relatively narrow topic or issue of current interest.
Credits: 1-3

Spanish

SPAN116 Elementary Spanish II
Frequency: A
Continuation of SPAN 115. Further introduction to fundamental speech patterns. For students with one semester of college-level Spanish or equivalent. Stress on listening comprehension, oral ability, reading and writing skills.
Prerequisite(s): SPAN 115
Credits: 3

SPAN215 Intermediate Spanish I
Frequency: A
Development of skills to understand written and spoken Spanish. Readings and grammar review.
Prerequisite(s): SPAN 116
Credits: 3

SPAN216 Intermediate Spanish II
Frequency: A
A continuation of SPAN 215 with gradually added emphasis on reading.
Prerequisite(s): SPAN 215
Credits: 3

SPAN207 Special Topics
Frequency: D
Topics in Spanish language and literature.
Prerequisite(s): SPAN 216
Credits: 3

SPAN315 Introduction to Readings in Hispanic Literature
Frequency: B
A study of literary works in the Spanish language in various genres, from Spain and Spanish-America, including poetry, short story, essay, short novel and/or excerpts from novels, and drama. Understanding of the literary works will include internal factors as well as external ones (the era, the place, the author’s life and personality, etc.).
Prerequisite(s): SPAN 216
Credits: 3

SPAN317 Spanish Conversation
Frequency: A
Oral-aural drills, conversational exercises to provide practice in understanding and speaking Spanish. Emphasis on improving pronunciation and fluency.
Prerequisite(s): SPAN 216
Credits: 3

SPAN318 Spanish Composition
Frequency: B
Writing colloquial and formal Spanish. Translations and free compositions.
Prerequisite(s): SPAN 216
Credits: 3

SPAN319 Survey of Spanish Literature I
Frequency: B
Principal literary movements and writers studied against historical, social, and cultural backgrounds. Selected masterpieces through the 17th century. Outside readings.
Prerequisite(s): SPAN 315
Credits: 3

SPAN320 Survey of Spanish Literature II
Frequency: B
Principal literary movements and writers studied against historical, social, and cultural backgrounds. Selected masterpieces from the 18th century to the present. Outside readings.
Prerequisite(s): SPAN 315
Credits: 3

SPAN325 Survey of Spanish American Literature
Frequency: B
Principal literary movements in Spanish America from Colonial period, with emphasis on post-Independence literature.
Prerequisite(s): SPAN 315
Credits: 3

SPAN328 Don Juan and Don Quijote
Frequency: D
A defining characteristic of Spanish literature is the creation of supremely powerful personalities. The purpose of the course is to introduce the student to the development of two of these archetypes: Don Juan and Don Quijote. Discussion of the chronological development of these figures from the earliest representation to the present day, and discussion of those aspects which mark the works to be studied as products of particular cultures at specific historical moments.
Prerequisite(s): SPAN 315
Credits: 3

SPAN377 Special Topics
Frequency: D
Topics in Spanish language and literature.
Prerequisite(s): SPAN 315
Credits: 3

SPAN388 Spanish Civilization and Culture
Frequency: D
A comprehensive introduction to aspects of Spanish civilization and culture: geography, history, social customs, political movements, literature and art.
Credits: 3

SPAN400 Special Topics in Spanish
Frequency: D
Special areas in Spanish language, literature, or culture and civilization not covered by regular courses.
Credits: 1-3

SPAN401 Imperial Spain
Frequency: D
Analysis of main currents of Spanish culture in Siglo de Oro through readings in history, sociology, and literature.
Prerequisite(s): SPAN 319
Credits: 3

SPAN407 Special Topics
Frequency: D
Special areas in Spanish not covered by regular courses.
Credits: 3

SPAN408 Spanish for Educators
Frequency: D
Course designed for anyone in education who communicates with Spanish speakers on a regular basis. Students will learn to converse in Spanish when dealing with issues of younger and older children, college and career guidance, discipline, educational administration, health care, parents and more. Students will gain an understanding of the Spanish vocabulary necessary to effectively and confidently speak in a classroom setting.
An understanding of the historical, social, and cultural background of Mexican Americans, Puerto Ricans, Cuban Americans and Central/South Americans will be covered as well as the issues that ESL students deal with on a daily basis.
Credits: 3

SPAN410 Directed Study
Frequency: D
Individual directed study of a particular area or topic in Spanish language or literature. Periodic meetings with instructor, writing of a substantial paper.
Credits: 1-3

SPAN421 Advanced Spanish Phonetics and Diction
Frequency: D
Systematic study of Spanish phonetics and diction. Pronunciation drills, exercises in sound discrimination and transcription.
Prerequisite(s): SPAN 216
Credits: 3

SPAN423 Senior Seminar
Frequency: B
Allows upper level students to supplement course offerings or probe more deeply into areas of their own interest.
Credits: 3

SPAN424 Spanish Creative Writing
Frequency: B
Study of literary techniques. Direct composition in Spanish to encourage incorporation of these devices into student’s own writing.
Prerequisite(s): SPAN 315 and SPAN 318
Credits: 3

SPAN425 Spanish American Fiction
Frequency: D
Prose fiction in Spanish America with special emphasis on 20th century authors.
Prerequisite(s): SPAN 325
Credits: 3
SPAN427 The Art and Craft of Translation
Frequency: B
Discussions of translation theory and problems of translation, followed by translation from Spanish to English, ending with translation from English to Spanish.
Prerequisite(s): SPAN 315 and SPAN 318 and (SPAN 320 or SPAN 325)
Credits: 3

Special Studies
SPST101 Biology Study Skills
Frequency: B
This course, offered by the Educational Development Program, is designed to meet the needs of program participants enrolled in BIOL 111 Introduction to Biology. Intended for students with limited biological backgrounds, it enhances the understanding of biological skills in the following areas: Biological Chemistry, Energy, Genetics, Evolution, Physiology, Development, and Ecology.
Co-requisite(s): BIOL 111
Credits: 1

SPST107 Writing in the Arts and Sciences
Frequency: B
Study of the writing and analysis process used for the explanatory and persuasive prose for the humanities, social sciences, and natural sciences. The course work focuses on coherence, development, organization, and conventions of writing papers in each discipline.
Credits: 3

SPST127 EDP Freshman Orientation I
Frequency: B
Designed to assist Educational Development Program students manage the demands of the college experience by helping them develop life management and study skills necessary to reach their academic and personal goals.
Credits: 2

SPST132 Topics in Contemporary Science Recitation
Frequency: A
A one-credit recitation course mainly to supplement PHYS 101 Topics in Contemporary Science for students from the Educational Development Program. Provides additional drill for solving simple physics problems to understand PHYS 101 topics.
Co-requisite(s): PHYS 101
Credits: 1

SPST137 Reading First
Frequency: D
Designed to help students with the working requirements of being an America Reads Tutor and to familiarize students with the public school setting, requirements, and expectations. The 15 hour training program is to help students develop the range of skill they may need to work with K-3 students.
Prerequisite(s): ENGL 357 or EDU 250 or EDU 275 or EDU 221 or SPA 250
Credits: 1

SPST138 Advanced Reading First
Frequency: D
Designed to meet the needs of continuing America Reads tutors. Tutors will learn more about the reading process, learn to establish a tutoring goal and develop an activity to achieve that goal, and continue to gain experience in public school classrooms.
Prerequisite(s): SPST 137
Credits: 1

SPST147 EDP Freshmen Orientation II
Frequency: B
A continuation of SPST 127 focusing on assisting students develop the basic tools necessary to engage in self-discovery, acquaint them with career planning and exploration of major and career choices.
Prerequisite(s): SPST 127
Credits: 1

SPST201 Advanced Leadership Development
Frequency: D
A course in the study of leadership, introducing the student to tasks, strategies, and skills of effective leadership. Course activities will move the student from theory to the practical processes of leadership through the use of experiential learning, oral expression and effective teamwork on several projects.
Credits: 3

Sound Recording Technology
SRT105 Recording Techniques for Music
Frequency: B
A non-technical introduction to recording technology. Students will learn established recording techniques, how to make good audition tapes, the possibilities of digital editing, how to purchase the right equipment, and other recording essentials.
Credits: 1

SRT200-201 Recording Practicum
Frequency: B
Applied instruction in basic audio techniques. Includes studio instruction in the use of microphones, loudspeakers, tape recorders. Taken concurrently with SRT 250-251. Open to majors only.
Co-requisite(s): SRT 251
Credits: 2

SRT250-251 Recording Techniques
Frequency: B
A two-semester course in recording, including audio measurements, use of loudspeakers, microphones, tape recorders, and mixing consoles. Emphasis on sterophony, live recording, and the development of high standards of audio craft. Open to majors only.
Credits: 2

SRT300-301 Recording Practicum
Frequency: B
Applied instruction in multi-track recording, sound reinforcement, and audio systems analysis techniques. Includes in-depth study of mixing consoles, tape recorders, and signal processors. Students will record assigned projects and assist seniors in production projects. Taken concurrently with SRT 350-351. Open to majors only.
Prerequisite(s): SRT 200 and SRT 250 and SRT 251
Co-requisite(s): SRT 351
Credits: 2

SRT310 Studio Installation and Maintenance
Frequency: D
Provides maximum hands-on experience in recording studio installation and maintenance. Students will learn to analyze signal flow and troubleshoot equipment with passive (resistors, capacitors, inductors) and active components (transistors and op-amps). Transmission lines are discussed by evaluating principles and standards of connectors and cabling for audio and video.
Further emphasis is placed on the phenomenon of noise in measuring noise in individual components and systems, and minimizing or eliminating noise through the principles of grounding, shielding and filtering. Students will learn soldering and wiring techniques as well as a variety of audio measurement procedures.
Prerequisite(s): MATH 121 or MATH 123 and PHYS 123
Credits: 1

SRT350-351 Technology and Practices of the Recording Industry
Frequency: B
A two-semester course in multi-track recording technology, and Digital Signal Processing (DSP). Open to majors only.
Prerequisite(s): SRT 201 and SRT 250 and SRT 251
Credits: 3

SRT450-451 Senior Seminar/Project
Frequency: B
Each student will prepare a professional quality recording production and a research paper. In addition, the seminar will address areas of professional concern, including career development and survival skills, current studio developments, and elements of style in recording.
Open to majors only.
Prerequisite(s): SRT 300 and SRT 301 and SRT 350 and SRT 351
Credits: 2

SRT460-461 Independent Study
Frequency: A
Studies in studio maintenance, booking, traffic management, and research are available on a limited basis. Maximum of 6 hours of MUS, MUED, or SRT independent study. Open to majors only.
Credits: 2

SRT470 Studio Supervision
Frequency: D
Students supervise recording studio inventory and use. Open to majors only. Permission of instructor required.
Credits: 2
SRT480 Internship
Frequency: A
A 15-week, full-time work position in a facility appropriate for the individual student’s goals. Duties are specified by university and sponsoring firm. Open to majors only.
Credits: 1-15

Statistics

STAT150 Statistical Ideas
Frequency: B
Introduction to the field of statistics, including sampling, experiments, measurement, descriptive statistics, probability, inference, correlation, regression and prediction. The emphasis will be on data and concepts rather than on calculations and mathematical theory. Not open to students who have completed a 200-level statistics course with a grade of C- or better. Prerequisite: N.Y.S. Regents Math B or Math 104.
Credits: 3

STAT200 Statistical Methods I
Frequency: A
An introductory study of statistical methods with applications to business, economics, education, and the social sciences. Topics covered include: descriptive statistics and graphs, probability and probability distributions, estimation, confidence interval, hypothesis testing and linear regression. This course focuses on when to use each of the different methods. Note: Credit for at most one of the following courses may be applied towards a student’s requirements for graduation: BUAD 200, ECON 200, EDU 200, POLI 200, SOC 200, and STAT 200. Prerequisite: N.Y.S. Regents Math B or equivalent, or MATH 104.
Credits: 3

STAT250 Statistics for Scientists
Frequency: D
Introduction to statistical methods with special emphasis on uses in the natural sciences. Topics will include descriptive statistics, data collection, probability distributions, confidence intervals, hypothesis testing, regression, and analysis of variance. The course will include use of analytical labs and statistical computer packages. Prerequisite: N.Y.S. Regents Math B or Math 104.
Credits: 3

STAT300 Statistical Methods II
Frequency: D
Continuation of STAT 200. Review of the basics of estimation, confidence intervals and hypothesis testing. Simple and multiple regression; time series; analysis of variance and non-parametric methods. A statistical software package will be used extensively.
Prerequisite(s): STAT 200 or BUAD 200 or ECON 200 or EDU 200 or POLI 200 or PSY 200 or SOC 200
Credits: 3

STAT350 Probability and Statistics
Frequency: B
Basics of probability; descriptive statistics; discrete and continuous distributions; confidence intervals and tests of hypotheses concerning means, variances, and proportions; simple linear regression; statistical software. MATH 210 is recommended, in addition to the prerequisites listed.
Prerequisite(s): MATH 123 or MATH 124
Credits: 3

STAT351 Applied Statistics
Frequency: C
Topics chosen from multiple regression; analysis of variance; sampling techniques; time series; nonparametric methods; applications to quality control. A statistical software package will be used extensively.
Prerequisite(s): STAT 350
Credits: 3

STAT355 Mathematical Statistics
Frequency: C
Moments and moment-generating functions, conditional expectations, multivariate binomial and normal distributions, functions of random variables, sampling distributions, decision theory, theory of estimation and hypothesis testing.
Prerequisite(s): STAT 350 and MATH 223
Credits: 3

STAT400 Independent Study
Frequency: D
Independent study of a selected list of readings approved by the faculty advisor.
Credits: 1-3

STAT460 Risk Management for Actuarial Science
Frequency: B
Development of fundamental mathematical tools and language of quantitative risk management. Multivariate probability distributions including joint, conditional and marginal distributions, probabilities, moments, variance and covariance.
Prerequisite(s): MATH 223 and STAT 350
Credits: 2

Theatre Arts

THEA100 Theatre Majors Seminar
Frequency: B
An introductory course for first-year students declared as theatre majors. Introduction to policies, procedures and academic requirements in the theatre program.
Credits: 1

THEA101 Theatre Practice
Frequency: A
Laboratory in performance or production involving applications of theatre techniques to the various aspects of departmental productions.
Credits: 1

THEA102 Theatre Practice
Frequency: A
Laboratory in performance of production involving applications of theatre techniques to the various aspects of departmental productions.
Credits: 1

THEA110 Practicum
Frequency: D
Areas of theatre not covered in regular curriculum such as travel courses, practical experiences in the field, etc. May be repeated for credit. Permission of instructor.
Credits: 5

THEA114 Introduction to the Performing Arts
Frequency: A
A broad introduction to the Performing Arts including an historical perspective, elements of the performer’s craft and repertoire, representative contributors to each Performing Art and the role of the audience member. The Performing Arts areas include Theatre, Music, Dance, Musical Theatre and Opera. Attendance at five Performing Arts events is required.
Credits: 3

THEA117 Script Analysis
Frequency: B
Explores the process in evaluating/discovering production and performance values in a play script.
Credits: 3

THEA121 Introduction to Technical Theatre
Frequency: B
One-semester course covering terminology and processes of stage production including stagecraft, materials, lighting, sound, properties, costumes, etc. Lecture and laboratory participation. Concurrent enrollment in THEA 101 by majors and minors strongly suggested. Written production critiques required.
Credits: 3

THEA123 Introduction to Technical Production
Frequency: B
Explores the responsibility of technical personnel, safety and organization of the backstage and scene shop, stage rigging, drafting for the stage, scenic materials and hardware. Practical work on department productions may be required. Lab fee.
Prerequisite(s): THEA 121
Credits: 3

THEA130 Acting for Non-Majors
Frequency: B
Basic techniques of acting with emphasis on improvisation, script analysis and scene study. Attendance at campus theatrical events required.
Credits: 3

THEA131 Acting Studio: Improvisation
Frequency: B
Introduction to basic craft skills of acting with emphasis on self-awareness and discovery, spontaneity, and improvisation. B.F.A. Acting and Musical Theatre majors only.
Credits: 3

THEA132 Acting Studio: Character Study
Frequency: B
Introduction to theory and practice of the basic principles of Stanislavski realism with emphasis on character exploration and analysis. B.F.A. Acting and Musical Theatre majors only.
Prerequisite(s): THEA 131
Credits: 3

THEA133 Introduction to Acting
Frequency: B
Basic craft skills of acting with emphasis on improvisation, character study, analysis and scene work. B.A. Theatre Arts majors and minors only.
Credits: 3

THEA140 Stage Dialects
Frequency: C
Acquisition of basic skills by the performer or director in the use of major dialects. B.F.A. Acting and Musical Theatre majors only.
Credits: 3

THEA201-202 Theatre Practice
Frequency: B
Continuation of THEA 101-102.
Credits: 1

THEA220 Makeup
Frequency: A
Design, selection, application, and evaluation of stage makeup. Color theory and painting technique are stressed. Theatre Arts majors only.
Credits: 3
THEA221 Computer Drawing/Design
Frequency: B
Introduces the student to the use of discipline-specific software programs and peripheral hardware used in the creation of designs and preparation of drawings used in technical production and for scenic costumes and lighting design. This includes in-depth training in Computer Aided Drafting techniques, and the study of the CAD Program VectorWorks. 2D drafting will be covered with an introduction to drawing in 3D.
Prerequisite(s): THEA 133
Credits: 3

THEA222 Stagecraft I
Frequency: B
Drafting and construction of soft goods, platforms and wagons, frame the theatre and trim. Further refinement of shop skills. Practical work on productions may be required. Lab fee.
B.F.A. Production Design majors only.
Prerequisite(s): THEA 123
Credits: 3

THEA223 Stagecraft II
Frequency: B
Mechanics of stage lighting, involving basic electricity, color theory, instrumentation, distribution and control. Possibility of practical application on departmental productions.
Prerequisite(s): THEA 123
Credits: 3

THEA226 Scene Painting I
Frequency: B
Color theory, preparation of painting surfaces, and basic painting techniques as they pertain to the theatre. B.F.A. Production Design majors only.
Prerequisite(s): THEA 123
Credits: 3

THEA228 Costume Crafts
Frequency: B
Laboratory exploration of basic costume construction techniques.
Prerequisite(s): THEA 123
Credits: 3

THEA229 Computer Aided Drafting Lab
Frequency: A
Non credit lab allowing the B.F.A Technical Production and Design Student access to the theatre CAD Lab. Open to B.F.A. production design majors only.
Credits: 0

THEA230 Introduction to Scene Study
Frequency: B
This course will present the fundamental principles of approaching the creation of a character on stage using the techniques of Stanislavski realism.
B.A. Theatre Arts majors only.
Prerequisite(s): THEA 133
Credits: 3

THEA231 Acting Studio: Scene Study I
Frequency: B
Skills and techniques for role analysis and performance in realistic plays. B.F.A. Acting and Musical Theatre majors only.
Prerequisite(s): THEA 132
Credits: 3

THEA232 Acting Studio: Scene Study II
Frequency: B
Skills and techniques for role analysis and performance in realistic plays. B.F.A. Acting and Musical Theatre majors only.
Prerequisite(s): THEA 132
Credits: 3

THEA233 Acting Lab I
Frequency: B
A laboratory for exploration and development of scene study technique. Taken in conjunction with THEA 231, Acting Studio, Scene Study I. B.F.A. Acting and Musical Theatre students only.
Prerequisite(s): THEA 132
Co-requisite(s): THEA 231
Credits: 1

THEA234 Acting Lab II
Frequency: B
A laboratory for exploration and development of scene study technique. Taken in conjunction with THEA 232, Acting Studio, Scene Study II. B.F.A. Acting and Musical Theatre students only.
Prerequisite(s): THEA 132
Co-requisite(s): THEA 232
Credits: 1

THEA242 Acting Studio: Introduction to Voice and Movement I
Frequency: B
Designed to support the actor in freeing the voice/body imagination for creative response. Physical/vocal awareness and ability are enhanced through the exploration of relaxation, alignment, flexibility, strength, breath, sound, and resonance.
Credits: 3

THEA243 Acting Studio: Introduction to Voice and Movement II
Frequency: B
A continuation of THEA 242 in supporting the actor in freeing the voice/body imagination for creative response. Exercises to reinforce basic skills and further develop the actor's physical and vocal range, power, flexibility, and articulation.
Prerequisite(s): THEA 242
Credits: 3

THEA245 Sound for the Theatre
Frequency: D
Study of the basic technical and artistic elements of sound for the theatre. Areas of study include: basic sound systems, electricity, recording techniques, script analysis for sound design, principles of sound design and the controllable qualities of sound.
Each will be studied through class lectures, practical examples, and projects.
Prerequisite(s): THEA 123
Credits: 3

THEA246 Voice and Movement Lab I
Frequency: B
Students will explore physical and vocal performance projects to better facilitate creative response and imagination. Taken in conjunction with THEA 242, Introduction to Voice and Movement I.
Prerequisite(s): THEA 132
Co-requisite(s): THEA 242
Credits: 1

THEA247 Voice and Movement Lab II
Frequency: B
Students will explore physical and vocal performance projects to better facilitate creative response and imagination. Taken in conjunction with THEA 243, Introduction to Voice and Movement II.
Prerequisite(s): THEA 242 and THEA 246
Co-requisite(s): THEA 243
Credits: 1

THEA301-302 Theatre Practice
Frequency: B
Continuation of THEA 201-202.
Credits: 1

THEA303 Rendering Technique I
Frequency: B
Explores the graphic media and drawing techniques used by the designer in preparing drawings for the theatre.
Prerequisite(s): THEA 123
Credits: 1

THEA304 Rendering Technique II
Frequency: B
Continuation of THEA 303.
Explores the graphic media and drawing techniques used by the designer in preparing drawings for the theatre.
Prerequisite(s): THEA 123
Credits: 1

THEA305 Rendering Technique III
Frequency: B
Continuation of THEA 304.
Explores the graphic media and drawing techniques used by the designer in preparing drawings for the theatre.
Prerequisite(s): THEA 123
Credits: 1

THEA315 The Dramatic Imagination
Frequency: D
Design students study the nature of the relationship between playscripts and theatrical designs through script and text analysis, literary criticism and research. Exploration of how dialogue and themes can be visualized through design. B.F.A. Production Design majors only; concurrent enrollment in THEA 326 and 327.
Credits: 3

THEA320 Advanced Makeup
Frequency: D
Design and application of special effects, 3-D prosthetics, and selected advanced makeup techniques.
Prerequisite(s): THEA 220
Credits: 3

THEA322 Stagecraft II
Frequency: B
Drafting and construction of dimensional scenery. Planning, drafting and mounting the full production. Moving the multi-set show. Practical work on productions may be required. Lab fee.
B.F.A. Production Design Majors only.
Prerequisite(s): THEA 222
Credits: 3

THEA324 Stage Lighting II
Frequency: B
Principles of lighting design and color use for stage through script analysis and practical projects. Opportunity to design a production as part of class work.
Prerequisite(s): THEA 223
Credits: 3

THEA325 History of Fashion
Frequency: B
Chronological survey of clothing and fashion: their sociological and artistic implications from the Egyptians to the 20th century.
Credits: 3

THEA326 Scene Design I
Frequency: B
Principles, procedures, and development of scene design; primary emphasis on technical aspects of design. Students must enroll in THEA 303, 304 or 305 simultaneously. B.F.A. Production Design Majors only.
Prerequisite(s): THEA 322
Credits: 3

THEA327 Costume Design I
Frequency: B
Costume design methods and concepts. Students must enroll in THEA 303, 304 or 305 simultaneously. B.F.A. Production Design Majors only.
Prerequisite(s): THEA 325
Credits: 3
THEA328 Costume Design II
Frequency: B
Continuation of THEA 327: development of more complicated sophisticated concepts. Students must enroll in THEA 303, 304 or 305 simultaneously. B.F.A. Production Design majors only. Prerequisite(s): THEA 327
Credits: 3

THEA329 Flat Patternining
Frequency: B
Flat pattern techniques as applied to the costume cutter. Use of slippers, methodology, and interpretation of sketches are emphasized. B.F.A. Production Design majors only. Prerequisite(s): THEA 228
Credits: 3

THEA331 Acting Studio: Styles
Frequency: C
Introduction to various acting tools for creating and sustaining characters and action in elevated and poetic texts from major periods of theatre history. Emphasis on ability to approach historical periods and genres while remaining intimately connected to personal truth. Prerequisite(s): THEA 232
Credits: 3

THEA333 Act Studio: Audition Techniques
Frequency: C
Intensive study of skills needed by actors to increase their marketability in today's theatre. B.F.A. Acting and Musical Theatre majors only. Prerequisite(s): THEA 232
Credits: 3

THEA334 Computer Drawing and Design II
Frequency: C
Exploration in designing and drafting for the stage on the computer. This course will focus on the design elements and will include some drafting. Programs explored in this class will be Photo Shop, Deep Paint, Renderworks and others. A major portion of the class will focus on rendering methods for the computer. Credits: 3

THEA338 Special Topics
Frequency: D
Study of selected areas of theatre arts not covered in regular curricular program. May be repeated for credit. Permission of instructor. Credits: 1-3

THEA345 Voice and Movement III
Frequency: B
Explores additional methods to increase flexibility and range in speaking with an emphasis on heightened responsiveness to imagery and rhythms. Actors will develop their ability to orchestrate and sustain more complex texts through class meetings and tutorials. Explores additional methods to increase precision and range of movement with an emphasis on the physical character work of Commedia dell' Arte. B.F.A. Acting and Musical Theatre majors only. Prerequisite(s): THEA 243
Credits: 3

THEA346 Acting Studio: Voice and Movement IV
Frequency: B
Actors will be introduced to voice-over work and receive individual voice coaching in support of their performance in productions and lab presentations. Explores additional methods to increase precision and range of movement with an emphasis on unamed and armed stage combat. Prerequisite(s): THEA 242 and THEA 243
Credits: 3

THEA353 History of Musical Theatre
Frequency: C
Development of the theatrical genre known as musical theatre. Special emphasis on musical comedy roots in nineteenth century America through the present. Credits: 3

THEA363 Voice and Movement Lab III
Frequency: B
Further exploration of physical and vocal performance projects to better facilitate creative response and imagination. Taken in conjunction with THEA 345, Voice and Movement III. Prerequisite(s): THEA 232 and THEA 243
Credits: 1
Co-requisite(s): THEA 345

THEA364 Voice and Movement Lab IV
Frequency: B
Further exploration of physical and vocal performance projects to better facilitate creative response and imagination. Taken in conjunction with THEA 346, Voice and Movement IV. Prerequisite(s): THEA 232 and THEA 243
Credits: 1
Co-requisite(s): THEA 346

THEA381 Technical Theatre Seminar
Frequency: A
Discuss seminar on problems and procedures of mounting theatrical productions. Includes scheduling personnel, weekly rehearsals and other pertinent current production needs. Does not apply to the required hours for major in Theatre Arts. May be repeated.
Credits: 5

THEA401-402 Theatre Practice
Frequency: B
Continuation of THEA 301-302. Credits: 1

THEA420 Special Studies in Technical Theatre
Frequency: B
Seminar and laboratory experience exploring a variety of processes and techniques in depth. B.F.A Production Design majors only.
Credits: 3

THEA426 Scene Design II
Frequency: B
Continuation of Scene Design I with specific emphasis on artistic requirements of the production. B.F.A. Production Design majors only. Prerequisite(s): THEA 326
Credits: 3

THEA427 Scene Painting II
Frequency: B
An intensive laboratory experience exploring advanced techniques in painting, dimensional texture and surface treatments. May require practical work on productions. B.F.A. Production Design majors only. Prerequisite(s): THEA 226
Credits: 3

THEA432 Acting Studio: Musical Theatre Styles
Frequency: B
Advanced scene study and techniques for integrating all elements in all ages will be covered. Junior or Senior Standing.
Credits: 3

THEA441 Directing I
Frequency: A
Director's functions and responsibilities including play selection, auditioning/casting, staging techniques and script analysis using the motivational unit as a basis of approach. Emphasis on preparation and presentation of a one-act play. Majors only.
Junior or Senior standing in the Department.
Credits: 3

THEA442 Directing II
Frequency: D
Continuation of THEA 441; emphasis on theories of directing, as well as concerns and responsibilities of the director in productions involving period styles and/or alternative forms of staging. Majors only. Prerequisite(s): THEA 441
Credits: 3

THEA445 Voice and Movement Lab V
Frequency: D
Further exploration of physical and vocal performance projects to better facilitate creative response and imagination. Prerequisite(s): THEA 346
Credits: 1

THEA446 Voice and Movement Lab VI
Frequency: B
Further exploration of physical and vocal performance projects to better facilitate creative response and imagination. Prerequisite(s): THEA 346
Credits: 1

THEA451 History of the Theatre I
Frequency: B
A survey of theatre history from pre-Greek to the 18th Century. Performance and production elements in all ages will be covered. Junior or Senior Standing.
Credits: 3

THEA452 History of the Theatre II
Frequency: B
A survey of theatre history from 18th Century to present. Performance and production elements in all ages will be covered. Prerequisite: Junior or Senior Standing.
Credits: 3

THEA460 Theatre Organization and Management
Frequency: B
Theatre management including philosophy, management procedures, budgets, publicity/promotion, ticket office and house management procedures for educational, community and professional resident theatres. For Theatre Arts majors or permission of instructor.
Credits: 3
THEA481 Senior Seminar
Frequency: D
Topics vary from semester to semester. May be repeated for credit. Prerequisite: Permission of instructor.
Credits: 1-3

THEA482 Directed Study
Frequency: A
Intensive, individual study of some particular aspect of theatre involving preparation of a paper or project in support of the findings. Request for enrollment must be made in the form of a written proposal prior to the end of the second week of the semester. May be repeated for credit.
Prerequisite: Permission of department.
Credits: 1-3

THEA490 Professional Theatre Intern
Frequency: A
Approved and supervised work-training experience in professional theatre company. Prerequisite: Permission of department.
Credits: 1-15

THEA499 Performance/Production Seminar
Frequency: A
Development and public presentation of a creative project as a senior recital. Senior Standing; B.F.A. Acting and Production Design majors only.
Credits: 3

Women's Studies
WOST201 Introduction to Women's Studies
Frequency: B
Interdisciplinary study of the social construction of gender and its relationship to class, race, age, ethnicity, nationality and sexual identity. Analysis of the causes and implications for the changing definition of women in the contemporary world, especially in the United States.
Credits: 3

WOST203 Chicana Writers/Visual Artists
Frequency: D
Who is the Virgin of Guadalupe? When was the Mexican Revolution? What is a “Zootsuit”? Explore these questions and more in this interdisciplinary course taught in English. In this class, students will become familiar with Chicana Mexican American history and culture through installation art, mural art, altar designs, and paintings by artists such as Frida Kahlo, Judy Baca, Amalia Mesa-Bains, and Yolanda Lopez among others. Students will also discuss issues of race, class, gender, and sexuality through texts by Chicana writers Gloria Anzaldua, Ana Castillo, Sandra Cisneros, and Demetria Martinez.
Credits: 3

WOST255 Psychology of Women
Frequency: D
An examination of the biological, psychological and sociological factors that shape women’s lives. Attention to the intersection of gender with ethnicity, sexual orientation, and social class. Specific topics include theories of gender development, images of women in the media, work, childbirth and motherhood, violence, physical and mental health.
Prerequisite(s): PSY 129 or WOST 201
Credits: 3

WOST301 Feminist Theory
Frequency: B
In-depth critical exploration of selected theories to explain the sources of women’s roles in society. A multidisciplinary approach will be employed to account for the social, economic, political and cultural status of women in contemporary societies.
Prerequisite(s): WOST 201 or ENGL 345
Credits: 3

WOST302 Sex and Gender
Frequency: B
Description and analysis of sex and gender roles and relationships from a variety of societies at different levels of socio-cultural complexity. Note: also listed as ANTH 300/SOC 306.
Prerequisite(s): SOC 116 or ANTH 115
Credits: 3

WOST304 Latina Literary and Cultural Studies
Frequency: C
An examination of contemporary Latina literary productions in the context of representations of Latinas in mainstream U.S. society. The focus of the course is on women of Hispanic descent living and writing in the United States, including work by and about Chicanas, Puerto Ricans, Dominican Americans, and Cuban Americans. Previous course work in Latin/ Latino literature not required, but some previous course work related to African American or other ethnic literature, women’s literature/feminism, and/or film studies is strongly recommended.
Credits: 3

WOST314 Major Women Novelists
Frequency: C
An in-depth study of novels written by women. The course explores questions regarding gender, language, perception, and experience through the genre of the novel.
Credits: 3

WOST336 African American Women’s History
Frequency: C
Explores the history of women of African descent in the Americas, with a particular focus on the United States. Covers black women’s experiences from their African origins, through the Middle Passage, in enslavement, and in freedom. Issues addressed include labor, the black family, cultural expression, and radical identity (in comparative perspective).
Prerequisite(s): HIST 333 or HIST 334 or ENGL 240 or ENGL 340
Credits: 3

WOST340 Black Women Writers
Frequency: C
Study of the literature written by and often about black women, including poetry, short and long fictions, novels, drama, biography, and autobiography from the 18th century to the present.
Credits: 3

WOST345 Women, Health and Society
Frequency: B
Examines ways in which health and illness for women are defined and managed. Topics include the medicalization of pregnancy and birth, adolescence and sexuality, addiction, mental health, menopause, body image, and, women as health care providers.
Credits: 3

WOST373 Gender and Communication
Frequency: D
Using a variety of theoretical models and critical approaches, students examine everyday communication practices to identify how gender, communication, and culture create a complex and dynamic web of meaning with significant implications for individuals and society.
Prerequisite(s): COMM 101 or WOST 201
Credits: 3

WOST377 Special Topics
Frequency: D
Variable-content, sophomore/junior level course. Topics announced in Course Offering Bulletin when offered.
Credits: 3

WOST386 Women and Film
Frequency: C
A study of women filmmakers and their uses of documentary, experimental, and narrative forms. Particular focus on the role of the female spectator, the redefinition of traditional gender roles through film, and the (re)production of knowledge about women and femininity through the cinematic apparatus.
Credits: 4

WOST401 Feminist Practice
Frequency: A
Directed study of student’s own area of interest within women’s studies, serving as a capstone to the interdisciplinary experience of the minor. The capstone may be a final project, undergraduate thesis, or community-based internship.
Credits: 3

WOST490 Independent Study
Frequency: A
For Non-Women’s Studies Minors Only. Independent Study of an issue using gender as a primary category of analysis. Students must find an instructor willing to supervise the project - all disciplines are appropriate. Student must develop a proposal, obtain necessary approval of instructor and obtain final approval from the coordinator of Women’s Studies.
Credits: 1-3
STATE UNIVERSITY OF NEW YORK GENERAL STATEMENT/LIST OF UNITS

The State University of New York’s 64 geographically dispersed campuses bring educational opportunity within commuting distance of virtually all New Yorkers and comprise the nation’s largest comprehensive system of public higher education. SUNY campuses are divided into four categories, based on educational mission, the kinds of academic opportunities available, and degrees offered. The state university offers students a wide variety of educational options: short-term vocational/technical courses, certificate programs, associate degree programs, baccalaureate degree programs, graduate degrees and post-doctoral studies. The university offers access to almost every field of academic or professional study somewhere within the system – some 6,688 degree and certificate programs overall. With a total enrollment of more than 413,000, students are pursuing traditional study in classrooms and laboratories or are working at home, at their own pace, through such innovative institutions as the SUNY Learning Network and Empire State College.

The state university’s students are predominantly New York State residents, representing every one of the state’s 62 counties. State University of New York students also come from every other state in the U.S., from four U.S. territories or possessions, and 171 foreign countries.

The State University enrolls 40 percent of all New York State high school graduates, and its total enrollment of more than 413,000 (full-time and part-time) is approximately 37 percent of the state’s entire higher education student population. The state university numbers more than 2.4 million graduates on its rolls. The majority of the university’s alumni reside and pursue careers in communities across New York State, contributing to the economic and social vitality of its people. SUNY is committed to bringing its students the very best and brightest scholars, scientists, artists and professionals. State university campuses boast nationally and internationally recognized figures in all the major disciplines. Their efforts are regularly recognized in numerous prestigious awards and honors.

GENERAL ACADEMIC INFORMATION

The typical undergraduate program at SUNY Fredonia consists of four groups of courses: (1) the College Core Curriculum, consisting of courses in various branches of learning that are focused upon developing a range of skills and are required of all students, whatever their principal interest; (2) the courses required to complete a departmental or inter-departmental major; (3) supporting courses in subjects related to the major field, as well as courses which may be required for teacher certification; and (4) electives necessary to complete the minimum of 120 semester hours of credit required for the baccalaureate degree. The student may also take special concentrations, minors, and second majors.

The basic organizational unit of the university faculty is the academic department, which brings together people with similar academic backgrounds and related interests in teaching and research. For information on academic departments and majors, see the first section of this catalog.

On the graduate level, the university offers certification programs and master’s degrees in a variety of fields. For details about post-baccalaureate work, see the SUNY Fredonia Graduate Catalog.

University offices generally are open from 8:30 a.m. until 5 p.m. Monday through Friday during the fall and spring semesters, and from 8 a.m. until 4 p.m. during the summer. Exceptions to this are extended hours for some student service offices and Reed Library.

General Education

The State University of New York is charged with furthering human development and exploring and pursuing human potential in the broadest sense. In general, the university performs this function by acting as a center for the development and dissemination of knowledge, arts, and skills. In particular, it offers an opportunity for concentrated intellectual development and training. As part of SUNY, Fredonia pursues these goals with its own unique resources.

The university seeks to provide students with both a specialized and a general education. The specialized work prepares students in particular fields of knowledge for careers, professions, and other specific goals. But knowledge, like life, is a seamless fabric that cannot be cut into separate pieces. Any special area of knowledge requires a larger context to become fully meaningful. It is the purpose of general education to provide such a context, to help students find a sense of direction and become better able to cope with a changing world, regardless of their specializations.

The object of a general education is to further the development of a total human being who seeks to relate learning and living, ideas and actions. Seen in this way, general education seeks to provide the basis for responsible action, and to develop the habit of questioning and of using questioning as a creative tool.

The ability to discover and act upon their own values is a basic potential of human beings. In choosing the values by which they live, rather than having values thrust upon them, individuals create themselves. However, the freedom to choose and create comes into being only for people who have developed self-awareness, an ability to think, a minimal body of knowledge, and aesthetic sensitivity. General education seeks to help students develop all of these. General education should help students understand human society and their relationship to it. But it should also enable students to develop as individuals with a fundamental philosophy or basic world view that is consciously personal, yet based on an awareness of culture, history, and society. Consequently, general education seeks to facilitate the development of a conscious philosophy or world view, and to develop the skills by which such fundamental beliefs can be articulated clearly.

Students complete the minimal general education requirements at SUNY Fredonia within the framework of the College Core Curriculum.

College Core Curriculum (CCC)

Approved courses, distributed as follows.

Transfer students may receive credit in Categories 1 through 11 of the College Core Curriculum for similar courses taken at other colleges or approved advanced placement courses and exams. Any course approved for the SUNY General Education Requirements from a SUNY college or university will be accepted as a course in the corresponding Fredonia College Core Curriculum Category. Course(s) in Category 12 must be taken at SUNY Fredonia or must otherwise be approved for fulfilling the requirements of the category. Questions pertaining to the College Core Curriculum may be directed to the Associate Vice President for Academic Affairs, 810 Maytum Hall, (716) 673-3717.

Academic Advising

The variety of programs both in major departments and in interdisciplinary areas at SUNY Fredonia requires that every student meet with an academic advisor periodically to review progress and plan his or her academic future. It is particularly important for a student to be aware of requirements for graduation including College Core Curriculum requirements and those necessary to complete a chosen degree program.

Academic advisors can help students plan educational programs and keep up with new courses and programs, but students should not expect advisors to be knowledgeable about the content in detail of the many individual courses throughout the university and the teaching methods and evaluation procedures of the many individual teachers. Further, students are ultimately responsible for adhering to academic policies as stated in this catalog and determining that they have met degree requirements (including general education, major, and minor or concentration requirements).

At the orientation program, new students have an opportunity to discuss educational objectives with an advisor who will be knowledgeable in an area of preference and who will help students plan a schedule for the first semester. Shortly after the start of the first semester, students are assigned an academic advisor by their department.

Students are required to make an appointment with their advisor prior to course selection, to discuss their academic future, review their midsemester grade report, and plan a program of study for the second semester. After that meeting, students should meet with their academic advisor at least once each semester prior to course selection.

Academic advising will be successful and help students only if they actively seek advice about their education at SUNY Fredonia. Advising is one of the obligations of the university teaching profession. Students should not feel they are imposing on their advisors by discussing academic progress more than the minimum requirement of once each semester. Students are encouraged to seek advice as often as needed. It is one of the marks of a successful student.

Furthermore, if academic advising is to be successful, students should have confidence in their advisors. If students wish to change advisors, they should contact their department chairperson who will make a new assignment mutually agreeable to students and their new academic advisor.

Questions pertaining to academic advising may be directed to the Academic Advising Center, 2148 Fenton Hall.

Liberal Arts

Liberal Arts students are those students who are exploring the major options offered at Fredonia. Liberal Arts is not a major. Exploration will occur as the student takes courses that fulfill the College Core Curriculum required of all students. Declaration of a major is not required until the second semester of the sophomore year, the semester in which one customarily completes 60 credit hours. Most students decide on their major during the sophomore year, prior to reaching 60 credit hours. The Associate Dean for Liberal Arts is the chairperson for Liberal Arts students and the Director of Academic Advising, 2148 Fenton Hall. The Academic Advising Center assigns the Liberal Arts student an advisor, who may be a faculty member or a qualified member of the professional staff.

The Liberal Arts Freshman Year Experience is a mandatory, yearlong program designed to assist Liberal Arts students in their exploration and selection of a suitable major. The program has three major components: the Liberal Arts Advisement System, including Liberal Arts Liaisons; the Liberal Arts Freshman Seminar in the fall; and a Major and Career Exploration Course in the spring. For more information, contact the Associate Dean for Liberal Arts in the Academic Advising Center.

Fredonia in 4

Fredonia's formal response to students who require assurances that they will graduate in four years began with the freshman class entering in the fall of 1997.

Fredonia in 4 is a four-year guarantee program for first-time freshmen by which the university pledges to adhere to a commonly understood agreement with students to schedule sufficient class offerings, provide required courses or suitable substitutes as determined by the department, and ensure qualified academic advising.

With the assistance of the Academic Advising Center, faculty and staff advisors are able to ensure that students who are willing to adhere to the requirements for doing so, will graduate within four years. The spirit of the four-year agreement at Fredonia is to emphasize the university's commitment to provide all the essential ingredients that enable a student to graduate with a degree in four years. The rest is up to the student.

For more information about Fredonia in 4, students should contact the chairperson of their major department, or contact the Academic Advising Center, 2148 Fenton Hall.
3-1-3 Program
The SUNY Fredonia 3-1-3 program provides an opportunity for some high school seniors within driving distance of the university to take courses at Fredonia while they still have the close support of family and high school. The 3-1-3 Program is a time-shortened, combined high school and college course of study that can lead to a B.A. or B.S. degree in three years after high school graduation. This is possible because the university gives credit for the successful completion of selected high school courses and the high school allows successfully completed college English and social science courses to count toward the high school diploma. Therefore, the name 3-1-3 means three years of high school, three years of university study and one transitional year during which the student is enrolled simultaneously at his/her high school and at the university.

3-1-3 students are selected by the SUNY Fredonia admissions staff on the same basis as regularly admitted students.

Pre-Professional Programs
Students may arrange pre-professional programs to prepare for specialized training in engineering; health related areas such as dentistry, medicine, optometry, and veterinary medicine; or law. Those students seeking admission into professional schools should obtain the catalog of the institution they hope ultimately to enter and develop their academic program, insofar as possible, according to the listed entrance requirements.

Advisement on pre-medical, pre-dental, and other health related programs may be obtained from the Biomedical Professions Council through the Department of Biology, located in Jewett Hall. Students interested in these careers are encouraged to register with the council through the biology department as early as possible to insure appropriate advising on matters of course and major choices, and application procedures to professional school. For information on Pre-Medicine and Allied Sciences, see page 64. Information on law may be obtained from the Pre-Law Advisory Committee through the Department of Political Science (for information on Legal Studies, refer to the section on page 45); and on engineering from the Director of the Cooperative Engineering Program.

Internships
Internships provide an opportunity for students to receive credit for experience gained by working in the public or private sector. Student interns are under the dual supervision of an agency supervisor of the organization for which they are working and a faculty sponsor. Internships give students a chance to explore career options, test theories learned in the classroom, better understand the work world, and develop interpersonal skills.

Placements are available in a variety of disciplines, including: art and photography, biology and environmental science, business and accounting, chemistry, communication, computer science, counseling, law enforcement and legal offices, journalism and public relations, health administration, sound recording technology and theatre arts.

Students who have completed 30 credit hours and have earned a grade point average of 2.0 or higher are eligible to register for an internship. Internships may be taken for credit in a student’s major or in another department.

Students doing an internship must complete a Learning Contract and register for the appropriate course to receive credit. For information about local, national or international internship opportunities, contact the Internship Office at (716) 673-3451.

Distance Learning
SUNY Fredonia is committed to making alternative learning opportunities available to its students either through the Internet via the SUNY Learning Network, www.sln.suny.edu or two-way interactive video. Additional information is available from the university’s Office of Lifelong Learning, 2142 Fenton Hall.

Study Abroad
Studying overseas can be among the most rewarding experiences a student can have; living in a new country, meeting new people and learning a language. Fredonia students begin their global journey with a visit to LoGrasso Hall and the International Education Office. There they will find everything they need to make an informed decision about their future overseas study.

The SUNY consortium of overseas programs gives students access to more than 400 programs throughout the world. Students can choose from programs that range in length from 10 days to a full academic year. Many students study abroad to gain fluency in a foreign language while others take classes in their own discipline or explore new ones such as aboriginal studies, environmental preservation, drama and theatre, or archeology. Courses taken overseas count toward a student’s grade point average (GPA) and graduation requirements. In many cases, courses can fulfill College Core Curriculum and major/minor requirements as well. Faculty members are also committed to providing exciting, pedagogical learning experiences overseas and in recent years they have developed programs in Brazil, Bulgaria, England, France, Ghana, Japan, Mexico, Russia, Venezuela and Wales. Students will readily find faculty interested in sharing their personal experiences abroad.

Study abroad is not a vacation abroad. To be eligible, students need to have a 2.5 GPA and 30 credit hours completed. Teaching formats vary greatly from country to country with much more emphasis on independent study and research. Students studying abroad should keep an open mind about instructional styles and assessment methods.

The cost is comparable to other highly-rated study abroad programs in U.S. public and private universities. Program costs are usually only slightly higher than on-campus costs of tuition, room and board (excluding international air fare). Students pay SUNY tuition (in-state or out-of-state, depending on the student’s residency status) plus program costs that vary by country.

Financial aid can be applied to overseas study. Students are urged to schedule an appointment with the Financial Aid Office.
To ensure a smooth transition to and from study abroad, the International Education Office conducts a pre-departure orientation, provides course advising, assists with course selection, and gives a warm welcome upon a student’s return. Parents have an important role in the study abroad experience and their questions are welcome.

The study abroad application is easy to complete and assistance is always available. With proper advising and planning, a successful study abroad experience will give students a marketable advantage in the work world as leaders and global citizens.

International Student Services
The International Education Office, located in LoGrasso Hall, serves the international student community at SUNY Fredonia. It provides application assistance, immigration services, orientation programming and general support to the international students.

Through immigration services, the office helps international students maintain their status in compliance with SEVIS regulations and to apply for the immigration benefits for which they are eligible. As part of the orientation programming, the office provides extensive fall and spring orientation programs for incoming international students and workshops throughout the semester on topics relating to living and working in the U.S. The office also organizes International Education Week events, and arranges excursions and activities to complement the educational experiences of international students. Programs such as the International Student Ambassadors; Host Family for a Holiday; and the International Student Club help incoming students make new friends and become a part of the campus community from the start!

SUNY Fredonia welcomes international students, whose contribution to the campus and community is valued.

For more information, students should contact the Office of International Education at (716) 673-3451.

Grants Administration/Research Services Office
Fredonia’s Grants Administration/Research Services Office helps to identify potential external sources of funding for research and special projects, assists with proposal and budget development and preparation, establishes audit and control procedures, monitors expenses, and aids in other ways necessary to obtaining and administering external grants and contracts.

Fredonia values the kind of faculty/student interactions that reveal the process of discovery and creativity that is basic to the scholarly process. The promotion of research experiences for undergraduates is part of Fredonia’s mission. Increasing funding for faculty and student research is a basic element in the operations of the Grants Administration/Research Services Office. External funding not only makes possible support programs, such as the special fund in support of student presentations of scholarly papers at professional meetings, it provides funds which help to develop projects having the potential for future funding.

Summer Sessions at SUNY Fredonia
During the summer months, SUNY Fredonia offers a comprehensive program of undergraduate and graduate course work.

The availability of residence hall living during Session II and a wide range of recreational activities, along with a busy schedule of cultural events, enable the summer student to enjoy a full university life. The combination of intellectual stimulation in the classroom or online via the SUNY Learning Network can provide a very rewarding experience.

For additional information, students should contact the Office of Lifelong Learning at (716) 673-3177.

Joining Term (J-Term) at SUNY Fredonia
During the first two weeks in January, SUNY Fredonia offers a select group of undergraduate and graduate courses, as well as a specially designed set of intensive study abroad experiences. While some J-Term course offerings are campus-based, others are made available over the Internet via the SUNY Learning Network or at such off-campus locations as the College Lodge or the Roger Tory Peterson Institute. For additional information about Fredonia’s J-Term program, interested persons should contact the Office of Lifelong Learning at (716) 673-3177.
ACADEMIC AND STUDENT SUPPORT SERVICES

The university provides a variety of services and programs designed to support and enhance its educational programs and to assist students in solving problems that may interfere with their academic achievement. These services are directed and implemented by a trained professional staff.

Reed Library
Reed Library plays a key role in the teaching and learning process at Fredonia as students and faculty make heavy use of over 17 million volumes that comprise the holdings of the SUNY libraries. Over 11,000 journals are available online along with extensive collections of microforms and videotapes. The Music Library houses more than 15,000 sound recordings and over 30,000 musical scores and performance parts. New listening stations and a redesigned music lab are also housed on the Music Mezzanine. Special Collections include extensive materials related to local history, the university archives, the records of the Holland Land Company, and books and manuscripts of the noted Austrian author Stefan Zweig.

Librarians provide orientation sessions, tours and in-depth instruction in the use of information resources to support student groups and all academic disciplines. Reference librarians are available to answer specific questions and to advise students on research strategies. The Reed Library web pages contain extensive guides on the use of library resources.

A wide variety of resources including encyclopedias, indexes, full text articles, e-books and online journals are available to the campus community 24 hours a day.

Reed Library is open at the following times during the academic year: Monday through Thursday, 8 a.m. to 11 p.m.; Friday, 8 a.m. to 10 p.m.; Saturday, 10 a.m. to 10 p.m.; and Sunday, 1 to 11 p.m. Hours are extended during the exam period at the end of each semester, and are reduced during intersession and summer school. For more information on Reed Library and its services, students should call (716) 673-3222 or visit the library home page at http://www.fredonia.edu/library/.

Information Technology Services
The university provides a wide range of information technology services for students and employees. A Unix-based electronic mail system provides secure and reliable e-mail service. The campus network provides local area network and Internet access for approximately 2,400 academic/administrative connections for classrooms, offices, and teaching/student laboratories as well as approximately 2,200 ResNet (student residential network) connections.

Access to personal computers and the use of mobile computing is now an essential part of any college education. The university encourages students to purchase their own laptops or tablet PCs for use on campus: however, recognizing that many students are not in a position to do this, there are a significant number of computer laboratories with Pentium-based and Macintosh computers available. These computers run standard web browsers, the Microsoft Office Suite, as well as software for data-analysis, programming and other course-related software.

Additional computer labs on campus are designed to be teaching facilities, optimized for classroom instruction. The Department of Communication houses the Sheldon Multimedia Laboratory and state-of-the-art facility dedicated to digital video processing. The Visual Arts and New Media program also has a multi-media laboratory. Fifteen high-tech classrooms provide faculty access to multimedia technologies for instructional purposes.

Many academic departments provide student computer usage instruction. Instruction in computer science is provided by the Department of Computer and Information Sciences, which also offers an undergraduate major and minor in Computer and Information Sciences. The department has operated a Computer Science Laboratory (CS Lab) in Fenton Hall since 1984. For more information on the hardware and software maintained by the department, refer to the Computer Science section on page 20.

Students are encouraged to utilize the Media Center, located in W203 Thompson Hall, which houses speech pathology and audiology materials, a student graphics lab, PC/Mac microcomputers and media equipment to support classroom projects.

Information Technology Services (ITS) is comprised of five support areas with collaborative connections to the Information Technology Advisory Board, the ITS Executive Committee, the Banner Student Information System (SIS) Steering Committee, the Web Content Office, and the ResNet Office.

The institutional technology vision and appropriate policy, procedures and project plans are developed in conjunction with advisory boards and ITS staff members to support the needs of faculty, staff and students as articulated in the Fredonia Vision Statement. Computing Services administers systems management and security for the Student Information System, e-mail and server administration, grade and course evaluation scanning, and administrative staff technical assistance. Students, faculty, and staff are provided a username and password that allows access to a Fredonia e-mail account and network resources. Security self-service access to individual student information, including web registration, acceptance of financial aid awards, bill payment, and institutional policy information is available through "Your Connection" on the Fredonia home page at http://www.fredonia.edu.

For more information regarding suggested personal computer configurations, e-mail configurations, listserv policy and the Fredonia Computer and Network Usage Policy, students should refer to page 216 or the ITS web site at http://www.fredonia.edu/its.

The Learning Center
The Learning Center, located on the fourth floor of Reed Library, is a place where any SUNY Fredonia student can go to get help from student tutors. Tutoring is free and is available in most subject areas on a drop-in basis. Subject areas include but is not limited to: math, English/writing,
The Learning Center philosophy is that tutoring is not teaching and tutoring sessions are based on where the student is in his or her understanding of course material. Students must have at least attempted their assignments. The goal of tutoring is to help students with their assignments in a way that will help them become successful in all of their classes.

The center also has computers available for students to work independently or with tutors on assignments and projects. Internet and electronic mail capabilities give students access to a world full of electronic research tools. Students are encouraged to use the Learning Center as a resource to help develop successful study skills strategies and to get assistance with understanding course material.

Learning Center tutors are successful students who have been recommended by faculty to become tutors. Applications are accepted for tutoring positions in March. Final decisions are made by the end of April after a series of interviews. Tutors are then hired for both semesters of the following academic year.

The Learning Center provides language support services for English as a second language (ESL) students and is also the home of Disability Support Services for Students, the Full Opportunity Program, and the 3-1-3 Program. The center’s web site is located at http://fredonia.edu/tlc.

Educational Development Program

The Educational Development Program (EDP), known statewide as the Educational Opportunity Program (EOP), is an academic and financial support services program administered by the State University of New York. It is designed to provide a university education for talented students who have not had an opportunity to realize their academic potential. EDP serves students from diverse backgrounds with priority for admission given to the “historically disadvantaged.”

Additionally, program graduates can receive a waiver of tuition for full-time graduate study upon acceptance at any SUNY college or university.

The Educational Development Program is a comprehensive academically oriented program offering supportive services in three areas:

1. Academic Support
   a. University level
   b. Tutorial assistance
   c. Supplemental instruction
2. Counseling Services
   a. Academic advisement
   b. Individual and group
   c. Career
   d. Freshmen seminar course
   e. Personal and social
   f. Peer advising
3. Financial Assistance
   a. Financial aid for qualified students
   b. Financial planning

Scholarships and awards given to program students who excel academically, are involved in leadership and community service are: the Chi Alpha Epsilon National Honor Society (see page 172), the Arthur O. Eve Scholarship, the Director’s Award, the Gregory Fund Award, and the Ralph Wilson Jr. EDP Book Award.

Students should review the Educational Development Program eligibility and admissions criteria on page 175 of this catalog. Students interested in the program should look for the EDP home page at http://www.fredonia.edu/edp.

Career Development Office

www.fredonia.edu/cdo

The Career Development Office provides a link between the campus and the world of work. The professional staff helps freshmen through alumni to:

- explore options and make career/major/job choices
- plan strategies to gain experience and identify skills to become competitive
- develop skills to implement a successful job search
- learn how to apply to graduate or professional school
- locate information and opportunities to make decisions or implement plans
- get connected to employers and graduate schools

Outline of Services

Individual Counseling. Students are encouraged to make an appointment early in their university experience to examine the expectations they may have for a degree program, major, and possible occupations. Computer programs, assessments, career information, and information interviewing are used to supplement counseling appointments. A counseling appointment is also recommended to identify strategies and find information to implement a job search.

Drop-in Hours. A counselor is available without an appointment to help locate information, critique resumes and cover letters, and answer questions about internships, summer jobs, or applying to graduate or professional school.

Workshops. The counselors make presentations to student clubs, classes and residence halls about career options, internships, summer jobs, resume writing, job searching, interviewing, and graduate or professional school application issues.

Career Resource Area. This library of almost 1,200 books, videotapes and brochures includes information about a variety of career fields; directories of potential employers, internships and graduate school programs; and how to write resumes, cover letters, find a job and interview successfully. A series of handouts on career choice, job search, resumes and cover letters is also available.

Quest. Each enrolled student has a personal account in this web-based system. It provides access to student employment, internship, summer and professional job listings; a resume database; an employer database; and a mentor database of Fredonia alumni.
Recruitment Events. Each year organizations visit the campus to interview students about to complete a degree program. In addition, students can participate in special annual programs such as Teacher Recruitment Days and the Human Services Career Fair.

Videotaped “Practice” Interviews. A counselor will conduct a brief interview. The interview will be videotaped, viewed and discussed, and suggestions for improvement offered.

Credentials File. Students about to complete a degree program are eligible to establish a file which includes a resume, course list, transcript, and letters of recommendation to be sent to prospective employers or graduate admissions personnel to support an application.

Follow-up Study on Graduates. Each year the office contacts the graduates of the university to determine their plans for the first year after graduation. Members of each class choose to accept diverse opportunities for further study and employment.

Business and industrial organizations are the most frequent first-time employers of Fredonia graduates, followed by education; social service, non-profit and government; media or arts organizations and self-employment.

Graduates are pursuing advanced degrees in science, law, business, education, music, medicine, and a variety of other disciplines at graduate institutions across the country, many widely recognized for their excellence. Information about the first year plans of recent graduates is available on request from the Career Development Office.

Contact Information. The office is located on the second floor of Gregory Hall and can be reached by phone at (716) 673-3327, by FAX at (716) 673-3593, or by e-mail at careers@fredonia.edu.

Counseling Center

Philosophy
The mission of SUNY Fredonia Counseling Center is to promote intellectual, social and emotional development that fosters academic and personal success within the context of a global and culturally diverse society.

Services
Professional counselors, all of whom have graduate degrees, are available to assist students with typical life transitions as well as serious, complex life problems. In addition, a psychiatrist visits weekly to assist those students in need of psychiatric evaluation and medication. Free, confidential mental health counseling services are available to all registered students. A variety of counseling services including individual and group psychotherapy, crisis intervention, mental health assessment, referral, and informational services are offered.

The development of personal insight, interpersonal skills, and strength of character, expected of an educated person, is encouraged through counseling. Counseling services for individuals or groups typically address such issues as anxiety, depression, substance use, eating disorders, sexual identity, social and dating relationships, roommate conflicts, family problems, sexual abuse, assertiveness training, communication skills training, and career decisions.

Consultation and Workshops
Professional counselors are also available for consultation, workshops, and in-service to students, faculty, and staff in the university community on topics such as conflict resolution, stress management, relaxation skills, alcohol and drug abuse, and communication skills.

The Counseling Center is located in LoGrasso Hall. Appointments can be made in person at the reception desk or by telephone at (716) 673-3424. Information about services being offered for the current semester including groups, workshops, and wellness ideas and links can be accessed through the center’s website at www.fredonia.edu/counseling/index.html.

Center for Multicultural Affairs

www.fredonia.edu/department/Maffairs

The Center for Multicultural Affairs is the principal foundation for multicultural programming and outreach on Fredonia’s campus and in the surrounding community. The center strives to offer a safe educational and social space to all members of the university community. Through advocacy, education and program development, the center supports the creation of a diverse university community for the purpose of enhancing the student population’s academic development, level of cultural awareness and commitment to promote social justice.

The center houses the Black Student Union; Latinos Unidos; Women’s Student Union; Pride Alliance, Jewish Student Union, and the Native American Student Association while providing support to the Gospel Choir and Sister’s Circle discussion group. Each of the groups provide a wide array of cultural programming and enrichment to the campus and community.

Additional services provided by the Center for Multicultural Affairs include academic, personal, group, and career services; student advocacy; leadership development; mentoring programs; and various other campus-wide diversity initiatives. For more information about the Center for Multicultural Affairs, students should call (716) 673-3398 or stop by the office at E125 Thompson Hall.
STUDENT LIFE ON CAMPUS

Housing/Residence Life

www.fredonia.edu/reslife/

On Campus. Because the university realizes that an important part of students' total educational development is the housing unit in which they live during their stay in Fredonia, the Office of Residence Life attempts to provide students with facilities conducive to adequate study. Through the learning experience of group living, resident students acquire a greater awareness and understanding of themselves and their ideas, and a greater concern for and consideration of the other members of the community.

Although on-campus housing is reserved for matriculated undergraduate students, the university will accommodate single graduate students if space is available.

Freshmen and sophomores who do not live with parents or spouses are required, as a matter of policy, to live in university housing for the full academic year. Any exemption to this regulation such as permission to live with relatives other than parents must be granted, in writing, by the Director of Residence Life. The housing license agreement is for the entire academic year and cannot be canceled during this period as long as the student is registered. There is a $350 fee for approved termination of the housing contract.

Assignment to a residence hall is first-come-first-served, based on the date of submission of a completed housing packet. The packet includes a student pin number, a contract, and housing information.

There are 13 residence halls on the SUNY Fredonia campus, including corridor and suite-style, as well as apartments. Residence hall activities attempt to integrate resident living experiences with the total educational program of the university. The residence halls are modern, comfortable, and convenient and allow a student the opportunity to establish independence and experiment with a variety of activities and experiences. Through hall government, students have opportunities to participate with other students in programs of their own choosing, to work on projects of interest to themselves and of service to others, and to communicate students' needs and concerns to the university. Although much of the responsibility for governing the halls lies with the student, an experienced and professionally trained staff member is in charge of each residence hall. The residence director, whose major concern is student welfare, is assisted by several undergraduate students. They work with and advise students within the residence halls to develop broadly based educational and social programs that serve to offer opportunities for growth and involvement within the living situation.

The Office of Residence Life continually reviews the interests and objectives of students in an effort to provide facilities that will assist them in the educational process. Recent additions to the program include computer labs in Grissom, Kasling, Hemingway, Alumni and most other halls, as well as an Aerobics Center in Hemingway Hall and a Wellness Center in Schulz Hall.

SUNY Fredonia’s residential complex is currently being expanded with an addition of a $23 million renovation and two story addition to Cranston Hall. The University Commons project will involve renovation of the existing building to include a food court, dining facility, kitchen and bookstore in a mall-like setting. The residence hall will accommodate 129 "premium" air-conditioned rooms with a bathroom for every two bedrooms.

Detailed information about university housing facilities for single students will be provided upon request by the Office of Residence Life, Gregory Hall, State University of New York at Fredonia, Fredonia, NY, 14063.

Regulations governing occupancy of residence hall rooms will be provided by the Office of Residence Life at the time the housing packet is forwarded to students. All occupants within the halls are expected to comply with the appropriate regulations.

For the cost of housing, see the section on Expenses (page 177).

Off Campus. Files of available off-campus housing are maintained in the Student Association Office located in the Williams Center.

Faculty Student Association

The Faculty Student Association (FSA) is a not-for-profit corporation governed by a board of directors composed of seven students, three university administrators, three faculty, one classified staff member, and one alumni member. It operates under a contract with SUNY Fredonia in conformance with guidelines established for all SUNY campuses. FSA receives no government subsidies, and is self supporting through revenues generated from its services. Any income after operating expenses is used to benefit the university by supporting campus programs. FSA administrative and food services offices are located in Gregory Hall. For general information, students should call (716) 673-3417 or view the FSA website at http://fsa.fredonia.edu.

Food Service Operations

The Marketplace at Erie Dining Center features all you can eat self-service of a variety of traditional and specialty menu items.

In addition, the Connections Food Court, located on the lower level of the Williams Center, offers a variety of fast food selections.

For customer convenience, Signature Café, with several units located across campus, specializes in espresso based coffee and other upscale beverages, gourmet pastries and cakes, soup, salads, and sandwiches.

Café G, on the first floor of the Williams Center, is a weekday luncheon restaurant, and is also available for catering.

In addition, full catering services ranging from coffee breaks to banquets are available. Customers should contact the FSA office at 673-3417, ext. 227 for further information.
Other Services

**ID Cards** - A university ID card is required of all enrolled SUNY Fredonia students. These cards are issued at no charge to students by the FSA office. In addition to being a required form of identification on campus, they are also the official card used for all meal plans. A service charge is assessed for lost cards. More information can be obtained at www.MyFREDCard.com.

The Connections Bookstore provides new and used textbooks as well as a variety of reference and study aids. Located in the lower level of the Williams Center, the bookstore also offers school and art supplies, health and beauty aids, imprinted items, clothing, greeting cards and a unique array of gift items. The store’s computer department features hardware, software and a wide range of peripherals. The bookstore also offers convenience store items.

The SUNY Fredonia Debit Account is a prepaid taxable debit account. This account offers the convenience of making purchases at any FSA or Signature Cafe-operated location without carrying cash.

Students signing up for a SUNY Fredonia Debit Account Plan are entitled to take advantage of the Textbook Pre-pack option. The bookstore will prepackage a student’s textbooks and subtract the cost from the student’s SUNY Fredonia Debit Account. When the student arrives on campus they simply go to the pre-pack area, show their FREDCard and pick up their books.

The FSA provides check-cashing services on campus. Students who possess a valid Fredonia university I.D. card may cash checks in the bookstore. Fees for check cashing may apply. In addition, electronic banking machines are available on campus.

FSA’s vending program on campus includes snacks and beverages. In addition, it also provides the washers and dryers in the residence halls.

The Herbert C. Mackie Memorial Camp (College Lodge) in Brocton, located 12 miles from the campus on Route 380, is a 193-acre refuge featuring a beautiful and rustic lodge and hiking trails. This facility is available by reservation for parties, cross-country ski outings, and other events. The camp also has a sleeping lodge that will accommodate up to 75 people.

**Student Employment** - FSA provides jobs ranging from 10 to 20 hours per week for approximately 300 students. A variety of student jobs are available, with the majority being in the food service areas. These jobs are not based on financial need.

**Student Health Center**

The Student Health Center is located in LoGrasso Hall. The health center is staffed by a board-certified physician, two nurse practitioners, registered nurses, a lab technologist and a secretary. The staff at LoGrasso Hall Health Center strive to provide quality health care for the student population in an outpatient clinic setting. The treatment of illnesses and injuries, as well as preventive health services and health education, are provided in a confidential, caring atmosphere. The health center has a lab and can perform some simple diagnostic tests on site.

Health services are funded by the mandatory health fee paid each semester. Most services at the health center and many medications are provided without any additional charge to the student. Maintenance allergy injections, vaccinations and PPD tests are provided but do require an additional nominal fee.

The health center is open from 8 a.m. to 5 p.m., Monday through Friday, and Saturday from 10 a.m. until 1 p.m. When necessary, referrals can be made to private physicians or specialists in the local area.

Emergency coverage is available at Brooks Memorial Hospital.

**Birth Control Information Center** - The Birth Control Information Center or “BCIC” is located in LoGrasso Hall and is staffed by trained student volunteers. All students, male or female, can use the BCIC to learn more about contraceptives and other sexual health issues. Clinics are held twice a week in the evening where gynecological services and birth control are provided at minimal cost to the student. Clinic staff includes a gynecologist, nurse practitioner, physician assistants, and registered nurses.

**University Police Department**

The University Police Department, located on the second floor of Gregory Hall, is responsible for all law enforcement related issues on campus.

Members of the department are trained in a community policing environment where students and the campus community share in keeping the university a safe place to study and work. University Police Officers are responsible for the security of all buildings and the protection of students, employees, and visitors. Duties include community policing, parking enforcement and all investigations.

The Chief of University Police is assisted by three lieutenants and 10 officers. The office maintains a close working relationship with the Fredonia Police Department and other law enforcement agencies in Chautauqua County.

**Office of Veterans Affairs**

Veterans and their dependents who receive educational benefits through the Veterans Administration are assisted by this office, located in Room 001 McGinnies Hall (716 673-3423). Applications are processed through this office and students experiencing problems with benefits can receive assistance or referrals (see also page 190). This office also serves as the campus liaison with the V.A. Regional Office in Buffalo.
FREDONIA ORGANIZATIONS AND ACTIVITIES

Campus Life Office
www.fredonia.edu/campuslife

The Campus Life Office, located in the Williams Center, provides exciting and various activities for students to participate in to fill the hours when they are not in the classroom. The office is a place for students to schedule concerts, dances, movies, lectures, student organization meetings and a host of campus activities. Some of the services the office and staff provide are:

- Advisement to student organizations
- Providing a meeting place, by reservation, for groups and organizations
- Maintaining leadership development programs and workshops for students, organizations and advisors
- Facilitating advertisement for campus/organization events

In addition to the above services, the Campus Life Office plans Family Weekend, Commencement, Summer Orientation, Winterfest, and works closely with Residence Life events, Homecoming, Admissions Open Houses, Superdance, and the conference committee.

For students’ leisure and recreation, Campus Life also offers The Spot. Featured in The Spot is the Campus Grind Café, which serves a variety of specialty coffees, granitas frozen drinks, pastries, and daily luncheon items. Adjacent to the Campus Grind is the campus nightclub, complete with staging for small concerts and the latest in sound equipment for dancing. Also located in The Spot is the Side Pocket game room, offering pool tables, foosball, bubble hockey and air hockey, and the latest in video games.

The Williams Center lobby is open Monday through Friday, 8 a.m. until midnight; Saturday, 11 a.m. until midnight; and Sunday, 11 a.m. until midnight, when classes are in session. Events that wish to extend beyond midnight are permitted with permission. For more information, students should contact the Campus Life Office at (716) 673-3143.

Central Ticket Office

The Central Ticket Office is a full-service outlet located on the main floor of the Williams Center. Its main function is in providing tickets for events on campus and the outlying communities. Tickets for theater, musical concerts, graduation, plus bus transportation to all areas of the United States are available to students. In addition, the Central Ticket Office offers students charter bus service during holidays, to the Southern Tier, New York City and Long Island. Greyhound, Empire Transit and Trailways charters, schedules and tickets are also available. Amtrak schedules and tickets are available on 48 hours notice. Other services offered include Western Union incoming money transactions. The Central Ticket Office is open during the academic year from Monday through Friday from 9 a.m. until 5 p.m., and on Saturday from 1 until 5 p.m.

Volunteer and Community Services

The Office of Volunteer and Community Services is a part of Campus Life. Its purpose is to connect students with the community, provide volunteer opportunities and to create as well as implement a variety of service learning experiences. Students will be able to incorporate these opportunities into the classroom. The office serves as a central resource for information about area opportunities in service.

Student Association

All fee-paying students at SUNY Fredonia are members of the Student Association. The Representative Assembly, which is the governing body, is divided into the five classes (freshman through graduate) and has one elected representative for every 100 students in the class.

These representatives have a very important responsibility. Besides representing their constituents at the assembly meetings, they are individually appointed to faculty committees of their choice. Through these committees, students voice their opinions on such matters as academics, food services and student affairs. Student membership on these committees is not limited to assembly members, however, everyone is encouraged to participate.

The association also has committees and departments of its own which require student input. Diversity Awareness, Academic Affairs, Safety Department, Off-Campus Housing, and Public Relations offer students a way to help each other and to get practical experience in fields in which they are interested.

Elections for the office of president and vice president of the Student Association are held every November for a one-year term that runs from January to December. The Student Association President has the privilege of appointing a comptroller. The Speaker of the House is nominated and elected annually by Assembly.

Students are encouraged to become involved with the Student Association. The association determines how the resources (activity fee) of the students are allocated and released over the year and submit for approval by the University President an annual budget.

The Student Association Office is located on the main floor of the Williams Center. Students may stop in any time to join a committee, become a representative or just to ask questions. The office is open Monday through Friday from 9 a.m. until 5 p.m.

Art Forum

Art Forum presents programs that broaden the awareness of the visual arts; gives interested students the opportunity through participation to develop student and community appreciation for the visual arts; and helps to develop an effective and informal network of professional assistance that is a resource to the profession and the public. The group participates in many activities ranging from exhibitions to weekend trips to New York City.

Black Student Union (BSU)

The Black Student Union, which has been in existence for over 25 years at Fredonia, is an organization that seeks to promote a feeling of unity and pride among students of
African descent as well as provide a sense of cultural awareness throughout the campus community. The BSU contributes to the richness and diversity of student life by sponsoring lectures, artists, dancers, poets and musical productions throughout the year. Some of the organization’s annual events include the People of Color Concerns Conference, the Black Achievement Awards Dinner, a fashion show, and Kwanzaa, an African American celebration that is an affirmation of cultural self-determination. Such people as Dr. Na’im Akbar, Kwami Toure, Dr. Bruce Bridges, Dr. Ivan van Setima, Jill Nelson, Bill Bellamy and Dr. Ali Rashad Umran, are just a few of the many who have joined the BSU family at Fredonia.

Ethos
The purpose of Ethos is to set and maintain a standard of excellence in music composition; to create an environment within which composition at Fredonia can flourish; to create a vehicle for the performance of student compositions; and to organize two music festivals a year including, as well as student compositions, works by other composers. Activities include attending theory and composition conferences.

Fredonia Jazz Workshop
The purpose of the Fredonia Jazz Workshop is to provide a source of education in jazz for the campus community, as well as educational and musical experiences in jazz to the local community through concerts and campus sponsored dances.

The Leader
The Leader is SUNY Fredonia’s student-run campus newspaper. It is published every Monday during the academic year and is sustained independently through advertising revenue. The Leader is run by a student editorial board that is composed of its writing, business, and artistic staff. Each paper includes five sections: News, Sports, Campus life, Arts and the Lampoon (comics).

Positions are open to students of any major, regardless of experience. All editorial seats are voted on in April for the following academic year. Any English, Journalism, Communication, Public Relations, Graphic Design, Photography, Illustration, Business Administration, Sales, Marketing or Advertising majors are encouraged to join the staff. Some positions are paid.

Student Opera Theatre Association (SOTA)
The purpose of Opera Theatre is to provide a source of education in the production and performances aspects of opera. The opera is represented through live performances, guest speakers and artists, lectures, master classes and other forms of the opera. Membership is open to all fee-paying students, faculty and staff.

Performance Arts Company (PAC)
The Performing Arts Company is the student-run theatre group at SUNY Fredonia. PAC presents four productions a year, two per semester, and also sponsors workshops. It is a creative outlet for interested theatre students and is frequently a stepping-stone to Walter Gloor Mainstage shows.

Spectrum Entertainment Board
Spectrum Entertainment Board is a student organization dedicated to enriching the university curriculum by presenting stimulating arts, entertainment, and cultural programs for the campus community. Members of Spectrum are educated on negotiating contracts, dealing with agents and artists, and coordinating large, campus-wide events. Programs include lectures, films, concerts, weekly music series, comedy, and special events such as Activities Night, Family Weekend entertainment, Hanging of the Greens, and Fredonia Fest. Past performers have included Jon Stewart, Davy Jones, Dr. Hunter “Patch” Adams, Less Than Jake, and the MTV Campus Invasion Tour with Third Eye Blind and Eve 6, Henry Rollins and Blues Traveler.

Fredonia Radio Systems
Fredonia Radio Systems includes both WDVL-Cable and Internet 89.5 FM and WCVF 88.9 FM. These two stations provide SUNY Fredonia students and Northern Chautauqua County with radio programming designed to inform as well as entertain. They also provide valuable training for those interested in any aspect of broadcast communication.

WDVL, “The Inferno,” began operations as WCVF-AM in the early 1940s and is the oldest radio station in the SUNY system. This commercial station programs contemporary rock as well as campus news and sports to its on-campus audience of students. WCVF, “The Voice,” went on the air in 1978, broadcasting to Fredonia and surrounding communities. It is a non-commercial station licensed by the FCC to the SUNY Board of Trustees, and features a variety of public affairs, news (both local and National Public Radio), sports, and a progressive blend of alternative music styles from jazz, folk and blues, to reggae, techno, world beat and rock, with an emphasis on new music.

Fredonia Radio Systems offers all students, regardless of major, the opportunity to work in the following departments: management, business, promotion, sales, traffic, music, production, news, sports, community service, and engineering. The station is managed and staffed by volunteers. Its offices and studios are located in McEwen Hall.

WNYF-TV
WNYF-TV is a completely student-operated cable television station located in the lower level of Hendrix Hall, equipped for studio and field production and editing, with some of the latest digital technology. WNYF gives its student members an intense professional experience in television production, and fosters a real esprit de corps as a fun, hardworking campus group. The station cablecasts a variety of award-winning programming to the village of Fredonia, the city of Dunkirk, and the university campus.
Absolutely no experience is required to join the staff of WNYF, and all majors are welcome. Students can gain experience in all production areas by producing, writing, directing, and editing, or taking on-air roles from news and sports to drama. Members have the opportunity to create, develop, and produce their own programs, as well as join the decision making board. An Oscars-style awards ceremony (The Freddy’s) is held each year to honor the best of station production.

Interested students should look for the first general meeting announcement at the beginning of each semester, or call (716) 673-3571, or stop by the station.

Writers’ Ring
The Writers’ Ring is a student group that unites SUNY Fredonia students with the works of national and international writers. Students help decide on inviting visiting writers to campus readings that routinely draw over 100 audience members. Students also have the opportunity to edit the campus literary magazine, The Trident. Its mission is to encourage literary exchanges among students at Fredonia and to promote creative writing outside of the classroom and into the community by providing a forum for readings and lively discussions of fiction, poetry, and mixed genre literary work. Nationally and internationally renowned writers who have given readings during the past year include poets Naomi Shihab Nye, Steve Almond, Oliver de la Paz, and Allison Joseph.

Other Student Clubs and Interest Groups
Student life is enriched by the availability of a wide variety of formal and informal group activities, some of long standing, some only newly established. In addition to honor societies, there are service groups, clubs relating to specific majors and career fields, a growing social fraternity and sorority system, and interest groups involved with sports, hobbies, areas of social concern, etc. It is not possible to give more than a sampling here; students who have a specific interest or just want to find out the full range of possibilities may write to the Office of Campus Life (Williams Center, SUNY Fredonia, Fredonia, NY 14063) or stop by the office when on campus for the latest guide to Student Organizations. The following list should suggest the range of additional activities available. All department clubs, independent organizations, associations and societies must be recognized by the Student Association in order to have access to campus facilities and association funds.

- Accounting Society
- AIGA
- Alma Mater Society
- Alpha Phi Omega
- Alpha Psi Omega
- American Choral Directors Association
- American Marketing Association
- American String Teachers Association

WNYF
Women's Student Union

The formal and informal activities mentioned above are further supplemented by some traditional events in student campus life that normally involve large groups of students. They include the following: Activities Night, Culture Night, Superdance, and Homecoming.

Other Campus Activities

The groups and activities previously mentioned are joined by some other non-classroom events and activities in student campus life. This section lists a sampling of these other activities.

Alumni Association

Membership in the Alumni Association of the State University of New York at Fredonia is open to enrolled students, graduates of the university, and present and retired faculty members.

Supported by alumni gifts and student dues, the association provides all its constituents and parents with its quarterly publication, the Fredonia Statement.

Contributions are primarily used to support scholarships and grants for deserving students, student recruitment, career counseling, Homecoming Weekend, and various programs for which funds are unavailable through normal state sources.

Students are encouraged to participate in the Undergraduate Alumni Council (UAC), which assists in the coordination of alumni/student activities. Actively involved students are considered for Undergraduate Alumni Awards. The $500 awards are annually given to those UAC members who are in good academic standing and have shown an interest in improving the quality of campus life by their extra-curricular involvement.

Art Exhibitions

Each season, many art exhibits are presented on campus. The 2,000 square-foot Michael C. Rockefeller Arts Center Gallery hosts several traveling contemporary art exhibits. The emphasis of these shows is on contemporary work in painting, printmaking, photography, sculpture and graphic design. The gallery also hosts exhibits by the visual arts department faculty and students. All exhibits feature a public reception open to students, faculty, and community residents.

The Emmitt Christian Gallery on the second floor of the arts center is used to exhibit class projects, solo student shows, visiting artist work, and other small exhibits throughout the year.

Department of Athletics

Fredonia has a long and storied history of successful competition on athletic fields, courts and rinks across the state. A highly respected coaching staff has produced over 100 collegiate All-Americans and a plethora of team championships at the division, conference and regional level. Fredonia’s coaches also serve on advisory committees throughout the east and have held top positions in a number of statewide, regional and national organizations.

Offering a wide range of programs for students wishing to participate at a competitive level, SUNY Fredonia sponsors athletic teams for men in the following sports: baseball, basketball, cross country, hockey, soccer, swimming, and track and field. Offerings on the women’s side include: basketball, cross country, lacrosse, soccer, softball, swimming, tennis, track and volleyball. A co-educational cheerleading team competes successfully as a varsity sport while a junior varsity team is available for men in basketball.

All full-time undergraduate students are eligible to try out for Fredonia’s athletic teams. Athletic eligibility is determined through the office of the Director of Athletics. Varsity athletes must comply with all appropriate rules and regulations of SUNY Fredonia, as well as those of all playing conferences with which Fredonia is affiliated. In addition to being certified eligible to participate through the Athletic Director’s Office, each prospective student-athlete must receive clearance from the Student Health Center prior to participating in team activities including practice, staff-supervised pre-season conditioning, and contests. All student-athletes are encouraged to enroll in the university’s insurance program or provide the Director of Athletics with evidence of personal health and accident insurance coverage.
The athletic policies of SUNY Fredonia are developed by the Director of Athletics in conjunction with the Intercollegiate Athletic Board, an advisory board to the University President composed of faculty, students and administrators. Athletic affiliations are maintained with the NCAA, ECAC, NYSWCAA and SUNYAC. While programs range in strength from national level competition to competitive conference play, the university encourages students try out for teams if their ability warrants.

Intramural and Recreational Activities
The Intramural and Recreational Activities Program is conducted under the direction of the Department of Health, Wellness, and Recreation, and is funded by the State of New York and Student Association fees.

An extensive intramural and recreational activities program is conducted in men's, women's, and co-ed sports. Activities include basketball, broomball, softball, soccer, racquetball, touch football, wallyball, beach volleyball, tennis, and volleyball.

Facilities include Dods Hall, with classrooms, gymnasia, the Blue Devils Fitness Center, dance studio, and racquetball courts, and Steele Hall, which contains an indoor ice skating rink, track-basketball arena, and natatorium. There are also outdoor tennis courts and outdoor track and playing fields.

Music Faculty Performances
Throughout each academic year, members of the artist faculty of the School of Music present public recitals. Most often the performances feature an individual faculty member; on occasion, however, several faculty members join together to present a program. Performances are also presented each year by the Fredonia Woodwind Quintet and the Faculty Brass Quintet.

The Western New York Chamber Orchestra, an independent, regional chamber orchestra, is an ensemble-in-residence at the Fredonia School of Music. The chamber orchestra presents a series of concerts on campus and is also active in presenting concerts and educational events throughout the area. The orchestra is comprised of faculty, other area professional musicians, and outstanding School of Music students, with repertoire spanning all stylistic periods.

Michael C. Rockefeller Arts Center and Visiting Artists, Ensembles and Speakers
The Michael C. Rockefeller Arts Center, a magnificent performing and visual arts facility, includes the 1,200-seat King Concert Hall, the 400-seat Marvel Theatre, the Bartlett Theatre, and two art galleries.

Over 220 public events are presented each season for the benefit of campus and community audiences.

SUNY Fredonia has a rich cultural life, not only because of the many artistic events produced on campus, but also because of a full schedule of visiting artists and speakers, many brought to campus by the arts center.

Each season, the center presents the Someplace Special Pops Series, three evenings of musical relaxation and enjoyment. Guest ensembles on the series have included Dave Brubeck, the Smithsonian Jazz Masterworks Orchestra and the Boston Brass. Also appearing on this series has been the Western New York Chamber Orchestra with programs spotlighting students and vocalists from the School of Music and musical theatre program.

Student Music Activities
The following music activities provide opportunities for development of proficiency in performance and for personal enjoyment for the performer, the university, and the community. Many of the ensembles are auditioned and are used to fulfill the music ensemble requirement for Music majors. Performing opportunities are available to all students. For more information, students should contact the School of Music.

The Masterworks Chorus is a large choir comprised of members from the other select choirs on campus. This group performs masterpieces of choral literature, usually with the Western New York Chamber Orchestra.

The College Symphony Orchestra is open to all students by audition and offers complete instrumentation and a repertoire of major works of classical, romantic, and modern orchestral and operatic literature. Maintaining high standards of performance, it performs several times each year.

The College Chamber Orchestra is a more select ensemble comprised of principal players from the College Symphony Orchestra. Recent performances have been of Mozart's Symphony No. 25, Bach's Orchestral Suite No. 3, and Milhaud's La Creation du Monde, among other important works.

The Fredonia Wind Ensemble is the premier wind/percussion ensemble in the School of Music. This highly select ensemble consists of 45 of the most outstanding wind and percussion players at the university. It performs a wide variety of repertoire consisting of contemporary, historical, and standard wind works that range from chamber music to literature that utilizes the full ensemble. The Wind Ensemble concertizes extensively both on and off campus and is open to all students by audition, regardless of major.

The Fredonia Wind Symphony is a select ensemble that utilizes the full resources of the large wind/percussion ensemble to perform outstanding wind ensemble and concert band works from a wide variety of styles and music periods. The Wind Symphony is open to all students by audition, regardless of major.

The Fredonia Concert Band performs the finest in traditional and contemporary literature composed for the wind ensemble and concert band. The repertoire is drawn from a variety of genres and stylistic periods, with an emphasis on the standard band repertoire. The Concert Band is open to all students by audition, regardless of major.

The Fredonia All-College Band is a unique mixture of music majors, students from all academic disciplines, and community members. This combination creates a dynamic environment that provides an opportunity for the entire
Fredonia community to perform music at a high level, without the pressure of an auditioned ensemble. The All-College Band performs music from the traditional band and wind ensemble repertoire. The All-College Band is open to all students, regardless of major, and no audition is required for participation.

Jazz Ensemble opportunities are available through the School of Music and through the Fredonia Jazz Workshop, a student organization. There are several groups in existence, from big band to small combo, from high skilled touring groups to training ensembles dedicated to teaching improvisation, jazz rhythms and other basics. All jazz groups work together to foster a wider understanding of jazz through the exploration and performance of a variety of styles.

The Fredonia Chamber Singers, a group of 24 mixed voices selected by individual auditions for musical ability, flexibility, quality, and rhythmic sense, performs frequently both on and off campus. The chamber singers is a touring ensemble.

The College Choir, with approximately 60 selected mixed voices, studies and performs major choral works in addition to standard sacred and secular music. It has appeared with the Buffalo Philharmonic Orchestra and has performed at Philharmonic Hall, Lincoln Center in New York City, and with the Utica and Syracuse Symphony and Rochester Philharmonic orchestras. The College Choir is a touring ensemble.

The Women's Chorus studies and performs sacred and secular literature from all style periods. An audition is required.

The University Chorus is the largest choral ensemble on campus, ranging in size from 150 to over 200 singers in any given semester. Its membership comprises university faculty members and people from the community-at-large, as well as Music majors (vocal and instrumental) and students from other academic disciplines. The University Chorus rehearses and performs a wide variety of music each semester; recent performances include large choral ensembles, French chansons, American folk songs and spirituals, music for double chorus, and folk songs from other world cultures. No audition is required for membership.

Ensembles. The School of Music offers several ensembles for interested students:

**Flute Ensemble** - performs music composed or arranged for 12 flutes.

**Guitar Ensemble and Guitar Quartet** - ensemble of 12 guitar majors and quartet, both touring groups, perform transcriptions and original music. The quartet is a select ensemble.

**Percussion Ensemble** - performs mainly contemporary works.

**African Drumming Ensemble** - performs African music with particular emphasis on the music of Ghana. Practical instruction in traditional instrumental techniques. Admittance to the ensemble is by permission of instructor.

**Piano Ensemble** - systematic study in piano sight reading and accompanying.

**Saxophone Ensemble** - performs original and transcribed works.

**Small Ensembles** - perform basically chamber ensemble literature and include woodwind, string and brass trios, quartets and quintets, and clarinet and trombone choirs.

**The Opera Theatre Workshop** provides a workshop situation for students to deal with repertoire that has limited production requirements. The wide range of possible experiences provided includes performing, conducting, directing, design and management.

**The Music Educators National Conference, Student Chapter 151 at the SUNY Fredonia, is affiliated with the New York State School Music Association. The activities of the chapter encourage professional interests and ideals.**

**The Music Therapy Club** is affiliated with the Mid-Atlantic Region and National chapters of the National Association for Music Therapy. Activities of the club encourage the professional interests and growth of the students entering the field of music therapy.

**Student Theatre Activities**

**Walter Gloor Mainstage Productions.** Five major theatrical productions are presented each year. These efforts of the Department of Theatre and Dance have become known for their excellence in all aspects of production, from outstanding acting, singing and dancing to magnificent scenery, lighting and costumes. Auditions and production work are open to all students, regardless of major.

**HONORS**

**Maytum Lecture**

The Maytum Lecture each year presents a major scholar of national reputation to the campus community. Students, faculty, staff, and community guests gather in King Concert Hall for an address on a major subject by a prominent figure such as anthropologist Richard Leakey, author Maya Angelou, musician Sarah Caldwell, biologists James Watson and Ruth Hubbard, philosopher Robert Nozick and historian Christopher Lasch. A panel discussion on a related topic follows in the afternoon.

**Honors Program**

Within the framework of the general education program, SUNY Fredonia has a freshman/sophomore Honors Program open to well-prepared students who enjoy intellectual challenges and are excited by ideas. The program consists of a series of four seminars on topics that change from semester to semester. Seminar topics have included “Politics and the Novel,” “The Dilemmas of Institutionalized Evil,” and “Yuck...Chemicals!” Students take one seminar each semester, and the four seminars replace four general education courses. Questions pertaining to the Honors Program may be directed to Theodore Steinberg, director, at 275 Fenton Hall, or at (716) 673-3529.
In addition to participating in the seminars and working closely with faculty members distinguished both for scholarship and teaching ability, honors students plan a number of extra-curricular activities and meet regularly to discuss the program in relation to their own developing perceptions of themselves, their values, and their future lives.

Opportunities in Honors are also available for students at the junior and senior levels in the form of departmental honors in a number of programs and the Honors Thesis.

Students who complete the program graduate with Honors in Liberal Education.

Application to the Honors Program is separate from application to the university. While most Honors Program applicants are high school seniors, qualified juniors who are considering early entry to the university are encouraged to inquire about the Honors Program.

Graduation With Honors
Students whose cumulative quality point average indicates high scholastic attainment will be awarded their degree as follows:

1. Summa Cum Laude - Quality Point Average 3.7 or higher.
2. Magna Cum Laude - Quality Point Average between 3.50 and 3.69.
3. Cum Laude - Quality Point Average between 3.30 and 3.49.

Students may graduate with honors only when they have completed at least 45 hours of graded work at SUNY Fredonia. Graded work includes all courses that carry quality points and excludes courses that are graded “satisfactory-unsatisfactory” or “pass-fail.” Only those credits earned at SUNY Fredonia will be computed in the final average.

Dean’s List
About one month after the end of each semester, the university announces the names of students who are recorded on the Dean’s List. The list includes all students who have earned a quality point average of 3.30 or higher for that semester with a course load of at least 12 credit hours. Courses with P or S grades are not included in the 12 hours.

Lanford Prize
The Lanford Presidential Prize is presented at Commencement to a member of the graduating class who has demonstrated balanced achievement. The recipient is selected by nomination from among those students whose accomplishments exemplify the university’s ideals. Criteria for selection include a high degree of personal honesty and integrity, substantial intellectual growth and achievement during university years, a minimum grade point average of 3.0, and exemplary service to SUNY Fredonia, including active participation in more than one area of university life. The award is named for President Emeritus Oscar Lanford.

Other Academic Honors
SUNY Fredonia has many honor societies, some for students majoring in particular fields, and some for students at large (see below for a current list). In addition, students in the School of Music may qualify for a large number of awards and may be chosen to offer honors recitals. Students in chemistry may choose to conduct honors research projects. Students in art may qualify to present honors exhibitions of their work. Prizes and honors for outstanding work are also offered to students in English, history, psychology, and the natural sciences. In addition, a good number of scholarships and partial scholarships are available to high-achieving students. (See list on page 180.)

Societies
Alma Mater Society. An honorary organization of students selected annually by the student body at Fredonia. The society was established in 1966 by the Student Association for the purpose of recognizing those students, faculty and staff who have exhibited outstanding qualities of character and leadership in support of the student body and the campus community as a whole during their university years.

Alpha Epsilon Rho (AERho). The National Broadcasting Society. An honors organization comprised of student and professional broadcasters whose primary goal is to bridge the gap between the academic and professional worlds of broadcasting in order to better prepare students to enter the broadcasting industry. Student national members must have a GPA of 3.0 in communication courses. Local membership requires a 2.5 GPA in communication courses.

Alpha Kappa Delta. Sociology majors and minors who maintain a minimum 3.0 grade point average in their major or minor and overall are eligible for induction into Alpha Kappa Delta, the International Sociology Honorary Society.

Alpha Psi Omega. A national dramatic society for students in theatre arts at the junior or senior level who have attained an overall grade point average of 3.25 in their major and who contribute significantly to the theatre program.

Beta Beta Beta. An honor society recognizing superior scholarship and research in the biological sciences. The Upsilon Chi chapter of Beta Beta Beta was installed at Fredonia in 1966.

Chi Alpha Epsilon. A national honor society recognizing continued academic achievement of students admitted to colleges and universities through non-traditional criteria, developmental or Higher Education Opportunity type programs. Students must be full-time and have a 3.0 GPA for two consecutive semesters. The Alpha Mu chapter was established at SUNY Fredonia in September 1999.

Delta Mu Delta. A national honor society in business administration.

Financial Management Association National Honor Society. Established in 1976, the membership is composed of outstanding students in the field of business finance.

Golden Key International Honour Society. A national honor society recognizing superior academic achievement and excellence among students from all academic disciplines. Open to juniors and seniors in the top 15 percent of their
class. Golden Key has nearly 350 chapters at colleges and universities in six countries and the U.S.

**Kappa Delta Pi.** A national educational honorary society. The local chapter is *Zeta Upsilon*. Membership is by invitation.

**Omicron Delta Epsilon.** A national academic honor society granting recognition in the field of economics. *Tau* chapter was installed at Fredonia in 1971.

**Phi Alpha Theta.** An international honor society in history whose membership is composed of students and professors and whose purpose is to recognize, through its membership, excellence in the study of history. Membership is open to any student who has completed 12 or more credit hours of history and who has achieved prescribed standards of academic proficiency.

**Phi Mu Alpha Sinfonia.** *Rho Chi* chapter of Phi Mu Alpha Sinfonia Fraternity of America was installed at Fredonia in May 1966. As a national professional music fraternity for men, Sinfonia endeavors to advance the cause of music in America and to foster the mutual welfare and brotherhood of students of music.

**Pi Delta Phi.** A national French honor society whose local chapter, *Epsilon Rho*, was installed in May 1968. The society recognizes outstanding scholarship in French and strives to stimulate cultural activities that will lead to deeper appreciation of France and its people. Members are nominated in recognition of academic achievement.

**Pi Kappa Lambda.** A national music honor society, first organized in 1918. The society’s primary objective is “the recognition and encouragement of the highest level of musical achievement and academic scholarship.” Initiates are elected by the society’s membership on the basis of this objective. Fredonia’s chapter of Pi Kappa Lambda is *Delta Omega*.

**Pi Mu Epsilon.** A national honorary society for the promotion of scholarly activity in mathematics among students in academic institutions. Members are elected on an honorary basis according to their proficiency in mathematics.

**Pi Sigma Alpha.** The political science department is a member of Pi Sigma Alpha, the national political honor society. Outstanding undergraduates majoring in political science are admitted to membership.

**Psi Chi.** A national honor society recognizing academic achievement of students with majors or minors in psychology. The purpose is to advance the science of psychology and to encourage scholarship among members.

**Sigma Alpha Iota.** Incorporated as a woman’s international music fraternity whose purposes are to foster interest in music and to promote social contact among persons sharing a general interest in that art form. *Delta Lambda* chapter was installed at Fredonia in 1964.

**Sigma Delta Pi.** National Spanish honor society whose local chapter, *Eta Alpha*, was installed in May 1968. The society promotes the understanding and appreciation of Hispanic culture. Members are selected from advanced students who exhibit outstanding ability and interest in Spanish studies.

**Sigma Xi.** National organization for the promotion of scientific research. It has an active club at Fredonia with membership open to both faculty and students who have done publishable work.
UNDERGRADUATE ADMISSIONS
www.fredonia.edu/fredweb/admission.asp

Submitting the Application
The State University of New York at Fredonia participates in the common SUNY application procedure. If you are a resident of New York State you may obtain a copy of the common application form from any high school guidance office or SUNY campus. As a transfer student or out-of-state resident, please contact the Office of Admissions, Fenner House, State University of New York at Fredonia, Fredonia, NY, 14063 to make your request for an application. You may apply online at www.fredonia.edu/admissions/applying.html

Mail your completed application to the Application Services Center in Albany in the envelope included with the application packet. (Freshman applicants turn applications in at the guidance office.) APC processes your application and forwards it to Fredonia for review. Processing time in Albany is no more than 48 hours from the date received. Upon arrival at Fredonia we acknowledge your application and send you Part II. Return this information to us as quickly as possible as this part of the application provides more individualized information about you. Your request for admission will be reviewed individually by our Admissions Committee. While there is no stated application deadline, we recommend that you submit your request for admission as soon as possible, as there are a limited number of openings in some academic programs. Consider November 1 for the spring semester and March 1 for the fall semester as recommended deadlines.

The Campus Visit
A campus visit is extremely important. It is your opportunity to learn more about the university from those directly involved in the educational process at Fredonia.

You are invited to visit the campus to discuss your application with an admissions counselor, meet with a faculty member in your chosen field of study, and tour the facilities. We offer small group information sessions and campus tours weekdays while classes are in session. There are a number of special visitation programs throughout the academic year, including holiday open house programs on Columbus Day, Veterans Day and Presidents Day. Saturday visits are available to meet the needs of prospective students who are unable to visit the campus when classes are in session. You may visit during the summer as well. Request information about specific dates and times for arranging an appointment by writing the Office of Admissions, calling (716) 673-3251, dialing toll-free at (800) 252-1212, accessing our web site at www.fredonia.edu/admissions/visiting.html, or e-mail admissions.office@fredonia.edu.

We schedule an open house for accepted students during the spring semester. At this program, members of the university faculty, administration, and student body discuss our curricular options, financial aid, social and cultural activities, the residence halls, and student support services.

The campus is situated in the village of Fredonia at Exit 59 of the New York State Thruway (Interstate 90), 40 miles from Buffalo, N.Y. The Southern Tier Expressway (Rt. 17/86) provides an alternate route to the campus. Use the Greater Buffalo International Airport if you are traveling by air. Several buses operate daily between Buffalo and Fredonia. Amtrak provides rail service to the area. Check with your local travel agent to determine the best connections for you.

The Decision Process
We offer you the opportunity to declare your major program of study when you enroll at Fredonia. Approximately three-quarters of all new freshmen select a specific academic major, although the decision to choose your program of study is optional. You must select a major by the end of your sophomore year. Since some programs are highly specialized and require careful academic planning, you may wish to discuss declaring your major with an admissions counselor. Transfer students who have accumulated 45 credit hours must declare a specific major. You will be notified by mail of an official decision after the Office of Admissions receives all required credentials. All acceptances are conditional upon receipt of a high school or college transcript indicating successful completion of courses in progress, submission of your medical history, and evidence of appropriate immunization. You must submit an advance deposit to reserve your place in the entering class.

Advance deposits secure a place in the class and room in a residence hall for a specific semester and are not transferable to another semester. Requests for refunds must be made in writing to the Director of Admissions prior to May 1 (for fall enrollment) and November 1 (for spring enrollment), or 30 days after acceptance, whichever is later.

Early Decision: The Early Decision option provides you with an opportunity to identify Fredonia as your university of choice. This admissions program permits you to tell us of your interest in pursuing your studies here. Universities participating in an early decision program anticipate that those candidates who are accepted through Early Decision will submit an admission deposit and withdraw all other university applications. Early Decision allows you to finalize your university plans early in your senior year of high school. To be eligible ASC must receive your application and all supporting credentials by November 1. By December 15 we notify all early decision applicants and begin to review all other requests for admission.

Freshman Admission: The Admissions Committee considers a variety of criteria when reviewing applications, evaluating quality of academic preparation including depth and breadth of course work, academic achievement, and the results of your SAT or ACT. Our university is committed to a liberal education for all undergraduates, and preference is given to those applicants who present strong academic programs in English, social studies, mathematics, science and foreign languages. We ask that you send us the results of your SAT or ACT for review. Admission to college is a matter of meeting the competition among applicants, and a comprehensive, challenging university preparatory program combined with good achievement will help ensure that your application is competitive. The Admissions Committee also reviews supporting credentials including special talents, activities, individual accomplishments, and recommendations, which you may choose to submit.
Appropriate faculty evaluates the results of a required audition if you seek admission into our music or B.F.A. theatre programs. As an applicant to our Department of Visual Arts and New Media you must present a portfolio (or slides) for review.

Fredonia in 4

Graduation rates of our entering freshmen are among the highest in the nation. To ensure that our success continues, we have implemented Fredonia in 4, a program for first-time freshmen which stipulates that the university pledges to adhere to a commonly understood agreement to provide the necessary courses and academic advising which will guarantee that you finish your degree program in four years (with the exception of Music Therapy which will require a clinical internship of at least an additional six months).

Transfer Admission: SUNY Fredonia considers all requests for admission from transfer students in good standing at both two- and four-year colleges and universities, including SUNY and non-SUNY institutions. The admission review process focuses upon an evaluation of academic achievement, program of study, and the major program of study that you request. There are special audition requirements for music and B.F.A. theatre programs, as well as portfolio requirements for the Department of Visual Arts and New Media. Admission to our certification programs in teacher education requires at least a 2.75 grade point average to be eligible for consideration.

We require an official transcript from each college you previously attended, and a high school transcript and SAT or ACT results if you have completed less than 30 credit hours when you apply.

You may transfer up to 75 hours of college credit from your previous college(s). Your academic department chairperson or designee determines the distribution of specific courses in fulfillment of departmental requirements in your chosen field of study and provides information about which courses you will need to complete degree requirements in a timely manner. Our university consistently attains one of the highest graduation rates of transfer students in the SUNY system. An official review of transfer credit occurs when we receive your final transcript showing all course work completed. It is most helpful if this information arrives prior to our summer orientation and advising program for transfer students in June.

Fredonia awards transfer credit for academic courses successfully completed at a fully accredited college or university, reserving the right to determine what constitutes academic credit. Your grade point average does not transfer; only credit hours are awarded. You must fulfill all university and departmental requirements for the baccalaureate degree, including a residency requirement of 45 semester hours of credit at Fredonia. Visit our course equivalencies website at http://banweb1.banner.fredonia.edu/student/transart.asp for detailed information on the transferability of specific classes. As a prospective transfer student we encourage you to visit the university to discuss transfer credit and graduation requirements with a departmental academic advisor or our admissions transfer counselor.

SUNY Two-Year Transfer Applicants

SUNY Fredonia is committed to providing an opportunity for further study to SUNY two-year college graduates. We have established articulation agreements and joint admissions programs with many two-year schools. For further information, contact our Office of Admissions.

If you are admitted to Fredonia and complete an Associate in Arts and Associate in Science degree prior to transfer you will enter Fredonia with a minimum of 60 semester hours of transfer credit and junior standing.

Special Admissions Programs

Full Opportunity Program: Through the Full Opportunity Program an effort is made to identify and recruit students from underrepresented groups, students with special talents in the fine and performing arts and athletics, those who have participated extensively in school and community affairs, or have strong personal recommendations. The Full Opportunity Program provides you with a chance to enhance your academic credentials with a description of your individual talents and accomplishments.

Acceptance into the program provides you with access to support services designed to help you make a successful transition from high school to college, and to help guide you toward successful completion of your academic and career goals.

If you wish to identify yourself as a special talent applicant you should include a personal statement and resume as well as three letters of recommendation to supplement Part II of our application.

Students accepted through the Full Opportunity Program are guided through their first year at Fredonia, beginning with academic advising that takes place during Summer Orientation. In cooperation with the student’s academic advisor, the Full Opportunity Program Director has the responsibility for designing programming to meet the academic needs of the students in the program. Some of the services offered include: mentoring programs, free assigned tutoring, workshops by faculty members, electronic newsletters, and assistance with course selection.

Educational Development Program: Applicants who demonstrate potential for completing a degree program, meet financial and academic guidelines and have historically experienced educational and economic disadvantages may seek admission through the Educational Opportunity Program (called the Educational Development Program at Fredonia). To be eligible for consideration you must be a New York State resident and have earned a high school diploma or its equivalent.

To be considered “financially eligible,” you must meet the economic criteria established by the New York State Education Department. Check the current SUNY Application Guidebook for the updated economic criteria listed under Educational Opportunity Programs in the booklet.

You are required to submit appropriate financial aid applications and verification of family income to supplement your request for admission as an EDP student. We may request additional information from you, as needed. A
SUNY EOP Information form mailed to you from APC must be filed as part of the application process.

You do not need to prove that you meet the economic guidelines if you can show that:

a. Your family receives payment through the New York State County Department of Social Services;

b. You live with foster parents who do not provide support for college, and your natural parents provide no financial support to you, or;

c. You are a ward of the state or county.

To be considered “educationally eligible” means you do not meet the usual Fredonia admissions standards. However, you must demonstrate academic potential, proper motivation, and a strong desire for a college education. You apply for our EDP program by checking “yes” when answering the EOP question on the SUNY application.

Transfer applicants receive consideration if they have previously been enrolled in a similar EOP/HEOP/College Discovery/SEEK program.

If you attended a college that does not have a EOP-type program, then we attempt to determine whether you would have been deemed eligible for EOP at the time of your acceptance to the other college.

For more information about the Educational Development Program support services, please refer to page 162 of this catalog.

Joint Admission: SUNY Fredonia has implemented joint admission agreements with several two-year colleges, both public and private. Joint admission program students request admission to Fredonia by applying to the admissions office at the two-year college and completing requirements for the associate degree.

You must meet all requirements as stated in our university catalog and the joint admission agreements in order to continue with your studies at Fredonia. You may obtain information from our transfer counselor in the Office of Admissions at Fredonia or the two-year college.

Time-Shortened Degree Program. Students enrolling at Fredonia may select from a variety of individually determined and contracted time-shortened degree options. Because some academic programs at the university are incompatible with the time-shortened degree, counseling from an academic or admissions counselor is advisable.

The following options are available:

1. Early Admission. Accelerated high school juniors who wish to enroll as university freshmen without a high school diploma, may apply for early admission. We expect applicants to have completed four units of study in college preparatory mathematics and sciences and a sequence in foreign languages with above-average academic achievement and SAT or ACT scores. Your high school counselor must submit a recommendation in support of your request for early admission. Since Fredonia does not award you a high school diploma you must make arrangements to receive high school credit for your college course work in lieu of the courses you would have taken in your senior year.

2. 3-1-3 Program. Local area high school juniors interested in beginning college during the senior year of high school may wish to explore this opportunity. 3-1-3 stands for three years of high school, one year cooperatively taught by an area high school and SUNY Fredonia, and three years at the university. As a 3-1-3 applicant you must present above-average test results on the PSAT, SAT or ACT, and a B high school average.

A counselor recommendation is required. Submit the SUNY application available in your guidance office and select curriculum code 0199. A conference with you and your high school counselor will develop your joint college and high school class schedule. For more information, see page 159.

Advanced Standing Credit

Credit by Examination. The university welcomes the opportunity to allow you to complete graduation requirements at an accelerated rate by submitting the results of proficiency examinations for credit evaluation. The following website includes all credit by examination that we accept: http://www.fredonia.edu/admissions/advance_credit.html.

Advanced Placement. Submit the results of your Advanced Placement Examinations to the Office of Admissions. If you achieve a score of three, four, or five you will receive placement and/or credit. These examinations fulfill requirements in the College Core Curriculum Program (liberal arts core courses).

College-Level Examination Program. CLEP General Examinations substitute for some of the College Core Curriculum requirements. Subject Examinations substitute for specific course requirements. To determine which examinations are acceptable for credit, check with the Office of Admissions before scheduling one of the tests. We accept most, but not all, examinations for credit toward graduation. You must score at the fiftieth percentile in order to receive credit.

College Course Work. A number of freshman applicants seek transfer credit for college courses successfully completed while enrolled in high school. Submit an official transcript from the college awarding credit indicating that you have successfully completed course work. While credit hours may be awarded toward graduation, your grades do not transfer to Fredonia as part of your Fredonia grade point average.

Military Service Experience. Credit for military service experience and education is evaluated on an individual basis according to the guidelines established by the American Council on Education. Forward official transcripts and DD214s to the Office of Admissions for evaluation.

International Baccalaureate Exams. College credit will be given for Higher Level (HL) exam scores of five or higher. In addition, some departments may offer university credit for an HL exam score of four.

International Students

SUNY Fredonia welcomes applications for admission from international students. We provide assistance in matters of orientation, housing, personal concerns, and immigration. American students, the faculty, and the Fredonia village community take special interest in students from other
countries, whose contribution to campus life is recognized and valued.

As an international student you must initiate your application well in advance of your intended first semester at Fredonia. Request your application by writing to the Office of International Education. If your native language is not English you must submit the results of the Test of English as a Foreign Language (TOEFL). All your academic records should be accompanied by certified translations if they are presented in a language other than English. Include brief course descriptions of subjects successfully completed (and an explanation of the grading system) with your credentials. We require certified verification of sufficient financial resources as part of the application process. You can get more information by e-mailing the director at Mary.Sasso@fredonia.edu.

Readmission/Reinstatement

Students who have withdrawn from the university and wish to return may obtain an application for readmission/reinstatement from the Office of Admissions or the Office of Student Affairs. Requests are reviewed by the appropriate Dean (readmission) or the Vice President for Student Affairs (reinstatement). Students who withdrew in good standing are generally eligible for reinstatement if space is available in the requested major. Individuals who were required to withdraw for academic reasons are not eligible for consideration until at least one academic semester has elapsed, and should present evidence of successful achievement at another college. The Dean’s office evaluates current academic achievement, potential for academic success, and work experience when reviewing applications for readmission.

Students with a cumulative quality point average of less than 2.00 who have been readmitted to the university may return with their original cumulative academic record or with a readmission petition.

Under the readmission petition, a new quality point average is established from the time of readmission to graduation. The total academic record achieved from the time of initial enrollment at SUNY Fredonia will be entered on the transcript, but no credit will be awarded for “D” grades earned prior to readmission. The cumulative quality point average will reflect only the average since readmission, and a minimum of 45 additional credit hours of graded work must be completed at SUNY Fredonia prior to graduation and after readmission.

EXPENSES

This section presents an estimate of the cost of attending SUNY Fredonia for one year. University charges (tuition, fees, room rent, board) are paid on a semester basis, at one-half of the rates listed below. The semester charges must be paid on or before the registration date for each semester. Students will receive up-to-date information concerning charges and payment procedures several weeks prior to the registration date.

All charges are subject to change.

Estimated expenses per year for a full-time (12 or more credit hours) undergraduate:

**Annual University Charges Applicable to All Students**

- **Tuition**
  - In-State ...................................... $4,350
  - Out-of-State ................................ $10,610
- **College Fee** .................................. $25
- **Student Services and Programs Charge** ....... $1,016

**Additional Charges for Residents in University Residence Halls**

New students who have paid a $50 Advance Admission Deposit will have this amount deducted from the tuition charge for their initial semester at SUNY Fredonia.

**Part-Time Study**

- **In-State Tuition** ........... $181 per credit hr.
- **Out-of-State Tuition** ...... $442 per credit hr.
- **College Fee** ............... $.85 per credit hr.
- **Student Services & Programs Charge** $42.30 per credit hr.

* State University policy requires that a student be a resident of New York State for one year prior to registration in order to qualify for in-state resident tuition charges. Contact the Office of Student Accounts for complete information governing residency requirements.

All rates and fees are subject to change. See the Student Accounts web page for the current university charges at www.fredonia.edu/admin/studentaccounts/

Full-time rates do not apply for summer or J-Term semesters; tuition is calculated at the part-time per credit hour rate.

**College Fee**

This is a uniform, mandatory charge for all students, established by the State University.
Student Services and Program Charge

The Student Services and Program Charge combines all university fees for student services, programs and activities in one composite amount for all students. As a result, there are no general university fees; there are no additional mandatory fees once a student arrives on campus (although some departments may assess individual departmental fees). The Student Services and Program Charge includes support for the following programs and activities:

- Advanced Technologies for Classroom Use
- AIGA/Art Forum
- Alumni Affairs
- Bicycle Use on Fredonia Campus
- Birth Control Information Center
- Campus Community Bus
- Campus Internet Access
- Campus Microcomputer Labs
- Campus Fine Arts
- Central Ticket Office
- Counseling Center
- Coupons for Discounts at Area Merchants
- Cross Country Skis at College Lodge
- Family Weekend Events
- Fredonia College Jazz Workshop
- Fredonia Radio Systems
- Intercollegiate Athletic Sports Program
- Intramural and Recreational Program
- Legal Services
- Homecoming Weekend Events
- Microcomputer Support
- On-Campus Student Employment
- On-site Medical Care
- Health Education Programs
- Medical Laboratory Work
- Prescription Medications
- Wellness Checkup
- Orientation Program
- Parking Services
- Parking Shuttle Service
- Student Government
- Student Organizations and Clubs
- Student Scholarships
- The Leader (university newspaper)
- University Special Events
- University Transcripts
- Upper Class Buddy Program
- Van Service to Hospital/Clinic
- WNYF-TV

Student Group Health Insurance

All students are advised to obtain the Student Health Insurance offered by the university unless covered by comparable insurance. The health insurance covers a major portion of hospitalization costs not provided under the student health program. International students must consult with the Office of International Education for more information regarding specific insurance needs.

Room Rent

The standard rate when two persons are assigned to a room is $2,175 per semester. If a single room is requested and if one is available, the cost is $3,200 per semester. Apartments, where available, are $2,525 per semester. Inquiries as to charges and accommodations should be addressed to the Office of Residence Life, Gregory Hall. (Figures reflect 2005-06 rates.)

Students who have paid the $50 Advance Room Deposit will have this amount deducted from their room rental charge upon payment of charges.

The rates indicated above are subject to change on a yearly basis. Please contact the Office of Residence Life for current charges.

Board (Food Service)

University policy requires all on-campus residents to select from a variety of full board plans if they are residing in non-apartment style residence halls. Seniors, and residents of Disney and Eisenhower apartments and selected dorms are not required to maintain a meal plan, however, they may choose any plan.

FSA offers both declining balance (points) and traditional meal plans to suit the needs of each student. The costs for meal plans are estimated per semester and are subject to change. Costs begin at $1,260 for resident students required to participate in a meal plan. Special meal plans are available for commuter students.

Unused points from the fall semester may be rolled over to the spring semester adhering to the university policy. However, students must select a meal plan for the spring semester in order to receive the rollover. No refund of unused points will be given if the student does not return for the spring semester. Unused points do not roll over to the following fall semester.

Specific information concerning pricing and descriptions of each plan may be obtained by contacting the FSA office in Gregory Hall or calling (716) 673-3417, Ext. 228, or see the FSA web page at http://fsa.fredonia.edu.

Miscellaneous Fees, Fines or Deposits

All of the major university expenses have been outlined. However, individual courses may require payment of a lab fee that will be reflected on the student’s semester bill. Please consult the Course Offerings Bulletin for specific courses and charges. Students majoring in Music Education, Music Applied Studies, Theory of Music, Performance, Music Composition, Sound Recording Technology, Music Therapy, Music History/Literature and Musical Theatre (B.F.A.) are assessed a $200 Music Fee each semester.

In addition, the State University authorizes charges for such items as returned checks ($20), late registration ($40), orientation ($65), late payment ($30), and drop/add fees ($20). Fines are authorized for parking violations, the late return or loss of library materials, and failure to return physical education or infirmary equipment. All fees are subject to change.
State University Refund Policies

The Advance Admission Deposit of $50 is refundable until April 30 (November 1 for spring enrollment) or 30 days after the day of acceptance, whichever is later. After this it may not be refunded except in case of withdrawal for reasons beyond the control of the student and with approval of the University President or his/her designee.

The Advance Room Deposit of $50 is refundable until July 1 (December 1 for spring enrollment). Refunds may not be made after this date except in cases of withdrawal for reasons beyond the control of the student and with approval of the University President or his/her designee.

Tuition. A student withdrawing from the university or individual courses during the semester is eligible for the following tuition refunds:

100% for withdrawal during the first week of classes
70% for withdrawal during the second week of classes
50% for withdrawal during the third week of classes
30% for withdrawal during the fourth week of classes
0% for withdrawal beyond the fourth week of classes

A full refund of tuition may be granted if a student must withdraw for reasons beyond his/her control with the approval of the University President or his/her designee.

The College Fee is not refundable after registration.

Refunds for the Student Services and Programs Charge are granted based on the week of withdrawal following the same schedule listed above for tuition.

Residence Hall Room Rental. Once a student has registered for and occupied a room in a university-operated residence, no refund may be made except in cases of withdrawal beyond the control of the student and with approval of the University President or his/her designee. Rooms are contracted for the entire academic year and cannot be canceled during this period as long as the student is registered. There is a fee of $350 for approved termination of the housing license. Food Service is refundable on a pro-rated basis, less a small service charge, only upon withdrawal from the university.

Refund/Repayment of Financial Aid Due to Discontinuance of Study

This policy is utilized when a student has received Title IV federal funds (such as: Subsidized/Unsubsidized Stafford loans, Perkins Loan, PLUS Loan, PELL grant, SEOG grant) and discontinues study prior to the completion of the semester for which the Title IV funds were disbursed.

A student’s charges will be reduced based on the SUNY policy stated above. The purpose of the repayment calculation is to determine the amount of Title IV federal aid the student is eligible for and insure that the student has not been over awarded federal financial aid due to the student’s withdrawal. The initial step in the calculation is to identify all of the Title IV federal aid that the student is eligible for in the semester that the student withdrew. If a student is subject to the 30-day delayed disbursement, as a first time borrower, and withdraws during the first 30 days, the student is not eligible for the Stafford Loan, and it will not be included in the calculation.

The next step is to determine the number of days the student was enrolled for the semester and divide that by the total number of days in the semester to calculate the percentage of Title IV federal aid earned by the student. If this percentage is greater than 60 percent, the student is eligible for 100 percent of their Title IV federal funds. However, if the percentage of Title IV federal aid earned is less than or equal to 60 percent, the percentage is then multiplied by the amount of Title IV federal aid the student has been awarded for the semester. This determines the amount of Title IV federal aid that the student is eligible for and can be applied toward their charges for the semester they withdrew.

A comparison is done between the amount of Title IV aid that the student is eligible for and the amount that has already been disbursed onto the account. If the disbursed amount is less than the eligible amount, any additional funds up to the eligible amount may be disbursed to the student’s account and then to the student if any excess funds are available. If loan proceeds are to be utilized as a late disbursement, the student (or parent for a PLUS Loan) will be notified.

If the disbursed amount is greater than the eligible amount, the student has been over awarded due to their discontinuance of study. When a student has been over awarded, the amount of earned aid is subtracted from the amount of disbursed aid to determine the amount that the student is not eligible for. Any Title IV federal aid that the student is not eligible for must be returned to the appropriate federal program. Title IV federal aid is returned in the following order: Unsubsidized Stafford Loan, Subsidized Stafford Loan, Perkins Loan, PLUS Loan, PELL grant, Federal SEOG grant, and other Title IV program aid excluding Federal Work-Study.

For additional information regarding the repayment of Title IV federal aid, please contact the Student Accounts Office.

BILLING PROCEDURES AND PAYMENT REQUIREMENTS

Billing Procedures

Students who have course selected prior to the start of a semester will receive a bill from the university approximately five weeks prior to the start of the semester. A student must send in the required payment prior to the billing due date. Failure to make payment will result in the assessment of a late payment fee. It is the responsibility of the student to notify the Student Affairs Office if they are not returning so that the charges may be removed and courses may be dropped.

Students are billed for each semester individually. The university bill lists the following mandatory charges: Tuition, College Fee, and Student Services and Programs Charge. Charges for Residence Hall Room Rental, Food Service, Orientation, Course and Music fees may also be included on the bill. A deduction from the total billed amount is made for the Advance Admission Deposit ($50) and Advance Housing Deposit ($50) when applicable. Deferments are granted only for authorized deferrable financial aid.
Deferment Policy

Deferment of university charges is not permitted except for approved, deferrable financial aid. Estimated financial aid awards may not be used as deferments. Financial aid awards that may be used as deferments against university charges include:

- Tuition Assistance Program (TAP Awards)
- Stafford Student Loans
- Veterans’ benefits
- PELL Awards
- Supplemental Education Opportunity Grants (SEOG)
- Perkins Loan
- Aid for Part-Time Study (APTS)
- Private Scholarships (only when they are payable directly to the university)
- Academic Management Services (AMS)
- Parent Loans
- Alternative Student Loans

Work-Study Awards and personal loans are not deferrable against university charges.

Payment Requirements and Distribution of Financial Aid

Full payment, less approved deferrable financial aid and pre-payments, must be made by the due date. Cash, personal checks, money orders, VISA and MasterCard are all acceptable forms of payment.

Students attending In-Person Registration will have a bill mailed to their home and local address at or near the end of the first week of classes. The due date for payment will be approximately two weeks later. A late payment fee of $30 will be added to an account outstanding as of the close of business on the due date.

The majority of financial aid is distributed during the third and fourth week of classes. Tuition Assistance Program (TAP) funds are not distributed until after mid-semester. Students who file for their financial aid late will receive their aid later in the semester.

All financial aid received by the university is applied to student accounts on a first received, first applied basis after allowing for a pending Tuition Assistance Program (TAP) Award. Excess financial aid is generally returned to students within two business days. Checks that are not picked up in the Office of Student Accounts are mailed to home addresses.

Failure to Pay University Charges

Due to changes in a student’s registration status, residence hall occupancy, food service selection or a reduction in financial aid, the Office of Student Accounts will bill students monthly throughout the semester. Students who fail to make timely payments will be assessed a $30 late payment fee each time their account is billed.

A student who fails to pay any university related charges (this includes tuition, fees, library and parking fines and expenses for equipment and supplies) prior to the end of the current semester will be placed on “hold.” A student on “hold” will not: receive his/her diploma at graduation, be permitted to register for additional semesters at SUNY Fredonia or receive a copy of his/her university transcript.

A student who fails to make payment to the university at the end of the semester will be referred for further collection efforts to the New York State Attorney General’s Office in Albany or to a collection agency contracted by the university. Accounts transferred to these agencies will be subject to additional charges for interest and collection costs of up to 22 percent.

SCHOLARSHIP OPPORTUNITIES

Newly Accepted Students

SUNY Fredonia awards merit-based scholarships to academically qualified students who have been accepted to the university. Scholarship applications are sent to all accepted students. Competition is keen, and students are encouraged to apply early for scholarships that match their achievement levels.

Awards are made on a rolling basis beginning Feb. 15. Applications are closed when all scholarships are awarded.

Scholarships awarded and minimum criteria for consideration:

**Foundation Freshman Award:**
- $3,000 one-time award
- 91 high school average (unweighted)
- SAT 1250 or ACT 28

**Fredonia Achievement Award:**
- $1,000 one-time award
- 89 high school average (unweighted)
- SAT 1120 or ACT 25
- 3.0 GPA for transfer students
- MUST live in university residence hall
- available to freshman and transfer students
- involvement in varied extracurricular activities

**Fredonia Award for Excellence:**
- $2,500 renewable award
- 92 high school average (unweighted)
- SAT 1250 or ACT 28
- MUST live in university residence hall
- must achieve minimum 3.25 GPA to retain award

**Scholar Incentive Award for Out-of-State Students:**
- $5,000 renewable award
- 90 high school average (unweighted)
- SAT 1250 or ACT 28
- MUST live in university residence hall
- must achieve minimum 3.25 GPA to retain award
- non-New York State Resident
New York State Empire Minority Honors Award:
- $1,000 renewable award
- offered to students from an under-represented group
- minimum 87 high school average (unweighted) to be considered
- 2.75 GPA required to retain award

Keeper of the Dream Scholarship (four awards):
- $3,000 to $3,500 renewable award
- involvement in multicultural activities, leadership, community service
- top 10 percent of graduating class or
- 87 high school average (unweighted) or
- 1100 SAT or 25 ACT
- commitment to pluralism
- MUST live in university residence hall
- separate application and essay required
  For application, contact the Office of Multicultural Affairs at (716) 673-3398

Alumni Legacy Award (10 awards):
- $3,500 renewable award
- 90 high school average (unweighted)
- 1200 SAT or 27 ACT
- must be a child or grandchild of a SUNY Fredonia graduate
- non-New York State resident
- MUST live in university residence hall
- must achieve minimum 3.25 GPA to retain award

Transfer Award
In the spring of each year, scholarships are awarded to transfer students who have demonstrated outstanding academic achievement and who have earned an associate degree from a SUNY two-year college. There is no application, students are evaluated by their college transcript and notified in late spring.

Enrolled Students
In February of each year, students with a minimum 3.50 cumulative grade point average are automatically invited to apply for scholarships. The awards range from $100 to $1,500 and are based on academic achievement.

Alumni Scholarships
The Fredonia Alumni Association awards scholarships yearly to students who are children and grandchildren of Fredonia alumni. Interested persons should contact the Alumni Affairs office at (716) 673-3553 for more information.

For information on scholarships open to all majors, contact the University Scholarship Committee, Office of Student Affairs, sixth floor Maytum Hall, (716) 673-3271.

Fredonia College Foundation
Departmental Scholarships/Awards/Funds
Following is a list of scholarships/funds that are awarded through the academic departments. The awards are based on academics, talent, financial need or other criteria established within the discipline. Interested persons should contact the department in their major directly to obtain specific requirements and application procedures for the awards.

Art (Visual Arts)
- Alford Bjurlin Art Scholarship
- George Booth Visual Arts Scholarship
- Chautauqua Craft Alliance Award for Excellence in Art
- Fairbairn Scholarship
- Fredonia Potter’s Co-op Scholarship
- Marano/Gnirke Scholarship
- Robert W. Marvel Fund

Athletics, Recreation, Health and Wellness
- Corydon Crowell Memorial Fund
- Depledge/Poummit Basketball Award
- Sandra Haight Memorial Scholarship
- Doris Newman Memorial Scholarship
- Mary J. Phillips Memorial Fund

Biochemistry
- Mary J. Marletta Memorial Scholarship

Biology
- 1929 Graduate’s Award - Bioethics
- Constantine Barker Fund
- Biology Department Scholarship
- Archer and Mabel Fox Scholarship
- Bruce and Nancy Garlapow Memorial
- Adele Maytum Hunter Scholarship
- Merlin Biology Fund
- Alice M. Sam Biology Scholarship
- Willard Stanley Memorial Scholarship

Business Administration
- Donald C. Brandt Memorial Scholarship
- Business Administration Alumni Scholarship
- M.R. Poummit Achievement Award
- S.I.F.E. Endowment
- S.I.F.E. Music Business Award

School of Business
- David H. Carnahan Scholarship
- Dr. James Hurtgen Endowment
- Raymond Lai Professional Development Fund for International Business

Chemistry
- Raffaele Borriello, M.D./Suzanne T. Casden Chemistry Department Endowment
- Frank J. Costanza’s Greenhouse Memorial Fund
- Dingley Physical Chemistry Award
- Dingley Scholar Award
- Freshman Chemistry Award
- Keller Research Award
- Dr. Robert Maytum Scholarship
- Carolyn Ruth Moos Scholarship
- Gilbert and Ruth Moos Outstanding Senior Award
Organic Chemistry Award
Outstanding Senior Award
Outstanding Teaching Assistant
Dr. Jerome H. Supple Memorial Scholarship
Byron A. Thumm Analytical Chemistry Award
Van Valkenburg Service Award

Communication
Louis C. and Dr. S. David Adler Scholarship

Juliet J. Rosch School of Music Endowment
Lawrence Schauffler Scholarship
Robert K. Seymour Memorial Scholarship
Greg Snow Music Technology Award
Isaac Stem String Scholarship
Anthony S. Strychalski Memorial Scholarship
A.L. Van Keuren Music Scholarship
Voice Faculty Scholarship
Francellia Pattyson Widmer Endowment
Lawrence A. and Theresa Dubnicki Williams Scholarship
Margaret Shuler Wyckoff Scholarship

School of Music Scholarships are awarded to qualified new and returning students. Factors considered in awarding scholarships are financial need, music talent, academic achievement and service to the School of Music. Students wishing to be considered for scholarship assistance must submit the Free Application for Federal Student Aid. Prospective students must also audition prior to March 15 for fall semester scholarship consideration. Questions regarding music scholarships should be directed to the Director of the School of Music, Mason Hall.

Philosophy

completed totally online. If you are a new applicant and your or your parents do not have a PIN, be sure to request one at www.pin.ed.gov. You can request a PIN before completing the FAFSA so that you may electronically sign your application. You can request a PIN as early as your senior year in high school and your parents should request one before you complete the FAFSA application. Or, you may first complete the application, request a PIN (this may take a few days), then go back to FAFSA on the Web and electronically sign your application. You will need to provide your name, Social Security Number, date of birth, and e-mail address, and submit the request. When the submission has been successfully completed, a confirmation number will appear on the screen. If all information provided is correct, and is verified with other federal agencies, a PIN will be generated and sent to your e-mail address.

You can use your PIN to:
- electronically sign your FAFSA on the Web
- electronically sign your Federal Stafford Electronic Master Promissory Note
- make corrections to your FAFSA application information
- access your applicant data records online, such as, checking your student loan history

To apply for the New York State Tuition Assistance Program (TAP) grant, you must complete the NYSHESC generated preprinted Express TAP Application (ETA) using SUNY Fredonia’s school code of 0915 for state assistance. Students are also able to apply online via the Internet for TAP after completing their FAFSA on the Web at www.fafsa.ed.gov.

FINANCIAL AID

The primary objective of university financial aid is to assist degree students with university expenses.

Students are encouraged to check the World Wide Web site at (http://www.fredonia.edu/finaid) for current information.

How Do I Apply? What Form Do I Use?

If you applied for federal student aid for the current school year, you will be able to file a Renewal Free Application for Federal Student Aid (FAFSA) either online at www.fafsa.ed.gov or via paper. If you are a new financial aid applicant or did not apply for federal student aid during the current school year, you can apply for federal aid by completing and submitting the Free Application for Federal Student Aid (FAFSA) using SUNY Fredonia’s Federal school code of 002844. You may submit a FAFSA through the Internet by using FAFSA on the Web at www.fafsa.ed.gov or by mailing a paper FAFSA. FAFSA on the Web is a free U.S. Department of Education web site where you can complete your FAFSA online and submit it via the Internet. FAFSA on the Web submits your data directly to the U.S. Department of Education’s Central Processing System (CPS). The CPS will process your application within 72 hours.

Who Gets a PIN and What is it For?

The U.S. Department of Education mailed a PIN to students who applied for aid for the current year. The PIN serves as your unique identifier to let you access your personal information in various U.S. Department of Education systems. It’s like the personal identification number that you get from your bank that enables you to access your account. Your PIN serves as your electronic signature. You should not give it to anyone. Because electronic signatures hold the same legal status as written signatures, students and parents of dependent students applying for aid may electronically sign their FAFSA on the Web application by using their PIN. This will allow the student aid process to be

FINANCIAL AID 185
When Will I Hear About My Financial Aid?

1. Both new and returning students will receive an initial Financial Aid Award Letter in March that will list all federal, state, and institutional aid that the applicant is eligible to receive.

2. If you have been awarded a Federal Work Study position, a Federal Perkins Loan and/or a Federal Subsidized/Unsubsidized Stafford Loan, you must go to www.fredonia.edu to accept, decline or accept partial amounts of these awards. Refer to your award letter for instructions.

3. To change federal awards to an authorized status for billing purposes, applicants may be required to go through a process called Verification. Federal tax returns and W-2 forms of the student and the parents must be submitted, if requested, to verify the accuracy of the data submitted on the original financial aid applications.

4. Throughout the summer the financial aid office processes student aid paper work with the intention of making aid authorized for credit on the university bill by mid-July.

Students must submit paper work on a timely (as early as possible) basis.

How is Aid Awarded?

Applicants for aid are considered based on all of the following criteria:

1. Funds available to the university from governmental, institutional and private sources.

2. Financial eligibility as determined by the U.S. Department of Education's FAFSA processing.

3. Date of receipt of FAFSA results from the Federal Central Processor.

Verification

Many financial aid applicants will be required to verify the information that is reported on the FAFSA/Renewal FAFSA. Financial data such as income, taxes paid, and non-financial data such as family size and dependency status will be verified. For this reason, it is extremely important that the figures you report when completing or correcting the FAFSA/Renewal FAFSA are accurate. If there are any discrepancies in the data that was submitted on the FAFSA/Renewal FAFSA, the aid originally awarded will be revised (either increased or decreased). Save copies of student’s and parent’s signed tax returns, and W-2 forms, since these documents may be requested. A verification worksheet will also be sent to you for completion. You should be aware that by not submitting the required tax forms, W-2 forms, and verification worksheet as requested, all aid is placed on hold, including loans. When you applied for federal aid, you signed a certification agreeing to give proof of all the information you have on the form, if asked. As such, if you don’t give proof, you will not receive aid.

2005-2006 University Costs

<table>
<thead>

<td>$18,981</td>
</tr>
</tbody>
</table>

Although every effort is made to keep university costs as low as possible, the costs can change during the year. The above figures are subject to change but were accurate at the time of printing. Students should plan on other indirect expenses (books, transportation, personal costs) which may range from $2,000 to $2,500 for an academic year.

Good Academic Standing and Receipt of Undergraduate Financial Aid

Requirements

State and federal regulations require that all financial aid recipients maintain program pursuit and make satisfactory academic progress toward completion of degree program requirements. The Financial Aid Office at SUNY Fredonia evaluates student academic progress according to state requirements for TAP and APTS at the completion of each semester and according to federal requirements for SEOG, PELL, Work Study, Perkins, Stafford and Parent loans at the completion of the academic year. All three criteria in the charts below must be met in order to retain financial aid for the following semester. If a student withdraws from a course, it may affect his/her aid for the next semester.

|                      | ft=12   | pt=6    | ft=12   | pt=6    | ft=12   | pt=12   | ft=12   | pt=12   | ft=12   | pt=12   |

* Only students in approved five-year programs (EOP and Medical Technology) are eligible for 10 semesters of undergraduate TAP. All other students are limited to eight semesters of undergraduate TAP.

Repeated Courses. Courses in which the student has already received a passing grade cannot be included in meeting full-time study requirements for state-sponsored financial aid. Repeated courses may be counted toward full-time study requirements if a student repeats a failed course, if a student repeats the course for additional credit,
if a student has received a grade that is passing at the institution but is unacceptable in a particular curriculum, or when a student repeats a previously withdrawn course.

Examples of requirements at different TAP payment levels follow:

1. A student who has received seven payments of TAP must complete at least 12 credit hours during the fall semester, maintain at least a 2.00 cumulative GPA, and have accrued at least 75 total credit hours to receive his/her eighth TAP payment in the spring semester.

2. A student who has received four TAP payments must complete at least 9 credit hours during the fall semester, maintain at least a 2.00 cumulative GPA and have accrued at least 30 total credit hours to receive his/her fifth TAP payment in the spring semester.

3. A student who has received three TAP payments must complete at least 9 credit hours during the fall semester, maintain at least a 1.00 cumulative GPA, and accrue at least 18 total credit hours to receive his/her fourth TAP payment in the spring semester.

4. A student who has received two TAP payments must complete at least 6 credit hours during the fall semester, maintain at least a 1.00 cumulative GPA, and have accrued at least 15 total credit hours to receive his/her third TAP payment in the spring semester.

5. A student who has received one TAP payment must complete at least 3 credit hours during the fall semester, maintain at least a 1.00 cumulative GPA, and have accrued at least 15 total credit hours to receive his/her second TAP payment in the spring semester.

6. A student who has received no TAP payments must complete at least 3 credit hours during the fall semester, maintain at least a 1.00 cumulative GPA, and have accrued at least 15 total credit hours to receive his/her first TAP payment in the spring semester.

Receipt of federal aid is limited to 12 semesters (for students enrolled full-time), according to Federal Regulation 34CFR PART 668.16.

- **Example:** A first semester sophomore this fall semester, must have completed a total of 12 credit hours during his/her first two semesters and have a total of at least 12 hours and have at least a 1.00 cumulative GPA to receive federal aid this semester. The student must also complete a total of 18 credit hours and have at least a 1.60 cumulative GPA at the end of the spring semester to continue receiving federal aid for the next fall semester.

Students should be aware that course repeats do not count as a completion in determining Good Academic Standing.

- **Example:** Two years ago a student received a failing grade for a course and during the current semester repeated it as a junior. To meet progress standards, the student must complete 12 new credit hours during the current semester in addition to the repeated course credit hours.

Part-time students enrolled beyond 12 semesters (up to 24 semesters maximum) must continue to complete 100 percent of hours attempted and maintain a 2.0 GPA.

### Notification Procedure

The Financial Aid Office will notify the student between two and four weeks after the conclusion of the fall semester if Good Academic Standing Standards were not met while the student received state aid and between two to four weeks after the spring semester if Good Academic Standing Standards were not met while the student received federal and/or state aid. The letter will inform the student of loss of aid for the semester immediately following the one in which program pursuit and satisfactory academic progress standards were not met and will also apprise the student of the waiver procedure to follow if the student feels financial aid should be reinstated.

### Good Academic Standing Waiver Procedure

A request to reinstate federal or state aid for the next semester at SUNY Fredonia will be evaluated and granted only if exceptional circumstances (i.e. family illness or death, personal illness, personal emotional disturbances, changes in education objective) can be documented by the student. Waivers of the criteria and reinstatement of aid are not automatic. They are approved only if in the best interest of the student and only if unusual circumstances prevented the student from meeting the expected criteria. A waiver to reinstate state aid is available only once during undergraduate study (with the exception of the "C" average waiver). The waiver request form is mailed with the notification of aid loss to the student by the Financial Aid Office. A student choosing to use the Waiver Process to reinstate aid the next semester at SUNY Fredonia should complete and submit the waiver form (with appropriate documentation) to the Office of Student Affairs for evaluation.
**TYPES OF AID**

**Scholarships**
For information on Scholarship Opportunities available to students, refer to the section preceding Financial Aid on page 180.

**Federal PELL Grant Program**
A Federal PELL Grant, unlike a loan, does not have to be repaid. It is awarded to financially needy undergraduate students, and in some instances to those attending a post-baccalaureate teacher certificate program to help pay for postsecondary education. The U.S. Department of Education uses a standard formula to determine if one is eligible. This formula, calculated once a student completes the FAFSA, determines the EFC (Expected Family Contribution) and if it falls within a certain amount, the student is eligible for a PELL Grant. SUNY Fredonia will notify the student of the amount of the Federal PELL Grant as well as develop the remainder of a financial aid package, which may include awards through such programs as Federal SEOG, Federal Work Study, Federal Perkins and Federal Stafford Loans (see below). The maximum grant which may be awarded is currently $4,050. Grant amounts are determined by the Federal Legislative process each year.

**Federal Work-Study Programs**
The Federal College Work-Study Program (CWSP) is a federally-funded source of financial assistance used to offset education costs. Eligible colleges administer the program, which provides jobs for eligible students. A full-time student can expect to work up to eight hours a week (on or off campus), at a salary based on local market conditions, years employed in the program, and current minimum wage standards. At SUNY Fredonia, work skills are determined based on a survey of eligible students, and job assignments are made by the Financial Aid Office. Work-Study earnings are paid bi-weekly directly to the student. Students must meet with their assigned supervisors during the first two days of the semester or the award is canceled and offered to another student. Since the Federal Work-Study Program is a federal campus-based funding source, early application (FAFSA) is critical in determining eligibility for this grant.

The "Reading First Program" was implemented at Fredonia during the 1997-98 academic year (the first year of the program’s national implementation). This program allows students who meet certain work-study eligibility and tutor/training criteria to be assigned as tutors to area public school districts. The "Math and Science Partnership Program" was implemented for the 2000-2001 academic year. This program allows students, with a concentration in mathematics, to serve as math tutors in grades kindergarten through nine.

**Federal Perkins Loan**
The Federal Perkins Loan is based on a combination of federal funds and collections from past borrowers. SUNY Fredonia selects recipients and administers the funds ranging from $1,000 to $1,500 per year (award maximum is $4,000 per year). Since the Federal Perkins Loan is a federal campus-based funding source, early application (FAFSA) is critical in determining eligibility for this loan. The interest rate charged for a Federal Perkins Loan is currently 5 percent. Repayment begins nine months after you graduate, if you drop below half-time status, or leave school. Repayment is made to the Student Loan Service Center in Albany, N.Y. on a monthly or quarterly basis. You may be allowed up to 10 years to repay. Federal Perkins Master Promissory Notes must be signed at the beginning of each year in the Office of Student Accounts.

**Cancellation and Deferment Provisions**
For loans made on or after July 23, 1992, part or all of the loans may be canceled for full-time service as:

- special education teacher
- teachers of mathematics, science, foreign languages, bilingual education
- employees of public or private non-profit child or family service agencies providing services to high-risk children from low-income communities
- nurse or medical technician

Effective for loans disbursed on or after July 1, 1993, loan payments may be deferred while the borrower is:

- enrolled on at least a half-time basis in an approved college, university, or post-secondary institution
- for up to three years during which the borrower is seeking and unable to find full-time employment
- for up to three years for economic hardship
- engaged in service described under the cancellation provisions

**Federal Supplemental Educational Opportunity Grant (SEOG)**
Federal SEOG is a limited source of funding in which the university distributes government money to undergraduates with exceptional financial need. The SEOG award has a yearly maximum of $4,000. Awards at SUNY Fredonia average $800 per year. However, unlike a Federal PELL Grant, there is no guarantee that every eligible student will receive a SEOG. Since Federal SEOG is a federal campus-based funding source, early application (FAFSA) is critical in determining eligibility for this grant.

**Federal Subsidized Stafford Loan Program**
Qualification for a Federal Subsidized Stafford Loan is based on financial need and on meeting federal eligibility requirements. If you qualify, the loan is subsidized by the federal government, which pays all the interest while you are in school and for six months after you graduate, drop below half-time enrollment or leave school. The loan is made to a lender and is insured by a state or private guarantee agency. Students must file the FAFSA to be considered. SUNY Fredonia’s Financial Aid Office determines loan eligibility and NYSHESC provides an online master promissory note for first-time Stafford Loan borrowers for completion at www.hesc.com. This online MPN is the only loan application you will need to complete for your Federal Stafford Loan while enrolled at SUNY Fredonia.
Federal Unsubsidized Stafford Loan Program

If you do not qualify for the Subsidized Stafford Loan, you can obtain the Unsubsidized Stafford Loan. The difference between the Unsubsidized Stafford Loan and the Subsidized Stafford Loan is that the student is responsible to pay the interest on this loan while they are in school. The student has the option to either pay on the interest during their in-school, grace and deferment period or allow it to capitalize and pay the interest when repayment begins. We recommend that the student pay the interest during the in-school period if at all possible. This loan was designed to supplement the expected family contribution and is computed by subtracting any actual or estimated financial aid from the cost of attendance. If you are an independent undergraduate or a dependent undergraduate whose parents are denied under the Federal PLUS program, you are eligible for an additional Unsubsidized Stafford Loan. The maximum additional Unsubsidized Stafford Loan that can be requested is $4,000 per year for the first two years of attendance, and $5,000 per year during both the junior and senior years.

The Subsidized and Unsubsidized Stafford Loans are similar in the following ways:

Students must complete the Free Application for Federal Student Aid to be eligible to apply for a Stafford Loan. Eligibility for each loan program is determined by the Financial Aid Office and is printed on your Financial Aid Award letter. A student must be enrolled as at least a half-time degree student (6 credit hours per semester). Repayment on principal begins six months after enrollment on at least a half-time basis ends. The interest rate is a variable interest rate based on the 91 day Treasury Bill plus 1.7 percent, capped at 8.25.

Annual Maximums for Subsidized and Unsubsidized Stafford Loans Combined:
- $2,625 for Freshmen
- $3,500 for Sophomores
- $5,500 for Juniors
- $5,500 for Seniors

Aggregate Limits:
- $23,000 for Dependent undergraduates (Subsidized and Unsubsidized combined)
- $46,000 for Independent undergraduates with Subsidized Stafford Loans comprising no more than $23,000 of the total limit

Electronic Funds Transfer: Loan approvals are sent electronically in two separate disbursements (minus a 3 percent origination fee) by the lender to the university. The first disbursement normally arrives at the Office of Student Accounts one to two weeks after the loan approval by NYSHEC during the academic year. The second disbursement is made at the midpoint of the loan period during the first two weeks of the spring semester.

Federal Parent Loan

To help meet the cost of a college education, parents may want to consider a Federal PLUS (Parent Loan for Undergraduate Students) loan. This federally-sponsored loan for parents of undergraduate students is used by many SUNY Fredonia parents to pay the family’s expected contribution (EX: the out-of-pocket amount that parents pay towards a child’s education). The PLUS loan permits parents to borrow up to the cost of education each year for each dependent student in college less any other financial aid. Go to www.fredonia.edu/finaid/ to obtain a PLUS Pre-Approval application and FAX/mail it to the lender of your choice. If the PLUS loan is approved, SUNY Fredonia will certify the loan amount and transmit this information to New York State Higher Education Services Corporation (NYSHEC). The interest rate for a PLUS loan is the 91 day Treasury Bill, plus 3.1 percent, capped at 9 percent.

Alternative Loans

The Financial Aid Office has transitioned towards a paperless web-based processing mode for the application/certification of Alternative Loans. This shift to electronic processing will eliminate the need for the paper loan application and will also expedite the loan approval and disbursement process. The private Alternative Loan products offered by various lenders provide students the opportunity to apply for funds in addition to the Federal Stafford Loan Program. A co-signer is required for the Alternative Loans and approval/certification is based on credit approval (checked by the lender), and total Cost of Attendance, minus other financial aid. The Alternative Loan interest rates are higher than a Federal Stafford Loan, and the borrower can pay the interest during in-school and grace periods.

Tuition Assistance Program

The New York State Higher Education Services Corporation (NYSHEC) administers the Tuition Assistance Program (TAP) for New York State residents who are enrolled full-time at post-secondary institutions. The TAP award is a state grant that is based on prior year state “Net Taxable Income” as verified by the NYSHEC. You can complete the Express TAP Application (ETA) online after the completion of the FAFSA, or the application will be mailed directly to you. Upon receipt of the ETA and passage of the New York State budget, students will receive a TAP award certificate, stating the award you will receive for each semester. Undergraduate and graduate students can receive TAP for eight semesters (per degree). Depending on the family’s net taxable income, students may be eligible to receive grants ranging from $75 to $2,187.50 per semester.

Aid For Part-time Study

Eligibility for this program is determined by the Financial Aid Office based on the following criteria:

- must be a legal resident of New York State
- must be a U.S. citizen or permanent resident
- must be an undergraduate student enrolled for at least 3 but less than 12 credit hours per semester
- must meet the income limits established by the APTS program; $50,000 or less if dependent or independent with dependents, or $34,250 or less if independent
- must complete a separate APTS application available in the Financial Aid Office
Child of Veteran Award Program

Application Procedures: Student must initially establish eligibility by submitting a Child of Veteran Award Supplement form with the New York State Higher Education Services Corporation BEFORE applying for payment, and complete a Free Application for Federal Student Aid (FAFSA). These forms (supplements, applications) can be obtained from your high school guidance counselor or directly from the New York State Higher Education Services Corporation, 99 Washington Ave., Albany, NY 12255 or by calling 1-888-697-4372. These forms must be filed before May 1 of the academic year for which the student is applying.

Selection of Recipients and Allocation of Awards: Students whose parent(s) served in the U.S. Armed Forces during specified periods of war or national emergency and, as a result of service, died, or suffered a 40 percent or more disability, is classified as missing in action, or was a prisoner of war. The veteran must currently be a New York State resident or have been a New York State resident at the time of death, if death occurred during or as a result of service.

- World War I: April 6, 1917 - Nov. 11, 1918
- World War II: Dec. 7, 1941 - Dec. 31, 1946
- Persian Gulf: Aug. 2, 1990 through the end of hostilities in the Persian Gulf
- Merchant Seaman: Dec. 7 1941 - Aug. 15, 1945

Students whose parent(s) have been a recipient of the Armed Forces, Navy or the Marine Corps expeditionary medal for participation in operations in Lebanon
- Lebanon: June 1, 1983 - Dec. 1, 1987

Students who was born with spina bifida whose parent(s) are Vietnam veterans who served in the U.S. Armed Forces in Indochina between December 22, 1961 - May 7, 1975.

Funding Procedure: Awards are made for full-time undergraduate study at an approved New York State school. Recipients of this award receive $450 per year for those situations that might need special attention.

Vietnam Veterans Tuition Awards

Vietnam Veterans Tuition Awards (VVTVA) provide up to $1,000 per semester for full-time study or $500 per semester for part-time study, but cannot exceed $10,000 for the life of the award. Vietnam veterans must be matriculated at an undergraduate or graduate degree-granting institution, or in an approved vocational training program in New York State. For further information regarding study requirements and amounts, please contact the Veterans Affairs Office in Room 001 McGinnies Hall at (716) 673-3423.

Persian Gulf Veterans Tuition Award

The Persian Gulf Veterans Tuition Award (PGVTA) Program provides up to $1,000/semester for full-time study or $500 per semester for part-time study to Persian Gulf veterans matriculated in an undergraduate or graduate degree program or enrolled in an approved vocational training program.

Eligibility: To be eligible under this program, the veteran must:
- have served in the U.S. Armed Forces in the hostilities that occurred in the Persian Gulf from Aug. 2, 1990 to the end of such hostilities as evidenced by receipt of the Southwest Asia Service Medal or in the hostilities occurring in the Persian Gulf beginning on or after March 19, 2003 as evidenced by receipt of or eligibility for the Global War on Terrorism Expeditionary Medal
- be a New York State resident
- have been discharged from the U.S. Armed Forces under other than dishonorable conditions
- have established eligibility by applying to HESC on or before Sept. 1, 2006.

The total of all undergraduate and graduate awards for full and/or part-time study received cannot exceed $10,000. For more information on applying for the award and deadlines contact the Office of Veterans Affairs in Room 001 McGinnies Hall at (716) 673-3423.

Veterans Administration Educational Benefits

Those veterans or dependents who are, or feel they are, eligible for federal financial assistance through the Veterans Administration should contact the Coordinator, Veterans Affairs (Room 001 McGinnies Hall, 716 673-3423) or complete appropriate forms. Students are urged to begin their VA paper work before the beginning of the school term in order to hasten processing. To further facilitate the start of benefits, the veteran, or children, spouses, and survivors of veterans whose deaths or permanent total disabilities were service-connected should present pertinent data, such as the service number, Social Security Number, VA claim number, dates of service, discharge papers, and any other VA claim information.

The Veterans Affairs office is staffed by the coordinator and a veteran work-study student and provides routine certification of enrollments. The staff also monitors student progress, and is available for information and referral for problems that might arise. Policy among various administrative offices, as it relates to VA recipients, is also coordinated through the Veterans Affairs office. The coordinator is in liaison with the Regional Office in Buffalo for those situations that might need special attention.
State Aid To Native Americans

Application Procedures: Application forms can be obtained from the Native American Education Unit, New York State Education Department, Room 374 EBA, Albany, NY 12234 or call (518) 474-0537. Required application materials must be submitted to the above address before July 15 for the fall semester, Dec. 31 for the spring semester, and May 20 for the summer semester.

Selection of Recipients and Allocation of Awards: The applicant must be a New York State resident, and be on an official New York State tribal roll, or be the child of an enrolled member of a New York State tribe

Responsibilities of Recipients: Students are required to:

(1) submit their grades at the end of each semester for which funding is received, indicating satisfactory progress toward degree or certificate requirements
(2) notify the Native American Education Unit, in writing, of any change in student status, change in program, or institutional enrollment.

Funding Procedure: Eligible students may receive grant awards of up to $2,000 per year for four years of full-time study (up to five years for approved five year programs). Part-time students will be funded on a pro-rated basis.

United States Bureau of Indian Affairs Higher Education Grant Program

Application Procedures: Application forms are available from the Education Office of the tribe in which you are affiliated or possess membership, and the Bureau of Indian Affairs (Education Line Officer). An application is required for each year of study. An official needs analysis (obtained from your university financial aid office) is also required. This analysis is provided after the student completes the Free Application for Federal Student Aid (FAFSA). Each first-time applicant must obtain tribal enrollment certification from the bureau agency which records enrollment for the tribe.

Selection of Recipients and Allocation of Awards: The applicant must:

(1) be a member of, or at least one-quarter degree Indian blood descendent of a member of an American Indian tribe which is eligible for the special programs and services provided by the United States through the Bureau of Indian Affairs
(2) be accepted for admission to a nationally accredited institution of higher learning which provides a course of study conferring an associate or bachelor’s degree
(3) demonstrate financial need.

Responsibilities of Recipients: For subsequent grants, the applicant must make satisfactory progress towards a degree and demonstrate financial need. Depending on the availability of funds, grants may also be made to graduate students and summer session students. Eligible married students may also receive living expenses for dependents.

For additional information about any aspect of expenses or financial aid, please refer to the Financial Aid Guide, a publication of the Financial Aid Office.

EDUCATIONAL COMMUNITY OUTREACH

The Native American SUNY: Western Consortium

SUNY Fredonia continues to support the endeavors of the Native American SUNY: Western Consortium, which focuses upon educational access, opportunity, and development for Native American students and communities. The consortium is comprised of representatives of four Native Nations and 11 SUNY campuses in the Western and Central New York area. For more information, students should contact the office at (716) 673-3170 or 1-800-851-5020.

Lifelong Learning

The Office of Lifelong Learning, headquartered in 2142 Fenton Hall, brings together a unique combination of university and community support services.

Sponsored and Non-sponsored Credit-free Conferences, Institutes, and Workshops. The office works with representatives from community groups and industrial organizations to identify and provide for the specialized educational needs of their memberships.

Lifelong Learning. The university, through this program, makes educational opportunities available to working adults and non-traditional students who wish to explore university study on a part-time basis. Students seeking admission through the Lifelong Learning program may apply using a simplified application procedure. No university entrance examinations are required; however, applicants must submit a high school transcript or GED score report. Applications for admission are available in the Lifelong Learning Office, 2142 Fenton Hall, or the Office of Admissions, 178 Central Ave. (Fenner House).

Any student is eligible to enroll in regular day or evening courses, including a number scheduled in the late afternoon and early evening. The Lifelong Learning program is especially appropriate for those who wish to pursue non-degree university studies on a part-time schedule - for personal growth, job advancement, or other reasons. Students will be assigned an academic advisor to assist with course selection.

The university awards a certificate to Lifelong Learning students who successfully complete 30 credit hours of course work. Students are encouraged to seek admission to a baccalaureate degree program at that time. Credit earned through Lifelong Learning course work will apply toward any degree program at the university.

A student with prior experience who is seeking degree study on a full-time or part-time basis should pursue admission as a transfer applicant (see Transfer Admissions, page 175).

Visiting Student Program. Students presently enrolled at another college or university who wish to pursue academic study at SUNY Fredonia for one or two semesters may apply for admission through the Visiting Student Program. Advantages of the program, in addition to expanding academic options, include getting to know other new students, faculty and geographic areas, as well as having an opportunity to see oneself, one’s education, and future...
plans from a new perspective. To qualify for the program, students must receive approval for a proposed academic program from an appropriate official at their present college. Applications are reviewed following the procedures used in evaluating requests for admission from transfer applicants. Registration in specific courses is offered on a space-available basis.

For information on any of the above, students should call (716) 673-3177, or visit 2142 Fenton Hall.

College of Education
The College of Education has direct implications for change and innovation in teacher education. The campus-wide nature of the school involves the integration of early childhood, childhood, middle childhood and adolescence education components as well as the initiation of a comprehensive field-based approach to educational studies. In addition, the school assumes responsibility for supporting teaching effectiveness, educational research, child studies, development of grant proposals, and international education programs. A newly created Institute for Research in Science Teaching is currently focusing on the improvement of science education through research-based methods and instructional technology. The further development of needed links and partnerships with the public schools in the SUNY Fredonia service area, the Fredonia-Hamburg Teacher Education Center, and the Office of Field Experiences is fostered and enhanced through the College of Education. The college offers international programs for education majors. Through cooperative efforts with the Swansea Institute of Higher Education in Wales, and the University of Plymouth, Rolle Faculty of Education in Exmouth, England, students are afforded the opportunity to engage in a five-week international teaching practicum. As a result of reciprocal agreements between SUNY Fredonia and these British institutions, students from England and Wales visit the Fredonia campus and area schools at selected times each year.

Henry C. Youngerman Center for Communication Disorders
The Henry C. Youngerman Center for Communication Disorders is located in Thompson Hall. The center, a major component of the Department of Speech Pathology and Audiology, contains an Audiology Clinic, a Speech-Language Clinic, laboratories and classrooms. Speech, language, and hearing evaluations and treatment are provided to students and residents of the neighboring communities. Students in speech pathology participate as observers and as clinicians under the supervision of licensed and certified speech pathologists and audiologists.

The Fredonia College Foundation
The Fredonia College Foundation, Inc., a not-for-profit corporation, was formed in 1964 to encourage and accept gifts and endowments in support of the priority needs of the State University of New York at Fredonia, its faculty and students. In order to maintain the quality of academic offerings at Fredonia and to realize the university’s commitment to public service for western New York and the state, the university must look to non-state sources to assist in its development. The foundation seeks support for scholarships and those programs and events that enrich the university and community that cannot be supported by state funds.

Contributions from alumni, parents, friends, faculty/staff, business and industry, the professions, foundations, and other public and private sources have strengthened many university programs. Gifts of cash, appreciated stock, real estate and insurance, gifts-in-kind, works of art, books, equipment, teaching materials, as well as planned gifts such as bequests and gift annuities, have enabled the university to move forward, even in times of budgetary restraint.

Center for Rural Regional Development and Governance
The Center for Rural Regional Development and Governance promotes the university’s service to the region through economic development and government efficiency projects. The mission of the center is to foster and enhance a spirit of regional cooperation and collaboration that will enhance the quality of life of all residents in the region. The center sponsors analytical research reports to assist government decision-makers in moving toward more cost-effective and efficient service delivery in the region. Center Fellows, SUNY Fredonia faculty, and student researchers provide the expertise for these research projects. In addition, the center works in partnership with local governments, labor unions, and the private sector to provide process re-engineering and performance management skills to governments in the region. The center is also a repository for regional statistical information and regional governance best practices. Finally, the center is involved in the development of a regional growth strategy through technology transfer from the university to the private sector.

For more information about the center, located at 402 Main St., Suite 3, Dunkirk, N.Y., interested persons should call (716) 363-0893.

ACADEMIC POLICIES

Academic Policy and Procedures in Regard to Students With Disabilities

It is university policy that students with disabilities fulfill the same degree and program requirements as all students, and that reasonable accommodations may be used to assist students with disabilities in attaining those requirements. In addition, the university may offer non-accommodative services such as tutoring and counseling. Reasonable accommodations and other services are determined on a case-by-case, course-by-course, and semester-by-semester basis.

It is the responsibility of students with disabilities to identify themselves by notifying the Coordinator of Disability Support Services for Students. The student and coordinator will meet and discuss the student's needs, on the basis of the clinical diagnosis that has established the existence of the disability, and will decide on the kinds of assistance and/or reasonable accommodations the student will need to gain equal access to the university's programs, activities and services. It is advised that students self-identify upon admittance to the university in order to provide a seamless transition. Early self-identification can facilitate reasonable accommodations and other services that may be delayed by the process of obtaining appropriate documentation with later self-identification.

With the student's written request, the coordinator will inform the relevant professor(s) or office(s) of the student's accommodation needs for the particular class or service the accommodation is needed. The coordinator will be confirming the existence of a disability and the need for the accommodations requested. The student must then identify him/herself to the professor or office providing the accommodation, and where necessary, discuss the accommodations or alternative accommodations. In the event of a disagreement between the student and the professor or office about the need for the requested accommodation, the Coordinator of Disability Support Services for Students will act as a mediator.

SUNY Fredonia is prepared to respond to the individual needs of students with disabilities. For specific information about services and facilities for students with disabilities, students should contact: Carolyn L. Boone, coordinator of Disability Support Services for Students, Reed Library (fourth floor), by telephone at (716) 673-3270, by TTY at (716) 673-4763, or by e-mail at disability.services@fredonia.edu. Students should see the website at www.fredonia.edu/tlc/DDS/dss.htm.

Declaration of a Major Program

In order to complete the university requirements for a baccalaureate degree, every student must complete an approved departmental or interdisciplinary major program by satisfactory performance in the courses specified by the program. Students may declare a major before earning 30 semester hours of credit, except in some professional programs, and must make the declaration of program prior to earning 60 semester hours of credit. Information on the declaration of major can be obtained at the Academic Advising Center, 2148 Fenton Hall.

Certain major programs have a minimum quality point average requirement for admission. Students should check with the department of their intended major for specific minimum GPA and/or course requirements.

The declaration of major program, as well as changes in the major, should be made well in advance of course selection. The appropriate form is available in the Office of the Registrar and in department offices. The chairperson responsible for departmental programs or the coordinator responsible for interdisciplinary programs will assign students an advisor and will certify at the appropriate time that all program requirements have been completed.

Declaration of a Dual Major

Students who are interested in completing more than one major program must obtain the appropriate form from the Office of the Registrar and secure written approval from the department chairperson or interdisciplinary coordinator of the intended second major.

Additional majors must be declared at least one semester prior to the date of graduation.

Declaration of a Minor

Students who are interested in declaring a minor must obtain the appropriate form from the Registrar's office, then contact the office of the department in which the minor is requested. Students who are interested in declaring more than one minor program are to follow the procedure outlined above for each one. Minors must be declared at least one semester prior to the date of graduation.

75-hour Audit

During the semester in which a student completes 75 cumulative semester hours, the Academic Advising Center will mail students preliminary degree audit materials that will help determine progress toward completing degree requirements. It is the student's responsibility to meet with his/her academic advisor to identify any degree deficiencies.

Early Registration

Early Registration is held during the latter part of the regular spring and fall semesters preceding the semester for which enrollment is sought. The exact dates of early registration will be announced by the Registrar through the mail and in campus publications.

Students wishing to register must obtain the necessary card from their advisors, who must approve the courses selected. Students will then register according to published guidelines.

Registration

In addition to participating in the Early Registration period, all students must confirm registration according to the directions issued by the offices of the Registrar and Student Accounts.

In compliance with the regulations of the Board of Trustees of the State University, students who have not satisfied their financial obligations to the university will not be permitted to register.
Registration must be completed by the end of the first week of classes. A service charge of $30 is imposed for registrations taking place after the third day of classes.

**Student Schedule Changes**
Changes in student class schedules must be filed in the Office of the Registrar within the period prescribed by that office.

Students may drop courses through the first week of the semester. Those courses dropped will be removed from the student’s permanent record. After the drop deadline, students must withdraw, except for first semester freshmen, who may drop up to Monday following Early Registration advising for the following semester.

A fee of $20 will be assessed for each course added after the second week of classes. This does not include transactions involving a switch from one section of a course to another.

Beginning with the second week and ending with the withdrawal date published by the Registrar each semester (generally, the seventh week), a student may withdraw from a course with advisor or department chairperson approval. A grade of “WC” is assigned. The withdrawal grade will be recorded on the student’s permanent record but will not be counted in the student’s quality point average.

During the second week of the semester, an instructor may petition the Registrar to have a student dropped from a course. This may be done because the student has not been attending classes, and there are other students wishing to add the course. When an instructor initiates such action, the Registrar will make an effort to contact the affected student and, if the student wishes to remain in the course, the student will be allowed to do so, but will be urged to contact the instructor immediately.

A fee of $20 will be assessed for each course drop or withdrawal that takes place after the drop deadline published by the Registrar’s office.

Students will not be permitted to withdraw from courses after the withdrawal deadline published by the Registrar.

Exact dates for the add, drop and withdrawal periods are given in the university calendar and in the appropriate Course Offerings Bulletin and apply to all full-semester courses.

**Significance of Course Numbers**
Courses numbered from 100 to 499 are open to undergraduates. In general, courses numbered 100-199 are taken in the freshman year, courses 200-299 in the sophomore year, courses 300-399 in the junior year, and courses 400-499 in the senior year. There are, however, some variations in this placement according to curriculum and other factors.

Courses numbered from 500 to 599 are graduate courses open to qualified seniors for undergraduate credit by permission of the appropriate chairperson and the Graduate Dean.

**Permission to Take Graduate Courses While an Undergraduate**
Undergraduates who have completed 90 credits and whose grade point average is 3.0 or better may be allowed to enroll in suitable graduate courses numbered 500-599. Permission is not automatic, however; in each instance, students must request approval of the department offering the course and of the Graduate Dean. The forms for this purpose may be found in the Registrar’s office. Students may use such graduate courses either to meet undergraduate degree requirements or to meet degree requirements in a SUNY Fredonia graduate program they enter at a later time. In the latter case, a student will be charged the difference between undergraduate and graduate tuition when the credit is applied to the graduate transcript. No course may be used for both purposes by the same person. In no case will an undergraduate be allowed to enroll in a course numbered 600 or above.

**Unit of Academic Credit**
The semester hour is the unit of academic credit and represents one hour of lecture or recitation or a minimum of three hours of laboratory work each week for one semester.

**Course Load**
For most undergraduate programs, the normal class load is 15 to 16 semester hours. A student who wishes to carry a class load of more than 18 semester hours must secure the approval of their academic dean. The minimum class load to be considered a full-time student is 12 semester hours.

**Course Prerequisites**
Many courses offered by the university are open to any interested student, space permitting. However, some courses have prerequisites - other courses a student must have had before taking the course in question, in order to understand it. For other courses there are recommendations regarding courses or experiences that might be beneficial, but not necessary, to have. A few courses have corequisites, which must either be taken before or together with the course in question. Information about pre- and corequisites, and recommendations, is given in the course description section in this catalog. Students are responsible for having fulfilled any prerequisites before enrolling for a course. Instructors may exclude students who have not done so.

**Course Auditing**
Course auditors will not be enrolled or listed on the course’s roster. Audited courses offer no credit, impose no requirements, and require no fees. No person may be an auditor in any foreign study program or course. Interested persons should contact the instructor to secure permission to audit a course.

**Class Attendance**
At Fredonia students will experience a variety of educational styles and opportunities. Attendance is expected in all classes. Some courses will require attendance. Some courses will base a part of the grade on attendance and participation. Other courses will have no formal requirements concerning attendance. Instructors will
Final Examinations

It is the student’s responsibility, if absent, to find out what material was covered, what assignments were given, and what announcements were made in class during the period of absence. Because the university is concerned about the welfare of its students and wishes to provide assistance in case of absence for valid reasons, students are encouraged to notify the Office of Student Affairs in the event of an unusual series of absences due to health or personal reasons. The office will then notify instructors.

Each instructor is responsible for establishing a policy concerning cases in which regularly scheduled graded work is missed and for determining whether the reason for having missed such work is valid. The instructor may make that determination based on discussion with the student or may request appropriate medical documentation. If the instructor determines that a student has a valid reason for missing the work, the instructor may choose to give the student an opportunity to make it up or may, in exceptional cases, base the grade for the course on other work. In the event of a disagreement over the validity of the absence, the student may appeal to the instructor’s chairperson. When a student is directly participating in a university-sponsored program that takes him/her away from classes, the department sponsoring the program will provide the student with documentation indicating the activity in which the student is involved and the date(s) and time(s) of that involvement. Such participation will be considered a valid reason for missing the work. Thus, instructors may offer the student an opportunity to make up the work or may, in exceptional cases, base the grade for the course on other work. In the event of a disagreement over the validity of the absence, the student may appeal to the instructor’s chairperson.

If a student must be absent due to religious beliefs, he/she has the right to make up examinations, etc. For full details, see page 215.

Final Exam Schedule – A tentative schedule of final examinations is published in the Course Offerings Bulletin. Requests from instructors for deviations from the schedule (group examinations, room changes, or time changes) must be approved by the Registrar. The Registrar’s office will publish an updated schedule at least three weeks prior to finals week. Once this schedule has appeared, no changes can be made.

Final examination week is part of the regular semester and should be interpreted in that context. Students who are asked to take final examinations (variously interpreted as terminal, non-comprehensive, etc.) prior to the regular examination week are put at a decided disadvantage. Faculty members who do not give final examinations during the regular period scheduled for such examinations are expected to use that period for review or to utilize the time in some formal way in a classroom setting.

All students have the right to take their final examination at the time scheduled by the Registrar’s office.

Three-Finals-In-One-Day Conflict – It is university policy that students not be required to take three final examinations in one day. However, the published final examination schedule may contain some three-finals-in-one-day conflicts. In this situation, a student has the right to take one of the examinations on a different day.

1. If the conflict arises due to an individual professor rescheduling his/her final examination from the time initially scheduled in the semester’s Course Offerings Bulletin, it is the responsibility of that professor to arrange for an equivalent examination for the student at a suitable time during examination week. If a suitable time is not agreed to, the student may appeal to the chairperson of the department in which the course is taught.

2. If the conflict arises due to the scheduling of a group examination for several sections of the same course, the department scheduling the group examination must make equivalent examinations available to students for whom the scheduled group examination creates a three-finals-in-one-day conflict. When a student finds that a group examination creates such a conflict, he/she shall meet with the chairperson of the department scheduling the group examination who will arrange for the equivalent examination to be given to the student at a suitable time during examination week. If a suitable time is not agreed to, the student may appeal to the dean responsible for the area in which the course is taught.

3. If a conflict arises from neither of the above reasons and if a student is taking one of the three courses in his/her major field, it is the responsibility of that instructor to arrange for an equivalent examination to be given to the student at a suitable time during examination week. If a suitable time is not agreed to, the student may appeal to the department chairperson.

Students should resolve any three-finals-in-one-day conflicts before the beginning of examination week.

Assessment Examinations or Questionnaires

SUNY Fredonia regularly assesses its academic programs as part of its constant effort to improve them. Program assessment often involves testing students to measure their accomplishments in relation to program goals, or questioning them about their experiences and reactions. Usually, the results of the tests and questionnaires do not become part of the student’s record, but rather help the university measure the success of its teaching and course requirements. In other words, student views and outcomes provide information that is essential if the university is to help students learn more effectively. Accordingly, all students are expected to take assessment examinations or answer assessment questionnaires if they are chosen to do so.
Pass-Fail Option

The Pass-Fail Option permits a student, with the advisor’s approval, to take certain courses and earn a grade of P (Passing) or F (Failing), rather than a traditional (A,B,C,D) grade. Quality points will not be used for pass-fail courses when the student receives a passing grade. However, a failing grade will carry the usual penalty for failure in a course.

The following courses may NOT be taken Pass-Fail:

- Courses at the 100-level
- Courses that are part of the professional semester
- Courses required for a major, a minor or the College Core Curriculum

Departments may designate other courses as not applicable to the pass-fail option; such courses are identified in the Course Offerings Bulletin.

Within the limitations given, students may enroll for courses as free electives on the pass-fail basis:

1. Completion of a minimum of 39 semester hours toward the bachelor’s degree is required before enrollment in pass-fail courses.
2. No more than 16 semester hours may be taken on a pass-fail basis; no more than two such courses may be taken in any one semester. All courses taken as pass-fail are counted towards the 16 hour maximum whether the student receives a P or an F.
3. In the event a student transfers to a department in which he or she has taken a pass-fail course, the student may petition the Registrar to rescind the pass/fail option for the course.

Pass-fail applications are available in the Office of the Registrar. A student who decides to enroll on a pass-fail basis is required to obtain his or her advisor’s signature on the application within the three-week period following the beginning of the semester. He or she may not thereafter change status in the course(s).

Course Repeat Policy

A student may repeat a course, and have the first grade excluded from the calculation of their cumulative quality point average if the course is an exact equivalent of the previous course taken. This policy is only applied once for a given course. A course originally taken for a grade cannot be retaken on a pass-fail basis.

A student who wishes to take a course at another college and have the credit substitute for a course already taken at SUNY Fredonia must secure prior approval from the chairperson of his or her major program (or department of advisement) and have the chairperson certify that the course to be taken is the equivalent of the course the student wishes to repeat. For this option, transfer credit is accepted only if the student earns a “C” or better for the course being repeated and transferred. In that case, the credit (not the grade) will be noted on the transcript.

When courses are repeated, the initial grade will remain on the transcript, but an “E” will appear to the right of the initial grade earned, indicating that this grade is excluded from the grade point average calculation.

The Course Repeat Policy may not be utilized by students who have been required to withdraw, unless the student is subsequently readmitted and enrolled in courses leading to a degree program at SUNY Fredonia.

Course Challenge Option

Students may enter the university already possessing the skills or knowledge taught in a particular university course. If such a course is required or is a prerequisite for other courses, and if the students can prove to the satisfaction of the department offering the course that they indeed possess the skills or knowledge in question, the requirement will be waived or the students will be placed in the course for which they qualify, without receiving credit for the prerequisite or required course.

In unusual cases, academic departments may be willing to grant college credit for a given course to students who can demonstrate prior knowledge of the course materials or skills. The course in question will not be one in which the classroom process itself is an important focus, as it is in courses dependent on small group discussion or problem-solving, computer work, laboratory experiments, group projects, and the like. To “challenge” a suitable course by demonstrating that one can pass the course without taking it, a student must first apply to the chairperson of the department offering the course. The application should include a detailed description of the manner in which the student has already met the goals and objectives of the course. If the chairperson deems the course available for challenge and if he or she believes the student’s application to have merit, the department will determine the manner in which the student is to demonstrate his or her knowledge and/or proficiency. If, in the department’s opinion, the student’s performance is adequate, the chairperson will recommend to the Registrar that the student be awarded credit for the course. No grade will be given, and the student’s quality point average will not be affected.

Credit by Examination

The university participates in three examination programs: the College Proficiency Examination Program of the New York State Education Department, Albany, NY; the Regents College Examination Program; and the College Level Examination Program of the College Entrance Examination Board, Northeastern Regional Office, 475 Riverside Drive, New York, NY. Enrolled students must obtain prior approval before scheduling an examination. Students should contact the testing agency directly for more information.

Transfer Credit

Enrolled students must secure prior approval from the chairperson of their major program (or department of advisement), from the chair of their minor, if applicable, and from the Registrar, before credit taken at another college or university will be transferred to the student’s record at Fredonia. Students applying for such approval should provide the chairperson and Registrar a copy of the course description from the other college catalog. Transfer Credit Approval forms are available in the Office of the Registrar.

Students who have been required to withdraw from the university may not complete degree requirements by taking courses at another college, unless they are subsequently
readmitted and enrolled in courses leading to a degree program at SUNY Fredonia.

Credit for non-collegiate sponsored instruction will be awarded upon the recommendation of the appropriate dean, following consultation with department chairpersons as appropriate. Where applicable, the guidelines found in College Credit Recommendations (published by the Board of Regents/State Education Department) should be followed.

Credit will be subject to these limitations:
1. It is to be considered transfer credit.
2. It is elective credit.
3. A maximum of 12 hours may be counted toward graduation.
4. Consistent with university policy, physical education credit should be limited to 4 hours.

Student Classification
Students are given class designation according to the number of credit hours successfully completed, as follows:

<table>
<thead>
<tr>
<th>Class</th>
<th>Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>Freshman</td>
<td>Less than 24 hours</td>
</tr>
<tr>
<td>Sophomore</td>
<td>24-56 hours</td>
</tr>
<tr>
<td>Junior</td>
<td>57-88 hours</td>
</tr>
<tr>
<td>Senior</td>
<td>89+ hours</td>
</tr>
</tbody>
</table>

Grading System
Each student's progress is evaluated and reported four times a year — at mid-semesters (October and March), and at the end of semesters (December and May). The symbols used to record achievement on the permanent record card of the student at the end of each semester are as follows:

<table>
<thead>
<tr>
<th>Symbol</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Superior</td>
</tr>
<tr>
<td>A-</td>
<td></td>
</tr>
<tr>
<td>B+</td>
<td></td>
</tr>
<tr>
<td>B</td>
<td>Very Good</td>
</tr>
<tr>
<td>B-</td>
<td></td>
</tr>
<tr>
<td>C+</td>
<td></td>
</tr>
<tr>
<td>C</td>
<td>Fair</td>
</tr>
<tr>
<td>C-</td>
<td></td>
</tr>
<tr>
<td>D+</td>
<td></td>
</tr>
<tr>
<td>D</td>
<td>Passing</td>
</tr>
<tr>
<td>D-</td>
<td></td>
</tr>
<tr>
<td>F</td>
<td>Failing</td>
</tr>
<tr>
<td>I</td>
<td>Incomplete, given when a student, because of illness or other cogent reasons, is unable to complete the requirements of the course. These requirements must be satisfied before the end of the next regular semester or an earlier date set by the instructor; otherwise the I becomes an F on the permanent record. A student wishing to be considered for an I grade in a course must contact the instructor before the end of the semester. If the instructor determines that an I grade is appropriate, then the instructor will consult with the student and determine the deadline for completing the work for the course. Once the work for the course has been completed, and received by the instructor, the instructor should submit the student's revised grade for the course to the Registrar’s office within two weeks.</td>
</tr>
<tr>
<td>P</td>
<td>Satisfactory completion of courses under the Pass-Fail Option. “P” does not count as part of the cumulative quality point average or total; it does, however, count toward completion of total credit hours earned.</td>
</tr>
<tr>
<td>E</td>
<td>Indicates course has been repeated, and will appear on a student’s transcript to the right of the original grade earned.</td>
</tr>
<tr>
<td>S</td>
<td>Satisfactory completion of requirements.</td>
</tr>
<tr>
<td>U</td>
<td>Unsatisfactory performance or failure. The letters S and U are used for student teaching and certain other courses, including some independent study and skill courses. The S does not count as part of the cumulative quality point average or total; the U, however, reflects hours carried with zero quality points. In contrast to Pass/Fail, Satisfactory/ Unsatisfactory grades are given as departmental options for certain courses, and require that the instructor prepare an appropriate supplemental evaluation of each student's performance to be filed with the department.</td>
</tr>
<tr>
<td>W</td>
<td>Indicates withdrawal from the university.</td>
</tr>
<tr>
<td>WC</td>
<td>Withdrawal from a course.</td>
</tr>
<tr>
<td>X</td>
<td>Indicates continuing enrollment in a course that continues past the end of the semester. An X grade that has not been converted to a credit-bearing grade by the end of the second regular semester after the semester for which the X was given will change to an F grade.</td>
</tr>
<tr>
<td>Y</td>
<td>Indicates a passing grade in a course taken in a semester accepted for “academic bankruptcy.”</td>
</tr>
<tr>
<td>Z</td>
<td>Indicates a failing grade in a course taken in a semester accepted for “academic bankruptcy.”</td>
</tr>
</tbody>
</table>

Student Appeals of Grades
A student who feels that a final grade reported to him/her is incorrect has the right of appeal by the following procedure:
1. He or she first discusses the grade with the instructor.
2. If, after this discussion, the student is still unsatisfied, the student may take his or her case to the chairperson of the department. This appeal should be in writing, outlining the reasons why the student feels the initial grade was incorrect and supplying any relevant documentation (e.g. graded material, syllabi, etc.) in support of the grade change.
3. If the chairperson decides that the student's case merits further investigation, and after the chairperson has discussed the appeal with the instructor involved, the chairperson appoints an ad hoc committee composed of two members of the faculty in the department, other than the faculty member involved, and one student who is a major in the department.
4. If the chairperson decides that the student’s case does not merit further investigation, the student may appeal this decision to the dean, supplying the same supporting materials as presented to the chairperson. If, after discussion with the chairperson, the dean decides that the
student has a case that merits investigation, the dean may appoint an *ad hoc* committee of the same composition to that described above to investigate the student’s case.

5. The committee reviews the case, interviews the student and the instructor separately, and reaches a judgment by majority vote. The judgment is communicated to the chairperson or the dean who, in turn, reports it to the affected parties.

6. If the committee recommends a change in grade, the instructor may initiate a change, or the committee’s recommendation is forwarded to the appropriate dean or Vice President for Academic Affairs for their consideration. In such cases, the Vice President for Academic Affairs may modify the grade if the committee so recommends.

7. At any time during this process prior to when a final decision is made, the student may withdraw his/her appeal, or the instructor may initiate a grade change consistent with the student’s appeal. Either of these actions ends the appeal process.

A student or former student must initiate the appeal process within one semester after final grades are posted.

### Plagiarism

To plagiarize is “to steal and pass off as one’s own the ideas or words of another” (Webster’s *Seventh New Collegiate Dictionary*). Examples of plagiarism include presenting the ideas of another in one’s own words without crediting the source, copying sentences, paragraphs, or pages from a source without explicit reference to the pages from which the words were taken, and, of course, presenting another’s entire work as one’s own. If a student is not certain whether a particular practice may be considered plagiaristic, it is his/her responsibility to consult the instructor for whom he/she is writing the paper, exercise, or examination. SUNY Fredonia strongly condemns plagiarism and takes severe action against those who plagiarize. For procedures and a copy of the university’s policy on Academic Integrity, see page 212.

### Quality Point Average

The quality point system is used to indicate a student’s overall academic average.

Each course grade of:

- A carries 4.0 quality points per semester hour
- A- carries 3.7 quality points per semester hour
- B+ carries 3.3 quality points per semester hour
- B carries 3.0 quality points per semester hour
- B- carries 2.7 quality points per semester hour
- C+ carries 2.3 quality points per semester hour
- C carries 2.0 quality points per semester hour
- C- carries 1.7 quality points per semester hour
- D+ carries 1.3 quality points per semester hour
- D carries 1.0 quality points per semester hour
- D- carries 0.7 quality points per semester hour

*Course grades of F, P, S, X, and U carry no quality points.*

The quality point average for a semester is determined by dividing the total quality points earned by the number of hours carried that semester; the cumulative quality point average, by dividing the total quality points accumulated to this point in the student’s university career by the total number of hours carried, including courses failed.

Hours earned for courses with P, X, and S grades are not included in figuring the semester or cumulative average; hours failed (grade of F and U) are.

Students should consult each individual department on its policy for calculating quality point average in the major or minor.

### Dean’s List

About one month after the end of each semester, the university announces the names of students who are recorded on the Dean’s List. The list includes all students who have earned a quality point average of 3.30 or higher for that semester with a course load of at least 12 credit hours. (Courses with P or S grades are not included in the 12 hours.)

### Academic Standing and Probation

The term “in good academic standing” means that a student is eligible or has been allowed to register for and undertake academic course work for the term in question. The mechanism of academic probation, including any accompanying constraints upon a student’s activities, is intended merely as an educational device to encourage greater effort on the part of students who appear to be having difficulty in meeting certain academic standards. Placement on academic probation may precede denial of the right to register for academic course work if certain conditions are not met, but a student on academic probation is considered to be in good academic standing. Any question concerning whether or not an individual student is in good academic standing will be determined by the campus committee on academic standards.

The Academic Standings Committee has adopted the following regulations governing academic standing:

1. A student will be placed on probation if the cumulative quality point average falls below a 2.00.

A student on academic probation is required to meet with a probation advisor (generally the chairperson of the student’s major department) a minimum of three times during the probationary semester.

2. Probationary status is determined in accordance with the above standards and is not dependent upon official notification.

3. “Good academic standing” is defined as maintaining a cumulative quality point average at or above the appropriate level in (1) above or being on probationary status. Students should also refer to the financial aid section (page 186) on academic standing and its relationship to financial aid eligibility.

4. A student normally will be required to withdraw if at the end of a semester of probation the cumulative quality point average is still below the level stated above.

5. Students whose record of achievement becomes academically irreparable may be dismissed without a semester of probation.
At the close of each semester the Academic Standings Committee reviews the record of each student whose cumulative quality point average places him/her within the range of Academic Dismissal or Probation. The Academic Standings Committee is comprised of the Vice President for Academic Affairs (or designee), the academic deans, the Vice President for Student Affairs (or designee), the Director of Academic Advising, and the Registrar. The chairpersons and directors of those departments and special programs whose students are being considered assist in this review. A student may appeal the decision of the Academic Standings Committee to the academic dean.

**Leave of Absence Policy and Continuing Enrollment**

A leave of absence may be obtained for the following reasons: medical, military service, or jury duty. A student must have a minimum 2.0 cumulative grade point average and at least a 2.0 average in his/her major.

A leave of absence form can be obtained from the Office of Student Affairs, sixth floor, Maytum Hall. Approval of a leave must be made by the appropriate department chairperson and the Office of Student Affairs.

Ordinarily, a leave is for one semester or one academic year. Students wishing to return after a leave of absence must contact the Registrar’s office at least one month before the beginning of the semester in which they wish to enroll. Students wishing to course select should consult the Registrar’s office for registration dates.

A student who voluntarily terminates enrollment from the university may return to the university through reinstatement or readmission. Reinstatement requires that a student have at least a 2.0 cumulative grade point average at the time he/she left school. Readmission is for students who have below a 2.0. Applications for reinstatement and readmission can be obtained from the Office of Admissions, Office of Student Affairs or the Office of the Registrar.

**Withdrawal and Honorable Dismissal**

A student who finds it necessary to leave the university before the end of a semester must withdraw officially through the Office of Student Affairs. Students may withdraw for any reason up to the period of three weeks prior to the end of the semester. STUDENTS WILL BE PERMITTED TO WITHDRAW DURING THE FINAL THREE WEEKS OF THE SEMESTER ONLY DUE TO ILLNESS OR OTHER COGENT REASONS AS DETERMINED BY THE OFFICE OF STUDENT AFFAIRS. Failure to follow the required procedure may prejudice the right to an honorable dismissal and to any refunds. Those enrolled in any federal program of veterans benefits must also notify the Veterans’ Affairs Office (McGinnies Hall) of their withdrawal.

A student withdrawing during a term may be eligible for certain refunds as described on page 179.

**Academic Bankruptcy**

Prior to graduation, an undergraduate student may petition the Office of the Vice President for Academic Affairs for one semester of “academic bankruptcy.” The student must have a minimum quality point average of 2.00 at the time the petition is filed and must have accumulated at least one semester after the semester for which academic bankruptcy is sought. If the petition to bankrupt a semester is granted, the student’s grades for the chosen semester will be converted to “Y” for grades of D- or better, and to “Z” for F grades. This policy may be applied only to one semester of work completed at the university. Academic bankruptcy is intended to assist the student who normally maintains adequate academic standards and whose grades have suffered for one semester due to unusual or unfortunate circumstances. Although the Y grade does not carry any quality points, the credit hours for courses receiving Y grades will count toward the total needed for graduation and may apply toward the totals needed for the requirements for the major, minor or concentration. The student is advised to consult with the appropriate department before requesting this option.

**Readmission and Reinstatement**

Students who have withdrawn from the university and wish to return may obtain an application for Readmission/Reinstatement from the Office of Admissions or the Office of Student Affairs. Applications are reviewed by the appropriate academic dean, department chairperson, and the Vice President for Student Affairs or designee. Students who have withdrawn in good standing are generally eligible for Reinstatement if space is available in the requested major. Individuals who were required to withdraw for academic reasons are not eligible for consideration until at least one academic semester has elapsed, and must request that the appropriate dean, chairperson or interdisciplinary coordinator develop a contract.

Students with a cumulative quality point average of less than 2.00 who have been readmitted to the university may request to be reinstated with their original cumulative academic record or with a readmission petition. Under the readmission petition, a new quality point average is established from the time of readmission to graduation. The total academic record achieved from the time of initial enrollment at SUNY Fredonia will be entered on the transcript, but no credit will be awarded for “D” grades earned prior to readmission. The cumulative quality point average will reflect only the average since readmission, and a minimum of 45 additional credit hours of graded work must be completed at SUNY Fredonia prior to graduation and after readmission.
Registered Degree Programs

Listed on the following chart are SUNY Fredonia’s registered degree programs, consistent with the inventory of registered degree and certificate programs maintained by the New York State Education Department. The chart contains the official approved program title, degree and HEGIS code number. Enrollment in other than registered or otherwise approved programs may jeopardize a student’s eligibility for certain student aid awards.

Requirements for the Bachelor’s Degree

Students are responsible for ensuring that they have met all degree requirements, including general education requirements and requirements for majors, minors and concentrations.

Graduation from the university with the award of the appropriate degree (Bachelor of Arts, Bachelor of Science, Bachelor of Science in Education, Bachelor of Fine Arts, or Bachelor of Music) will be granted to students who fulfill the following requirements.

1. They must earn a minimum of 120 unduplicated credit hours.

2. They must complete all required courses in a particular major program, the general education requirements of the College Core Curriculum, and sufficient elective credits to make up the total required credit hours, with a minimum cumulative quality point average of 2.00. The student must also have a minimum cumulative quality point average of 2.00 in courses required for his/her major, minor, and concentration. Students should see department sections for any variation from this requirement.

3. Except for certain programs, students pursuing the B.A. degree must earn a minimum of 75 hours in credits from disciplines other than their major discipline. For the B.S. degree, the minimum is 66 hours. For either the B.A. or B.S., students in multi-discipline major programs may not apply more than 45 hours in any one discipline toward credits needed for graduation.

4. All students must take a minimum of 45 semester hours at SUNY Fredonia.

5. Under ordinary circumstances, students will have 10 consecutive years during which to complete the requirements for the undergraduate degrees in effect at the time they began their studies. If they wish to complete the degree after 10 years, their record of studies will be reviewed by the chairperson of the academic department in which their major falls, and by their academic dean, to determine how much of their earlier credit is still applicable. This rule applies not only to credit earned at SUNY Fredonia, but also to credit transferred to Fredonia from other colleges or universities. In addition, after 10 years, students will generally be required to complete the current College Core Curriculum requirements. The CCC Director will review the student’s record of studies to determine how much of his/her earlier general education credit is still applicable.

This policy notwithstanding, to the extent that certifying agencies change the requirements for a particular degree within the student’s original 10-year period or later, students will be bound by the new requirements of the agency.

6. Candidates in a program leading to certification to teach in New York State must satisfactorily complete all student teaching requirements. No grade less than S gives credit in student teaching.

7. Music students must meet certain accompanying and performance standards, and secondary instrument competencies. Details on these requirements may be secured from the School of Music.

8. Students must meet all their financial obligations to the university and any or all of its supporting agencies.

9. A student who expects to graduate at a given date must make application through the Registrar’s office, not later than the third full week of classes of the final semester of attendance.

Notes:

Only 4 credit hours of physical education activities courses (100-level courses) may count toward the total number of credit hours needed for graduation. Accounting majors may not use any health/physical education courses toward the 120 hours required for graduation.

A maximum of 24 credit hours of internship credit may count toward the number of credit hours needed for graduation.

Credit for a course may not be counted more than once, unless the course has been designated by the department as an exception to this rule.

Requirements for a Second Baccalaureate Degree

1. SUNY Fredonia students wishing to earn two degrees concurrently must complete a minimum of 150 semester hours and complete the requirements for the two degrees during the semester in which they have applied for graduation. The two degrees may not be of the same type as registered by the New York State Education Department. For example: a B.A. and a B.S. would be appropriate, but two B.A. degrees would not, as the latter can be accomplished in the declaration of a second major.

2. SUNY Fredonia graduates seeking an additional bachelor’s degree must take a minimum of 30 semester hours at the university and must successfully complete the requirements of their additional major or program.

3. New students seeking an additional bachelor’s degree must take a minimum of 45 semester hours at SUNY Fredonia and must successfully complete the requirements of their additional major or program.

4. A minimum of 15 credit hours must be successfully completed in the discipline of the second degree program. Of these 15 credit hours, no more than 3 credit hours may be taken as an independent study or internship. The department chairperson of the proposed degree program will prepare a written contract outlining the required courses, prior to admission to the program.

5. The student must have a minimum cumulative quality point average of 2.00 in all courses required for the second degree and in courses required for the second major or program. See the department sections for any variation from this requirement.

6. Students must meet all their financial obligations to the university and any or all of its supporting agencies.

7. A student who expects to graduate at a given date must make application through the Registrar’s office, not later than the third full week of classes of the final semester of attendance.
Graduation With Honors
Students whose cumulative quality point average indicates high scholastic attainment will be awarded the degree as follows:

1. Summa Cum Laude - Quality Point Average 3.7 or higher.
2. Magna Cum Laude - Quality Point Average between 3.50 and 3.69.
3. Cum Laude - Quality Point Average between 3.30 and 3.49.

Students may graduate with honors only when they have completed at least 45 hours of graded work at SUNY Fredonia. Graded work includes all courses which carry quality points and excludes courses which are graded “satisfactory-unsatisfactory” or “pass-fail.”

Only those credits earned at SUNY Fredonia will be computed in the final average.

Transcripts of Record
Upon written request from the student, the Registrar will provide an official transcript. Students are urged to request transcripts well before the date they are needed. (For information on changes to transcripts, see Student Appeals of Grades, page 198.)

Name Changes
A student whose name is changed should report the change in writing to the Registrar.

Observance of Regulations and Standards
All students are expected to observe the regulations and standards governing student life, both in and out of the classroom. Failure to do so may be considered grounds for suspension or dismissal. Each student should read with care the full statement on Student Rights and Responsibilities, beginning on this page.

Liability
The university is not responsible for loss or damage to personal property by fire, theft, or any other cause on university property or in any off-campus housing facility.

Student Retention
It is important to recognize that students withdraw from the university for various reasons; academic, medical, personal, social and financial problems are among those reasons. Completion of degree requirements in more than four years does not necessarily mean continuous enrollment during this interval, but rather reflects the time span measured from the student’s initial entering date to graduation and, where appropriate, includes interruptions in attendance.

SUNY Fredonia has undertaken retention studies to determine entering freshmen cohort return and graduation rates. At the end of the first year, 85 percent of the freshmen remained enrolled for the second year. Most recent data reflect the proportion of freshmen completing their baccalaureate degree at SUNY Fredonia to be 46 percent within four years, 52 percent within five years, and 65 percent within six years from initial date of entrance.

Approximately 40 percent of transfer students entering the university at the upper division level (junior year) completed their bachelor’s degree requirements on time, within two years after entering.

Detailed outcomes are available from the Office of Institutional Research and Planning, Room 203, Maytum Hall.

Program Registration
SUNY Fredonia’s baccalaureate and graduate programs are registered by the New York State Education Department. For information, contact the New York State Education Department, Office of Higher Education and the Professions, Cultural Education Center, Room 5B28, Albany, NY 12230, or call (518) 474-5851.

STUDENT RIGHTS AND RESPONSIBILITIES

Regulations Governing Student Conduct and Community Standards of Behavior
Pursuant to the Resolution of the Board of Trustees of the State University of New York, dated May 11, 1967, and Section 356 of the State Education Law, and after consultation with the President, representatives of the faculty, and students, the Council of the State University of New York at Fredonia established and promulgates the following regulations covering the conduct and behavior of students. The following rules and regulations were amended in December 2004 and were agreed upon by the President of the University, the College Council, the Student Affairs Committee, and the University Senate.

Attendance at this university is a privilege afforded the student by the State of New York and not a legal right. The determination of a student’s fitness to be admitted to the university and to continue as a student has been entrusted by the Board of Trustees of the State University to the President and his/her staff. The term student or students include all persons taking or auditing classes at SUNY Fredonia, both full-time and part-time, pursuing undergraduate, graduate, or professional studies; matriculated in any university program. Persons who are not officially enrolled for a particular term, but who have a continuing student relationship with the university are considered “students.”

General Policy
Students seeking knowledge and understanding also need freedom to inquire, to exchange ideas through discussion, publication and public presentations. These opportunities are basic to education in and for a democratic society. To insure these freedoms the university requires a community free from violence, threats, and intimidation; protective of free inquiry; respectful of the rights of others; open to change; supportive of democratic and lawful procedures; and dedicated to the rational and orderly approach to the resolution of human problems. In exercising freedoms and in discharging the rights and obligations of citizenship, students must also recognize their responsibilities to other individuals, to the university, to the state and the nation, and to society in general. Orderly and dignified expression and conduct are expected.
In protection of these freedoms the university must establish certain standards of personal and group conduct. The university may apply sanctions or take other appropriate action when the conduct of individuals or groups on or off campus directly or significantly interferes with the freedom to teach and learn, the safety and health of persons in the community, the maintenance or protection of property, the provision of living accommodations and other services, and the sponsoring of non-classroom activities such as lectures, concerts, athletic events, and social functions.

Counseling, guidance, and rehabilitation are the preferred means for resolving behavior problems. Although disciplinary proceedings play a secondary role in resolving such problems, violation of the Standards of Behavior listed below may result in privilege restriction, suspension, or dismissal.

In the legitimate interest of the university in protecting property and the safety and welfare of specific individuals or the general public, the University President or his/her designee may temporarily suspend an individual, change a student’s residence hall location or remove a student from the residence halls pending a decision by the Coordinator of Judicial Affairs, the judicial board or the administrative board.

**Statement of Jurisdiction**

The Standards of Behavior and University Policies apply to all undergraduate students, graduate students, and student organizations of SUNY Fredonia. The Standards of Behavior primarily prohibits misconduct on Fredonia property, but may address off-campus conduct when the behavior or the continued presence of the individual, in the university’s sole judgment, impairs, obstructs, or interferes with the mission, processes, or functions of SUNY Fredonia. Students should be aware that SUNY Fredonia reserves the right to review and take disciplinary actions based on conduct occurring off campus and/or between academic periods.

A student’s action may violate civil or criminal laws as well as being deemed a violation of the University Standards of Behavior or University Policies. In such situations, that student may be held accountable by both civil authorities and face university sanction. The university may at its sole discretion, elect to pursue disciplinary action against a student even if criminal charges involving the same incident are pending, have been dismissed, or were reduced.

Students that elect to Study Abroad through the International Education Center will assume dual status as a SUNY Fredonia student and as a student of the host institution. SUNY Fredonia’s Rights and Responsibilities are applicable while the student is studying abroad.

Specific Standards of Behavior (Code of Conduct)

Listed below are the Specific Standards of Behavior (Code of Conduct). The Code of Conduct is broken into four sections: Personal Identification and Representation; Interference with the Health, Safety, or Rights of Other Persons; Care of University or Personal Property; and Demonstration of Other Groups or Individual Action.

Alleged violation of any of the following may result in charges being filed against a student or organization.

1. **Personal Identification and Representation**

Failure to act in accordance with these standards must be treated as a major failure to accept responsibility as a student and make one subject to separation from the community. Prohibited are:

(a) Furnishing false or incomplete information to university offices, officials, or judicial boards.

(b) Failing to appear before a university official or judicial board when directed to appear.

(c) Making, forging, printing, reproducing, copying, or altering any record, document, writing, or identification used or maintained by the university that results in injury, defrauding, or misrepresentation.

(d) Refusing to identify one’s self when directed by an authorized university official. Students are expected to carry their FREDCard at all times.

(e) Transferring one’s own FREDCard to another for the purpose of that other individual obtaining university service or privileges.

(f) Attempting to obtain or obtaining a university privilege or service to which the student is not entitled.

(g) Providing erroneous information concerning a change in status concerning financial refunds or financial independence from parents or legal guardian.

2. **Interference with the Health, Safety, or Rights of Other Persons**

All members of the university community share the responsibility for protecting and maintaining community health, safety, and the rights of other persons. Students are required to obey the statutes and laws of the nation and the state, as well as the ordinances and laws of the village of Fredonia, city of Dunkirk, and the towns of Pomfret and Dunkirk. Conviction of a violation of such laws, statutes, or ordinances may be grounds for suspension or dismissal. The following conduct is prohibited:

(a) Failing to comply with directions of university or town officials (this includes, but is not limited to faculty, staff, Residence Hall Director, Resident Assistant, security, safety or fire officials carrying out properly assigned responsibilities).

(b) Failing to comply with the final decision of a judicial board or administrative action.

(c) Misusing safety equipment including but not limited to tampering with fire equipment, fire alarms, exit lights, refusal to obey a fire alarm, initiating a false fire alarm, submitting a bomb threat, activating emergency phones, sprinkler systems, or propping doors open.
STUDENT RIGHTS AND RESPONSIBILITIES

(d) 1) Fighting and threats to, physical abuse of, or harassment and any other action which threatens to or does endanger the health, safety, or welfare of a fellow student and/or member of the university community.

2) Engages or threatens to engage in behavior which poses imminent danger of causing substantial harm to self or others.

3) Obstructing or disrupting teaching, administrative or public service functions of the university.

4) Obstructing or disrupting disciplinary proceedings or authorized university activities.

(e) 1) Engaging in any action or situation which endangers the mental or physical health of a member of the university or local community.

2) Creating a situation that results in harassment of a member of the university or local community.

3) Engaging in any form of hazing, which endangers the mental or physical health or involves the forced consumption of alcohol or drugs for the purpose of initiation or affiliation with any organization. This is more particularly described in the University Policy on Hazing.

(f) Participation in any form of non-consensual sexual intimacy and unwanted physical sexual conduct. This is more particularly described in the University Policy on Sexual Assault.

(g) Possessing firearms, explosives (including firecrackers), weapons, bb guns, knives (4 inches or longer or switchblade), paintball guns, potato guns, or blow guns.

(h) Illegally using, possessing, selling, or distributing narcotics, stimulants, depressants, hallucinogens, marijuana or its derivatives, or drug paraphernalia. This is more particularly described in the University Policy on Drugs and Alcohol.

(i) Illegally using alcohol, possessing alcohol, selling or distributing alcohol; distributing alcohol to minors. This is more particularly described in the University Policy on Drugs and Alcohol.

(j) Use of speakers or other sound amplifying equipment without clearance as to time and place from the Office of Student Affairs.

(k) 1) Posting of posters, handbills, or notices without permission of the appropriate university official. The Office of Campus Life must approve all postings.

2) Solicitation or vending or any kind is not permitted on campus or in residence halls, unless permission is given by the Office of Residence Life or the Office of Campus Life.

(l) Smoking in non-smoking areas so designated by the University President or his/her designee.

(m) Ignoring reasonable standards of appropriate behavior.

(n) Engaging in cheating, plagiarism, or collusion on any examination or on assigned work. This is more particularly described in the University Policy on Academic Integrity.

(o) Refusing to accept financial obligations incurred as a student enrolled at the university. (The university is empowered to refuse to register, graduate, or release records of any student who is delinquent in his/her obligations to the university.)

(p) Viewing, possessing, or distributing child pornography.

(q) Counterfeiting or violating copyright laws.

(r) Illegal or inappropriate use of SUNY Fredonia's network or computers. This is more particularly described in the Computer and Network Usage Policy.

(s) Engaging in unlawful gambling activities under conditions that are contrary to the provisions of state law or any applicable university policy.

3. Care of University and Personal Property

Maintaining and preserving university grounds, academic buildings, and other associated structures is an obligation of all members of the university community. Similarly, maintaining and preserving personal property is also an obligation. Prohibited are:

(a) 1) Theft, unauthorized possession of, property belonging to the university, a member of the university community, a campus guest, or community member.

2) Vandalism, destruction of, damage to, or inappropriate use of property belonging to the university, a member of the university community, a campus guest, or community member.

(b) Destruction, mutilation, and defacement of or tampering with books, magazines, library materials or equipment, or computer services or equipment.

(c) Unauthorized occupancy of or trespassing on university property or facilities.

4. Demonstration of Other Groups or Individual Action

The campus must be open to a free exchange of ideas and individuals and groups have protected Constitutional rights; therefore, all members of the community are expected to conduct dialogues with mutual respect and courtesy. Prohibited are:

(a) Denying to other students, officials, employees, or invited guests of the university lawful freedom of movement on the campus, lawful use of the property or facilities of the university, or the right of lawful entrance to and exit from any of the university's facilities.

(b) Impeding the staff or faculty of the university in the performance of their duties, or impeding any student of the university in the pursuit of his or her legitimate educational or social activities, through the use of restraint, coercion, or intimidation, or when force and violence are presented or threatened.
(c) Engaging in any intentional overt activity resulting in the obstruction to, disruption of, or interference with any of the legitimate missions, processes, procedures, or functions of the university.

(d) Refusing to vacate a building, street, sidewalk, driveway, or other facility of the university when directed to do so by an authorized official.

(e) Making unnecessary noise or causing noise to be made with objects and instruments, which disturb university functions or community living.

University Policies
Listed below are policies the university has adopted to ensure the health, safety and well-being of the university community.

Bias Crimes Prevention
It is a State University of New York at Fredonia policy mandate to protect all members of the Fredonia community by preventing and prosecuting bias or hate crimes that occur within the campus’s jurisdiction.

Hate crimes, also called bias crimes or bias-related crimes, are criminal activity motivated by the perpetrator’s bias or attitude against an individual victim or group based on perceived or actual personal characteristics, such as their age, religion, ethnicity, gender, sexual orientation, or disability. Hate/bias crimes have received renewed attention in recent years, particularly since the passage of the Federal Hate/Bias Crime Reporting Act of 1990 and the New York State Hate Crimes Act of 2000 (Penal Law Article 485). Copies of the New York law are available from the Office of University Police.

Penalties for bias-related crimes are very serious and range from fines to imprisonment for lengthy periods, depending on the nature of the underlying criminal offense, the use of violence or previous convictions of the offender. Perpetrators who are students will also be subject to campus disciplinary procedures where sanctions including dismissal are possible.

In addition to preventing and prosecuting hate/bias crimes, State University of New York at Fredonia Police also assist in addressing bias-related activities that do not rise to the level of a crime. These activities, referred to as bias incidents and defined by the university as acts of bigotry, harassment or intimidation directed at a member or group within the Fredonia community based on national origin, ethnicity, race, age, religion, gender, sexual orientation, disability, veteran status, color, creed or marital status, may be addressed through the State University’s Discrimination Complaint Procedure or the campus conduct code. Bias incidents can be reported to University Police as well as to the Office of Student Affairs.

Anyone who is a victim of, or witness to, a hate/bias crime on campus should report it to the University Police by calling 911 in an emergency, using a Blue Light or other campus emergency telephone, calling 673-3333, or stopping by the University Police Office located on the second floor in Gregory Hall. University Police will investigate and follow the appropriate adjudication procedures.

Victims of bias crime or bias incidents are urged to contact the following offices for assistance:

- University Police 673-3333
- Office of Student Affairs 673-3271
- Affirmative Action 673-3358
- Counseling Center 673-3424
- Multicultural Affairs 673-3398

For general information on Fredonia security procedures, see the University Police website at http://www.fredonia.edu/UPD/upd.htm. More information about bias-related and bias crimes, including up-to-date statistics on bias crimes, is available from the Chief of University Police at 673-3333 or the University Police website at http://www.fredonia.edu/UPD/upd.htm.

Crime Statistics
A copy of the State University of New York at Fredonia campus crime statistics as reported annually to the U.S. Department of Education will be provided upon request by the Personal Safety and Campus Security Committee. Persons should direct all such requests to the Office of University Police at (716) 673-3333. Information can also be obtained from the U.S. Department of Education website at http://ope.ed.gov/security/ and the State University of New York at Fredonia University Police website at: http://www.fredonia.edu/uptd/campussafety.htm.

Personal Safety and Campus Security Committee
Pursuant to the N.Y.S. Education Law Article 129-A, section 6431 the Personal Safety and Campus Security Committee reviews current campus security policies and procedures and makes recommendations for their improvement. The committee specifically reviews current policies for:

(a) Educating the campus community, including security personnel and those persons who advise or supervise students, about sexual assault.

(b) Educating the campus community about personal safety and crime prevention.

(c) Reporting sexual assaults and dealing with victims during investigations.

(d) Referring complaints to appropriate authorities.

(e) Counseling victims.

(f) Responding to inquiries from persons concerned about campus safety.

The committee consists of a minimum of six members, at least half of whom shall be female. The committee consists of two students appointed by the Student Association, two faculty members, appointed by the University Senate, and two individuals appointed by the University President.

The committee reports, in writing, to the University President or chief administrative officer on its findings and recommendations at least once each academic year, and such reports shall be available upon request.

For more information regarding the Personal Safety and Campus Security Committee, persons should contact the Chief of University Police at 673-3333 or the Office of Student Affairs at 673-3271.
Permanent Transcript Notation (Hazing or Other Serious Violations)
Students that are found responsible and suspended or expelled for serious violations of the Students Rights and Responsibilities will receive a permanent notation on his/her academic transcript. This includes but is not restricted to sexual assault, hazing, and conduct which leads to the death or serious physical injury to another person.

Students found responsible for such violations shall not receive credit for the semester in which they are suspended or expelled. Also, the student will remain liable for all tuition and fees for that semester.

Investigation of Violent Felony Offenses/Missing Students
Chapter 22 of the Laws of 1999 of the State of New York establishes certain requirements for investigation of violent felonies and reporting of missing students on college/university campuses in New York State.

(a) "Missing Student" means any student of the university subject to the provisions of Section 355(17) of the New York State Education Law, who resides in a facility owned or operated by the university and who is reported to the university as missing from his or her residence.

(b) "Violent Felony Offense" means a violent felony offense as defined in Section 70.02(1) of the Penal Law of the State of New York.

Response and Investigation:
(a) Missing Student: When a report of a missing student is received by the university or the municipal police department, the receiving department will conduct a preliminary investigation in order to verify the complaint and to determine the circumstances which exist relating to the reported missing student. If the student’s absence is verified, the incident will be reported and shared between departments. Both departments will continue the investigation to locate the missing student. If, after further investigation, the missing student is not located, both departments will determine the most efficient manner of continuing the investigation. In any event, information relating to any report of a missing student shall be shared by both parties no later than twelve (12) hours from the time of the initial report. If the missing student is located or returns to the university at any time after the matter has been reported, each party shall notify the other immediately.

(b) Violent Felony Offenses: When any report of an on-campus violent felony offense is received by the university or when a report of a violent offense involving a university student is received by the municipal police department, the recipient shall notify the other police department as soon as possible. The police departments will carry out appropriate investigative procedures, will determine the most efficient manner of continuing the investigation and shall provide mutual assistance when requested.

Policy on Hazing and Initiation or Affiliation with any Organization
The purpose of this policy is to specifically clarify those behaviors and activities which constitute violations of university regulations and New York State laws pertaining to hazing, and to provide guidance to student organizations in designing new member programs and activities, which serve to protect the human dignity and safety of all persons which will be permitted. This policy applies to all members of a student organization including alumni members. No organization may engage in any form of hazing. A student found responsible for hazing may receive a Permanent Transcript Notation on his or her transcript. This is more particularly described in the Permanent Transcript Notation Policy.

Hazing is defined as engaging in any action or creating a situation intentionally or unintentionally designed to produce mental or physical discomfort, harassment, or excessive ridicule in the course of another person’s initiation into or affiliation with any organization. Such activities and situations may constitute hazing but are not limited to the following:

1. Disfiguration to include branding or self-mutilation
2. Paddling in any form
3. Creation of excessive fatigue
4. Physical and psychological shocks
5. Activities such as quests, treasure hunts, drinking games, scavenger hunts, road trips, etc. which are conducted in an illegal, demeaning, or dangerous manner
6. Public wearing of apparel which is conspicuous and not normally in good taste
7. Engaging in public stunts and buffoonery
8. Morally degrading or humiliating games and activities
9. Any activities which interfere with class attendance, class preparation or scholastic activities or activities which are disruptive to any university department or office or classroom
10. Verbal abuse which leads to public embarrassment or humiliation
11. Implication that an act of hazing could be pre-initiatory
12. Any other activities that are not consistent with fraternal law, ritual or policy, or the policies and regulations of SUNY Fredonia.

SUNY Fredonia reserves the right to revoke recognition of any student organization or club that is found to have violated these rules. Appropriate review of alleged violations may include review by the Vice President for Student Affairs and the Coordinator of Judicial Affairs. Member organizations of Inter-Greek Council and Panhellenic Council may also be reviewed by their respective Judicial Boards. Revocation of recognition may not preclude the imposition of the University Judicial Board; but when considered by the Vice President for Student Affairs to be serious in nature, could result in immediate suspension of organizational recognition until such time as the allegations have been appropriately adjudicated.
Policy on Sexual Assault
The Fredonia campus will not tolerate sexual assault in any form, including acquaintance rape. Where there is reasonable cause to believe that the university regulations prohibiting sexual assault have been violated, the campus will pursue strong disciplinary action through its own channels. This discipline includes the possibility of suspension or dismissal from the university.

A student charged with sexual assault can be prosecuted under New York State criminal statutes and disciplined under the campus code of student conduct. Even if the criminal justice authorities choose not to prosecute, the campus can pursue disciplinary action. A student may be charged under Section 2(f) of the Standards of Behavior.

In addressing cases of sexual assault SUNY Fredonia works to ensure fairness and to provide support for all persons involved, especially the victims. Students who have questions about the procedures and protections provided in these cases are encouraged to contact the Office of Student Affairs and/or University Police. Students are also encouraged to take advantage of the Counseling Center and Health Center for further assistance.

SUNY Fredonia recognizes the following definition of consent: voluntary, non-coerced and clear communication indicating a willingness to engage in a particular act. Consent is defined in the following manner; consent or lack of consent may be expressed or implied. Acquiescence does not necessarily constitute consent, further consent cannot be construed if: (1) It is given by a person who is legally incompetent to authorize the conduct charged to constitute the offense and such incompetence is manifest or known to the actor; or (2) It is given by a person who by reason of youth, mental disease or defect, or intoxication is manifestly unable or known to the actor to be unable to make a reasonable judgment as to the nature or harmfulness of the conduct charged to constitute the offense; or (3) It is induced by force, duress or deception.

Good Samaritan Policy
The welfare of students is the highest importance to SUNY Fredonia. There will be times when individual students, both on and off campus, may be in critical need of assistance from medical or other professional personnel. SUNY Fredonia expects that these students will seek help and that other students will respond to obtain the help that their fellow student needs. SUNY Fredonia wants to minimize any hesitation that students might have in obtaining help due to concern that their own behavior might be a violation of university policy.

While policy violations cannot be overlooked, the Office of Judicial Affairs will take into consideration the positive impact of reporting an incident on the welfare of students when determining the appropriate response for policy violations by the reporter of the incident. Any possible negative consequences for the reporter of the problem should be weighed against the possible negative consequences for the student who needs intervention. At minimum, SUNY Fredonia expects that a student would make a report that would put the student in need in touch with professional helpers.

Alcohol and Drug Policy
The inappropriate use of alcohol and drugs can interfere with student development and seriously threaten the health and safety of the university community. Members of the university community will be held accountable for their behavior while under the influence of alcohol and/or drugs.

These alcohol and drug related sanctioning guidelines focus on student development and early intervention for minor violations and first offenses and on a more disciplinary approach for major violations and repeat or multiple offenses.

Drugs
The following are prohibited:
1. The use, possession, sale, or distribution of illegal drugs, controlled substances, and drug paraphernalia.

Alcohol
The following are prohibited:
1. Using or possessing alcohol (persons under 21 years of age).
2. Distributing or selling alcohol to minors, on or off campus.
3. Misstating or misrepresenting age through the presentation of false documents.
4. Distributing or selling alcohol without a license

Students and guests who are of legal purchase age or older may possess alcoholic beverages in quantities for personal use only in their private rooms, subject to all regulations that may be established by the Office of Residence Life.

Typical Alcohol/Drug Sanction(s)
Listed below are possible sanction(s) for those who violate the drug and alcohol policy. The sanctions listed may be used alone, or in combination, and additional sanctions not listed here may also be applied.

First Offense: The first alcohol or drug related offense would typically result in a Disciplinary Warning and a requirement to complete Alcohol.Edu, a computer based alcohol and drug education program, or complete DrugEdu, a reflective essay regarding drug use. The student will be charged a fee to cover the cost of these programs.

Second Offense: The second alcohol or drug related violation would typically result in Disciplinary Probation and a referral to the Fredonia C.A.R.E.S. program, an in-depth alcohol and drug prevention counseling program. The student will be charged a fee to offset some of the cost of this counseling program.

Third Offense: The third offense would typically result in some sort of Disciplinary Suspension. The duration of the suspension would depend on the student’s educational and disciplinary record.

If any of the above mentioned offenses are deemed minor, the Resident Director or Coordinator of Judicial Affairs would have the option to issue a lesser sanction. If any of these offenses are major violations of campus policy, the sanctions may be more severe. Major violations typically result in police involvement, criminal charges, hospitalization of participants, or involve the illegal sale or distribution of drugs or provision of alcohol to students who are underage.
Disciplinary Expulsion - A decision that removes the student permanently from the university. Normally, the penalty shall also include the student being barred from the premises of the university.

Other Sanctions - Other sanctions may include a variety of restrictions and educational related activities. These include but are not limited to:
- prohibition from engaging in any extra-curricular activity
- prohibition from running or holding an office in any student group or organization
- prohibition from participation in sports related activities
- restricting students from serving on any university committees
- limiting student employment
- removal from on-campus housing
- restriction from specific buildings or residence halls
- changing student room or residence hall assignment
- restriction from campus
- placing holds on records
- service charges or restitution
- required counseling
- required community service
- required class attendance
- required Internet research
- writing a paper
- required apology

Complaints
A complaint of misconduct is usually written by a complainant and includes specific allegations or charges of misconduct. The complaint will be discussed with the complainant and the accused during separate interviews. If there appears to be grounds for disciplinary action, it will be addressed through the appropriate procedures. If the complaint is found to be unwarranted or if there is not enough evidence to proceed, the complainant will be so advised. The complaint, relevant evidence and related charges are shared with the accused so that the accused can prepare a defense in the event of a conduct hearing. Faculty, staff, students and community members are encouraged to report incidents of misconduct. Police reports and residence hall incident reports are also used to report violations of university conduct standards.

Zero Tolerance Policy
As part of a Zero Tolerance Policy, Fredonia will take disciplinary action for every alcohol and drug related violation on campus. Fredonia will also take disciplinary action for violations reported off campus, provided these violations have a connection to the campus. This would include violations that endanger students or may cause harm to the campus community.

Parental Notification Policy
In October 1998, Congress passed the Higher Education Amendment which permits post-secondary institutions to disclose to parents or legal guardians of students under 21, without their consent, information regarding the student’s
violation of any federal, state, or local law, or any rule or policy of the institution governing the use or possession of alcohol or a controlled substance. The Office of Student Affairs normally informs parents of any alcohol or drug violation involving students under 21.

University Judicial System

The University Standard of Behavior and University Policies are intended to promote student development and ensure an atmosphere of learning necessary to the well being of all university community members on and off-campus. Violation of university policy off-campus may be subject to disciplinary action by the university judicial process. The Office of Student Affairs implements the standards and procedures of the Judicial Board.

Any member of the university community may bring a complaint directly to the Office of Student Affairs. The complaint must be written and signed and dated. A review by the Office of Student Affairs will be initiated and if appropriate, charges will be filed. Specific procedures will be followed if a case is referred to the Judicial Board.

If a student is charged with a violation of the rules and regulations the following options exist: a student may choose an Administrative Hearing, a university judicial board hearing, or any administrative action in which a student chooses to plead guilty to the charges and waives the right to a hearing. The Office of Student Affairs will impose a sanction.

If a student, club, or organization fails to respond to the letter of charge(s) by the deadline by either pleading responsible or not responsible SUNY Fredonia will assume a plea of not responsible. The case will be sent to an Administrative Hearing and the student, club or organization will be notified of the hearing date and time at least two weeks in advance of the hearing. A hold will be placed on the student’s record pending the outcome of the hearing. A student held restricts a student from registering from classes, dropping or adding classes, and obtaining an official transcript. The club or organization in question will have all privileges suspended pending the outcome of the hearing.

Administrative Sanction Hearing

In an administrative sanction hearing, the Coordinator of Judicial Affairs meets with the accused student to hear the case. This option is usually chosen if a student pleads responsible to the charges and accepts the appropriate sanction. This option requires that the student waive his/her right to another hearing and to the right to appeal the decision.

Administrative Hearing

The Administrative Hearing body consists of three university faculty/administrators. The Administrative Hearing board hears the case, weighs the evidence and testimony of witnesses, determines responsibility or non-responsibility of the accused and makes a sanction recommendation to the Vice President for Student Affairs. The accused student will be determined responsible or non-responsible by the preponderance of the evidence. Preponderance of evidence means evidence that would lead a reasonable person to conclude that it is more likely than not that the act in question did occur or that the fact or proposition is true.

Judicial Board Hearing

The University Judicial Board is comprised of twelve (12) members. Approximately six students and six faculty/staff members are appointed for a term of one year. Members are nominated by the Student Affairs Committee or a subcommittee of the Student Affairs Committee and appointed by the University President. The Judicial Board hears the case, weighs the evidence and testimony of witnesses, determines responsibility or non-responsibility of the accused and makes a sanction recommendation to the Vice President for Student Affairs. The accused student will be determined responsible or non-responsible by the preponderance of the evidence. Preponderance of evidence means evidence that would lead a reasonable person to conclude that it is more likely than not that the act in question did occur or that the fact or proposition is true.

To proceed with a hearing, a minimum of five Judicial Board members must be present. If less than five members are present the accused must agree in writing in order to have the hearing.

Procedures for the University Judicial Board:

Step 1: A charge for violation may be placed against any student by any other student or by a member of the university community by giving written notice of the charge signed by the complainant to the Office of Student Affairs.

Step 2: The Office of Student Affairs shall give notice of the specific charges against the student, in writing. The notice shall clearly indicate the offense with specific reference to the violated regulation and shall indicate the time and place of the initial meeting with the Coordinator of Judicial Affairs. If the student/organization requests a hearing, a separate notice shall be presented to the accused at least five (5) days prior to the hearing. In extreme cases, the five-day notification period may be waived if deemed necessary by the Vice President for Student Affairs.

A student may waive, in writing, the requirement of a hearing. In such cases, the hearing body will consider the evidence. If the student does not waive the requirements of a hearing and does not appear for such a hearing his/her case will be considered by the hearing body and decision will be rendered in his/her absence.

Step 3: The Office of Student Affairs shall assure that any student charged with violating university rules or regulations has, prior to appearing before the Judicial Board, been presented with a statement defining the composition and authority of the Judicial Board.

Step 4: The Judicial Board shall examine all relevant facts and circumstances presented at the hearing. A record of the hearing shall be kept to enable review and every reasonable attempt shall be made to keep the matter appropriately confidential. All hearings are tape-recorded, however, in the event of equipment failure a board member(s) will take notes to ensure accurate recording of the hearing. SUNY Fredonia will not be responsible for turning tape recorded records into written transcript form. Grounds for appeal will also not be considered due to equipment failure.

Step 5: At the hearing, the student shall have a full opportunity to explain the circumstances surrounding the incident and shall be able to present pertinent evidence and testimony of witnesses. In addition, the student shall have
the opportunity to ask questions of any witnesses, respond to written statements submitted against him/her and to respond to questions. The Judicial Board shall also have the right to call witnesses, and to review materials. The student shall have the right to be assisted by an advisor and/or attorney of his/her choice. The advisor or attorney may not participate in the hearing.

Step 6: All student judicial history will be withheld from the board members until a finding of responsibility has been made. If a student is found responsible for violating university policy, judicial history will be shared with the board members prior to sanction deliberation.

Step 7: The Judicial Board shall notify the student in writing of its final decision.

Should the final decision of a Judicial Board involve Disciplinary Warning or Disciplinary Probation, the decision made by the Judicial Board shall be final unless a timely appeal has been made to the University President or his/her designee. The student shall have the right to appeal to the University President or his/her designee in writing within five (5) days from the mailing of such notification. An appeal will be considered if there is significant new information or material relevant to the case that was not presented during the hearing, or for a claimed violation of the student’s due process rights.

In cases involving suspension or dismissal, the Judicial Board shall recommend such action to the President of the university or his/her designee, in which case the University President’s decision shall be final.

Policies of Judicial Board
(a) The Judicial Board shall not discuss or review matters under consideration outside of the hearing. Failure of a Judicial Board member to uphold this provision renders such member subject to impeachment procedures by the Student Affairs Committee. Impeachment shall be by a two-thirds vote of that committee. Any violation of this section shall not affect the proceedings of the Judicial Board in a determination of the case.

(b) No member of the Judicial Board shall be either a witness before the court or a person previously engaged in formulating the charge or in presenting materials relating to the case.

(c) Judicial Board records shall be filed with the Office of Student Affairs and released only with the permission of the Judicial Board, the Coordinator of Judicial Affairs or the alleged violator. Records shall be kept for seven years.

(d) The Judicial Board may adopt bylaws not inconsistent with these rules and regulations upon the affirmative vote of not less than five members.

(e) The Judicial Board shall be composed of twelve (12) members. Approximately six students and six faculty/staff members are appointed for a term of one year. Members are nominated by the Student Affairs Committee or a subcommittee of the Student Affairs Committee and appointed by the University President.

(f) In order to be nominated, a student must have attained sophomore status (24 credit hours). All members of the Judicial Board must have been a member of the university community for at least one semester before taking office.

No student may serve if he or she is on probation at the time of the appointment. No member of the Judicial Board may be a voting member of the Student Association, University Senate, or the Student Affairs Committee.

Policy for Involuntary Leave for Medical/Psychological Reasons
Standards for Involuntary Leave
(a) Authority for the policy: “In the legitimate interest of the university in protecting property and the safety and welfare of specific individuals or the general public, the University President or his/her designee may temporarily suspend an individual pending a decision by a university hearing board” (Student Rights and Responsibilities, Undergraduate Catalog).

(b) Proscribed Behavior: Any student who:

1. Engages, or threatens to engage, in behavior which poses imminent danger of causing substantial harm to self and/or others, or

2. Engages, or threatens to engage, in behavior which would cause significant property damage, or directly and substantially impede the lawful activities of others, shall be subject to involuntary withdrawal in accordance with the procedures set forth below.

Procedure for Leave
(a) Upon preliminary investigation, the student will be required to leave the university for at least a week. In that period, the student will be required to obtain a psychological/medical evaluation. This evaluation will be shared with the Office of Student Affairs and the Director of Counseling.

(b) In order to return to school the student also must be evaluated by the Director of Counseling. If cleared to return to school, a contract will be developed which prescribes responsibilities of the student. These responsibilities may include: ongoing counseling, removal from residence life, refraining from alcohol or drug use, etc. Failure to comply with this contract would result in immediate suspension from the university.

Ex-Offenders Review Board
If a student has answered "yes" to question 19a or b on the SUNY Application for Admissions or has a pending charge of a felony or has been convicted of a felony, additional information will be needed in order to process the admission/reinstatement application.

It is the policy of the university of Fredonia to require supplemental information from applicants who have been convicted of a felony or who have been dismissed from other colleges due to disciplinary misconduct. This information will be reviewed by the Admissions Review Committee.

The Admissions Review Committee may deny admission to applicants based on an individual’s prior conduct or conviction where the admission “would involve an unreasonable risk to property or to the safety or welfare of specific individuals or the general public” (Corrections Law, section 752). The committee may also recommend the applicant be admitted with or without special conditions relating to major selection, course scheduling, involvement in campus activities or campus housing.
Consensual Relationships (Faculty/Staff and Students)
The university does not encourage intimate consensual relationships between faculty/staff and students, and has a policy prohibiting intimate relationships between university personnel and students. The Faculty Handbook provides guidelines regarding this type of relationship and states the following:

“It is the sense of faculty through its University Senate that intimate consensual relationships between university personnel and students create the potential for abuses of authority and for both actual and apparent conflicts of interest.”

Students should be aware that if they enter into this type of relationship with university personnel, there may be consequences that impact on their educational experience. This may mean a student thus involved would be unable to take a course from this person or in any way be subject to their supervision authority.

Students with concerns in this matter are encouraged to contact the Office of Student Affairs, Sixth Floor, Maytum Hall, 673-3271 or the Office of Academic Affairs, Eighth Floor, Maytum Hall, 673-3335.

Academic Integrity Policy
I. Opening Statement
The State University of New York at Fredonia holds that the life of the mind and personal integrity go hand in hand, and are inseparable. Adherence to this philosophy is essential if we are to facilitate and promote the free and open exchange of ideas upon which our university mission relies. An essential component of the academic experience at SUNY Fredonia is the conviction that academic goals must be achieved by honorable means. It is expected, therefore, that all students attending the State University of New York at Fredonia will support and abide by all provisions of the following Academic Integrity Policy. It is further understood that by enrolling in courses, students are agreeing to the rules and regulations set forth below.

In order to protect the value of the work accomplished by each student and instructor, our academic community depends upon certain honorable standards of behavior from all its members. SUNY Fredonia trusts all students will refrain from participating in any behavior that will inhibit the pursuit of honest academic advancement. To help students avoid activities that can be construed as dishonest or as violations of academic integrity, a partial list of prohibited behaviors and activities is outlined below. This policy is not intended to limit decisions of faculty of professional programs that operate under more restrictive policies and/or have externally monitored procedures for addressing violations of academic integrity.

II. Violations of Academic Integrity
Violations of academic integrity are described within four broad, overlapping categories: Fraud, Plagiarism, Cheating, and Collusion. Examples of violations of academic integrity include, but are not limited to, those described herein:

A. Fraud
Behaving deceptively, misrepresenting oneself or another person, and falsifying official print and/or electronic documents are actions that seriously undermine the integrity of any social institution and may result in criminal prosecution. In a university setting, fraudulent behavior includes but is not limited to:

1. Forging or altering official school documents, whether in print or electronic form, such as grade reports or transcripts, enrollment documents, transfer credit approvals, etc.
2. Forging or tampering with any university correspondence or medical excuses.
3. Tampering with attendance records, such as one student signing for another student.
4. Tampering with or interfering with grading procedures.
5. Misreporting or misrepresenting earned credentials, including academic status, class standing, and GPA.
6. Taking an exam in place of another student.
7. Failing to disclose necessary information on official university forms.

B. Plagiarism
Plagiarism consists of presenting the work of others as one’s own. It is unethical to copy directly the words or work of other authors or artists without giving them credit. It is also unethical to rearrange or add a few words to another author's text while leaving the majority unaltered or to take an author's unique idea or discovery and to represent it as one’s own. Specific examples of plagiarism include, but are not restricted to, the following examples:

1. Copying the work of another author and/or artist without giving proper credit in the text or reference to the artwork, presentation or performance; neglecting to cite the original in a footnote; and/or failing to identify full and proper documentation in the list of works cited or sampled for presentation or performance.
2. Implying that another author's words, works, or ideas are one's own. Quoting without the use of quotation marks falsely implies originality and is, therefore, an act of plagiarism.
3. Incorporating into a paper or assignment without acknowledgement verbatim corrections or other suggestions that were made by someone other than oneself, the instructor, or an assigned editor.
4. Taking information from one source (such as the Internet) and citing it as coming from another source (such as a required text or article).
C. Cheating
In all academic situations, any behavior that subverts the purpose of an academic assignment constitutes cheating, whether one actively commits the act of dishonesty on one’s own behalf or enables someone else to do so. Examples of cheating include but are not limited to the following:

1. Copying someone else’s work or permitting one’s own work to be copied. Whether involvement in the copying process is active or passive, these acts constitute violations of academic integrity if a student is at all complicit.

2. Using unsanctioned materials, notes, software, and/or equipment (such as a programmable calculator).

3. Intentionally providing or seeking questions to an exam that will be given in a later section or used as a make-up exam.

4. Communicating or sharing information during an exam obviously constitutes cheating, as does taking an exam for someone else.

D. Collusion
Most colleges and universities support some opportunities for collaborative learning, but unauthorized collaboration is considered collusion. Unless collaboration is expressly permitted by the instructor, students should work alone. Even when an instructor authorizes collaboration, collusion may still occur. In all cases, work submitted should reflect an individual’s own effort. Examples of collusion include, but are not limited to, the following situations:

1. A pair or larger group of students studies a problem, one of the students formally writes and/or types the results, the other members of the group copy the results, and each individual submits the work as his/her own.

2. A pair or larger group of students work on a series of problems or tasks, each student completes a portion of the problem set or task, the students combine their work, and each student submits the entire problem set or task as his/her own.

3. A course instructor assigns a task or problem to be completed outside of class and explicitly instructs students not to discuss the task or problem with one another, a part or larger group of students discuss or work together on the task or problem, and each individual submits the results as his/her own.

III. Judicial Procedures for Violations of Academic Integrity
A. Stage One: Departmental Level

1. An instructor who suspects a violation of the academic integrity policy will collect all information and materials related to the offense.

2. The instructor will meet with the student to present his/her charge, and the student will be given an opportunity to answer and explain. If the instructor and the student then agree that no violation has occurred, the matter is resolved and the process ends at this point. If, however, the instructor finds that a violation has occurred, whether the student admits or does not admit guilt, the matter must be communicated to the department chairperson (see No. 3 directly following). A student will not be allowed to drop a course to avoid a course sanction or to suspend judicial procedures.

3. For all cases in which the instructor determines that the student has plagiarized, cheated, colluded, or committed any act of academic dishonesty, the instructor will briefly summarize the offense in writing to his/her departmental chairperson. Copies of all information and materials related to the offense shall accompany this correspondence.

4. After appropriate consultation, the chairperson and the instructor will jointly notify the student in writing about the charge and the resulting sanctions. At this stage, some possible departmental sanctions include but are not limited to the following: a formal warning, a grade of zero being assigned to the particular performance, and/or a failing grade being given for the course. The letter from the chairperson and the instructor may also recommend that the Academic Integrity Review Board hear the case and consider, among several options, placing the student on disciplinary probation, temporarily suspending the student, or permanently expelling the student from the university.

5. Because a student may plagiarize and/or violate provisions of academic integrity in more than one department, the chairperson is required to submit a copy of all correspondence and relevant materials to the appropriate dean of the department in which the offense occurred. For undergraduate students, these materials will be delivered to the Dean of the College of Arts and Humanities, Dean of the College of Natural and Social Sciences, or the Dean of the College of Education; for graduate students, materials will be delivered to the Dean of Graduate Studies. The dean will then prepare a full packet of copies for the Vice President for Student Affairs in whose office the packet will be filed as part of the required maintenance of student disciplinary records.

B. Stage Two: Appeal

1. Within 14 calendar days after the chairperson has mailed the letter, the student may decide to appeal the departmental decision. If so, she/he must send a letter of intent to the Vice President for Academic Affairs, with copies sent at the same time to the chairperson in whose department the charge originated, the appropriate dean, and the Vice President for Student Affairs. Upon receipt of such communication and in a timely manner, the Vice President of Academic Affairs will contact the Chair of the Academic Integrity Review Board who will call together the members of the board for a formal hearing. Throughout the appeal process, the charged student is assumed not guilty, and in most circumstances, she/he has the right to remain in class.

2. After the same 14 days, if the student has not appealed, the university will act upon the assumption that the student has accepted the departmental decisions and any sanctions therein. Enforcement of these sanctions hereafter rests with the Office of the Vice President for Student Affairs.

3. If the department has recommended additional sanctions outside its academic purview (probation, suspension, etc.), the Academic Integrity Review Board will
be convened to determine if a hearing should be held. If a hearing is scheduled, the Chair of the Academic Integrity Review Board will contact the accused student at least five days in advance.

4. Even if a student does not file a formal appeal within the above time limit, the Vice President for Student Affairs must notify the Chair of the Academic Integrity Review Board whenever a second or subsequent violation is submitted to a student’s disciplinary record. The Academic Integrity Review Board will then be convened to review all charges filed and may impose additional sanctions. The Academic Integrity Review Board will consider repeated violations of any or all of the provisions in the Academic Integrity Policy as grievous.

C. Stage Three: Academic Integrity Review Board

1. Whether the student who has been charged decides to appeal the departmental decision, or the Academic Integrity Review Board votes to initiate formal proceedings as the result of other circumstances (see above), the Academic Integrity Review Board will hear and rule on the case. A charged student has the right to select a willing student, faculty member, or an administrative staff member of the university to advise him/her throughout the review process. This non-legal adviser must be a current member of the SUNY Fredonia community (faculty, staff, student), and the adviser may accompany the charged student and advise him/her at any meetings. To avoid conflicts of interest, this adviser may not be selected from the members of the Academic Integrity Review Board.

2. At least one member from each category below is required. A quorum of six members including at least one student representative will be selected from the following categories:

   (a) The Chair of the Academic Integrity Review Board who is a full-time tenured faculty member jointly appointed by the President of the university and the Vice President for Academic Affairs and subsequently approved by the University Senate. The chair’s term will be two years with the option of renewal, pending reappointment and re-approval.

   (b) Either the Vice President for Student Affairs or the Associate Vice President for Student Affairs will provide board access to pertinent Student Disciplinary records and will participate as an ex officio member (see No. 4 below). Before witnesses speak or before questions are asked, this representative of Student Affairs will present a summary of the case.

   (c) At least one, but preferably two, undergraduate (or graduate, if pertinent) student representatives selected by the university deans and after nominations by the Joint Chairs and Directors which includes directors and chairpersons of all schools and departments. No two students majoring in a single department will be invited to serve concurrently. To insure that perspectives from a diverse student population are fairly and freely heard, one student will major in an Arts and Humanities department and one will major in a Natural and Social Sciences department, and/or one in Education.

   (d) The appropriate dean preferred, but one of the other three deans may act in his/her stead whenever necessary.

   (e) Two chairs of departments, one from Arts and Humanities, one from Natural and Social Sciences, and a designee from the College of Education.

   (f) An additional faculty member from a department not represented by individuals in (a) and (e) above.

3. The Chair of the Academic Integrity Review Board, after prior consultation with the assembled board, may call witnesses, and the student who has been charged may also call witnesses. At the conclusion, the charged student will be asked to address the allegation by pleading guilty or not guilty, and she/he then has the right to speak on his or her behalf. All participants in this hearing will be informed that deliberations are to remain strictly confidential. Hearings of the judicial Review Board will be tape recorded to provide a record of the proceedings.

4. After the hearing, the Academic Integrity Review Board will deliberate and make a formal decision. In the final determination, each of the members of the board, including the Chair of the Board, will cast a single and equally weighted vote. In the event of a tie vote concluding a case, the Chair of the Board will cast an additional vote. Voting will be conducted by written ballot, and the results will be disclosed to board members. Board members are not to disclose either the board’s determination or any specifics related to the voting.

5. In a timely manner, the Chair of the Academic Integrity Review Board will complete the hearing report and will deliver copies to the chairperson in whose department the charge originated, the Vice President for Academic Affairs, and the Vice President for Student Affairs. The final report of the Academic Integrity Review Board will include the following:

   (a) A determination of Not Guilty (no violation of academic integrity has been found) or Guilty (the student has been found responsible for the charged violation on the basis of the evidence submitted or has admitted guilt).

   (b) If the student had been found guilty of violating the Academic Integrity Policy, the penalty must also be identified. Sanctions or penalties imposed should be commensurate with the offense and will take into account the student disciplinary records on file.

6. On the same day the board’s decision is delivered to the three individuals above (No. 5), the student will be informed of the board’s decision in a meeting with the Vice President for Student Affairs and the Chair of the Academic Integrity Review Board. The student will then be given a copy of the hearing report prepared by the Chair of the Academic Integrity Review Board.

7. Should the student decide to appeal the Academic Integrity Review Board’s decision, he or she may do so in a written justification to the President of the university but only if/when the substance of the presented case has changed (i.e., additional and significant evidence is discovered).

IV. Maintenance of Student Disciplinary Records

Individual files on all students who are formally charged with violations of the Academic Integrity Policy will be prepared at the time of the student’s initial offense and maintained for 10 years thereafter in the Office of the Vice President for Student Affairs. Instructors and chairpersons will initiate this process by submitting, to their dean, a copy
of the information and materials related to the offense and a copy of the departmental letter which identifies the charge and which has been mailed to the student. All subsequent materials related to the charge will be copied in the dean's office and delivered to the Vice President for Student Affairs for the student's disciplinary file.

Statement Regarding SUNY Fredonia’s Celebration of Diversity

The university welcomes the experience, talent, and surge of energy that comes from a culturally diverse campus. It has pledged to ensure that everyone is treated fairly, without degradation of race, religion, ethnicity, gender, affection orientation, physical/mental challenge, or any other characteristic not germane to a person's rights or human worth. Campus specifically prohibits:

- Fighting and threats to, physical abuse of, or harassment that threatens or does endanger the health, safety, or welfare of a member of the university.
- Engaging in any action or situation that which recklessly or intentionally dangers the mental or physical health of a member of the university community; creating in a situation that results in the discomfort of, or harassment or excessive ridicule of a member of the university community.

All members of the campus community are expected to live, learn and work with a foundation of understanding and appreciation of differences. Faculty and staff, as mentors and educators, are encouraged to support this policy through personal interactions with students, classroom discussion, and careful selection of curricular materials and content.

Policy Statement on Religious Absences

The Education Law of New York says, in part:

1. No person shall be expelled from or be refused admission as a student to an institution of higher education for the reason that he/she is unable, because of his/her religious beliefs, to attend classes or to participate in any examination, study, or work requirement on a particular day or days.

2. Any student in an institution of higher education who is unable, because of his/her religious beliefs, to attend classes on a particular day or days shall, because of such absence on the particular day or days, be excused from any examination or any study or work requirements.

3. It shall be the responsibility of the faculty and of the administrative officials of each institution of higher education to make available to each student who is absent from school, because of his/her religious beliefs, an equivalent opportunity to make up any examination, study, or work requirements which he/she may have missed because of such absence on any particular day or days. No fees of any kind shall be charged by the institution for making available to such student such equivalent opportunity.

4. If registration, classes, examinations, study or work requirements are held on Friday after four o'clock post meridian or on Saturday, similar or makeup classes, examinations, study, or work requirements shall be made available on other days, where it is possible and practicable to do so. No special fees shall be charged to the student for these classes, registration, examinations, study, or work requirements held on other days.

5. In effectuating the provisions of this section, it shall be the duty of the faculty and of the administrative officials of each institution of higher education to exercise the fullest measure of good faith. No adverse or prejudicial effects shall result to any student because of his/her availing himself/herself of the provisions of this section.

6. Any student, who is aggrieved by the alleged failure of any faculty or administrative officials to comply in good faith with the provisions of this section, shall be entitled to maintain an action or proceeding in the Supreme Court of the county in which such institution of higher education is located for the enforcement of his/her rights under this section. It shall be the responsibility of the administrative officials of each institution of higher education to give written notice to students of their rights under this section, informing them that each student who is absent from school, because of his or her religious beliefs, must be given an equivalent opportunity to register for classes or make up any examination, study or work requirements for which he or she may have missed because of such absence on any particular day or days. No fees of any kind shall be charged by the institution for making available to such student such equivalent opportunity.

7. As used in this section the term “institution of higher education” shall mean any institution of higher education, recognized and approved by the Regents of the University of the State of New York, which provides a course of study leading to the granting of a post-secondary degree or diploma. Such term shall not include any institution which is operated, supervised or controlled by a church or by a religious or denominational organization whose educational programs are principally designed for the purpose of training ministers or other religious functionaries or for the purpose of propagating religious doctrines. As used in this section, the term "religious belief" shall mean beliefs associated with any corporation organized and operated exclusively for religious purposes, which is not disqualified for tax exemption under Section 501 of the United States Code.

Policies on Motor Vehicles

All members of the university community (students, faculty, and staff) who park cars or other motor vehicles on campus between the hours of 7 a.m. and 5 p.m. must register their vehicle each semester within seven days after classes begin. When a new or borrowed vehicle is brought on campus, University Police (673-3333) must be notified immediately in order to avoid unnecessary ticketing. Any vehicle obtained during the semester must be registered within 48 hours at the Office of Student Accounts.

Regulations Governing Motor Vehicle Use and Campus Parking Facilities, is available online at www.fredonia.edu/UPD/parkingregulations.htm.

Students, faculty and staff shall comply with all traffic and parking regulations in all campus areas and shall comply with all published regulations or be subject to fines. Failure to comply can result in the loss of campus driving, parking and vehicle registration privileges.
Computer and Network Usage Policy

(As amended with the Vice President for Academic Affairs approval Dec. 9, 2004)

I. Introduction

Access to modern information technology is essential to the state university mission of providing the students, faculty, and staff of SUNY Fredonia with educational services of the highest quality. The pursuit and achievement of the SUNY mission of education, research, and public service require that the privilege of the use of computing systems and software, internal and external data networks, as well as access to the World Wide Web, be made available to all those of the SUNY community. The preservation of that privilege for the full community requires that each faculty member, staff member, student, and other authorized user comply with institutional and external standards for appropriate use.

To assist and ensure such compliance, SUNY Fredonia establishes the following policy which supplements all applicable SUNY policies, including sexual harassment, patent and copyright, and student and employee disciplinary policies, as well as applicable federal and state laws.

II. Authorized Use

SUNY Fredonia computer facilities are a resource for members of the campus community, to be utilized for work consistent with the instructional, research, and administrative goals of the university.

As a condition for use of the computing facilities, all users must adhere to the regulations below.

(a) Authorized Activities. SUNY Fredonia computer facilities shall be utilized solely for work consistent with the instructional, research, and administrative goals of the university, as defined in the SUNY Fredonia “Missions and Goals” statement and the SUNY Policy Manual, Item 007.1.

(b) User Privacy. Users shall respect the privacy of others. Users shall not intentionally view information of other users, modify or obtain copies of other users’ files, or modify other users’ passwords without their permission.

Freida computers and networks are designed to protect user privacy; users shall not attempt to circumvent these protections.

(c) System Integrity and Denial of Service. Users shall respect the system integrity of campus computing facilities. For example, users shall not intentionally develop or use programs that infiltrate a computing system, or damage or alter the software components of a computing or network system.

(d) Resource Accounting. Users shall not develop or use procedures to alter or avoid the accounting and monitoring of the use of computing facilities. For example, users may not utilize facilities anonymously or by means of an alias, and may not send messages, mail, or print files that do not show the correct username of the user performing the operation.

(e) Resource Usage. Users shall use the computing facilities in a responsible and efficient manner. Users shall not alter the lab microcomputers in any way. They are expected to refrain from deliberately wasteful practices such as printing unnecessary listings, performing endless unnecessary computations, or unnecessarily holding public terminals for long periods of time when others are waiting for the same resources. Users shall not develop or use procedures that obstruct authorized use by others. Users shall not interfere with microcomputer setups that are intended to keep microcomputer software current and legal. Users shall not install personal software in campus computing labs. Users shall not use applications that use an unusually high portion of the network bandwidth. Users shall avoid wasting computing resources by excessive game playing or other trivial applications; by sending chain letters or other frivolous or excessive messages locally or over the network; by printing excessive copies of documents, files, images, or data. Campus printing must pertain to academic work or personal intellectual growth and is limited to no more than 10 copies of an individual document. For example, printing 10 copies of a party announcement is not permitted.

(f) Copyrights and Licenses. Users shall not violate the legal protection provided by copyrights and licenses held by SUNY Fredonia. Users shall not make copies of any licensed or copyrighted computer program found on any SUNY Fredonia computer or storage device without the written authorization of Information Technology Services. U.S. Federal copyright law grants authors certain exclusive rights of reproduction, adaptation, distribution, performance, display, attribution, and integrity to their creations. Works of literature, photographs, music, software, film, and video works can all be copyrighted. Examples of probable violations of copyright laws include, but are not limited to: making unauthorized copies of any copyrighted material (such as commercial software, text, graphic images, audio, and video recordings); distributing copyrighted materials over computer networks or through other means; resale of data or programs, or the use of them for non-educational purposes or for financial gain; public disclosure of information about programs (e.g., source code) without the owner’s authorization.

(g) Academic/Administrative and ResNet Network Policy.

Anti-virus Protection Policy. Addedum effective. 10/23/01.

Every computer connected to the campus network will be required to run current anti-virus protection software. Campus-provided “managed” anti-virus protection will be placed on the majority of campus-owned personal computers. The campus provides anti-virus protection software for students to utilize. ResNet students may utilize a “managed” or “unmanaged” mode, as owners prefer and as operating systems allow. Non-ResNet student anti-virus protection is un-managed.

It will be the responsibility of “un-managed” clients wishing to use the campus network connectivity to keep anti-virus protection up-to-date. This “un-managed” client group would include:

- Campus-owned Macintosh, Linux, and UNIX-based machines
- Non-campus owned computers
- Student-owned computers for those students not wishing to utilize the managed anti-virus protection provided by the campus
In addition, out-bound ResNet e-mail will be filtered through a server that will scan and detect viruses. ITS and ResNet have the authority to disconnect computers from the network that have been detected as infected. The computer will remain disconnected until the user demonstrates the following: that the machine has been cleaned of viruses/worms, that an appropriate anti-virus product has been licensed for the machine through at least the end of the current academic year, and that the product has been installed and set up to automatically check for and install virus definition updates.

Second and subsequent infractions which result from a lack of an installed, licensed anti-virus product may result in additional penalties. Actions that are detrimental or inappropriate when accessing the university and Internet resources include but are not limited to the following:

- **Network naming conventions**: All student users must use the username assigned by the university ("abcd1234") for the computer name that will be displayed on the network. The description field is required to be left blank.
- **Shared connections**: A network connection supplied by the university is solely for the use of the individual subscriber assigned to that connection. Connections may not be shared among multiple users. All network subscribers cannot use any mechanisms (either hardware or software) to provide network connectivity to non-subscribers. Users shall not utilize the campus network to provide Internet access to any outside source, be it commercial or private. Users are personally responsible for all use of their computers and network connections and will be held accountable for any violations that occur involving their computer or network connections.
- **Network infrastructure**: All adds, moves, and changes of network infrastructure electronics including but not limited to products such as repeaters, hubs, concentrators, bridges, routers, and switches must be coordinated and installed by university personnel. This includes all cabling that is patched into these devices that provide connectivity. Addendum effective 12/09/04 - Users are prohibited from connecting any network device such as a hub, router, switch, or wireless access point to the provided ethernet jacks in the room to extend connectivity. For example, a user may not use a hub in their room or office to allow them to connect more than two devices to the network at a time.
- **Assigned IP address**: Alterations of any kind to the assigned IP address or related settings, including using an unauthorized IP address is prohibited. Addendum effective 12/09/04 - ResNet IP addresses are assigned dynamically and users are not permitted to configure static IP addresses, DNS addresses, etc.
- **File Sharing**: Users are responsible for the security of the system. All student shared files must be password protected. If users mis-configure the file sharing, others may be able to affect and alter a user’s computer. Users are responsible for the content of files that they distribute. Current laws may permit users to be sued for libel, invasion of privacy, software piracy, pornography, and other such crimes. SUNY Fredonia is not responsible for any loss of data that may occur if users choose to activate file sharing.

- **Copyright**: Distribution of copyrighted materials such as computer software and music is normally prohibited, except where a portion of copyrighted material may be part of the public domain. Providing copyrighted materials, including copyrighted music in mp3 format, is a violation of Federal Copyright Laws (U.S.C. Title 17).
- **Monetary gain**: Network access for monetary gain or for business activities of groups or organizations is prohibited. Re-sale of access or services is prohibited.
- **Domain registration**: The registration of commercial hostnames to a Network IP address is prohibited.
- **Servers**: Establishing a server or providing a service that over-utilizes the shared bandwidth is prohibited. FTP, Web servers, e-mail servers, and Napster are examples of server programs.
- **Port Scanning**: Scanning for computers on any network using port scanners or network probing software including packet sniffers is prohibited.

The university networks are monitored and violators of SUNY Fredonia policy will be denied service and referred to the proper authority, as noted in Section V of this policy.

(h) **Electronic Mail Policy**. The purpose of the policy is to ensure the proper use of SUNY Fredonia’s e-mail system by its students, faculty, and staff. Electronic Mail is a tool provided by the university to complement traditional methods of communications and to improve education and administrative efficiency. Users have the responsibility to use this resource in an efficient, effective, ethical and lawful manner. Use of the university’s e-mail system evidences the user’s agreement to be bound by this policy. Violations of the policy may result in restriction of access to SUNY Fredonia’s e-mail system and/or other appropriate disciplinary action.

- SUNY Fredonia owns all e-mail accounts run on its system.
- While incidental non-business personal use of e-mail is acceptable; conducting business for profit using university resources is forbidden.
- While the university will make every attempt to keep e-mail messages secure, privacy is not guaranteed and users should have no general expectation of privacy in e-mail messages sent through the Institutional system. Under certain circumstances, it may be necessary for the IT staff or other appropriate campus officials to access e-mail files to maintain the system, to investigate security or abuse incidents or violations of this or other Institutional policies. Such access will be on an as needed basis and any e-mail accessed will only be disclosed to those individuals with a need to know or as required by law.
- Individuals are responsible for saving e-mail messages as they deem appropriate. Due to limited
resources, the SUNY Fredonia ITS department has the right to restrict the amount of user space on the e-mail server as necessary and to purge and remove e-mail accounts of students who have not registered for a semester, as well as for other individuals no longer affiliated with the university.

- When using e-mail as an official means of communication, students, faculty, and staff should apply the same professionalism, discretion, and standards that they would use in written business communication. Furthermore, students, faculty, and staff should not communicate anything via e-mail that they would not be prepared to say publicly.
- Students, faculty, and staff may not improperly disclose university information in e-mail that they are privileged to access because of their position at the university.
- Approval and transmission of e-mail containing essential university announcements to students, faculty, and/or staff must be obtained from the appropriate authority. Only the offices of Vice President or President can authorize the sending of broadcast messages to a wide audience of students, faculty, and staff within the scope of their authority.
- ITS maintains the university’s official e-mail system
- Any inappropriate e-mail, examples of which are described below and elsewhere in this policy, is prohibited. Users receiving such e-mail should immediately contact the Associate Vice President for Information Technology Services.
  - The creation and exchange of messages that are harassing, obscene or threatening.
  - The unauthorized exchange of proprietary information or any other privileged, confidential or sensitive information.
  - The creation and exchange of advertisements, solicitations, chain letters and other unofficial, unsolicited e-mail.
  - The creation and exchange of information in violation of any laws, including copyright laws, or institutional policies.
  - The knowing transmission of a message containing a computer virus.
  - The misrepresentation of the identity of the sender of an e-mail.
  - The use or attempt to use the accounts of others without their permission.
- Newsgroups that are provided as a service to faculty, staff, and students are for posting university-related information. These will be monitored by those responsible for their content; any posted material deemed inappropriate may be removed without prior notification.

(i) **Personal Web Pages.** Users may create their own homepages. Faculty and students will have FTP (File Transfer Protocol) access to a personal directory on the university server where they can maintain their own homepage files. Under no circumstances should personal space and/or files be shared with other users. In designing a personal homepage, keep in mind that homepages may not be used for personal profit, nor to violate copyright, pornography or any other state or federal laws. The university reserves the right to monitor all work on the server and remove any personal homepage or files it determines have violated any of the policies. In addition, failure to comply with computing policies could, in some cases, lead to disciplinary action or criminal prosecution.

(j) **The University Website and Use of the Web Servers.**

- The SUNY Fredonia website, which begins at the home page www.fredonia.edu is a volume of documents on several servers created by diverse authors which, as linked, represents the university as an official publication.
- All departmental or student group web pages are part of the official university website, and are screened, monitored, coordinated, supervised, and controlled by the university webmaster, who retains the right to edit the pages.
- All official university web pages must be designed to meet standards of technology or content set by the university webmaster or any overriding authority such as SUNY or New York State.
- All authorized users of the web servers (for official or personal pages) will be restricted to 7 megabytes of hard drive space per folder, and all space is to be dedicated to web page use only. The university may allow authorized individuals more than 7 megabytes of space if a legitimate academic need is described to the webmaster. No personal file storage or other file activity is permitted on the web servers.
- When notified that they are exceeding the 7-megabyte limit, authorized users must delete a necessary amount of material in a time period specified by the webmaster or risk deletion of all files.
- Except that access is gained by request, web server and website user responsibilities and access policies are the same as those under Section III of this document. See sections on privacy, copyright, personal software, harassment, libel, slander, accounts, sharing of access, permitting unauthorized access, termination of access, circumventing security, breaching security, abuse of resources, private commercial purposes, political advertising or campaigning.
- All personal and official web pages will be free of content articulated in sections I and II of this document, in addition to pornography, hate speech, and non-university sponsored e-commerce.
- Any official or personal web pages that employ technological features beyond HTML, Java, JavaScript, client-side VBScript and CSS must be submitted for review and approval to the university webmaster.
- Web pages using applications such as ASP must be submitted for review and approval by the university webmaster.
- World-wide write access is prohibited on any personal or official page.
Policy Addendum (Approved 5/6/02)
University Website and use of the Web Servers

All university-based groups (including student groups) who select external web developers will be responsible for overseeing and maintaining quality control procedures and meeting the standards of technology and content set by the university webmaster or any overriding authority such as SUNY or New York State. External developers, with no current, formal or direct affiliation with the university, will not be authorized to possess individual accounts on the university’s web servers. All departments or student groups who choose to have an external developer work on their web pages must contact the Help Desk prior to commencing work.

All web pages, images or files that are located on the university web servers must be maintained and updated to reflect current and accurate content. In no instances should the web servers be utilized for storage or archiving purposes. Files that are no longer active or current must be removed from the university web servers periodically, upon the request of the university webmaster, or risk removal as deemed appropriate by the webmaster. The webmaster will periodically remind the campus community to purge its web server directories of all inappropriate or out-of-date files.

Web publishers are responsible for the content of the pages they publish on the university web server and are expected to abide by the highest standards of quality and responsibility. Content must be relevant to the university. Web authors and publishers are required to comply with all SUNY Fredonia university policies, as well as all local, state, and federal laws concerning appropriate use of computers and the Internet. Departmental web pages must conform to the design standards set forth by the university. Users should see the Checklist for Developing and Publishing New Web Pages located at: www.fredonia.edu/webresources/checklist.htm

The purpose of the web page is to provide information to students and colleagues and must contain the following as a minimum:

- All TITLE tags located within html files must use the following format to foster consistency, clear page identification, and increase rankings in search engines:
  
  TITLE FORMAT: Page Title – Departmental Name, SUNY Fredonia
  Example: <TITLE>Electronic Journals, Daniel A. Reed Library, SUNY Fredonia</TITLE>

- All web pages must include the university name “SUNY Fredonia.” Rationale: This will help identify the location if the user has entered the website without going through the home page.

- All pages must include a link back to the SUNY Fredonia home page (http://www.fredonia.edu).

In no instances should file names include spaces. Hyphens (-), underscores (_), alpha and numbers 0-9 are permissible.

- Correct Examples: FileName.html
  File-Name.html
  File_Name.html

- Incorrect Example: File Name.html

All web pages must meet the minimum web accessibility requirements as set forth under Section 508 of the Rehabilitation Act, and mandated by the New York State Office for Technology Policy 99-3. The policy requires that all New York State agencies’ websites provide universal accessibility to persons with disabilities.

All pages must include the following Meta tags for searching and identification purposes. If assistance is required, persons should use the following code example and replace all underlined information with keywords and a description that are specific to the person’s web page. (Copy and paste the code below; replacing underlined content with information specific to the person’s web page.)

<HEAD>
  
  <META NAME="keywords" CONTENT="Include important keywords from your web page here (i.e., SUNY, public, higher education, Fredonia, America’s Best Colleges, Blue Devils, music, liberal arts, Chautauqua County)">&lt;META NAME="description" CONTENT="Include a brief description of your web page here (i.e., SUNY Fredonia is a four-year comprehensive, public, liberal arts college in the Northern U.S., known for bachelor’s degree programs in music and education, and named one of America’s Best Colleges)">

</HEAD>

The university will host websites for non-university, non-profit organizations as long as their function is relevant to the overall university mission, and as long as there is an active member of the Fredonia campus community (faculty or staff holding a current appointment) who will serve as the sponsor for that website. Sponsors will be issued a special group account that may be used by the web developer, and sponsors will be responsible for maintaining and monitoring the organization’s web pages. All new websites or web pages must be submitted by the sponsor for review and approval to the university webmaster prior to uploading to the university servers. Sponsors must also notify the university webmaster any time the content on any of the pages has been modified. These non-campus, hosted websites must comply with all the policies that are required of official university web pages. The university webmaster reserves the right to edit content and revoke server permissions to any authorized user who does not abide by the policies set forth by SUNY Fredonia. - as approved by the Vice President for Academic Affairs 05/06/02.

(k) Recreational Use. Recreational use of computing facilities, including computer games and social network communication, is allowed only when no other instructional, research, or administrative function requires the resources being used. Anyone using a computer for recreational purposes is required to relinquish the computer immediately
to someone needing it for academic or administrative purposes.

(l) Academic Dishonesty. Practicing any form of dishonesty through use of computing facilities (for example cheating, plagiarism, or fraud) is prohibited.

(m) Harassment. Using computers or networks to harass, abuse or intimidate another person is prohibited. Users shall not develop or use programs that harass other users. Users shall be sensitive to the public nature of shared facilities, and take care not to display on screens in such locations images, sounds or messages that could create an atmosphere of discomfort or harassment for others.

(n) Obscenity. Obscene language in electronic mail, messages, process names, file names, file data, and other publicly visible forms is prohibited.

(o) Child Pornography. Federal Child Pornography Law makes it illegal to create, possess, or distribute graphic depiction of minors engaged in sexual activity, including computer graphics. Computers storing such information can be seized as evidence.

(p) Pornography. Pornography in electronic mail, file data, web sites, and other publicly visible forms, is prohibited.

III. Authorization
Information Technology Services authorize the use of SUNY Fredonia computer facilities by members of the campus community (faculty, staff, students, and other affiliated individuals or organizations authorized by SUNY Fredonia). Use by nonaffiliated institutions and organizations shall be in accordance with SUNY Administrative Procedures Manual Policy 007-1: Use of Computer Equipment or Services by Non-affiliated Institutions and Organizations. All who use SUNY Fredonia computer facilities have the responsibility to do so in an effective, efficient, ethical, and legal manner, as outlined below.

(a) User Accounts.
Use of SUNY Fredonia’s large computer systems requires that a user account be issued by the university, granting access to a particular system. Every computer user account issued by SUNY Fredonia is the responsibility of the person in whose name it is issued. University recognized clubs and student organizations may be issued a user account. Faculty advisors shall designate a particular person(s) authorized to act on behalf of the club or organization. This person(s) is responsible for all activity on the account and will be subject to university disciplinary procedures for misuse. The following will be considered theft of services, and subject to penalties described in Section V, below.

1. Acquiring a username in another person’s name;
2. Using a username without the explicit permission of the owner and of Information Technology Services;
3. Allowing one’s username to be used by another person without explicit permission of Information Technology Services.

(b) Termination of Access to Fredonia Computing Facilities
(1) Intentional violation of policies contained in this document will result in immediate termination of access.

(2) Access will also be terminated for:
   • Immediate termination of student access upon complete withdrawal from university courses.
   • Termination 90 days after student graduation.
   • Termination of faculty/staff 30 days after termination of employment.
   • Emeritus faculty and staff retain eligibility for use of Fredonia computing facilities.

(c) Restricted Access Systems
Access to selected administrative computers and programs is restricted on a “need-to-know” basis conforming to State University of New York policy guidelines. Unauthorized access or attempted access to these machines or data will constitute theft of services and will be subject to the penalties described in Section V, below. Authorization for use of these systems is granted solely by Information Technology Services, and reviewed by the campus Security Administrator.

(d) Password Security
It is mandatory that user accounts be kept secure by keeping passwords secret, and changing the passwords often. Users must set a password which will protect their account from unauthorized use, and which will not be guessed easily. Avoid selecting easily guessable passwords, for example nicknames, birth dates, and phone numbers. Users must report to Information Technology Services any use of a user account without the explicit permissions of the owner and of Information Technology Services.

(e) Microcomputing.
Use of SUNY Fredonia microcomputing facilities does not generally require that a user account be issued. The authorization to utilize university microcomputer facilities is granted to members of the campus community on condition that they adhere to the regulations specified in Authorized Use. While the public is not barred, Fredonia faculty, staff and students have priority use over microcomputing facilities. Public users may be asked to yield to Fredonia faculty, staff and students at any time. Microcomputing access may be granted to minors with written permission from their parent/guardian.

IV. Limitations on Users’ Rights
The issuance of a password or other means of access is to assure appropriate confidentiality of Fredonia files and information and does not guarantee privacy for personal or improper use of university equipment or facilities.

SUNY Fredonia provides reasonable security against intrusion and damage to files stored on the central facilities. Fredonia also provides some facilities for archiving and retrieving files specified by users, and for recovering files after accidental loss of data. However, the university is not
responsible for unauthorized access by other users or for loss due to power failure, fire, floods, etc. Fredonia makes no warranties with respect to Internet services, and it specifically assumes no responsibilities for the content of any advice or information received by a user through the use of Fredonia’s computer network.

Users should be aware that SUNY Fredonia computer systems and networks may be subject to unauthorized access or tampering. In addition, computer records, including e-mail, are considered “records” which may be accessible to the public under the provisions of the New York State Freedom of Information Law.

V. Unauthorized Use

Violation of the regulations above is unethical and may constitute a criminal offense.

Offenses will be dealt with according to any or all of the following: applicable Federal laws, Chapters 156 and 165.15 of the New York State Penal Law; the SUNY Fredonia Student Rights and Responsibilities; other laws, regulations, and policies of the campus, the State University of New York, the State of New York and the United States of America. Offenses may result in the suspension or permanent closing of usernames, campus disciplinary action, legal action and/or other action.

When Information Technology Services or the ResNet Office becomes aware of a possible violation, they will initiate an investigation in conjunction with the campus Security Administrator and/or relevant campus offices including the Office of Student Affairs, Human Resources Office, and University Police. Users are expected to cooperate fully in such investigations when requested.

In order to prevent further unauthorized activity during the course of such an investigation, Information Technology Services may suspend authorization for use of all computing facilities for the user(s) involved in the violation. Addendum effective 12/09/04 - ResNet reserves the right to temporarily suspend a user’s Internet connection pending the outcome of any required Administrative Sanction Hearing.

Appendix A: Definitions

(1) Computing Facilities include all mainframes, minicomputers, microcomputers, networks, and computer peripherals owned or operated by SUNY Fredonia.

(2) Users are individuals who make use of SUNY Fredonia computing facilities. Most users are students, faculty, and staff members of SUNY Fredonia. Some users are non-campus personnel authorized by the campus to make use of computing facilities, including volunteers for local non-profit agencies, scholars visiting from other SUNY institutions, and the like.

(3) A Username is a unique code assigned to each large system user by the SUNY Fredonia Information Technology Services. When used with a password chosen by the user, the username allows access to the large system computing facilities of the university.

(4) “Managed” anti-virus protection results in anti-virus upgrades being controlled by a server and “pushed” to the desktop.
SEXUAL DISCRIMINATION AND SEXUAL HARASSMENT

The University Policy
Sexual discrimination in the form of sexual harassment, defined as the use of one’s authority and power to coerce another individual into sexual acts or relations or to punish the other for his/her refusal, shall be a violation of the policy of SUNY Fredonia.

What Is Sexual Discrimination?
“No person in the United States shall on the basis of sex be excluded from participation in, be denied the benefits of, or be subject to discrimination under any education program or activity receiving Federal financial assistance.” Title IX of the Educational Amendments of 1972.

What Is Sexual Harassment?
Sexual harassment may include repeated unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature carried out by someone in the workplace or educational setting. Such behavior may offend the recipient, cause discomfort or humiliation and interfere with job or school performance.

Peer Harassment - Students have a right to an environment free from sexual harassment, not only by persons in positions of power, but by any member of the university community. Sexual harassment constitutes a serious threat to the free interaction and exchange necessary for educational and personal development.

Sexual harassment may range from inappropriate sexual innuendos to coerced sexual relations. It can happen to both men and women, but a woman is more often the victim.

What Can Be Done About Sexual Discrimination/Harassment?
What can a student do when he/she believes that...

- course material ignores or depreciates a student because of his/her sex?
- an adviser does not take a student’s career and educational goals seriously because she/he appears to believe them inappropriate for members of his/her sex?
- a student is denied resources, such as financial aid, teaching assistantships, or admission to a program for sexist reasons?
- a student is pressured by a professor or staff person to participate with him/her in social and/or sexual activities?

Students often feel powerless in such situations but there are people on campus who are willing to talk to them about those problems without any obligation on the part of either party. Such situations as those described above are not condoned by SUNY Fredonia nor the teaching profession. In some instances they occur out of ignorance and misunderstanding and need only to be brought to the attention of the professor. In other instances they can be considered unethical and subject to professional reprimand.

Actions A Student Can Take
(In suggested order)
1. The student can talk to the professor or staff person, carefully explaining why he/she views the particular comment, joke, course reading, action taken, etc. as sexist. The student should regard the meeting as a kind of consciousness-raising session where he/she can help him/her understand how he/she feels. Sometimes people aren’t aware of how their remarks or actions affect someone else, and communicating their feelings to the professor might be the most helpful to him/her in avoiding such actions in the future. The student is to be sure to prepare for the meeting ahead of time with documentation (e.g., class notes, tapes, specific comments he/she made and a logical presentation). Sometimes people don’t understand how sexist remarks can hurt; it might help the student to draw the analogy of racist or anti-ethnic remarks - “Would you make fun of a person’s skin color or ethnic background? Then why do so with sex?” To get support the student should consider going to see the professor with several other people from class. If he/she can’t find others in the class (and discussing the issues with other students in itself may help raise consciousness), he/she should take friends along who aren’t in the class. The student might also seek help from those listed below.

2. The student should contact university people and groups who are concerned about sexual discrimination. These people are willing to listen, discuss specific incidents, and provide help and advice if wanted:

   Sandra A. Lewis, Affirmative Action (ext. 3358)
   Ann McCarron Burns, University Police (ext. 3465)
   David E. Herman, Student Affairs (ext. 3271)
   Leanna White, Counseling Center (ext. 3424)
   Kathy Forster, Student Affairs (ext. 3271)
   Averl Otis, Multicultural Affairs (ext. 3398)

3. If a student has talked to the professor or staff person and sexual discrimination continues, the student should write a letter to him/her documenting the incidents and explaining why they are offensive. The student should state that he/she has not obtained results from previous discussion(s) and note the date(s) of the discussion(s). The student should send a carbon copy to the head of his/her department or unit and to one of the above-listed people. Students who fail to receive a satisfactory answer from the staff members and/or head, should request a meeting with the two of them and take along an objective third party (another professor or perhaps one of the people in the above list).

4. Students should not enroll in classes that are sexually discriminatory, and should let the professor know why they haven’t enrolled. In filling out course evaluation forms, a student should make it known why he/she has been offended by such discriminatory comments or actions. If the professor has responded to earlier complaints and has made efforts to change, support those efforts in the evaluation. Students are asked to remember to always give full support to professors who are fair and who treat students as human beings regardless of sex.
1. **Statement of Purpose.** The following rules are adopted in compliance with Section 6450 of the Education Law and shall be filed with the Commissioner of Education and the Board of Regents on or before July 20, 1969, as required by that section. Said rules shall be subject to amendment or revision and any amendments or revisions thereof shall be filed with the Commissioner of Education and Board of Regents within 10 days after adoption. Nothing herein is intended, nor shall it be construed, to limit or restrict the freedom of speech nor peaceful assembly. Free inquiry and free expression are indispensable to the objectives of a higher educational institution. Similarly, experience has demonstrated that the traditional autonomy of the educational institution (and the accompanying institutional responsibility for the maintenance of order) is best suited to achieve these objectives. These rules shall not be construed to prevent or limit communication between and among faculty, students, and administration, or to relieve the institution of its special responsibility for self-regulation in the preservation of public order. Their purpose is not to prevent or restrain controversy and dissent but to prevent abuse of the rights of others and to maintain that public order appropriate to a college or university campus without which there can be no intellectual freedom and they shall be interpreted and applied to that end.

2. **Application of Rules.** These rules shall apply to all state-operated institutions of the State University except as provided in Part 550 as applicable to the State University Maritime College. These rules may be supplemented by additional rules for the maintenance of public order herefore or hereafter adopted for any individual institution, approved and adopted by the State University Trustees and filed with the Commissioner of Education and Board of Regents, but only to the extent that such additional rules are not inconsistent herewith. The rules hereby adopted shall govern the conduct of students, faculty, and other staff, licensees, invitees, and all other persons, whether or not their presence is authorized, upon the campus of any institution to which such rules are applicable and also upon or with respect to any other premises or property, under the control of such institution, used in its teaching, research, administrative, service, cultural, recreational, athletic, and other programs and activities; provided however, that charges against any student for violation of these rules upon the premises of any such institution other than the one at which he/she is in attendance shall be heard and determined at the institution in which he/she is enrolled as a student.

3. **Prohibited conduct.** No person, either singly or in concert with others, shall:
   (a) willfully cause physical injury to any other person, nor threaten to do so for the purpose of compelling or inducing such other person to refrain from any act which he/she has a lawful right to do or to do any act which he/she has a lawful right not to do.
   (b) physically restrain or detain any other person, nor remove such person from any place where he/she is authorized to remain.
   (c) willfully damage or destroy property of the institution or under its jurisdiction, nor remove or use such property without authorization.
   (d) without permission, express or implied, enter into any private office of an administrative officer, member of the faculty, or staff member.
   (e) enter upon and remain in any building or facility for any purpose other than its authorized uses or in such manner as to obstruct its authorized use by others.
   (f) without authorization, remain in any building or facility after it is normally closed.
   (g) refuse to leave any building or facility after being required to do so by an authorized administrative officer.
   (h) obstruct the free movement of persons and vehicles in any place to which these rules apply.
   (i) deliberately disrupt or prevent the peaceful and orderly conduct of classes, lectures, and meetings or deliberately interfere with the freedom of any person to express his/her views, including invited speakers.
   (j) knowingly have in his/her possession upon any premises to which these rules apply, any rifle, shotgun, pistol, revolver, or other firearm or weapon without the written authorization of the chief administrative officer; whether or not a license to possess the same has been issued to such person.
   (k) willfully incite others to commit any of the acts herein prohibited with specific intent to procure them to do so; or
   (l) take any action, create, or participate in the creation of any situation which recklessly or intentionally endangers mental or physical health or which involves the forced consumption of liquor or drugs for the purpose of initiation into or affiliation with any organization.

4. **Freedom of Speech and Assembly:** Picketing and Demonstrations.
   (a) No student, faculty, or other staff member or authorized visitor shall be subject to any limitation or penalty solely for the expression of his/her views nor for having assembled with others for such purpose. Peaceful picketing and other orderly demonstrations in public areas of ground and building will not be interfered with. Those involved in picketing and demonstrations may not, however, engage in specific conduct in violation of the provisions of the preceding section.
In order to afford maximum protection to the participants and to the institutional community, each state-operated institution of the State University shall promptly adopt and promulgate, and thereafter continue in effect as revised from time to time, measures appropriate to such institution for the giving of reasonable advance notice to such institution of any planned assembly, picketing, or demonstration upon the grounds of such institution, its proposed locale and intended purpose; provided, however, that the giving of such notice shall not be made a condition precedent to any such assembly, picketing, or demonstration and provided, further, that this provision shall not supersede nor preclude the procedures in effect at such institution for obtaining permission to use the facilities thereof.

5. Penalties. A person who shall violate any of the provisions of these rules (or of the rules of any individual institution supplementing or implementing these rules) shall:

(a) If he/she is a licensee or invitee, have his/her authorization to remain upon the campus or other property withdrawn and shall be directed to leave the premises. In the event of his/her failure to do so he/she shall be subject to ejection.

(b) If he/she is a trespasser or visitor without specific license or invitation, be subject to ejection.

(c) If he/she is a student, be subject to expulsion or such lesser disciplinary action as the facts of the case may warrant, including suspension, probation, loss of privileges, reprimand, or warning.

(d) If he/she is a faculty member having a term or continuing appointment, be subject to dismissal or termination of his/her employment or such lesser disciplinary action as the facts may warrant including suspension without pay or censure.

(e) If he/she is a staff member in the classified service of the civil service, described in Section 757 of the Civil Service Law, be guilty of misconduct, and be subject to the penalties prescribed in said section.

(f) If he/she is a staff member other than one described in subdivisions (d) and (e), be subject to dismissal, suspension without pay, or censure.

(a) The chief administrative officer or his/her designee shall inform any licensee or invitee who shall violate any provision of these rules (or of the rules of any individual institution supplementing or implementing these rules) that his/her license or invitation is withdrawn and shall direct him/her to leave the campus or other property of the institution. In the event of his/her failure or refusal to do so, such officer shall cause his/her ejection from such campus or property.

(b) In the case of any other violator, who is neither a student nor faculty or other staff member, the chief administrative officer or his/her designee shall inform him/her that he/she is not authorized to remain on the campus or other property of the institution and direct him/her to leave such premises. In the event of his/her failure or refusal to do so such officer shall cause his/her ejection from such campus or property. Nothing in this subdivision shall be construed to authorize the presence of any such person at any time prior to such violation nor to affect his/her liability to prosecution for trespass or loitering as prescribed in the Penal Law.

(c) In the case of a student, charges for violation of any of these rules (or of the rules of any individual institution supplementing or implementing these rules) shall be presented and shall be heard and determined in the manner hereinafter provided in Section 553.9 of this Part.

(d) In the case of a faculty member having a continuing or term appointment, charges of misconduct in violation of these rules (or of the rules of any individual institution supplementing or implementing these rules) shall be made, heard and determined in accordance with Title D of Part 338 of the Policies of the Board of Trustees.

(e) In the case of any staff member who holds a position in the classified civil service, described in Section 757 of the Civil Service Law, charges of misconduct in violation of these rules (or of the rules of any individual institution supplementing or implementing these rules) shall be made, heard and determined as prescribed in that section.

(f) Any other faculty or staff member who shall violate any provision of these rules (or of the rules of any individual institution supplementing or implementing these rules) shall be dismissed, suspended, or censured by the appointing authority prescribed in the Policies of the Board of Trustees.

7. Enforcement Program.

(a) The chief administrative officer shall be responsible for the enforcement of these rules (or of the rules of any individual institution supplementing or implementing these rules) and shall designate the other administrative officers who are authorized to take action in accordance with such rules when required or appropriate to carry them into effect.

(b) It is not intended by any provision herein to curtail the rights of students, faculty, or staff to be heard upon any matter affecting them in their relations with the institution. In the case of any apparent violation of any of these rules (or of any individual institution supplementing or implementing these rules) by such persons, in the judgment of the chief administrative officer, he/she shall cause the ejection of any premises of the institution where their continued presence and conduct is in violation of these rules (or of the rules of any individual institution supplementing or implementing these rules).

(c) In any case where violation of these rules (or of the rules of any individual institution supplementing or implementing these rules) does not at the time of their occurrence and in other such situations as the chief administrative officer shall determine, the chief administrative officer or his/her designee shall cause the ejection of the violator from any premises which he/she occupies in such violation and shall initiate disciplinary action as hereinbefore provided.

(d) The chief administrative officer or his/her designee may apply to the public authorities for any aid which he/she deems necessary in causing the ejection of any violator of these rules (or of the rules of any individual institution supplementing or implementing these rules) and he/she may request the State University council to apply to any court of appropriate jurisdiction for an injunction to restrain the violation or threatened violation of such rules.

8. Communication. In matters of the sort to which these rules are addressed, full and prompt communication among all components of the institutional community, faculty, students, and administration, is highly desirable. To the extent that time and circumstances permit, such communication should precede the exercise of the authority, discretion, and responsibilities granted and imposed in these rules. To these ends each state-operated institution of the State University shall employ such procedures and means, formal and informal, as will promote such communication.

9. Notice, Hearing and Determination of Charges Against Students.*

(a) The term chief administrative officer, as used in these rules, shall be deemed to mean and include any person authorized to exercise the powers of that office during a vacancy therein or during the absence or disability of the incumbent and for purposes of this section shall also include any designee appointed by said officer.

(b) Whenever a complaint is made to the chief administrative officer of any state-operated institution of the university of a violation by a student or students of the rules prescribed in this Part (or of any rules adopted by an individual institution supplementing or implementing such rules) or whenever he/she has knowledge that such a violation may have occurred, he/she shall cause an investigation to be made and the statements of the complainants, if any, and of other persons having knowledge of the facts reduced to writing. If he/she is satisfied from such investigation and statements that there is reasonable ground to believe that there has been such a violation, he/she shall prepare or cause to be prepared charges against the student or students alleged to have committed such violation which shall state the provision of such rules prescribing the offense and shall specify the ultimate facts alleged to constitute such offense.

(c) Such charges shall be in writing and shall be served on the student or students named therein by delivering the same to him/her or them personally, if possible, or, if not, by mailing a copy of such charges by registered mail to such student or students at his/her or their usual place or places of abode while attending college and also to his/her or their home address or addresses, if different.

(d) The notice of charges so served shall fix a date for hearing thereon not less than 10 nor more than 15 days from the date of service which shall be the date of mailing where necessary to effect service by mail. Failure to appear in response to the charges on the date fixed for hearing, unless there has been a continuance for good cause shown, shall be deemed to be an admission of the facts stated in such charges and shall warrant such action as may then be appropriate thereon. Before taking such action by the hearing committee, hereinafter referred to, shall give notice to any student, who has failed to appear, in the manner prescribed in subdivision (c), of its proposed findings and recommendations to be submitted to the chief administrative officer and shall so submit such findings and recommendations 10 days thereafter.
unless the student has meanwhile shown good cause for his/her failure to appear, in which case a date for hearing shall be fixed.

(e) Upon demand at any time before or at the hearing, the student charged or his/her representative, duly designated, shall be furnished a copy of the statements taken by the chief administrative officer in relation to such charges and with the names of any other witnesses who will be produced at the hearing in support of the charges, provided, however, that this shall not preclude the testimony of witnesses who were unknown at the time of such demand.

(f) The chief administrative officer may, upon the service of charges, suspend the student named therein, from any or part of the institution’s premises or facilities, pending the hearing and determination thereof, whenever, in his/her judgment, the continued presence of such student would constitute a clear danger to himself/herself or to the safety of persons or property on the premises of the institution or would pose an immediate threat of disruptive interference with the normal conduct of the institution’s activities and functions; provided, however, that the chief administrative officer shall grant an immediate hearing on request of any student so suspended with respect to the basis for such suspension.

(g) There shall be constituted at each state-operated institution a hearing committee to hear charges against students of violation of the rules for maintenance of public order prescribed by or referred to in this Part. Such committee shall consist of three members of the administrative staff and three members of the faculty, designated by the chief administrative officer, and three students who shall be designated by the members named by the chief administrative officer. Each such member shall serve until his/her successor or replacement has been designated. No member of the committee shall serve in any case where he/she is a witness or is or has been directly involved in the events upon which the charges are based. In order to provide for cases where there may be such a disqualification and for cases of absence or disability, the chief administrative officer shall designate an alternate member of the administrative staff and an alternate member of the faculty, and his/her principal designees shall designate an alternate student member, to serve in such cases. Any five members of the committee may conduct hearings and make findings and recommendations as hereinafter provided. At any institution where the chief administrative officer determines that the number of hearings which will be required to be held is, or may be, so great that they cannot otherwise be disposed of with reasonable speed, he/she may determine that the hearing committee shall consist of six members of the administrative staff and six members of the faculty to be designated by him/her and of six students who shall be designated by the members so designated by him/her. In such event the chief administrative officer shall designate one of such members as chairperson who may divide the membership of the committee into three divisions each to consist of two members of the administrative staff, two faculty members, and two students and may assign charges among such divisions for hearing. Any four members of each such division may conduct hearings and make recommendations as hereinafter provided.

(h) The hearing committee shall not be bound by the technical rules of evidence but may hear or receive any testimony or evidence which is relevant and material to the issues presented by the charges and which will contribute to a full and fair consideration thereof and determination thereof. A student against whom the charges are made may appear by and with representatives of his/her choice. He/she may confront and examine witnesses against him/her and may produce witnesses and documentary evidence in his/her own behalf. There may be present at the hearing: the student charged and his/her representatives and witnesses; other witnesses, representatives of the institutional administration; and, unless the student shall request a closed hearing, such other members of the institutional community or other persons, or both, as may be admitted by the hearing committee. A transcript of the proceedings shall be made.

(i) Within 20 days after the close of a hearing the hearing committee shall submit a report of its findings of fact and recommendations for disposition of the charges to the chief administrative officer, together with a transcript of the proceedings, and shall at the same time transmit a copy of its report to the student concerned or his/her representative. Within 10 days thereafter the chief administrative officer shall make his/her determination thereon. Final authority to dismiss the charges or to determine the guilt of those against whom they are made and to expel, suspend, or otherwise discipline them shall be vested in the chief administrative officer. If he/she shall reject the findings of the hearing committee in whole or in part, he/she may make new findings which must be based on substantial evidence in the record and shall include them in the notice of his/her final determination which shall be served upon the student or students with respect to whom it is made.  

“Applies to charges for violation of the rules prescribed by or referred to in this Part heretofore served which have not been finally determined within 60 days after the adoption hereof, which charges shall be referred to the committee or institution pursuant to said Section 535.9 for determination in accordance therewith, and said section shall apply to all charges for violation of such rules hereafter made, whether for violations heretofore or hereafter committed.

10. Rules for Organizations.

(a) Organizations. Organizations which operate upon the campus of any state-operated institution or upon the property of any state-operated institution used for educational purposes shall be prohibited from authorizing the conduct described in subdivision (l) of section 535.3 of this Part.

(b) Procedure. The chief administrative officer at each state-operated institution shall be responsible for the enforcement of this section, and, as used herein, the term chief administrative officer shall include any designee appointed by said officer.

(1) Whenever the chief administrative officer has determined on the basis of a complaint or personal knowledge that there is reasonable ground to believe that there has been a violation of this section by any organization, the chief administrative officer shall prepare or cause to be prepared written charges against the organization which shall state the provision proscribing the conduct and shall specify the ultimate facts alleged to constitute such violation.

(2) Such written charges shall be served upon the principal officer of the organization by registered or certified mail, return receipt requested, to the organization’s current address and shall be accompanied by a notice that the organization may respond in writing to such charges within 10 days of receipt of said notice. The notice of the charge so served shall include a statement that the failure to submit a response within 10 days shall be deemed to be an admission of the facts stated in such charges and shall warrant the imposition of the penalty described in subdivision (c) of this section. The response shall be submitted to the chief administrative officer and shall constitute the formal denial or affirmation of the ultimate facts alleged in the charge. The chief administrative officer may allow an extension of the 10-day response period.

(3) Upon written request, by an authorized representative of the organization, the chief administrative officer shall provide the representative organization an opportunity for a hearing. A hearing panel designated by the chief administrative officer shall hear or receive any testimony or evidence which is relevant and material to the issues presented by the charge and which will contribute to a full and fair consideration thereof and determination thereof. The organization’s representative may confront and examine witnesses against it and may produce witnesses and documentary evidence on its behalf. The hearing panel shall submit written findings of fact and recommendations for disposition of the charge to the chief administrative officer within 20 days after the close of the hearing.

(4) Final authority to dismiss the charges or to make a final determination shall be vested in the chief administrative officer. Notice of the decision shall be in writing; shall include the reasons supporting such decision; and shall be served on the principal officer of the organization by mail in the manner described in paragraph (2) of this subdivision within a reasonable time after such decision is made.

(c) Penalties. Any organization which authorizes the prohibited conduct described in subdivision (l) of Section 535.3 of this Part shall be subject to the rescission of permission to operate upon the campus or upon the property of the state-operated institution used for educational purposes. The penalty provided in this subdivision shall be in addition to any penalty which may be imposed pursuant to the Penal Law and any other provision of law or to any penalty to which an individual may be subject pursuant to this Part.

(d) Bylaws. Section 6450(1) of the Education Law requires that the provisions of this Part which prohibit reckless or intentional endangerment to health or forced consumption of liquor or drugs for the purpose of initiation into or affiliation with any organization shall be deemed to be part of the bylaws of all organizations which operate upon the campus of any state-operated institution used for educational purposes. The statute further requires that each such organization shall review these bylaws annually with individuals affiliated with the organization.

(e) Distribution. Copies of the provision of this Part which prohibit reckless or intentional endangerment to health or forced consumption of liquor or drugs for the purpose of initiation into or affiliation with any organization shall be given to all students enrolled in each state-operated institution.
NEW YORK STATE EDUCATION DEPARTMENT COMPLAINT NOTICE

Persons should note that the State University at Fredonia administers internal procedures to receive, investigate and resolve student complaints concerning requirements established in this catalog. Informal and formal means by which students can seek redress of grievances are identified through this document. Students are assured of a reasonable and appropriate time frame for investigating and resolving a formal complaint, that final determination of each formal complaint will be made by a person or persons not directly involved in the alleged problem, and that assurances that no adverse action will be taken against a student filing a complaint and that notice to students about the state consumer complaint process has been made.

Informal and formal complaints should be initiated in the appropriate departments. In the absence of a timely response or resolution, a student should contact one of the following offices:

Office of the Vice President for Academic Affairs, Eighth Floor, Maytum Hall (Ext. 3335)
Office of the Vice President for Student Affairs, Sixth Floor, Maytum Hall (Ext. 3271)
Office of the Vice President for Administration, Fifth Floor, Maytum Hall (Ext. 3109)
Office of Human Resources, Fifth Floor, Maytum Hall (Ext. 3434)

In addition, in New York State, a complaint may be filed by any person with reason to believe that an institution has acted contrary to its published standards or that conditions at the institution appear to jeopardize the quality of the institution’s instructional programs or the general welfare of its students. Any person who believes he or she has been aggrieved by an institution may file a written complaint with the Office of College and University Evaluation.

How to File a Complaint

1. The person should first try to resolve the complaint directly with the institution by following the internal complaint procedures provided by the institution. An institution of higher education is required to publish its internal complaint procedure in a primary information document such as the catalog or student handbook. (The department suggests that the complainant keep copies of all correspondence with the institution.)

2. If a person is unable to resolve the complaint with the institution or believes that the institution has not properly addressed the concerns, he or she may send a letter to the Office of College and University Evaluation.

Persons should not send a complaint to the Office of College and University Evaluation until he/she has read all the information below. This will assure that he/she is sending the complaint to the appropriate agency/office.

The Office of College and University Evaluation handles only those complaints that concern educational programs or practices of degree-granting institutions subject to the

Regulations of the Commissioner of Education, with the exceptions noted below:

- The office does not handle anonymous complaints
- Complaints concerning programs in fields leading to professional licensure (e.g., nursing) should be directed to:
  Office of the Professions
  Professional Education Program Review
  Education Building, 2 West
  Albany, NY 12234
  - A complaint against a college in the State University system should be sent to:
    State University of New York
    Central Administration
    State University Plaza
    Albany, NY 12246
  - A complaint against a college in the City University system should be sent to:
    The City University of New York
    Central Administration
    535 East 80th St.
    New York, NY 10021
  - A complaint involving discrimination against enrolled students on the part of an institution or faculty, or involving sexual harassment, should be filed with the U.S. Office for Civil Rights, 75 Park Place, New York, NY 10007. Complaints about two-year colleges concerning sexual harassment/discrimination based on race, ethnicity, gender and disabilities may also be reported to the Office of Equity and Access, VATEA Program, 10th Floor, Education Building Addition, Hawk Street, Albany, NY 12234
  - A complaint of consumer fraud on the part of the institution should be directed to the Office of the New York State Attorney General, Justice Building, Empire State Plaza, Albany, NY 12223.
  - The Office of College and University Evaluation does not intervene in matters concerning an individual's grades or examination results, as these are the prerogative of the college's faculty.
  - The Office of College and University Evaluation does not handle complaints concerning actions that occurred more than five years ago.
  - The Office of College and University Evaluation does not intervene in matters that are or have been in litigation.
  - For a complaint about state student financial aid matters, persons should contact the Higher Education Services Corporation Center at 1-888-NYS-HESC.

Complainants should be aware that the Office of College and University Evaluation does not conduct a judicial investigation and has no legal authority to require a college or university to comply with a complainants request.

If a complaint does not fall into one of the exceptions noted above, persons should contact the Office of College and University Evaluation at www.highered.nysed.gov/ocue/home.html.

ADMINISTRATION 227
FREDONIA CAMPUS ADMINISTRATION
DENNIS L. HEFNER, President
Washington State University, Ph.D.

SANDRA A. LEWIS, Director of Affirmative Action
Marquette University, M.S.

DENISE M. SZALKOWSKI, Assistant to the President
SUNY Empire State College, A.S.

Academic Affairs
VIRGINIA S. HORVATH, Vice President for Academic Affairs
Kent State University, Ph.D.

MELINDA KARNES, Interim Associate Vice President for Academic Affairs
St. Louis University, Ph.D.

LEONARD E. FAULK JR., Associate Vice President for Information Technology
SUNY Fredonia, M.S.Ed.

LEONARD E. FAULK JR., Dean of Graduate Studies and Lifelong Learning University of Pittsburgh, Ph.D.

VIRGINIA S. HORVATH, Vice President for Academic Affairs
University of Pittsburgh, Ph.D.

Academic Affairs
DANIEL M. TRAMUTA, Interim Director of Admissions and Financial Aid
SUNY Fredonia, M.S.Ed.

ELIZABETH A. CURTIN-O’BRIEN, Associate Director
SUNY Fredonia, M.S.

President’s Award for Excellence in Professional Service

MICHAELE BLEYCHER, Associate Director
SUNY College at Buffalo, M.S.

AARON MARSHALL, Admissions Counselor
Pennsylvania State University, M.A.

JESSICA PENDL-COWAN, Assistant Director
SUNY College at Buffalo, M.S.

RACHEL SKEMER, Admissions Counselor
SUNY College at Buffalo, M.S.

FRANK WILLIAMS, Assistant Director
SUNY at Buffalo, M.S.

Advising
VIVIAN GARCIA CONOVER, Director; Associate Dean for Liberal Arts
Syracuse University Law School, J.D.

The State University Chancellor’s Award for Excellence in Professional Service

JOANNE L. MARTONIS, Senior Academic Advisor
SUNY Fredonia, M.A.

Career Development
JUDITH A. ELWINGER, Director
SUNY at Buffalo, Ed.M.

The State University Chancellor’s Award for Excellence in Professional Service

MARRIJA MALONEY PLAISTER, Assistant Director
SUNY College at Buffalo, M.S.

CHRIS LaGROW, Director
SUNY College at Buffalo, M.S.

Counseling Center
SALLY MURPHY, Director
University of South Dakota, Ed.D.

LEANNA WHITE, Senior Counselor
University of Missouri-Columbia, Ph.D.

TRACY LEVA, Professional Counselor
Ball State University, M.A.

JEFF JANICKI, Professional Counselor
Gannon University, M.S.

Disability Support Services for Students
(see Learning Center)

Educational Development Program
KATHLEEN BONDI, Director
SUNY College at Buffalo, B.S.

JANET A. KNAPP, Counselor
Canisius College, M.S.

KRISTIN A. DOBMEIER, Counselor
Canisius College, B.S.

Faculty Student Association
CHARLES NOTARO, Associate Vice President and FSA Executive Director
Canisius College, M.B.A.

President’s Award for Excellence

LORRIE CORSI, Director of Personnel
CHRISTOPHER ZENNS, Bookstore Manager
SUNY Fredonia, B.A.

JACQUELINE HOBSON, Executive Assistant
MATTHEW SNYDER, Controller
SUNY Oswego, B.S.

MICHAELE PROFFER, Director of Dining Services
University of Missouri at Columbia, M.A.

SUNY Fredonia, M.A.
SALLY EGAN-WITTIG, Special Programs Manager  
Corning Community College, A.S.

RICHARD SCHRANTZ, Director of Support Services

Field Experiences
ANN MARIE LOUGHLIN, Director  
Adelphi University, M.A.

ELIZABETH STARKS, Assistant to the Director  
SUNY Fredonia, B.S.Ed.

Financial Aid
DANIEL M. TRAMUTA, Interim Director of Admissions and Financial Aid  
SUNY Fredonia, M.S.Ed.

California Coast University, Ph.D.

Wei Zhang, Assistant Professor
Syracuse University, Ph.D.

Chemistry
James Bowser, Professor
Duke University, Ph.D.

Andrea Domst, Technical Specialist
SUNY Fredonia, B.S.

Matthew Fountain, Associate Professor
University of Rochester, Ph.D.

Mark Janik, Assistant Professor
SUNY at Binghamton, Ph.D.

Thomas Janik, Professor
SUNY at Buffalo, Ph.D.

Philip Kumler, Professor
University of Rochester, Ph.D.
The State University Chancellor’s Award for Excellence in Teaching

Holly Lawson, Associate Professor
SUNY at Buffalo, Ph.D.

Sherri A. Mason, Assistant Professor
University of Montana, Ph.D.

Michael Milligan, Associate Professor
Renssalaer Polytechnic Institute, Ph.D.

Mary Powers, Lecturer
SUNY Fredonia, M.S.

Communication
Linda C. Brigance, Associate Professor
University of Iowa, Ph.D.

Ann Carden, Assistant Professor
SUNY College at Buffalo, M.S.

Joseph C. Chilberg, Professor
Ohio University, Ph.D.

Jane Jackson, Assistant Professor
Humboldt State University, M.A.

Erla Kristjansdottir, Assistant Professor
Arizona State University, Ph.D.

Kathleen McDonough, Assistant Professor
San Francisco State University, M.F.A.

Ted Schwalbe, Professor
University of Southern California, Ph.D.
The State University Chancellor’s Award for Excellence in Teaching

Computer Science
Iyad Abu-Jeib, Assistant Professor
University of Nebraska, Ph.D.

Ziya Arnavut, Associate Professor
University of Nebraska, Ph.D.

Reneta Barneva, Professor
University of Sofia (Bulgaria), Ph.D.

Tat-Hung Chan, Associate Professor
Cornell University, Ph.D.

Karen Ehrlich, Assistant Professor
SUNY at Buffalo, Ph.D.

John A. Hansen, Professor
Yale University, Ph.D.
William T. Hagan Young Scholar/Artist Award

William Leslie, Lecturer/Assistant Professor Emeritus
SUNY at Buffalo, M.S.

Andrew Pinitore, Lecturer
SUNY Fredonia, M.S.
