

# Campus Security and Fire Safety Report: 2015 Report

*Prepared September 2016*

Published in compliance with Code 20 United States Code Section 1092 (f) the Jeanne Clery Disclosure of Campus Security Policy and Campus Statistics Act (hereinafter referred to the Campus Safety Act) and the Code of Federal Regulations (CFR).

The **Student Right-to-Know and Campus Security Act** signed into law in November of 1990. Title II of this act was known as the Crime Awareness and Campus Security which was amended and renamed in 1998 to the Jeanne Clery Disclosure of Campus Security Policy and Campus Act. This law mandates that institutions receive Title IV federal funds disseminate crime statistics for certain serious offenses that occurred on campus and in adjacent areas for the current and previous two calendar years. The purpose of this report is to provide our current and prospective faculty, staff and students with campus safety information including crime statistics and procedures to follow to report a crime. This document was compiled by the University Police and is also available on the web [\\_\\_\\_\\_\\_](#)

Missing students should be reported directly to University Police. Do not wait if you believe a student is missing. Federal law states that the campus is required to provide missing person notification to: 1) all local police agencies pursuant to the Memorandums of Understanding; 2) the student's designated contact person if provided; and 3) parents of students under 18 years of age. University Police conducts an initial investigation, and if after a reasonable period of time (not more than 24 hours) the student has not been located, University Police will proceed with the required notifications. **The sooner the investigation begins, the better chance of locating the missing person.**

### **Investigation of Violent Felony Offenses/Missing Students**

Chapter 22 of the Laws of 1999 of the State of New York establishes certain requirements for investigation of violent felonies and reporting of missing students on college/university campuses in New York State.

1. "Missing Student" means any student of the university subject to the provisions of Section 355(17) of the New York State Education Law, who resides in a facility owned or operated by the university and who is reported to the university as missing from his or her residence.
2. "Violent Felony Offense" means a violent felony offense as defined in Section 70.02(1) of the Penal Law of the State of New York.

### **Reporting Crimes**

All members of the campus community are urged to report criminal incidents, emergencies and suspicious activity to the University Police. The University Police is located on the 2<sup>nd</sup> floor of Gregory Hall, 716-673-3333 or x3333 from a campus phone. These numbers should be used for all fire, medical, and police emergencies. All reports are classified, logged, and responded to thoroughly. The off-campus emergency number is 911. Crimes in progress and any other emergency on campus can be reported directly by any student or employee to University Police who can also be reached by using the campus emergency blue light phones or the residence hall door phones that have a red button that directly connects students to University Police emergency button. University Police officers are dispatched immediately to the site of the report. Incident reports are prepared and kept on file.

### **Silent Witness Program**

The University Police Department maintains an anonymous Silent Witness website at

---

**Daily Log**

The University Police also maintain a daily log of crimes and incidents that occur on campus that is available for the public to view. This information is recorded by date, time and general location, and disposition of the complaint. This daily log is available at the University Police Department, Gregory Hall, Second Floor, or can be viewed at the [UPD web site](#). Please note that entries or updates are generally made within two business days after the event occurs. Incidents or situations deemed to pose a threat to the campus community are logged as soon as possible.

While most events are logged, the office of the chief of University Police may determine that an incident be classified as "confidential" in order not to jeopardize a criminal investigation or the identity of a victim.

**Crime Prevention**

Members of the campus community are urged to secure their valuables and be aware of their surroundings. To assist in this endeavor, the University Police holds educational programs each semester on a variety of topics including personal safety awareness and security, rape awareness/sexual assertiveness training, operation ID, and anti-theft programs. Information on safety and security is provided on request to students and employees regularly via seminars, videos, and crime alerts, posters, brochures and college and student newspapers.

During orientation, programs are presented which address sexual assault, fire safety, and other personal safety topics. Students and their parents are also informed of many personal safety services available on campus, which include campus escort, rape counseling, mental health services, and emergency medical and operation identification.

Services available through the University Police Department throughout the year include motorist assistance, lost and found, and assistance with class projects.

Facilities Services department maintains the campus buildings and grounds with a concern for safety and security. It inspects campus facilities regularly, promptly makes repairs affecting safety and security, and responds immediately to reports of potential safety and security hazards, such as broken windows and locks. If you have concerns about the physical safety of campus buildings and grounds, call the Facilities office Monday through Friday, 7:00 A. M to 4:30 P. M. at 716-673-3452. For emergencies that occur during non-business hours, call the University Police Department at 716-673-3333.

The college campus is well lighted, and further lighting improvements are being made. These include placing high intensity sodium vapor lights on buildings, in parking lot areas, in areas with heavy landscaping and trees, and along pathways frequently traveled by students. In addition to a telephone in each student's room, there are outdoors-blue light emergency telephones and security cameras strategically located throughout the campus, which are connected directly to the University Police. Additional sites are being considered for more outdoor emergency telephones. We also provide indoor emergency telephones in several locations for use when offices are closed.

### **Crime Prevention Programs through University Police:**

- General Safety Program - overview of University Police Department, safety tips, alcohol, Operation I.D., harassing telephone calls, Silent Witness and any other general topic of interest to students.
- Rape Awareness - general discussion for all students covering such topics as laws, victim services and survival tips.
- Rape Awareness for Men - discussion of sexual assault issue geared specifically for male students although any student may attend. A genuine and straightforward discussion on roles, sexual language, "working a no out" and other issues about this important topic. In both Rape awareness programs, alcohol issues are also discussed.
- Alcohol and You - a demonstration of an Alcohol sensor device and information about impaired versus intoxicated. Questions about laws, behavior and what to do if you are stopped by a Police Officer are discussed.

### **Safety and Security Responsibility**

#### **University Police**

Campus safety and security are coordinated by the University Police department, which has a force of 15 sworn police officers with full arrest powers. As an armed police department, patrol members respond to all emergencies.

State University of New York police officers must meet the highest standards in New York State for law enforcement officers. The officers have passed a basic training program administered by the State University at the New York State Police Academy in Albany, NY or a local regional police academy, and undergo continuous training to upgrade their skills. Officers have been trained in emergency medical procedures and first aid. They conduct foot and vehicular patrols on the campus and residence hall areas 24 hours a day, 365 days a year.

The objective of the University Police is to provide a safe environment for teaching, research and social endeavors and to protect the lives and property of the students, employees and visitors of the state university college. This objective is pursued within the framework of the State University rules and regulations and all local, state and federal laws. The investigation of crimes committed on the campus fall under the jurisdiction of the University Police department. The University Police also work closely with the Village of Fredonia police, Chautauqua County Sheriff's department, and the New York State Police to assist them with incidents that may occur off campus but involve campus staff or students.

#### **Relationships with Other Police Departments**

Criminal activity at off-campus apartments occupied by students and student clubs is monitored and recorded by the University Police Department in cooperation with the Village police and New York State police. These agencies may also assist the University Police as needed. Students involved in off-campus situations involving alcohol/drug offenses or other criminal activities may be referred to the campus judicial program.

#### **Behavioral Intervention Team**

The Fredonia Behavioral Intervention Team (BIT) meets weekly during the academic year to discuss and consult about behavioral problems brought to the group's attention. The charge for the group is to

assess situations involving students who pose a potential risk of harm to persons or property in the university community or of substantial disruption to university activities; consult with faculty, staff and students involved in or affected by the situation; coordinate the university response to violent, threatening, or significantly disruptive students; make recommendations to officials on the appropriate action consistent with university rules and policies. If appropriate, the team may suggest, but is not limited to, counseling referral, behavioral limit setting, behavioral contract, disenrollment from a course, restriction from campus, interim suspension, medical withdrawal, and judicial or legal action.

### **Facilities Services**

The Facilities Services Department (716-673-3452) supports the academic mission of the campus by providing quality customer service, well maintained facilities and a safe, clean environment that enhances the appearance and condition of the campus for the campus community, visitors and guests while encouraging teamwork; encouraging staff to take pride in themselves, the organization and services provided by setting high quality standards and accountability which provides acknowledgement and recognition to the staff which is our most valuable resource.

The office is the customer service center for the Facilities Services Department. This unit is currently staffed with two Calculations Clerk 2 positions. In addition, student workers provide valuable assistance with the day-to-day tasks. The staff is responsible for receiving and distributing trouble calls or emergency calls from the campus community, requisitioning for supplies and projects, processing key requests, maintaining records for the work order system, department budget, in-house and minor rehab/repair projects and maintaining the department's personnel records.

### **Residence Life**

The Department of Residence Life is committed to providing a safe environment in the residence halls. Students are made aware of safety concerns as well as tips on prevention through brochures, pamphlets, floor meetings, and presentations. While there are many safeguards in place for residence hall students, each student must do his/her part to assure a safe and secure environment by adhering to the safety related policies and procedures. A residence hall director supervises each of the residence halls.

The hall director is a professional staff person who lives and works in the residence hall. On almost every floor, there is also a resident assistant. A resident assistant (RA) is an upper class student who has received extensive training in many different aspects of residence hall living. The hall directors and resident assistants undergo training in enforcing residence hall safety and security policies as well as being aware of potential safety hazards and concerns. There is on duty hall director for the campus everyday, and an on duty RA everyday.

Every residence hall student is issued a card access "key" to the main entrance of their residence hall and a key to their room. All residence halls are locked 24 hours a day. An on-campus telephone is located at the main entrance of each hall for visitors to contact students for entry. Students are allowed access with their key card to their residence hall only.

Student staff members (night clerks) are on duty from 9:00 P. M. until 7:00 A. M. Night clerks sit at a desk with a telephone at the front entrance of each residence hall to check student ID's and register guests and visitors entering the residence hall with their host/hostess. They also report any unusual circumstances or situations in the residence hall. Although the campus is a safe place to live, there is

always the potential for crime. All outside doors are alarmed and will sound if someone exits at a location, which is not appropriate.

Residence hall students should not be lulled into a false sense of security. We all need to be aware of our environment and the possible consequences of our behavior. Fredonia is committed to maintaining an environment in which students; faculty, staff and guests can work together free from all forms of harassment, exploitation and intimidation. Fredonia will act as needed to discourage, prevent, correct and if necessary discipline behavior that violates this standard of conduct. The University Police Department and the Title IX Coordinator will promptly investigate allegations of unlawful discrimination based on race, color, sexual orientation, gender identity, national origin, religion, age, sex, disability or marital status. Allegations of unlawful discrimination can also be discussed with Student Counseling Services, Intercultural Center, or the Vice President for Enrollment & Student Services.

### **Emergency Response**

Fredonia has a detailed Emergency/Disaster Response Plan, which is continuously monitored and re-examined by a committee of essential college officials and department heads. The plan coordinates a network of strategies and responses that have been tested by past experience, as well as possibilities and scenarios based on events that have occurred elsewhere, or could occur.

If there were a serious, immediate threat to the health and safety of the campus community, the emergency response protocol would be enacted as appropriate to the situation. This can include activation of NY Alert telephone and text notification, campus siren, loudspeaker, the large screen messaging system, and the Fredonia home page. Notification to the greater campus community is coordinated between University Police and the Public Relations Office pursuant to policies and agreements with local law enforcement agencies and media outlets.

Subsequent to the emergency response and for other non-eminent serious incidents, a “Campus Crime Alert” or “Timely Notification Bulletin” would be prepared and distributed to campus e-mail, or large screen messaging system, building main entrances, and/or the University Police Web site. Standard notification procedures may be altered if the emergency response authorities determine it would compromise efforts to assist a victim or compromise efforts to contain, respond to or otherwise mitigate the emergency.

Employees and students should familiarize themselves with the emergency evacuation procedures posted in their buildings. Special attention should be given to the evaluation procedures for persons with disabilities.

No matter how safe our community is, the potential for crime exists everywhere, including college campuses. Everyone in the community must do his or her part to keep themselves and others safe. Don't let your behavior put yourself or others at risk.

The Fredonia University Police Department is a close partner with local, county, and state law enforcement agencies, ensuring a safety net that stretches far outside the perimeters of our campus. Safety and security is strengthened in a variety of ways:

- **Emergency/Disaster Response Plan:** Fredonia has a detailed Emergency/Disaster Response Plan, which is continuously monitored and re-examined by a committee of essential college officials and department heads. The plan coordinates a network of strategies and responses that have been tested by past experience, as well as possibilities and scenarios based on events that have occurred elsewhere, or could occur.
- **International Education Center:** Our International Education Center coordinates services and resources that would be essential during emergencies to students from other countries who are studying at Fredonia. It provides the same services to Fredonia students who are studying overseas.
- **Professional Policing:** Our full time University Police department is armed and trained in many specialized areas including active shooter response and sexual assault investigations. Officers patrol the campus and monitor closed circuit television cameras 24 hours a day, seven days a week.
- **Upgraded fire alarms:** Electronic fire alarms in our residence halls allow the local fire department and university police to pinpoint the exact location of a fire inside a building.
- **A well-lit campus:** High intensity sodium vapor lights are mounted on buildings, in parking lot areas, in areas with heavy landscaping and trees, and along pathways frequently traveled by students.
- **Emergency telephones:** This [map](#) shows where the blue light emergency telephones are strategically located throughout the campus, which are connected directly to the university police. We also provide indoor emergency telephones in several locations for use when offices are closed.
- **Residence halls locked 24 hours:** All residence halls are locked 24 hours a day. Residents get in by using their card access "key." Visitors can only gain entry by calling in using the courtesy telephones at the main entrances of the halls. All outside doors are alarmed and will sound if someone exits at an inappropriate location.
- **Security cameras:** Video cameras are posted at the entrance of every residence hall, and are monitored by University Police. They are also posted in selected academic buildings and parking lots around the campus, connected to a bank of monitors within the University Police department, which are viewed 24 hours a day.
- **Extra night security in residence halls:** Students staff the residence hall main desks nightly from 9 p.m. to 7 a.m., checking the ID's of visiting students, registering guests and visitors, and making sure visitors have a host or hostess accompanying them. They report anything unusual to University Police.
- **Trained staff:** A Residence Hall Director is a professional who lives in the hall with the students, is trained to handle many crises, including emergencies and security hazards. On almost every floor of a residence hall, a Resident Assistant enforces safety and security policies and keeps an eye on the health and safety of the residents, as well as visitor activity.
- **Chemical Awareness and Fire Safety on campus:** The Department of Environmental Health & Safety (EHS) is staffed with professionals whose goal is to protect the campus and community from dangers posed by the presence of hazardous or flammable materials. Their procedures involve assessment, education, regular inspections, and record keeping for the campus community. They routinely work with federal, state, and local regulatory agencies to ensure that both the campus and campus community area a safe place to work and learn. For more information please contact EHS at 716-673-3796.

### **Alcohol and other Drugs**

The illegal possession and/or use of marijuana, barbiturates, amphetamines, hallucinogenic compounds, narcotics and other controlled substances are in violation of state and federal law. Fredonia permits the use of alcoholic beverages on campus by those who comply with state law and who adhere to the guidelines established by the university. Students living in the college residence halls who are 21 years of age or older shall be allowed to possess and consume alcoholic beverages in their rooms in compliance with state law and consistent with university regulations pertaining to possession and consumption. Students should be aware that the campus strictly enforces its policies with regard to alcohol and other drug violations. Members of the campus community in need of assistance with respect to a question or personal problem regarding alcohol or other drugs should contact the Counseling Center's Substance Abuse and Violence Prevention program in LoGrasso Hall at 716-673-3424.

### **Alcohol and Substance Abuse Resources**

#### **Fredonia C.A.R.E.S.: Change, Acceptance, Responsibility, Experience, Success**

Fredonia C.A.R.E.S. is designed to facilitate insight into substance use and abuse as well as its effects on one's life. Some issues to be addressed throughout the sessions include: personal attitudes and beliefs about substance use, developing an understanding of the process of addiction and recognizing denial as a part of the process, gaining an understanding of the impact of addiction on the family, encouraging problem solving techniques, identification and expression of feelings, impact of substance use on self-esteem, identification of high risk situations and behavior, and identification of alternatives to substance use. For more information about Fredonia C.A.R.E.S. please contact the Counseling Center, 716-673-3424.

#### **Predatory Drugs (aka Date Rape Drugs)**

Alcohol remains the primary drug involved with college sexual assaults. Some other predatory drugs are Special K (the street name for ketamine hydrochloride); Rohyponol (roofies, roopies, circles, the forget pills); and GHB (Grievous Bodily Harm, Liquid X, Liquid E, Liquid Ecstasy, Easy Lay, G, Vita G, G-juice, Georgia Home boy, Great Hormones, Somatomax, Bedtime Scoop, Soap, Gook Gamma 10, and Energy Drink).

Predatory drugs can be difficult or impossible to detect. Don't drink what you don't open yourself and don't share drinks. Bring your own, get your own drink or go with someone who is getting it for you. Don't leave your drink unattended, and don't drink anything that has an unusual taste or appearance (e.g., salty taste, excessive foam, unexplained residue). Don't mix alcohol with other drugs and WATCH OUT FOR YOUR FRIENDS!

#### **Sexual Assault, Dating & Domestic Violence and Stalking**

Victims of sexual assault, dating/domestic violence and stalking should immediately report the incident to University Police (716-673-3333). Reporting a crime to the police does not obligate the victim to pursue criminal prosecution. In addition to criminal definitions, Sexual Assault and Rape are prohibited conduct as specified in the Fredonia Code of Student Conduct found at:

<http://students.fredonia.edu/JudicialAffairs/policies#sexualAssault>

- Go to a hospital emergency room as soon as possible if the assault involved a sexual penetration or other physical injuries. (Evidence can be collected several hours after an attack, but its value

may be diminished.) Do not wash, change clothing, or otherwise "clean up." Bring a full change of clothing because the clothes you were wearing at the time of the attack may be kept as evidence.

- o Your follow-up medical care is crucially important. You may need tests for sexually transmitted diseases and pregnancy.
- o No matter when or where the assault occurred, support and referral resources are available to help you.

Victims of these crimes will be provided written information about evidence preservation, how and to whom to report these crimes, options about involvement of law enforcement and campus authorities, and assistance in notifying law enforcement if the victim chooses, as well as the option to decline to notify authorities. Victims will also be provided information in writing about rights and institutional responsibilities regarding no contact orders, orders of protection, or other available applicable options. The University will provide written notification to students and employees about existing and available counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, and other services available in community and on campus to victims of dating violence, domestic violence, sexual assault, and stalking.

Rape and sexual assault are crimes prohibited by New York state law (see Section 130 of the New York State Penal Law) and the University Policy on Sexual Assault in the Student Code of Conduct. Efforts will be made to ensure the confidentiality of all reports, except as necessary and required to investigate the alleged offenses. The institution will maintain as confidential any accommodations or protective measures provided to the victims so long as it does not impair the ability to provide such measures. Personally identifiable information about victims will not be included in any publicly available record-keeping, including the reporting and disclosure of crime statistics. University authorities may issue a safety alert to those areas of the college community affected by the crime. The issuance of this alert will depend on the particular circumstances of the crime. Victims can provide information to the University Police and choose either criminal prosecution and/or referral to the on-campus discipline system, the through Office of Student Conduct.

The institutional disciplinary procedures will provide a fair, prompt, and impartial process from investigation to final result. The investigation and any hearing will be conducted by those who receive annual training on issues related to these crimes, how to conduct an investigation, and a hearing process that protects victim safety and promotes accountability. Parties are entitled to the same opportunities to have an advisor of their choice present at any hearing and related meetings. There is no limit to the choice of an advisor; however, the parties are responsible for presenting evidence on their own behalf. Advisors may speak privately to their advisee during the proceeding, and cannot present evidence or cross-question witnesses. Parties will be informed simultaneously in writing of the outcome of the process, the availability of any appeal procedures, and when the results become final after any appeals.

The standard of evidence used in disciplinary hearings is a preponderance of evidence. Both the accuser and the accused will be informed of the outcome of any campus disciplinary action including the sanction to be imposed. Following a final determination of an institutional disciplinary procedure for cases of rape, acquaintance rape, dating violence, domestic violence, sexual assault, or stalking, the following sanctions or protective measures may be imposed: probation, suspension, no-contact order, and/or dismissal from the institution. Procedures and possible sanctions related to on-campus

discipline are discussed in the Student Conduct Code of Conduct. Victims of sex crimes should contact the Office of Student Conduct, 716-673-3271 for additional information.

### **SUNY Policy on Mandatory Reporting and Prevention of Child Sexual Abuse**

Any employees or student of or volunteer for the State University of New York who witnesses or has reasonable cause to suspect any sexual abuse of a child occurring on State University property or while off campus during official State University business or University-sponsored events shall have an affirmative obligation to report such conduct to the relevant University Police Department immediately. Such report should include the names of the victim and assailant (if known), other identifying information about the victim and assailant, the location of the activity, and the nature of the activity. Upon receiving such a report, the applicable University Police Department shall promptly notify the Commissioner of University Police at the SUNY System Administration who shall report such incidents to the Chancellor for periodic reporting to the Board of Trustees.

*Adopted by the SUNY Board of Trustees on December 17, 2012*

### **Student Rights and Responsibilities**

The [University Standards of Behavior](#) and [University Policies](#) are intended to promote student development and ensure an atmosphere of learning necessary to the well being of all university community members on and off-campus. Violation of university policy off-campus may be subject to disciplinary action by the University judicial process. The Office of Student Conduct implements the standards and procedures of the University Judicial Board. The standard of evidence used in a judicial hearing is the preponderance of the evidence. Preponderance of the evidence means evidence that would lead a reasonable person to conclude that it is more likely than not that the act in question did occur or that the fact or proposition is true. The full University Judicial Board Hearing procedures can be found at this link <http://students.fredonia.edu/JudicialAffairs/policies#judicial>.

Any member of the University community may bring a complaint directly to the Office of Student Conduct. The complaint must be written, signed, and dated. A review by the Office of Student Conduct will be initiated and if appropriate, charges will be filed. Specific procedures will be followed if a case is referred to the University Judicial Board.

If a student is charged with a violation of the rules and regulations, the following options exist: you may choose an Administrative Hearing, a University Judicial Board hearing, or an Administrative Sanction

Hearing in which a student chooses to plead responsible to the charges and waives their right to a hearing. The Office of Student Conduct will impose a sanction.

If a student, club, or organization fails to respond to the letter of charge(s) by the deadline, by either pleading responsible or not responsible, Fredonia will assume a plea of not responsible. The case will be sent to an Administrative Hearing, and the student, club, or organization will be notified of the hearing date and time at least two weeks in advance of the hearing. A hold will be placed on the student's record pending the outcome of the hearing. A student hold restricts a student from registering for classes, dropping or adding classes, and obtaining an official transcript. The club or organization in question will have all privileges suspended pending the outcome of the hearing.

**For more information on judicial policies and procedures, victims' rights and/or the rights of the accused, contact the Student Conduct, 716-673-3271.**

### **Weapons Policy**

Possessing weapons of any kind on campus property is strictly prohibited. This includes, but is not limited to firearms, explosives (including fireworks), bb guns, paintball guns, potato guns, blow guns, bows and crossbows, swords, knives and other blades (4 inches or longer or switchblades), bayonets, nunchucks and brass knuckles.

Also, no student may keep and hunting equipment such as bows and arrows, rifles, shotguns, pistols, or other firearms in his/her residence hall room or car. Students must register and leave such items with the University Police Office immediately upon entering campus grounds.

### **Sexual Offender Registration Act**

This act requires the Division of Criminal Justice Services (DCJS) to maintain a Sex Offender Registry. The Registry contains information on sex offenders classified according to their risk of re-offending as follows:

Low Risk = Level 1    Moderate Risk = Level 2    High Risk = Level 3

The Act requires DCJS also maintain a subdirectory of Level 3 offenders. The DCJS Sex Offender Registry can be accessed online (see below) and contains their Subdirectory of Level 3 sex offenders as well as other information regarding New York State's Sex Offender Registry.

Sex offenders in New York are required to notify the Registry of any institution of higher education at which he or she is, or expects to be, whether for compensation or not, enrolled, attending or employed and whether such sex offender resides or expects to reside in a facility operated by the institution. Changes in status at the institution of higher education must also be reported to the Registry no later than ten days after such change. If registered a sex offenders is employed at the University or enrolled as a student, information will be made available to the public, according to the sex offender registry guidelines.

### **Sexual Assault, Dating/Domestic Violence, and Stalking Educational Programs**

The University provides education programs to promote the awareness of rape, acquaintance rape, dating violence, domestic violence, sexual assault, and stalking. Information regarding these issues is provided to all incoming freshman and transfer students during Orientation and during the CEASE First-Year workshops in residence halls. In addition new employee orientation covers these topics for employees. These education programs include information on: University policies and criminal law; definitions of consent, domestic violence, dating violence, sexual assault, and stalking in the University's jurisdiction; safe and positive bystander intervention when there's a risk of one of those incidents; information on risk reduction to recognize warning signs of abusive behavior and avoiding potential attacks; and information about the institutional disciplinary procedures.

The CEASE program and University Police are identified as programming resources for small group discussion on the topic of sexual assault, dating/domestic violence and stalking awareness and campus issues including victims' rights, reporting options support services, campus policies, and New York State penal law.

## Campus Fire Safety

SUNY Fredonia's fire log is maintained and available by contacting University Police.

Firearms (including BB, pellet and paintball), weapons, ammunition, firecrackers, explosives, harmful chemicals or any other type of flammable materials are not to be stored or used in or around the residence halls. Internal combustion engines are prohibited within the buildings.

### The following items are prohibited in residence hall rooms:

- ✓ Candles (even if they are not burned or the wick is cut)
- ✓ Incense (even if it is not burned)
- ✓ Multi-colored lamps with plastic shades
- ✓ Any appliance with open heating elements
- ✓ Nothing may be hung from the ceiling of your room at any time.
- ✓ Flags and tapestries are not permitted to be hung on walls or ceilings
- ✓ Any kind of fuel (grill lighter fluid, propane, etc)

The following items are permitted in residence hall rooms, but with restrictions:

**Curtains** - Curtains are not necessary, as blinds are provided for all student rooms. If students wish to use curtains for aesthetic reasons, all curtains must be flame retardant. To date, we have only found one company who sells flame retardant drapes for personal use (<http://www.factorydirectdrapes.com/>). Students may also purchase flame retardant fabric and make their own curtains. Please note: flame retardant tags/ratings must be on the fabric. If these markings are removed, the curtains are considered a violation of fire code.

**Holiday Lights** - holiday lights are permitted two weeks prior to the end of the fall semester only. Lights may never be hung from the ceiling.

**Posters** - The NYS Fire Code states that no paper of any kind can be hung on walls or doors or rooms or hallways. Realizing this is very restrictive, the University permits a modest amount of pictures and posters to be hung on student walls. Paper should never be hung on the door to your rooms.

### Additional regulations:

- ✓ 3 feet of exit width must always be maintained in your doorway. If at any point the exit path from your room becomes less than 3 feet wide, furniture or other items must be moved.
- ✓ Shoes, bikes, or other personal items cannot be stored in the hallway at any time
- ✓ Suite doors must remain closed at all times, NEVER prop it open in any way.
- ✓ Smoke/Heat detectors may never be covered or otherwise disabled. This is a serious violation.

If you have any questions about what is or is not permitted by fire code, we encourage you to contact Residence Life(716-673-3341) or Environmental Health and Safety (716-673-3796).

### **Fire Safety Responsibilities**

Environmental Health and Safety Office has the following responsibilities under Emergency Action Plans: 1) reviewing and updating the safety standards; 2) evaluating the standards' effectiveness; 3) providing or coordinating Emergency Action Plan training; 4) reporting fires, emergencies, and related issues to the appropriate agencies; 5) providing information about this standard and specific responsibilities to employees; and 6) responding to or assisting with other campus emergencies.

- ✓ Supervisors will assist with efforts to provide Emergency Action Plan training to employees.
- ✓ Students have responsibility for 1) reporting fires and other emergencies; 2) correcting or reporting unsafe conditions; and 3) observing evacuation procedures and protocol for other campus emergencies.
- ✓ University Police has responsibility for 1) assisting with fire drills and emergency evacuations; 2) reporting fires and emergencies to appropriate agencies; and 3) responding to or assisting with other campus emergencies.
- ✓ Employees have responsibility for 1) reporting fires and other emergencies; 2) correcting or reporting unsafe conditions; and 3) observing evaluation procedures and protocol for other campus emergencies.
- ✓ Visitors have responsibility for observing evacuation procedures and protocol for other campus emergencies.

### **Emergency Evacuation - Student Housing**

Evacuation procedures are posted in each building. Special procedures are in place for evacuating students with disabilities.

In the residence halls, students are expected to leave the facility immediately after the fire alarm is activated. They are instructed to not use elevators. Staff members are expected to leave at the time of an alarm and make cursory checks of floors and wings as they progress downward to the ground floor of a hall. Staff members report to University Police and the local fire department any special needs or issues they observe while evacuating the facility. Once the facility is deemed safe, staff members check rooms to verify that evacuation protocol has been observed by students.

### **Residential life staff responsibilities, training and activities.**

Residential Life staff work in conjunction with Environmental Health and Safety to coordinate fire safety training. Residential Life staff evacuate the building along with the students making sure that stragglers adhere to the evacuation process as they leave the building.

### **Student responsibilities and activities.**

The students evacuate the building upon hearing the alarm or if they are told to do so by a designated college authority. They go to their pre-assigned primary or secondary meeting location. They remain there until allowed to return to the building by a designated university authority.

- Campus discipline and judicial practices relating to fire and life safety matters.
- Sanctions are imposed for individual(s) caught tampering with fire safety equipment
