IV. Procedures

A. Stage One: Departmental Level

1. An instructor who observes or becomes aware of inappropriate candidate behavior(s) will document information and materials related to the offense using the Candidate Intervention form.

2. In most cases the instructor will meet with the candidate and present a copy of the Candidate Intervention form to the candidate. Instructor-Candidate initiated remediation actions must be documented. These may include contracts signed by the candidate that describe expected behaviors/changes and/or course-related sanctions that will be imposed should the inappropriate behaviors continue. Instructors are encouraged to consult with chairpersons/directors regarding contracts and/or sanctions. In some cases the instructor may wish to hold a joint meeting with the appropriate chairperson/director or her/his designee and the candidate.

3. For all cases in which the instructor determines that the candidate has acted inappropriately, the instructor must submit copies of the Candidate Intervention form and all Remediation documentation to the appropriate Chairperson or Director as well as the Director of the School of Education. The School of Education will act as the official clearinghouse for Candidate Intervention so that patterns of behavior across Departments/Schools can be tracked.

B. Stage Two: Appeal

1. Within fourteen (14) calendar days after the Candidate Intervention form has been filed, the candidate may write a letter of denial/appeal to the appropriate chairperson/director requesting a review of the incident and sanctions. The appropriate chairperson/director will review all documentation, meet with the initiating instructor, and, if necessary, meet with the candidate. The chairperson/director may overturn the decision, uphold the
decision or modify the decision by adding/removing sanctions. The chairperson/director will formally notify the candidate in writing regarding his/her decision. This documentation will be copied to the initiating instructor and forwarded to Office of Field Experiences. The candidate may appeal the decision to the Professional Education Council Board.

2. After the same fourteen (14) days, if the candidate has not appealed, the department/School will act upon the assumption that the candidate has accepted the decisions and any sanctions therein.

3. In extreme cases where the candidate’s behavior warrants sanctions beyond the purview of the instructor/department/School (probation, dismissal from program, etc.), the chairperson/director will compile all documentation and forward the materials for review by the Professional Education Council Review Board.

4. The files of candidates with more than one Candidate Intervention form must be forwarded to the Professional Education Council Review Board for review and possible additional sanctions.

C. **Stage Three: Professional Education Council Review Board**

1. Four members of the Professional Education Council will be appointed by the Director of the School of Education to serve on the Professional Education Council Review Board, each for a term a one academic year. The Director will designate one member of the board as the Chair. The Chair will convene the board when its services are necessary.

2. The board will review the files of candidates who have more than one Candidate Intervention form on file. The board may gather additional data and may impose additional sanctions. If additional sanctions are imposed, the Chair will notify the candidate in writing and copy the correspondence to the appropriate chair/director as well as the Office of Field Experiences.

3. When a candidate appeals a decision to the Board, the Board will review all documentation, and convene a
meeting with the initiating instructor, appropriate chairperson/director and the candidate. The Board may overturn the decision, uphold the decision or modify the decision by adding/removing sanctions. The board will formally notify the candidate in writing regarding its decision. This documentation will be copied to the initiating instructor, the appropriate chairperson/director and the Office of Field Experiences.

4. Should the candidate decide to appeal the Professional Education Council Board’s decision, he or she may do so in a written justification to the President of the College but only if/when the substance of the presented case has changed (i.e., additional and significant evidence is discovered).
