Data Accessible by Departments

Please note: The following is simply a list of data that is available to academic departments and is not intended to be the prescriptive list of the data that should be included in reports or other materials.

Already-Accessible Data

The following data is deposited into the department folder on the shared drive that is accessible only to department chairs and <u>does not need to be requested</u> from IRPA (Institutional Research, Planning, and Assessment):

Course evaluations: (this is available if your department has administered course evaluations using the OpScan forms disseminated by IRPA)
   a. Department summary
   b. Raw data for all courses

Grade distributions:
   a. Department summary
   b. By subject
   c. By instructor

Graduation rates:
   a. Freshmen cohorts
   b. Transfer student cohorts

Contribution and consumption reports:
   a. Consumption by major: includes each major code with the associated courses taken for that major with the total credit hours and the percentage. The percentage is based on the total credit hours for each course taken for each major divided by the total credit hours for all courses taken per major.
   b. Contribution by department: includes each department code and the associated majors with the percent of credit hours by department and total credit hours. The percentage is based on the total credit hours for each major within each department divided by the total credit hours for all majors in that department

The following data is available in the annual SUNY Fredonia Fact Book and <u>does not need to be requested</u> from IRPA:

Department Instructional Workload History
   a. Student credit hours generated: undergrad, graduate, total, SCRH/FTE
   b. FTE faculty
   c. FTE students: undergrad, graduate, total, S/F ratio, AAFTE

Department Data Summary
   a. Undergraduate Degree Students
      o Enrollment of majors
      o Enrollment of 2nd majors
      o Mean cumulative GPA for majors
      o Bachelor's degrees awarded
      o Enrolled freshmen, including average entering high school GPA and SAT scores
      o Enrolled transfers, including average entering GPA
   b. Graduate Degree Students
      o Enrollment of majors
      o Master's degrees awarded

c. Faculty
- Student/faculty ratios
- Student credit hour production
- Majors per FTE faculty
- Faculty headcount
- Academic rank
- Appointment
- Average age
- Age distribution

Data Available via FredQuest
The following data can be provided by IRPA; a <u>FredQuest</u> indicating the specific data needed must be submitted to proceed.

<u>Department Courses, Enrollment, and Credit Hours by Semester</u> (similar to instructional workload data in fact book)
a. Total number of undergraduate courses
b. Total undergraduate enrollment
c. Total undergraduate credit hours
d. Total number of graduate courses
e. Total graduate enrollment
f. Total graduate credit hours
g. Total number of all courses
h. Total number of all enrollment
i. Total number of credit hours

<u>Student Characteristics</u>
IRPA can provide the following summary data for students in your department for the following variables:
a. Gender
b. Ethnicity
c. Student type: new, transfer, EDP, continuing ed, readmit, reinstated, 2nd bachelors
d. Class: freshman/sophomore/junior/senior/graduate student
e. Enrollment status: full-/part-time
f. Level: undergraduate/graduate
g. Age
h. Major
i. Number of credit hours enrolled in for that semester
j. Cumulative GPA
k. Cumulative credit hours earned
l. Housing indicator: on campus/off campus
m. Residency indicator: In-state/out-of-state
n. Home county (if in NY)
o. Home state
p. Home country
