

## Common set of questions on Student Perceptions of Learning

*Scale: Excellent, Very Good, Good, Adequate, Poor, Very Poor.*

1. I found this course to be intellectually challenging and stimulating.
2. The tasks performed in this course supported my intellectual growth.
3. In terms of my own learning, this course achieved its stated objectives.
4. Media used in this course (texts, illustrations, graphics, audio, video, computers) were helpful in learning.
5. The classroom and physical facilities supported my learning activities in the course. (Mark “not applicable” for online courses.)
6. Overall rating of the course.

*Scale: Not At All, To a Small Extent, To a Moderate Extent, To a Large Extent.*

7. Fredonia has adopted the following goals for all undergraduate students: “Fredonia students will be skilled, creative, connected, and responsible.” To what extent did this course contribute to your acquisition of the following goals:

- skilled (intellectual and applied skills, literacies and knowledges)
- creative (in scholarship, artistry, and innovation)
- connected (engagement with community and diversity: local stewardship, and/or global citizenship)
- responsible (in relation to sustainability, ethics, leadership, and/or professionalism)

8. Discuss: Additional comments on any of the questions above:
