Form W-4 (2019)

Future developments. For the latest information about any future developments related to Form W-4, such as legislation enacted after it was published, go to www.irs.gov/FormW4.

Purpose. Complete Form W-4 so that your employer can withhold the correct federal income tax from your pay. Consider completing a new Form W-4 each year and when your personal or financial situation changes.

Exemption from withholding. You may claim exemption from withholding for 2019 if **both** of the following apply.

- For 2018 you had a right to a refund of all federal income tax withheld because you had no tax liability, and
- For 2019 you expect a refund of **all** federal income tax withheld because you expect to have **no** tax liability.

If you're exempt, complete **only** lines 1, 2, 3, 4, and 7 and sign the form to validate it. Your exemption for 2019 expires February 17, 2020. See Pub. 505, Tax Withholding and Estimated Tax, to learn more about whether you qualify for exemption from withholding.

General Instructions

If you aren't exempt, follow the rest of these instructions to determine the number of withholding allowances you should claim for withholding for 2019 and any additional amount of tax to have withheld. For regular wages, withholding must be based on allowances you claimed and may not be a flat amount or percentage of wages.

You can also use the calculator at **www.irs.gov/W4App** to determine your tax withholding more accurately. Consider

using this calculator if you have a more complicated tax situation, such as if you have a working spouse, more than one job, or a large amount of nonwage income not subject to withholding outside of your job. After your Form W-4 takes effect, you can also use this calculator to see how the amount of tax you're having withheld compares to your projected total tax for 2019. If you use the calculator, you don't need to complete any of the worksheets for Form W-4.

Note that if you have too much tax withheld, you will receive a refund when you file your tax return. If you have too little tax withheld, you will owe tax when you file your tax return, and you might owe a penalty.

Filers with multiple jobs or working spouses. If you have more than one job at a time, or if you're married filing jointly and your spouse is also working, read all of the instructions including the instructions for the Two-Earners/Multiple Jobs Worksheet before beginning.

Nonwage income. If you have a large amount of nonwage income not subject to withholding, such as interest or dividends, consider making estimated tax payments using Form 1040-ES, Estimated Tax for Individuals. Otherwise, you might owe additional tax. Or, you can use the Deductions, Adjustments, and Additional Income Worksheet on page 3 or the calculator at www.irs.gov/W4App to make sure you have enough tax withheld from your paycheck. If you have pension or annuity income, see Pub. 505 or use the calculator at www.irs.gov/W4App to find out if you should adjust your withholding on Form W-4 or W-4P.

Nonresident alien. If you're a nonresident alien, see Notice 1392, Supplemental Form W-4 Instructions for Nonresident Aliens, before completing this form.

Specific Instructions Personal Allowances Worksheet

Complete this worksheet on page 3 first to determine the number of withholding allowances to claim.

Line C. Head of household please note: Generally, you may claim head of household filing status on your tax return only if you're unmarried and pay more than 50% of the costs of keeping up a home for yourself and a qualifying individual. See Pub. 501 for more information about filing status.

Line E. Child tax credit. When you file your tax return, you may be eligible to claim a child tax credit for each of your eligible children. To qualify, the child must be under age 17 as of December 31, must be your dependent who lives with you for more than half the year, and must have a valid social security number. To learn more about this credit, see Pub. 972, Child Tax Credit. To reduce the tax withheld from your pay by taking this credit into account, follow the instructions on line E of the worksheet. On the worksheet you will be asked about your total income. For this purpose, total income includes all of your wages and other income, including income earned by a spouse if you are filing a joint return.

Line F. Credit for other dependents. When you file your tax return, you may be eligible to claim a credit for other dependents for whom a child tax credit can't be claimed, such as a qualifying child who doesn't meet the age or social security number requirement for the child tax credit, or a qualifying relative. To learn more about this credit, see Pub. 972. To reduce the tax withheld from your pay by taking this credit into account, follow the instructions on line F of the worksheet. On the worksheet, you will be asked about your total income. For this purpose, total

income includes all of your wages and other income, including income earned by a spouse if you are filing a joint return.

Line G. Other credits. You may be able to reduce the tax withheld from your paycheck if you expect to claim other tax credits, such as tax credits for education (see Pub. 970). If you do so, your paycheck will be larger, but the amount of any refund that you receive when you file your tax return will be smaller. Follow the instructions for Worksheet 1-6 in Pub. 505 if you want to reduce your withholding to take these credits into account. Enter "-0-" on lines E and F if you use Worksheet 1-6.

Deductions, Adjustments, and Additional Income Worksheet

Complete this worksheet to determine if you're able to reduce the tax withheld from your paycheck to account for your itemized deductions and other adjustments to income, such as IRA contributions. If you do so, your refund at the end of the year will be smaller, but your paycheck will be larger. You're not required to complete this worksheet or reduce your withholding if you don't wish to do so.

You can also use this worksheet to figure out how much to increase the tax withheld from your paycheck if you have a large amount of nonwage income not subject to withholding, such as interest or dividends.

Another option is to take these items into account and make your withholding more accurate by using the calculator at www.irs.gov/W4App. If you use the calculator, you don't need to complete any of the worksheets for Form W-4.

Two-Earners/Multiple Jobs Worksheet

Complete this worksheet if you have more than one job at a time or are married filing jointly and have a working spouse. If you don't complete this worksheet, you might have too little tax withheld. If so, you will owe tax when you file your tax return and might be subject to a penalty.

Figure the total number of allowances you're entitled to claim and any additional amount of tax to withhold on all jobs using worksheets from only one Form W-4. Claim all allowances on the W-4 that you or your spouse file for the highest paying job in your family and claim zero allowances on Forms W-4 filed for all other jobs. For example, if you earn \$60,000 per year and your spouse earns \$20,000, you should complete the worksheets to determine what to enter on lines 5 and 6 of your Form W-4, and your spouse should enter zero ("-0-") on lines 5 and 6 of his or her Form W-4. See Pub. 505 for details.

Another option is to use the calculator at www.irs.gov/W4App to make your withholding more accurate.

Tip: If you have a working spouse and your incomes are similar, you can check the "Married, but withhold at higher Single rate" box instead of using this worksheet. If you choose this option, then each spouse should fill out the Personal Allowances Worksheet and check the "Married, but withhold at higher Single rate" box on Form W-4, but only one spouse should claim any allowances for credits or fill out the Deductions, Adjustments, and Additional Income Worksheet.

Instructions for Employer

Employees, do not complete box 8, 9, or 10. Your employer will complete these boxes if necessary.

New hire reporting. Employers are required by law to report new employees to a designated State Directory of New Hires. Employers may use Form W-4, boxes 8, 9,

and 10 to comply with the new hire reporting requirement for a newly hired employee. A newly hired employee is an employee who hasn't previously been employed by the employer, or who was previously employed by the employer but has been separated from such prior employment for at least 60 consecutive days. Employers should contact the appropriate State Directory of New Hires to find out how to submit a copy of the completed Form W-4. For information and links to each designated State Directory of New Hires (including for U.S. territories), go to www.acf.hhs.gov/css/employers.

If an employer is sending a copy of Form W-4 to a designated State Directory of New Hires to comply with the new hire reporting requirement for a newly hired employee, complete boxes 8, 9, and 10 as follows.

Box 8. Enter the employer's name and address. If the employer is sending a copy of this form to a State Directory of New Hires, enter the address where child support agencies should send income withholding orders.

Box 9. If the employer is sending a copy of this form to a State Directory of New Hires, enter the employee's first date of employment, which is the date services for payment were first performed by the employee. If the employer rehired the employee after the employee had been separated from the employer's service for at least 60 days, enter the rehire date.

Box 10. Enter the employer's employer identification number (EIN).

Privacy Act and Paperwork Reduction Act Notice. We ask for the information on this form to carry out the Internal Revenue laws of the United States. Internal Revenue Code sections 3402(f)(2) and 6109 and their regulations require you to provide this information; your employer uses it to determine your federal income tax withholding. Failure to provide a properly completed form will result in your being treated as a single person who claims no withholding allowances; providing fraudulent information may subject you to penalties. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation; to

cities, states, the District of Columbia, and U.S. commonwealths and possessions for use in administering their tax laws; and to the Department of Health and Human Services for use in the National Directory of New Hires. We may also disclose this information to other countries under a tax treaty, to federal and state agencies to enforce federal nontax criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism.

You aren't required to provide the information requested on a form that's subject to the Paperwork Reduction Act unless the form displays a valid OMB control number. Books or records relating

to a form or its instructions must be retained as long as their contents may become material in the administration of any Internal Revenue law. Generally, tax returns and return information are confidential, as required by Code section 6103

The average time and expenses required to complete and file this form will vary depending on individual circumstances. For estimated averages, see the instructions for your income tax return.

If you have suggestions for making this form simpler, we would be happy to hear from you. See the instructions for your income tax return.

Changes effective for 2019

Form IT-2104 has been revised for tax year 2019. Additional allowances are allowed for covered employees of employers who elected to pay the employer compensation expense tax and for employees who made contributions to a New York Charitable Gifts Trust Fund during 2018. The worksheet on page 3 and the charts beginning on page 4, used to compute withholding allowances or to enter an additional dollar amount on line(s) 3, 4, or 5, have been revised. If you previously filed a Form IT-2104 and used the worksheet or charts, you should complete a new 2019 Form IT-2104 and give it to your employer.

Who should file this form

This certificate, Form IT-2104, is completed by an employee and given to the employer to instruct the employer how much New York State (and New York City and Yonkers) tax to withhold from the employee's pay. The more allowances claimed, the lower the amount of tax withheld.

If you do not file Form IT-2104, your employer may use the same number of allowances you claimed on federal Form W-4. Due to differences in tax law, this may result in the wrong amount of tax withheld for New York State, New York City, and Yonkers. Complete Form IT-2104 each year and file it with your employer if the number of allowances you may claim

is different from federal Form W-4 or has changed. Common reasons for completing a new Form IT-2104 each year include the following:

- · You started a new job.
- You are no longer a dependent.
- Your individual circumstances may have changed (for example, you were married or have an additional child).
- You moved into or out of NYC or Yonkers.
- You itemize your deductions on your personal income tax return.
- · You claim allowances for New York State credits.
- You owed tax or received a large refund when you filed your personal income tax return for the past year.
- Your wages have increased and you expect to earn \$107,650 or more during the tax year.
- The total income of you and your spouse has increased to \$107,650 or more for the tax year.
- You have significantly more or less income from other sources or from another job.
- You no longer qualify for exemption from withholding.

Page 2 of 7 IT-2104 (2019)

 You have been advised by the Internal Revenue Service that you are entitled to fewer allowances than claimed on your original federal Form W-4, and the disallowed allowances were claimed on your original Form IT-2104.

Exemption from withholding

You cannot use Form IT-2104 to claim exemption from withholding. To claim exemption from income tax withholding, you **must** file Form IT-2104-E, *Certificate of Exemption from Withholding*, with your employer. You must file a new certificate each year that you qualify for exemption. This exemption from withholding is allowable only if you had no New York income tax liability in the prior year, you expect none in the current year, **and** you are over 65 years of age, under 18, or a full-time student under 25. You may also claim exemption from withholding if you are a military spouse and meet the conditions set forth under the Servicemembers Civil Relief Act as amended by the Military Spouses Residency Relief Act. If you are a dependent who is under 18 or a full-time student, you may owe tax if your income is more than \$3,100.

Withholding allowances

You may **not** claim a withholding allowance for yourself or, if married, your spouse. Claim the number of withholding allowances you compute in Part 1 and Part 5 of the worksheet on page 3. If you want more tax withheld, you may claim fewer allowances. **If you claim more than 14 allowances**, your employer **must send** a copy of your **Form IT-2104** to the New York State Tax Department. You may then be asked to verify your allowances. If you arrive at negative allowances (less than zero) on lines 1 or 2 and your employer cannot accommodate negative allowances, **enter 0** and see *Additional dollar amount(s)* below.

Income from sources other than wages – If you have more than \$1,000 of income from sources other than wages (such as interest, dividends, or alimony received), reduce the number of allowances claimed on line 1 and line 2 (if applicable) of the IT-2104 certificate by one for each \$1,000 of nonwage income. If you arrive at negative allowances (less than zero), see Withholding allowances above. You may also consider making estimated tax payments, especially if you have significant amounts of nonwage income. Estimated tax requires that payments be made by the employee directly to the Tax Department on a quarterly basis. For more information, see the instructions for Form IT-2105, Estimated Tax Payment Voucher for Individuals, or see Need help? on page 6.

Other credits (Worksheet line 14) – If you will be eligible to claim any credits other than the credits listed in the worksheet, such as an investment tax credit, you may claim additional allowances.

Find your filing status and your New York adjusted gross income (NYAGI) in the chart below, and divide the amount of the expected credit by the number indicated. Enter the result (rounded to the nearest whole number) on line 14.

Single and NYAGI is:	Head of household and NYAGI is:	Married and NYAGI is:	Divide amount of expected credit by:		
Less than	Less than	Less than	66		
\$215,400	\$269,300	\$323,200			
Between	Between	Between	68		
\$215,400 and	\$269,300 and	\$323,200 and			
\$1,077,550	\$1,616,450	\$2,155,350			
Over	Over	Over	88		
\$1,077,550	\$1,616,450	\$2,155,350			

Example: You are married and expect your New York adjusted gross income to be less than \$323,200. In addition, you expect to receive a flow-through of an investment tax credit from the S corporation of which you are a shareholder. The investment tax credit will be \$160. Divide the expected credit by 66. 160/66 = 2.4242. The additional withholding allowance(s) would be 2. Enter **2** on line 14.

Married couples with both spouses working – If you and your spouse both work, you should each file a separate IT-2104 certificate with your respective employers. Your withholding will better match your total tax if the higher wage-earning spouse claims all of the couple's allowances and the lower wage-earning spouse claims zero allowances. Do not claim more total allowances than you are entitled to. If your combined wages are:

 less than \$107,650, you should each mark an X in the box Married, but withhold at higher single rate on the certificate front, and divide the

- total number of allowances that you compute on line 20 and line 35 (if applicable) between you and your working spouse.
- \$107,650 or more, use the chart(s) in Part 6 and enter the additional withholding dollar amount on line 3.

Taxpayers with more than one job – If you have more than one job, file a separate IT-2104 certificate with each of your employers. Be sure to claim only the total number of allowances that you are entitled to. Your withholding will better match your total tax if you claim all of your allowances at your higher-paying job and zero allowances at the lower-paying job. In addition, to make sure that you have enough tax withheld, if you are a single taxpayer or head of household with two or more jobs, and your combined wages from all jobs are under \$107,650\$, reduce the number of allowances by seven on line 1 and line 2 (if applicable) on the certificate you file with your higher-paying job employer. If you arrive at negative allowances (less than zero), see Withholding allowances above.

If you are a single or a head of household taxpayer, and your combined wages from all of your jobs are between \$107,650 and \$2,263,265, use the chart(s) in Part 7 and enter the additional withholding dollar amount from the chart on line 3.

If you are a married taxpayer, and your combined wages from all of your jobs are \$107,650 or more, use the chart(s) in Part 6 and enter the additional withholding dollar amount from the chart on line 3 (Substitute the words *Higher-paying job* for *Higher earner's wages* within the chart).

Dependents – If you are a dependent of another taxpayer and expect your income to exceed \$3,100, you should reduce your withholding allowances by one for each \$1,000 of income over \$2,500. This will ensure that your employer withholds enough tax.

Following the above instructions will help to ensure that you will not owe additional tax when you file your return.

Heads of households with only one job – If you will use the head-of-household filing status on your state income tax return, mark the *Single or Head of household* box on the front of the certificate. If you have only one job, you may also wish to claim two additional withholding allowances on line 15.

Additional dollar amount(s)

You may ask your employer to withhold an additional dollar amount each pay period by completing lines 3, 4, and 5 on Form IT-2104. In most instances, if you compute a negative number of allowances and your employer cannot accommodate a negative number, for each negative allowance claimed you should have an additional \$1.85 of tax withheld per week for New York State withholding on line 3, and an additional \$0.80 of tax withheld per week for New York City withholding on line 4. Yonkers residents should use 16.75% (.1675) of the New York State amount for additional withholding for Yonkers on line 5.

Note: If you are requesting your employer to withhold an additional dollar amount on lines 3, 4, or 5 of this allowance certificate, the additional dollar amount, as determined by these instructions or by using the chart(s) in Part 6 or Part 7, is accurate for a weekly payroll. Therefore, if you are not paid on a weekly basis, you will need to adjust the dollar amount(s) that you compute. For example, if you are paid biweekly, you must double the dollar amount(s) computed.

Avoid underwithholding

Form IT-2104, together with your employer's withholding tables, is designed to ensure that the correct amount of tax is withheld from your pay. If you fail to have enough tax withheld during the entire year, you may owe a large tax liability when you file your return. The Tax Department must assess interest and may impose penalties in certain situations in addition to the tax liability. Even if you do not file a return, we may determine that you owe personal income tax, and we may assess interest and penalties on the amount of tax that you should have paid during the year.

Employers

Box A – If you are required to submit a copy of an employee's Form IT-2104 to the Tax Department because the employee claimed more than 14 allowances, mark an X in box A and send a copy of Form IT-2104 to: NYS Tax Department, Income Tax Audit Administrator, Withholding Certificate Coordinator, W A Harriman Campus, Albany NY 12227-0865. If the employee is also a new hire or rehire, see Box B instructions. See Publication 55, Designated Private Delivery Services, if not using U.S. Mail.

Due dates for sending certificates received from employees claiming more than 14 allowances are:

Quarter	Due date	Quarter	Due date
January - March	April 30	July – September	October 31
April – June	July 31	October – December	January 31

Box B – If you are submitting a copy of this form to comply with New York State's New Hire Reporting Program, mark an \boldsymbol{X} in box B. Enter the first day any services are performed for which the employee will be paid

wages, commissions, tips and any other type of compensation. For services based solely on commissions, this is the first day an employee working for commissions is eligible to earn commissions. Also, mark an X in the Yes or No box indicating if dependent health insurance benefits are available to this employee. If Yes, enter the date the employee qualifies for coverage. Mail the completed form, within 20 days of hiring, to: NYS Tax Department, New Hire Notification, PO Box 15119, Albany NY 12212-5119. To report newly-hired or rehired employees online instead of submitting this form, go to www.nynewhire.com.

Note: These charts do not account for additional withholding in the following instances:

- a married couple with both spouses working, where one spouse's wages are more than \$1,131,632 but less than \$2,263,265, and the other spouse's wages are also more than \$1,131,632 but less than \$2,263,265;
- married taxpayers with only one spouse working, and that spouse works more than one job, with wages from each job under \$2,263,265, but combined wages from all jobs is over \$2,263,265.

If you are in one of these situations and you would like to request an additional dollar amount of withholding from your wages, please contact the Tax Department for assistance (see *Need help?* on page 6).

Part 7 – These charts are only for single taxpayers and head of household taxpayers with more than one job, and whose combined wages are between \$107,650 and \$2,263,265.

Enter the additional withholding dollar amount on line 3.

The additional dollar amount, as shown below, is accurate for a weekly payroll. If you are not paid on a weekly basis, you will need to adjust these dollar amount(s). For example, if you are paid biweekly, you must double the dollar amount(s) computed.
