The EDP JEWEL Peer Advisor (PA) is a key staff member of the JEWEL program. Each peer advisor is carefully selected, and appointed for the JEWEL workshop. The peer advisor, working with the EDP staff and University personnel, is responsible for meeting the established goals of EDP JEWEL summer orientation workshop.

PAs for JEWEL are required to be with the new first-year students and participate in the activities throughout the duration of the workshop serving as a role model/mentor to the students and assisting the EDP staff.

Peers may **not** leave campus during the hours of JEWEL without prior permission from a staff member of the Educational Development Program. They must demonstrate proper and professional behavior at all times, promoting safety and respect.
