IN THEIR WORDS

“

I chose Fredonia because of its beautiful campus, its brand new science center with state of-the art equipment, and the ability to learn from outstanding faculty. I selected the Biology-thesis program, because I was attracted by Dr. Medler's research in vertebrate physiology. I'm new to campus, but so far Fredonia has been very welcoming and has provided an informative and fun international student orientation. I really look forward to my next two years on campus.”

— **Siyuan Yang**, China
M.S. Biology - Thesis Track

IN THEIR WORDS

Fredonia is an unforgettable experience to me. The reason I chose this school is because of its outstanding and well-known faculty... It is the place where I became deeply interested in music. It is also the place that helped me to improve my piano performance abilities within a short period of time through amazing professors. The time that I learned piano here was an unforgettably rewarding experience.”

IN THEIR WORDS

Fredonia forms my lifestyle. This place teaches me how to be an efficient learner, an active community member, and a good friend. It provides me with a strong sense of belonging in a place I'm not originally from. ”

— Yue Wang, China
English Adolescence Education

“

Coming to Fredonia was one of the greatest things I have ever done in my life. Professors are really encouraging and helpful in every aspects of your academic life, and classes are mostly based on practice instead of very detailed theoretical subjects. One of the major differences between education here and in Turkey is that here most of the classes have quizzes, presentations, projects and discussions; where as in Turkey students mostly take exams. Also, studying in Fredonia gives you a chance to be with nature, since the campus is a park-like setting...”

IN THEIR WORDS

Fredonia is an amazing campus with distinctive programs and motivated and helpful staff that make me feel welcomed. I cherish every moment here at Fredonia, because I am very blessed to work with excellent educators who are approachable and helpful. Thanks to their passion and encouragement, I have made significant progress in my studies. The TESOL program has taught me the significance of education, especially how languages and literacy can change lives for every learner. I look forward to utilizing my knowledge and skills gained from the program in order to help students from my region in China.”
