UPAEP is located just two blocks from the touristic Juarez Avenue and a few blocks from Puebla's historic downtown which is considered an UNESCO World Heritage Site, being comprised of buildings of colonial architecture. Our Campus has a very attractive location; we could say that it is an urban campus; it is located in the middle of the city, just a few blocks from the historic downtown. This is ideal for the student who wants to know the real and daily Mexican life. Also, the UPAEP campus is perfectly aligned with the public transportation and towards different points of the city. There are many shopping centers, movie theaters, and night clubs nearby.
