12. Under the **Award Decision** column, click the drop down box to **Accept** or **Decline** your awards. To accept partial amounts, click **Accept** and type in the amount you wish to receive under the accept partial amount column.

13. Click **Submit Decision** button.

Failure to accept your College Work Study Award by July 31, 2019 will result in cancellation.

Overawards and loan adjustments

An overaward may occur after the school certifies a student’s eligibility for a Stafford, PLUS and/or Private Loan. An overaward occurs when the student receives additional financial assistance/resources or the student’s expected family contribution (EFC) increases, which results in a change in the student’s eligibility for the previously certified Stafford, PLUS and/or Private Loan. The Financial Aid Office must adjust the amount of the remaining disbursement.

A Loan Adjustment may occur after the loan is guaranteed due to an appeal for additional financial assistance, awarding of a scholarship, etc. The Financial Aid Office must then revise the allocation of the student’s loans between Subsidized Stafford funds and Unsubsidized Stafford funds.

¹ As an undergraduate, you may borrow up to \$3,500 for the first year, \$4,500 for the second year and up to \$5,500 per year for the third and subsequent academic years for a cumulative total of \$23,000.

² Includes amount borrowed during undergraduate study.

³ Dependent students whose parents are denied under the PLUS program may be eligible for an additional Unsubsidized Stafford Loan (\$4,000 freshman/sophomore; \$5,000 junior/senior).

⁴ Undergraduate students only.

⁵ If you fail to complete the four-year teaching obligation you will have to repay the grant with interest!

* Interest rates are regulated by the Federal government and are subject to change.

** Due to sequestration, the TEACH Grant has been reduced by 6.9%.

Repeated Coursework and Receipt of Federal Aid

A student can repeat a course and still receive Federal aid as long as the student has never passed the course. If the student passed the course, it may be repeated once and the receipt of Federal aid would not be impacted. Any second or subsequent repetition of the passed course may not be included in the student’s enrollment status for purposes of the receipt of Federal aid; therefore, the Federal aid may be impacted.

Repeated Coursework and Receipt of State Aid

Generally, courses in which the student has already received a passing grade cannot be included in meeting full-time study requirements for state-sponsored financial aid. Repeated courses may be counted toward full-time study only when a student repeats a failed course, if a student repeats the course for additional credit, if a student has received a grade that is passing at the institution but is unacceptable in a particular curriculum, or when a student repeats a previously withdrawn course.

Key reminders

- The total amount of all financial assistance you receive (scholarships, grants, Work Study and loans) cannot exceed the cost of attendance.
- All of these aid programs are based on **one academic year**. You must re-apply for financial aid each year. This process includes completing the FAFSA and any other forms your school requires, such as Verification paperwork.
- You should notify the Financial Aid Office in writing if you will be enrolled less than full time so that your aid can be adjusted.
- Graduate students must be enrolled in 12 credit hours to be considered full time for financial aid and billing purposes.

- For Department of Homeland Security (DHS) purposes: Graduate students must be enrolled for a minimum of 9 credit hours to satisfy Department of Homeland Security immigration requirements.
- For graduate assistants: 6 credit hours is the minimum amount of credit hours required to be considered full time for financial aid purposes, except for calculation of the Federal TEACH Grant.

Calculation of expected family contribution

These factors will help determine how much aid you may qualify for and are used to calculate “expected family contribution” by the Federal Central Processor:

- Parents’ Income
- Assets
- Family Size
- Age and Number of Working Parents
- Number of Children in School
- Student’s Income and Expenses
