Center for Multicultural Affairs Becomes the Intercultural Center

During the 2016-2017 academic year, due to “Right Serving, Right Sizing” (RSRS) the division of Enrollment and Student Services, led by Dr. Cedric B. Howard, underwent some organizational restructuring. As a result of the restructuring, International Student Services (ISS) has come together with the Center for Multicultural Affairs to become the Intercultural Center (IC).

With the development of the IC, our space has undergone some physical transformations and now includes more student groups. The Intercultural Center now includes 15 multicultural student groups and few of the many support services provided by the IC include: Fred LEADS Mentoring Program, Men of Color Summit, Keeper of the Dream Scholarship, Rosa Parks Scholarship Competition and many more trainings, workshops and programming throughout the semester. Make sure to stop by our office to learn more about our change.

Intercultural Leadership Retreat

On August 16-18, 2017, the Intercultural Center hosted the annual Intercultural Student Leadership Retreat. This 3-day retreat is designed for the Executive Board (E-board) members of our student organizations to provide them with the tools to develop high-quality programming, learn about various resources on campus and develop a strong sense of unity amongst the various groups.

This year the retreat kicked off with an energetic welcome for the VP of Enrollment and Student Services, Dr. Cedric B. Howard and the Chief Diversity Officer, Dr. William Boerner. Student leaders then interacted in various workshops and presentation led by Rachel LaPaglia in Campus Life and Mark Suida. The next day, the student leaders worked on their team building skills at the College Lodge and then enjoyed the third day at Darien Lake Amusement Park.

The energy from the students was contagious and we’re looking forward to a great year of fun, educational and enlightening programming.
