Roommate matching is a process that lets you choose your roommate for the upcoming semester. **All roommate matches must be mutual!**

To pick your roommate, you will first need to log-on to your MyHousing page.
Before searching for a roommate, you may want to fill out your roommate profile. By clicking Roommate Profile under Personal Information, you can type a little blurb about yourself. This will allow students to read your profile when they are searching for a roommate. Please note that this is optional!
The next step is to pick your roommate! Under room selection, select roommates/suitemates and then select the upcoming term. You will be taken to the Fall 2020 roommate request page.

You will only be able to find your roommate if they have completed the housing application!
Search for your roommate by last name or first name. Do not search by e-mail! If you are having trouble finding your roommate, please make sure they have filled out the housing application, you can only search for students who have completed that application.

If your search yields multiple matches, simply select the student you wish to room with and press continue.
You have selected your roommate and they will receive an e-mail in their Fredonia e-mail account!

This roommate MUST CONFIRM your roommate request. If they do not confirm you, you will not be able to pick a room together.

If your roommate does not confirm your request before your room selection, we suggest removing the request by pressing the red x.

You can also remind your roommate that they have requested you by pressing the green button.

If you have issues finding your roommate, you must contact us PRIOR to April 9th by e-mailing reslife@fredonia.edu
When you get an e-mail notification that you have been added as a roommate, please log-on to your MyHousing page.

To CONFIRM the request, select the green box.

To DELETE the request, select the red box. If you do not want to room with the person who has requested you, please delete the request.

Once you have confirmed your request, your roommate group will be considered fully matched and you can select a room together!
Important things to note:

- Roommate matching is not required for room selection.
- If you select a room without a roommate, anyone can place themselves in that room with you.
- If you are having trouble finding your roommate through roommate search, try the following:
  - Ask them if they have filled out the housing application
  - Try typing in their last name ONLY
  - Make sure you are putting their last name in the last name field.
  - If their last name is two words, make sure to put a space in the middle. (Ex: McDoe might be searchable as Mc Doe)
  - If you still can’t find your roommate, e-mail reslife@fredonia.edu for more assistance before April 9th.
- If you are trying to live in Kitchen Suites, the Office of Residence Life will roommate match for you based on the required proposal form you turned in.
