Making a difference

Volunteer and Community Services

The Volunteer and Community Services Program provides volunteer opportunities for students to help build **sustainable and meaningful partnerships** in the community.

This program assists students with **real world experience** while enriching the lives of others and enhancing their academic experience. In addition, the office provides advisement and resources to faculty and staff.

It is dedicated to promoting **volunteerism and service learning experiences** in and outside of the classroom.

There are many positive aspects to being a volunteer, especially **feeling good about making a difference.**
